"(a) Except as provided in Subsections (b) and (c) of this section, this Act applies only to offenses committed on or after its effective date, and a criminal action for an offense committed before this Act's effective date is governed by the law existing before the effective date, which law is continued in effect for this purpose, as if this Act were not in force. For purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date.

(b) Conduct constituting an offense under existing law that is repealed by this Act and that does not constitute an offense under this Act may not be prosecuted after the effective date of this Act. If, on the effective date of this Act, a criminal action is pending for conduct that was an offense under the laws repealed by this Act and that does not constitute an offense under this Act, the action is dismissed on the effective date of this Act. However, a conviction-existing on the effective date of this Act for conduct constituting an offense under laws repealed by this Act is valid and unaffected by this Act. For purposes of this section, "conviction" means a finding of guilt in a court of competent jurisdiction, and it is of no consequence that the conviction is not final.

"(c) In a criminal action pending on or commenced on or after the effective date of this Act, for an offense committed before the effective date, the defendant, if adjudged guilty, shall be assessed punishment under this Act if he so elects by written motion filed with the trial court before the sentencing hearing begins."

**CHAPTER 2. BURDEN OF PROOF**

§ 2.05. Presumption

When this code or another penal law establishes a presumption with respect to any fact, it has the following consequences:

(1) if there is sufficient evidence of the facts that give rise to the presumption, the issue of the existence of the presumed fact must be submitted to the jury, unless the court is satisfied that the evidence as a whole clearly excludes a finding beyond a reasonable doubt of the presumed fact; and

(2) if the existence of the presumed fact is submitted to the jury, the court shall charge the jury, in terms of the presumption and the specific element to which it applies, as follows:

(A) that the facts giving rise to the presumption must be proven beyond a reasonable doubt;

(B) that if such facts are proven beyond a reasonable doubt the jury may find that the element of the offense sought to be presumed exists, but it is not bound to so find;

(C) that even though the jury may find the existence of such element, the state must prove beyond a reasonable doubt each of the other elements of the offense charged; and

(D) if the jury has a reasonable doubt as to the existence of a fact or facts giving rise to the presumption, the presumption fails and the jury shall not consider the presumption for any purpose.

(3) a violation of a motor vehicle traffic ordinance of an incorporated city or town in this state.

(c) Unless the juvenile court waives jurisdiction and certifies the individual for criminal prosecution, a person who has been alleged in a petition for an adjudication hearing to have engaged in delinquent conduct or conduct indicating a need for supervision may not be prosecuted for or convicted of any offense alleged in the juvenile court petition or any offense within the knowledge of the juvenile court judge as evidenced by anything in the record of the juvenile court proceedings.

(d) No person may, in any case, be punished by death for an offense committed while he was younger than 17 years.

(2) $10,000 if the offense is a Class A or Class B misdemeanor; or

(3) $2,000 if the offense is a Class C misdemeanor.

(b) If a person attempts an offense that may be aggravated, his conduct constitutes an attempt to commit the aggravated offense if an element that aggravates the offense accompanies the attempt.

(c) It is no defense to prosecution for criminal attempt that the offense attempted was actually committed.

(d) An offense under this section is one category lower than the offense attempted, and if the offense attempted is a felony of the third degree, the offense is a Class A misdemeanor.

[Amended by Acts 1975, 64th Leg., p. 478, ch. 203, § 4, eff. Sept. 1, 1975.]

§ 21.13. Evidence of Previous Sexual Conduct

(a) Evidence of specific instances of the victim's sexual conduct, opinion evidence of the victim's sexual conduct, and reputation evidence of the victim's sexual conduct may be admitted under Sections 21.02 through 21.05 of this code (rape, aggravated rape, sexual abuse, and aggravated sexual abuse) only if, and only to the extent that, the judge finds that the evidence is material to a fact at issue in the case and that its inflammatory or prejudicial nature does not outweigh its probative value.

(b) If the defendant proposes to ask any question concerning specific instances, opinion evidence, or reputation evidence of the victim's sexual conduct, either by direct examination or cross-examination of any witness, the defendant must inform the court out of the hearing of the jury prior to asking any such question. After this notice, the court shall conduct an in camera hearing, recorded by the court reporter, to determine whether the proposed evidence is admissible under Subsection (a) of this section. The court shall determine what evidence is admissible and shall accordingly limit the questioning. The defendant shall not go outside these limits nor refer to any evidence ruled inadmissible in camera without prior approval of the court without the presence of the jury.

(c) The court shall seal the record of the in camera hearing required in Subsection (b) of this section for delivery to the appellate court in the event of an appeal.

(d) This section does not limit the right of the state or the accused to impeach credibility by showing prior felony convictions nor the right of the accused to produce evidence of promiscuous sexual conduct of a child 14 years old or older as a defense to rape of a child, sexual abuse of a child, or indecency with a child. If evidence of a previous felony conviction involving sexual conduct or evidence of promiscuous sexual conduct is admitted, the court shall instruct the jury as to the purpose of the evidence and as to its limited use.

Section 2 of the 1975 Act provided:

"The provisions of this Act shall not preempt any ordinance adopted by a government entity now or in the future which prohibits the possession of lighted tobacco products or prohibits the smoking of tobacco within the jurisdiction of said governmental entity."

TITLE 11. ORGANIZED CRIME

CHAPTER 71. ORGANIZED CRIME

§ 71.01 PENAL CODE

§ 71.01. Definitions
In this chapter,

(a) "combination" means five or more persons who collaborate in carrying on criminal activities, although:

(1) participants may not know each other's identity;

(2) membership in the combination may change from time to time; and

(3) participants may stand in a wholesaler-retailer or other arm's-length relationship in illicit distribution operations.

(b) "Conspires to commit" means that a person agrees with one or more persons that they or one or more of them perform an overt act in pursuance of the agreement. An agreement constituting conspiring to commit may be inferred from the acts of the parties.

[Added by Acts 1977, 65th Leg., p. 922, ch. 346, § 1, eff. June 10, 1977.]

§ 71.02. Engaging in Organized Criminal Activity
(a) A person commits an offense if, with the intent to establish, maintain, or participate in a combination or in the profits of a combination, he commits or conspires to commit one or more of the following:

(1) murder, capital murder, arson, aggravated robbery, robbery, burglary, theft, aggravated kidnapping, kidnapping, aggravated assault, or forgery;

(2) any felony gambling offense;

(3) promotion of prostitution, aggrandized promotion of prostitution, or compelling prostitution;

(4) unlawful manufacture, transportation, repair, or sale of firearms or prohibited weapons; or

(5) unlawful manufacture, delivery, dispensation, or distribution of a controlled substance or dangerous drug, or unlawful possession of a controlled substance or dangerous drug through forgery, fraud, misrepresentation, or deception.

(b) Except as provided in Subsection (c) of this section, an offense under this section is one category higher than the most serious offense listed in Subdivisions (1) through (5) of Subsection (a) of this section that was committed, and if the most serious offense is a Class A misdemeanor, the offense is a felony of the third degree, except that if the most serious offense is a felony of the first degree, the offense is a felony of the first degree.

(c) Conspiring to commit an offense under this section is of the same degree as the most serious offense listed in Subdivisions (1) through (5) of Subsection (a) of this section that the person conspired to commit.

[Added by Acts 1977, 65th Leg., p. 922, ch. 346, § 1, eff. June 10, 1977.]

§ 71.03. Defenses Excluded
It is no defense to prosecution under Section 71.02 of this code that:

(1) one or more members of the combination are not criminally responsible for the object offense;

(2) one or more members of the combination have been acquitted, have not been convicted or convicted, have been convicted of a different offense, or are immune from prosecution;

(3) a person has been charged with, acquitted, or convicted of any offense listed in Subsection (a) of Section 71.02 of this code; or

(4) once the initial combination of five or more persons is formed there is a change in the number or identity of persons in the combination as long as two or more persons remain in the combination and are involved in a continuing course of conduct constituting an offense under this chapter.

[Added by Acts 1977, 65th Leg., p. 922, ch. 346, § 1, eff. June 10, 1977.]

§ 71.04. Testimonial Immunity
(a) A party to an offense under this chapter may be required to furnish evidence or testify about the offense.

(b) No evidence or testimony required to be furnished under the provisions of this section nor any information directly or indirectly derived from such evidence or testimony may be used against the witness in any criminal case, except a prosecution for aggravated perjury or contempt.

[Added by Acts 1977, 65th Leg., p. 922, ch. 346, § 1, eff. June 10, 1977.]

§ 71.05. Renunciation Defense
(a) It is an affirmative defense to prosecution under Section 71.02 of this code that under circumstances manifesting a voluntary and complete renunciation of his criminal objective the actor withdrew from the combination before commission of an offense listed in Subdivisions (1) through (5) of Subsection (a) of Section 71.02 of this code and took further affirmative action that prevented the commission of the offense.

(b) Renunciation is not voluntary if it is motivated in whole or in part:

(1) by circumstances not present or apparent at the inception of the actor's course of conduct that increase the probability of detection or apprehension or that make more difficult the accomplishment of the objective; or
(2) by a decision to postpone the criminal conduct until another time or to transfer the criminal act to another but similar objective or victim.

(c) Evidence that the defendant withdrew from the combination before commission of an offense listed in Subdivisions (1) through (5) of Subsection (a) of Section 71.02 of this code and made substantial effort to prevent the commission of an offense listed in Subdivisions (1) through (5) of Subsection (a) of Section 71.02 of this code shall be admissible as mitigation at the hearing on punishment if he has been found guilty under Section 71.02 of this code, and in the event of a finding of renunciation under this subsection, the punishment shall be one grade lower than that provided under Section 71.02 of this code.

[Added by Acts 1977, 65th Leg., p. 922, ch. 346, § 1, eff. June 10, 1977.]

CODE OF CRIMINAL PROCEDURE

PART I. CODE OF CRIMINAL PROCEDURE OF 1965

Chapter

32A. Speedy Trial-------------------------------32A.01

CHAPTER TWO. GENERAL DUTIES OF OFFICERS

Art. 2.12. Who are Peace Officers

The following are peace officers:

(1) sheriffs and their deputies;
(2) constables and deputy constables;
(3) marshals or police officers of an incorporated city, town, or village;
(4) rangers and officers commissioned by the Public Safety Commission and the Director of the Department of Public Safety;
(5) investigators of the district attorneys', criminal district attorneys', and county attorneys' offices;
(6) law enforcement agents of the Alcoholic Beverage Commission;
(7) each member of an arson investigating unit of a city, county or the state;
(8) any private person specially appointed to execute criminal process;
(9) officers commissioned by the governing board of any state institution of higher education, public junior college or the Texas State Technical Institute;
(10) officers commissioned by the Board of Control;
(11) law enforcement officers commissioned by the Parks and Wildlife Commission;
(12) airport security personnel commissioned as peace officers by the governing body of any political subdivision of this state that operates an airport served by a Civil Aeronautics Board certificated air carrier;
(13) municipal park and recreational patrolmen and security officers; and
(14) security officers commissioned as peace officers by the State Treasurer.

Section 2 of Acts 1977, 65th Leg., p. 1082, ch. 396, provided:

"The following named criminal investigators of the United States shall not be deemed peace officers, but shall have the powers of arrest, search and seizure as to felony offenses only under the laws of the State of Texas:
"Special Agents of the Federal Bureau of Investigation;
"Special Agents of the Secret Service;
"Special Agents of the United States Customs, excluding border patrolmen and customs inspectors;
"Special Agents of Alcohol, Tobacco and Firearms, and Special Agents of Federal Drug Enforcement Agency."

Art. 2.21. Duty of Clerks

(a) Each clerk of the district or county court shall receive and file all papers and exhibits in respect to criminal proceedings, issue all process in such cases, and perform all other duties imposed upon them by law.

(b) Any firearm or contraband received by a clerk as an exhibit in any criminal proceeding may be placed by the clerk in the hands of the sheriff for safekeeping at any time during the pendency of such proceeding or thereafter.

Art. 3.01. Words and Phrases

All words, phrases and terms used in this Code are to be taken and understood in their usual acceptance in common language, except where specially defined.

[Amended by Acts 1975, 64th Leg., p. 909, ch. 341, § 1, eff. June 19, 1975.]

Saving provisions. Section 7 of the 1975 Act provided:

"Sec. 7. (a) Except as provided in Subsections (b) and (c) of this section, this Act applies only to offenses committed on or after its effective date, and a criminal action for an offense committed before this Act's effective date is governed by the law existing before the effective date, which law is continued in effect for this purpose, as if this Act were not in force. For purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date.

(b) Conduct constituting an offense under existing law that is repealed by this Act and that does not constitute an offense under this Act may not be prosecuted after the effective date of this Act. If, on the effective date of this Act, a criminal action is pending for conduct that was an offense under the laws repealed by this Act and that does not constitute an offense under this Act, the action is dismissed on the effective date of this Act. However, a conviction existing on the effective date of this Act for conduct constituting an offense under laws repealed by this Act is valid and unaffected by this Act. For purposes of this section, "conviction" means a finding of guilt in a court of competent jurisdiction, and it is of no consequence that the conviction is not final.

(c) In a criminal action pending on or commenced on or after the effective date of this Act, for an offense committed before the effective date, the defendant, if adjudged guilty, shall be assessed punishment under this Act if he so elects by written motion filed with the trial court before the sentencing hearing begins."

CHAPTER SIX. PREVENTING OFFENSES BY THE ACT OF MAGISTRATES AND OTHER OFFICERS

Art. 6.01. When Magistrate Hears Threat

It is the duty of every magistrate, when he may have heard, in any manner, that a threat has been...
Art. 6.01

CODE OF CRIMINAL PROCEDURE

made by one person to do some injury to himself or the person or property of another, including the person or property of his spouse, immediately to give notice to some peace officer, in order that such peace officer may use lawful means to prevent the injury. [Amended by Acts 1979, 66th Leg., p. 366, ch. 164, § 1, eff. Sept. 1, 1979.]

Art. 6.02. Threat to Take Life

If, within the hearing of a magistrate, one person shall threaten to take the life of another, including that of his spouse, or himself, the magistrate shall issue a warrant for the arrest of the person making the threat, or in case of emergency, he may himself immediately arrest such person. [Amended by Acts 1979, 66th Leg., p. 366, ch. 164, § 1, eff. Sept. 1, 1979.]

Art. 6.03. On Attempt to Injure

Whenever, in the presence or within the observation of a magistrate, an attempt is made by one person to inflict an injury upon himself or to the person or property of another, including the person or property of his spouse, it is his duty to use all lawful means to prevent the injury. This may be done, either by verbal order to a peace officer to interfere and prevent the injury, or by the issuance of an order of arrest against the offender, or by arresting the offender; for which purpose he may call upon all persons present to assist in making the arrest. [Amended by Acts 1979, 66th Leg., p. 366, ch. 164, § 1, eff. Sept. 1, 1979.]

Art. 6.05. Duty of Peace Officer as to Threats

It is the duty of every peace officer, when he may have been informed in any manner that a threat has been made by one person to do some injury to himself or to the person or property of another, including the person or property of his spouse, to prevent the threatened injury, if within his power; and, in order to do this, he may call in aid any number of citizens in his county. He may take such measures as the person about to be injured might for the prevention of the offense. [Amended by Acts 1979, 66th Leg., p. 366, ch. 164, § 1, eff. Sept. 1, 1979.]

Art. 6.06. Peace Officer to Prevent Injury

Whenever, in the presence of a peace officer, or within his view, one person is about to commit an offense against the person or property of another, including the person or property of his spouse, or injure himself, it is his duty to prevent it; and, for this purpose the peace officer may summon any number of the citizens of his county to his aid. The peace officer must use the amount of force necessary to prevent the commission of the offense, and no greater. [Amended by Acts 1979, 66th Leg., p. 366, ch. 164, § 1, eff. Sept. 1, 1979.]

Sec. 2. (a) After final conviction in any felony case, the writ must be made returnable to the Court of Criminal Appeals of Texas at Austin, Texas.

(b) Whenever a petition for writ of habeas corpus is filed after final conviction in a felony case, the clerk shall transfer or assign it to the court in which the conviction being challenged was obtained. When the petition is received by that court, a writ of habeas corpus, returnable to the Court of Criminal Appeals, shall issue by operation of law. The clerk of that court shall make appropriate notation thereof, assign to the case a file number (ancillary to that of the conviction being challenged), and send a copy of the petition by certified mail, return receipt requested, to the attorney representing the state in that court, who shall have 15 days in which it may answer the petition. Matters alleged in the petition not admitted by the state are deemed denied.

(c) Within 20 days of the expiration of the time in which the state is allowed to answer, it shall be the duty of the convicting court to decide whether there are controverted, previously unresolved facts material to the legality of the applicant's confinement. If the convicting court decides that there are no such issues, the clerk shall immediately transmit to the Court of Criminal Appeals a copy of the petition, any answers filed, and a certificate reciting the date upon which that finding was made. Failure of the court to act within the allowed 20 days shall constitute such a finding.

(d) If the convicting court decides that there are controverted, previously unresolved facts which are material to the legality of the applicant's confinement, it shall enter an order within 20 days of the expiration of the time allowed for the state to reply, designating the issues of fact to be resolved. To resolve those issues the court may order affidavits, depositions, interrogatories, and hearings, as well as using personal recollection. Also, the convicting court may appoint an attorney or a magistrate to hold a hearing and make findings of fact. An attorney so appointed shall be compensated as provided in Article 26.05 of this code. It shall be the duty of the reporter who is designated to transcribe a hearing held pursuant to this article to prepare a transcript within 15 days of its conclusion. After the convicting court makes findings of fact or approves the findings of the person designated to make them, the clerk of the convicting court shall immediately transmit to the Court of Criminal Appeals, under one cover, the petition, any answers filed, any
motions filed, transcripts of all depositions and hearings, any affidavits, and any other matters such as official records used by the court in resolving issues of fact.

[See Compact Edition, Volume 1 for text of 3 to 4]

Sec. 5. When the attorney for the state files an answer, motion, or other pleading relating to a petition for a writ of habeas corpus or the court issues an order relating to a petition for a writ of habeas corpus, the clerk of the court shall mail or deliver to the petitioner a copy of the answer, motion, pleading, or order.

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of any plea bargaining agreements between the state and the defendant and, in the event that such an agreement exists, the court shall inform the defendant whether it will follow or reject such agreement in open court and before any finding on the plea. Should the court reject any such agreement, the defendant shall be permitted to withdraw his plea of guilty or nolo contendere, and neither the fact that the defendant had entered a plea of guilty or nolo contendere nor any statements made by him at the hearing on the plea of guilty or nolo contendere may be used against the defendant on the issue of guilt or punishment in any subsequent criminal proceeding; and

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and his attorney, the trial court must give its permission to the defendant before he may prosecute an appeal on any matter in the case except for those matters raised by written motions filed prior to trial.

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court. [Amended by Acts 1975, 64th Leg., p. 909, ch. 341, § 3, eff. June 19, 1975; Acts 1977, 65th Leg., p. 748, ch. 280, § 1, eff. Aug. 29, 1977; Acts 1979, 66th Leg., p. 1106, ch. 534, § 1, eff. (b) A defendant charged with a misdemeanor for which the maximum possible punishment is by fine only may, in lieu of the method provided in Subsection (a) of this article, mail to the court a plea of "guilty" or a plea of "nolo contendere" and a waiver of jury trial. The defendant may also request in writing that the court notify the defendant, at the address stated in the request, of the amount of an appeal bond that the court will approve. If the court receives a plea and waiver before the time the defendant is scheduled to appear in court, the court shall dispose of the case without requiring a court appearance by the defendant. The court shall notify the defendant by certified mail, return receipt requested, of the amount of any fine assessed in the case and, if requested by the defendant, the amount of an appeal bond that the court will approve. The defendant shall pay any fine assessed or give an appeal bond in the amount stated in the notice before the 31st day after receiving the notice.

(c) In a misdemeanor case arising out of a moving traffic violation for which the maximum possible punishment is by fine only, payment of a fine, or an amount accepted by the court constitutes a finding of guilty in open court, as though a plea of nolo contendere had been entered by the defendant. [Amended by Acts 1977, 66th Leg., p. 2148, ch. 858, § 1, eff. July 16, 1977; Acts 1979, 66th Leg., p. 450, ch. 207, § 1, eff. Sept. 1, 1979.]

Section 4 of the 1979 amendatory act provided: "This Act applies only to appeal bonds given for an appeal from a sentence of a justice or municipal court rendered on or after the effective date of this Act. The sufficiency of an appeal bond for an appeal from a sentence of a justice or municipal court rendered before the effective date of this Act is governed by the law amended by this Act as it existed at the time the sentence was rendered, and that law is continued in effect for this purpose as if this Act were not in force."

Art. 27.16. Plea of Not Guilty, How Made

(a) The plea of not guilty may be made orally by the defendant or by his counsel in open court. If the defendant refuses to plead, the plea of not guilty shall be entered for him by the court.

(b) A defendant charged with a misdemeanor for which the maximum possible punishment is by fine only may, in lieu of the method provided in Subsection (a) of this article, mail to the court a plea of not guilty. [Amended by Acts 1977, 66th Leg., p. 2143, ch. 858, § 2, eff. June 16, 1977.]

1. That there exists in the county where the prosecution is commenced so great a prejudice against him that he cannot obtain a fair and impartial trial; and
2. That there is a dangerous combination against him instigated by influential persons, by reason of which he cannot expect a fair trial.

An order changing venue to a county beyond an adjoining district shall be grounds for reversal, if upon timely contest by defendant, the record of the contest affirmatively shows that any county in his own and the adjoining district is not subject to the same conditions which required the transfer.

(b) For the convenience of parties and witnesses, and in the interest of justice, the court upon motion of the defendant and with the consent of the attorney for the state may transfer the proceeding as to him to another district.

(c) The court upon motion of the defendant and with the consent of the attorney for the state may transfer the proceedings to another district in those cases wherein the defendant stipulates that a plea of guilty will be entered.

Art. 32A.01. Trial Priorities

Section 32 of the Code of Criminal Procedure shall be read as follows:

(a) A change of venue may be granted in any felony or misdemeanor case punishable by confinement on the written motion of the defendant, supported by his own affidavit and the affidavit of at least two credible persons, residents of the county where the prosecution is instituted, for either of the following causes, the truth and sufficiency of which the court shall determine:

1. That the judge of the court was disqualified, absent, or disabled to try the cause;
2. That such special judge (naming him) was by consent of the parties agreed upon, or elected or appointed;
3. That the oath of office prescribed by law was duly administered to such special judge.

[Amended by Acts 1975, 64th Leg., p. 1191, ch. 448, § 3, eff. June 19, 1975.]

Chapter thirty-two

Art. 32A.01. Trial Priorities

Insofar as is practicable, the trial of a criminal action shall be given preference over trials of civil cases, and the trial of a criminal action against a defendant who is detained in jail pending trial of the action shall be given preference over trials of other criminal actions.

Section 5 of the 1977 Act provided: "The effective date of this Act shall be July 1, 1978."

Art. 32A.02. Time Limitations

Sec. 1. A court shall grant a motion to set aside an indictment, information, or complaint if the state is not ready for trial within:

(1) 120 days of the commencement of a criminal action if the defendant is accused of a felony;
(2) 90 days of the commencement of a criminal action if the defendant is accused of a misdemeanor or punishable by a sentence of imprisonment for more than 180 days; or
(3) 60 days of the commencement of a criminal action if the defendant is accused of a misdemeanor or punishable by a sentence of imprisonment for 180 days or less or punishable by a fine only.

Sec. 2. (a) Except as provided in subsections (b) and (c) of this section, a criminal action commences for purposes of this article when an indictment, information, or complaint against the defendant is filed in court, unless prior to the filing the defendant is either detained in custody or released on bail or personal bond to answer for the same offense or any other offense arising out of the same transaction, in which event the criminal action commences when he is arrested.
(b) If a defendant is to be retried following a mistrial, an order granting a new trial, or an appeal or collateral attack, a criminal action commences for purposes of this article on the date of the mistrial, the order granting a new trial, or the remand.

(c) If an indictment, information, or complaint is dismissed on motion of the defendant, a criminal action commences for the purposes of this article on the date of the dismissal or the date of the remand.

(d) If a defendant is joined for trial with a codefendant as to the same transaction, in which event the criminal action commences when he is detained or released.

Sec. 3. The failure of a defendant to move for discharge under the provisions of this article prior to trial or entry of a plea of guilty constitutes a waiver of the rights accorded by this article.

Sec. 4. In computing the time by which the state must be ready for trial, the following periods shall be excluded:

(1) a reasonable period of delay resulting from other proceedings involving the defendant, including but not limited to proceedings for the determination of competence to stand trial, hearing on pretrial motions, appeals, and trials of other charges;
(2) any period during which the defendant is incompetent to stand trial;
(3) a period of delay resulting from a continuance granted at the request or with the consent of the defendant or his counsel, except that a defendant without counsel is deemed not to have consented to a continuance unless the court advised him of his right to a speedy trial and of the effect of his consent;
(4) a period of delay resulting from the absence of the defendant because his location is unknown and:
(A) he is attempting to avoid apprehension or prosecution; or
(B) the state has been unable to determine his location by due diligence;
(5) a period of delay resulting from the unavailability of the defendant whose location is known to the state but whose presence cannot be obtained by due diligence or because he resists being returned to the state for trial;
(6) a reasonable period of delay resulting from a continuance granted at the request of the state if the continuance is granted:
(A) because of the unavailability of evidence that is material to the state’s case, if the state has exercised due diligence to obtain the evidence and there are reasonable grounds to believe the evidence will be available within a reasonable time; or
(B) to allow the state additional time to prepare its case and the additional time is justified because of the exceptional circumstances of the case;
(7) if the charge is dismissed upon motion of the state or the charge is disposed of by a final judgment and the defendant is later charged with the same offense or another offense arising out of the same transaction, the period of delay from the date of dismissal or the date of the final judgment to the date the time limitation would commence running on the subsequent charge had there been no previous charge;
(8) a reasonable period of delay when the defendant is joined for trial with a codefendant as to whom the time for trial has not run, if there is good cause for not granting a severance;
(9) a period of delay resulting from detention of the defendant in another jurisdiction, if the state is aware of the detention and exercises due diligence to obtain his presence for trial; and
(10) any other reasonable period of delay that is justified by exceptional circumstances.

Sections 2 and 3 of the 1979 amendatory act provided:
"Sec. 2. This Act applies only to offenses committed on or after its effective date, and a criminal action for an offense committed before this Act's effective date is governed by the law existing before the effective date, which law is continued in effect for this purpose as if this Act were not in force. For purposes of this section, an offense is committed on or after the effective date of this Act if any element of the offense occurs on or after the effective date."

"Sec. 3. This Act takes effect on September 1, 1979."

TRIAL AND ITS INCIDENTS
CHAPTER THIRTY-THREE. THE MODE OF TRIAL

Art. 33.03. Presence of Defendant
In all prosecutions for felonies, the defendant must be personally present at the trial, and he must likewise be present in all cases of misdemeanor when the punishment or any part thereof is imprisonment in jail; provided, however, that in all cases, when the defendant voluntarily absents himself after pleading to the indictment or information, or after the jury has been selected when trial is before a jury, the trial may proceed to its conclusion. When the record in the appellate court shows that the defendant was present at the commencement, or any portion of the trial, it shall be presumed in the absence of all evidence in the record to the contrary that he was present during the whole trial. Provided, however, that the presence of the defendant shall not be required at the hearing on the motion for new trial in any misdemeanor case.

[Amended by Acts 1979, 66th Leg., p. 1832, ch. 745, § 1, eff. Aug. 27, 1979.]
CHAPTER THIRTY-FIVE. FORMATION OF THE JURY

Art. 35.16. Reasons for Challenge for Cause

(a) A challenge for cause is an objection made to a particular juror, alleging some fact which renders him incapable or unfit to serve on the jury. A challenge for cause may be made by either the state or the defense for any one of the following reasons:

1. That he is not a qualified voter in the state and county under the Constitution and laws of the state; provided, however, the failure to pay a poll tax or register to vote shall not be a disqualification;

2. That he has been convicted of theft or any felony;

3. That he is under indictment or other legal accusation for theft or any felony;

4. That he is insane or has such defect in the organs of feeling or hearing, or such bodily or mental defect or disease as to render him unfit for jury service, or that he is legally blind and either the court or the state in its discretion or the defendant or the prospective juror in his discretion is not satisfied that he is fit for jury service in that particular case;

5. That he is a witness in the case;

6. That he served on the grand jury which found the indictment;

7. That he served on a petit jury in a former trial of the same case;

8. That he has a bias or prejudice in favor of or against the defendant;

9. That from hearsay, or otherwise, there is established in the mind of the juror such a conclusion as to the guilt or innocence of the defendant as would influence him in his action in finding a verdict. To ascertain whether this cause of challenge exists, the juror shall first be asked whether, in his opinion, the conclusion so established will influence his verdict. If he answers in the affirmative, he shall be discharged without further interrogation by either party or the court. If he answers in the negative, he shall be further examined as to how his conclusion was formed, and the extent to which it will affect his action; and, if it appears to have been formed from reading newspaper accounts, communications, statements or reports or mere rumor or hearsay, and if the juror states that he feels able, notwithstanding such opinion, to render an impartial verdict upon the law and the evidence, the court, if satisfied that he is impartial and will render such verdict, may, in its discretion, admit him as competent to serve in such case. If the court, in its discretion, is not satisfied that he is impartial, the juror shall be discharged;

10. That he cannot read or write.

No juror shall be impaneled when it appears that he is subject to the second, third or fourth grounds of challenge for cause set forth above, although both parties may consent. All other grounds for challenge may be waived by the party or parties in whose favor such grounds of challenge exist.

In this subsection, "legally blind" shall mean having not more than 20/200 of visual acuity in the better eye with correcting lenses, or visual acuity greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

Art. 35.27. Compensation of Nonresident Witnesses

[See Compact Edition, Volume 2 for text of 1]

Amount of Compensation for Expenses

Sec. 2. Any person seeking compensation as a witness shall make an affidavit setting out the travel and daily living expenses necessitated by his travel to and from and attendance at the place he appeared to give testimony, together with the number of days that such travel and attendance made him absent from his place of residence. Compensation paid by the State to the witness for such expenses shall not exceed $50 per day for daily living expenses and 16 cents per mile for travel by personal automobile.

[See Compact Edition, Volume 2 for text of 3 to 9]

[Amended by Acts 1979, 66th Leg., p. 1089, ch. 469, § 1, eff. Sept. 1, 1979.]

Section 2 of the 1979 amendatory act provided:

"This Act applies to reimbursement of a nonresident witness for travel expenses and daily living expenses incurred on or after the effective date of this Act. The reimbursement for travel expenses and daily living expenses incurred before the effective date of this Act are governed by the law amended by this Act as it existed before the effective date of this Act, and that law is continued in force for this purpose as if this Act were not in effect."

CHAPTER THIRTY-SIX. THE TRIAL BEFORE THE JURY

Art. 36.14. Charge of Court

Subject to the provisions of Article 36.07 in each felony case and in each misdemeanor case tried in a court of record, the judge shall, before the argument begins, deliver to the jury, except in pleas of guilty, where a jury has been waived, a written charge distinctly setting forth the law applicable to the
case; not expressing any opinion as to the weight of the evidence, not summing up the testimony, discussing the facts or using any argument in his charge calculated to arouse the sympathy or excite the passions of the jury. Before said charge is read to the jury, the defendant or his counsel shall have a reasonable time to examine the same and he shall present his objections thereto in writing, distinctly specifying each ground of objection. Said objections may embody errors claimed to have been committed in the charge, as well as errors claimed to have been committed by omissions therefrom or in failing to charge upon issues arising from the facts, and in no event shall it be necessary for the defendant or his counsel to present special requested charges to preserve or maintain any error assigned to the charge, as herein provided. The requirement that the objections to the court's charge be in writing will be complied with if the objections are dictated to the court reporter in the presence of and with the consent of the court, before the reading of the court's charge to the jury, and are subsequently transcribed, endorsed with the court's ruling and official signature, and filed with the clerk in time to be included in the transcript. Compliance with the provisions of this Article is all that is necessary to preserve, for review, the exceptions and objections presented to the charge and any amendment or modification thereof. In no event shall it be necessary for the defendant to except to the action of the court in over-ruling defendant's exceptions or objections to the charge.

[Amended by Acts 1975, 64th Leg., p. 617, ch. 253, § 1, eff. Sept. 1, 1975.]

Art. 36.15. Requested Special Charges

Before the court reads his charge to the jury, counsel on both sides shall have a reasonable time to present written instructions and ask that they be given to the jury. The requirement that the instructions be in writing is complied with if the instructions are dictated to the court reporter in the presence of and with the consent of the court, before the reading of the court's charge to the jury and are subsequently transcribed, endorsed with the court's ruling and official signature, and filed with the clerk in time to be included in the transcript. The court shall give or refuse these charges. The defendant may, by a special requested instruction, call the trial court's attention to error in the charge, as well as omissions therefrom, and no other exception or objection to the court's charge shall be necessary to preserve any error reflected by any special requested instruction which the trial court refuses.

Any special requested charge which is granted shall be incorporated in the main charge and shall be treated as a part thereof, and the jury shall not be advised that it is a special requested charge of either party. The judge shall read to the jury only such special charges as he gives.

When the defendant has leveled objections to the charge or has requested instructions or both, and the court thereafter modifies his charge and rewrites the same and in so doing does not respond to objections or requested charges, or any of them, then the objections or requested charges shall not be deemed to have been waived by the party making or requesting the same, but shall be deemed to continue to have been urged by the party making or requesting the same unless the contrary is shown by the record; no exception by the defendant to the action of the court shall be necessary or required in order to preserve for review the error claimed in the charge.

[Amended by Acts 1979, 66th Leg., p. 1109, ch. 525, § 1, eff. Sept. 1, 1979.]

CHAPTER THIRTY-EIGHT. EVIDENCE IN CRIMINAL ACTIONS

Article 38.07. Testimony in Corroboration of Victim of Sexual Offense.

38.33. Preservation and Use of Evidence of Drunk or Drugged Driving Convictions.

Art. 38.07. Testimony in Corroboration of Victim of Sexual Offense

A conviction under Chapter 21, Penal Code,1 is supportable on the uncorroborated testimony of the victim of the sexual offense if the victim informed any person, other than the defendant, of the alleged offense within six months after the date on which the offense is alleged to have occurred. The court shall instruct the jury that the time which lapsed between the alleged offense and the time it was reported shall be considered by the jury only for the purpose of assessing the weight to be given to the testimony of the victim.

[Amended by Acts 1975, 64th Leg., p. 479, ch. 203, § 6, eff. Sept. 1, 1975.]

Art. 38.21. Statement

A statement of an accused may be used in evidence against him if it appears that the same was freely and voluntarily made without compulsion or persuasion, under the rules hereafter prescribed.

Art. 38.22. When Statements May Be Used

Sec. 1. In this article, a written statement of an accused means a statement signed by the accused or a statement made by the accused in his own handwriting or, if the accused is unable to write, a statement bearing his mark, when the mark has been witnessed by a person other than a peace officer.
Sec. 2. No written statement made by an accused as a result of custodial interrogation is admissible as evidence against him in any criminal proceeding unless it is shown on the face of the statement that:

(a) the accused, prior to making the statement, either received from a magistrate the warning provided in Article 15.17 of this code or received from the person to whom the statement is made a warning that:

(1) he has the right to remain silent and not make any statement at all and that any statement he makes may be used against him at his trial;
(2) any statement he makes may be used as evidence against him in court;
(3) he has the right to have a lawyer present to advise him prior to and during any questioning;
(4) if he is unable to employ a lawyer, he has the right to have a lawyer appointed to advise him prior to and during any questioning; and
(5) he has the right to terminate the interview at any time; and

(b) the accused, prior to and during the making of the statement, knowingly, intelligently, and voluntarily waived the rights set out in the warning prescribed by Subsection (a) of this section.

Sec. 3. (a) An oral or sign language statement of an accused made as a result of custodial interrogation is admissible against the accused in a criminal proceeding for the purpose of impeachment only and when:

(1) an electronic recording, which may include motion picture, video tape, or other visual recording, is made of the statement;
(2) prior to the statement but during the recording the accused is told that a recording is being made;
(3) prior to the statement but during the recording the accused is given the warning in Subsection (a) of Section 2 above and the accused knowingly, intelligently, and voluntarily waives any rights set out in the warning;
(4) the recording device was capable of making an accurate recording, that the operator was competent, and that the recording is accurate and has not been altered;
(5) the statement is witnessed by at least two persons; and
(6) all voices on the recording are identified.

(b) Every electronic recording of any statement made by an accused during custodial interrogation must be preserved until its destruction is permitted by order of a district court of this state.

(c) Subsection (a) of this section shall not apply to any statement which contains assertions of facts or circumstances that are found to be true and which conduce to establish the guilt of the accused, such as the finding of secreted or stolen property or the instrument with which he states the offense was committed.

(d) If the accused is a deaf person, the accused’s statement under Section 2 or Section 3(a) of this article is not admissible against the accused unless the warning in Section 2 of this article is interpreted to the deaf person by an interpreter who is qualified and sworn as provided in Article 38.31 of this code.

Sec. 4. When any statement, the admissibility of which is covered by this article, is sought to be used in connection with an official proceeding, any person who swears falsely to facts and circumstances which, if true, would render the statement admissible under this article is presumed to have acted with intent to deceive and with knowledge of the statement's meaning for the purpose of prosecution for aggravated perjury under Section 37.03 of the Penal Code. No person prosecuted under this subsection shall be eligible for probation.

Sec. 5. Nothing in this article precludes the admission of a statement made by the accused in open court at his trial, before a grand jury, or at an examining trial in compliance with Articles 16.03 and 16.04 of this code, or of a statement that is the res gestae of the arrest or of the offense, or of a statement that does not stem from custodial interrogation, or of a voluntary statement, whether or not the result of custodial interrogation, that has a bearing upon the credibility of the accused as a witness, or of any other statement that may be admissible under law.

Sec. 6. In all cases where a question is raised as to the voluntariness of a statement of an accused, the court must make an independent finding in the absence of the jury as to whether the statement was made under voluntary conditions. If the statement has been found to have been voluntarily made and held admissible as a matter of law and fact by the court in a hearing in the absence of the jury, the court must enter an order stating its conclusion as to whether or not the statement was voluntarily made, along with the specific finding of facts upon which the conclusion was based, which order shall be filed among the papers of the cause. Such order shall not be exhibited to the jury nor the finding thereof made known to the jury in any manner. Upon the finding by the judge as a matter of law and fact that the statement was voluntarily made, evidence pertaining to such matter may be submitted to the jury and it shall be instructed that unless the jury believes beyond a reasonable doubt that the statement was voluntarily made, the jury shall not con-
Art. 38.22  CODE OF CRIMINAL PROCEDURE

consider such statement for any purpose nor any evidence obtained as a result thereof. In any case where a motion to suppress the statement has been filed and evidence has been submitted to the court on this issue, the court within its discretion may reconsider such evidence in his finding that the statement was voluntarily made and the same evidence submitted to the court at the hearing on the motion to suppress shall be made a part of the record the same as if it were being presented at the time of trial. However, the state or the defendant shall be entitled to present any new evidence on the issue of the voluntariness of the statement prior to the court's final ruling and order stating its findings.

Sec. 7. When the issue is raised by the evidence, the trial judge shall appropriately instruct the jury. Generally, on the law pertaining to such statement. [Amended by Acts 1977, 65th Leg., p. 935, ch. 348, § 2, eff. Aug. 29, 1977; Acts 1979, 66th Leg., p. 398, ch. 186, §§ 4, 5, eff. May 15, 1979.]

Section 3 of the 1977 amendatory act provided: "This Act applies only to statements made on or after its effective date."

Art. 38.30. Interpreter

When a motion for appointment of an interpreter is filed by any party or on motion of the court, in any criminal proceeding, it is determined that a person charged or a witness does not understand and speak the English language, an interpreter must be sworn to interpret for him. Any person may be subpoenaed, attached or recognized in any criminal action or proceeding, to appear before the proper judge or court to act as interpreter therein, under the same rules and penalties as are provided for witnesses. In the event that the only available interpreter is not considered to possess adequate interpreting skills for the particular situation or the interpreter is not familiar with use of sign language, the person charged or witness may be permitted by the court to nominate another person to act as intermediary between himself and the appointed interpreter during the proceedings. Interpreters appointed under the terms of this article will receive from the general fund of the county for their services a sum not to exceed $100 a day as follows: interpreters shall be paid not less than $15 nor more than $100 a day at the discretion of the judge presiding, and when travel of the interpreter is involved all the actual expenses of travel, lodging, and meals incurred by the interpreter pertaining to the case he is appointed to serve shall be paid at the same rate applicable to state employees. [Amended by Acts 1979, 66th Leg., p. 453, ch. 209, § 1, eff. Aug. 27, 1979.]

Sect. 3 and 4 of the 1979 amendatory act provided:

"Sec. 3. All laws or parts of laws in conflict with or inconsistent with the provisions of this Act are hereby repealed."

"Sec. 4. If anything in this section, subsection, paragraph, sentence, clause, phrase, or word in this Act or the application thereof to any person or circumstance for any reason is held invalid or unconstitutional, such holding shall not affect the validity or enforceability of the remaining portions of this Act, and the legislature hereby declares that it would have passed such remaining portions of this Act despite such invalidity or unconstitutionality of any part or portion thereof."

Art. 38.31. Interpreters for Deaf Persons

(a) If the court is notified by a party that the defendant is deaf and will be present at an arraignment, hearing, examining trial, or trial, or that a witness is deaf and will be called at a hearing, examining trial, or trial, the court shall appoint a qualified interpreter to interpret the proceedings in any language that the deaf person can understand, including but not limited to sign language. On the court's motion or the motion of a party, the court may order testimony of a deaf witness and the interpretation of that testimony by the interpreter visually, electronically recorded for use in verification of the transcription of the reporter's notes. The clerk of the court shall include that recording in the appellate record if requested by a party under Article 40.09 of this Code.

(b) Following the filing of an indictment, information, or complaint against a deaf defendant, the court on the motion of the defendant shall appoint a qualified interpreter to interpret in a language that the defendant can understand, including but not limited to sign language, communications concerning the case between the defendant and defense counsel. The interpreter may not disclose a communication between the defendant and defense counsel or a fact that came to the attention of the interpreter while interpreting those communications if defense counsel may not disclose that communication or fact.

(c) In all cases where the mental condition of a person is being considered and where such person may be committed to a mental institution, and where such person is deaf, all of the court proceedings pertaining to him shall be interpreted by a qualified interpreter appointed by the court.

(d) A proceeding for which an interpreter is required to be appointed under this Article may not commence until the appointed interpreter is in a position not exceeding ten feet from and in full view of the deaf person.

(e) The interpreter appointed under the terms of this Article shall be required to take an oath that he will make a true interpretation to the person accused or being examined, which person is deaf, of all the proceedings of his case in a language that he understands; and that he will repeat said deaf person's answer to questions to counsel, court, or jury, in the English language, in his best skill and judgment.

(f) Interpreters appointed under this Article are entitled to a reasonable fee determined by the court after considering the recommendations of the State Commission for the Deaf. When travel of the interpreter is involved all the actual expenses of travel, lodging, and meals incurred by the interpreter pertaining to the case he is appointed to serve shall be paid at the same rate applicable to state employees.

(g) In this Code:

(1) "Deaf person" means a person who has a hearing impairment, regardless of whether the
person also has a speech impairment, that inhibits the person's comprehension of the proceedings or communication with others.

(2) "Qualified interpreter" means an interpreter for the deaf whose qualifications have been approved by the State Commission for the Deaf.

[Amended by Acts 1979, 66th Leg., p. 396, ch. 186, § 1, eff. May 15, 1979.]

Art. 38.33. Preservation and Use of Evidence of Drunk or Drugged Driving Convictions

Documents Filed

Sec. 1. When a person is finally convicted of an offense of driving while intoxicated or driving while under the influence of drugs, the clerk of the court shall mail a notice of the conviction to the sheriff of the county in which the offense occurred. The sheriff shall compile and send to the clerk copies of any photograph, picture, description, fingerprint, or measurement of the defendant made by a law enforcement agency in connection with that offense. The clerk shall forward to the department of public safety those documents and any complaint, information, indictment, judgment, sentence, mandate, or written waiver or motion in possession of the clerk pertaining to the conviction and the name of the attorney of record in that case.

Use as Evidence

Sec. 2. A certified copy of a document of the department of public safety forwarded to the department pursuant to Section 1 of this article is admissible as evidence in a criminal proceeding to prove that a particular person was convicted of the offense to which the document pertains if the court finds that 15 days before trial, the party against whom the evidence is offered was provided a copy of the document offered as evidence.

Dissemination of Documents

Sec. 3. (a) On written request of a prosecuting attorney for any documents of the department of public safety forwarded to the department pursuant to Section 1 of this article pertaining to a particular person, the department shall furnish the prosecuting attorney at no cost to the prosecuting attorney certified copies of those documents.

(b) The court in which a criminal case is pending may request the department to mail to the defendant or the defendant's attorney copies of documents filed in the name of the defendant under Section 1 of this article. The department shall furnish the copies to the defendant or the defendant's attorney without cost to the defendant or the attorney.

Art. 40.09  
CODEx OF CRIMINAL PROCEDURE

[See Compact Edition, Volume 1 for text of 6(b) to 6(d)]

7. Approval of the Record

Notice of completion of the record shall be made by the clerk by certified mail to the parties or their respective counsel. If neither files and presents to the court in writing any objection to the record, within fifteen days after the mailing of such notice and if the court has no objection to the record, he shall approve the same. If the trial court deems that a supplemental record or any other modification of the record be necessary to make the record speak the truth, for any reason, with or without objections from the state or the defendant, and whether on the court's own motion or the motion of either party or by order of the Court of Criminal Appeals, the defendant and the state shall be notified by certified mail of same and be given five days from receipt of notice for objections to such modification or supplementation. If objection be made, or if the court fails to approve the record within five days after the expiration of such fifteen-day period, the court shall set the matter down for hearing, and, after hearing, shall enter such orders as may be appropriate to cause the record to speak the truth and the findings and adjudications in such orders, if supported by evidence, shall be final. In its discretion, the court may require the attendance of the defendant at such hearing. Such proceeding shall be included in the record, and the entire record approved by the court.

8. Filing Approved Record with Clerk

The record, on approval by the court, shall be filed with the clerk of the trial court. Notice of the approval of the record by the court shall be made by the clerk by certified mail to the parties or their respective counsel. The 30-day time limit provided in Section 9 of this article shall commence when the notice is mailed.

9. Defendant's Brief

Within thirty days after approval of the record by the court, the defendant shall file with the clerk of the trial court the original and one copy of his appellate brief, or the number of copies required by the rules of the court of criminal appeals. The rules may not require the State to file more than 10 copies. Each party, upon filing his brief with the clerk of the trial court, shall cause a true copy thereof to be delivered to the opposing party or to the latter's counsel.

[See Compact Edition, Volume 1 for text of 11 to 16]

10. The State's Brief

Within thirty days after defendant files his brief with the clerk of the trial court, the State shall file with the clerk of the trial court the original and one copy of its brief, or the number of copies required by the rules of the court of criminal appeals. The rules may not require the State to file more than 10 copies. Each party, upon filing his brief with the clerk of the trial court, shall cause a true copy thereof to be delivered to the opposing party or to the latter's counsel.

16. Extensions of Time

Extensions of time for meeting the limits prescribed in Sections 3, 6, 9, and 10 of this Article for either the appellant or the State may be granted by the Court of Criminal Appeals or a judge of the Court for good cause shown on timely application to the Court of Criminal Appeals.

Acts 1979, 66th Leg., p. 866, ch. 390, amending §§ 9 and 10 of this article, provided in § 12: "This Act applies to an appellate brief only if that brief is filed with the clerk of the trial court on or after the effective date of this Act."

3. The plea of the defendant;
4. The selection, impanelling and swearing of the jury;

Supporting a particular ground of error, they shall be construed with it in determining what point of objection is sought to be presented by such ground of error; and if the court, upon consideration of such ground of error in the light of arguments made in support thereof in the brief, can identify and understand such point of objection, the same shall be reviewed notwithstanding any generality, vagueness, or any other technical defect that may exist in the language employed to set forth such ground of error.

[See Compact Edition, Volume 1 for text of 1 to 4]

Sec. 5. (a) Where jail time has been awarded, the trial judge may, when in his or her discretion the ends of justice would best be served and upon written motion of the defendant, sentence the defendant to serve his or her sentence during his or her off-work hours, or on weekends. When such a sentence is permitted by the trial judge it must be served on consecutive days or consecutive weekends. The trial judge may require bail of the defendant to insure the faithful performance of the sentence. The trial judge may attach conditions regarding the employment, travel, and other conduct of the defendant during the performance of such a sentence.

(b) The court may impose as a condition to permitting a defendant to serve the jail time assessed during off-work hours or on weekends a requirement that the defendant execute a letter and direct it to his or her employer directing the employer to deduct from the defendant's salary an amount directed by the court, which is to be sent by the employer to the clerk of the court and credited against any arrears of child support payments. The condition shall not be binding on the employer and his or her compliance shall be on a voluntary basis.

Art. 42.07. Reasons to Prevent Sentence

Before pronouncing sentence, the defendant shall be asked whether he has anything to say why the sentence should not be pronounced against him. The only reasons which can be shown, on account of which sentence cannot be pronounced, are:

1. That the defendant has received a pardon from the proper authority, on the presentation of which, legally authenticated, he shall be discharged.

2. That the defendant is incompetent to stand trial; and if evidence be shown to support a finding of incompetency to stand trial, no sentence shall be pronounced, and the court shall proceed under Article 46.02 of this code;

3. Where there has not been a motion for a new trial or a motion in arrest of judgment made, the defendant may answer that he has good grounds for either or both of these motions and either or both motions may be immediately entered and disposed of, although more than ten days may have elapsed since the rendition of the verdict; and

4. When a person who has been convicted escapes after conviction and before sentence and an individual supposed to be the same has been arrested he may before sentence is pronounced, deny that he is the person convicted, and an issue be accordingly tried before a jury as to his identity.

Art. 42.12. Adult Probation, Parole, and Mandatory Supervision Law

A. Purpose of Article and Definitions

Sec. 1. It is the purpose of this Article to place wholly within the State courts of appropriate jurisdiction the responsibility for determining when the imposition of sentence in certain cases shall be suspended, the conditions of probation, and the supervision of probationers, in consonance with the powers assigned to the judicial branch of this government by the Constitution of Texas. It is also the intent of this Article to provide for the release of persons on parole and for the method thereof, to designate the Board of Pardons and Paroles as the responsible agency of State government to recommend determination of paroles and to further designate the Board of Pardons and Paroles as responsible for the investigation and supervision of persons released on parole.

It is the intent of this Article to aid all prisoners to readjust to society upon completion of their period of incarceration by providing a program of mandatory supervision for those prisoners not released on parole or through executive clemency and to designate the Board of Pardons and Paroles as the agency of government responsible for the program. It is the final purpose of this Article to remove from existing statutes the limitations, other than questions of constitutionality, that have acted as barriers to effective systems of probations and paroles in the public interest.

Sec. 2. This Article may be cited as the “Adult Probation, Parole, and Mandatory Supervision Law”.

Unless the context otherwise requires, the following definitions shall apply to the specified words and phrases as used in this Article:

[See Compact Edition, Volume 1 for text of 2(a) to 2(c)]

d. “Mandatory supervision” shall mean the release of a prisoner from imprisonment but not on parole and not from the legal custody of the State, for rehabilitation outside of prison walls under such conditions and provisions for disciplinary supervision as the Board of Pardons and Paroles may determine. Mandatory supervision may not be construed as a commutation of sentence or any other form of executive clemency;

e. “Probation officer” shall mean either a person duly appointed by one or more courts of record having original criminal jurisdiction, to supervise defendants placed on probation; or a person designated by such courts for such duties on a part-time basis;

f. “Parole officer” shall mean a person duly appointed by the Director of the Division of Parole Supervision and assigned the duties of investigating and supervising paroled prisoners and prisoners released to mandatory supervision to see that the conditions of parole or mandatory supervision are complied with;

g. “Board” shall mean the Board of Pardons and Paroles;

h. “Division” shall mean the Division of Parole Supervision of the Board of Pardons and Paroles; and

i. “Director” shall mean the Director of the Division of Parole Supervision.

B. Probations

Sec. 3. The judges of the courts of the State of Texas having original jurisdiction of criminal actions, when it shall appear to the satisfaction of the court that the ends of justice and the best interests of the public as well as the defendant will be sub-
not to exceed 10 years. However, upon written motion of the defendant requesting final adjudication filed within 30 days after entering such plea and the deferment of adjudication, the court shall proceed to final adjudication as in all other cases.

(b) On violation of a condition of probation imposed under Subsection (a) of this section, the defendant may be arrested and detained as provided in Section 8 of this Article. The defendant is entitled to a hearing limited to the determination by the court of whether it proceeds with an adjudication of guilt on the original charge. No appeal may be taken from this determination. After an adjudication of guilt, all proceedings, including assessment of punishment, pronouncement of sentence, granting of probation, and defendant's appeal continue as if the adjudication of guilt had not been deferred.

(c) On expiration of a probationary period imposed under Subsection (a) of this section, if the court has not proceeded to adjudication of guilt, the court shall dismiss the proceedings against the defendant and discharge him. The court may dismiss the proceedings and discharge the defendant prior to the expiration of the term of probation if in its opinion the best interest of society and the defendant will be served. A dismissal and discharge under this section may not be deemed a conviction for the purposes of disqualifications or disabilities imposed by law for conviction of an offense, except that upon conviction of a subsequent offense, the fact that the defendant had previously received probation shall be admissible before the court or jury to be considered on the issue of penalty.

Sec. 3e. (a) For the purposes of this section, the jurisdiction of the courts in this state in which a sentence requiring confinement in the Texas Department of Corrections is imposed for conviction of a felony shall continue for 120 days from the date the execution of the sentence actually begins. After the expiration of 60 days but prior to the expiration of 120 days from the date the execution of the sentence actually begins, the judge of the court that imposed such sentence may, on his own motion or on written motion of the defendant, suspend further execution of the sentence imposed and place the defendant on probation under the terms and conditions of this article, if such sentence is otherwise eligible for probation under this article and prior to the execution of such sentence, the defendant had never been incarcerated in a penitentiary serving a sentence for a felony and in the opinion of the judge the defendant would not benefit from further incarceration in a penitentiary. Probation may be granted under this section only if the offense for which the defendant was sentenced was an offense other than criminal homicide, rape, or robbery.
Art. 42.12

CODE OF CRIMINAL PROCEDURE

(b) When the defendant files a written motion requesting suspension by the court of further execution of the sentence and placement on probation, or when requested to do so by the judge, the clerk of the court shall request a copy of the defendant's record while incarcerated from the Texas Department of Corrections. Upon receipt of such request, the Texas Department of Corrections shall forward to the court, as soon as possible, a full and complete copy of the defendant's record while incarcerated.

Sec. 3f. (a) The provisions of Sections 3 and 3c of this Article do not apply:

(1) to a defendant adjudged guilty of an offense defined by the following sections of the Penal Code:

(A) Section 19.03 (Capital murder);
(B) Section 20.04 (Aggravated kidnapping);
(C) Section 21.03 (Aggravated rape);
(D) Section 21.05 (Aggravated sexual abuse);
(E) Section 29.03 (Aggravated robbery); or

(2) to a defendant when it is shown that the defendant used or exhibited a deadly weapon as defined in Section 1.07(a)(11), Penal Code, during the commission of a felony offense or during immediate flight therefrom. Upon affirmative finding that the defendant used or exhibited a deadly weapon during the commission of an offense or during immediate flight therefrom, the trial court shall enter the finding in the judgment of the court. Upon an affirmative finding that the deadly weapon the defendant used or exhibited was a firearm, the court shall enter that finding in its judgment.

(b) If there is an affirmative finding that the defendant convicted of a felony of the second degree or higher used or exhibited a firearm during the commission or flight from commission of the offense and the defendant is granted probation, the court may order the defendant confined in the Texas Department of Corrections for not less than 60 and not more than 120 days. At any time after the defendant has served 60 days in the custody of the Department of Corrections, the sentencing judge, on his own motion or on motion of the defendant, may order the defendant released to probation. The Department of Corrections shall release the defendant to probation after he has served 120 days.

Sec. 4. When directed by the court, a probation officer shall fully investigate and report to the court in writing the circumstances of the offense, criminal record, social history and present condition of the defendant. Whenever practicable, such investigation shall include a physical and mental examination of defendant. Defendant, if not represented by counsel, counsel for defendant and counsel for the state shall be afforded an opportunity to see a copy of the report upon request. If a defendant is committed to any institution the probation officer shall send a report of such investigation to the institution at the time of commitment.

[See Compact Edition, Volume 1 for text of 5]

Sec. 6. The court having jurisdiction of the case shall determine the terms and conditions of probation and may, at any time, during the period of probation alter or modify the conditions; provided, however, that the clerk of the court shall furnish a copy of such terms and conditions to the probationer, and shall note the date of delivery of such copy on the docket. Terms and conditions of probation may include, but shall not be limited to, the conditions that the probationer shall:

a. Commit no offense against the laws of this State or of any other State or of the United States;
b. Avoid injurious or vicious habits;
c. Avoid persons or places of disreputable or harmful character;
d. Report to the probation officer as directed by the judge or probation officer and obey all rules and regulations of the probation department;
e. Permit the probation officer to visit him at his home or elsewhere;
f. Work faithfully at suitable employment as far as possible;
g. Remain within a specified place;
h. Pay his fine, if one be assessed, and all court costs whether a fine be assessed or not, in one or several sums, and make restitution or reparation in any sum that the court shall determine;
i. Support his dependents;
j. Participate in any community-based program;
k. Reimburse the county in which the prosecution was instituted for compensation paid to appointed counsel for defending him in the case, if counsel was appointed, or if he was represented by a county-paid public defender, in an amount that would have been paid to an appointed attorney had the county not had a public defender;
l. Remain under custodial supervision in a community-based facility, obey all rules and regulations of such facility, and pay a percentage of his income to the facility for room and board;
m. Pay a percentage of his income to his dependents for their support while under custodial suspension in a community-based facility; and
n. Pay a percentage of his income to the victim of the offense, if any, to compensate the victim for any property damage or medical expenses sustained by the victim as a direct result of the commission of the offense.
Sec. 6a. (a) A court granting probation may fix a fee not exceeding $15 per month to be paid to the court by the probationer during the probationary period. The court may make payment of the fee a condition of granting or continuing the probation.

(b) The court shall deposit the fees received under Subsection (a) of this section in the special fund of the county treasury provided by Section 4.05(b), Article 42.121 of this Code, to be used for the same purposes for which state-aid may be used under that section.

Sec. 6b. (a) When the court having jurisdiction of the case grants probation to the defendant, in addition to the conditions imposed under Section 6 of this article, the court may require as a condition of probation that the defendant submit to a period of detention in a penal institution to serve a term of imprisonment not to exceed 30 days or one-third of the sentence—whichever is lesser.

(b) The imprisonment imposed shall be treated as a condition of probation, and in the event of a sentence of imprisonment upon the revocation of probation, the term of imprisonment served hereunder shall be credited toward service of such subsequent imprisonment.

[See Compact Edition, Volume 1 for text of 7]

Sec. 8. (a) At any time during the period of probation the court may issue a warrant for violation of any of the conditions of the probation and cause the defendant to be arrested. Any probation officer, police officer or other officer with power of arrest may arrest such defendant without a warrant upon the order of the judge of such court to be noted on the docket of the court. A probationer so arrested may be detained in the county jail or other appropriate place of detention until he can be taken before the court. Such officer shall forthwith report such arrest and detention to such court. If the defendant has not been released on bail, on motion by the defendant the court shall cause the defendant to be brought before it for a hearing within 20 days of filing of said motion, and after a hearing without a jury, may either continue, modify, or revoke the probation. The state may amend the motion to revoke probation any time up to seven days before the date of the revocation hearing, after which time the motion may not be amended except for good cause shown, and in no event may the state amend the motion after the commencement of taking evidence at the hearing. The court may continue the hearing for good cause shown by either the defendant or the state. If probation is revoked, the court may proceed to dispose of the case as if there had been no probation, or if it determines that the best interests of society and the probationer would be served by a shorter term of imprisonment, reduce the term of imprisonment originally assessed to any term of imprisonment not less than the minimum prescribed for the offense of which the probationer was convicted.

Text of subsec. (c) added by Acts 1977, 65th Leg., p. 1059, ch. 388, § 2

(c) In a probation revocation hearing at which it is alleged only that the probationer violated the conditions of probation by failing to pay probation fees, court costs, restitution, or reparations, the inability of the probationer to pay as ordered by the court is an affirmative defense to revocation, which the probationer must prove by a preponderance of evidence.

[See Compact Edition, Volume 1 for text of 9]

Sec. 10. (a) For the purpose of providing adequate probation services, the district judge or district judges trying criminal cases in each judicial district in this state shall establish a probation office and employ, in accordance with standards set by the commission, district personnel as may be necessary to conduct presentence investigation, supervise and rehabilitate probationers, and enforce the terms and conditions of misdemeanor and felony probation. If two or more judicial districts serve a county, or a district has more than one county, one district probation department shall serve all courts and counties in the districts. However, the adult probation commission may adopt rules to allow more than one probation department in a judicial district with more than one county if providing more than one probation department will promote administrative convenience or economy or improve probation services.

(b) Where more than one probation officer is required, the judge or judges shall appoint a chief adult probation officer or director, who, with their approval, shall appoint a sufficient number of assistants and other employees to carry on the professional, clerical, and other work of the court.

(c) To be eligible for appointment as an adult probation officer, a person who is not an adult probation officer on the effective date of this Act:

tion 31 of this article.

(d) The adult probation commission may adopt
rules under which a judicial district may employ an
adult probation officer who is not qualified under
Subdivision (B), Subsection (c) of this section if the
district judge, district judges, chief adult probation
officer, or director tried but failed to employ a
probation officer qualified under Subsection (c) of
this section.

(e) The same person serving as a probation officer
for juveniles may not be required to serve as a
probation officer for adults and vice versa.

(f) Probation officers shall be furnished transporta-

mobile allowance for use of personal automobile on
official business.

(g) Personnel of the respective district probation
departments shall not be deemed state employees
and the responsible judge or judges of a district
probation department shall negotiate a contract with
the most populous county within the judicial district
for all district probation department staff to partici-
pate in that county’s group insurance programs,
liability insurance, or self-insurance for acts done in
the course and scope of their employment as proba-
 tion department staff, retirement plan, including the
district and county retirement system if the county
participates in that system for any county employ-

Sec. 11a. The provisions of Sections 6a, 10, and
11 of this Article also apply to Article 42.13.

C. Paroles

Sec. 12. The Board of Pardons and Paroles cre-
ed by Article 4, Section 11 of the Constitution of this
State, shall administer the provisions of this Act
respecting determinations of which prisoners shall be
paroled from an institution operated by the Depart-
ment of Corrections, the conditions of parole and
mandatory supervision, and may recommend the
revocation of releases to mandatory supervision, pa-
roles, and conditional pardons by the Governor.
Keeping the goals of this Act in mind, the Board
shall have the authority to determine the degree and
intensity of supervision a prisoner released on parole
or released to mandatory supervision should receive.

Sec. 12a. The Board of Pardons and Paroles is
subject to the Texas Sunset Act, but it is not
abolished under that Act. The board shall be re-
viewed under the Texas Sunset Act during the peri-
od in which state agencies abolished effective Sep-
tember 1 of 1987 and of every 12th year after 1987.

1 See Art. 42.121.

Sec. 13. The members of the Board shall give
full time to the duties of their office and shall be
paid such salaries as the Legislature may determine
in Appropriation Acts. The members of the Board
shall elect one of their number as chairman, who
shall serve for a period of two years and until his
successor is elected and qualified.
The Board shall meet at the call of the chairman and from time to time as may otherwise be determined by majority vote of the Board. A majority of the Board shall constitute a quorum for the transaction of all business.

The Board shall adopt an official seal of which the courts shall take judicial notice. Decisions of the Board shall be by majority vote.

The Board shall keep a record of its acts and shall notify each institution of its decision relating to the persons who are confined therein. At the close of each fiscal year the Board shall submit to the Governor and to the Legislature a report with statistical and other data of its work.

All minutes of the Board and decisions relating to mandatory supervision, parole, pardon, and clemency shall be matters of public record and subject to public inspection at all reasonable times.

[See Compact Edition, Volume 1 for text of 14]

Sec. 14A. (a) To aid and assist the Board of Pardons and Paroles in parole and mandatory supervision decisions, provision is hereby made for the appointment of parole commissioners.

(b) There shall be appointed no less than six commissioners.

(c) One-third of the commissioners shall be appointed by the governor; one-third of the commissioners by the Chief Justice of the Supreme Court of Texas; and one-third of the commissioners by the Presiding Judge of the Texas Court of Criminal Appeals. One of the commissioners appointed by each of the appointing authorities shall reside in Walker County.

(d) Each commissioner shall hold office for a term of six years; provided that of the commissioners first appointed, the commissioners appointed by one of the appointing authorities shall serve for two years; the commissioners appointed by one of the appointing authorities shall serve for four years; and the other one-third of the commissioners shall serve for six years. Prior to appointment, the appointing authority shall draw lots for the length of the first term for his respective appointees. All terms shall begin on September 1, 1975.

(e) In matters of parole and mandatory supervision revocation decisions, the commissioners shall have the same duties and authority as the board members. A parole panel, as hereinafter provided, may recommend the granting, denying, or revocation of parole, the revocation of mandatory supervision status, and may conduct parole revocation hearings and mandatory supervision revocation hearings. The commissioners may interview inmates for parole consideration, and they shall perform their duties as directed by the board in its rules and regulations affecting these commissioners.

(f) The board may provide and promulgate a written plan for the administrative review of actions taken by a parole panel.

(g) The commissioners shall be compensated while holding office at a salary to be set by the legislature. They shall be reimbursed for their expenses in the same manner and in the same amount as are board members.

(h) The board members shall continue to exercise their responsibility for the administrative operation of the board of pardons and paroles.

(i) In matters of parole and release to mandatory supervision, the board members and commissioners may act in panels comprised of three persons in each panel. The composition of the respective panels shall be designated by the board. A majority of each panel shall constitute a quorum for the transaction of its business, and its decisions shall be by a majority vote. The functions given to the board throughout Article 42.12, Code of Criminal Procedure, 1965, as amended, may be enlarged and extend to the parole panels, as provided by board rules. The powers of the board and the board members can be delegated by the board to the parole panels and to the commissioners as needed for the convenience of and assistance to the board.

Sec. 15. (a) The Board is authorized to release on parole, with the approval of the Governor, any person confined in any penal or correctional institution of this State who is eligible for parole under Subsection (b) of this Section. The period of parole shall be equivalent to the maximum term for which the prisoner was sentenced less calendar time actually served on the sentence. All paroles shall issue upon order of the Board, duly adopted and approved by the Governor.

(b) A prisoner under sentence of death is not eligible for parole. If a prisoner is serving a sentence for the offenses listed in Section 3(f)(a)(1) of this Article or if the judgment contains an affirmative finding under Section 3(f)(a)(2) of this Article, he is not eligible for release on parole until his actual calendar time served, without consideration of good conduct time, equals one-third of the maximum sentence or 20 calendar years, whichever is less, but in no event shall he be eligible for release on parole in less than two calendar years. All other prisoners shall be eligible for release on parole when their calendar time served plus good conduct time equals
one-third of the maximum sentence imposed or 20 years, whichever is less.

(c) A prisoner who is not on parole, except a person under sentence of death, shall be released to mandatory supervision by order of the Board when the calendar time he has served plus any accrued good conduct time equal the maximum term to which he was sentenced. A prisoner released to mandatory supervision shall, upon release, be deemed as if released on parole. To the extent practicable, arrangements for the prisoner's proper employment, maintenance, and care shall be made prior to his release to mandatory supervision. The period of mandatory supervision shall be for a period equivalent to the maximum term for which the prisoner was sentenced less calendar time actually served on the sentence. The time served on mandatory supervision is calculated as calendar time. Every prisoner while on mandatory supervision shall remain in the legal custody of the institution from which he was released but shall be amenable to the orders of the Board.

(d) A prisoner who has not been released to mandatory supervision and has 180 calendar days or less remaining on his sentence may be released by order of the Board to mandatory supervision.

(e) Within one year after a prisoner's admittance to the penal or correctional institution and at such intervals thereafter, as it may determine, the Board shall secure and consider all pertinent information regarding each prisoner, except any under sentence of death, including the circumstances of his offense, his previous social history and criminal record, his conduct, employment and attitude in prison, and his physical and mental health.

(f) Before ordering the parole of any prisoner, the Board may have the prisoner appear before it and interview him, A parole shall be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and, as may be, in part, evidenced by the prisoner's having made, in whole or in part, restitution or reparation to the victim of his crime, the total amount of such restitution or reparation as may be established by the court and entered in the judgment of the court which sentenced the prisoner to his term of imprisonment. Such warrant shall authorize all officers against the laws of this State or of the United States, violated a condition of his parole, mandatory supervision, or conditional pardon, or when the circumstances indicate that he poses a danger to society that warrants his immediate return to incarceration. Such warrant shall authorize all officers named therein to take actual custody of the prisoner and return him to the institution from which he was released on parole. The conditions may include the making of restitution or reparation to the victim of the prisoner's crime, the total amount of such restitution or reparation as may be established by the court and entered in the judgment of the court which sentenced the prisoner to his term of imprisonment. Acceptance, signing, and execution of the contract by the inmate to be paroled shall be a precondition to release on parole. Persons to be released on mandatory supervision shall be furnished a written statement setting forth in clear and intelligible language the conditions and rules of mandatory supervision.

(h) It shall be the duty of the Board at least ten days before ordering the parole of any prisoner or upon the granting of executive clemency by the Governor to notify the sheriff, the district attorney and the district judge in the county where such person was convicted that such parole or clemency is being considered by the Board or by the Governor.

(i) If no parole officer has been assigned to the locality where a person is to be released on parole, mandatory supervision, or executive clemency, the Board shall notify the chairman of the Voluntary Parole Board of such county prior to the release of such person. The Board shall request such Voluntary Parole Board, in the absence of a parole officer, for information which would herein be required of such duly appointed parole officer. This shall not, however, preclude the Board from requesting information from any public agency in such locality.

[See Compact Edition, Volume 1 for text of 16 to 19]

Sec. 20. The Board shall have the power and duty to make rules for the conduct of persons placed on parole and of persons released to mandatory supervision.

Sec. 21. (a) A warrant for the return of a paroled prisoner, a prisoner released to mandatory supervision, a prisoner released on emergency re-prieve or on furlough, or a person released on a conditional pardon to the institution from which he was paroled, released, or pardoned may be issued by the Board on order by the Governor when there is reason to believe that he has committed an offense against the laws of this State or of the United States, violated a condition of his parole, mandatory supervision, or conditional pardon, or when the circumstances indicate that he poses a danger to society that warrants his immediate return to incarceration. Such warrant shall authorize all officers named therein to take actual custody of the prisoner and return him to the institution from which he was released on parole. The conditions may include the making of restitution or reparation to the victim of the prisoner's crime, the total amount of such restitution or reparation as may be established by the court and entered in the judgment of the court which sentenced the prisoner to his term of imprisonment. Acceptance, signing, and execution of the contract by the inmate to be paroled shall be a precondition to release on parole. Persons to be released on mandatory supervision shall be furnished a written statement setting forth in clear and intelligible language the conditions and rules of mandatory supervision.

(i) It shall be the duty of the Board at least ten days before ordering the parole of any prisoner or upon the granting of executive clemency by the Governor to notify the sheriff, the district attorney and the district judge in the county where such person was convicted that such parole or clemency is being considered by the Board or by the Governor.
such warrant, be deemed a fugitive from justice and shall remain incarcerated.

released. Pending hearing, as hereinafter provided, upon any charge of parole violation or violation of the conditions of mandatory supervision, the prisoner shall remain incarcerated.

(b) A prisoner for whose return a warrant has been issued by the Board shall, after the issuance of such warrant, be deemed a fugitive from justice and if it shall appear that he has violated the conditions or provisions of his mandatory supervision or parole, then the time from the issuing of such warrant to the date of his arrest shall not be counted as any part of the time to be served under his sentence. The law now in effect concerning the right of the State of Texas to extradite persons and return fugitives from justice, and Article 42.11 of this Code concerning the waiver of all legal requirements to obtain extradition of fugitives from justice, from other states to this State, shall not be impaired by this Act and shall remain in full force and effect.

Sec. 22. Whenever a prisoner or a person granted a conditional pardon is accused of a violation of his parole, mandatory supervision, or conditional pardon on information and complaint by a law enforcement officer or parole officer, he shall be entitled to be heard on such charges before the Board or its designee under such rules and regulations as the Board may adopt; providing, however, said hearing shall be a public hearing and shall be held within ninety days of the date of arrest under a warrant issued by the Board of Pardons and Paroles or the Governor and at a time and place set by the Board. When the Board has heard the facts, it may recommend to the Governor that the parole, mandatory supervision, or conditional pardon be continued, or revoked, or modified in any manner the evidence may warrant. When the Governor revokes a person's parole, mandatory supervision, or conditional pardon, that person may be required to serve the portion remaining of the sentence on which he was released, such portion remaining to be calculated without credit for the time from the date of his release to the date of revocation. When a warrant is issued by the Board of Pardons and Paroles or the Governor charging a violation of release conditions, the sentence time credit shall be suspended until a determination is made by the Board of Pardons and Paroles or the Governor in such case and such suspended time credit may be re-instated by the Board of Pardons and Paroles should such parole, mandatory supervision, or conditional pardon be continued.

Sec. 24. When any prisoner who has been paroled or released to mandatory supervision has complied with the rules and conditions governing his release until the end of the term to which he was sentenced, and without a revocation of his parole or mandatory supervision, the Board shall make a final order of discharge and issue the prisoner a certificate of discharge.

Sec. 26. The Board of Pardons and Paroles shall have general responsibility for the investigation and supervision of all prisoners released on parole and to mandatory supervision. For the discharge of this responsibility, there is hereby created with the Board of Pardons and Paroles, a Division of Parole Supervision. Subject to the general direction of the Board of Pardons and Paroles, the Division of Parole Supervision, including its field staff shall be responsible for obtaining and assembling any facts the Board of Pardons and Paroles may desire in considering parole eligibility, in establishing a mandatory supervision plan, and for investigating and supervising paroled prisoners and prisoners released to mandatory supervision to see that the conditions of parole and mandatory supervision are complied with, and for making such periodic reports on the progress of parolees and prisoners released to mandatory supervision as the Board may desire.

Sec. 27. All information obtained in connection with inmates of the Texas Department of Corrections subject to parole, release to mandatory supervision, or executive clemency or individuals who may be on mandatory supervision or parole and under the supervision of the division, or persons directly identified in any proposed plan of release for a prisoner, shall be confidential and privileged information and shall not be subject to public inspection; provided, however, that all such information shall be available to the Governor and the Board of Pardons and Paroles upon request. It is further provided, that statistical and general information respecting the parole and mandatory supervision program and system, including the names of paroled prisoners, prisoners released to mandatory supervision, and data recorded in connection with parole and mandatory supervision services, shall be subject to public inspection at any reasonable time.

Sec. 28. Salaries of all employees of the Division of Parole Supervision shall be governed by Appropriation Acts of the Legislature. The Board of Pardons and Paroles shall appoint a Director of the division, and all other employees shall be selected by the Director, subject to such general policies and regulations as the Board may approve.

It is expressly provided, however, that no person may be employed as a parole officer or supervisor, or be responsible for the investigations or supervision of persons on parole or mandatory supervision, unless he meets the following qualifications together with any other qualifications that may be specified by the Director of the Division, with the approval of the Board of Pardons and Paroles; four years of successfully completed education in an accredited college or university, and two years of full time paid employment in responsible correctional work with adults or juveniles, social welfare work, teaching, or

personnel work. Additional experience in the above categories may be substituted year for year for the required college education, with a maximum substitution for two years.

Sec. 30. In order to provide supervision of parolees, persons released to mandatory supervision, and persons granted executive clemency who reside in sparsely settled areas of the State and in localities not served by regularly employed parole officers, the Governor of this State is authorized to appoint chairmen of Voluntary Parole Boards for such areas or localities. The appointed chairman may, with the advice and approval of the Director of the Division of Parole Supervision, appoint additional members of such Voluntary Parole Boards. The term of service by such appointed chairmen of Voluntary Parole Boards shall not exceed the term of office of the appointing Governor; and the terms of service of locally appointed additional members of such Voluntary Parole Boards shall not exceed the terms of office of the director. However, it is expressly provided that the terms of service by such chairmen and additional members of Voluntary Parole Boards may be continued by appropriate reappointments. The chairman of the Voluntary Parole Board shall be responsible for assigning supervision of parolees and of persons released to mandatory supervision to the members of such board.

Sec. 31. No person who is serving as a sheriff, deputy sheriff, constable, deputy constable, city policeman, Texas Ranger, state highway patrolman, or similar law enforcement officer, or as a prosecuting attorney, shall act as a parole officer, or be responsible for the supervision of persons on parole or released to mandatory supervision.

Art. 42.13. Misdemeanor Adult Probation and Supervision Law

Sec. 1. It is the purpose of this article to place wholly within the state courts of appropriate jurisdiction the responsibility for determining when the imposition of sentence in certain cases shall be suspended, the conditions of probation, and the supervision of probationers in consonance with the powers assigned to the judicial branch of this government by the Constitution of Texas. It is the further purpose of this article to remove from existing statutes the limitations other than questions of constitutionality that have acted as barriers to an effective system of probation in the public interest.

Sec. 2. This article may be cited as the “Misdemeanor Adult Probation and Supervision Law.”

Unless the context otherwise requires, the following definitions shall apply to the specified words and phrases as used in this article:

(1) “Courts” shall mean the courts of record having original criminal jurisdiction.

(2) “Probation” shall mean the release of a convicted defendant by a court under conditions imposed by the court for a specified period during which the imposition of sentence is suspended.

(3) “Probationer” means a defendant who is on probation.

(4) “Probation officer” shall mean either a person duly appointed by one or more courts of record having original criminal jurisdiction to supervise defendants placed on probation or a person designated by such courts for such duties on a part-time basis.

Sec. 3. The judges of the courts of the State of Texas having original jurisdiction of criminal actions, when it shall appear to the satisfaction of the court that the ends of justice and the best interests of the public as well as the defendant will be subserved thereby, shall have the power, after conviction or a plea of guilty or nolo contendere for any crime or offense, where the punishment assessed against the defendant is by confinement in jail or by fine or by both such fine and imprisonment, to suspend the imposition of the sentence and may place the defendant on probation or impose a fine applicable to the offense committed and also place the defendant on probation as hereinafter provided. When imprisonment is assessed, the period of probation shall be for the maximum imprisonment applicable to such offense. Any such person placed on probation, whether in a trial by jury or before the court, shall be under the supervision of such court.
Sec. 3a. Where there is a conviction in any court of this state and the punishment assessed by the jury shall be by imprisonment in jail or by a fine or by both such fine and imprisonment, the jury may recommend probation for a period of the maximum imprisonment applicable to such offense of which the defendant is convicted, upon sworn motion made therefor by the defendant, filed before the penalty stage of the trial begins. When the jury recommends probation, it may recommend that the imprisonment or fine or both such fine and imprisonment found in its verdict may be probated. When the trial is to a jury and the defendant has no counsel, the court shall inform the defendant of his right to make such motion, and the court shall appoint counsel to prepare and present same, if desired by the defendant. In no case shall probation be recommended by the jury except when the defendant, before the trial began, had filed a sworn statement that the defendant has never before been convicted of a felony, and after conviction and before the penalty stage of the trial began, the defendant shall have filed a sworn motion for probation and the proof shall show and the jury shall find in their verdict that the defendant has never before been convicted of a felony in this or any other state. This law is not to be construed as preventing the jury from passing on the guilt of the defendant, but the defendant may enter a plea of not guilty. In all eligible cases, probation shall be granted by the court, if the jury recommends it in their verdict.

If probation is granted by the jury, the court may impose only those conditions which are set out in Section 6 hereof.

Sec. 3b. Where probation is recommended by the verdict of a jury as provided for in Section 3a above, a defendant’s probation shall not be revoked during his good behavior, so long as the defendant is within the jurisdiction of the court and his residence is known, except in accordance with the provisions of Section 8 of this article. If such defendant has no counsel, it shall be the duty of the court to inform the defendant of his right to show cause why the defendant’s probation should not be revoked; and if the defendant requests such right, the court shall appoint counsel in accordance with Articles 26.04 and 26.05 of this code to prepare and present the same; and in all other respects the procedure set forth in Section 8 of this article shall be followed.

Sec. 3c. Nothing herein shall limit the power of the court to grant a probation of sentence regardless of the recommendation of the jury or prior conviction of the defendant.

Sec. 3d. (a) When in its opinion the best interest of society and the defendant will be served, the court may, after receiving a plea of guilty or a plea of nolo contendere, hearing the evidence, and finding that it substantiates the defendant’s guilt, defer further proceedings without entering an adjudication of guilt and place the defendant on probation on reasonable terms and conditions as the court may require and for a period as the court may subscribe not to exceed the maximum period of imprisonment prescribed for the offense for which defendant is charged. However, upon written motion of the defendant requesting final adjudication filed within 30 days after entering such plea and the deferment of adjudication, the court shall proceed to final adjudication as in all other cases.

(b) On violation of a condition of probation imposed under Subsection (a) of this section, the defendant may be arrested and detained as provided in Section 8 of this article. The defendant is entitled to a hearing limited to a determination by the court of whether it proceeds with an adjudication of guilt on the original charge. No appeal may be taken from this determination. After an adjudication of guilt, all proceedings, including assessment of punishment, pronouncement of sentence, granting of probation, and defendant’s appeal continue as if the adjudication of guilt had not been deferred.

(c) On expiration of a probationary period imposed under Subsection (a) of this section, if the court has not proceeded to adjudication of guilt, the court shall dismiss the proceedings against the defendant and discharge the defendant. The court may dismiss the proceedings and discharge the defendant prior to the expiration of the term of probation if in its opinion the best interest of society and the defendant will be served. A dismissal and discharge under this section may not be deemed a conviction for the purposes of disqualifications or disabilities imposed by law for conviction of an offense, except that upon conviction of a subsequent offense, the fact that the defendant had previously received probation shall be admissible before the court or jury to be considered on the issue of penalty.

Sec. 3e. (a) For the purposes of this section, the jurisdiction of the courts in this state in which a sentence requiring confinement in a jail is imposed for conviction of a misdemeanor shall continue for a period of 90 days from the date the execution of the sentence actually begins. After the expiration of 10 days but prior to 90 days from the date the execution of the sentence actually begins, the judge of the court that imposed such sentence may on his own motion or on the motion of the defendant suspend further execution of the sentence imposed and place the defendant on probation under the terms and conditions of this article, if prior to the execution of that sentence the defendant had never been incarcerated in a penitentiary or jail serving a sentence
for a felony or misdemeanor and in the opinion of
the judge the defendant would not benefit from
further incarceration in a jail.

(b) When the defendant files a written motion
with the court requesting suspension of further exe-
cution of the sentence and placement on probation
or when requested to do so by the judge, the clerk of
the court shall request a copy of the defendant's
record while incarcerated from the agency operating
the jail where the defendant is incarcerated. Upon
receipt of such request, the agency operating the jail
where the defendant is incarcerated shall forward to
the court as soon as possible a full and complete copy
of the defendant's record while incarcerated.

Sec. 4. When directed by the court, a probation
officer shall fully investigate and report to the court
in writing the circumstances of the offense, criminal
record, social history and present condition of the
defendant. Whenever practicable, such investiga-
tion shall include a physical and mental examination
of the defendant. Defendant, if not represented by
counsel, counsel for defendant, and counsel for the
state shall be afforded an opportunity to see a copy
of the report upon request. If a defendant is com-
mitted to any institution, the probation officer shall
send a report of such investigation to the institution
at the time of commitment.

Sec. 5. Only the court in which the defendant
was tried may grant probation, fix or alter condi-
tions, revoke the probation, or discharge the defend-
ant, unless the court has transferred jurisdiction of
the case to another court with the latter's consent.
After a defendant has been placed on probation,
jurisdiction of the case may be transferred to a court
of the same rank in this state having geographical
jurisdiction where the defendant is residing or where
a violation of the conditions of probation occurs.
Upon transfer, the clerk of the court of original
jurisdiction shall forward a transcript of such por-
tions of the record as the transferring judge shall
direct to the court accepting jurisdiction, which lat-
ter court shall thereafter proceed as if the trial and
conviction had occurred in that court. Any court
having geographical jurisdiction where the defend-
ant is residing or where a violation of the conditions
of probation occurs may issue a warrant for his
arrest, but the determination of action to be taken
after arrest shall be only by the court having juris-
diction of the case at the time the action is taken.

Sec. 6. The court having jurisdiction of the case
shall determine the terms and conditions of proba-
tion and may at any time during the period of
probation alter or modify the conditions; provided,
however, that the clerk of the court shall furnish a
copy of such terms and conditions to the probationer
and shall note the date of delivery of such delivery
on the docket. Terms and conditions of probation
may include but shall not be limited to the conditions
that the probationer shall:

1. commit no offense against the laws of this
   state or of any other state or of the United States;
2. avoid injurious or vicious habits;
3. avoid persons or places of disreputable or
   harmful character;
4. report to the probation officer as directed by
   the court or probation officer and obey all rules
   and regulations of the probation department;
5. permit the probation officer to visit him at
   his home or elsewhere;
6. work faithfully at suitable employment as
   far as possible;
7. remain within a specified place;
8. pay his fine, if one be assessed, and all court
   costs, whether a fine be assessed or not, in one or
   several sums and make restitution or reparation in
   any sum that the court shall determine;
9. support his dependents;
10. participate in any community-based pro-
    gram or participate in an alcohol or drug abuse
    treatment or education program and abstain from
    the use of alcoholic beverages or specified drugs at
    all times or under certain circumstances;
11. reimburse the county in which the prosecu-
    tion was instituted for compensation paid to ap-
   pointed counsel for defending him in the case, if
    counsel was appointed or if he was represented by
    a county-paid public defender, in an amount
    that would have been paid to an appointed attorney
    had the county not had a public defender;
12. remain under custodial supervision in a
    community-based facility, obey all rules and regu-
    lations of such facility, and pay a percentage of
    his income to the facility for room and
    board;
13. pay a percentage of his income to his de-
    pendents for their support while under custodial
    supervision in the community-based facility; and
14. pay a percentage of his income to the vic-
    tim of the offense, if any, to compensate the
    victim for any property damage or medical ex-
    penses sustained by the victim as a direct result of
    the commission of the offense.

Sec. 6a. (a) A court granting probation may fix
a fee not exceeding $15 per month to be paid to the
court by the probationer during the probationary
period. The court may make payment of the fee a
condition of granting or continuing the probation.

(b) The court shall deposit the fees received under
Subsection (a) of this section in the special fund of
the county treasury provided by Section 4.05(b),
Article 42.121 of this code, as added, to be used for
the same purposes for which state aid may be used under that section.

Sec. 6b. (a) When the court having jurisdiction of the case grants probation to the defendant, in addition to the conditions imposed under Section 6 of this article, the court may require as a condition of probation that the defendant submit to a period of probation not to exceed 30 days or one-third of the sentence, whichever is lesser.

(b) The imprisonment imposed shall be treated as a condition of probation, and in the event of a sentence of imprisonment upon the revocation of probation, the term of imprisonment served hereunder shall be credited toward service of such subsequent imprisonment.

Sec. 6c. If a person convicted of an offense under Article 6701–1, Revised Civil Statutes of Texas, 1925, as amended, is placed on probation, the court may require, as a condition of the probation, that the defendant attend an educational program approved by the Texas Commission on Alcoholism, the Texas Department of Public Safety, or the Office of Traffic Safety designed to rehabilitate persons who have driven while intoxicated. The judge shall waive this requirement, however, if no program is operated or permit the defendant to withdraw his plea, and

Sec. 7. At any time after the defendant has satisfactorily completed one-third of the original probationary period, the period of probation may be reduced or terminated by the court. Upon the satisfactory fulfillment of the conditions of probation and the expiration of the period of probation, the court by order duly entered shall amend or modify the original sentence imposed, if necessary, to conform to the probation period and shall discharge the defendant. In case the defendant has been convicted or has entered a plea of guilty or a plea of nolo contendere and the court has discharged the defendant hereunder, such court shall set aside the verdict or permit the defendant to withdraw his plea, and shall dismiss the accusation, complaint, information, or indictment against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which defendant has been convicted or to which defendant has pleaded guilty or pleaded nolo contendere, except that proof of defendant's conviction or plea of guilty or nolo contendere shall be made known to the court should the defendant again be convicted of any criminal offense.

Sec. 8. (a) At any time during the period of probation the court may issue a warrant for violation of any of the conditions of the probation and cause the defendant to be arrested. Any probation officer, police officer or other officer with power of arrest may arrest such defendant without a warrant upon the order of the judge of such court to be noted on the docket of the court. A probationer so arrested may be detained in the county jail or other appropriate place of detention until he can be taken before the court. Such officer shall forthwith report such arrest and detention to such court. If the defendant has not been released on bail, on motion by the defendant the court shall cause the defendant to be brought before it for a hearing within 20 days of filing of said motion, and after a hearing without a jury, may either continue, modify, or revoke the probation. The court may continue the hearing for good cause shown by either the defendant or the state. If probation is revoked, the court may proceed to dispose of the case as if there had been no probation or if it determines that the best interests of society and the probationer would be served by a shorter term of imprisonment, reduce the term of imprisonment not less than the minimum prescribed for the offense of which the probationer was convicted.

(b) Any probationer who removes himself from the State of Texas without permission of the court having jurisdiction of the case shall be deemed and considered a fugitive from justice and shall be subject to extradition as now provided by law. No part of the time that the defendant is on probation shall be considered as any part of the time that defendant shall be sentenced to serve. The right of the probationer to appeal to the Court of Criminal Appeals for a review of the trial and conviction as provided by law shall be accorded the probationer at the time the defendant is placed on probation. When the probationer is notified that his probation is revoked for violation of the conditions of probation and he is called on to serve a sentence in jail or in an institution operated by the Texas Department of Corrections, he may appeal the revocation.

(c) In a probation revocation hearing at which it is alleged only that the probationer violated the conditions of probation by failing to pay probation fees, court costs, restitution, or reparations or compensation paid to appointed counsel, the inability of the probationer to pay as ordered by the court is an affirmative defense to revocation, which the probationer must prove by a preponderance of evidence.

Sec. 9. If for good and sufficient reasons probationers desire to change their residence within the state, such transfer may be effected by application to their supervising probation officer, which transfer shall be subject to the court's consent and subject to such regulations as the court may require in the absence of a probation officer in the locality to which the probationer is transferred.
Sec. 10. For the purpose of providing adequate probation services under this article, all of the provisions of Section 10 of Article 42.12 of the Code of Criminal Procedure, 1965, as amended, apply hereto.

Sec. 11. For the purpose of determining when fees are to be paid to any officer or officers, the placing of the defendant on probation shall be considered a final disposition of the case, without the necessity of waiting for the termination of the period of probation or suspension of sentence.

Acts 1979, 66th Leg., p. 2062, ch. 807, § 1, without reference to the repeal and reenactment of this article by Acts 1979, 66th Leg., p. 1514, ch. 654, § 1, added a § 3B to read as follows:

Suspension of Sentence and Performance of Community Service

Sec. 3B. (a) A defendant who pleads guilty or nolo contendere to a first offense misdemeanor that does not involve bodily injury or the threat of bodily injury to any person and for which the maximum permissible punishment is by confinement in jail or by a fine in excess of $200 or by both a fine and confinement is eligible for community-service probation.

(b) If an eligible defendant applies for community-service probation and the court finds that it will be in the best interests of society and the defendant, the court, after receiving the defendant's plea, hearing the evidence, and finding that it substantiates the defendant's guilt, may defer further proceedings without entering an adjudication of guilt and place the defendant on community-service probation.

(c) If the court places a defendant on community-service probation, the court shall require, as a condition of the probation, that the defendant work a specified number of hours at a specified community-service project for an organization named in the court's order.

(d) The amount of community-service work ordered by the court:

(1) may not exceed 100 hours and may not be less than 24 hours for an offense classified as a Class B misdemeanor or for any other misdemeanor for which the maximum permissible imprisonment, if any, does not exceed six months and the maximum permissible fine, if any, does not exceed $1,000; and

(2) may not exceed 200 hours and may not be less than 80 hours for an offense classified as a Class A misdemeanor or for any other misdemeanor for which the maximum permissible imprisonment, if any, exceeds six months or the maximum permissible fine, if any, exceeds $1,000.

(e) The terms of community-service probation must include, but are not limited to, requirements that the probationer:

(1) commit no offense against the laws of this or any other state or the United States;

(2) avoid injurious or vicious habits;

(3) avoid persons or places of disreputable or harmful character;

(4) work faithfully at suitable employment as far as possible;

(5) work faithfully at the community-service task assigned by the court;

(6) remain within a specified place; and

(7) support his dependents.

(f) The clerk of a court granting community-service probation shall promptly furnish the probationer with a written statement of the period and terms of the probation.

(g) Community-service work authorized pursuant to this section must be for any nonprofit organization that has agreed to accept community-service probationers and supervise and report on their work and whose services are provided to the general public and are designed to enhance the social welfare, physical or mental stability, environmental quality, or general well-being of the community.

(h) The court shall select community-service tasks that may be performed during hours the probationer is not working or attending school and that are within the probationer's capabilities. A probationer may not receive compensation for community-service work.

(i) On violation of a condition of community-service probation, the defendant may be arrested and detained as provided in Section 6 of this article. The defendant is entitled to a hearing limited to the determination by the court of whether it proceeds with an adjudication of guilt on the original charge. No appeal may be taken from this determination. After an adjudication of guilt, all proceedings, including assessment of punishment, pronouncement of sentence, granting of probation, and defendant's appeal continue as if the adjudication of guilt had not been deferred.

(j) On satisfactory completion by a probationer of the required amount of community-service work, if the court has not proceeded to adjudication of guilt, the court shall dismiss the proceedings against the defendant and discharge him. A dismissal and discharge under this section may not be deemed a conviction for the purposes of disqualifications or disabilities imposed by law for conviction of an offense, except that on conviction of a subsequent offense the fact that the defendant previously received community-service probation is admissible on the issue of penalty.

[Added by Acts 1979, 66th Leg., p. 2062, ch. 807, § 1, eff. Sept. 1, 1979.]
Art. 43.18. Executioner

The Director of the Texas Department of Corrections shall designate an executioner to carry out the death penalty provided by law.

APPEAL AND WRIT OF ERROR

CHAPTER FORTY-FOUR. APPEAL AND WRIT OF ERROR

Art. 44.02. Defendant May Appeal

A defendant in any criminal action has the right of appeal under the rules hereinafter prescribed, provided, however, before the defendant who has been convicted upon either his plea of guilty or plea of nolo contendere before the court and the court, upon the election of the defendant, assesses punishment and the punishment does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and his attorney may prosecute his appeal, he must have permission of the trial court, except on those matters which have been raised by written motion filed prior to trial. This article in no way affects appeals pursuant to Article 44.17 of this chapter.

[Amended by Acts 1977, 65th Leg., p. 940, ch. 351, § 1, eff. Aug. 29, 1977.]

Art. 44.04. Bond Pending Appeal

(a) Pending the appeal from any misdemeanor conviction, the defendant is entitled to be released on reasonable bail, and if a defendant charged with a misdemeanor is on bail, is convicted, and appeals that conviction, his bond is not discharged until his conviction is final or in the case of an appeal to a court where a trial de novo is held, he files an appeal bond as required by this code for appeal from the conviction.

(b) The defendant may not be released on bail pending the appeal from any felony conviction where the punishment exceeds 15 years confinement but shall immediately be placed in custody and the bail discharged.

(c) Pending the appeal from any felony conviction where the punishment does not exceed 15 years confinement, the trial court may deny bail and commit the defendant to custody if there then exists good cause to believe that the defendant would not appear when his conviction became final or is likely to commit another offense while on bail, permit the defendant to remain at large on the existing bail, or, if not then on bail, admit him to reasonable bail until his conviction becomes final. The court may impose reasonable conditions on bail pending the finality of
his conviction. On a finding by the court on a preponderance of the evidence of a violation of a condition, the court may revoke the bail.

(d) After conviction, either pending determination of any motion for new trial or pending final determination of the appeal, the court in which trial was had may increase or decrease the amount of bail, as it deems proper, either upon its own motion or the motion of the State or of the defendant.

(e) Any bail entered into after conviction and the sureties on the bail must be approved by the court where trial was had. Bail is sufficient if it substantially meets the requirements of this code and may be entered into and given at any term of court.

(f) In no event shall the defendant and the sureties on his bond be released from their liability on such bond or bonds until the defendant is placed in the custody of the sheriff.

(g) The right of appeal to the Court of Criminal Appeals of this state is expressly accorded the defendant for a review of any judgment or order made hereunder, and said appeal shall be given preference by the Court of Criminal Appeals. [Amended by Acts 1977, 65th Leg., p. 636, ch. 234, § 1, eff. Aug. 29, 1977.]

Art. 44.05. Receipt of Mandate

When the clerk of any court from whose judgment an appeal has been taken in cases wherein bail has been allowed shall receive the mandate of the Court of Criminal Appeals affirming such judgment, he shall send an acknowledgment to the Court of Criminal Appeals when the receipt of the mandate has been rendered, except as provided in Article 27.14 of this code. [Amended by Acts 1979, 66th Leg., p. 450, ch. 207, § 3, eff. Sept. 1, 1979.]

MISCELLANEOUS PROCEEDINGS

CHAPTER FORTY-SIX. INSANITY AS DEFENSE

Art. 46.02. Incompetency to Stand Trial

Incompetency to Stand Trial

Sec. 1. (a) A person is incompetent to stand trial if he does not have:

(1) sufficient present ability to consult with his lawyer with a reasonable degree of rational understanding; or

(2) a rational as well as factual understanding of the proceedings against him.

(b) A defendant is presumed competent to stand trial unless proved incompetent by a preponderance of the evidence.

Raising the issue of Incompetency to Stand Trial

Sec. 2. (a) The issue of the defendant's incompetency to stand trial shall be determined in advance of the trial on the merits if the court determines there is evidence to support a finding of incompeten-
cy to stand trial on its own motion or on written motion by the defendant or his counsel filed prior to the date set for trial on the merits asserting that the defendant is incompetent to stand trial.

(b) If during the trial evidence of the defendant's incompetency is brought to the attention of the court from any source, the court must conduct a hearing out of the presence of the jury to determine whether or not there is evidence to support a finding of incompetency to stand trial.

Examination of the Defendant

Sec. 3. (a) At any time the issue of the defendant's incompetency to stand trial is raised, the court, on its own motion or motion by the defendant, his counsel, or the prosecuting attorney, appoint disinterested experts experienced and qualified in mental health or mental retardation to examine the defendant with regard to his competency to stand trial and to testify at any trial or hearing on this issue.

(b) The court may order any defendant to submit to examination for the purposes described in this article. If the defendant is free on bail, the court in its discretion may order him to submit to examination. If the defendant fails or refuses to submit to examination, the court may order him to custody for examination for a reasonable period not to exceed 21 days. The court may not order a defendant to a facility operated by the Texas Department of Mental Health and Mental Retardation for examination without the consent of the head of that facility or for a period exceeding 21 days. If a defendant who has been ordered to a facility operated by Texas Department of Mental Health and Mental Retardation for examination remains in such facility for a period of time exceeding 21 days, the head of that facility shall cause the defendant to be immediately transported to the committing court and placed in the custody of the sheriff of the county in which the committing court is located. That county shall reimburse the Texas Department of Mental Health and Mental Retardation facility for the mileage and per diem expenses of the personnel required to transport the defendant calculated in accordance with the state travel regulations in effect at the time.

(c) The court shall advise any expert appointed pursuant to this section of the nature of the offense with which the defendant is charged and the meaning of incompetency to stand trial.

(d) A written report of the examination shall be submitted to the court within 30 days of the order of examination, and the court shall furnish copies of the report to the defense counsel and the prosecuting attorney. The report shall include a description of the procedures used in the examination, the examiner's observations and findings pertaining to the defendant's competency to stand trial, and recommended treatment. If the examiner concludes that the defendant is incompetent to stand trial, the report shall include the examiner's observations and findings about whether there is a substantial probability that the defendant will attain the competence to stand trial in the foreseeable future. The examiner shall also submit a separate report setting forth his observations and findings concerning:

(1) whether the defendant is mentally ill and requires observation and/or treatment or hospitalization in a mental hospital for his own welfare and protection or the protection of others; or

(2) whether the defendant is a mentally retarded person as defined in The Mentally Retarded Persons Act (Article 3871b, Vernon's Texas Civil Statutes) and requires commitment to a mental retardation facility.

(e) If the examiner is a physician and concludes that the defendant is mentally ill, he shall complete and submit to the court a Certificate of Medical Examination for Mental Illness. If the examiner concludes that the defendant is a mentally retarded person and the examination has been conducted at a facility of the Texas Department of Mental Health and Mental Retardation or at a diagnostic center approved by the Texas Department of Mental Health and Mental Retardation, the examiner shall submit to the court an affidavit setting forth the conclusions reached as a result of the diagnostic examination.

(f) The appointed experts shall be paid by the county in which the indictment was returned or information was filed. A facility operated by the Texas Department of Mental Health and Mental Retardation which accepts a defendant for examination under Subsection (a) of this section shall be reimbursed by the county in which the indictment was returned or information was filed for such expenses incurred as are determined by the department to be reasonably necessary and incidental to the proper examination of the defendant.

(g) No statement made by the defendant during the examination or hearing on his competency to stand trial may be admitted in evidence against the defendant on the issue of guilt in any criminal proceeding.

(h) When a defendant wishes to be examined by a psychiatrist or other expert of his own choice, the court on timely request shall provide the examiner with reasonable opportunity to examine the defendant.

(i) The experts appointed under this section to examine the defendant with regard to his competency to stand trial also may be appointed by the court to examine the defendant with regard to the insanity defense pursuant to Section 3 of Article 46.08 of
Art. 46.02  CODE OF CRIMINAL PROCEDURE

this code, but separate written reports concerning the defendant’s competency to stand trial and the insanity defense shall be filed with the court.

1 Repealed, see, now, the Mentally Retarded Persons Act of 1977, classified as Civil Statutes, art. 5547–300.

Incompetency Hearing

Sec. 4. (a) If the court determines that there is evidence to support a finding of incompetency to stand trial, a jury shall be impaneled to determine the defendant’s competency to stand trial. This determination shall be made by a jury that has not been selected to determine the guilt or innocence of the defendant. If the defendant is found incompetent to stand trial, a further hearing may be held to determine whether or not the defendant is mentally ill and requires observation and/or treatment or hospitalization in a mental hospital for his own welfare and protection or the protection of others or whether he is a mentally retarded person as defined in The Mentally Retarded Persons Act (Article 3871b, Vernon’s Texas Civil Statutes), and requires commitment to a mental retardation facility.

(b) The defendant is entitled to counsel at the competency hearing. If the defendant is indigent and the court has not yet appointed counsel to represent the defendant, the court shall appoint counsel prior to the competency hearing.

(c) If the issue of incompetency to stand trial is raised other than by written motion in advance of trial pursuant to Subsection (a) of Section 2 of this article and the court determines that there is evidence to support a finding of incompetency to stand trial, the court shall set the issue for determination immediately or at any time prior to the sentencing of the defendant. If the competency hearing is delayed until after a verdict on the guilt or innocence of the defendant is returned, the competency hearing shall be held as soon thereafter as reasonably possible, but a competency hearing may be held only if the verdict in the trial on the merits is “guilty.” If the defendant is found incompetent to stand trial after the beginning of the trial on the merits, the court shall declare a mistrial in the trial on the merits. A subsequent trial and conviction of the defendant for the same offense is not barred and jeopardy does not attach by reason of a mistrial under this section.

(d) Instructions submitting the issue of incompetency to stand trial shall be framed to require the jury to state in its verdict:

(1) whether the defendant is incompetent to stand trial; and

(2) if found incompetent to stand trial, whether there is no substantial probability that the defendant will attain the competency to stand trial within the foreseeable future.

(e) If the jury is unable to agree on a unanimous verdict after a reasonable opportunity to deliberate, the court shall declare a mistrial of the incompetency hearing, discharge the jury, and impanel another jury to determine the incompetency of the defendant to stand trial.

(f) If the defendant is found competent to stand trial, the court shall dismiss the jury that decided the issue and may continue the trial on the merits before the court or with the jury selected for that purpose.

(g) If the defendant is found incompetent to stand trial and it is determined that there is a substantial probability that he will attain the competency to stand trial within the foreseeable future, the court shall proceed under Section 5 of this article.

(h) If the defendant is found incompetent to stand trial and there is found no substantial probability that he will become competent within the foreseeable future, and the court determines there is evidence that the defendant is mentally ill or is a mentally retarded person, and all charges pending against the defendant are not then dismissed, the court shall proceed under Section 6 of this article or shall release the defendant.

(i) If the defendant is found incompetent to stand trial and there is found no substantial probability that he will become competent within the foreseeable future, and the court determines there is evidence that the defendant is mentally ill or is a mentally retarded person, and all charges pending against the defendant are then dismissed, the court shall proceed under Section 7 of this article or shall release the defendant.

Criminal Commitment

Sec. 5. (a) When a defendant has been determined incompetent to stand trial, and absent a determination that there is no substantial probability that the defendant will attain competency to stand trial in the foreseeable future, the court shall enter an order committing the defendant to the maximum security unit of Rusk State Hospital, to the maximum security unit of any other facility designated by the Texas Department of Mental Health and Mental Retardation, to an agency of the United States operating a mental hospital, or to a Veterans Administration hospital for a period of at least 60 days, but not to exceed 18 months, and placing him in the custody of the sheriff for transportation to the facility to be confined therein for further examination and treatment toward the specific objective of attaining competency to stand trial. The court shall order that a transcript of all medical testimony received by the jury be forthwith prepared by the court reporter and that such transcript, together with a statement of the facts and circumstances surrounding the alleged offense, shall accompany the patient to the facility.
(b) No person shall be committed to a mental health or mental retardation facility under this section except on competent medical or psychiatric testimony.

(e) The facility to which the defendant is committed shall develop an individual program of treatment and shall report on the defendant's progress towards achieving competency to the court at least every 90 days.

(d) Nothing in this section precludes the court from allowing the defendant to be released on bail if the court determines that the defendant can be adequately treated on an outpatient basis for the purpose of attaining competency to stand trial.

(e) If the charges pending against a defendant are dismissed, the committing court shall send a copy of the order of dismissal to the head of the facility in which the defendant is held and the defendant shall then be discharged.

(f) The head of a facility to which a person has been committed pursuant to Subsection (a) of this section shall promptly notify the committing court:

1. when he is of the opinion that the defendant has attained competency to stand trial; or
2. when he is of the opinion that there is no substantial probability that the defendant will attain the competency to stand trial in the foreseeable future; or
3. when an 18-month commitment is due to expire, such notice to be given 14 days prior to such expiration.

(g) On notification to the committing court under Subsection (f) of this section, the sheriff of the county in which the committing court is located shall forthwith transport the defendant to the committing court; provided, however, that if the defendant remains in the maximum security unit of a facility of the Texas Department of Mental Health and Mental Retardation 14 days following receipt by the committing court of such notification, the head of that facility shall cause the defendant to be immediately transported to the committing court and placed in the custody of the sheriff of the county in which the committing court is located. That county shall reimburse the Texas Department of Mental Health and Mental Retardation facility for the mileage and per diem expenses of the personnel required to transport the defendant calculated in accordance with the state travel regulations in effect at the time.

(h) Upon the defendant's return to court, if he has no counsel and the court determines that the defendant is indigent, the court shall appoint counsel to represent him.

(i) When the head of a facility to which the defendant is committed discharges the defendant and the defendant is returned to court, a final report shall be filed with the court documenting the applicable reason therefor under Subsection (f) of this section, and the court shall furnish copies to the defense counsel and the prosecuting attorney. If the head of such facility is of the opinion that the defendant is mentally ill and requires observation and/or treatment or hospitalization in a mental hospital for his own welfare and protection or the protection of others, he shall complete and submit to the court a Certificate of Medical Examination for Mental Illness. If the head of such facility is of the opinion that the defendant is mentally retarded, he shall submit to the court an affidavit setting forth the conclusions reached as a result of the diagnostic examination. When the report is filed with the court, the court is authorized to make a determination based solely on the report with regard to the defendant's competency to stand trial, unless the prosecuting attorney or the defense counsel objects in writing or in open court to the findings of the report within 15 days from the time the report is served on the parties. In the event of objection, the issue shall be set for a hearing before the court or, on motion by the defendant, his counsel, the prosecuting attorney, or the court, the hearing shall be held before a jury. The hearing shall be held within 30 days following the date of objection unless continued for good cause.

(j) No defendant who has been committed to a facility under Subsection (a) of this section may be recommitted to a facility under that subsection in connection with the same offense.

(k) If the defendant is found competent to stand trial, criminal proceedings against him may be resumed.

(l) If the defendant is found incompetent to stand trial, and all charges pending against the defendant are not then dismissed, the court shall proceed under Section 6 of this article or shall release the defendant.

(m) If the defendant is found incompetent to stand trial, and all charges pending against the defendant are then dismissed, the court shall proceed under Section 7 of this article or shall release the defendant.

Civil Commitment—Charges Pending

Sec. 6. (a) If a defendant is found incompetent to stand trial and there is found no substantial probability that he will become competent in the foreseeable future, or if the defendant is found incompetent to stand trial and he has been previously committed to a facility under Subsection (a) of Section 5 of this article in connection with the same offense, and, in either event, all charges pending against the defendant are not then dismissed, the court shall determine whether there is evidence to support findings that the defendant is mentally ill or is mentally retarded and requires commitment to a mental health or mental retardation facility.
(b) If it appears to the court that the defendant may be mentally ill and there is on file with the court Certificates of Medical Examination for Mental Illness by two physicians, at least one of whom must not be employed by the Texas Department of Mental Health and Mental Retardation, who have examined the defendant within 45 days of the date of the commitment hearing, each stating that the defendant is mentally ill and requires observation and/or treatment or hospitalization in a mental hospital, the court shall impanel a jury to determine whether the defendant shall be committed to a mental health facility or such hearing may be held before the jury impaneled to determine the defendant's competency to stand trial.

(1) If there has not been filed with the court two such Certificates of Medical Examination for Mental Illness, the judge shall appoint the necessary physicians, at least one of whom shall be a psychiatrist if one is available in the county, to examine the defendant and file certificates with the court. The judge may order the defendant to submit to the examination.

(2) The Texas Mental Health Code (Article 5547-1 et seq., Vernon's Texas Civil Statutes) shall govern proceedings for commitment of the defendant to a mental health facility insofar as the provisions of that code are applicable and not in conflict herewith, except that the criminal court shall conduct the proceedings whether or not the criminal court is also the county court.

(3) If the defendant has not been under observation and/or treatment in a mental hospital for at least 60 days under the provisions of Section 5(a) above or under an Order of Temporary Commitment pursuant to the provisions of the Texas Mental Health Code (Article 5547-1 et seq., Vernon's Texas Civil Statutes) within the 12 months immediately preceding the date of the hearing, the instructions submitting the issue shall be framed to require the jury to state in its verdict:

(i) whether the defendant is mentally ill, and if so

(ii) whether he requires observation and/or treatment in a mental hospital for his own welfare and protection or the protection of others.

(4) If the jury finds that the defendant is not mentally ill or does not require observation and/or treatment in a mental hospital, the court shall order the immediate release of the defendant.

(5) If the defendant has been under observation and/or treatment in a mental hospital for at least 60 days under the provisions of Section 5(a) above or under an Order of Temporary Commitment pursuant to the provisions of the Texas Mental Health Code (Article 5547-1 et seq., Vernon's Texas Civil Statutes) within the 12 months immediately preceding the date of the hearing, the instructions submitting the issue shall be framed to require the jury to state in its verdict:

(i) whether the defendant is mentally ill, and if so

(ii) whether he requires hospitalization in a mental hospital for his own welfare and protection or the protection of others, and if so

(iii) whether he is mentally incompetent.

(6) If the jury finds that the defendant is not mentally ill or that he does not require hospitalization in a mental hospital for his own welfare and protection or the protection of others, the court shall enter an order discharging the defendant.

If the jury finds that the defendant is mentally ill and requires hospitalization in a mental hospital for his own welfare and protection or the protection of others, the court shall order that the defendant be committed as a patient to a state mental hospital for an indefinite period.

(7) If the court enters an order committing the defendant to a state mental hospital, the defendant shall be treated and released in conformity to the Texas Mental Health Code except as may be provided in this article.

(c) If it appears to the court that the defendant may be mentally retarded and there is on file with the court an Affidavit of Examination of Alleged Mentally Retarded Person based upon an examination conducted at a facility of the Texas Department of Mental Health and Mental Retardation or at a diagnostic center approved by that department, the court shall impanel a jury to determine whether the defendant is a mentally retarded person or such hearing may be held before the jury impaneled to determine the defendant's competency to stand trial.

(1) If such affidavit is not on file with the court, the judge shall arrange for such diagnostic examination of the defendant by a facility of the Texas Department of Mental Health and Mental Retardation or by a diagnostic center approved by that department. The judge may order the defendant to submit to the examination. The county shall reimburse the facility or center which conducts the examination for the reasonable and necessary expenses incurred in conducting such examination.

(2) The Mentally Retarded Persons Act (Article 3871b, Vernon's Texas Civil Statutes) shall govern proceedings for commitment of the defendant to a
mental retardation facility insofar as the provisions of that Act are applicable and not in conflict herewith, except that the criminal court shall conduct the proceedings whether or not the criminal court is also a county court.

(3) The instructions submitting the issue of mental retardation to the jury shall be framed to require the jury to state in its verdict whether the defendant is a mentally retarded person as defined in the Mentally Retarded Persons Act, and if so, whether he requires commitment to a mental retardation facility.

(4) If the jury finds that the defendant is not a mentally retarded person as defined in the Mentally Retarded Persons Act, or that he does not require commitment to a mental retardation facility, the court shall enter an order discharging the defendant.

(5) If the jury finds that the defendant is a mentally retarded person as defined in the Mentally Retarded Persons Act, and requires commitment to a mental retardation facility, the court shall enter an order declaring that fact and that the person is committed to a mental retardation facility of the Texas Department of Mental Health and Mental Retardation.

(d) In the proceedings conducted under this section:

(1) no Application for Temporary Hospitalization, Petition for Indefinite Commitment or Application to have the defendant declared a mentally retarded person shall be required;

(2) the provisions of the Texas Mental Health Code and the Mentally Retarded Persons Act relating to notice of hearing shall not be applicable;

(3) appeals from the criminal court proceedings under this section shall be to the court of appeals as in the proceedings for temporary hospitalization or for indefinite commitment under the Texas Mental Health Code.

Civil Commitment—Charges Dismissed

Sec. 7. If a defendant is found incompetent to stand trial and there is found no substantial probability that he will become competent in the foreseeable future, or if the defendant is found incompetent to stand trial and he has been previously committed to a facility under Section 5 of this article and all charges pending against the defendant are then dismissed, the court shall determine whether there is evidence to support findings that the defendant is either mentally ill or is a mentally retarded person. If it appears to the court that there is evidence to support either of such findings, the court shall enter an order transferring the defendant to the appropriate court for civil commitment proceedings, stating that all charges pending against the defendant in that court have been dismissed, and may order the defendant detained in jail or other suitable place pending the prompt initiation and prosecution by the attorney for the state or other person designated by the court of appropriate civil proceedings to determine whether the defendant will be committed to a mental health or mental retardation facility; provided, however, that a patient placed in a facility of the Texas Department of Mental Health and Mental Retardation pending civil hearing under this section may be detained in such facility only pursuant to an Order of Protective Custody issued pursuant to the provisions of the Texas Mental Health Code and with the consent of the head of the facility, or the court may give the defendant into the care of a responsible person on satisfactory security being given for his proper care and protection; otherwise, the defendant shall be discharged.

General

Sec. 8. (a) A person committed to a mental health or mental retardation facility as a result of the proceedings initiated pursuant to Section 6 or Section 7 of this article shall be committed to the maximum security unit of Rusk State Hospital or to the maximum security unit of any other facility designated by the Texas Department of Mental Health and Mental Retardation. Within 60 days following arrival at the maximum security unit, the person shall be transferred to a nonsecurity unit of a mental health or mental retardation facility designated by the Texas Department of Mental Health and Mental Retardation unless the person is determined to be manifestly dangerous by a review board with the Texas Department of Mental Health and Mental Retardation. The Commissioner of the Texas Department of Mental Health and Mental Retardation shall appoint three psychiatrists who are licensed to practice medicine in the State of Texas to determine whether the person is manifestly dangerous. If the superintendent of the facility at which the maximum security unit is located disagrees with the determination, then the matter will be referred to the Commissioner of the Texas Department of Mental Health and Mental Retardation who will resolve the disagreement by deciding whether the person is manifestly dangerous.

(b) The court shall order that a transcript of all medical testimony received in both the criminal proceedings and the civil commitment proceedings be prepared forthwith by the court reporters and that such transcripts, together with a statement of the facts and circumstances surrounding the alleged offense, shall accompany the patient to the mental health or mental retardation facility.

(c) If the head of a mental health facility determines that a patient committed to a state mental hospital for a period not exceeding 90 days as a result of proceedings initiated pursuant to Section 6
or Section 7 of this article requires indefinite commitment to a mental hospital for his own welfare and protection or the protection of others, he shall notify the court from which the patient was committed in writing at least 30 days prior to the expiration of the temporary commitment. The court from which the patient was committed shall order the sheriff of the county in which the court is located to return the patient for a Hearing for Indefinite Commitment or shall make arrangements for the hearing to be held in an appropriate court of the county in which the patient is hospitalized. Provided, however, that if the patient has not received a Hearing for Indefinite Commitment by the date on which the temporary commitment expires, the head of the facility in which the patient is hospitalized shall cause the patient to be immediately transported to the committing court and placed in the custody of the sheriff of the county in which the court is located. That county shall reimburse the facility of the Texas Department of Mental Health and Mental Retardation for the mileage and per diem expenses of the personnel required to transport the defendant calculated in accordance with the state travel regulations in effect at the time.

(d) The head of a mental health or mental retardation facility to which a person has been committed or transferred as a result of the proceedings initiated pursuant to Section 6 of this article and who has received written notice from a court or prosecuting attorney that criminal charges are pending against the person shall notify the court in writing at least 14 days prior to the discharge of the person unless the notice provided for in (e) above has been given. A written report as to the competency of the person to stand trial shall accompany the notice of discharge.

(e) On written notice by the head of a mental health or mental retardation facility that in his opinion a person who has been civilly committed to that facility and against whom criminal charges are pending is competent to stand trial, or on good cause shown by the defendant, his counsel, or the prosecuting attorney, the court in which the criminal charges are pending may hold a hearing to determine the competency of the defendant to stand trial. The hearing shall be before a jury unless waived by agreement of the parties. The order setting the hearing shall order the defendant placed in the custody of the sheriff for transportation to the court. The court may appoint disinterested experts to examine the defendant in accordance with the provisions of Section 3 of this article. If the defendant is found to be competent to stand trial, the proceedings on the criminal charges may be continued. If the defendant is found incompetent to stand trial and is under an order of commitment to a mental health or mental retardation facility, the court shall order him placed in the custody of the sheriff for transportation to that facility.

Sec. 9. The time a person charged with a criminal offense is confined in a mental health or mental retardation facility pending trial shall be credited to the term of his sentence on subsequent sentencing or resentencing.

[Amended by Acts 1975, 64th Leg., p. 1095, ch. 415, § 1, eff. June 19, 1975; Acts 1977, 65th Leg., p. 1458, ch. 596, § 1, Sept. 1, 1977.]

Section 10 of the 1977 amendatory act provided: "If any portion of this Act is declared invalid or unconstitutional, it is the intention of the legislature that the other portions shall remain in full force and effect, and to this end the provisions of this Act are declared to be severable."

Art. 46.03. Insanity Defense

The Insanity Defense

Sec. 1. (a) The insanity defense provided in Section 8.01 of the Penal Code shall be submitted to the jury only if supported by competent evidence.

(b) When the insanity defense is submitted, the trier of facts shall determine and include in the verdict or judgment or both whether the defendant is guilty, not guilty, or not guilty by reason of insanity.

(c) A defendant who has been found not guilty by reason of insanity shall stand acquitted of the offense charged and may not be considered a person charged with a criminal offense.

Raising the Insanity Defense

Sec. 2. (a) A defendant planning to offer evidence of the insanity defense shall file a notice of his intention to offer such evidence with the court and the prosecuting attorney:

(1) at least 10 days prior to the date the case is set for trial; or
(2) if the court sets a pretrial hearing before the 10-day period, the defendant shall give notice at the hearing; or
(3) if the defendant raises the issue of his incompetency to stand trial before the 10-day period, he shall at the same time file notice of his intention to offer evidence of the insanity defense.

(b) Unless notice is timely filed pursuant to Subsection (a) of this section, evidence on the insanity defense is not admissible unless the court finds that good cause exists for failure to give notice.

Examination of the Defendant

Sec. 3. (a) If notice of intention to raise the insanity defense is filed under Section 2 of this article, the court may, on its own motion or motion by the defendant, his counsel, or the prosecuting attorney, appoint disinterested experts experienced and qualified in mental health and mental retardation to examine the defendant with regard to the insanity defense and to testify thereto at any trial or hearing on this issue.
(b) The court may order any defendant to submit to examination for the purposes described in this article. If the defendant is free on bail, the court in its discretion may order him to submit to examination. If the defendant fails or refuses to submit to examination, the court may order him to custody for examination for a reasonable period not to exceed 21 days. The court may not order a defendant to a facility operated by the Texas Department of Mental Health and Mental Retardation for examination for a period exceeding 21 days. If a defendant who has been ordered to a facility operated by the Texas Department of Mental Health and Mental Retardation for examination remains in such facility for a period of time exceeding 21 days, the head of that facility shall cause the defendant to be immediately transported to the committing court and placed in the custody of the sheriff of the county in which the committing court is located. That county shall reimburse the Texas Department of Mental Health and Mental Retardation for the mileage and per diem expenses of the personnel required to transport the defendant calculated in accordance with the state travel regulations in effect at that time.

(c) The court shall advise any expert appointed pursuant to this section of the facts and circumstances of the offense with which the defendant is charged and the elements of the insanity defense.

(d) A written report of the examination shall be submitted to the court within 30 days of the order of examination, and the court shall furnish copies of the report to the defense counsel and the prosecuting attorney. The report shall include a description of the procedures used in the examination and the examiner’s observations and findings pertaining to the insanity defense. The examiner shall also submit a separate report setting forth his observations and findings concerning:

1. whether the defendant is presently mentally ill and requires observation and/or treatment or hospitalization in a mental hospital for his own welfare and protection or the protection of others; or
2. whether the defendant is a mentally retarded person as defined in the Mentally Retarded Persons Act (Article 3871b, Vernon’s Texas Civil Statutes).

(e) The appointed experts shall be paid by the county in which the indictment was returned or information was filed. A facility operated by the Texas Department of Mental Health and Mental Retardation which accepts a defendant for examination under Subsection (a) of this section shall be reimbursed by the county in which the indictment was returned or information was filed for such expenses incurred as are determined by the department to be reasonably necessary and incidental to the proper examination of the defendant.

(f) When a defendant wishes to be examined by a psychiatrist or other expert of his own choice, the court on timely request shall provide the examiner with reasonable opportunity to examine the defendant. The appointed experts shall be paid by the state or other person designated by the court.

(g) The experts appointed under this section to examine the defendant with regard to the insanity defense also may be appointed by the court to examine the defendant with regard to his competency to stand trial pursuant to Section 3 of Article 46.02 of this code, provided that separate written reports concerning the defendant’s competency to stand trial and the insanity defense shall be filed with the court.

1 Repealed; see, now, the Mentally Retarded Persons Act of 1977, classified as Civil Statutes, art. 5547-500.

Civil Commitment

Sec. 4. (a) If a defendant is found not guilty by reason of insanity in the trial of a criminal offense, the court shall determine whether there is evidence to support findings that the defendant is either mentally ill or is a mentally retarded person. If the court determines that there is evidence to support either of such findings, the court shall transfer the defendant to the appropriate court for civil commitment proceedings and may order the defendant detained in jail or other suitable place pending the prompt initiation and prosecution by the attorney for the state or other person designated by the court of appropriate civil proceedings to determine whether the defendant shall be committed to a mental health or mental retardation facility; provided, however, that a patient placed in a facility of the Texas Department of Mental Health and Mental Retardation pending civil hearing under this section shall only be detained pursuant to the provisions for an Order of Protective Custody as set out in the Texas Mental Health Code and with the consent of the head of the facility, or the court may give the defendant into the care of a responsible person on satisfactory security being given for his proper care and protection; otherwise, the defendant shall be discharged.

(b) A person committed to a mental health or mental retardation facility as a result of the proceedings initiated pursuant to Subsection (a) of this section shall be committed to the maximum security unit of Rusk State Hospital or the maximum security unit of any other facility designated by the Texas Department of Mental Health and Mental Retardation. Within 60 days following arrival at the maximum security unit, the person shall be transferred to a nonsecurity unit of a mental health or mental retardation facility designated by the Texas Department of Mental Health and Mental Retardation unless the person is determined to be manifestly dan-
gerous by a review board within the Texas Department of Mental Health and Mental Retardation. The Commissioner of the Texas Department of Mental Health and Mental Retardation shall appoint three psychiatrists who are licensed to practice medicine in the State of Texas to determine whether the person is manifestly dangerous. If the superintendent of the facility at which the maximum security unit is located disagrees with the determination, then the matter will be referred to the Commissioner of the Texas Department of Mental Health and Mental Retardation who will resolve the disagreement by deciding whether the person is manifestly dangerous.

(c) The court shall order a transcript of all medical testimony received in both the criminal proceedings and the civil commitment proceedings shall be prepared forthwith by the court reporters and that such transcripts, together with a statement of the facts and circumstances surrounding the alleged offense, shall accompany the patient to the mental health or mental retardation facility.

The county in which such autopsy is ordered shall pay the physician making such autopsy a reasonable fee. The Commissioners Court may authorize payment for transportation of the body within this state for the performance of an autopsy ordered by a justice of the peace. CHAPTER FIFTY-ONE. FUGITIVES FROM JUSTICE

Art. 51.14. Interstate Agreement on Detainers

This article may be cited as the "Interstate Agreement on Detainers Act." This agreement on detainers is hereby enacted into law and entered into by this state with all other jurisdictions legally joined therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I.

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations, or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations, or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

ARTICLE II.

As used in this agreement: (a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to Article III hereof or at the time that a request for custody or availability is initiated pursuant to Article IV hereof.

ARTICLE III.

(a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information, or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial within 180 days after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information, or complaint; provided that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decision of the state parole agency relating to the prisoner.

(b) The written notice and request for final disposition referred to in Paragraph (a) hereof shall be
given or sent by the prisoner to the warden, commissioner of corrections, or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested.

(c) The warden, commissioner of corrections, or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information, or complaint on which the detainer is based.

(d) Any request for final disposition made by a prisoner pursuant to Paragraph (a) hereof shall operate as a request for final disposition of all untried indictments, informations, or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of corrections, or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request, and the certificate. If trial is not had on any indictment, information, or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information, or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(e) Any request for final disposition made by a prisoner pursuant to Paragraph (a) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of Paragraph (d) hereof, and a waiver of extradition to the receiving state to serve any sentence there imposed upon him after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(f) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in Paragraph (a) hereof shall void the request.

ARTICLE IV.

(a) The appropriate officer of the jurisdiction in which an untried indictment, information, or complaint is pending shall be entitled to have a prisoner against whom he has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with Paragraph (a) of Article V hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated; provided that the court having jurisdiction of such indictment, information, or complaint shall have duly approved, recorded, and transmitted the request; and provided further that there shall be a period of 30 days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon his own motion or upon motion of the prisoner.

(b) Upon receipt of the officer's written request as provided in Paragraph (a) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. Said authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(c) In respect of any proceeding made possible by this article, trial shall be commenced within 120 days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(d) Nothing contained in this article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in Paragraph (a) hereof, but such delivery may not be opposed or denied on the ground that the executing authority of the sending state has not affirmatively consented to or ordered such delivery.

(e) If trial is not had on any indictment, information, or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to Paragraph (e) of Article V hereof, such indictment, information, or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.
ARTICLE V.

(a) In response to a request made under Article III or Article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information, or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in Article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner’s presence in federal custody at the place of trial, whichever custodial arrangement may be approved by the custodian.

(b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(1) proper identification and evidence of his authority to act for the state into whose temporary custody this prisoner is to be given;
(2) a duly certified copy of the indictment, information, or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(c) If the appropriate authority shall refuse or fail to accept temporary custody of said person, or in the event that an action on the indictment, information, or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in Article III or Article IV hereof, the appropriate court of the jurisdiction where the indictment, information, or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect.

(d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations, or complaints which form the basis of the detainer or which are for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations, or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping, and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the departments, agencies, and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

ARTICLE VI.

(a) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(b) No provision of this agreement, and no remedy made available by this agreement shall apply to any person who is adjudged to be mentally ill.

ARTICLE VII.

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide, within and without the state, information necessary to the effective operation of this agreement.

ARTICLE VIII.

This agreement shall enter into full force and effect as to a party state when such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the with-
Article 51.14 CODE OF CRIMINAL PROCEDURE 1166

drawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

ARTICLE IX.

(a) This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(b) As used in this article, "appropriate court" means a court of record with criminal jurisdiction.

(c) All courts, departments, agencies, officers, and employees of this state and its political subdivisions are hereby directed to enforce this article and to cooperate with one another and with other party states in enforcing the agreement and effectuating its purpose.

(d) Any prisoner escapes from lawful custody while in another state as a result of the application of this article shall be punished as though such escape had occurred within this state.

(e) The governor is empowered to designate the officer who will serve as central administrator of and information agent for the agreement on detainees pursuant to the provisions of Article VII hereof.

(f) Copies of this article, upon its enactment, shall be transmitted to the governor of each state, the Attorney General and the Secretary of State of the United States, and the council of state governments.

CHAPTER FIFTY-FIVE. EXPUNCTION OF CRIMINAL RECORDS

Art. 55.01. Right to Expunction

A person who has been arrested for commission of either a felony or misdemeanor is entitled to have all records and files relating to the arrest expunged if each of the following conditions exist:

(1) an indictment or information charging him with commission of a felony has not been presented against him for an offense arising out of the transaction for which he was arrested or, if an indictment or information charging him with commission of a felony was presented, it has been dismissed and the court finds that it was dismissed because the presentment had been made because of mistake, false information, or other similar reason indicating absence of probable cause at the time of the dismissal to believe the person committed the offense or because it was void;

(2) he has been released and the charge, if any, has not resulted in a final conviction and, is no longer pending and there was no court ordered supervision under Article 42.13, Code of Criminal Procedure, 1965, as amended, nor a conditional discharge under Section 4.12 of the Texas Controlled Substances Act (Article 4476-15, Vernon's Texas Civil Statutes); and

(3) he has not been convicted of a felony in the five years preceding the date of the arrest.

Art. 55.02. Procedure for Expunction

Sec. 1. (a) A person who is entitled to expunction of records and files under this chapter may file an ex parte petition for expunction in a district court for the county in which he was arrested.

(b) The petitioner shall include in the petition a list of all law enforcement agencies, jails or other detention facilities, magistrates, courts, prosecuting attorneys, correctional facilities, central state depositories of criminal records, and other officials or agencies or other entities of this state or of any political subdivision of this state and of all central federal depositories of criminal records that the petitioner has reason to believe have records or files that are subject to expunction.

Sec. 2. The court shall set a hearing on the matter no sooner than thirty days from the filing of the petition and shall give reasonable notice of the hearing to each official or agency or other entity named in the petition by certified mail, return receipt requested, and such entity may be represented by the attorney responsible for providing such agency with legal representation in other matters.

Sec. 3. (a) If the court finds that the petitioner is entitled to expunction of any records and files that are the subject of the petition, it shall enter an order directing expunction and directing any state agency that sent information concerning the arrest to a central federal depository to request such depository to return all records and files subject to the order of expunction. Any petitioner or agency protesting the expunction may appeal the court’s decision in the same manner as in other civil cases. When the order of expunction is final, the clerk of the court shall send a certified copy of the order by certified mail, return receipt requested, to each official or agency or other entity of this state or of any political subdivision of this state named in the petition that there is reason to believe has any records or files that are subject to the order. The clerk shall send a certified copy by certified mail, return receipt requested, of the order to any central federal depository of criminal records that there is reason to believe has any of the records, together with an explanation of the effect of the order and a request that the records in possession of the depository, including any information with respect to the proceeding under this article, be destroyed or returned to the court.

(b) All returned receipts received by the clerk from notices of the hearing and copies of the order shall be maintained in the file on the proceedings under this chapter.

Sec. 4. (a) If the state establishes that the petitioner is still subject to conviction for an offense
arising out of the transaction for which he was arrested because the statute of limitations has not run and there is reasonable cause to believe that the state may proceed against him for the offense, the court may provide in its order that the law enforcement agency and the prosecuting attorney responsible for investigating the offense may retain any records and files that are necessary to the investigation.

(b) Unless the petitioner is again arrested for or charged with an offense arising out of the transaction for which he was arrested, the provisions of Articles 55.03 and 55.04 of this code apply to files and records retained under this section.

The Property Tax Code, constituting Title 1 of the Tax Code, as enacted by Acts 1979, 66th Leg., p. 2217, ch. 841, is generally effective January 1, 1982.

Section 1 of Acts 1979, 66th Leg., p. 2217, ch. 841, enacted this Title. Section 6(b) of said Act provided:

“(b) All other general, local and special Laws in conflict with this Act are repealed to the extent of the conflict, and the failure expressly to repeal or amend any law in conflict with this Act is not evidence of a legislative intent that the law not be repealed.”

Section 3 of the 1979 Act was the effective date provision. Subsection (h) thereof provided:

“(h) To the extent necessary to apply provisions of the Property Tax Code that take effect before January 1, 1982, Chapter 1 takes effect on January 1, 1980.”

§ 1.01. Short Title
This title may be cited as the Property Tax Code. [Acts 1979, 66th Leg., p. 2218, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 1.02. Applicability of Title
This title applies to a taxing unit that is created by or pursuant to any general, special, or local law enacted before or after the enactment of this title unless a law enacted after enactment of this title by or pursuant to which the taxing unit is created expressly provides that this title does not apply. [Acts 1979, 66th Leg., p. 2218, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 1.03. Construction of Title
The Code Construction Act1 applies to the construction of each provision of this title except as otherwise expressly provided by this title. [Acts 1979, 66th Leg., p. 2218, ch. 841, § 1, eff. Jan. 1, 1982.]

1 Civil Statutes, art. 5429b-2.

§ 1.04. Definitions
In this title:

(1) “Property” means any matter or thing capable of private ownership.

(B) an improvement;
(C) a mine or quarry;
(D) a mineral in place;
(E) standing timber; or
(F) an estate or interest, other than a mortgage or deed of trust creating a lien on property or an interest securing payment or performance of an obligation, in a property enumerated in Paragraphs (A) through (E) of this subdivision.

(3) "Improvement" means:
(A) a building, structure, fixture, or fence erected on or affixed to land; or
(B) a transportable structure that is designed to be occupied for residential or business purposes, whether or not it is affixed to land, if the owner of the structure owns the land on which it is located, unless the structure is unoccupied and held for sale or normally is located at a particular place only temporarily.

(4) "Personal property" means property that is not real property.

(5) "Tangible personal property" means personal property that can be seen, weighed, measured, felt, or otherwise perceived by the senses, but does not include a document or other perceptible object that constitutes evidence of a valuable interest, claim, or right and has negligible or no intrinsic value.

(6) "Intangible personal property" means a claim, interest (other than an interest in tangible property), right, or other thing that has value but cannot be seen, felt, weighed, measured, or otherwise perceived by the senses, although its existence may be evidenced by a document. It includes a stock, bond, note or account receivable, franchise, license or permit, demand or time deposit, certificate of deposit, share account, share certificate account, share deposit account, insurance policy, annuity, pension, cause of action, contract, and goodwill.

(7) "Market value" means the price at which a property would transfer for cash or its equivalent under prevailing market conditions if:
(A) exposed for sale in the open market with a reasonable time for the seller to find a purchaser;
(B) both the seller and the purchaser know of all the uses and purposes to which the property is adapted and for which it is capable of being used and of the enforceable restrictions on its use; and
(C) both the seller and purchaser seek to maximize their gains and neither is in a position to take advantage of the exigencies of the other.

(8) "Appraised value" means the value determined as provided by Chapter 23 of this code.

(9) "Assessed value" means the amount determined by multiplying the appraised value by the applicable assessment ratio.

(12) "Taxing unit" means a county, an incorporated city or town (including a home-rule city), a school district, a special district or authority, or any other political unit of this state, whether created by or pursuant to the constitution or a local, special, or general law, that is authorized to impose and is imposing ad valorem taxes on property.

However, "possessory interest" does not include an interest, whether of limited or indeterminate duration, that involves a right to exhaust a portion of a real property.

2. it bears a post office cancellation mark of a date earlier than the specified date and within the specified period or the property owner furnishes satisfactory proof that it was deposited in the mail before the specified date and within the specified period.

SUBCHAPTER A. APPRAISAL DISTRICTS

Section 1 of Acts 1979, 66th Leg., p. 2217, ch. 841, enacted Title 1 of the Tax Code, the Property Tax Code. Section 3 of said Act was the effective date provision. Subsection (c) thereof provided:

“(c)(1) Except as otherwise provided by this subsection, Subchapter A of Chapter 6 takes effect January 1, 1980.

“(2) For the purpose of appointing the first members of the appraisal district board of directors, Section 6.03 takes effect September 1, 1979.

“(3) Section 6.06 takes effect January 1, 1981. However, for the purpose of preparing and adopting a budget for 1981, Subsections (a) through (c) of Section 6.06 take effect September 1, 1980. The board shall perform the chief appraiser’s functions as provided by Section 6.06 before the district employs a chief appraiser.

“(4) Between January 1, 1980, and January 1, 1982, the appraisal district board of directors shall prepare for the district’s operations pursuant to the Property Tax Code. The board of directors shall establish, equip, and staff the appraisal office before January 1, 1982. In 1980, the board of directors shall operate with funds distributed by the State Property Tax Board and in 1981 shall operate with the state funds and with the money paid to the district pursuant to Section 6.06, Property Tax Code.

“(5) Before January 1, 1982, the appraisal district may contract as provided by the Interlocal Cooperation Act [Civil Statutes, art. 4418(82c)] to perform appraisal services for any taxing unit within the district. A contract authorized by this subsection must provide that each contracting taxing unit pay the actual costs of the appraisal services performed for it and that a board of equalization appointed by the district’s board of directors serve as board of equalization for the unit.
§ 6.01. Appraisal Districts Established

(a) An appraisal district is established in each county.

(b) The district is responsible for appraising property in the district for ad valorem tax purposes of the state and of each taxing unit other than the county that imposes ad valorem taxes on property in the district.

[Acts 1979, 66th Leg., p. 2224, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 6.02. District Boundaries

(a) Except as otherwise provided by this section, the appraisal district’s boundaries are the same as the county’s boundaries.

(b) A school district, an incorporated city or town, a water control and improvement district organized pursuant to Chapter 51, Water Code, irrigation districts organized under Chapter 58, Water Code, or a junior college district that has boundaries extending into two or more counties may choose to participate in only one of the appraisal districts. In that event, the boundaries of the district chosen extend outside the county to the extent of the unit’s boundaries.

(c) A taxing unit that is eligible to choose to participate in only one appraisal district as provided by Subsection (b) of this section must make the choice by an official action of its governing body in the manner required by law for official action by the body adopted at least 90 days before the first day of the tax year in which appraisal districts first begin appraising property for ad valorem tax purposes. The choice made by a taxing unit is binding and may not be repealed or modified while the unit’s boundaries extend into the county in which the appraisal district it joins is located. However, if the unit ceases to have territory in that county but still has territory in two or more counties, the unit may choose to participate in only one district in the manner prescribed by this subsection. The choice must be made at least 90 days before the first day of the next tax year.

(d) If, as a result of a taxing unit choosing to participate in only one appraisal district as authorized by Subsection (b) of this section, no taxing unit in a district imposes taxes on property in a portion of the district, the district is not required to appraise the property.

(e) All costs of operating an appraisal district in territory outside the county for which the appraisal district is established are allocated to the taxing unit that chooses to add that territory to the district. If two or more taxing units add the same territory to an appraisal district, costs of operating the district in that territory are allocated to the units in the proportion the total dollar amount of taxes each unit imposes in that territory bears to the total dollar amount of taxes all taxing units participating in the appraisal district impose in that territory.

[Acts 1979, 66th Leg., p. 2224, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 6.03. Board of Directors

(a) The appraisal district is governed by a board of five directors. To be eligible to serve on the board of directors, an individual must be a resident of the district and must have resided in the district for at least two years.

(b) Members of the board of directors serve two-year terms beginning on January 1 of even-numbered years.

(c) Members of the board of directors are appointed by vote of the governing bodies of the incorporated cities and towns and the school districts that participate in the district. A governing body may cumulate its votes by multiplying the number of votes to which it is entitled by this section by the number of directorships to be filled and by casting that total for one candidate or distributing it among candidates for any number of directorships.

(d) The voting entitlement of a taxing unit that is entitled to vote for directors is determined by dividing the total dollar amount of property taxes imposed in the district by the taxing unit for the preceding tax year by the sum of the total dollar amount of property taxes imposed in the district for that year by each taxing unit that is entitled to vote, by multiplying the quotient by 1,000, and by rounding the product to the nearest whole number. A taxing unit participating in two or more districts is entitled to vote in each district in which it participates, but only the taxes imposed in a district are used to calculate voting entitlement in that district.
(e) The county clerk shall calculate the number of votes to which each taxing unit is entitled and shall deliver written notice to the presiding officer of the governing body of each unit of its voting entitlement before October 1 of each odd-numbered year.

(f) Each taxing unit that is entitled to vote may nominate by resolution adopted by its governing body one candidate for each position to be filled on the board of directors. The presiding officer of the governing body of the unit shall submit the names of the unit's nominees to the county clerk before October 15. Before October 30, the county clerk shall prepare a ballot, listing the candidates alphabetically according to the first letter in each candidate's surname, and shall deliver a copy of the ballot to the presiding officer of the governing body of each taxing unit that is entitled to vote.

(g) The governing body of each taxing unit entitled to vote shall determine its vote by resolution and submit it to the county clerk before November 15. The county clerk shall count the votes, declare the five candidates who receive the largest cumulative vote totals elected, and submit the results before December 1, to the governing body of each taxing unit in the district and to the candidates.

(h) If a vacancy occurs on the board of directors, each taxing unit that is entitled to vote by this section may nominate by resolution adopted by its governing body a candidate to fill the vacancy. The unit shall submit the name of its nominee to the county clerk within 10 days after notification from the board of directors of the existence of the vacancy, and the county clerk shall prepare and deliver to the board of directors within the next five days a list of the nominees. The board of directors shall elect by majority vote of its members one of the nominees to fill the vacancy.

(i) The governing bodies of three-fourths of the taxing units that are entitled to vote on the appointment of members of a district's board of directors may change the number of members on the board of directors or may change the method of selecting members of the board of directors.

[Acts 1979, 66th Leg., p. 2224, ch. 841, § 1, eff. Jan. 1, 1980.]

For provisions as to the effective date of this section, see italicized note preceding § 6.01.

§ 6.04. Organization, Meetings, and Compensation

(a) A majority of the appraisal district board of directors constitutes a quorum. At its first meeting each calendar year, the board shall elect from its members a chairman and a secretary.

(b) The board may meet at any time at the call of the chairman or as provided by board rule. The board shall meet on October 1 of each year to receive the chief appraiser's proposed budget.

(c) Members of the board may not receive compensation for service on the board but are entitled to reimbursement for actual and necessary expenses incurred in the performance of their duties as provided by the budget adopted by the board.

[Acts 1979, 66th Leg., p. 2224, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 6.05. Appraisal Office

(a) Except as authorized by Subsection (b) of this section, each appraisal district shall establish an appraisal office.

(b) The board of directors of an appraisal district may contract with an appraisal office in another district or with a taxing unit in the district to perform the duties of the appraisal office for the district.

(c) The chief appraiser is the chief administrator of the appraisal office. The chief appraiser is appointed by and serves at the pleasure of the appraisal district board of directors. If a taxing unit performs the duties of the appraisal office pursuant to a contract, the assessor for the unit is the chief appraiser.

(d) The chief appraiser is entitled to compensation as provided by the budget adopted by the board of directors. He may employ and compensate professional, clerical, and other personnel as provided by the budget.

(e) The chief appraiser may delegate authority to his employees.

[Acts 1979, 66th Leg., p. 2224, ch. 841, § 1, eff. Jan. 1, 1980.]

Section 1 of Acts 1979, 66th Leg., p. 2217, ch. 841, enacted Title 1 of the Tax Code, the Property Tax Code. Section 3 of said Act was the effective date provision. Subsection (k) thereof provided:

"(k) For purposes of applying the parts of the Property Tax Code that take effect before January 1, 1992, 'appraisal office,' 'appraisal district,' and 'chief appraiser' mean the office or officer, as applicable, that appraises property for the tax purposes of a taxing unit.'"

§ 6.06. Appraisal District Budget and Financing

(a) Each year the chief appraiser shall prepare a proposed budget for the operations of the district for the following tax year and shall submit copies to each taxing unit participating in the district and to the district board of directors before October 1. He shall include in the budget an estimate of the amount of the budget that will be allocated to each taxing unit.

(b) The board of directors shall meet to consider the budget. The secretary of the board shall deliver to the presiding officer of the governing body of each taxing unit participating in the district not later than the 10th day before the date of the hearing a written notice of the date, time, and place fixed for the hearing. The board shall complete its hearings, make any amendments to the proposed budget it desires, and finally approve a budget before December 1.

(c) The board may amend the approved budget at any time, but the secretary of the board must deliv-
er a written copy of a proposed amendment to the presiding officer of the governing body of each taxing unit participating in the district not later than the 30th day before the date the board acts on it.

(d) Unless the governing bodies of three-fourths of the taxing units entitled to vote on appointment of members of the district's board of directors agree to a different method of allocating the costs of operating the district, each taxing unit participating in the district is allocated a portion of the amount of the budget equal to the proportion that the total dollar amount of property taxes imposed in the district by the unit for the tax year in which the budget proposal is prepared bears to the sum of the total dollar amount of property taxes imposed in the district by each participating unit for that year. If a taxing unit participates in two or more districts, only the taxes imposed in a district are used to calculate the unit's cost allocations in that district.

(e) Unless the governing body of a unit and the chief appraiser agree to a different method of payment, each taxing unit shall pay its allocation in four equal payments to be made at the end of each calendar quarter, and the first payment shall be made before January 1 of the year in which the budget takes effect. If the budget is amended, any change in the amount of a unit's allocation is apportioned among the payments remaining.

(f) Payments shall be made to a depository designated by the district board of directors. The district's funds may be disbursed only by a written check, draft, or order signed by the chairman and secretary of the board or, if authorized by resolution of the board, by the chief appraiser.

For provisions as to the effective date of this section, see italicized note preceding § 6.02.

§ 6.07. Taxing Unit Boundaries

If a new taxing unit is formed or an existing taxing unit's boundaries are altered, the unit shall notify the appraisal office of the new boundaries within 30 days after the date the unit is formed or its boundaries are altered.

For provisions as to the effective date of this section, see italicized note preceding § 6.02.

§ 6.08. Notice of Optional Exemptions

If a taxing unit adopts, amends, or repeals an exemption that the unit by law has the option to adopt or not, the taxing unit shall notify the appraisal office of its action and of the terms of the exemption within 30 days after the date of its action.

(c) To be effective, a contract between a county and another taxing unit or an appraisal district for the assessment and collection of state taxes must be approved by the State Property Tax Board.

[Acts 1979, 66th Leg., p. 2227, ch. 841, § 1, eff. Jan. 1, 1982.]

If the governing bodies (and appraisal district board of directors when the district is involved) agree, a function may be consolidated when performance of the function begins in less than 90 days after the date of the election.

The governing body may prescribe additional requirements for the bond.

(b) A taxing unit whose taxes are collected by the collector for another taxing unit may require the collector to give bond conditioned on the faithful performance of his duties. To be effective, the bond must be made payable to and must be approved by the governing body of the unit requiring bond in an amount determined by the governing body. [Sections 23.18 to 23.40 reserved for expansion]

SUBCHAPTER C. LAND DESIGNATED FOR AGRICULTURAL USE

§ 23.41. Appraisal
(a) Land designated for agricultural use is appraised at its value based on the land's capacity to produce agricultural products. The value of land based on its capacity to produce agricultural products is determined by capitalizing the average net income the land would have yielded under prudent management from production of agricultural products during the five years preceding the current year. However, if the value of land as determined by capitalization of average net income exceeds the market value of the land as determined by other generally accepted appraisal methods, the land shall be appraised by application of the other appraisal methods.
(b) The State Property Tax Board shall promulgate rules specifying the methods to apply and the procedures to use in appraising land designated for agricultural use.
(c) The board shall compile, publish, and distribute to the appraisal offices and county assessors-collec-
tors information about soil type, general topography, general weather conditions, and other factors affecting land's capacity to produce agricultural products for use in classifying agricultural land.

(d) Each year the board shall compile, publish, and distribute to appraisal offices and county assessors-collectors schedules of the agricultural costs and prices for use in calculating average net income for each type of agricultural operation. The board shall use information provided by other state agencies and educational institutions, federal agencies, and other entities interested in agriculture in developing the classifications of land and the schedules.

(e) Improvements other than appurtenances to the land, the mineral estate, and all land used for residential purposes and for processing harvested agricultural products are appraised separately at market value. Riparian water rights, private roads, terraces, and similar reshappings of or additions to the soil for agricultural purposes are appurtenances to the land, and the effect of each on the value of the land for agricultural use shall be considered in appraising the land. However, the State Property Tax Board shall provide that in calculating average net income from land a deduction from income be allowed for an appurtenance subject to depreciation or depletion.

[Acts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.42. Eligibility

(a) An individual is entitled to have land he owns designated for agricultural use if, on January 1:

(1) the land has been devoted exclusively to or developed continuously for agriculture for the three years preceding the current year;

(2) he is using and intends to use the land for agriculture as an occupation or a business venture for profit during the current year; and

(3) agriculture is his primary occupation and primary source of income.

(b) Use of land for nonagricultural purposes does not deprive an owner of his right to an agricultural designation if the nonagricultural use is secondary to and compatible with the agricultural use of the land.

(c) Agriculture is an individual's primary occupation and primary source of income if as of January 1 he devotes a greater portion of his time to and derives a greater portion of his gross income from agriculture than any other occupation. The time an individual devotes to each occupation and the gross income he derives from each is determined by averaging the time he devoted to each and the gross income he derived from each for any number of consecutive years not exceeding five years immediately preceding January 1 of the current year, that he has engaged in agriculture as an occupation. However, if he has not been engaged in agriculture as an occupation for the entire year preceding January 1, the time he has devoted to and the income he has derived from each occupation since the date he began engaging in agriculture as an occupation determine whether agriculture is his primary occupation and primary source of income.

(d) For purposes of this section:

(1) "Agriculture" means the use of land to produce plant or animal products, including fish or poultry products, under natural conditions but does not include the processing of plant or animal products after harvesting or the production of timber or forest products.

(2) "Occupation" includes employment and a business venture that requires continual supervision or management.

[Acts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.43. Application

(a) An individual claiming the right to have his land designated for agricultural use must apply for the designation each year he claims it. Application for the designation for county taxes is made by filing a sworn application form with the county assessor-collector for each county in which the land is located. Application for the designation for state taxes and the taxes of all taxing units other than the county is made by filing a sworn application form with the chief appraiser for each appraisal district in which the land is located.

(b) A claimant must deliver a completed application form to the chief appraiser or the county assessor-collector, as applicable, before April 1 and must furnish the information required by the form. For good cause shown the chief appraiser or the county assessor-collector, as applicable, may extend the deadline for filing the application by written order for a single period not to exceed 15 days.

(c) If a claimant fails to timely file a completed application form in a given year, he may not receive the agricultural designation for that year.

(d) The State Property Tax Board in prescribing the contents of the application forms shall ensure that each form requires a claimant to furnish the information necessary to determine the validity of the claim. The board shall require that the form permit a claimant who has previously been allowed an agricultural designation to indicate that previously reported information has not changed and to supply only the eligibility information not previously reported.

(e) Before February 1 the chief appraiser or the county assessor-collector, as applicable, shall deliver an application form to each individual whose land was designated for agricultural use during the preceding year. He shall include with the application a brief explanation of the requirements for obtaining agricultural designation.

[Acts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]
§ 23.44. Action on Application

(a) The chief appraiser or the county assessor-collector, as applicable, shall determine individually each claimant’s right to the agricultural designation. After considering the application and all relevant information, the chief appraiser or the county assessor-collector, as applicable, shall, as the law and facts warrant:

(1) approve the application and designate the land for agricultural use;

(2) disapprove the application and request additional information from the claimant in support of the claim; or

(3) deny the application.

(b) If the chief appraiser or the county assessor-collector requests additional information from a claimant, the claimant must furnish the information within 30 days after the date of the request or before April 15, whichever is earlier, or the application is denied. However, for good cause shown the chief appraiser or the county assessor-collector, as applicable, may extend the deadline for furnishing additional information by written order for a single period not to exceed 15 days.

(c) The chief appraiser or the county assessor-collector, as applicable, shall determine the validity of each application for agricultural designation filed with him before he submits the appraisal records for review and determination of protests as provided by Chapter 41 of this code.

(d) If the chief appraiser or the county assessor-collector denies an application, he shall deliver a written notice of the denial to the claimant within five days after the date of denial. The notice must include a brief explanation of the procedures for protesting the denial.

[Aacts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.45. Application Confidential

(a) An application for agricultural designation filed with a chief appraiser or a county assessor-collector is confidential and not open to public inspection. The application and the information it contains about specific property or a specific owner may not be disclosed to anyone other than an employee of the appraisal office or of the county assessor-collector who appraises property except as authorized by Subsection (b) of this section.

(b) Information made confidential by this section may be disclosed:

(1) in a judicial or administrative proceeding pursuant to a lawful subpoena;

(2) to the person who filed the application or to his representative authorized in writing to receive the information;

(3) to the director of the State Property Tax Board and his employees authorized by him in writing to receive the information or to an assessor or a chief appraiser if requested in writing;

(4) in a judicial or administrative proceeding relating to property taxation to which the person who filed the application is a party;

(5) for statistical purposes if in a form that does not identify specific property or a specific property owner; or

(6) if and to the extent the information is required to be included in a public document or record that the appraisal office or the county assessor-collector is required to prepare or maintain.

(c) A person who legally has access to an application for agricultural designation or who legally obtains the confidential information the application contains commits a Class B misdemeanor if he knowingly:

(1) permits inspection of the application by a person not authorized to inspect it by Subsection (b) of this section;

(2) discloses confidential information contained in the report to a person not authorized to receive the information by Subsection (b) of this section.

[Aacts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.46. Deferred Taxation

(a) When appraising land designated for agricultural use, the chief appraiser or the county assessor-collector, as applicable, also shall appraise the land at its market value and shall record both the market value and the value based on its capacity to produce agricultural products in the appraisal records.

(b) Property taxes imposed on land designated for agricultural use are based on the land’s agricultural use value determined as provided by Section 23.41 of this code after the appropriate assessment ratio has been applied to that value. When an assessor calculates the amount of tax due on the land, however, he shall also calculate the amount of tax that would have been imposed had the land not been designated for agricultural use. The difference in the amount of tax imposed and the amount that would have been applied to that value is the amount of deferred tax for that year, and the assessor shall enter that amount in his tax records relating to the property.

(c) If land that has been designated for agricultural use in any year is sold or diverted to a nonagricultural use, the total amount of taxes deferred in the three years preceding the year in which the land is sold or diverted plus interest at the rate provided for delinquent taxes becomes due. The assessor for each taxing unit shall include the amount of deferred tax plus interest as back taxes on the next bill for taxes on the land.

[Aacts 1979, 66th Leg., p. 2254, ch. 841, § 1, eff. Jan. 1, 1982.]

SUBCHAPTER D. APPRAISAL OF AGRICULTURAL LAND

§ 23.51. Definitions

In this subchapter:

(1) "Qualified open-space land" means land that is currently devoted principally to agricultural use to the degree of intensity generally accepted in the area and that has been devoted principally to agricultural use for five of the preceding seven years or land that is used principally as an ecological laboratory by a public or private college or university. Qualified open-space land includes all appurtenances to the land. For the purposes of this subdivision, appurtenances to the land means private roads, fences, and riparian water rights.

(2) "Agricultural use" includes but is not limited to the following activities: cultivating the soil, producing crops for human food, animal feed, or planting seed or for the production of fibers; floriculture, viticulture, and horticulture; raising or keeping livestock; and planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(3) "Category" means the value classification of land considering the agricultural use to which the land is principally devoted. Categories of land include but are not limited to irrigated cropland, dry cropland, improved pasture, native pasture, orchard, and waste and may be further divided according to soil type, soil capability, irrigation, general topography, geographical factors, and other factors which influence the productive capacity of the category. The chief appraiser and the county assessor-collector shall obtain information from the Texas Agricultural Extension Service, Soil Conservation Service, and other recognized agricultural sources for the purposes of determining the categories of production existing in the appraisal district or county.

(4) "Net to land" means the average annual net income derived from the use of open-space land that would have been earned from the land during the five-year period preceding the appraisal by an owner using ordinary prudence in the management of the land and the farm crops or livestock produced or supported on the land and, in addition, any income received from hunting or recreational leases. The chief appraiser and the county assessor-collector shall calculate net to land using an owner-operator budget, subtracting all ordinary and prudent expenses incurred in pursuit of agricultural use, including all ordinary and prudent expenses incurred in connection with hunting and recreational leases and including owner labor and fixed and variable costs, from the five-year average agricultural income using estimates available from the Texas Agricultural Extension Service, U.S. Agricultural Stabilization and Conservation Service, the Soil Conservation Service, the Texas Department of Agriculture Crop and Livestock Reporting Service, and universities and colleges within this state. Only if insufficient data is available to calculate net to land on the basis of an owner-operator budget, net to land may be determined by considering the income that would be due to the owner of the land under cash lease, share lease, or whatever lease arrangement is typical in that area for that category of land, and all expenses directly attributable to the agricultural use of the land by the owner shall be subtracted from this owner income and the results shall be used in income capitalization. Net to land shall be determined by the same method for all land in the same category located in the same appraisal district or county, as applicable. In calculating net to land, a reasonable deduction shall be made for any depletion that occurs of underground water used in the agricultural operation.

(5) "Income capitalization" means the process of dividing net to land by the capitalization rate to determine the appraised value.

[Acts 1979, 66th Leg., p. 2257, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.52. Appraisal of Qualified Agricultural Land

(a) The appraised value of qualified open-space land is determined on the basis of the category of the land, using accepted income capitalization methods applied to average net to land. The appraised value so determined may not exceed the market value as determined by other appraisal methods.

(b) The chief appraiser and county assessor-collector shall determine the appraised value according to this subchapter and, when requested by a landowner, the appraised value according to Subchapter C of this chapter of each category of open-space land owned by that landowner and shall make each value and the market value according to the preceding year's appraisal roll available to a person seeking to apply for appraisal as provided by this subchapter or as provided by Subchapter C of this chapter.

(c) The chief appraiser and the county assessor-collector may not change the appraised value of a parcel of open-space land unless the owner has applied for and the land has qualified for appraisal as provided by this subchapter or by Subchapter C of this chapter or unless the change is made as a result of a reappraisal.
(d) The State Property Tax Board by rule shall develop and distribute to each appraisal office and county assessor-collector appraisal manuals setting forth this method of appraising qualified open-space land, and each appraisal office and county assessor-collector shall use the appraisal manuals in appraising qualified open-space land. The State Property Tax Board by rule shall develop and the appraisal office and county assessor-collector shall enforce procedures to verify that land meets the conditions contained in Subdivision (1) of Section 23.51 of this code. The rules, before taking effect, must be approved by a majority vote of a committee comprised of the following officials or their designees: the governor, the comptroller, the attorney general, the agriculture commissioner, and the Commissioner of the General Land Office.

(e) For the purposes of Section 23.55 of this code, the chief appraiser and county assessor-collector shall determine the market value of qualified open-space land and shall record both the market value and the appraised value in the appraisal records.

(f) The appraisal of minerals or subsurface rights to minerals is not within the provisions of this subchapter.

§ 23.53. Capitalization Rate

The capitalization rate to be used in determining the appraised value of qualified open-space land as provided by this subchapter is 10 percent or the interest rate specified by the Federal Land Bank of Houston on December 31 of the preceding year plus 2½ percentage points, whichever percentage greater.

[Acts 1979, 66th Leg., p. 2257, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.54. Application

(a) A person claiming that his land is eligible for appraisal under this subchapter must file a valid application with the chief appraiser for purposes of appraisal by the appraisal district or the county assessor-collector for purposes of appraisal by that officer.

(b) To be valid, the application must:

1. Be on a form provided by the appraisal office or the county assessor-collector, if applicable, and prescribed by the State Property Tax Board; and

2. Contain the information necessary to determine the validity of the claim.

(c) The State Property Tax Board shall include on the form a notice of the penalties prescribed by Section 37.10, Penal Code, for making or filing an application containing a false statement.

§ 23.55. Change of Use of Land

(a) If the use of land that has been appraised as provided by this subchapter changes, an additional tax is imposed on the land equal to the difference between the taxes imposed on the land for each of the five years preceding the year in which the change of use occurs that the land was appraised as provided by this subchapter and the tax that would have been imposed had the land been taxed on the basis of market value in each of those years, plus interest at an annual rate of seven percent calculated from the dates on which the differences would have become due.

(b) A tax lien attaches to the land on the date the change of use occurs to secure payment of the additional tax and interest imposed by this section and any penalties incurred. The lien exists in favor of the state and all taxing units for which the additional tax is imposed.

(c) The additional tax imposed by this section does not apply to a year for which the tax has already been imposed.

(d) If the change of use applies to only part of a parcel that has been appraised as provided by this subchapter, the additional tax applies only to that part of the parcel and equals the difference between the taxes imposed on that part of the parcel and the taxes that would have been imposed had that part been taxed on the basis of market value.

(e) The assessor shall prepare and deliver a statement for the additional taxes as soon as practicable after the change of use occurs. The taxes become delinquent and incur penalties and interest as provided by law for ad valorem taxes imposed by the taxing unit if not paid before the next date on which the unit’s taxes become delinquent that is more than 10 days after the date the statement is delivered.

(f) The sanctions provided by Subsection (a) of this section do not apply if the change of use occurs as a result of a sale for right-of-way or a condemnation.

(g) If the use of the land changes to a use that qualifies under Subchapter E of this chapter, the
sanctions provided by Subsection (a) of this section do not apply.

(h) Additional taxes, if any, for a year in which land was designated for agricultural use as provided by Subchapter C of this chapter \(^2\) (or Article VIII, Section 1-d, of the constitution) are determined as provided by that subchapter, and the additional taxes imposed by this section do not apply for that year. [Acts 1979, 66th Leg., p. 2257, ch. 841, § 1, eff. Jan. 1, 1982.]

\(^2\) Section 23.41 et seq.

§ 23.55. Land Ineligible for Appraisal as Open-Space Land

Land is not eligible for appraisal as provided by this subchapter if:

1. the land is located inside the corporate limits of an incorporated city or town, unless:
   
   A. the city or town is not providing the land with governmental and proprietary services substantially equivalent in standard and scope to those services it provides in other parts of the city or town with similar topography, land utilization, and population density; or
   
   B. the land has been devoted principally to agricultural use continuously for the preceding five years;

2. the land is owned by an individual who is a nonresident alien or by a foreign government if that individual or government is required by federal law or by rule adopted pursuant to federal law to register his ownership or acquisition of that property; or

3. the land is owned by a corporation, partnership, trust, or other legal entity if the entity is required by federal law or by rule adopted pursuant to federal law to register its ownership or acquisition of that land and a nonresident alien or a foreign government or any combination of nonresident aliens and foreign governments own a majority interest in the entity. [Acts 1979, 66th Leg., p. 2257, ch. 841, § 1, eff. Jan. 1, 1982.]

SUBCHAPTER E. APPRAISAL OF TIMBER LAND

§ 23.71. Definitions

In this subchapter:

1. “Category of the land” means the value classification of land for timber production, based on soil type, soil capability, general topography, weather, location, and other pertinent factors, as determined by competent governmental sources.

2. “Net to land” means the average net income that would have been earned by a category of land over the preceding five years by a person using ordinary prudence in the management of the land and the timber produced on the land. The net income for each year is determined by multiplying the land's potential average annual growth, expressed in cords or board feet of wood, by the average stumpage value, taking into consideration the three general types of timber as produced on the four different soil types, as determined by using information from the U.S. Forest Service, U.S. Geological Survey, the Soil Conservation Service, the Texas Forest Service, and colleges and universities within this state, and by subtracting from the product reasonable management costs and other reasonable expenses directly attributable to the production of the timber. [Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.72. Qualification for Productivity Appraisal

Land qualifies for appraisal as provided by this subchapter if it is currently and actively devoted principally to production of timber or forest products to the degree of intensity generally accepted in the area with intent to produce income and has been devoted principally to production of timber or forest products for five of the preceding seven years. [Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.73. Appraisal of Qualified Timber Land

(a) The appraised value of qualified timber land is determined on the basis of the category of the land, using accepted income capitalization methods applied to average net to land. The appraised value so determined may not exceed the market value of the land as determined by other appraisal methods.

(b) The State Property Tax Board by rule shall develop and distribute to each appraisal office and county assessor-collector appraisal manuals setting forth this method of appraising qualified timber land, and each appraisal office and county assessor-collector shall use the appraisal manuals in appraising qualified timber land. The State Property Tax Board by rule shall develop and the appraisal office and county assessor-collector shall enforce procedures to verify that land meets the conditions contained in Section 23.72 of this code. The rules, before taking effect, must be approved by majority vote of a committee comprised of the following officials or their designees: the governor, the comptroller, the attorney general, the agriculture commissioner, and the Commissioner of the General Land Office.

(c) For the purposes of Section 23.76 of this code, the chief appraiser and the county assessor-collector also shall determine the market value of qualified timber land and shall record both the market value and the appraised value in the appraisal records.
(d) The appraisal of minerals or subsurface rights to minerals is not within the provisions of this subchapter.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.74. Capitalization Rate

The capitalization rate to be used in determining the appraised value of qualified timber land as provided by this subchapter is the interest rate specified by the Federal Land Bank of Houston on December 31 of the preceding year plus 2-1/2 percentage points.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.75. Application

(a) A person claiming that his land is eligible for appraisal as provided by this subchapter must file a valid application with the chief appraiser for purposes of appraisal by the appraisal district or the county assessor-collector for purposes of appraisal by that officer.

(b) To be valid, the application must:

(1) be on a form provided by the appraisal office or the county assessor-collector, if applicable, and prescribed by the State Property Tax Board; and

(2) contain the information necessary to determine the validity of the claim.

(c) The State Property Tax Board shall include on the form a notice of the penalties prescribed by Section 37.10, Penal Code, for making or filing an application containing a false statement.

(d) The form must be filed before April 1. However, for good cause the tax assessor may extend the filing deadline for not more than 60 days.

(e) If a person fails to file a valid application on time, the land is ineligible for appraisal as provided by this subchapter for that year.

(f) The appraisal office and the county assessor-collector shall make a sufficient number of printed application forms readily available at no charge and shall mail a form each year at least 90 days before the filing deadline to each person owning land that was appraised as provided by this subchapter in the preceding year.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.76. Change of Use of Land

(a) If the use of land that has been appraised as provided by this subchapter changes, an additional tax is imposed on the land equal to the difference between the taxes imposed on the land for each of the five years preceding the year in which the change of use occurs that the land was appraised as provided by this subchapter and the tax that would have been imposed had the land been taxed on the basis of market value in each of those years, plus interest at an annual rate of seven percent calculated from the dates on which the differences would have become due.

(b) A tax lien attaches to the land on the date the change of use occurs to secure payment of the additional tax and interest imposed by this section and any penalties incurred. The lien exists in favor of the state and all taxing units for which the additional tax is imposed.

(c) The additional tax imposed by this section does not apply to a year for which the tax has already been imposed.

(d) If the change of use applies to only part of a parcel that has been appraised as provided by this subchapter, the additional tax applies only to that part of the parcel and equals the difference between the taxes imposed on that part of the parcel and the taxes that would have been imposed had that part been taxed on the basis of market value.

(e) The assessor shall prepare and deliver a statement for the additional taxes as soon as practicable after the change of use occurs. The taxes become delinquent and incur penalties and interest as provided by law for ad valorem taxes imposed by the taxing unit if not paid before the next date on which the unit's taxes become delinquent that is more than 10 days after the date the statement is delivered.

(f) The sanctions provided by Subsection (a) of this section do not apply if the change of use occurs as a result of a sale for right-of-way or a condemnation.

(g) If the use of the land changes to a use that qualifies under Subchapter C or D of this chapter, the sanctions provided by Subsection (a) of this section do not apply.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.77. Land Ineligible for Appraisal as Timber Land

Land is not eligible for appraisal as provided by this subchapter if:

(1) the land is located inside the corporate limits of an incorporated city or town, unless:

(A) the city or town is not providing the land with governmental and proprietary services substantially equivalent in standard and scope to those services it provides in other parts of the city or town with similar topography, land utilization, and population density; or

(B) the land has been devoted principally to production of timber or forest products continuously for the preceding five years;

(2) the land is owned by an individual who is a nonresident alien or by a foreign government if that individual or government is required by federal law or by rule adopted pursuant to
federal law to register his ownership or acquisition of that property; or

(3) the land is owned by a corporation, partnership, trust, or other legal entity if the entity is required by federal law or by rule adopted pursuant to federal law to register its ownership or acquisition of that land and a nonresident alien or a foreign government or any combination of nonresident aliens and foreign governments own a majority interest in the entity.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 23.78. Minimum Appraisal of Timber Land

The value for ad valorem tax purposes of qualified timber land appraised as provided by this article may not be less than the appraised value of that land for the 1978 tax year, except that the value used for any tax year may not exceed the fair market value of the land as determined by other generally accepted appraisal methods.

[Acts 1979, 66th Leg., p. 2261, ch. 841, § 1, eff. Jan. 1, 1982.]

(3) motor bus carriers subject to regulation by the railroad commission;
(4) common or contract motor carriers subject to regulation by the railroad commission; and

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 24.02. Property Information Report

(b) The report must be on a form prescribed and furnished by the board. In prescribing the forms, the board shall ensure that each requires a taxpayer to furnish the information necessary for the board to perform its duties under this subchapter.

(c) The report must contain all the information required by the form and must be signed by the individual required to file the report by Subsection (a) of this section. When a corporation is required to file the report, an officer of the corporation must sign the report.

(d) Reports must be filed before May 1. For good cause shown the board may extend the filing deadline by written order for a single period not to exceed 30 days.

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 24.03. Additional Information

(c) The board shall deduct the market value of the business's tangible operating property located in or allocable to this state from the market value of all the transportation operation allocable to this state determined as provided by Subsection (b) of this section. The remainder is the market value of the intangibles of the business in this state.

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

(1) the market value of the business’s transportation operation;

(2) the amount of that value allocated to this state in the case of an interstate or international business;

(3) the market value of its tangible property located in or allocable to this state;

(4) the market value of its intangibles in this state; and

(5) the amount of intangible value apportioned to each county in which the business operates.

(b) The notice shall be in writing, delivered by registered or certified mail, return receipt requested, and shall include the date, time, and place the board will convene a hearing to decide protests.

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

(b) The board shall note that the appraisal and allocation are for intangibles that escaped taxation in a prior year and shall indicate the year and the appraised value for each year.

[Acts 1979, 66th Leg., p. 2264, ch. 841, § 1, eff. Jan. 1, 1980.]

§ 24.37. Intrastate Apportionment

The State Property Tax Board shall apportion the appraised value of each owner's rolling stock to each county in which the railroad using it operates according to the ratio the mileage of road owned by the railroad in the county bears to the total mileage of road the railroad owns in this state.

[Acts 1979, 66th Leg., p. 2267, ch. 841, § 1, eff. Jan. 1, 1980.]

(a) Except as provided by Chapters 41 and 42 of this code and by this section, the appraisal roll may not be changed.

(b) The chief appraiser or the county assessor-collector, as applicable, may change the appraisal roll at any time to correct a name or address, a description of property, or a clerical error that does not affect the amount of tax liability.

(c) At any time, the commissioners court acting as a board of equalization or the appraisal review board, as applicable, on motion of the county assessor-collector or the chief appraiser, as applicable, or of a property owner may direct by written order changes in the appraisal roll to correct:

§ 26.04. Submission of Roll to Governing Body

(a) On receipt of the appraisal roll, the assessor for a taxing unit shall determine the total appraised value, the total assessed value, and the total taxable value of property taxable by the unit. He shall also determine, using information provided by the appraisal office, the appraised, assessed, and taxable value of property added to the appraisal roll since the preceding tax year by annexation of territory and the appraised, assessed, and taxable value of the improvements on the roll that were made after January 1 of the preceding tax year. The sum of the taxable value of annexed property and the taxable value of improvements made after January 1 of the preceding tax year is the taxable value of new property.

(b) The assessor shall submit the appraisal roll for the unit showing the total appraised, assessed, and taxable values of all property and the total taxable value of new property to the governing body of the unit by July 1 or as soon thereafter as practicable.

(c) An officer or employee designated by the governing body shall subtract from the total amount of property taxes imposed by the unit in the preceding year:

(1) the amount of taxes imposed in the preceding year to pay principal of and interest on bonds, warrants, certificates of obligation, or other lawfully authorized evidences of indebtedness issued or assumed by the unit and to pay lawfully incurred contractual obligations providing security for the payment of principal of and interest on bonds or other evidences of indebtedness issued on behalf of the unit by another political subdivision;

(2) the amount of taxes imposed in the preceding year on property in territory that has ceased to be a part of the unit;

(3) the amount of taxes imposed in the preceding year on taxable value that is exempt in the current year; and

(4) the amount of taxes imposed in the preceding year on taxable value that is not taxable in the current year because property appraised at market value in the preceding year is required by law to be appraised at less than market value in the current year.

(d) The designated officer or employee shall calculate the tax rate that if applied to the total taxable value submitted to the governing body less the taxable value of new property would impose the amount of property taxes determined as provided by Subsection (c) of this section. He shall add to that rate the amount that, if applied to the total taxable value submitted to the governing body, will impose the amount of taxes needed to pay the principal of and interest on bonds, warrants, certificates of obligation, or other lawfully authorized evidences of indebtedness issued or assumed by the unit and to pay lawfully incurred contractual obligations providing security for the payment of principal of and interest on bonds or other evidences of indebtedness issued on behalf of the unit by another political subdivision.

(e) By July 7 or as soon thereafter as practicable, the designated officer or employee shall publicize the
tax rate calculated as provided by this section and the calculations used to determine it in a manner designed to come to the attention of all residents of the unit and shall submit the rate to the governing body of the unit.

(f) If as a result of consolidation of taxing units a taxing unit includes territory that was in two or more taxing units in the preceding year, the amount of taxes imposed in each in the preceding year is combined for purposes of calculating the tax rate under this section.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.04. Tax Rate

(a) By August 1 or as soon thereafter as practicable, the governing body of each taxing unit shall adopt a tax rate for the current tax year and shall notify the assessor for the unit of the rate adopted.

(b) A taxing unit may not impose property taxes in any year until the governing body has adopted a tax rate for that year, and the annual tax rate must be set by ordinance, resolution, or order, depending on the method prescribed by law for adoption of a law by the governing body. The vote on the ordinance, resolution, or order setting the tax rate must be separate from the vote adopting the budget.

(c) The governing body may not adopt a tax rate that exceeds the tax rate calculated as provided by Section 26.04 of this code until it has given notice of its intention to adopt a higher rate, has held a public hearing on the proposed increase, and has otherwise complied with Section 26.06 of this code.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.05. Notice, Hearing, and Vote on Tax Increase

(a) A public hearing required by Section 26.05 of this code may not be held before the seventh day after the date the notice of intent to increase the tax rate is given. The hearing must be on a weekday that is not a public holiday and must begin after 5 p.m. and before 9 p.m. The hearing must be held inside the boundaries of the unit in a publicly owned building or, if a suitable publicly owned building is not available, in a suitable building to which the public normally has access. At the hearing, the governing body must afford adequate opportunity for proponents and opponents of the tax increase to present their views.

(b) The notice of a public hearing may not be smaller than one-quarter page of a standard-size or a tabloid-size newspaper, and the headline on the notice must be in 18-point or larger type. The notice must be in the following form:

"NOTICE OF TAX INCREASE

"The (name of the taxing unit) proposes to increase your property taxes by (percentage of increase over the tax rate submitted pursuant to Section 26.04 of this code) percent.

"A public hearing on the increase will be held on (date and time) at (meeting place).

"(Names of all members of the governing body, showing how each voted on the proposal to raise taxes or, if one or more were absent, indicating the absences.)"

(c) The notice may be delivered by mail to each registered voter residing in the unit, or it may be published in a newspaper. If the notice is published in a newspaper, it may not be in the part of the paper in which legal notices and classified advertisements appear.

(d) At the public hearing the governing body shall announce the date, time, and place of the meeting at which it will vote on the proposed tax increase. After the hearing it shall give notice of the meeting in the form and manner provided by Subsection (b) of this section, except that the second paragraph of the notice must state:

"A public meeting to vote on the proposed increase will be held on (date and time) at (meeting place)."

(e) The meeting to vote on the increase may not be earlier than the third day or later than the 14th day after the date of the public hearing. The meeting must be held inside the boundaries of the unit in a publicly owned building or, if a suitable publicly owned building is not available, in a suitable building to which the public normally has access. If the governing body does not adopt an increased rate by the 14th day, it must give a new notice under Subsection (d) of this section before it may adopt a rate that exceeds the tax rate calculated as provided by Section 26.04 of this code.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.06. Election to Repeal Increase

(a) If the governing body of a taxing unit other than a school district adopts a tax rate that exceeds the rate calculated as provided by Section 26.04 of this code by more than five percent, the qualified voters of the taxing unit by petition may require that an election be held to determine whether or not to reduce the tax rate adopted for the current year to a rate that exceeds the rate calculated as provided by Section 26.04 of this code by only five percent.

(b) A petition is valid if:

(1) it states that it is intended to require an election in the taxing unit on the question of reducing the tax rate for the current year;
§ 26.08. Election to Limit School Taxes

(a) If the governing body of a school district adopts a rate that exceeds the rate calculated as provided by Section 26.04 of this code by more than five percent, the qualified voters of the district by petition may require that an election be held to determine whether or not to limit the tax rate the governing body may adopt for the following year. When increased expenditure of funds by a school district is necessary to respond to a disaster, such as a tornado, hurricane, flood, or other calamity (not including a drought) which has impacted a school district and the governor has requested federal disaster assistance for the area in which the school district is located, a petition is not valid under this section to repeal a tax increase adopted the next time the district adopts a tax rate after the date the disaster occurs.

(b) A petition is valid if:

(1) it states that it is intended to require an election in the school district on the question of limiting the tax rate for the following year;

(2) it is signed by 15,000 qualified voters or by a number of qualified voters of the district equal to at least 15 percent of the number of qualified voters of the district according to the most recent official list of qualified voters, whichever number is less; and

(3) it is submitted to the governing body on or before the 60th day after the date on which the governing body adopted the tax rate for the current year.

(c) Not later than the 20th day after the day a petition is submitted, the governing body shall determine whether or not the petition is valid and pass a resolution stating its finding. If the governing body fails to act within the time allowed, the petition is treated as if it had been found valid.

(d) If the governing body finds that the petition is valid (or fails to act within the time allowed), it shall order that an election be held in the taxing unit on a date not less than 30 or more than 90 days after the last day on which it could have acted to approve or disapprove the petition. A state law requiring local elections to be held on a specified date does not apply to the election unless a specified date falls within the time permitted by this section. At the election, the ballots shall be prepared to permit voting for or against the proposition: "Reducing the tax rate in (name of taxing unit) for the current year from (the rate adopted) to (the rate that is only five percent greater than the rate calculated as provided by Section 26.04 of this code)."

(e) If a majority of the qualified voters voting on the question in the election favor the proposition and the number of qualified voters voting on the question in the election exceeds 25 percent of the qualified voters residing in the taxing unit, the tax rate for the taxing unit for the current year is the tax rate that is five percent greater than the rate calculated as provided by Section 26.04 of this code; otherwise, the tax rate for the current year is the one adopted by the governing body.

(f) If the tax rate is reduced by an election called under this section after tax bills for the unit are mailed, the assessor for the unit shall prepare and mail corrected tax bills. He shall include with the bill a brief explanation of the reason for and effect of the corrected bill. The date on which the taxes become delinquent for the year is extended by a number of days equal to the number of days between the date the first tax bills were sent and the date the corrected tax bills were sent.

(g) If a property owner pays taxes calculated using the higher tax rate when the rate is reduced by an election called under this section, the taxing unit shall refund the difference between the amount of taxes paid and the amount due under the reduced rate.

§ 26.08  PROPERTY TAX CODE

that exceeds the rate calculated as provided by Section 26.04 of this code for that year by more than five percent, except that in making the calculation under Subsection (d) of Section 26.04 of this code, the assessor shall use the amount of taxes determined as provided by Subsection (c) of Section 26.04 of this code in the year in which the tax increase that initiated the referendum occurred rather than the year in which the calculation occurs.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.09. Calculation of Tax

(a) On receipt of notice of the tax rate for the current tax year, the assessor for a taxing unit other than a county shall calculate the tax imposed on each property included on the appraisal roll for the unit.

(b) The county assessor-collector shall add the properties and their values certified to him as provided by Chapter 24 of this code to the appraisal roll certified to him as provided by Subsection (b) of Section 26.01 with the added properties and values to calculate state taxes and shall use the appraisal roll for county tax purposes, with the added properties and values, to calculate county taxes.

(c) The tax is calculated by:

(1) subtracting from the appraised value of a property as shown on the appraisal roll for the unit the amount of any partial exemption allowed the property owner to determine net appraised value;

(2) multiplying the net appraised value by the assessment ratio to determine assessed value;

(3) subtracting from the assessed value the amount of any partial exemption allowed the property owner to determine taxable value; and

(4) multiplying the taxable value by the tax rate.

(d) If a property is subject to taxation for a prior year in which it escaped taxation, the assessor shall calculate the tax for each year separately. In calculating the tax, he shall use the assessment ratio and tax rate in effect in the unit for the year for which back taxes are being imposed. To the amount of back taxes due, he shall add interest calculated at the rate provided by Subsection (c) of Section 33.01 of this code from the date the tax would have become delinquent had the tax been imposed in the proper tax year.

(e) The assessor shall enter the amount of tax determined as provided by this section in the appraisal roll and submit it to the governing body of the unit for approval. The appraisal roll with amounts of tax entered as approved by the governing body constitutes the unit’s tax roll.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.10. Prorating Taxes—Loss of Exemption

If the appraisal roll shows that a property is eligible for taxation for only part of a year because an exemption applicable on January 1 of that year terminated during the year, the tax due against the property is calculated by multiplying the tax due for the entire year as determined as provided by Section 26.09 of this code by a fraction, the denominator of which is 365 and the numerator of which is the number of days the exemption is not applicable.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.11. Prorating Taxes—Acquisition by Government

(a) If the federal government, the state, or a political subdivision of the state acquires the right to possession of taxable property under a court order issued in condemnation proceedings or acquires title to taxable property, the amount of the tax due on the property is calculated by multiplying the amount of taxes imposed on the property for the entire year as determined as provided by Section 26.09 of this code by a fraction, the denominator of which is 365 and the numerator of which is the number of days that elapsed prior to the date of the conveyance or the date of the order granting the right of possession.

(b) If the amount of taxes to be imposed on the property for the year of transfer has not been determined at the time of transfer, the assessor for each taxing unit in which the property is taxable may use the taxes imposed on the property for the preceding tax year as the basis for determining the amount of taxes to be imposed for the current tax year.

(c) If the amount of prorated taxes determined to be due as provided by this section is tendered to the collector for the unit, he shall accept the tender. The payment absolves the transferor of liability for taxes by the unit on the property for the year of the transfer.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.12. Units Created During Tax Year

(a) If a taxing unit is created after January 1, the chief appraiser shall prepare and deliver an appraisal roll for the unit as provided by Section 26.01 of this code as if the unit had existed on January 1.

(b) If the taxing unit created after January 1 imposes taxes for the year, it shall do so as provided by this chapter as if it had existed on January 1.

(c) If a taxing unit is created too late for observance of the deadlines required by this code, the chief appraiser shall submit the appraisal roll as provided by Section 26.01 of this code as soon as practicable.
The assessor for the unit shall submit the appraisal roll to the governing body of the unit within five days after receipt from the appraisal office. The limitations imposed by Section 26.02 of this code do not apply to the unit in the year it is created. The governing body of the unit shall adopt an assessment ratio and a tax rate and notify the assessor as provided by Section 26.05 of this code within 20 days after receipt of the appraisal roll. The assessor shall calculate the taxes and prepare and mail tax bills not later than 60 days after the date the appraisal office submits the unit's appraisal roll.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.13. Taxing Unit Consolidation During Tax Year

(a) If two or more taxing units consolidate into a single taxing unit after January 1, the governing body of the consolidated unit may elect to impose taxes for the current tax year either as if the unit as consolidated had existed on January 1 or as if the consolidation had not occurred.

(b) The chief appraiser shall prepare and deliver an appraisal roll for the unit or units in accordance with the election made by the governing body.

(c) Whatever the election, the assessor and collector for the unit, as consolidated shall assess and collect taxes on property that is taxable by the unit as consolidated.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.14. Annexation of Property During Tax Year

(a) Except as provided by Subsection (b) of this section, a taxing unit may not impose a tax on property annexed by the unit after January 1.

(b) If a taxing unit annexes territory during a tax year that was located in another taxing unit of like kind on January 1, each unit shall impose taxes on property located within its boundaries on the date the appraisal review board approves the appraisal roll for the district. The chief appraiser shall prepare and deliver an appraisal roll for each unit in accordance with the requirements of this subsection.

(c) For purposes of this section, "taxing units of like kind" are taxing units that are authorized by the laws by or pursuant to which they are created to perform essentially the same services.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 26.15. Correction of Tax Roll

(a) Except as provided by Chapters 41 and 42 of this code and in this section, the tax roll for a taxing unit may not be changed after it is completed.

(b) The assessor for a unit shall enter on the tax roll the changes made in the appraisal roll as provided by Section 25.25 of this code.

(c) At any time, the governing body of a taxing unit, on motion of the assessor for the unit or of a property owner, may direct by written order changes in the tax roll to correct errors in the mathematical computation of a tax. The assessor shall enter the corrections ordered by the governing body.

(d) Except as provided by Subsection (e) of this section, if a correction in the tax roll that changes the tax liability of a property owner is made after the tax bill is mailed, the assessor shall prepare and mail a corrected tax bill in the manner provided by Chapter 31 of this code for tax bills generally. He shall include with the supplemental bill a brief explanation of the reason for and effect of the corrected bill.

(e) If a correction that increases the tax liability of a property owner is made after the tax is paid, the assessor shall prepare and mail a supplemental tax bill in the manner provided by Chapter 31 of this code for tax bills generally. He shall include with the supplemental bill a brief explanation of the reason for and effect of the supplemental bill. The additional tax is due on receipt of the supplemental bill and becomes delinquent if not paid before the delinquency date prescribed by Chapter 31 of this code or before the first day of the next month after the date of the mailing that will provide at least 21 days for payment of the tax, whichever is later.

(f) If a correction decreases the tax liability of a property owner after he has paid the tax, the taxing unit shall refund to the property owner the difference between the tax paid and the tax legally due.

[Acts 1979, 66th Leg., p. 2276, ch. 841, § 1, eff. Jan. 1, 1982.]

(f) The governing body of a taxing unit may provide in the manner required by law for official action by the body that a tax bill not be sent until the total amount of unpaid taxes the unit collects on the property is $5 or more. Penalties and interest do not accrue during a period when a bill is not sent because of the provisions of this section.

(g) Except as provided by Subsection (f) of this section, failure to send or receive the tax bill required by this section does not affect the validity of the tax, penalty, or interest, the due date, the existence of a tax lien, or any procedure instituted to collect a tax.

[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.02. Delinquency Date

Except as provided by Sections 31.03 and 31.04 of this code, taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.03. Split Payment of Taxes

(a) If a person pays one-half of state and county taxes before December 1, he may pay the remaining one-half of the taxes without penalty or interest at any time before July 1 of the following year.

(b) The governing body of a taxing unit, other than a county, that collects its own taxes may adopt, in the manner required by law for official action by the body, the split-payment option provided by Subsection (a) of this section. The split-payment option, if adopted, applies to taxes for all units for which the adopting taxing unit collects taxes.

[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.04. Postponement of Delinquency Date

(a) If tax bills are mailed after January 10, the delinquency date provided by Section 31.02 of this code is postponed to the first day of the next month that will provide a period of at least 21 days after the date of mailing for payment of taxes before delinquent.

(b) If the delinquency date is postponed as provided by this section, the assessor who mails the bills shall notify the governing body of each taxing unit whose taxes are included in the bills of the postponement. If the due date for state taxes is postponed, the county assessor-collector shall notify the State Property Tax Board of the postponement.

(c) A payment option provided by Section 31.03 of this code or a discount provided by Section 31.05 of this code does not apply to taxes that are calculated too late for it to be available.

[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.05. Discounts

1 Sections 23.41 et seq., 23.51 et seq., and 23.71 et seq.
§ 31.06. Medium of Payment
(a) Taxes are payable only in currency of the United States. However, a collector may accept a check or money order in payment of taxes.
(b) Acceptance by a collector of a check or money order constitutes payment of a tax as of the date of acceptance if the check or money order is duly paid or honored. If the check or money order is not duly paid or honored, the collector shall deliver written notice of nonpayment to the person who attempted payment by check or money order. Until payment is made in full by cash or by a check or money order that is duly paid or honored, the lien securing payment of the tax remains in effect, whether or not the person receives notice of nonpayment.
[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.07. Certain Payments Accepted

[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.08. Tax Certificate
(a) At the request of any person, a collector for a taxing unit shall issue a certificate showing the amount of delinquent taxes, penalties, and interest due the unit on a property according to the unit's current tax records. The collector shall charge a fee of $2 for each certificate issued. The collector shall pay all fees collected under this section into the treasury of the taxing unit that employs him.
(b) Except as provided by Subsection (c) of this section, if a person transfers property accompanied by a tax certificate erroneously showing that no delinquent taxes, penalties, or interest are due a taxing unit on the property, the unit's tax lien on the property is extinguished and the purchaser of the property is absolved of liability to the unit for delinquent taxes, penalties, or interest on the property. The person who was liable for the tax for the year it was imposed remains personally liable for the delinquent tax, penalties, and interest.
(c) A tax certificate issued through fraud or collusion is void.
[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.09. Reports and Remittances of State Taxes

(b) A county assessor-collector shall file with the State Property Tax Board at the times and in the manner required by the rules sworn reports accounting for all state property taxes, collected or delinquent, on the tax roll for state taxes.
(c) A county assessor-collector shall remit the state property taxes he collects at the times and in the manner required by the rules.
(d) The State Property Tax Board shall periodically examine the records of each county assessor-collector's office to verify the accuracy of reports accounting for state property taxes.
[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 31.10. Reports and Remittances of Other Taxes
(a) Each month the collector of taxes for a taxing unit shall prepare and submit to the governing body of the unit a written report made under oath accounting for all taxes collected for the unit during the preceding month. Reports of collections made in the months of October through January are due on the 25th day of the month following the month that is the subject of the report. Reports of collections made in all other months are due on the 15th day of the month following the month that is the subject of the report. A collector for more than one taxing unit may prepare one report accounting for taxes collected for all units, and he may submit a certified copy of the report as his monthly report to the governing body of each unit.
(b) The collector for a taxing unit shall prepare and submit to the governing body of the unit an annual report made under oath accounting for all taxes of the unit collected or delinquent on property taxed by the unit during the preceding 12-month period. Annual reports are due August 1.
(c) At least monthly the collector for a taxing unit shall deposit in the unit's depository all taxes collected for the unit. The governing body of a unit may require deposits to be made more frequently.
[Acts 1979, 66th Leg., p. 2284, ch. 841, § 1, eff. Jan. 1, 1982.]

CHAPTER 32. TAX LIENS AND PERSONAL LIABILITY

§ 32.01. Tax Lien
On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on
that property, whether or not the taxes are imposed in the year the lien attaches. The lien exists in favor of the state and each taxing unit having power to tax the property.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 32.02. Restrictions on a Mineral Interest Tax Lien

(a) If a mineral estate is severed from a surface estate and if different persons own the mineral estate and surface estate, the lien resulting from taxes imposed against each interest in the mineral estate exists only for the duration of the interest it encumbers. After an interest in the mineral estate terminates, the lien encumbering it expires and is not enforceable:

1. against any part of the surface estate not owned by the owner of the interest encumbered by the lien;
2. against any part of the mineral estate not owned by the owner of the interest encumbered by the lien; or
3. against the owner of the surface estate as a personal obligation, unless he also owns the interest encumbered by the lien.

(b) Taxes imposed on a severed interest in a mineral estate that has terminated remain the personal expenses, or expenses of the last illness of a decedent made against the estate of a decedent as provided by law.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 32.03. Restrictions on Personal Property Tax Lien

A tax lien may not be enforced against personal property transferred to a bona fide purchaser for value who does not have actual notice of the existence of the lien.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 32.04. Priorities Among Tax Liens

(a) Whether or not a tax lien provided by this chapter takes priority over a tax lien of the United States is determined by federal law. In the absence of federal law, a tax lien provided by this chapter takes priority over a tax lien of the United States.

(b) Tax liens provided by this chapter have equal priority.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 32.05. Priority of Tax Liens Over Other Property Interests

(a) A tax lien on real property takes priority over a homestead interest in the property.

(b) Except as provided by Subsection (c) of this section, a tax lien provided by this chapter takes priority over the claim of any creditor of a person whose property is encumbered by the lien and over the claim of any holder of a lien on property encumbered by the tax lien, whether or not the debt or lien existed before attachment of the tax lien.

(c) A tax lien provided by this chapter is inferior to claims for any survivor's allowance, funeral expenses, or expenses of the last illness of a decedent made against the estate of a decedent as provided by law.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 32.06. Transfer of Tax Lien

(a) A person may authorize another person to pay the taxes imposed by a taxing unit on his real property by filing with the collector for the unit a sworn document stating the authorization, naming the person authorized to pay the taxes, and describing the property.

(b) If a person authorized to pay another's taxes pursuant to Subsection (a) of this section pays the taxes and any penalties and interest imposed, the collector shall issue a tax receipt to the person paying the taxes. In addition, the collector shall certify on the sworn document that payment of the taxes and any penalties and interest on the described property has been made by a person other than the person liable for the taxes when imposed and that the taxing unit's tax lien is transferred to the person paying the taxes. The collector shall attach to the document his seal of office and deliver the document to the person paying the taxes. The collector shall keep a record of all tax liens transferred as provided by this section.

(c) Except as otherwise provided by this section, the transferee of a tax lien and any successor in interest is entitled to foreclose the lien in the manner provided by law for foreclosure of tax liens.

(d) To be enforceable, a tax lien transferred as provided by this section must be recorded in the deed records of each county in which the property encumbered by the lien is located.

(e) A person holding a tax lien transferred as provided by this section may not charge a greater rate of interest than 10 percent a year on the taxes, penalties, interest, and recording expenses paid to acquire and record the lien.

(f) The holder of a preexisting lien on property encumbered by a tax lien transferred as provided by this section is entitled, within six months after the date on which the tax lien is recorded in all counties in which the property is located, to pay the holder of the tax lien the amount paid for the lien, plus interest accrued and recording expenses, and becomes subrogated to all rights in the lien.

(g) A suit to foreclose a tax lien transferred as provided by this section may not be instituted within one year from the date on which the lien is recorded in all counties in which the property is located.
(h) After one year from the date on which a tax lien transferred as provided by this section is recorded in all counties in which the property is located, the holder of the lien may file suit to foreclose the lien unless a contract between the holder of the lien and the owner of the property encumbered by the lien provides otherwise. If the suit results in foreclosure of the lien, the person filing suit is entitled to recover attorney’s fees in an amount not to exceed 10 percent of the judgment. The proceeds of a sale following foreclosure as provided by this subsection shall be applied first to the payment of court costs, then to payment of the judgment, including accrued interest, and then to the payment of any attorney’s fees fixed in the judgment. Any remaining proceeds shall be paid to other holders of liens on the property in the order of their priority and then to the person whose property was sold at the tax sale.

(i) The person whose property is sold as provided by this section or any person holding a first lien against the property is entitled, within one year after the date the property is sold, to redeem the property from the purchaser at the tax sale by paying him the tax sale purchase price, plus costs and interest accrued on the judgment to the date of redemption or 110 percent of the amount of the judgment, whichever is less. If a person redeems the property as provided by this subsection, the purchaser at the tax sale shall deliver a deed to the person who owned the property at the time of the sale. If the property as provided by this subsection, the purchaser at the tax sale shall deliver a deed to the person who owned the property at the time of the sale. If a person redeems the property, all liens existing on the property at the time of the tax sale remain in effect to the extent not paid from the sale proceeds.

(j) This section does not abridge the right of an owner of real property to enter into a contract for the payment of taxes with the holder of a lien on the property or affect a contract between the owner and holder of a lien for the payment of taxes on the property.

§ 32.07. Personal Liability for Tax

(a) Except as provided by Subsection (b) of this section, property taxes are the personal obligation of the person who owns or acquires the property on January 1 of the year for which the tax is imposed. A person is not relieved of the obligation because he no longer owns the property.

(b) The person in whose name a property is required to be listed by Section 25.13 or 25.15 of this code is personally liable for the taxes imposed on the property.

[Acts 1979, 66th Leg., p. 2287, ch. 841, § 1, eff. Jan. 1, 1982.]

(c) A property owner's execution of an installment agreement under this section is an irrevocable admission of liability for all taxes, penalties, and interest that are subject to the agreement.

(d) Property may not be seized and sold and a suit may not be filed to collect a delinquent tax subject to an installment agreement unless the property owner:

(1) fails to make a payment as required by the agreement;

(2) fails to pay other property taxes collected by the unit when due as required by the collector; or

(3) breaches any other condition of the agreement.

(e) Execution of an installment agreement tolls the limitation periods provided by Section 33.05 of this code for the period during which enforced collection is barred by Subsection (d) of this section.

[Acts 1979, 66th Leg., p. 2290, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.03. Delinquent Tax Roll

Each year the collector for each taxing unit shall prepare a current and a cumulative delinquent tax roll for the unit.

[Acts 1979, 66th Leg., p. 2290, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.04. Notice of Delinquency

(a) At least once each year the collector for a taxing unit shall deliver a notice of delinquency to each person whose name appears on the current delinquent tax roll. However, the notice need not be delivered if a bill for the tax was not mailed pursuant to the authorization provided by Subsection (f) of Section 81.01 of this code.

(b) In addition to the notice required by Subsection (a) of this section, the tax collector for each taxing unit in each year divisible by five shall deliver a written notice of delinquency to each person who owes a tax that has been delinquent more than one year. He shall state in the notice the amount of the delinquent tax, penalties, and interest due, the description of the property on which the tax was imposed, and the year for which the tax is delinquent. If the person owes delinquent taxes for more than one year or on more than one property, the collector may include all the delinquent taxes the person owes in a single notice.

(c) The collector shall deliver the notice required by Subsection (b) of this section by certified mail, return receipt requested, if the collector knows or by exercising reasonable diligence can determine the delinquent taxpayer's name or mailing address by exercising reasonable diligence, he may deliver the notice by publishing it in a newspaper.

(d) Penalties and interest on a tax delinquent more than five years or a multiple of five years are cancelled and may not be collected if the collector has not delivered the notice required by Subsection (b) of this section in each year that is divisible by five following the date on which the tax first became delinquent for one year.

[Acts 1979, 66th Leg., p. 2290, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.05. Limitation on Collection of Taxes

(a) Personal property may not be seized and a suit may not be filed:

§ 33.06. Deferred Collection of Certain Taxes

(a) An individual is entitled to defer or abate a suit to collect a delinquent tax if he is 65 or older and he owns and occupies as a residence homestead the property on which the tax subject to the suit is delinquent.

(b) To obtain a deferral, an individual must file with the chief appraiser for the appraisal district in which the property is located an affidavit stating the facts required to be established by Subsection (a) of this section. The chief appraiser shall notify the county and each taxing unit participating in the district of the filing. After an affidavit is filed under this subsection, a taxing unit may not file suit to collect delinquent taxes on the property until the individual no longer owns and occupies the property as a residence homestead.

(c) To obtain an abatement, the individual must file in the court in which suit is pending an affidavit stating the facts required to be established by Subsection (a) of this section. If no controverting affidavit is filed by the taxing unit filing suit or if, after a hearing, the court finds the individual is entitled to the deferral, the court shall abate the suit until the individual no longer owns and occupies the property as a residence homestead.

(d) A tax lien remains on the property and penalties and interest continue to accrue during the period collection of taxes is deferred as provided by this section. A plea of limitation, laches, or want of prosecution does not apply against the taxing unit because of deferral of collection as provided by this section.
§ 33.21. Property Subject to Seizure

(a) A person's personal property is subject to seizure for the payment of a delinquent tax, penalty, and interest he owes the state or a taxing unit on property.

(b) A person's personal property is subject to seizure for the payment of a tax imposed by the state or a taxing unit on his property before the tax becomes delinquent if:

(1) the collector discovers that property on which the tax has been or will be imposed is about to be removed from the county; and

(2) the collector knows of no other personal property in the county from which the tax may be satisfied.

(c) Current wages in the possession of an employer are not subject to seizure.

[Acts 1979, 66th Leg., p. 2292, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.22. Institution of Seizure

(a) At any time after a tax becomes delinquent, a collector may apply for a tax warrant to any court in any county in which the person liable for the tax has personal property. If more than one collector participates in the seizure, all may make a joint application.

(b) A collector may apply at any time for a tax warrant authorizing seizure of property as provided by Subsection (b) of Section 33.21 of this code.

(c) The court shall issue the tax warrant if the applicant shows by affidavit that:

(1) the person whose property he intends to seize is delinquent in the payment of taxes, penalties, and interest in the amount stated in the application; or

(2) the applicant has reason to believe the property owner is about to remove from the county personal property on which a tax has been or will be imposed, the applicant knows of no other personal property the person owns in the county from which the tax may be satisfied, and taxes in a stated amount have been imposed on the property or taxes in an estimated amount will be imposed on the property.

[Acts 1979, 66th Leg., p. 2292, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.23. Tax Warrant

(a) A tax warrant shall direct a peace officer in the county and the collector to seize as much of the person's personal property as may be reasonably necessary for the payment of all taxes, penalties, and interest included in the application and all costs of seizure and sale. The warrant shall direct the person whose property is seized to disclose to the officer executing the warrant the name and the address if known of any other person having an interest in the property.

(b) A bond may not be required of the state or a taxing unit for issuance or delivery of a tax warrant, and a fee or court cost may not be charged for issuance or delivery of a warrant.

(c) After a tax warrant is issued, the collector shall take possession of the property pending its sale. The person against whom a tax warrant is issued or another person having possession of property of the person against whom a tax warrant is issued shall surrender the property on demand.

[Acts 1979, 66th Leg., p. 2292, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.24. Bond for Payment of Taxes

A person may prevent seizure of property or sale of property seized by delivering to the collector a cash or surety bond conditioned on payment of the tax before delinquency. The bond must be approved by the collector in an amount determined by him, but he may not require an amount greater than the amount of tax if imposed or the collector's reasonable estimate of the amount of tax if not yet imposed.

[Acts 1979, 66th Leg., p. 2292, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.25. Notice of Tax Sale

(a) After a seizure of personal property, the collector shall make a reasonable inquiry to determine the identity and address of any person having an interest in the property other than the person against whom the tax warrant is issued. He shall deliver as soon as possible a written notice stating the time and place of the sale and briefly describing the property seized to the person against whom the warrant is issued and to any other person he discovers has an interest in the property whose address he ascertains.

(b) Failure to send or receive the notice provided by this section does not affect the validity of the sale or title to the seized property.

[Acts 1979, 66th Leg., p. 2292, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.41

the lien securing payment of the tax, to enforce personal liability for the tax, or both. The suit must be in a court of competent jurisdiction for the county in which the tax was imposed.

(b) A suit to collect a delinquent tax takes precedence over all other suits pending in trial and appellate courts.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.42. Taxes Included in Foreclosure Suit

(a) In a suit to foreclose a lien securing payment of its tax on real property, a taxing unit shall include all delinquent taxes due the unit on the property.

(b) If a taxing unit's tax on real property becomes delinquent after the unit files suit to foreclose a tax lien on the property but before entry of judgment, the court shall include the amount of the tax and any penalty and interest in its judgment.

(c) If a tax required by this section to be included in a suit is omitted from the judgment in the suit, the taxing unit may not enforce collection of the tax at a later time.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.43. Petition

(a) A petition initiating a suit to collect a delinquent property tax is sufficient if it alleges that:

(1) the taxing unit is legally constituted and authorized to impose and collect ad valorem taxes on property;

(2) tax in a stated amount was legally imposed on each separately described property for each year specified and on each person named if known who owned the property on January 1 of the year for which the tax was imposed;

(3) the tax was imposed in the county in which the suit is filed;

(4) the tax is delinquent;

(5) penalties, interest, and costs authorized by law in a stated amount for each separately assessed property are due;

(6) the person sued owned the property on January 1 of the year for which the tax was imposed if the suit seeks to enforce personal liability;

(7) the person sued owns the property when the suit is filed if the suit seeks to foreclose a tax lien;

(8) the taxing unit asserts a lien on each separately described property to secure the payment of all taxes, penalties, interest, and costs due if the suit seeks to foreclose a tax lien;

(9) all things required by law to be done have been done properly by the appropriate officials; and

(10) the attorney signing the petition is legally authorized to prosecute the suit on behalf of the taxing unit.

(b) If the petition alleges that the person sued owns the property on which the taxing unit asserts a lien, the prayer in the petition shall be for foreclosure of the lien and payment of all taxes, penalties, interest, and costs that are due or will become due and that are secured by the lien. If the petition alleges that the person sued owned the property on January 1 of the year for which the taxes were imposed, the prayer shall be for personal judgment for all taxes, penalties, interest, and costs that are due or will become due on the property. If the petition contains the appropriate allegations, the prayer may be for both foreclosure of a lien on the property and personal judgment.

(c) If the suit is for personal judgment against the person who owned personal property on January 1 of the year for which the tax was imposed on the property, the personal property may be described generally.

(d) The petition need not be verified.

(e) The State Property Tax Board shall prepare forms for petitions initiating suits to collect delinquent taxes. An attorney representing a taxing unit may use the forms or develop his own form.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.44. Joinder of Other Taxing Units

(a) A taxing unit filing suit to foreclose a tax lien on real property shall join other taxing units that have claims for delinquent taxes against all or part of the same property.

(b) For purposes of joining the state and a county, citation may be served on the county tax assessor-collector. For purposes of joining any other taxing unit, citation may be served on the officer charged with collecting taxes for the unit or on the presiding officer or secretary of the governing body of the unit. Citation may be served by certified mail, return receipt requested. A person on whom service is authorized by this subsection may waive the issuance and service of citation in behalf of his taxing unit.

(c) A taxing unit joined in a suit as provided by this subsection must file its claim for delinquent taxes against the property or its lien on the property is extinguished. The court's judgment in the suit shall reflect the extinguishment of a lien under this subsection.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.45. Pleading and Answering to Claims Filed

A party to the suit must take notice of and plead and answer to all claims and pleadings filed by other parties that have been joined or have intervened, and each citation must so state.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]
§ 33.46. Partition of Real Property

(a) If suit is filed to foreclose a tax lien on real property owned in undivided interests by two or more persons, one or more of the owners may have the property partitioned in the manner prescribed by law for the partition of real property in district court.

(b) The court shall apportion the taxes, penalties, interest, and costs sued for to the owners of the property in proportion to the interest of each. If an owner pays the taxes, penalties, interest, and costs apportioned to him, the property partitioned to him is free from further claim or lien for the taxes involved in the suit. If an owner refuses to pay the amount apportioned to him, the suit shall proceed against him for that amount.

(c) The court shall allow reasonable attorney's fees and costs of partitioning for each property partitioned. The fees shall be taxed as costs against each owner in proportion to his interest and constitutes a lien against the property until paid.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.47. Tax Records as Evidence

(a) In a suit to collect a delinquent tax, the taxing unit's current tax roll and delinquent tax roll or certified copies of the entries showing the property and the amount of the tax imposed constitute prima facie evidence that each person charged with a duty relating to the imposition of the tax has complied with all requirements of law and that the amount of tax alleged to be delinquent against the property listed is the correct amount.

(b) If the description of a property in the tax roll or delinquent tax roll is insufficient to identify the property, the records of the appraisal office are admissible to identify the property.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.48. Recovery of Costs and Expenses

(a) In addition to other costs authorized by law, a taxing unit is entitled to recover the following costs and expenses in a suit to collect a delinquent tax:

1. all usual court costs, including the cost of serving process;
2. expenses of foreclosure sale;
3. reasonable expenses approved by the court that are incurred by the taxing unit in determining the name, identity, and location of necessary parties and in procuring necessary legal descriptions of the property on which a delinquent tax is due; and
4. reasonable attorney's fees approved by the court and not exceeding 15 percent of the total amount of taxes, penalties, and interest adjudged due the unit.

(b) Each item specified by Subsection (a) of this section is a charge against the property subject to foreclosure in the suit and shall be collected out of the proceeds of the sale of the property or, if the suit is for personal judgment, charged against the defendant.

(c) Fees collected for attorneys and other officials are fees of office, except that fees for contract attorneys representing a taxing unit that is joined or intervenes shall be applied toward the compensation due the attorney under the contract.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.49. Liability of Taxing Unit for Costs

(a) Except as provided by Subsection (b) of this section, a taxing unit is not liable in a suit to collect taxes for court costs, including any fees for service of process, and may not be required to post security for the costs.

(b) A taxing unit shall pay the cost of publishing citations, notices of sale, or other notices from the unit's general fund as soon as practicable after receipt of the publisher's claim for payment. The taxing unit is entitled to reimbursement from other taxing units that are parties to the suit for their proportionate share of the publication costs on satisfaction of any portion of the tax indebtedness before further distribution of the proceeds. A taxing unit may not pay a word or line rate for publication of citation or other required notice that exceeds the rate the newspaper publishing the notice charges private entities for similar classes of advertising.

[Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.50. Adjudged Value

(a) In a suit for foreclosure of a tax lien on property, the court shall determine the market value of the property on the date of trial. The appraised value of the property according to the most recent appraisal roll approved by the appraisal review board is presumed to be its market value on the date of trial, and the person being sued has the burden of establishing that the market value of the property differs from that appraised value. The court shall incorporate a finding of the market value of the property on the date of trial in the judgment.

(b) If the judgment in a suit to collect a delinquent tax is for the foreclosure of a tax lien on property, the order of sale shall specify that the property may not be sold to a person owning an interest in the property or to any party to the suit, other than a taxing unit, for less than the market value of the property stated in the judgment or the aggregate amount of the judgments against the property, whichever is less.
§ 33.51. Writ of Possession
If the court orders the foreclosure of a tax lien and the sale of real property, the judgment shall provide for the issuance of a writ of possession to the purchaser at the sale or his assigns within 20 days after the period of redemption expires. [Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.52. Judgment for Current Taxes
(a) If the court orders the foreclosure of a tax lien and the sale of real property, the judgment shall order that the taxing unit recover from the proceeds of the sale the amount of tax on the property for the current tax year prorated to the day of judgment.
(b) If the amount of tax for the current tax year has not been determined on the date of judgment, the court shall order recovery of the amount of tax imposed on the property for the preceding tax year, prorated to the date of judgment. [Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.53. Order of Sale
If judgment in a suit to collect a delinquent tax is for foreclosure of a tax lien, the court shall order the property sold in satisfaction of the amount of the judgment. [Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 33.54. Limitation on Actions Relating to Property Sold for Taxes
(a) Except as provided by Subsection (b) of this section, a cause of action relating to the title to property may not be maintained against the purchaser of the property at a tax sale unless the action commences within three years after the deed executed to the purchaser at the tax sale is filed of record.
(b) If a person other than the purchaser at the tax sale or his successor in interest pays taxes on the property during the three years following the date the deed is filed and that person was not served citation in the suit to foreclose the tax lien, the three-year limitations period does not apply to that person.
(c) When actions are barred by this section, a cause of action relating to the title to property may not be maintained against the purchaser at a tax sale unless the action commences within three years after the deed executed to the purchaser at the sale or his assigns within 20 days after the period of redemption expires. [Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

CHAPTER 34. TAX SALES AND REDEMPTION
SUBCHAPTER A. TAX SALES
Section
34.01. Sale of Property.
34.02. Distribution of Proceeds.

SUBCHAPTER B. REDEMPTION
§ 34.01. Sale of Property
(a) Property seized or ordered sold pursuant to foreclosure of a tax lien shall be sold in the manner similar property is sold under execution except as otherwise provided by this subchapter.
(b) The owner of real property subject to sale may file with the officer charged with the sale a written request that the property be divided and that only as many portions be sold as is necessary to pay the tax, penalties, interest, and costs adjudged due against the property. In the request the owner shall describe the desired portions and shall specify the order in which the portions should be sold.
(c) If a sufficient bid is not received, the officer making the sale shall bid the property off to a taxing unit that is a party to the judgment for the aggregate amount of the judgment against the property or for the market value of the property as specified in the judgment, whichever is less. The taxing unit takes title to the property for the use and benefit of itself and all other taxing units that established tax liens in the suit. Payments in satisfaction of the judgment and any costs or expenses may not be required until the property is redeemed or resold by the purchasing taxing unit.
(d) The officer making the sale shall prepare a deed to the purchaser of real property at the sale or to any other person whom the purchaser may specify. The deed vests good and perfect title in the purchaser or his assigns to the interest owned by the defendant in the property subject to the foreclosure, subject to the defendant's right of redemption. The deed may be impeached only for fraud. [Acts 1979, 66th Leg., p. 2293, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 34.02. Distribution of Proceeds
(a) The proceeds of a tax sale shall be applied first to the payment of costs. The remainder shall be distributed to all taxing units participating in the sale in satisfaction of the taxes, penalties, and interest due each.
(b) If the proceeds are not sufficient to pay the costs and taxes, penalties, and interest due all participants in the sale, each participant is entitled to a share of the proceeds after payment of costs in an
§ 34.03. Disposition of Excess Proceeds

(a) The clerk of the court shall keep the excess proceeds paid into court as provided by Subsection (c) of Section 34.02 of this code for a period of seven years after the date of the sale unless otherwise ordered by the court.

(b) If no claimant establishes entitlement to the proceeds within seven years, the clerk shall transmit the proceeds to the State Treasurer along with a statement on a form prescribed by the comptroller showing the style and number of the case and the court from which execution issued. The treasurer shall pay the proceeds into the General Revenue Fund. A copy of each statement shall be sent to the comptroller, who shall keep an account of the excess proceeds transmitted to the treasurer.

(c) The clerk shall note on the execution docket in each case the amount of the excess proceeds, the date they were received, and the date they were transmitted to the State Treasurer.

[Acts 1979, 66th Leg., p. 2298, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 34.04. Claims for Excess Proceeds

(a) A person may file a petition in the court that ordered the sale setting forth a claim to the excess proceeds within seven years from the date of the sale of the property.

(b) A copy of the petition shall be served on the county attorney or, if there is no county attorney, the district attorney and on all parties to the suit that ordered the sale, if any, not later than the 20th day before the date set for a hearing on the petition. The county attorney or district attorney shall represent the state at the hearing.

(c) At the hearing if the court finds that the claimant is entitled to recover the excess proceeds, it shall order that the proceeds be paid to him. Interest or costs may not be allowed.

(d) A claim for the excess proceeds may not be filed after the expiration of seven years from the date the property is sold.

[Acts 1979, 66th Leg., p. 2298, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 34.05. Resale by Taxing Unit

(a) If property is sold to a taxing unit that is a party to the judgment, the taxing unit may sell the property at any time, subject to any right of redemption existing at the time of the sale. If property is sold to the state, the commissioners court of the county in which the property is located may act for the state.

(b) Unless the property is sold pursuant to Subsections (c) and (d) of this section, it may not be sold for less than the market value specified in the judgment of foreclosure or the total amount of the judgments against the property, whichever is less, without the consent of each taxing unit entitled to receive proceeds of the sale under the judgment. Joinder of the taxing units in the conveyance of the property constitutes consent. The collector for the county in which the property is located may consent in behalf of the state. The presiding officer of the governing body of a taxing unit may consent in behalf of the taxing unit.

(c) The taxing unit purchasing the property by resolution of its governing body may request the sheriff to sell the property at a public sale. If the purchasing taxing unit has not sold the property within six months after the date on which the owner's right of redemption terminates, any taxing unit that is entitled to receive proceeds of the sale by resolution of its governing body may request the sheriff in writing to sell the property at a public sale. On receipt of a request made under this subsection, the sheriff shall sell the property as provided by Subsection (d) of this section.

(d) Except as provided by this subsection, all public sales requested as provided by Subsection (c) of this section shall be conducted in the manner prescribed by the Rules of Civil Procedure for the sale of property under execution. The notice of the sale must contain a description of the property to be sold, which must be a legal description in the case of real property, the number and style of the suit under which the property was sold at the tax foreclosure sale, and the date of the tax foreclosure sale. The officer conducting the sale shall reject any bid for the property if it is his judgment that the amount bid is insufficient. If all bids are insufficient, the property shall be readvertised and offered for sale again. The acceptance of a bid by the officer conducting the sale is conclusive and binding on the question of its sufficiency. An action to set aside the sale on the grounds that the bid is insufficient may not be sustained in court, except that a taxing unit that participates in distribution of proceeds of the sale may file an action within one year after the date of the sale to set aside the sale on the grounds of fraud or collusion between the officer making the sale and the purchaser.
§ 34.05  PROPERTY TAX CODE

(e) The presiding officer of a taxing unit or the sheriff selling real property pursuant to this section shall execute a deed to the property conveying to the purchaser the right, title, and interest acquired or held by each taxing unit that was a party to the judgment foreclosing tax liens on the property. The conveyance shall be made subject to any remaining right of redemption at the time of the sale.

(f) An action attacking the validity of a resale of property pursuant to this section may not be instituted after the expiration of one year after the date of the resale. [Acts 1979, 66th Leg., p. 2298, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 34.06. Distribution of Proceeds of Resale
(a) The proceeds of a resale of property purchased by a taxing unit at a tax foreclosure sale shall be paid to the purchasing taxing unit.
(b) The purchasing taxing unit shall pay all costs and expenses of court and sale and shall distribute the remainder of the proceeds as provided by Section 34.02 of this code for distribution of proceeds after payment of costs. [Acts 1979, 66th Leg., p. 2298, ch. 841, § 1, eff. Jan. 1, 1982.]

§ 34.07. Subrogation of Purchaser at Void Sale
(a) The purchaser at a void or defective tax sale is subrogated to the rights of the taxing unit in whose behalf the property was sold to the same extent a purchaser at a void or defective sale conducted in behalf of a judgment creditor is subrogated to the rights of the judgment creditor.

In order for a taxpayer to prevail on appeal, the variance in market value must be found to be in excess of 5 percent of the market value as contended by the taxpayer.

(c) The market value fixed by the court or jury pursuant to Subsection (b) of this section shall be binding on the taxing units or unit involved in the lawsuit for the tax year in question and for the succeeding tax year.

Art. 7048. County Occupation, etc.

Text of article effective January 1, 1982

Each commissioners court shall have the right to levy one-half of the occupation tax levied by the State upon all occupations not herein otherwise specially exempted; provided any one wishing to pursue any of the vocations named in this chapter, upon which any county occupation tax may be levied, may do so by paying the same quarterly. The receipt of the proper officer under seal shall be prima facie evidence of the payment of such taxes as are herein named. The provisions of this law shall not be deemed to affect the provisions of any law specially authorizing any commissioners court to levy a different rate of tax. No person shall be allowed license for keeping any nine or ten pin alley, or anything of the kind used for profit, for a period of less than twelve months. The governing body of any incorporated town or city shall in no case levy a greater tax on any occupation than that authorized by this chapter to be levied by the commissioners court. In all cases where any dealer in merchandise, wares or goods of any kind, subject to occupation taxes under the provisions of this law, who shall after becoming liable for any occupation tax, become bankrupt or make assignment of said merchandise, wares or goods, then the tax collector shall at once demand of the receiver or assignee of said dealer payment of the amount due for said taxes by said dealer; and in case of failure of said receiver or assignee to at once pay the amount of said taxes, the said collector shall levy upon, seize and sell from the said merchandise, wares or goods, enough to satisfy the amount of said taxes, and said taxes, until paid, shall constitute a prior lien on said merchandise, goods and wares in default of said taxes.

Art. 7057c. Repealed by Acts 1975, 64th Leg., p. 2306, ch. 719, art. V, § 1, eff. Sept. 1, 1975

Art. 7057g. Validation of Unenforceable Tax Levies and Junior College District Boundary Changes

Unenforceable Tax Levies and Boundary Changes

Sec. 1. (a) All tax levies and junior college district boundary changes heretofore made by and for any tax unit, which levies or boundary changes are unenforceable because not made in strict compliance with the form and manner required by statute or because of any other defect which may be cured by the legislature, are hereby validated and declared enforceable the same as though they had been regularly made in proper form and manner.

(b) If for any cause any tax unit hereafter fails to make a valid tax levy for any year or years, the tax unit’s last valid tax levy prior to such omitted year or years shall be continued in force as the tax levy of such tax unit for each year in which a valid levy was not made, so that there shall never be a year hereafter for which some valid levy is not in force.

Levies Not Recorded

Sec. 2. Should any tax unit fail to make a proper record of a tax levy for any year or years, but taxes were assessed and collected by the tax unit for that year or years and the tax rate(s) used can be determined by examining the tax rolls for such year or years, the tax unit’s governing body may take testimony and make other inquiry and determine that a proper tax levy was regularly and validly made for each such year but was not recorded, and the governing body may order that a proper tax levy ordinance or other order for each such year be entered in the official records nunc pro tunc, and this record shall be prima facie evidence that the tax unit’s levy for such year was properly and regularly made. This provision shall be cumulative of and in addition to all other rights and remedies now available to any tax unit in such cases.

Tax Unit Defined

Sec. 3. A tax unit or unit as used in this Act is any governmental agency or subdivision of the state which levies a property tax (ad valorem or otherwise).

Inapplicability of this Act

Sec. 4. This Act shall not affect nor apply to any suit pending in any court on the effective date of this Act in which the invalidity or nonrecord of any tax levy, or both of them, has heretofore been pleaded.

Art. 7083a. Allocation of Revenue Derived from Certain Occupations and Gross Receipts Taxes; Appropriations and Allocations for Certain Funds

[See Compact Edition, Volume 2 for text of 1]

Sec. 2. [See Compact Edition, Volume 2 for text to 2(4-c)]

(4-d) (A) After the above allocations and payments have been made from the Clearance Fund, other than those provided by Subsections (4-a) and (5) of this section, there is allocated and shall be transferred and credited to the State Highway Fund an amount determined by the Highway Cost Index Committee as provided in this subsection.

(B) The Highway Cost Index Committee consists of the Governor, the Lieutenant Governor, and the State Comptroller of Public Accounts. In
the absence of the Governor, the Secretary of State of Texas serves in place of the Governor.

(C) On or before November 1 of each even-numbered year, the committee created by this subsection shall certify to the Comptroller the estimated amount to be allocated, transferred, and credited to the State Highway Fund under this subsection for the succeeding fiscal biennium, except that the certification of the amount for the biennium be made no later than 30 days after the effective date of H.B. No. 3, Acts of the 65th Legislature, Regular Session, 1977.

(D) On or before August 1 of each year, the committee shall certify to the Comptroller the amount to be allocated, transferred, and credited to the State Highway Fund under this subsection for the succeeding fiscal year.

(E) Funds allocated and appropriated from the Clearance Fund to the State Highway Fund shall be paid no later than the sixth working day of each month in equal monthly installments. If for any month the amount remaining to the credit of the Clearance Fund is insufficient to provide for the transfer and allocation to the State Highway Fund under this subsection, the difference between the amount transferred and the amount required to be transferred under this subsection shall be transferred and paid from the General Revenue Fund or from funds due to the General Revenue Fund.

(F) On or before November 1, 1978, and on or before each succeeding November 1, the committee shall determine the actual amount of dedicated revenue earned for the State Highway Fund and the actual highway cost index for the preceding fiscal year (except that for fiscal years beginning September 1, 1977, and September 1, 1978, the actual highway cost index is 1.00) and shall determine the amount by which the amount allocated, transferred, and credited to the State Highway Fund under this subsection during the preceding fiscal year differs from the amount that would have been allocated, transferred, and credited to the State Highway Fund during the preceding fiscal year based on the actual dedicated revenue and the actual highway cost index. The committee shall certify to the Comptroller the amount of the difference, if any, and shall certify to the Comptroller the amount by which allocations, transfers, and credits for the remainder of the current fiscal year are to be adjusted to compensate for the amount of the difference.

(G) The amount to be transferred, allocated, and credited each fiscal year to the State Highway Fund shall be determined by application of the following formula:

\[
\text{Amount} = (\text{Base Amount} \times \text{Cost Index}) - \text{Dedicated Revenue}
\]

In this formula:

(i) "Amount" means the amount to be allocated from the Clearance Fund to the State Highway Fund.

(ii) "Base Amount" means $700 million for the fiscal year beginning September 1, 1977, and $750 million for each fiscal year beginning on or after September 1, 1978.

(iii) "Highway Cost Index" means the number determined as provided in Paragraph (H) of this subsection, except that for the fiscal years beginning on September 1, 1977, and September 1, 1978, the highway cost index is 1.00.

(iv) "Dedicated Revenue" means the revenue credited to the State Highway Fund under Articles 9.25, 10.22, 10.72, and 20.13, Title 122A, Taxation—General, Revised Civil Statutes of Texas, 1925, as amended; Article 6666, Revised Civil Statutes of Texas, 1925, as amended; Sections 1 through 16, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-1 et seq., Vernon's Texas Civil Statutes); Chapter 18, General Laws, Acts of the 41st Legislature, 5th Called Session, 1930, as amended (Article 6675a-6e, Vernon's Texas Civil Statutes); Section 2, Chapter 178, General Laws, Acts of the 43rd Legislature, Regular Session, 1935, as amended (Article 6675a-13, Vernon's Texas Civil Statutes); Chapter 298, Acts of the 56th Legislature, Regular Session, 1959 (Article 6675a-5b, Vernon's Texas Civil Statutes); Chapter 456, Acts of the 56th Legislature, Regular Session, 1959, as amended (Article 6675a-6b, Vernon's Texas Civil Statutes); Chapter 517, Acts of the 58th Legislature, Regular Session, 1963, as amended (Article 6675a-5, Vernon's Texas Civil Statutes); Chapter 571, Acts of the 59th Legislature, Regular Session, 1965, as amended (Article 6675a-6, Vernon's Texas Civil Statutes); Chapter 517, Acts of the 60th Legislature, Regular Session, 1967 (Article 6675a-5e, Vernon's Texas Civil Statutes).

(H) The highway cost index shall be determined by the State Department of Highways and Public Transportation according to procedures approved by the Highway Cost Index Committee. The index shall be based on the weighted combined costs of highway operations, maintenance, and construction for the appropriate fiscal year compared to the costs of those items used for the fiscal year beginning on September 1, 1978.

(I) This subsection does not authorize the transfer of any funds from the State Highway Fund to the Clearance Fund or any other fund even
though the actual amount of dedicated revenue exceeds the base amount times the cost index.

1 Texas Energy Advisory Council abolished and succeeded by Texas Energy and Natural Resources Advisory Council. See art. 4413(47c).

Art. 7150l. Valuation of Property Owned by Nonprofit Associations or Corporations

Policy of State

Sec. 1. The legislature recognizes as an existing condition the fact that many residential subdivisions are developed on the basis of a nonprofit association...
or corporation maintaining nominal ownership to certain property which will be held for the use, benefit, and enjoyment of the members of such association or corporation, such nominally owned property consisting of such items as swimming pools, parks, meeting halls, parking lots, tennis courts, and many other similar and related items of property. The legislature further recognizes that the existence of such an association or corporation holding nominal title to such facilities for the use, benefit, and enjoyment of its members greatly enhances the valuation for tax purposes of the individual properties owned by members of the association or corporation who are entitled to the use and enjoyment thereof. The legislature further recognizes that the valuation for tax purposes of the property thus nominally held by such associations or corporations is actually reflected in the enhanced valuation of the property owned by the individual members thereof, and to assess such nominally owned property on the basis of its fair market value would result in double taxation of such property. It is therefore declared to be the policy of the State of Texas that all political subdivisions of the State of Texas take cognizance of the existence of such subdivision developments and recognize that all property nominally owned by such associations or corporations should be assessed and taxed on a nominal basis rather than at fair market value.

**Assessment at Nominal Value**

Sec. 2. All property, real, personal, or mixed, owned by an association, corporation, or similar nonprofit organization, as herein defined, shall be assessed for tax purposes on the basis of a nominal value with respect to all property taxes levied by the State of Texas or any political subdivision of the State of Texas if:

(a) all property owned by said association or corporation is held for the use, benefit, and enjoyment of all members of said association equally; and

(b) each member of the association or corporation owns or possesses an easement, license, or other nonrevocable right for the use and enjoyment on an equal basis of all the property so held by such association or corporation, subject to any restrictions imposed by the instruments conveying such right or interest or granting such easement and any rules, regulations, or bylaws imposed by the association or corporations pursuant to the authority granted by the articles of incorporation, declaration of covenants, conditions and restrictions, the bylaws, or the articles of association of such corporation or association; and

(c) each easement, license, or other nonrevocable right to the use and enjoyment of all association property is appurtenant to and an integral part of the taxable real property owned by such members.

**Enhanced Value as Assessment Factor**

Sec. 3. In appraising individual properties owned by members of the association or corporation who are entitled to the use and enjoyment of facilities owned by the association or corporation, the enhanced value of the individual properties because of the right to the use and benefit of the facilities shall be a factor taken into consideration by the appraiser.

**Qualifications for Benefits of Act**

Sec. 4. Any nonprofit association, corporation, or other organization shall qualify for the benefits provided in this Act if:

(a) such association or corporation is engaged in residential real estate management; and

(b) such association or corporation is organized and operated to provide for the acquisition, construction, management, maintenance, and care of property nominally owned by such association or corporation and held for the use, benefit, and enjoyment of its members; and

(c) 60 percent or more of the gross income of such association or corporation consists of amounts received as membership dues, fees, or assessments from owners of residences or residential lots within the area subject to jurisdiction and assessment power of such association or corporation; and

(d) 90 percent or more of the expenditures of the association or corporation is made for the purpose of acquiring, constructing, managing, maintaining, and caring for the property nominally held by such association or corporation; and

(e) all members of the association or corporation own easement, license, or other nonrevocable rights for the use and enjoyment on an equal basis of all the property nominally owned by such association or corporation subject to any restrictions imposed by the instruments conveying such right or interest or granting such easement and any rules, regulations, or bylaws imposed by the association or corporation pursuant to the authority granted by the articles of incorporation, declaration of covenants, conditions and restrictions, the bylaws, or the articles of association of such corporation or association; and

(f) no part of the net earning, if any, of such association or corporation shall inure to the benefit of any member or individual, other than by acquiring, constructing, or providing management, maintenance, and care of association or corporation property, or other than by a rebate of excess membership dues, fees, or assessments; and

(g) such nonprofit corporation, association, or organization shall qualify for treatment under Section 1301 of the Tax Reform Act of 1976.

Sec. 5. All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict but only to the extent of such conflict, and this Act shall be cumulative of all existing laws relative hereto and not inconsistent herewith. [Acts 1977, 66th Leg., p. 1975, ch. 790, §§ 1 to 5, eff. Aug. 29, 1977.]

Repeal

This article is repealed by Acts 1979, 66th Leg., p. 2929, ch. 841, § 6(a)(1), effective January 1, 1982, § 1 of which enacts the Property Tax Code, constituting Title 1 of the Tax Code.

Art. 7150n. Assessment of Property Taxes in Planned Unit Development

Sec. 1. For purposes of this Act, “planned unit development” means a real property development project in which the owners of individual parcels of real property in the development each have a membership in an association that owns and maintains property in the development for the use of its members.

Sec. 2. A property tax on the property in a planned unit development that is owned by the association may be assessed proportionately against each member of the association if the association files with the tax collector a resolution adopted by majority vote of all members of the association authorizing the proportionate assessment.

Sec. 3. If taxes are assessed proportionately as authorized in this Act, the amount of tax to be imposed on the association’s property shall be divided by the number of separately owned parcels of real property in the development. The quotient is the proportionate amount of tax to be assessed against each separately owned parcel in the development, and a tax lien attaches to each parcel to secure payment of its proportionate share of the tax on the association’s property. Each separate parcel, together with the quotient portion applicable thereto, shall be rendered and assessed separately and the tax lien to secure the payment of the taxes assessed upon each such separate parcel, together with the quotient portion applicable to that parcel, shall apply only to such respective parcel together with its applicable quotient portion, and the tax lien securing the payment of taxes upon any other parcel or parcels, and the respective quotient or quotients applicable thereto, shall not apply to any other parcel and the respective quotient applicable thereto. [Acts 1977, 66th Leg., p. 2037, ch. 815, §§ 1 to 3, eff. Aug. 29, 1977.]

Sec. 1. In this Act:

(1) “Recreational, park, or open space use” means the employment or application of real property for individual or group sporting activities, for park or camping activities, or for the conservation and preservation of scenic areas, and includes the use of real property for walking, jogging, running, swimming, boating, fishing, hunting, golfing, horseback riding, shooting, tennis, and the development of historical, archaeological, scenic, or scientific sites.

(2) “Deed restriction” means a valid and enforceable provision in a conveyance of land of five or more acres filed and recorded in the deed records of the county in which the land is located and which provision limits or restricts the use of the land conveyed.

(3) “Improvements” includes all valuable additions to real property except appurtenances to land.

(4) “Appurtenances to land” means riparian water rights, private roads, dams, reservoirs, water wells, and canals, ditches, and similar shapings or additions to the soil.

Voluntary Restrictions

Sec. 2. (a) The owner of the fee simple title to a five or more acre tract of real estate may limit the use of the land to recreational, park, or open space use by filing with the county clerk an instrument executed in the form and manner of a deed.

(b) The restriction instrument must include a description of the property, the name of the owner or owners of the property, and a statement that the land may not be used for any purpose other than recreational, park, or open space uses for a term of years which term must be expressed in the instrument.

(c) An instrument complying with the requirements of this section may be enforced in the same manner as a valid deed restriction by action of the county attorney or any person owning or having an interest in the restricted property.
Art. 7150n

TITLE 122. TAXATION

1286

Appraisal of Restricted Land

Sec. 3. (a) For the purpose of assessing ad valorem taxes imposed by each tax authority, land that is subject to a deed restriction or a restriction instrument executed and filed as provided in Section 2 of this Act and that limits the use of the land to recreational, park, or open space uses for a term of 10 or more years and which land is actually used exclusively for recreational, park, or open space purposes on January 1 of the tax year and during all of the preceding tax year shall be appraised and valued as provided in Subsection (b) of this section.

(b) The tax assessor or appraiser shall consider no factor other than those relative to the value of the land as restricted. Sales of comparable land not subject to such restrictions may not be used.

(c) Improvements on land and the mineral estate shall be valued at actual cash value to be determined by comparable sales or other methods to determine market value.

(d) If the land has been subjected to a deed restriction or a restriction established as provided in Section 2 of this Act during the calendar year immediately preceding January 1 of the tax year and if the restriction is for a term of 10 or more years, the land is entitled to be valued as provided in Subsection (b) of this section, if the owner of the land presents to the tax assessor or appraiser an affidavit stating that for the tax year the land will be used exclusively for recreational, park, or open space purposes. If the valuation of the land is made according to the methods prescribed by Subsection (b) of this section based on an affidavit, the tax assessor or appraiser shall, at the end of the tax year, determine if the property was used exclusively for recreational, park, or open space uses, and if the land was not used exclusively for recreation, park, or open space uses, he shall assess additional taxes equal to the difference in the amount of the taxes assessed for the property based on recreational, park, or open space uses and the amount of taxes that would have been assessed if the property had been valued for tax purposes at market value of unrestricted land.

Reassessment of Taxes

Sec. 4. (a) When property valued as provided in Subsection (b), Section 3 of this Act is no longer subject to a deed restriction or a restriction instrument executed as provided in Section 2 of this Act, or when the property is not used exclusively for recreational, park, or open space uses, the tax assessor of each taxing authority shall determine the amount of taxes which would have been payable to the taxing authority had the land been valued at market value without restriction for the current tax year and for the previous five tax years and shall assess against the property and the owner additional taxes equal to the amount of the taxes assessed according to the value of the property as restricted for recreational, park, or open space uses and the amount of the taxes based on its value without restriction as to use for the current tax year and for the previous five tax years.

(b) The tax assessor for the taxing unit shall include the amount of the additional tax assessed under Subsection (a) of this section, plus interest, on the next tax notice issued after the additional assessment is made. Additional tax under this section shall be treated as back taxes.

Penalty for Violation of Restriction

Sec. 5. If, at any time before the expiration of a restriction which limits the use of land to recreational, park, or open space use, the land is used for a purpose other than recreational, park, or open space use, there shall be assessed as a penalty an amount equal to the difference in the amount of the taxes assessed for the tax year in which the restriction is not observed on the property based on recreational, park, or open space uses and the amount of taxes that would have been assessed for the tax year in which the restriction is not observed if the property had been valued for tax purposes at market value of unrestricted land. The penalty imposed by this section is in addition to taxes imposed under Sections 3 and 4 of this Act. Penalties become due and are payable in the same manner as is the tax.

Effective Date

Sec. 6. This Act applies to each tax year beginning after December 31, 1977. [Acts 1977, 65th Leg., p. 2065, ch. 818, §§ 1 to 6, eff. Jan. 1, 1978.]

Repeal

Art. 7150o. Reappraisal of Property Damaged in Natural Disaster Area

(a) The governing body of a political subdivision that is located partly or entirely inside an area declared to be a natural disaster area by the governor and by the President of the United States may authorize reappraisal of all property damaged in the disaster at its value immediately after the disaster.

(b) If property damaged in a natural disaster is reappraised as provided by this section, the governing body shall provide for prorating the ad valorem taxes on the property for the year in which the disaster occurred. If the taxes are prorated, taxes due on the property are determined as follows: the taxes on the property based on its value on January
1 of that year are multiplied by a fraction, the

denominator of which is 365 and the numerator of

which is the number of days before the date the
disaster occurred; the taxes on the property based
on its reappraised value are multiplied by a fraction,
the denominator of which is 365 and the numerator
of which is the number of days, including the date
the disaster occurred, remaining in the year; and
the total of the two amounts is the amount of taxes
on the property for the year.

(c) This section does not apply to ad valorem taxes
imposed for state purposes.

Art. 7174. Valuation of Property for Taxation

(a) Each separate parcel of real property shall be valued at its true and full value in money, excluding the value of crops growing or ungathered thereon.

(b) In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at auction or a forced sale or in the aggregate with all the property in his county; but he shall value each tract or lot by itself, and at such sum and price as he believes the same to be fairly worth in money at the time such assessment is made.

(c) In valuing any real property on which there is a coal or other mine, or stone or other quarry, or springs possessing medicinal properties, the same shall be valued at such price as such property, including a mine, or quarry or spring, would probably sell at a fair voluntary sale for cash.

(d) An interest in a mineral which may be removed by surface mining or quarrying from a deposit that is not being produced shall be valued at the price for which the interest would sell while the mineral is in place and not being produced. The value shall be determined by applying a per acre value to the number of acres covered by the interest. The aggregate of the value of such an interest, and all other interests that, if not under separate ownership, would constitute a fee simple estate in any real property, may not exceed the value which would be placed upon the fee estate, if the interest in minerals were not owned separately.

(e) Taxable leasehold estates on non-exempt property shall be valued at such price as such leasehold estates would bring at a voluntary sale for cash, and taxable leasehold estates on exempt property shall be valued at such price as such leasehold estates would bring at a voluntary sale thereof for cash, based upon the value of a comparable improvement if located on non-exempt property, with reductions for reversionary interests, restrictions on use, and credit for normal rental, except that the value of a leasehold may not be less than the total annual rental for the leasehold for the year in which it is valued.

(f) Personal property of every description shall be valued at its true and full value in money.

(g) Money, whether in possession or on deposit, or in the hands of any member of the family, or any person whatsoever, shall be entered in the statement at the full amount thereof.

(h) Every credit for a sum certain, payable either in money or property of any kind, shall be valued at the full value of the same so payable. If for a specified article or for a specified number or quantity of property of any kind, it shall be valued at the current price of such property at the place where payable. Annuities or moneys payable at stated periods shall be valued at the price that the person listing the same believes them to be worth in money. Art. 7174A. Appraisal of Agricultural Land

Definitions

Sec. 1. In this article:

(1) “Qualified open-space land” means land that is currently devoted principally to agricultural use to the degree of intensity generally accepted in the area and that has been devoted principally to agricultural use for at least five of the preceding seven years or land that is used principally for ecological laboratories by public and private colleges and universities. Qualified open-space land includes all appurtenances to the land. For the purposes of this subdivision, appurtenances to the land means private roads, dams, reservoirs, water wells, canals, ditches, terraces, and other reshappenings of the soil, fences, and riparian water rights.

(2) “Agricultural use” includes, but is not limited to, the following activities: cultivating the soil, producing crops for human food, animal feed, planting seed, and for the production of fibers; floriculture, viticulture, and horticulture; raising or keeping livestock; and planting cover crops or leaving land idle for the purpose of participating in any governmental program, or normal crop or livestock rotation procedure.

(3) “Category” means the value classification of land in each taxing unit considering the agricultural use to which the land is principally devoted. Categories of land shall include, but not be limited to, irrigated cropland, dry cropland, improved pasture, native pasture, orchard, and waste and may be further divided according to soil type, soil capability, irrigation, general topography, geographical factors, and other factors which influence the productive capacity of the category. Each local tax assessor shall obtain information from the Texas Agricultural Extension Service, Soil Conservation Service, and recognized agricultural sources for the purposes of determining the categories of production existing within the taxing unit’s jurisdiction.
(4) "Net to land" means the average annual net income derived from the use of the open-space land that would have been earned by the owner of the land over the five-year period immediately preceding the valuation by a person using ordinary prudence in the management of the land and the farm crops or livestock produced or supported thereon, and in addition any income received from hunting or recreational leases. The local tax assessor shall calculate net to land with an owner-operator budget by subtracting all ordinary and prudent expenses incurred in pursuit of agricultural use as defined in Subdivision (2) of this section, including all ordinary and prudent expenses incurred in connection with hunting and recreational leases and including owner labor and fixed and variable costs, from the five-year average agricultural income using estimates available from the Texas Agricultural Extension Service, U.S. Agricultural Stabilization and Conservation Service, the Soil Conservation Service, Texas Department of Agricultural Crop and Livestock Reporting Service, and universities and colleges within Texas. Only in the event there is insufficient data available to calculate net to land on the basis of an owner-operator budget, net to land may be determined by considering the income that would be due to the owner of the land under cash lease, share lease, or whatever lease arrangement is typical in that taxing unit for that category of land, and all expenses directly attributable to the agricultural use of the land by the owner of the land shall be subtracted from this owner income and the results shall be used in income capitalization. Net to land shall be determined by the same method for all land in the same category located in the same taxing unit. In calculating net to land, a reasonable deduction shall be made for any depletion that occurs of underground water used in the agricultural operation.

(5) "Income capitalization" means the process of dividing net to land by the capitalization rate in order to determine the value for ad valorem tax purposes.

Valuation of Agricultural Land

Sec. 2. (a) The value for ad valorem tax purposes of qualified open-space land shall be determined by the tax assessor for the taxing unit on the basis of the category of the land, using accepted income capitalization methods applied to average net to land. The value so determined may not exceed the fair market value as determined by other generally accepted appraisal methods.

(b) The tax assessor for each taxing unit shall determine the value according to this article of each category of open-space land and, when requested by a landowner, the value according to Article VIII, Section 1-d, of the Texas Constitution of each category of land owned by that landowner and shall make each value and the market value of the owner's land according to the preceding year's tax roll available to a person seeking to apply for appraisal under this article or under Article VIII, Section 1-d, of the Texas Constitution.

(c) A tax assessor may not change the value of a parcel of open-space land unless the owner has applied for and the land has qualified for appraisal as provided by this article or by Article VIII, Section 1-d, of the Texas Constitution, or unless the change is made as a result of a reappraisal.

(d) Pursuant to rulemaking authority, the School Tax Assessment Practices Board shall develop and distribute to all taxing units appraisal manuals setting forth this method of valuing qualified open-space land, and each taxing unit shall use the appraisal manuals in determining the value. The School Tax Assessment Practices Board shall develop and the local taxing authority shall enforce procedures to verify that the land in question meets the conditions contained in Section 1(1) of this article. All rules and regulations shall be approved before taking effect pursuant to the Administrative Procedure and Texas Register Act, as amended (Article 6252—13a, Vernon's Texas Civil Statutes), by a majority vote of a committee comprised of the following officials or their designees: the governor, the comptroller, the attorney general, the agriculture commissioner, and the commissioner of the General Land Office. If the School Tax Assessment Practices Board is abolished, the authority granted the board herein shall be transferred to its successor, or if none, to the comptroller.

(e) For the purposes of Section 5 of this article, the tax assessor shall also determine and submit to the board of equalization both the value as determined under this article and the fair market value of qualified open-space land.

(f) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this article.

Capitalization Rate

Sec. 3. The capitalization rate to be used in determining the value of qualified open-space land shall be 10 percent or the interest rate specified by the Federal Land Bank of Houston on December 31 of the preceding year plus 2½ percentage points, whichever percentage is the greater.

Application

Sec. 4. (a) A person claiming that land is eligible for appraisal under this article must file a valid application with the tax assessor for each taxing unit in which the land is taxable.
(b) To be valid, the application must be on a form provided by the assessor, as prescribed by the School Tax Assessment Practices Board, and must contain the information necessary to determine the validity of the claim. The School Tax Assessment Practices Board shall include on the form a notice of the penalties prescribed by Section 37.10, Penal Code, for making or filing an application containing a false statement. The form must be filed during the rendition period for the taxing unit. However, for good cause the tax assessor may extend the filing deadline for not more than 60 days.

(c) If a person fails to timely file a valid application, the land is ineligible for appraisal under this article.

(d) The tax assessor shall make a sufficient number of printed application forms readily available at no charge and shall mail a form each year, at least 90 days before the filing deadline, to each person owning land that qualified under this article in the preceding year.

Change of Use of Land

Sec. 5. (a) If the use of land that has been appraised as provided by this article changes, an additional tax is imposed on the land equal to the difference between the taxes imposed on the land for each of the five years preceding the year in which the change of use occurs that the land was appraised as provided by this article and the tax that would have been imposed had the land been taxed on the basis of fair market value in each of those years, plus interest at an annual rate of seven percent calculated from the dates on which the differences would have become due.

(b) A tax lien attaches to the land on the date the change of use occurs to secure payment of the additional tax and interest imposed by this section and any penalties incurred. The lien exists in favor of the state and all taxing units for which the additional tax is imposed.

(c) The additional tax imposed by this section does not apply to a year for which the tax has already been imposed.

(d) If the change of use applies to only part of a parcel that has been appraised as provided by this article, the additional tax applies only to that part of the parcel and equals the difference between the taxes imposed on that part of the parcel and the taxes that would have been imposed had that part been taxed on the basis of fair market value.

(e) The tax assessor shall prepare and deliver a statement for the additional taxes as soon as practicable after the change of use occurs. The taxes become delinquent and incur penalties and interest as provided by law for ad valorem taxes imposed by the taxing unit if not paid before the next date on which the unit's ad valorem taxes become delinquent that is more than 10 days after the date the statement is delivered.

(f) The sanctions provided by Subsection (a) of this section do not apply if the change of use occurs as a result of a sale for right-of-way or a condemnation.

(g) If the use of the land changes to a use that qualifies under the Article 7174B, Revised Civil Statutes of Texas, 1925, the sanctions provided by Subsection (a) of this section do not apply.

(h) Additional taxes, if any, for a year in which land was designated for agricultural use as provided by Article VIII, Section 1-d, of the Texas Constitution are determined as provided by that section, and the additional taxes imposed by this section do not apply for that year.

Land Ineligible for Designation as Open-space Land

Sec. 6. This article does not apply to:

(1) land located inside the corporate limits of an incorporated city or town, unless:

(A) the city or town is not providing the land with governmental and proprietary services substantially equivalent in standard and scope to those services it provides in other parts of the city or town with similar topography, land utilization, and population density; or

(B) the land has been devoted principally to agricultural use continuously for the preceding five years;

(2) land owned by an individual who is a nonresident alien or by a foreign government if that individual or government is required by federal law or by rule adopted pursuant to federal law to register his ownership or acquisition of that property; or

(3) land owned by a corporation, partnership, trust, or other legal entity if the entity is required by federal law or by rule adopted pursuant to federal law to register its ownership or acquisition of that land and if a nonresident alien or a foreign government or any combination of nonresident aliens or foreign governments own a majority interest in the entity.

[Added by Acts 1979, 66th Leg., p. 680, ch. 302, art. 1, § 1, eff. May 31, 1979.]

Repeal

This article is repealed by Acts 1979, 66th Leg., p. 2361, ch. 841, § 6(f) (2), effective January 1, 1982, § 1 of which enacts the Property Tax Code, constituting Title 1 of the Tax Code.

Subsections (a), (b), (e), and (f) of § 1 of art. 13 of Acts 1979, 66th Leg., ch. 302, provided:

"(a) The legislature believes that implementation of Articles 1 and 2 of this Act in the 1979 tax year is both feasible and desirable and hereby expresses its intent that all taxing units in this state implement those articles for taxes imposed for the 1979 tax year unless it is impossible to do so."
Art. 7174B. Appraisal of Timber Land

Definitions

Sec. 1. In this article:

(1) "Category of the land" means the value classification of land for timber production, based on soil type, soil capability, general topography, weather, location, and other pertinent factors, as determined by competent governmental sources.

(2) "Net to land" means the average net income that would have been earned by a category of land over the preceding five years by a person using ordinary prudence in the management of the land and the timber produced on the land. The net income for each year is determined by multiplying the land's potential average annual growth, expressed in cords and/or board feet of wood, by the average stumpage value, taking into consideration the three general types of timber as produced on the four different soil types, as determined by using information from the U.S. Forest Service, U.S. Geological Survey, the Soil Conservation Service, Texas Forest Service, and colleges and universities within Texas, and by subtracting from the product reasonable management costs and other reasonable expenses directly attributable to the production of the timber.

Qualification for Productivity Appraisal

Sec. 2. Land qualifies for appraisal under this article if, with the intent to produce income, it is currently and actively devoted principally to production of timber or forest products to the degree of intensity generally accepted in the area and has been devoted principally to production of timber or forest products for at least five of the preceding seven years.

Valuation of Timber Land

Sec. 3. (a) The value for ad valorem tax purposes of qualified timber land is determined on the basis of the category of the land, using accepted income capitalization methods applied to average net to land. The value so determined may not exceed the fair market value of the land as determined by other appraisal methods.

(b) Pursuant to rulemaking authority, the School Tax Assessment Practices Board shall develop and distribute to all taxing units appraisal manuals setting forth this method of valuing qualified timber land, and each taxing unit shall use the appraisal manuals in determining the value. The School Tax Assessment Practices Board shall develop and the local taxing authority shall enforce procedures to verify that the land in question meets the conditions contained in Section 2 of this article. All rules and regulations shall be approved before taking effect pursuant to the Administrative Procedure and Texas Register Act, as amended (Article 6252—13a, Vernon's Texas Civil Statutes), by majority vote of a committee comprised of the following officials or their designees: the governor, the comptroller, the attorney general, the agriculture commissioner, and the commissioner of the General Land Office. If the School Tax Assessment Practices Board is abolished, the authority granted the board herein shall be transferred to its successor, or if none, to the comptroller.

(c) For the purposes of Section 6 of this article, the tax assessor shall also determine and submit to the board of equalization both the value as determined under this article and the fair market value of qualified timber land.

(d) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this article.

Capitalization Rate

Sec. 4. The capitalization rate to be used in determining the value of qualified open-space land shall be the interest rate specified by the Federal Land Bank of Houston on December 31 of the preceding year plus 2½ percentage points.

Application

Sec. 5. (a) A person claiming that land is eligible for appraisal under this article must file a valid application with the tax assessor for each taxing unit in which the land is taxable.

(b) To be valid, the application must be on a form provided by the assessor, as prescribed by the School Tax Assessment Practices Board, and must contain the information necessary to determine the validity of the claim. The School Tax Assessment Practices Board shall include on the form a notice of the penalties prescribed by Section 37.10, Penal Code, for making or filing an application containing a false statement. The form must be filed during the rendition period for the taxing unit. However, for good cause the tax assessor may extend the filing deadline for not more than 60 days.

(c) If a person fails to file timely a valid application, the land is ineligible for appraisal under this article.

(d) The tax assessor shall make a sufficient number of printed application forms readily available at
no charge and shall mail a form each year, at least 90 days before the filing deadline, to each person owning land that qualified under this article in the preceding year.

Change of Use of Land

Sec. 6. (a) If the use of land that has been appraised as provided by this article changes, an additional tax is imposed on the land equal to the difference between the taxes imposed on the land for each of the five years preceding the year in which the change of use occurs that the land was appraised as provided by this article and the tax that would have been imposed had the land been taxed on the basis of fair market value in each of those years, plus interest at an annual rate of seven percent calculated from the dates on which the differences would have become due.

(b) A tax lien attaches to the land on the date the change of use occurs to secure payment of the additional tax and interest imposed by this section and any penalties incurred. The lien exists in favor of the state and all taxing units for which the additional tax is imposed.

(c) The additional tax imposed by this section does not apply to a year for which the tax has already been imposed.

(d) If the change of use applies to only part of a parcel that has been appraised as provided by this article, the additional tax applies only to that part of the parcel and equals the difference between the taxes imposed on that part of the parcel and the taxes that would have been imposed had that part been taxed on the basis of fair market value.

(e) The tax assessor shall prepare and deliver a statement for the additional taxes as soon as practicable after the change of use occurs. The taxes become delinquent and incur penalties and interest as provided by law for ad valorem taxes imposed by the taxing unit if not paid before the next date on which the unit’s ad valorem taxes become delinquent that is more than 10 days after the date the statement is delivered.

(f) The sanctions provided by Subsection (a) of this section do not apply if the change of use occurs as a result of a sale for right-of-way or a condemnation.

(g) If the use of the land changes to a use that qualifies under Article 7174A, Revised Civil Statutes of Texas, 1925, the sanctions provided by Subsection (a) of this section do not apply.

Land Ineligible for Productivity Appraisal

Sec. 7. This article does not apply to:

(1) land located inside the corporate limits of an incorporated city or town, unless:

(A) the city or town is not providing the land with governmental and proprietary services substantially equivalent in standard and scope to those services it provides in other parts of the city or town with similar topography, land utilization, and population density; or

(B) the land has been devoted principally to production of timber or forest products continuously for the preceding five years;

(2) land owned by an individual who is a nonresident alien or by a foreign government if that individual or government is required by federal law or by rule adopted pursuant to federal law to register his ownership or acquisition of that property; or

(3) land owned by a corporation, partnership, trust, or other legal entity if the entity is required by federal law or by rule adopted pursuant to federal law to register its ownership or acquisition of that land and if a nonresident alien or a foreign government or any combination of nonresident aliens or foreign governments own a majority interest in the entity.

Minimum Appraisal of Timber Land

Sec. 8. The value for ad valorem tax purposes of qualified timber land appraised as provided by this article may not be less than the appraised value of that land for the 1978 tax year, except that the value used for any tax year may not exceed the fair market value of the land as determined by other generally accepted appraisal methods.

Art. 7244c. Increases in Effective Tax Rate by Taxing Unit

Calculation of Effective Tax Rate

Sec. 1. (a) After the board of equalization has approved and certified the tax roll for a taxing unit, the tax assessor for the unit shall subtract from the total assessed value of all property on the roll the assessed value of all property added to the roll since the preceding tax year by annexation of territory and the assessed value of all improvements made after January 1 of the preceding tax year.

(b) The assessor shall subtract from the total amount of property taxes levied by the unit in the preceding year:

(1) the total amount levied in that year on real property that is not on the roll for the current year;

(2) the total amount levied to pay the principal of and interest on bonds, warrants, certificates of obligation, or other lawfully authorized evidences of indebtedness issued or assumed by the unit;

(3) the total amount levied to provide for lawfully incurred contractual obligations providing security for the payment of principal of and interest on bonds or other evidences of indebtedness issued on behalf of the unit by another political subdivision; and

(4) the total amount levied in the preceding year on taxable value that is exempt in the current year.

(c) The assessor shall calculate the tax rate necessary for the current tax year to pay:

(1) principal of and interest on bonds, warrants, certificates of obligation, or other lawfully authorized evidences of indebtedness issued or assumed by the unit; and

(2) lawfully incurred contractual obligations providing security for the payment of principal of and interest on bonds or other evidences of indebtedness issued on behalf of the unit by another political subdivision.

(d) The assessor shall then calculate the tax rate that, if applied to the total assessed value remaining after subtracting the assessed value of annexed
Art. 7244c  Title 122. Taxation

Property and new improvements, would impose the total dollar amount of taxes determined as provided by Subsection (b) of this section.

(e) The assessor shall add the debt-service rate calculated as provided by Subsection (c) of this section and the operating-expense rate calculated as provided by Subsection (d) of this section. That total rate is the tax rate that is subject to the tax rate limitations provided by this Act. The assessor shall publicize that rate in a manner designed to come to the attention of all residents and submit the rate to the governing body of the unit.

Limitations on Increasing Effective Rate

Sec. 2. A taxing unit may not impose property taxes in any year until the governing body has adopted a tax rate for that year, and the governing body may not adopt a tax rate that exceeds the rate calculated and announced under Section 1 of this Act by more than three percent until it has given public notice of its intention to adopt a higher rate and has held a public hearing on the proposed increase.

Notice and Public Hearing on Increase

Sec. 3. (a) A public hearing required by this Act may not be held before the seventh day after the date the notice of intent to increase the tax rate is given. The hearing must be on a weekday that is not a public holiday and must begin after 5 p.m. and before 9 p.m. The hearing must be held in a public building inside the geographical boundaries of the taxing unit. If no public building is available, the hearing may be held in some other suitable building inside the geographical boundaries of the unit. At the hearing, the governing body must afford adequate opportunity for proponents and opponents of the tax increase to present their views.

(b) The notice of a public hearing may not be smaller than one-quarter page of a standard-size or a tabloid-size newspaper, and the headline on the notice must be in 18-point or larger type. The notice must be in the following form:

"NOTICE OF TAX INCREASE"

"The (name of the taxing unit) proposes to increase your property taxes by (percentage of increase over the rate submitted under Section 1 of this Act) percent."

"A public hearing on the increase will be held on (date and time) at (meeting place)."

"(Names of all members of the governing body, showing how each voted on the proposal to raise taxes and, if one or more were absent, indicating the absences.)"

(c) The notice may be mailed by first-class mail to each registered voter residing in the unit or it may be published in a newspaper. If the notice is published in a newspaper, it may not be in the part of the paper in which legal notices and classified advertisements appear.

Adoption of Increased Tax Rate

Sec. 4. (a) At the public hearing the governing body shall announce the date, time, and place of the meeting at which it will vote on the proposed tax increase. After the hearing it shall give notice of the meeting in the form and manner provided by Section 3 of this Act, except that the second paragraph of the notice must state:

"A public meeting to vote on the proposed increase will be held on (date and time) at (meeting place)."

(b) The meeting to vote on the increase may not be earlier than the 3rd day or later than the 14th day after the date of the public hearing. The meeting must be held in a public building inside the geographical boundaries of the taxing unit. If no public building is available, the meeting may be held in some other suitable building inside the geographical boundaries of the unit. If the governing body does not adopt the increase by the 14th day, it must give a new notice under Subsection (a) of this section before it may adopt a rate higher than that announced under Section 1 of this Act.

(c) The annual tax rate for a taxing unit must be set by ordinance, resolution, or order, depending on the method prescribed by law for adoption of a law by the governing body. The vote on the ordinance, resolution, or order setting the tax rate must be separate from the vote adopting the budget.

(d) The governing body of a taxing unit may decrease the official tax rate for the current year at any time.

Notice of Reappraisal

Sec. 5. (a) Not later than the 20th day before the date the board of equalization for a taxing unit begins holding public hearings, the assessor for the unit shall mail a written notice to each property owner whose property value has been increased by more than $100 above its value in the preceding year.

(b) The assessor shall include in the notice:

1. the value of the property in the preceding year;
2. the amount of taxes imposed on the property the preceding year;
3. the value of the property for the current year; and
4. the amount of taxes that will be imposed on the basis of that value if neither the tax rate nor the ratio of assessment in effect for the unit in the preceding year is reduced.
Sec. 6. For purposes of this Act, "taxing unit" means a county, an incorporated city or town, including a home-rule city, a school district, a special district or authority, or any other political subdivision of this state, whether created by or under the constitution or a local, special, or general law, that is authorized to impose and is imposing ad valorem taxes on property.

City Fiscal Year

Sec. 6.1. The governing body of a home-rule city may establish by ordinance a fiscal year different from that fixed in its charter if a different fiscal year is necessary or desirable to adapt to the procedures prescribed by this Act.

Effective Date

Sec. 7. This Act takes effect January 1, 1979.

"Every power or duty relating to the administration of ad valorem taxation that is conferred on the comptroller of public accounts by a law that is repealed by this Act is transferred to the State Property Tax Board. The powers and duties relating to administration of ad valorem taxation that are conferred on the comptroller of public accounts by Article 7260, Revised Civil Statutes of Texas, 1925, as amended, are transferred to the State Property Tax Board."
Art. 7261. Duties of Clerk and Collector

7. When the Tax Collector determines that county ad valorem taxes or other ad valorem taxes collected by the Tax Collector on behalf of other Tax Units have been erroneously paid or overpaid, through mistake of law or fact, the Tax Collector, upon verification by the County Auditor of the erroneous payment or overpayment, may refund such erroneous payment or overpayment from available tax-collection revenues received or other available funds appropriated for this purpose. Application for a refund must be made by the taxpayer affected and filed with the Tax Collector within three (3) years of the date of the erroneous payment or overpayment. For all refunds in excess of $500 the Tax Collector must present the application for the refund to the Tax Unit’s governing body for verification and approval.

[Amended by Acts 1975, 64th Leg., p. 1347, ch. 506, § 1, eff. Sept. 1, 1975.]

Repeal
This article is repealed by Acts 1979, 66th Leg., p. 2329, ch. 841, § 6(a)(1), effective January 1, 1982, § 1 of which enacts the Property Tax Code, constituting Title 1 of the Tax Code.

Art. 7261.1. Refunds of Overpayments or Erroneous Payments

(a) If a taxpayer applies to the tax collector of a taxing unit other than the county for a refund of an overpayment or erroneous payment of ad valorem taxes and the auditor for the unit determines that the payment was erroneous or excessive, the tax collector shall refund the amount of the excessive or erroneous payment from available, current tax collections or from funds appropriated by the unit for making refunds. However, if the amount of the refund exceeds $500, the collector may not make the refund unless the governing body of the taxing unit also determines that the payment was erroneous or excessive and approves the refund.

(b) An application for a refund must be made within three years after the date of the payment or the taxpayer waives the right to the refund.

Art. 7261a. Acceptance of Checks by Tax Collector for Payment of Fees and Taxes

Definitions
Sec. 1. In this Act:

(1) “Tax collector” means the county tax assessor-collector.

(2) “Check” means an instrument signed by the maker; containing an unconditional promise or order to pay a sum certain in money and containing no other promise, order, obligation, or power given by the maker; payable on demand; and drawn on a bank.

(3) “Maker” means the drawee of a check.

Acceptance of Check for Payment of Certain Fees Permitted
Sec. 2. A tax collector may, but is not required to, accept a check for the payment of motor vehicle registration fees (Article 6675a-1 et seq., Vernon’s Texas Civil Statutes); motor vehicle sales taxes imposed by Chapter 6, Title 122A, Taxation-General, Revised Civil Statutes of Texas, 1925; occupation taxes paid to the tax collector under Chapter 19, Title 122A, Taxation-General, Revised Civil Statutes of Texas, 1925; motor vehicle title transfer fees under the Certificate of Title Act (Article 6677-1, Vernon’s Texas Civil Statutes); license or permit fees under the Texas Liquor Control Act (Article 666-1 et seq., Vernon’s Texas Penal Auxiliary Laws), and property taxes.

Issuance Conditional on Bank’s Honoring Check
Sec. 3. The acceptance of a check for the payment of taxes and fees listed in Section 2 of this Act does not constitute payment of the tax or fee, and the tax or fee is not considered paid until the check is honored by the bank on which the check is drawn. This section does not prohibit a tax collector from issuing receipts, license plates, certificates, or other instruments on the receipt of a check, but the issuance is conditional on the payment of the check by the drawee bank.

Identification Required
Sec. 4. When a tax collector receives a check as conditional payment of a tax or fee listed in Section 2 of this Act, he shall require adequate identification of the maker and note on the check or otherwise record the type of identification of the maker and information from the identification to assist in locating the maker in the event the check is not honored.

Liability of Tax Collector and Bondsman
Sec. 5. Except as provided in Section 8 of this Act, a tax collector and his bondsman are not liable for the amount of any taxes and fees for which the tax collector has accepted a check that is not honored by the drawee bank if the tax collector complied with the requirements of Section 4 of this Act and if the tax collector did not know or should not reasonably have known that the check was not properly drawn or that it would not be honored.

Procedures for Collection of Dishonored Checks
Sec. 6. A tax collector may establish procedures for the collection of dishonored checks. The procedures may include:
(1) official notification to the maker that the check has not been honored and that the receipt, registration, certificate, or other instrument issued on the receipt of the check is not valid until payment of the tax or fee is made;

(2) notification of the sheriff or other law enforcement officers that a check has not been honored and that the receipt, registration, certificate, or other instrument held by the maker is not valid; and

(3) notification to the State Department of Highways and Public Transportation, the State Comptroller of Public Accounts, or the Department of Public Safety that the receipt, registration, certificate, or instrument held by the maker is not valid.

Dishonored Checks; Remission Not Required; Notice; Assistance in Collection

Sec. 7. If taxes and fees listed in Section 2 of this Act are required to be remitted to the State Comptroller of Public Accounts or the State Department of Highways and Public Transportation and if payment was made to the tax collector by a check that was not honored by the drawee bank, the amount of the tax or fee is not required to be remitted, but the tax collector shall notify the appropriate department of the amount of the fee or tax, the type of fee or tax involved, and the name and address of the maker. The State Department of Highways and Public Transportation and the State Comptroller of Public Accounts shall assist the tax collector in collecting the fee or tax and may cancel or revoke any receipt, registration, certificate, or instrument issued in the name of the state conditioned on the payment of the fee or tax.

Liability of Tax Collector for Violations of Act

Sec. 8. If the State Comptroller of Public Accounts or the State Department of Highways and Public Transportation determines that the tax collector of a county has accepted payment for fees and taxes to be remitted to that department in violation of Section 4 of this Act or that more than two percent of the fees and taxes to be received from the tax collector are not remitted because of the acceptance of checks that are not honored by the drawee bank, the department may notify the tax collector that he may not accept a check for payment of any fee or tax to be remitted to that department. A tax collector who, after notice that he may not receive a check for the payment of fees or taxes to be remitted to a department, accepts a check for the payment of a fee or tax, is liable to the state for the amount of the check accepted.

Rules for Acceptance of Checks and Collection of Dishonored Checks

Sec. 9. The State Comptroller of Public Accounts and the State Department of Highways and Public Transportation may make rules concerning the acceptance of checks by tax collectors and for the collection of dishonored checks.

Art. 7329a. Homestead Owned by Person 65 or Older; Collection of Delinquent Taxes Deferred or Abated

Suit to Collect Delinquent Taxes Prohibited; Affidavit

Sec. 1. No suit to collect delinquent ad valorem taxes on real property shall be filed by any tax unit of this state against property owned and occupied as a homestead, as defined in Article XVI, Section 51, of the Texas Constitution, by a person sixty-five (65) years of age or older during the time that it remains the homestead of such person; and provided further, that such person shall have filed for record with the county clerk of the county in which the land, or a part thereof, is located, prior to institution of suit by any tax unit, an affidavit containing the following:

(1) the birth date of the affiant;
(2) a description by metes and bounds, or other sufficient description to identify the property claimed as a homestead; and
(3) the signature of the affiant and acknowledgment or proof as in other instruments for record.

Defendant's Sworn Plea; Abatement of Suit

Sec. 2. In a suit for the collection of delinquent ad valorem taxes, the defendant may file a sworn plea stating that he is sixty-five (65) years old or older and that he is entitled to a residential homestead in the property. If the tax unit fails to file an affidavit controverting the sworn plea, or if on a hearing the court determines that the plea is true, the suit shall be abated until the property is no longer owned and occupied by the person sixty-five (65) years or older filing such sworn plea.

Right to Delinquent Taxes Not Extinguished or Released; Delay

Sec. 3. This Act does not extinguish or release the right of a tax unit to delinquent ad valorem taxes, and penalties (including "interest") against any property. In any suit upon which action is deferred or abated pursuant to this Act, such delay is not the basis for a plea of limitation, laches, or want of prosecution against a tax unit.

Penalties and Interest

Sec. 4. Penalties and interest continue to accrue during a period of deferment or abatement of suit as a result of this Act. Delinquent ad valorem taxes, penalties, and interest at all times remain a first priority lien upon the land and all mutations thereof until paid. A tax unit may sue for and foreclose its liens on all accrued delinquent ad valorem taxes and
penalties (including “interest”) when the homestead is no longer owned and occupied by the person sixty-five (65) years old or older who has claimed protection of this Act.

Payment of Taxes Due Not Precluded
Sec. 5. Nothing in this Act precludes any person sixty-five (65) years old or older from paying the ad valorem taxes due on residential homestead property. He or she may pay for any year(s) when he is unable to pay or chooses not to pay.

Art. 7345b. Suits for Delinquent Taxes by Taxing Units

[See Compact Edition, Volume 2 for text of 1 to 7]

Sale for Less Than Adjusted Value or Aggregate of Judgments in Suit to Party Other Than Taxing Unit Prohibited; Distribution of Proceeds

Sec. 8. No property sold for taxes under decree in such suit shall be sold to the owner of said property, directly or indirectly or to anyone having an interest therein, or to any party other than a taxing unit which is a party to the suit, for less than the amount of the adjusted value aforesaid of said property or the aggregate amount of the judgments against the property in said suit, whichever is lower, and the net proceeds of any sale of such property made under decree of court in said suit to any party other than any such taxing unit shall belong and be distributed to all taxing units which are parties to the suit which by the judgment in said suit have been found to have tax liens against such property, pro rata and in proportion to the amounts of their respective tax liens as established in said judgment, but any excess in the proceeds of sale over and above the amount necessary to defray the costs of suit and sale and other expenses hereinabove made chargeable against such proceeds, and to fully discharge the judgments against said property, shall be paid by the sheriff or constable making the sale to the clerk of the court out of which execution or other final process issued to be retained and disposed of by him as follows:

Such excess funds shall be retained by the clerk of the court for a period of three (3) years from the date received, unless otherwise ordered by the court, after which time he shall forward such excess funds to the State Treasurer, who shall hold the same in trust to be paid to the owner against whom said taxes were assessed or the heirs or legal representative of a deceased owner. The clerk shall note upon the execution docket in each such case the amount of such excess funds, the date received by him, and the date transmitted to the State Treasurer, and shall accompany such remittance with a statement upon a form to be prescribed by the Comptroller showing the style and number of the case, the court from which execution issued, which statement shall be filed and kept by the Treasurer and a duplicate thereof shall be forwarded to the Comptroller, who shall also keep an account of such excess funds transmitted to the Treasury.

At any time during the three (3) year period such excess funds are retained by the clerk of the court, anyone claiming the same may file a petition in the case out of which execution or other process issued, setting forth in said petition the basis upon which claimant claims such excess funds, and the court shall set the same for hearing. A full copy of such petition and date set shall be served on the County or District Attorney of the county at least twenty (20) days prior to the date set for the hearing, and if there be intervening plaintiffs or attorney ad litem in the case previously, then a full copy of such petition shall also be timely served on each such plaintiff or attorney. Signed approval or waiver must be obtained from each such plaintiff or attorney before the petition may be approved and granted.

At any time within four (4) years from the date such excess funds are forwarded to the State Treasurer by the clerk of the court, anyone claiming the same may file a petition in the case out of
which execution or other final process issued, setting forth in said petition the basis upon which claimant claims such excess funds, and the court shall set the same for hearing. A copy of such petition shall be served on the County or District Attorney of the county, at least twenty (20) days prior to the date of hearing, and a copy of such petition shall be forwarded to the State Treasurer and the Comptroller. The County Attorney, or District Attorney if there be no County Attorney, of such county, shall represent the State at such hearing.

If the court shall find that such claimant is entitled to recover such excess funds, it shall make an order directing the Comptroller to issue his warrant on the Treasury against such trust funds for the payment of same, but without interest or cost; a copy of which order under the seal of the court shall be sufficient voucher for issuing such warrant.

After expiration of four (4) years from date such excess funds are received by the Treasurer he shall transfer the same from the trust fund to the general revenue fund unless there is then pending a petition by a claimant of such excess funds not acted upon, and if such claimant has not within four (4) years as herein provided filed a petition for such excess funds, the same shall be forever barred, and no claim shall be thereafter filed or allowed.

This Act shall apply to and govern the handling and disposition of excess funds arising from delinquent tax sales in the hands of the District Clerk or the State Treasurer at the effective date of this Act. The District Clerk shall submit to the State Treasurer all such excess funds which have been in his hands three (3) years or more prior to the effective date of this Act, but the District Clerk shall have thirty (30) days from the effective date of this Act to comply herewith, and such excess funds may be claimed within (4) years from the effective date of this Act in the same manner as such funds transmitted to the State Treasurer under the terms of this Act after its effective date.

After the expiration of four (4) years from the effective date of this Act such excess funds remaining in the trust fund, unless a petition is then pending claiming such funds, the State Treasurer shall transfer all of such unclaimed funds from the trust fund to the general revenue fund and thereafter the claim for such funds shall be forever barred and no claim shall be thereafter filed or allowed.

Sec. 9. If the property be sold to any taxing unit which is a party to the judgment under decree of Court in said suit, the title to said property shall be bid in and held by the taxing unit purchasing same for the use and benefit of itself and all other taxing units which are parties to the suit and which have been adjudged in said suit to have tax liens against such property, pro rata and in proportion to the amount of the tax liens in favor of said respective taxing units as established by the judgment in said suit, and costs and expenses shall not be payable until sale by such taxing unit so purchasing same. During the time the taxing unit has title to the property, it shall preserve the status and value of the property by fencing, leasing, or other reasonable means until the property is redeemed or resold. If the property is leased during the redemption period, the rental income shall be used to maintain and improve the property, and the taxing unit shall keep records of the amount of rental income and its disposition. The taxing unit may sell and convey said property so purchased by it, or which has here-tofore been purchased in the name of any officer thereof, at any time in any manner determined to be most advantageous to said taxing unit or units either at public or private sale, subject to any then existing right of redemption; and the purchaser of the property at any such sale shall receive all of the right, title and interest in said property as was acquired and is then held by said taxing unit under such tax foreclosure sale to it; but such property shall not be sold by the taxing unit purchasing the same, at private sale, for less than the adjudged value thereof, if any, as established in the tax judgment, or the total amount for which such judgment was rendered against the property in said suit, whichever is lower, without the written consent of all taxing units which are parties to the suit and which have been found to have tax liens against said property. All such consents shall be evidenced by the joinder in the conveyance by the consenting taxing units, acting by the officers herein authorized to give such consents. Consent to such sales in behalf of the State of Texas may be given by the County Tax Collector of the county in which the property is located; and consents on behalf of other taxing units may be given by the presiding officers of their governing bodies. Deeds executed hereunder by taxing units shall be executed in their behalf by the presiding officer of their governing body and whose authority to so act in any given case shall be prima facie presumed. When such property is so sold at public or private sale, the proceeds thereof shall be received by or paid over to the taxing unit which purchased said property at the tax foreclosure sale, for the account of itself and all other taxing units.
adjudged to have a tax lien against such property, and all taxing units so receiving said proceeds shall first pay out of the same all costs and expenses of Court and of sale, and distribute the remainder among all taxing units for which purchasing taxing unit purchased and held said property, pro rata and in proportion to the amounts of their tax liens against said property as established in said judgment. Public sales hereinafter provided for may either be made by the Sheriff, at the request of the taxing unit purchasing the property at the tax foreclosure sale, or by any Commissioner appointed by such taxing unit by resolution of its governing body.

If the State of Texas is the taxing unit which purchased said property at the tax foreclosure sale, the Commissioners Court of the county in which the property is located shall have authority to act for the State of Texas in making private sales and conveyances of said property, as herein provided, or in requesting the Sheriff, or in appointing a Commissioner, to make public sale thereof, and in receiving and distributing the proceeds of such sales; and all sales and conveyances made in behalf of the State of Texas by the Commissioners Court, or made by the Sheriff or any Commissioner appointed by the Commissioners Court, under the provisions hereof, shall operate to transfer to the purchaser at such sale all right, title and interest acquired or held by the State of Texas as purchaser at the tax foreclosure sale. Any taxing unit, Sheriff, or Commissioner appointed by a taxing unit, making any sale under provisions hereof shall execute and deliver to the purchaser at such sale a deed of conveyance, conveying all right, title and interest of all the taxing units interested in the tax foreclosure judgment in and to the property so sold; provided, if the period for the redemption of said property from said tax foreclosure sale has not expired at the time of said sale, said conveyance shall be made expressly subject to the right of redemption provided in Section 12 of said Act.

Provided, however, that the methods of sale above set out shall not be exclusive and that if said property has not been so made by, or at the instance of, the purchasing taxing unit within six (6) months after the redemption period has expired, any taxing unit which has obtained judgment in said suit may force the sale of said property by the Sheriff by written request to the Sheriff, and in the event such written request is so made to the Sheriff it shall be his duty to sell said property at public sale as hereinafter provided. All public sales provided for in this Section shall be made in the manner prescribed for the sale of real estate under execution. The notice of the sale shall contain a legal description of the property to be sold, the number and style of the suit under which same was sold at tax foreclosure sale and the date of said tax foreclosure sale; and the Sheriff or other officer making such sale is hereby authorized and it is hereby made his duty, to reject any and all bids for said land when in his judgment the amount bid is insufficient or inadequate, and in the event said bid or bids are rejected, the land shall be readvertised and offered for sale as herein provided, but the acceptance by the Sheriff or other officer authorized to make such sale of a bid for said land shall be conclusive and binding on the question of the sufficiency of the bid, and no action shall be sustained in any Court of this State to set aside said sale on the grounds of the inadequacy of the amount bid and accepted. Nothing herein shall be construed as prohibiting any taxing unit participating in said judgment from instituting action to set aside the said sale on the grounds of fraud or collusion between the officer making the sale and the purchaser, provided that such action be brought within two (2) years after such sale is made, and not afterward. The Sheriff or other officer making any such sale shall receive and pay over the proceeds thereof as hereinafter provided, and the same shall be distributed as herein provided.

All sales and conveyances heretofore made by taxing units, or officers thereof, of property purchased by them, or in the name of any officer thereof, at tax foreclosure sales, for the benefit of themselves and all other taxing units interested in the tax judgment, and all sales heretofore made by the Commissioners Courts, or the Attorney General joined by the County Tax Collector, of property purchased by the State of Texas at tax foreclosure sales for the benefit of itself and other taxing units, are hereby in all things confirmed and validated; provided that this validating provision shall in no way apply to or validate any such sale the validity of which is challenged in any now pending litigation; nor shall the same apply to or validate any such sale, in cases where the Sheriff upon written request of any taxing unit, has thereafter made sale of the same property at public outcry and all such so made by the Sheriff as provided in Section 9 of said Act prior to the taking effect of this Amendment, and all such sales so made by the Sheriff are hereby in all things confirmed and validated.

No action attacking the validity of any resale of property purchased by a taxing unit at a tax foreclosure sale, or any of said sale hereafter made in accordance with, or purporting to be made in accordance with, this Section shall be commenced after the expiration of one (1) year from the date of such sale.

Art. 7345b–3. Limitations On Actions to Recover Real Property Sold at Tax Sale

Art. 7345f. Right of Appeal by Property Owner

Time for Filing Petition for Review

Sec. 1. A property owner is entitled to appeal a decision of any board of equalization to a district court of the State of Texas. A party who appeals to a district court must file a petition for review with the district court within 45 days after the tax roll containing the value involved is approved by the taxing authority.

Venue

Sec. 2. Venue is in the county in which the board of equalization that made the decision is located.

Trial by Jury

Sec. 3. Any party is entitled to a trial by jury on demand.

Value of Property Fixed

Sec. 4. (a) The issue to be determined by the district court in an appeal is whether or not the value of the property in question as ascertained by the board of equalization is in error.

(b) If the court or jury finds that the value as ascertained by the board of equalization is in error, meaning it is higher than the value set out by the property owner in a rendition filed prior to the board of equalization hearings as required by law, then the court or jury shall fix a value for the property in question as of January 1 of the tax year in controversy. In fixing the value of the property in question, the court or jury shall determine the cash market value and multiply that value by the assessment ratio, if any, in effect for the taxing authority involved.

(c) The value affixed by the court or jury pursuant to Subsection (b) above shall be binding on the taxing authority or authorities involved in the lawsuit for the tax year in question and for the succeeding tax year. However, in the succeeding tax year the taxing authority may add the value of subsequent improvements to the property, if any, to the value affixed by the court or jury.

Defense to Appeal

Sec. 5. When established by a preponderance of the evidence, it shall be a defense to an appeal under this article that the taxpayer failed to exercise good faith in estimating the cash market value set out in the rendition required in Subsection (b) of Section 4 of this article. A taxpayer does not fail to exercise good faith for purposes of this section if he makes a good faith effort to estimate the cash market value of the property and the assessment ratio, if any, in effect for the taxing authority and renders the value determined by multiplying his estimate of cash market value by the assessment ratio. A taxpayer shall be required to file with the board of equalization a sworn affidavit, in addition to the rendition, prior to
invoking the provisions of this article but shall not be required to appear personally or by a representative.

**Rights Cumulative**

Sec. 6. The rights afforded taxpayers under this article are cumulative and do not preempt other remedies granted by statute or evolving by common law.

**Injunctive or Restraining Order Relief**

Sec. 7. The cause of action herein granted does not expand upon taxpayers' rights to sue for an injunction or restraining order as a member of a class. Rights granted hereunder are specifically prohibited from being the basis of injunctive or restraining order relief in a class action suit seeking to enjoin the putting into effect of a tax plan of a taxing authority.

**Repeal**

This article is repealed by Acts 1979, 66th Leg., p. 2829, ch. 841, § 6(a)(1), effective January 1, 1982, § 1 of which enacts the Property Tax Code, constituting Title 1 of the Tax Code.

Art. 1.11A. Tax Refunds

(1) This article applies to any sales or use, occupation, excise, gross receipts, gross production (as levied by Section 81.111, Natural Resources Code), franchise, license, or other tax or fee collected or administered by the comptroller of public accounts. It does not apply to the state ad valorem tax.

(2) When the comptroller determines that any tax, penalty, or interest has been collected erroneously or illegally, the excess amount may be credited against any amount then due and payable. Any balance may be refunded to the person by whom it was paid from funds appropriated for this purpose.

(3) Any person or his attorney, assignee, executor, or administrator, who has paid any of the taxes listed in Section (1) of this article directly to the state, may file a claim for refund with the comptroller within the applicable limitation periods provided under this title or within six months after any jeopardy or deficiency determination becomes final under this title, whichever expires later. If a refund claim is filed within six months after any jeopardy or deficiency determination becomes final under this title, the claim may only be for the tax, penalty, and interest and the period of time for which the jeopardy or deficiency determination was issued. Failure to timely file a claim constitutes a waiver of any demand against the state for the alleged overpayment.

(4) A claim for refund must be in writing and shall state the specific grounds upon which the claim is founded. The comptroller shall consider the claim and, if requested, shall grant the person an oral hearing with 20 days' notice of the time and place of the hearing.

(5) The decision of the comptroller upon a claim for refund becomes final 15 days after it is issued.

(6) A claimant who is dissatisfied in whole or part with the comptroller's decision upon a claim for refund may file a motion for rehearing before the decision becomes final. The motion for rehearing, which is prerequisite to filing an action in the courts of this state, must set forth in writing each specific ground upon which the claimant believes the decision of the comptroller is erroneous. If the comptroller denies the motion for rehearing, the claimant may bring an action against the comptroller on the grounds set forth in the claim by filing a petition in a district court of Travis County, Texas, within 30 days of the issue date of the denial of the motion for rehearing. Only the issues set forth in the motion for rehearing may be raised in the court action. The attorney general shall represent the comptroller in the suit. Failure to bring an action within the time specified constitutes a waiver of any demand against the state for the alleged overpayment.

(7) Any amount found due in any jeopardy or deficiency determination that has become final must be paid in full prior to a person filing a court action pursuant to this article.

(8) The trial of the issues raised by a suit shall be by trial de novo, and the reviewing court shall try all issues of fact and law in the manner applicable to other civil suits in this state. The action will cover only the liability periods reflected in the comptroller's decision.
Art. 1.11A

TITLE 122A. TAXATION—GENERAL

(9) The amount of any judgment rendered in favor of the plaintiff shall be credited against any taxes, penalties, or interest levied by any article of this title or Section 81.111, Natural Resources Code, and due from the plaintiff. The remainder of the judgment shall be refunded to the plaintiff.

(10) In any judgment, interest shall be allowed at the rate of six percent per annum upon the amount found to have been erroneously paid from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date within 10 days of the date of the refund warrant, the date to be determined by the comptroller.

(11) The remedies provided by this article are cumulative and in addition to any other remedy for which provision is made in this title or other laws of this state.

(12) The rule of res judicata is applicable only if the refund amount involved is for the same time period and the issues are the same as were decided in a previous final judgment entered by a court of record of the State of Texas in a suit between the same parties.

(13) The comptroller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought within one year from the date of refund or credit in the name of the state in a district court of Travis County, Texas.

[Amended by Acts 1979, 66th Leg., p. 99, ch. 59, § 1, eff. Aug. 27, 1979.]

Art. 1.13. Timely Filing of Reports

[See Compact Edition, Volume 2 for text of (a) to (g).]

(h) Notwithstanding any other specific provision in this title to the contrary, the comptroller is authorized to grant upon written request by any person required to file or make any report by this title on or before a specified date a reasonable extension of time not to exceed 45 days to make or file the report or returns. In order to be eligible for an extension of time in which to file a return, the person must state in the request the reasons or grounds for the extension of time and remit 90 percent of the taxes estimated to be due on or before the filing date specified in other provisions of the title.

(i) The comptroller may grant to any person who the comptroller finds to be a victim of a natural disaster an extension of not more than 90 days to make or file a return or to pay any tax imposed by this title. The person owing the tax may file a request for an extension at any time before or after the due date of the return or tax payment and before the expiration of 90 days after the original due date. If an extension under this section is granted, interest on the unpaid tax does not begin to accrue until the day after the day on which the extension expires, and tax penalties shall be determined and assessed as though the last day of the extension were the original due date.

(2) The Comptroller shall give to the person written notice of the suspension or revocation of any of his permits.

(3) The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(4) The Comptroller shall not issue a new permit after the revocation of a permit unless he is satisfied that the former holder of the permit will comply with the provisions of this Chapter and the rules and regulations of the Comptroller. The Comptroller may prescribe the terms under which a suspended permit may be reissued.

[Amended by Acts 1977, 65th Leg., p. 629, ch. 233, § 1, eff. Sept. 1, 1977.]

Art. 6.05. Affidavits and Sales Invoices as to Consideration, Records

(1) The purchaser and seller shall make a joint affidavit setting forth the then value in dollars of the total consideration, whether in money or other things of value, received or to be received by the seller or his nominee in a retail sale. Where a transfer of title to a motor vehicle is made either as the result of an even exchange or of a gift, the two (2) principal parties to such a transaction shall make a joint affidavit setting forth the facts describing the nature of the transaction. In an even exchange no transfer of title shall be accomplished until the two (2) principal parties have paid a tax of Five Dollars ($5) each to the Tax Assessor and Collector. Where any party to a sale, exchange, even exchange or gift is a corporation, the president, vice president, secretary, manager or other authorized officer of the corporation shall make the affidavit for the corporation. When any tax imposed by this Chapter is paid to the Tax Assessor and Collector, the person upon whom the tax is imposed by this Act shall file with the Tax Assessor and Collector the joint affidavit required by this Article. The Tax Collector and Assessor shall keep copies of the affidavits until they are called for by the Comptroller of Public Accounts or his representative for auditing.

[See Compact Edition, Volume 2 for text of (2)]

(3) The owner of a motor vehicle used for rental purposes is required to keep records and supporting documents containing the total consideration paid, or to be paid; the amount of motor vehicle sales or use tax paid, if any; the amount of gross rental receipts; and the amount of gross rental receipts tax remitted to the Comptroller with regard to each motor vehicle used for rental. The owner must keep the records and documents for at least four (4) years from the date of purchase of the motor vehicle. No mileage records are required.

[Amended by Acts 1977, 65th Leg., p. 629, ch. 233, § 1, eff. Sept. 1, 1977.]

Art. 6.06. Penalties and Interest; Redetermination and Hearings

(1) If the Comptroller upon audit of the records of the seller shall determine that the amount of tax due on any transaction was incorrectly reported on the joint affidavit so that the tax actually paid was less than that actually due or that the seller failed to execute and deliver to the purchaser a joint affidavit and any other documents necessary to register the vehicle, the seller shall then be liable for the full amount of tax determined to be due plus a penalty of ten per cent (10%) of the amount of tax due and interest on the amount of tax due computed at the rate of seven per cent (7%) per annum beginning sixty (60) days from the date on which the joint affidavit was executed. The Comptroller shall notify the seller in writing of his determination and the seller shall, within ten (10) days following the receipt of such notice pay to the Comptroller the amount of back taxes, penalty and interest. The Comptroller shall promulgate rules and regulations under which the seller may petition for a redetermination of liability and shall grant the seller an oral hearing. The Comptroller may decrease or increase the amount of his determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the Comptroller at or before the hearing, in which case the seller shall be entitled to a thirty-day continuance of the hearing to allow him to obtain and produce further evidence applicable to the items upon which the increase is based.

Art. 6.09. Exemptions

(2) The taxes imposed by this Chapter do not apply to fire trucks, ambulances, or other motor vehicles used exclusively for fire fighting purposes or for emergency medical services when purchased by a volunteer fire department. "Volunteer fire department" means any company, department, or association organized for the purpose of answering fire alarms and extinguishing fires, or answering fire alarms, extinguishing fires, and providing emergency medical services, the members of which receive no compensation or nominal compensation for their services thus rendered.

(3) The taxes imposed by this Chapter do not apply to the sale of a motor vehicle to or use of a motor vehicle by a public agency; provided the vehicle is operated with exempt license number plates issued pursuant to Section 3-AAA, Chapter 88, General Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as amended (Article 6675a-3a, Vernon's Texas Civil Statutes).

(3) There are exempted from the taxes imposed by this Chapter the receipts from the sale or rental and the use of a motor vehicle that is designed to carry more than six (6) passengers, is sold to or used by a church or religious society, and is used primarily for the purpose of providing transportation to and from church or religious services or meetings. This exemption does not apply to a vehicle registered as a passenger vehicle and the primary use of which is for the personal or official needs or duties of a minister.

(9) There are exempted from the taxes imposed by this chapter the receipts from the sale and use of a motor vehicle that is driven primarily by an orthopedically handicapped person. Exemption under this section shall extend to privately owned vehicles which require modification for operation by an orthopedically handicapped person. Exemption under this section shall not extend to any vehicle owned or operated by any corporation, partnership, limited partnership, or association.

(b) The comptroller shall promulgate rules and regulations to ensure that any vehicle exempt from taxation under this section is used primarily for the purposes specified herein. Any person seeking exemption from taxation under this section shall present such information or documents as the comptroller may require pursuant to granting any exemption.

(c) For the purposes of this section, an "orthopedically handicapped person" is one who is so physically impaired that he is unable to operate a motor vehicle which has not been specially modified.

(4) The taxes imposed by this Chapter do not apply to the rental of a motor vehicle to a public agency. The tax which would have been remitted on gross rental receipts without this exemption shall be deemed to have been remitted for the purpose of calculating the minimum gross rental receipts tax due and payable to the Comptroller under the provisions of Section (6) of Article 6.01.

(5) The taxes imposed by this Chapter on the gross rental receipts from the rental of a motor vehicle do not apply to the rental of a motor vehicle for the purpose of re-rental. The minimum gross rental receipts tax imposed by Section (6) of Article 6.01 remains the obligation of the owner as defined in Section (J)(i) of Article 6.03; provided the owner may credit all gross rental receipts taxes remitted to the Comptroller on the re-rental of a motor vehicle registered in accordance with Article 6.041 for the purpose of calculating the amount of the minimum gross rental receipts tax due and payable to the Comptroller. A person authorized by Article 6.041 to register motor vehicles for rental may issue an exemption certificate to the owner of the motor vehicle. If the owner takes an exemption certificate in good faith he is relieved of the burden of proving that the vehicle was rented for the purpose of re-rental.

(9) There are exempted from the taxes imposed by this chapter the receipts from the sale and use of a motor vehicle that is driven primarily by an orthopedically handicapped person. Exemption under this section shall extend to privately owned vehicles which require modification for operation by an orthopedically handicapped person. (1) Except as otherwise provided in this article, a user or interstate trucker is liable for the tax on motor fuel imported into this state in fuel supply tanks of motor vehicles leased to him and used on the Texas highways to the same extent and in the same manner as motor fuel imported in his own motor vehicles and used on the public highways of Texas.

(2) A lessor who is engaged regularly in the business of leasing for compensation motor vehicles and equipment he owns to carriers or other lessees for interstate operation may be deemed to be the user or interstate trucker when he supplies or pays for the motor fuel consumed in those vehicles, and the lessor may be issued a permit as an interstate trucker when an application and bond have been properly filed with and approved by the comptroller.

(3) A lessee may exclude motor vehicles which he leases from his reports and liabilities under this chapter, but only if the motor vehicles in question have been leased from a lessor holding a valid permit as a bonded interstate trucker for the calendar year.

(2) The cargo manifest shall be carried with the motor fuel until the motor fuel is resold or removed from the cargo tank.

(3) This article does not apply to a pipeline operating as a common carrier or to the transporting of motor fuel in the fuel supply tanks of motor vehicles. A cargo manifest is not required for any motor fuel being transported by a person in his own cargo tanks for his own use and for resale.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

(1) A person against whom a determination for any tax, penalty, or interest is made under this chapter may petition for a redetermination within 30 days after service of the notice of the determination.

(2) If a petition for redetermination is filed within the 30-day period, the comptroller shall reconsider the determination and, if the person has so requested in his petition, shall grant the person an oral hearing and shall give him 20 days' notice of the time and place of the hearing. The notice may be served personally or by mail; if by mail, the notice shall be addressed to the permittee at his address as it appears in the records of the comptroller.

(3) In case of service by mail of any notice required by this chapter, the service is complete at the time of deposit in the United States Post Office.

(4) The order or decision of the comptroller on a petition for redetermination becomes final 30 days after service on the petitioner of notice of the order or decision.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.006. Cancellation of Permits

(1) The comptroller may cancel or refuse to issue or reissue a motor fuel permit to any person who has violated or has failed to comply with any of the provisions of this chapter or any duly promulgated rule and regulation of the comptroller.

Art. 9.006  TITLE 122A. TAXATION—GENERAL

give the permittee or permit applicant not less than 10 days' notice of a hearing at the office of the comptroller, in Austin, Texas, or at a specified comptroller's field office, granting the owner or applicant an opportunity to show cause before the comptroller why the proposed action should not be taken. If a permit is in effect, the permit remains in force pending the determination of the show-cause hearing. Notice must be in writing and may be mailed by United States registered mail or certified mail to the owner or applicant at his last known address, or may be delivered by the comptroller to the owner or applicant, and no other notice is necessary. In case of service by mail of any notice required by this chapter, the service is complete at the time of deposit in the United States Post Office.

(3) The comptroller may prescribe rules of procedure and evidence for the hearings in accordance with the Administrative Procedure and Texas Register Act.1

(4) If, after the hearing or the opportunity to be heard, the permit is cancelled or the issuance or reissuance refused by the comptroller, all taxes which have been collected or which have accrued, although the taxes are not then due and payable to the state, except by the provisions of this chapter, shall become due and payable concurrently with the notice of cancellation of the permit. The permittee shall within five days make a report covering the period of time not covered by preceding reports filed by the permittee and ending with the date of cancellation, and shall remit and pay to the comptroller all taxes which have been collected and which have accrued from the sale, use, or distribution of motor fuel in this state.

(5) On failure to file the reports required by this chapter and to remit all taxes due, the comptroller may examine any books and records incident to the conduct of the business of the person whose permit has been cancelled. The comptroller shall issue an audit deficiency determination of the amount of delinquent taxes, penalties, and interest, containing a demand for payment. The deficiency determination shall provide that if neither a payment is made nor a request for a redetermination is filed within 30 days from the date of the notice of the deficiency, the amount of the determination shall become due and payable. If the amount is not paid on or before the 44th day after service of the notice of the deficiency determination, the bond or other security required under this chapter shall be forfeited. The demand for payment shall be addressed to both the surety or sureties and the person who owes the delinquency.

(6) If the forfeiture of the bond or other security does not satisfy the delinquency, the comptroller shall certify the taxes, penalty, and interest delinquent to the attorney general, who may file suit against the person or his surety or both to collect the amount due. After being given notice of an order of cancellation, it shall be unlawful for any person to continue to operate his business under a cancelled permit. The attorney general may file suit to enjoin the person from continuing to operate under his permit until the person's permit is reissued by the comptroller.

(7) An appeal from an order of the comptroller cancelling or refusing the issuance or reissuance of a permit may be taken to the district court of Travis County, Texas, by the aggrieved permittee or applicant. The trial shall be de novo under the same rules as ordinary civil suits with the following exceptions:

(A) an appeal shall be perfected and filed within 80 days after the effective date of the order, decision, or ruling of the comptroller;

(B) the proceeding shall have precedence over all other causes of a different nature;

(C) the trial of the case shall commence within 10 days after its filing; and

(D) the order, decision, or ruling of the comptroller may be suspended or modified by the court pending a trial on the merits.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

1Civil Statutes, art. 6252-13a.

Art. 9.007. Inspection of Premises and Records

For the purpose of determining the amount of tax collected and payable to the state, the amount of tax accruing and due, and whether a tax liability has been incurred under this chapter, the comptroller may:

(A) inspect any premises where motor fuel, crude petroleum, natural gas, or any derivatives or condensates of crude petroleum, natural gas, or their products, methyl alcohol, ethyl alcohol, or other blending agents are produced, made, prepared, stored, transported, sold, or offered for sale or exchange;

(B) examine all of the books and records required to be kept, and any and all records incident to the business of any distributor, supplier, dealer, or any person, receiving or possessing, delivering, or selling motor fuel, crude oil, or derivatives or condensates of crude petroleum, natural gas, or their products, or any blending agents;

(C) examine and either gauge or measure the contents of all storage tanks, containers, and other property or equipment; and

(D) take samples of any and all of these products stored on the premises.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.008. Calibration: Cargo Tanks

(1) Before initially transporting gasoline or diesel fuel for sale or distribution, a person shall have the cargo tanks or other containers used for transporting gasoline or diesel fuel tested, measured, and calibrated by the comptroller, an authorized representative of another state, or a commercial calibration company which meets the calibration standards approved by the comptroller. Each person shall obtain a measurement certificate showing the capacity by liquid volume for each cargo tank or container and its compartments before transporting gasoline or diesel fuel.

(2) The owner of a cargo tank or container tested and measured by the comptroller may be required to pay to the state a reasonable fee for the water used to calibrate tank capacity.

(3) The measurement certificate or a duplicate measurement certificate shall be carried with the vehicle for which it was issued. The certificate number and the total capacities of each cargo tank must be marked on the rear of the vehicle. Compartment capacities must be marked on each compartment dome.

(4) Cargo tanks or containers that have been damaged, repaired, or modified in any way that might affect their capacity must be retested or rereasured before transporting gasoline or diesel fuel. The comptroller shall mark “out of order” on any cargo tank which is not in conformity with this article or with rules and regulations promulgated under this article.

Art. 9.009. Authority to Stop and Examine

In order to enforce the provisions of this chapter, the comptroller, a law enforcement officer of the Department of Public Safety, or any other peace officer may stop a motor vehicle that appears to be transporting gasoline or cargo tanks which may be required to be carried, take samples from the fuel supply or cargo tanks, and make any other investigation that could reasonably be made to determine whether the taxes have been paid or accounted for by a distributor, supplier, dealer, user, or any person required to be so permitted.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.010. Impoundment, Seizure, and Sale

(1) If after examination or other investigation, it is found that the owner or operator of any motor vehicle or cargo tanks has not paid all motor fuel taxes due, or does not possess a valid permit as a distributor, supplier, user, dealer, or interstate trucker to use or transport motor fuel in motor vehicles operating on the public highways, the comptroller or peace officer may impound the motor vehicle or cargo tanks. Unless proof is produced within 72 hours from the beginning of impoundment that the owner or operator has paid the taxes and has paid all other taxes established by audit or investigation by the comptroller to be due on the motor fuel used or transported, or that the owner or operator holds a valid permit to use or transport motor fuel for such purposes, the motor vehicle or cargo tanks and cargo may be held until all taxes, penalties, and interest found to be due this state and all costs of impoundment have been paid, or until the owner or operator has filed a bond with the comptroller payable to the state treasurer in an amount equal to twice the amount of taxes, penalties, interest, and costs found to be due, to guarantee the payment of such liabilities to the state.

(2) If the owner or operator does not produce the required permit, pay the taxes, penalties, and interest due, or post the bond required, the comptroller may seize the impounded property and proceed to sale.

(3) The comptroller may seize and sell:

(A) all motor fuel on which taxes are imposed by this chapter which is found in the possession, custody, or control of any person for the purpose of being sold, transported, removed, or used by him in violation of this chapter;

(B) all motor fuel that is removed or is deposited, stored, or concealed in any place with intent to avoid payment of taxes;

(C) any automobile, truck, tank truck, boat, conveyance, or other vehicle used in the removal or transportation of the motor fuel to avoid payment of taxes; and

(D) all equipment, paraphernalia, storage tanks, or tangible personal property incident to and used for avoiding the payment of taxes and found in the place, building, or vehicle where the motor fuel is found.

(4) The comptroller, when making a seizure under this article, shall immediately make a written report showing the name of the agent or representative making the seizure, the place where or the person from whom the property was seized, an inventory of the property, and an appraisal at the usual and ordinary retail price of each article seized. The report shall be prepared in duplicate and signed by the agent or representative making the seizure. The original report shall be given to the person from whom the property is taken, and the duplicate shall be filed in the office of the comptroller and be open to public inspection.

(5) Notice of the time and place of a sale shall be given to the delinquent person in writing by certi-

fied mail at least 20 days before the date set for the sale. The notice shall be enclosed in an envelope addressed to the person at his last known address or place of business. It shall be deposited in the United States mail, postage prepaid. The notice shall also be published once a week for two consecutive weeks before the date of the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, notice shall be posted in three public places in the county 14 days before the date set for the sale. The notice shall contain a description of the property to be sold, a statement of the amount due, including interest, penalties, and costs, the name of the delinquent, and the further statement that unless the amount due, interest, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much of it as may be necessary, will be sold at public auction in accordance with the law and the notice.

(6) At the sale, the comptroller shall sell the property and shall deliver to the purchaser a bill of sale for personal property and a deed for real property sold. The bill of sale or deed vests the interest or title of the person liable for the amount in the purchaser. The unsold portion of any property seized may be left at the place of sale at the risk of the person liable for the amount.

(7) The proceeds of a sale shall be allocated according to the following priorities:

(A) the payment of expenses of seizure, appraisal, custody, advertising, auction, and any other expenses incident to the seizure and sale;

(B) the payment of the tax, penalty, and interest; and

(C) the repayment of the remaining balance to the person liable for the amounts unless a claim is presented before the sale by any other person who has an ownership interest evidenced by a financing statement or lien, in which case, the comptroller shall withhold the remaining balance pending a determination of the rights of the respective parties.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.011. Presumptions

(1) A distributor, supplier, dealer, interstate trucker, or user who fails to keep the records, issue the invoices, or file the reports required by this chapter, is presumed to have sold or used for taxable purposes all motor fuel shown by an audit by the comptroller to have been sold to the distributor, supplier, dealer, interstate trucker, or user. Any motor fuel unaccounted for shall be presumed to have been sold or used for taxable purposes. The comptroller may fix or establish the amount of taxes, penalties, and interest due the state from the records of deliveries or from any records or information available to him. If the tax claims as developed from this procedure are not paid, after the opportunity to request a redetermination, the claim and any audit made by the comptroller or any report filed by the distributor, supplier, dealer, interstate trucker, or user, are evidence in any suit or judicial proceedings filed by the attorney general, and are prima facie evidence of the correctness of the claim or audit. A prima facie presumption of the correctness of the claim may be overcome at the trial by evidence adduced by the distributor, supplier, dealer, interstate trucker, or user.

(2) In the absence of records showing the number of miles actually operated per gallon of motor fuel consumed, it is presumed that not less than one gallon of motor fuel was consumed for every four miles travelled. An interstate trucker may produce evidence of motor fuel consumption to establish another mileage factor. Whenever an examination or audit made by the comptroller from the records of an interstate trucker shows that a greater amount of motor fuel was consumed than was reported by the interstate trucker for tax purposes, the interstate trucker is liable for the tax, penalties, and interest on the additional amount shown or he is entitled to a credit or refund on overpayments of tax established by the audit.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.012. Civil Penalty: Failure to Pay or Report

If a person having a permit as a distributor, supplier, user, dealer, or interstate trucker does not make timely reports and remittances of any taxes due under this chapter, the permittee forfeits as a penalty two percent of the amount due and unpaid, and if the taxes are not remitted or paid within 30 days from the date the comptroller gives the permittee notice of either the amount due or notice of failure to report, the permittee forfeits an additional eight percent of the amount due as a penalty. All past due taxes and penalties draw interest at the rate of nine percent per year.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Former art. 9.18 was also amended by Acts 1979, 66th Leg., p. 81, ch. 51, § 8.

Prior to repeal, former art. 10.18 was amended by Acts 1979, 66th Leg., p. 83, ch. 51, § 7.

Prior to repeal, former art. 10.68 was amended by Acts 1979, 66th Leg., p. 83, ch. 51, § 8.

Art. 9.013. Venue of Collection Suits

The venue of a suit, injunction, or other proceeding at law available for the establishment or collection of any claim for delinquent taxes, penalties, or interest accruing under this chapter and the enforcement of the terms and provisions of this chapter are
in Travis County, Texas or in any other county having venue under existing venue statutes.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.014. General Civil Penalties

A person forfeits to the state a civil penalty of not less than $25 nor more than $200 if the person:

(1) refuses to stop and permit the inspection and examination of a motor vehicle transporting or using motor fuel on demand of a peace officer or the comptroller;

Art. 9.020. Remedies of State are Cumulative

The remedies of the state provided for in this chapter are cumulative, and no action taken by the comptroller or the attorney general constitutes an election by the state to pursue any remedy to the exclusion of any other remedy for which provision is made in this chapter.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.021. Rules and Regulations

The comptroller may promulgate rules and regulations that are necessary to enforce this chapter and are not inconsistent with the provisions of this chapter.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

(1) There is imposed on the first sale or use of gasoline in this state an excise tax of five cents for each gross or volumetric gallon or fractional part sold or used in this state, except:

(A) gasoline brought into this state in the fuel tank of a vehicle with a capacity of less than 42 gallons when the tank is connected to the carburetor or fuel injection system of the power plant providing the propulsion of the vehicle;

(B) gasoline delivered by a permitted distributor to a common or contract carrier, oceangoing vessel (including ship, tanker, or boat), or a barge for export from this state if the gasoline is moved forthwith outside the state;

(C) gasoline sold to the federal government for its exclusive use;

(D) gasoline sold to the federal government for its exclusive use;

(E) gasoline delivered by a permitted distributor to a storage facility of a permitted aviation fuel dealer from which gasoline will be delivered solely into the fuel supply tanks of aircraft or aircraft servicing equipment; and

(F) gasoline sold to a transit company for exclusive use in its transit carrier vehicles under an exemption certificate promulgated by the comptroller in which event the rate of tax shall be four cents for each gallon.
(2) The tax shall be computed and paid over to the state on the gross or volumetric gallons of taxable gasoline sold to wholesalers or jobbers, dealers, or bulk users, as shown by the authorized measurement certificate issued for the cargo tank making deliveries or as shown by any other measuring device approved by the comptroller.

(3) For a distributor whose gasoline deliveries are made to retail outlets that are operated by him or deliveries by him on consignment, the tax on sales to users and consumers shall be computed on the basis of actual sales.

(4) If the comptroller is not satisfied with a tax return or the amount of tax required to be paid to the state by any distributor who elects to report on the basis of actual sales, the comptroller may compute and determine the amount required to be paid on the basis of the beginning inventory, showing the total gallons of gasoline in storage at the location on the first day of the calendar month, plus the total gallons of gasoline delivered into the storage facility during the month, less the total gallons of gasoline in the storage facility at the end of the calendar month.

(5) This article does not prohibit volume correction of gasoline under accepted practices when sold or distributed to or between permitted distributors, but reports filed with the comptroller must show tax-paid purchases, taxable sales, and distributions in gross quantities.

(6) The tax imposed by this article is in lieu of any other excise or occupation tax imposed by the state or any state political subdivision on the sale, use, or distribution of gasoline.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.102. Permits

Art. 9.104. Interstate Truckers' Permit

An interstate trucker's permit authorizes persons who import gasoline into Texas in the fuel supply tanks of motor vehicles having an aggregate capacity of 42 gallons or more to report and pay the tax due on the gasoline imported into this state or to claim a credit or refund of the tax paid on gasoline purchased in Texas and used in other states.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.105. Trip Permits

In lieu of an annual interstate trucker's permit, a person bringing a motor vehicle into this state for commercial purposes with fuel supply tanks having an aggregate capacity of 42 or more gallons may obtain a trip permit. The trip permit must be obtained prior to entry into the state or at the time of entry. No more than five trip permits for each person may be issued during a calendar year. A fee for each trip permit shall be collected from the applicant and shall be an amount equivalent to the tax payable on the quantity of gasoline that could be imported in the fuel supply tanks of the motor vehicle, but never less than $5. No reports are required with respect to the vehicle. Operating a motor vehicle without a valid interstate trucker's or trip permit may subject the operator to a penalty under Article 9.014 of this chapter.

(A) the name under which the applicant transacts or intends to transact business;

(B) the principal office, residence, or place of business in Texas of the applicant;

(C) if the applicant is not an individual, the names of the principal officers of an applicant corporation, or the names of the members of an applicant partnership, and the office, street, or post office addresses of each; and

(D) other information required by the comptroller.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.108. Distributor May Perform Other Functions

A distributor may operate under his distributor's permit as an interstate trucker or an aviation fuel dealer without securing a separate permit, but shall be subject to all other conditions, requirements, and liabilities imposed on those permittees.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.109. Permits: Periods of Validity

(1) A distributor’s permit is permanent and is valid so long as the permittee has in force and effect the required bond or security and furnishes timely reports as required, or until the permit is surrendered by the holder or cancelled by the comptroller.

(2) An aviation fuel dealer’s permit is permanent and is valid until the permit is surrendered by the holder or cancelled by the comptroller.

(3) An interstate trucker’s permit is valid from the date of its issuance through December 31 of each calendar year or until the permit is surrendered by the holder or cancelled by the comptroller. The comptroller may renew the permit for each ensuing calendar year if the permittee has in force and effect the required bond or security and furnishes timely reports as required. Interstate truckers exempted by provisions of this chapter from bonding and reporting requirements shall file an annual affidavit and on approval the comptroller shall issue the required permit.

(4) A trip permit is valid for the period prescribed thereon as determined by the comptroller.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.110. Display of Permits

(1) A permit must be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner. A copy of the permit must be kept at each place of business or other place of storage from which gasoline is sold, distributed, or used, and in each motor vehicle used by the permit holder to transport gasoline purchased by him for resale, distribution, or use.

(2) A person holding an interstate trucker’s permit shall reproduce the permit and carry a photocopy with each motor vehicle being operated into or from the state.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.111. List of Permitted Distributors and Aviation Fuel Dealers

The comptroller shall, on or before the 20th day of December of each year, prepare and mail or distribute to all permitted distributors a printed alphabetical list of permitted distributors and aviation fuel dealers who are qualified to purchase gasoline tax free during the ensuing calendar year, and a supplemental list of additions and deletions shall be delivered to the distributors each month. A current and effective permit or the list furnished by the comptroller shall serve as evidence of the validity of the permit unless and until the comptroller notifies distributors of any change in the status of any permit holder.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.112. Computation and Collection of Tax

(1) A person who makes a sale or use of gasoline on which the tax has not been previously paid in this state for any purpose other than those exceptions listed in Article 9.101 of this chapter shall at the time of sale or use collect the tax from the purchaser or recipient of gasoline in addition to the selling price and shall also be liable to the state for the taxes collected at the time and in the manner as provided by this chapter. A person is liable to the state for the tax of five cents for each gallon of gasoline or fractional part thereof used or consumed by him in a taxable manner and shall report and pay the tax as provided by this chapter. In each subsequent sale of gasoline on which the tax of five cents for each gallon has been collected, the tax shall be added to the selling price so that the tax is paid ultimately by the person using or consuming the gasoline for the purpose of propelling any vehicle upon the public highways of this state.

(2) Gasoline shall be deemed to be used when it is delivered into the fuel supply tanks.

(3) The tax on two percent of the taxable gallons of gasoline sold in this state shall be allocated to the persons selling, distributing, or handling gasoline in this state, which allocation or allowance shall be deducted by the distributors in the payment to the state of the taxes herein levied and shall be apportioned as follows:

(A) one percent to the distributor making the first taxable sale or use of the gasoline and paying the tax to the state for the expense of collecting, accounting for, reporting, and remitting the tax collected and for keeping records;

(B) one-half of one percent to wholesalers or jobbers who pay taxes to a distributor on gasoline purchased for resale to dealers or bulk users to cover loss by evaporation, temperature changes in the gasoline, and ordinary handling from the time the gasoline is acquired tax-paid by wholesalers or jobbers until its sale or distribution and delivery to purchasers; and

(C) one-half of one percent to dealers or bulk users to cover losses by evaporation, temperature changes in gasoline, or other handling losses from the time the gasoline is delivered to the storage facilities of dealers or bulk users until it is sold or delivered into the fuel supply tanks of motor vehicles or motorboats. If the consignor retains title to gasoline consigned to a dealer or bulk user until the gasoline is delivered into the fuel supply tanks of motor vehicles or motorboats, the consignor is entitled to the allowance or allocation.

(4) In the sale and distribution of gasoline in this state, if any person performs more than one of the functions or activities of distributor, wholesaler or jobber, dealer, or bulk user, he shall be entitled to
Art. 9.112

TITLE 122A. TAXATION—GENERAL

the apportionment or allowance for each function or activity, but the aggregate allowance shall never exceed the total amount of two percent.

(5) The intent and purpose of the above allowance or allocation to wholesalers or jobbers, dealers, or bulk users is to reimburse fully persons acting in such capacities for losses sustained by them from evaporation, temperature changes, and ordinary handling of gasoline, and to facilitate the payment of tax refunds without volume adjustments of gasoline purchased tax-paid and thereafter used in other states.

(6) An interstate trucker who imports gasoline into Texas in the fuel supply tanks of motor vehicles having an aggregate capacity of 42 gallons or more for each vehicle, shall report and pay the tax at the imposed rate on gasoline that is imported and used on Texas highways. The number of gallons of gasoline used on Texas highways shall be computed by dividing the total miles travelled in all states by the total number of gallons of gasoline delivered into the fuel supply tanks of motor vehicles in all states. The mileage factor obtained shall be divided into the total Texas miles travelled in order to determine the number of gallons of gasoline used in Texas. An interstate trucker shall remit all taxes due by him based on five cents for each gallon on gasoline consumed within the state at the time of the filing of his quarterly reports. A permitted interstate trucker is entitled to deduct one-half of one percent of the taxable gallons of gasoline on payment of the taxes to the state for the expense of record keeping, reporting, and remitting the tax.

Art. 9.113. Bonding Requirements

(1)(A) A distributor or interstate trucker shall post a surety bond equal to two times the highest tax that could accrue on tax-free gasoline purchased or acquired during a reporting period. The minimum bond is $1,000 for a distributor and $500 for an interstate trucker. The maximum bond for a distributor or interstate trucker is $100,000 unless the comptroller believes there is undue risk of loss of tax revenues, in which event he may require one or more bonds or securities in a total amount exceeding $100,000.

(B) A permitted interstate trucker who maintains all fuel records in Texas, and all or substantially all of whose highway use is made with gasoline purchased within this state with the tax paid may be exempted from the bonding requirements under an annual affidavit to the comptroller attesting to the intrastate or substantially intrastate tax-paid purchases of gasoline.

(2) A bond must be a continuing instrument, must constitute a new and separate obligation, in the penal sum named in the bond, for each calendar year or portion of a year while the bond is in force, and must remain in effect until the surety on the bond is released and discharged.

(3) In lieu of filing a surety bond, an applicant for a permit may substitute the following security:

(A) cash in the form of U.S. currency in an amount equal to the required bond to be deposited in the suspense account of the state treasury; or

(B) an assignment to the comptroller of a certificate of deposit in any bank or savings and loan association in Texas which is a member of the FDIC or the FSLIC. The amount of the certificate of deposit must be at least equal to the bond amount required.

(4) If the amount of any existing bond becomes insufficient or any security becomes unsatisfactory or unacceptable, the comptroller may require the filing of a new or of an additional bond or security.

(5) No surety bond or other form of security will be released until it is determined by examination or audit that no tax, penalty, or interest liability exists. When a permit holder has been cleared of all tax liability by the comptroller, the cash or securities shall be released within 60 days.

(6) The comptroller may use the cash or certificate of deposit security to satisfy a final determination of delinquent liability or a judgment secured in any action by this state to recover gasoline taxes, costs, penalties, and interest found to be due this state by any person in whose behalf the cash or certificate security was deposited.

(7) A surety on a bond furnished by a permittee shall be released and discharged from liability to the state accruing on the bond after the expiration of 30 days from the date on which the surety files with the comptroller a written request to be released and discharged. The request does not relieve, release, or discharge the surety from a liability already accrued, or which accrues before the expiration of the 30-day period. The comptroller shall promptly on receipt of the request notify the permittee who furnished such bond, and unless the permittee, before the expiration date of the existing security, files with the comptroller a new bond with a surety company duly authorized to do business under the laws of the state, or other authorized security, in the amount required in this article, the comptroller shall cancel the permit in the manner provided by this chapter.

(8) A permittee may request an examination or audit to obtain release of the security when he relinquishes the permit or when he desires to substitute one form of security for an existing one.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.114. Records

(1) A distributor shall keep a record in gallons showing:
   (A) all gasoline inventories on hand at the first of each month;
   (B) all gasoline refined, compounded, or blended;
   (C) all gasoline purchased or received, showing the name of the seller and date of each purchase or receipt;
   (D) all gasoline sold, distributed, or used, showing the name of the purchaser and the date of the sale or use; and
   (E) all gasoline lost by fire or other accident.

(2) A dealer shall keep a complete record in gallons of:
   (A) gasoline inventories on hand at the first of each month;
   (B) all gasoline purchased or received, showing the name of the seller and the date of each purchase or receipt;
   (C) all gasoline sold or used, showing the date of the sale or use; and
   (D) all gasoline lost by fire or other accident.

(3) An interstate trucker shall keep a record of:
   (A) the total miles travelled in all states by all vehicles travelling into or from Texas and the total quantity of gasoline consumed in those vehicles; and
   (B) the total miles travelled in Texas and the total quantity of gasoline purchased and delivered into the fuel supply tanks of motor vehicles in Texas.

(4) An aviation fuel dealer shall keep a complete record in gallons showing:
   (A) all gasoline inventories on hand at the first of each month;
   (B) all gasoline purchased or received, showing the name of the seller and date of each purchase or receipt;
   (C) all gasoline sold or used in aircraft or aircraft servicing equipment, showing the name of the purchaser, the date of the sale or use, and the airplane registration or “N” number or aircraft servicing equipment number or description; and
   (D) all gasoline lost by fire or other accident.

(5) The comptroller may require selective schedules from a distributor, dealer, aviation fuel dealer, interstate trucker, or common or contract carrier for any purchases, sales, or deliveries of gasoline when the schedules are not inconsistent with the requirements of this chapter.

(6) The records required must be kept for four years and are open to inspection at all times by the comptroller, the attorney general, or their authorized representatives.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.115. Reports

(1) On or before the 25th day of each month, a distributor shall file a report and remit the amount of tax required to be collected during the preceding month. The report shall be executed by the distributor or his representative and shall be filed with the comptroller on a form provided or approved by the comptroller, containing complete and detailed information not inconsistent with the requirements of this chapter of gasoline transactions. A distributor required to file a report under this article who has not sold or used any gasoline during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information. The failure of a distributor to obtain forms from the comptroller is no excuse for the failure to file a report containing all the information required to be reported.

(2) On or before the 25th day of the month following the end of each calendar quarter, an interstate trucker shall file a report and remit the amount of tax due. The report shall be properly executed and filed with the comptroller and shall contain complete and detailed information as the comptroller may require on forms provided for that purpose. An interstate trucker who has not used any gasoline during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information. The failure of an interstate trucker to obtain forms from the comptroller is no excuse for the failure to file a report containing all the information required to be reported.

(3) An interstate trucker who maintains all fuel records in Texas and all or substantially all of whose highway use is made with gasoline purchased within this state with the tax paid may be exempted from the quarterly reporting requirements under an annual affidavit to the comptroller attesting to the intrastate, or substantially intrastate, tax-paid purchases of gasoline, but records must be retained for four years as required in Article 9.114(6) of this chapter.

(4) An aviation fuel dealer is not required to file a report with the comptroller, but records must be retained for four years as required in Article 9.114(6) of this chapter.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.116. Refunds

(1) A person who exports, sells to the federal government, loses by fire or other accident, or uses gasoline for the purpose of operating or propelling
Art. 9.116  TITLE 122A. TAXATION—GENERAL

any motorboat, tractor used for agricultural purposes, or stationary engine, or for any other purpose except in a vehicle operated or intended to be operated on the public highways of this state, and who has paid the tax imposed on gasoline by this chapter either directly or indirectly is, when the person has fully complied with the invoice and filing provisions of this article and the rules and regulations of the comptroller, entitled to reimbursement of the tax paid by him, less a filing fee and any amount allowed distributors, wholesalers or jobbers, dealers, or others under Article 9.112(3) of this chapter.

(2) A person may file a refund claim for tax paid on the gasoline used in motor vehicles which are operated exclusively off the public highways except for incidental travel on the public highways as determined by the comptroller, but not for that portion used in incidental travel.

(3) A permitted interstate trucker is entitled to a credit equivalent to the tax rate for each gallon paid on all gasoline on which the gasoline tax has been paid and later consumed in vehicles outside the state. When the amount of credit to which the interstate trucker is entitled for any calendar quarter exceeds the amount of tax for which the interstate trucker is liable for gasoline consumed in the vehicles during the reporting period, the excess shall be allowed as a credit or refund on a timely filed quarterly report against tax for which the interstate trucker would be otherwise liable for any of the three succeeding quarters. Evidence of the mileage travelled and gallonage consumed and the payment of the gasoline tax on a form as may be required by or is satisfactory to the comptroller shall be furnished by an interstate trucker claiming a credit or tax refund.

(4) If the quantity of gasoline used in Texas by auxiliary power units or power take-off equipment on any motor vehicle can be accurately measured while the motor vehicle is stationary by any metering or other measuring device or method designed to measure the fuel separately from fuel used to propel the motor vehicle, the comptroller may approve and adopt the use of any device as a basis for determining the quantity of gasoline consumed in those operations for tax credit or tax refund.

(5) A person who exports, loses by fire or other accident 100 gallons or more of gasoline on which the tax has been paid, or sells gasoline in any quantity to the United States government for the exclusive use of that government on which the tax has been paid, may file a claim for a refund of the net tax paid to the state in the manner provided by this chapter or as the comptroller may direct. A permitted distributor who establishes proof satisfactory to the comptroller of export, loss by accident, or sale to the United States government, may take a credit for the net amount of the tax paid to the state on any subsequent monthly report and tax payment made to the comptroller within one year from the date of the exportation, loss, or sale.

(6) The right to receive a refund under this article is not assignable, except that a person residing or maintaining a place of business outside the state who purchases 100 gallons or more of gasoline and forthwith exports the entire quantity may assign his right to claim a refund to the permitted distributor from whom the gasoline was purchased or to any permitted distributor who has paid the tax on the gasoline either directly or through another permitted distributor in Texas. When a distributor has secured an assignment and the proof of export required by the comptroller, he may credit the tax paid on any monthly report filed with the comptroller before the expiration of one year from the first day of the month following the date of delivery to the exporter of the gasoline.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.117. Claims for Refunds

(1) A refund claim must be filed on a form provided by the comptroller, be supported by the original invoice issued by the seller, and contain:

(A) a stamped or preprinted name and address of the seller;

(B) the name of the purchaser;

(C) the date of delivery of the gasoline;

(D) the date of the issuance of the invoice (if different from the date of fuel delivery);

(E) the number of gallons of gasoline delivered;

(F) the amount of tax either separately stated or is automatically applied to the selling price or a notation that the selling price includes the tax; and

(G) the type of vehicle or equipment, such as a motorboat, railway engine, highway vehicle, off-highway vehicle, or refrigeration unit or stationary engine into which the fuel is delivered.

(2) The invoice shall be made out in duplicate. The original invoice shall be delivered to the purchaser of the gasoline no later than 30 days after the date of delivery of the gasoline. The duplicate invoice shall be retained by the seller at his place of business. If the delivery of gasoline is made through an automated method whereby the purchase is automatically applied to the purchaser's account, one invoice may be issued at the time of billing covering multiple purchases made during a 30-day billing cycle.

(3) A person who files a claim for a tax refund on any gasoline used for any purpose for which a tax refund is not authorized or who files an invoice supporting a refund claim on which the date, figures, or any material information has been falsified or altered forfeits his right to the entire amount of
the refund claim filed. Forfeiture does not apply if a claimant provides proof satisfactory to the comptroller that the incorrect refund claim filed was due to a clerical or mathematical calculation error.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.118. Limitations on Refunds

(1) Except as provided by this article, a claim for a refund must be filed with the comptroller before the expiration of one year from the first day of the calendar month following the purchase or use.

(2) An interstate trucker may accumulate credits for four successive calendar quarters, but he must take the credit or claim a refund on a report filed on or before the 25th day following the fourth quarter.

(3) Except for an audit deficiency assessment, a claim for refund shall be filed with the comptroller before the expiration of one year from the first day of the month following delivery, export, or loss by fire or other accident. If an audit of a distributor determines that tax-free sales were made to unauthorized purchasers and the unauthorized purchaser could have filed for a refund if tax had been paid at the time of sale, the unauthorized purchaser may file a refund claim within one year from the date of final assessment.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.119. Refund Payments and Filing Fee

(1) After examination of the refund claim, the comptroller before issuing a refund warrant shall deduct from the amount of the refund:

(A) the two percent deducted originally by the distributor on the first sale or distribution of the gasoline; and

(B) $1.50 as a filing fee.

(2) The filing fees shall be set aside for the use and benefit of the comptroller in the administration and enforcement of this article. All filing fees shall be paid into the state treasury and shall be paid out on vouchers and warrants in the manner prescribed by law.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.120. Allocation of Revenue

(1) Before any diversion or allocation of the gasoline tax collected under the provisions of this chapter is made, one percent of the gross amount of the tax shall be set aside in the state treasury in a special fund, subject to the use of the comptroller in the administration of this chapter and enforcement of the provisions of this chapter. Any unexpended portion of the special fund shall, at the end of each fiscal year, revert to the highway motor fuel tax fund and to the funds prescribed below, in proportion to the amounts originally derived from the respective sources.

(2) Each month the comptroller, after making the deductions for refund purposes, shall determine as accurately as possible the number of gallons of fuel used in motorboats on which the gasoline tax has been paid to this state, and on which refund of the tax has not been made and against which limitation has run for filing claim for refund of the tax (called "unclaimed refunds"), and from the number of gallons so determined the comptroller shall compute the amount of taxes that would have been refunded under the law had refund claims been filed in accordance with the law, and shall allocate and deposit the unclaimed refunds as follows:

(A) twenty-five percent of the revenues based on unclaimed refunds of taxes paid on motor fuel used in motorboats shall be placed to the credit of the available school fund; and

(B) the remaining 75 percent of the revenue shall be allocated, deposited, and set aside in the state treasury in the special boat fund, which may be appropriated to the Parks and Wildlife Department for the purpose of acquiring land for recreational purposes and for enforcement of the Water Safety Act.

(3) Each month the comptroller, after making all deductions for refund purposes and for the funds derived from unclaimed refunds, shall allocate and deposit the net remainder of the taxes collected under the provisions of this chapter as follows:

(A) one-fourth of the tax shall be placed to the credit of the available school fund; and

(B) one-half of the tax shall be placed to the credit of the state highway fund for the construction and maintenance of the state road system under existing laws; and

(C) from the remaining one-fourth of the tax the comptroller shall:

(i) place to the credit of the county and road district highway fund an amount determined by the Board of County and District Road Indebtedness and certified by the board to the comptroller prior to August 31st of each year, for the fiscal year beginning September 1st each year, to be required in addition to any and all funds already on hand, for the payment by the board of the principal, interest, and sinking fund requirements for each year, on all bonds, warrants, or other legal evidences of indebtedness heretofore issued by counties or defined road districts of this state, which mature on or after January 1, 1983, insofar as amounts of same were issued for and proceeds have been actually expended in the construction of roads that constituted and comprised a part of the system of designated state highways on September 17,

1982, or which subsequent to such date and before January 2, 1939, have been designated a part of the system of state highways and declared by the Board of County and District Road Indebtedness before January 2, 1945, to be eligible to participate in the distribution of the money in the county and road district highway fund under the provisions of existing laws;

(ii) for the fiscal year beginning September 1, 1981, and each fiscal year thereafter, place to the credit of the fund known as the county and road district highway fund the sum of $7,300,000, that amount to be provided on the basis of equal monthly payments, which sum shall be allocated by the Board of County and District Road Indebtedness to all of the counties of Texas not later than September 15th of each year, through the lateral road account; and

(iii) place to the credit of the state highway fund the remainder of the one-fourth of the tax, the amount to be provided on the basis of monthly allocations, which sum shall be used by the State Department of Highways and Public Transportation for the construction and improvement of farm-to-market roads; except that one-half of the amount may be used for the maintenance of farm-to-market roads during a fiscal year for which at least $15 million is appropriated for the construction of farm-to-market roads under Subsection (4-b), Section 2, Article XX, Chapter 184, Acts of the 47th Legislature, Regular Session, 1941, as amended (Article 7083a, Vernon's Texas Civil Statutes).

(4) All receipts due the available school fund which are in the highway motor fuel tax fund on August 31st of each fiscal year shall be credited to the available school fund on the August 31st of each fiscal year.

SUBCHAPTER C. DIESEL FUEL TAX

Art. 9.201. Tax Imposed

(1) There is imposed on the first sale or use of diesel fuel in this state an excise tax of 6.5 cents for each gross or volumetric gallon or fractional part sold or used in this state except:

(A) diesel fuel delivered by a permitted supplier to a common or contract carrier, oceangoing vessel (including ship, tanker, or boat), or barge for export from this state, if the diesel fuel is moved forthwith outside this state;

(B) diesel fuel sold by a permitted supplier to the federal government for its exclusive use;

(C) diesel fuel sold or delivered by a permitted supplier to another permitted supplier or bonded user, to the bulk storage facility of a diesel tax prepaid user, or to a purchaser who provides a signed statement as provided by Article 9.202 of this chapter, but not including a delivery of tax-free diesel fuel into the fuel supply tanks of a motor vehicle, except for a motor vehicle owned by the federal government;

(D) diesel fuel sold or delivered by a permitted supplier into the storage facility of a permitted aviation fuel dealer, from which diesel fuel will be sold or delivered solely into the fuel supply tanks of aircraft or aircraft servicing equipment;

(E) diesel fuel sold or delivered by a permitted supplier into fuel supply tanks of railway engines, motorboats, or refrigeration units or other stationary equipment powered by a separate motor from a separate fuel supply tank;

(F) diesel fuel sold by a permitted supplier to a transit company for exclusive use in its transit carrier vehicles, under an exemption certificate promulgated by the comptroller, in which event the rate of tax shall be six cents for each gallon; and

(G) kerosene when delivered by a permitted supplier into a storage facility at a retail business from which all deliveries are exclusively for heating, cooking, lighting, or similar nonhighway use.

(2) The tax shall be computed and paid to the state on the gross or volumetric gallons of taxable diesel fuel sold to dealers or bulk users, as shown by the authorized measurement certificate issued for the cargo tank making deliveries, or as shown by any other measuring device approved by the comptroller.

(3) For a supplier whose diesel fuel deliveries are made to retail outlets that are operated by him or deliveries by him on consignment, the tax on sales to users and consumers shall be computed on the basis of actual sales.

(4) If the comptroller is not satisfied with a tax return or the amount of tax required to be paid to the state by a supplier who elects to report on the basis of actual sales, the comptroller may compute and determine the amount required to be paid on the basis of the beginning inventory, showing the total gallons of diesel fuel in storage at the location on the first day of the calendar month, plus the total gallons of diesel fuel delivered into the storage facility during the month, and less the total gallons of diesel fuel in the storage facility at the end of the calendar month.

(5) This article does not prohibit volume correction of diesel fuel under accepted practices when sold or distributed to or between permitted suppliers, but reports filed with the comptroller must show...
tax-paid purchases and taxable sales and distributions in gross quantities.

(6) The tax imposed by this article is in lieu of any other excise or occupation tax imposed by the state or any state political subdivision on the sale, use, or distribution of diesel fuel.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

(1) The first sale or use of diesel fuel in this state is taxable, except that the sale of diesel fuel may be made without collecting the tax otherwise imposed when the purchaser has furnished to a permitted supplier a signed statement that stipulates that:

(A) the purchaser does not operate any diesel-powered motor vehicles on the public highway;

(B) all of the diesel fuel will be consumed by the purchaser and in no event may diesel fuel purchased on a signed statement be resold; and

(C) none of the diesel fuel purchased in this state will be delivered or permitted by the purchaser to be delivered into fuel supply tanks of motor vehicles.

(2) The signed statement from the purchaser relieves the permitted supplier from the burden of proof that the sale of diesel fuel was not taxable to the purchaser and remains in effect unless:

(A) the statement is revoked in writing by the purchaser or supplier;

(B) the comptroller notifies the supplier in writing that the purchaser may no longer make tax-free purchases; or

(C) the supplier is put on notice by making taxable sales of diesel fuel to a purchaser who has previously submitted a signed statement to this supplier. Taxable sales create a rebuttable presumption that the supplier had reasonable notice that all subsequent sales should have been taxable.

(3) A taxable use of any part of the diesel fuel purchased under a signed statement shall, in addition to any criminal penalty, forfeit the right of the person to purchase diesel fuel tax free for a period of one year from the date of the offense, and any tax, interest, and penalty found to be due through false or erroneous execution or continuance of a promissory statement by the purchaser, if assessed to the supplier, shall be a debt of the purchaser to the supplier until paid, and shall be recoverable at law in the same manner as the purchase price of the fuel. The person may, however, claim a refund of the tax paid on any diesel fuel used for nonhighway purposes under Article 9.220 of this chapter.

(4) The statement must be signed by the purchaser or his representative.

(5) The comptroller may make regulations that allow separate operating divisions of corporations to give separate signed statements as if they were different legal entities.

(6) The comptroller may promulgate necessary forms and rules to comply with this article.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.203. Computation and Collection of Tax

(1) A supplier who makes a sale or use of diesel fuel in this state for any purpose other than those exceptions listed in Article 9.201(1) of this chapter shall at the time of sale or use be liable to the state for the tax imposed in this subchapter and shall report and pay the tax in the manner provided in the subchapter.

(2) A dealer shall collect the tax at the rate imposed on each gallon of diesel fuel delivered by him into the fuel supply tanks of a motor vehicle and shall report and pay to the state any tax collected that has not been paid to a permitted supplier.

(3) A user, except a diesel tax prepaid user, shall report and pay to the state the tax at the rate imposed on each gallon of diesel fuel delivered by him into the fuel supply tanks of a motor vehicle, unless the tax has been paid to a permitted supplier or a dealer, or, as a diesel tax prepaid user, the tax has been prepaid directly to the comptroller.

(4) An interstate trucker who imports diesel fuel into Texas in the fuel supply tanks of a motor vehicle having an aggregate capacity of 42 gallons or more for each vehicle shall report and pay the tax at the rate imposed herein on diesel fuel that is imported and used on Texas highways. The number of gallons of diesel fuel used on Texas highways shall be computed by dividing the total miles travelled in all states by the total number of gallons of diesel fuel delivered into the fuel supply tanks of motor vehicles in all states. The mileage factor obtained shall be divided into the total Texas miles travelled in order to determine the number of gallons of diesel fuel used in Texas. An interstate trucker shall remit all taxes due by him based on 6.5 cents for each gallon on diesel fuel consumed within the state at the time of the filing of the quarterly report.

(5) Diesel fuel shall be deemed to be used when it is delivered into fuel supply tanks.

(6) The tax on 1-1/2 percent of the taxable gallons of diesel fuel sold or distributed in this state shall be allocated to the persons selling, distributing, or handling diesel fuel in this state, which allocation or
allowance shall be deducted by the supplier in the payment to the state of the taxes imposed and shall be apportioned as follows:

(A) one percent to the permitted supplier making the first taxable sale or delivery of the diesel fuel to dealers and users and paying the tax imposed to the state for the expense of collecting, accounting for, reporting, and remitting the taxes collected and keeping records; and

(B) one-half of one percent of the taxable gallons to users who purchase in quantities of 2,500 gallons or more for each delivery, dealers, or consignors to cover evaporation and handling losses sustained from the time the diesel fuel is delivered to their storage facilities until it is sold or delivered into fuel supply tanks of motor vehicles.

(7) A bonded user or permitted interstate trucker is entitled to deduct one-half of one percent of the taxable gallons of diesel fuel on payment of the taxes to this state for the expense of record keeping, reporting, and remitting the tax.

(8) A person who performs more than one of the functions or activities for which a deduction is allowed is entitled to the apportionment or allowance for each function or activity, subject to the limitations prescribed for each function or activity, but the aggregate allowance may not exceed 1-1/2 percent.

(9) The allocation or allowance shall be distributed under rules and regulations prescribed by the comptroller.

(10) The intent and purpose of the allowance or allocation to suppliers, dealers, or users is to reimburse fully persons acting in those capacities for losses sustained by them from evaporation, temperature changes, and ordinary handling of diesel fuel and to facilitate the payment of tax refunds without volume adjustments of diesel fuel purchased tax-paid and thereafter used in other states.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.204. Permits
A bonded supplier, bonded user, interstate trucker, diesel tax prepaid user, or aviation fuel dealer shall file an application with the comptroller for one of the nonassignable permits provided for in this subchapter.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.205. Bonded Supplier’s Permit
A bonded supplier’s permit authorizes a person to make a tax-free sale or delivery of diesel fuel into the fuel supply tanks of a motor vehicle other than a motor vehicle owned by the federal government.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.206. Bonded User Permit
A bonded user permit authorizes a user whose purchases of diesel fuel are predominantly for nonhighway use to purchase diesel fuel tax free from permitted suppliers and to report and pay taxes to this state on that part of the diesel fuel that is delivered into the fuel supply tanks of motor vehicles owned or operated by him.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.207. Diesel Tax Prepaid User Permit
A diesel tax prepaid user permit authorizes a person whose use of diesel fuel is predominantly for nonhighway use, but who owns or operates one or more passenger cars or light trucks only in the weight class shown in this article to elect to prepay an annual tax on the fuel delivered from his own tax-free storage rather than obtain a bonded user permit. If he elects to obtain a diesel tax prepaid user permit, he must prepay the tax at the rate prescribed for each motor vehicle based on the class of registered gross weight. A person whose purchases of diesel fuel are predominantly for highway use does not qualify for a diesel tax prepaid user permit.

Class A Less than 2,500 lbs. ....................... $20
Class B 2,500 to 3,500 lbs. ....................... 36
Class C 3,501 to 4,500 lbs. ....................... 45
Class D 4,501 to 7,000 lbs. ....................... 54

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.208. Interstate Truckers Permit
An interstate trucker’s permit authorizes a person who imports diesel fuel into the state in the fuel supply tanks of motor vehicles having an aggregate capacity of 42 gallons or more for each vehicle to report and pay the tax due on diesel fuel imported into this state or to claim a credit or a refund of the tax paid on diesel fuel purchased in this state and thereafter used in other states. An interstate trucker may not make tax-free purchases of diesel fuel.
[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.209. Trip Permits
In lieu of an annual interstate trucker’s permit, a person bringing motor vehicles into this state for commercial purposes with fuel supply tanks having an aggregate capacity of 42 gallons or more for each vehicle may obtain a trip permit. The trip permit
must be obtained before entry into the state or at the time of entry. No more than five trip permits may be issued during a calendar year to a person operating interstate. A fee for each trip permit shall be collected from the applicant. The fee is an amount equal to the tax payable on the quantity of diesel fuel that could be imported in the fuel supply tanks of the motor vehicle, but never less than $5. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

An aviation fuel dealer's permit authorizes a person to deliver diesel fuel exclusively into the fuel supply tanks of aircraft or aircraft servicing equipment. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.211. Permit Application Forms

(1) The comptroller shall promulgate the application form which must contain the following information:

(A) the name under which the applicant transacts or intends to transact business;

(B) the principal office, residence, or place of business in Texas of the applicant;

(C) if the applicant is not an individual, names of the principal officers of an applicant corporation, names of each partner in an applicant partnership, and the office, street, or post office address of each; and

(D) other information required by the comptroller.

(2) The comptroller shall determine from the information shown in the application or other investigation the kind and class of permit to be issued. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.212. Supplier May Perform Other Functions

A supplier may operate under his supplier's permit as a user, dealer, interstate trucker, or aviation fuel dealer without securing a separate permit, but shall be subject to all other conditions, requirements, and liabilities imposed on those permittees. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.213. Permits: Periods of Validity

(1) A bonded supplier's and bonded user permit is permanent and valid so long as the permittee has in force and effect the required bond or security and furnishes timely reports as required, or until the permit is surrendered by the holder or cancelled by the comptroller.

(2) An aviation fuel dealer's permit is permanent and is valid until the permit is surrendered by the holder or cancelled by the comptroller.

(3) An interstate trucker's permit is valid from the date of issuance through December 31 of each calendar year or until the permit is surrendered by the holder or cancelled by the comptroller. The comptroller may renew the permit for each ensuing calendar year if the permittee has in force and effect the required bond or security and furnishes timely reports as required. Interstate truckers exempted by provisions of this chapter from bonding and reporting requirements shall file an annual affidavit and on approval, the comptroller shall issue the required permit.

(4) A trip permit is valid for the period prescribed on the permit as determined by the comptroller.

(5) A diesel tax prepaid user permit shall be issued annually and is valid from the date of its issuance through December 31 of the calendar year unless a motor vehicle for which the tax is prepaid is sold or no longer used on the public highway. A diesel tax prepaid user must make application for a new permit each calendar year. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.214. Display of Permits

(1) A permit must be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner. A copy of the permit must be kept at each place of business or other place of storage from which diesel fuel is sold, distributed, or used, and in each motor vehicle used by the permit holder to transport diesel fuel purchased by him for resale, distribution, or use.

(2) A person holding an interstate trucker's permit shall reproduce the permit and carry a photocopy with each motor vehicle being operated into or from the state. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.215. List of Permittees

(1) The comptroller shall, on or before the 20th day of December of each calendar year, prepare and either mail or distribute to each bonded supplier a printed alphabetical list of permitted suppliers, bonded users, and aviation fuel dealers who are qualified to purchase diesel fuel tax free during the ensuing calendar year. A supplemental list of additions and deletions shall be delivered to each supplier each month thereafter.

(2) The comptroller shall, on or before the 31st day of January of each calendar year, prepare and either mail or distribute to each bonded supplier a printed alphabetical list of diesel tax prepaid user permittees who are qualified to purchase diesel fuel

tax free during the ensuing calendar year. A supplemental list of additions and deletions shall be delivered to each supplier each month thereafter. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.216. Bonding Requirements

(1) A permitted interstate trucker who maintains all fuel records in Texas, and all or substantially all of whose highway use is made with diesel fuel purchased within this state with the tax paid may be exempted from the bonding requirements under an annual affidavit to the comptroller attesting to the intrastate or substantially intrastate tax-paid purchase of diesel fuel.

(2) A bond must be a continuing instrument, must constitute a new and separate obligation, in the penal sum named in the bond, for each calendar year or portion of a year while the bond is in force, and must remain in effect until the surety on the bond is released and discharged.

(3) In lieu of filing a surety bond, an applicant for a permit may substitute the following security:

(A) cash in the form of U.S. currency in an amount equal to the required bond to be deposited in the suspense account of the state treasury; or

(B) an assignment to the comptroller of a certificate of deposit in any bank or savings and loan association in the state that is a member of the FDIC or the FSLIC. The amount of the certificate of deposit shall at least equal the bond amount required.

(4) If the amount of an existing bond becomes insufficient, or any surety on a bond becomes unsatisfactory or unacceptable, the comptroller may require the filing of a new or an additional bond.

(5) No surety bond or other form of security may be released until it is determined by examination or audit that no tax, penalty, or interest liability exists. When the permit holder has been cleared of all tax liability by the comptroller, the cash or securities shall be released within 60 days.

(6) The comptroller may use the cash or certificate of deposit to satisfy a final determination of delinquent liability or a judgment secured in an action by this state to recover diesel fuel taxes, costs, penalties, and interest found to be due this state by any person in whose behalf the cash or securities were deposited.

(7) A surety on any bond furnished by a permittee shall be released and discharged from liability to the state accruing on the bond after the expiration of 30 days from the date on which the surety files with the comptroller a written request to be released and discharged. The request does not relieve, release, or discharge the surety from a liability already accrued, or which accrues before the expiration of the 30-day period. The comptroller shall promptly on receipt of the request notify the permittee who furnished the bond, and unless the permittee, before the expiration date of the existing security, files with the comptroller a new bond with a surety company duly authorized to do business under the laws of the state, or other authorized security, in the amount required in this article, the comptroller shall cancel the permit in the manner provided in this chapter.

(8) A permittee may request an examination or audit to obtain release of the security when he relinquishes the permit or when he desires to substitute one form of security for an existing one. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.217. Records

(1) A supplier shall keep a complete record in gallons showing:

(A) all diesel fuel inventories on hand at the first of each month;

(B) all diesel fuel refined, compounded, or blended;

(C) all diesel fuel purchased or received, showing the name of the seller, and the date of each purchase or receipt;

(D) all diesel fuel sold, distributed, or used, showing the name of the purchaser and the date of sale, distribution, or use; and

(E) all diesel fuel lost by fire or other accident.

(2) A dealer shall keep a complete record in gallons of:

(A) diesel fuel inventories on hand at the first of each month;

(B) all diesel fuel purchased or received, showing the name of the seller, the date of each purchase or receipt, and all diesel fuel sold, distributed, or used; and

(C) all diesel fuel lost by fire or other accident.

(3) A bonded user or other user with nonhighway equipment uses who files a claim for a refund shall keep a complete record in gallons of:

(A) inventories of all diesel fuel on hand at the first of each month;

(B) all diesel fuel purchased or received, showing the name of the seller and the date of each purchase;

(C) all diesel fuel deliveries into the fuel supply tanks of motor vehicles;
(D) diesel fuel used for other purposes, showing the purpose for which used; and
(E) all diesel fuel lost by fire or other accident.
(4) An aviation fuel dealer shall keep a complete record in gallons showing:
   (A) all diesel fuel inventories on hand at the first of each month;
   (B) all diesel fuel purchased or received, showing the name of the seller and the date of each purchase or receipt;
   (C) all diesel fuel sold, distributed, or used in aircraft or aircraft servicing equipment, showing the name of purchaser and the date of sale, distribution, or use and the airplane registration or "N" number or aircraft servicing equipment number or description to which diesel fuel is delivered; and
   (D) diesel fuel lost by fire or other accident.
(5) A permitted interstate trucker shall keep a record of:
   (A) the total miles travelled in all states by all vehicles traveling into or from Texas and the total quantity of diesel fuel consumed in those vehicles; and
   (B) the total miles travelled in Texas and the total quantity of diesel fuel delivered into the fuel supply tanks of motor vehicles in Texas.
(6) The comptroller may require selective schedules from a supplier, dealer, aviation fuel dealer, interstate trucker, or common or contract carrier for a purchase, sale, or delivery of diesel fuel when the schedules are not inconsistent with the requirements of this chapter. The records required must be kept for four years and are open to inspection at all times by the comptroller, the attorney general, or their authorized representatives.
Art. 9.219. Reports
(1) On or before the 25th day of each month, each supplier shall file a report of diesel fuel transactions and remit the amount of tax required to be collected during the preceding month. A report must be filed on a form provided by the comptroller and contain information required by the comptroller, showing complete and detailed information of diesel fuel transactions during the preceding month. A supplier required to file a report under this article who has not sold, used, or distributed any diesel fuel during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information. The failure of a supplier to obtain forms from the comptroller is no excuse for the failure to file a report. The report must be executed by the supplier or his representative and is subject to the penalties provided in this chapter.
(2) On or before the 25th day of the month following the end of each calendar quarter, each bonded user and interstate trucker shall file a report and remit the amount of tax due except as provided by Section (4) of this article. A report must be executed and filed with the comptroller and contain complete and detailed information on diesel fuel
Art. 9.219  TITLE 122A. TAXATION—GENERAL

transactions during the preceding calendar quarter and other information required by the comptroller on forms provided for that purpose. A bonded user or interstate trucker required to file a report under this article who has not sold, used, or distributed any diesel fuel during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information. The failure of a bonded user or interstate trucker to obtain forms from the comptroller is no excuse for the failure to file a report containing all the information required to be reported.

(3) No report is required to be filed by:

(A) an aviation fuel dealer;
(B) a trip permit user;
(C) a diesel tax prepaid user;
(D) a person issuing signed statements; or
(E) a common or contract carrier.

(4) A permitted interstate trucker who maintains all fuel records in Texas, and all, or substantially all, of whose highway use is made with diesel fuel purchased within this state with the tax paid may be exempted from the quarterly reporting requirements under an annual affidavit to the comptroller attesting to the intrastate, or substantially intrastate, purchases of tax-paid diesel fuel.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.220. Refunds

(1) A dealer who has paid tax on diesel fuel that has been used or sold for use by the dealer for any purpose other than propelling a motor vehicle on the public highways of this state or that has been sold to the United States for the exclusive use of the government, and a user who has paid tax on any diesel fuel that has been used by him for any purpose other than propelling a motor vehicle on the public highways may file a claim for a refund of taxes paid, less the deduction allowed vendors and a filing fee.

(2) A person may file a refund claim for tax paid on the diesel fuel used in motor vehicles which are operated exclusively off the public highways except for incidental travel on the public highway as determined by the comptroller, but not for that portion used in the incidental travel.

(3) A permitted interstate trucker is entitled to a credit equivalent to the tax rate for each gallon paid on all diesel fuel on which the diesel fuel tax has been paid and later consumed in motor vehicles outside the state. When the amount of credit to which the interstate trucker is entitled for any calendar quarter exceeds the amount of tax for which the interstate trucker is liable for diesel fuel consumed in the motor vehicles during the reporting period, the excess shall be allowed as a credit or refund on a timely filed quarterly report against the tax for which the interstate trucker would be otherwise liable for any of the three succeeding quarters. Evidence of the mileage travelled and gallonage consumed and the payment of the diesel fuel tax, on a form that may be required by or is satisfactory to the comptroller, shall be furnished by the interstate trucker claiming the credit or tax refund.

(4) If the quantity of diesel fuel used in Texas by auxiliary power units or power take-off equipment on any motor vehicle can be accurately measured while the motor vehicle is stationary by any metering or other measuring device or method designed to measure the fuel separately from fuel used to propel the motor vehicle, the comptroller may approve and adopt the use of any device as a basis for determining the quantity of diesel fuel consumed in those operations for tax credit or tax refund. If no separate metering device or other approved measuring method is provided, the following credit or refund procedures are authorized. A permitted supplier or bonded user who operates diesel-powered motor vehicles equipped with a power take-off or a diesel-powered auxiliary power unit mounted on the motor vehicle and using the fuel supply tank of the motor vehicle may be allowed a five percent deduction from the taxable gallons used in this state in each motor vehicle so equipped. A user who is required to pay the tax on diesel fuel used in motor vehicles so equipped may file a claim for a refund not to exceed five percent of the total taxable fuel used in this state in each motor vehicle so equipped.

(5) A person who exports or loses by fire or other accident 100 or more gallons of diesel fuel on which the tax has been paid, or who sells diesel fuel in any quantity to the United States government for the exclusive use of that government on which the tax has been paid, may file a claim for a refund of the net tax paid to the state as the comptroller may direct.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.221. Refund Procedure

(1) A claim must be filed with the comptroller on forms provided by the comptroller and show the date of filing, the period covered in the claim, the number of gallons of diesel fuel subject to refund, and other information required by the comptroller. A claim must be supported by one or more original invoices issued to or by the claimant, or such other information as the comptroller deems necessary.

(2) If a motor vehicle is sold, transferred, or destroyed, the owner is entitled to a refund of the unused portion of the advance taxes paid for that calendar year. The owner or operator must submit to the comptroller an affidavit identifying the vehicle, the permit number, the circumstances entitling
him to a refund, and all other information required by the comptroller. On receipt of the affidavit and when satisfied as to the circumstances, the comptroller shall refund to the owner or operator that portion of the payment that corresponds to the number of complete months remaining in the calendar year for which the vehicle was no longer utilized. No refund may be made if the use of the vehicle ceased within the last month of the calendar year.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.222. Limitations on Refunds

(1) Except as provided by this article, a claim for a refund must be filed with the comptroller before the expiration of one year from the first day of the calendar month following the purchase or use.

(2) An interstate trucker may accumulate credits for four successive calendar quarters, but he must take the credit or claim a refund on a report filed on or before the 25th day following the fourth quarter.

(3) Except for an audit deficiency assessment, a claim for refund shall be filed with the comptroller before the expiration of one year from the first day of the month following delivery, export, or loss by fire or other accident. If an audit of a supplier determines that tax-free sales were made to unauthorized purchasers and the unauthorized purchaser could have filed for a refund if tax had been paid at the time of sale, the unauthorized purchaser may file a refund claim within one year from the date of final assessment.

(4) A person who files a claim for a tax refund on any diesel fuel used for a purpose for which a tax refund is not authorized, or who files an invoice supporting a refund claim on which the date, figures, or any material information has been falsified or altered, shall forfeit his right to the entire amount of the refund claim filed. This forfeiture provision shall not apply if a claimant provides proof satisfactory to the comptroller that the incorrect refund claim filed was due to a clerical or mathematical calculation error.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.223. Refund Payments and Filing Fee

(1) After examination and approval of the refund claim, the comptroller before issuing a refund warrant shall deduct from the amount of the refund payment:

(A) the 1-1/2 percent deducted originally by the supplier on the sale or delivery of the diesel fuel; and

(B) $1.50 as a filing fee.

(2) The filing fees shall be set aside for the use and benefit of the comptroller in the administration and enforcement of the provisions of this chapter, and for payment of expenses in furnishing the claim forms and other forms. All filing fees shall be paid into the state treasury and shall be paid out on vouchers and warrants in the manner prescribed by law.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.224. Allocation of Revenue

(1) Before allocation of the funds collected hereunder is made, one percent of the gross amount of the funds shall be set aside in the state treasury in a special fund for the use of the comptroller in the administration and enforcement of the provisions of this subchapter. Any unexpended portion of the fund at the end of each fiscal year reverts to the respective funds in the proper proportions to which the diesel fuel taxes are allocated.

(2) Each month the comptroller, after making deductions for refund purposes and for the administration and enforcement of the provisions of this subchapter, shall allocate and deposit the remainder of the taxes collected under this subchapter, in the proportions as follows:

(A) one-fourth of the taxes shall be placed to the credit of the available school fund; and

(B) three-fourths of the taxes shall be placed to the credit of the state highway fund.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

SUBCHAPTER D. LIQUEFIED GAS TAX

Art. 9.301. Tax Imposed

(1) An excise tax is imposed on the use of liquefied gas for the propulsion of motor vehicles on the public highways of this state at the rate of five cents for each gallon.

(2) A person using a liquefied gas-propelled motor vehicle, including a motor vehicle equipped to use liquefied gas interchangeably with another motor fuel, that is required to be licensed in Texas for use on the public highways of Texas, shall prepay the liquefied gas tax to the comptroller on an annual basis.

(3) An interstate trucker operating a motor vehicle licensed in a base state other than Texas and any other out-of-state user shall pay the excise tax on delivery of the liquefied gas into the fuel supply tanks of a motor vehicle.

(4) The tax imposed by this article is in lieu of any other excise or occupation tax imposed by this state or any state political subdivision on the sale, use, or distribution of liquefied gas.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.302. Permits

A bonded dealer, interstate trucker, or liquefied gas tax decal permittee shall file application to the comptroller for one of the nonassignable permits provided for by this subchapter. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.303. Bonded Dealer's Permit

A bonded dealer's permit authorizes a dealer to collect and remit taxes on liquefied gas delivered into the fuel supply tanks of motor vehicles displaying an out-of-state license plate. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.304. Liquefied Gas Tax Decal Permit

Art. 9.305. Interstate Trucker's Permit

An interstate trucker's permit authorizes an interstate trucker operating a motor vehicle with a base license plate issued by a state other than Texas to import liquefied gas into this state in the fuel supply tanks of motor vehicles owned or operated by him for commercial purposes, to transport liquefied gas beyond Texas, and to make sales or distributions in Texas from his cargo tanks, but no delivery may be made in Texas into the fuel supply tanks of motor vehicles not bearing a current liquefied gas tax decal without first obtaining the required dealer's permit to make taxable sales. The interstate trucker's permit for users operating a motor vehicle with a base license plate issued by a state other than Texas shall be in lieu of the liquefied gas decal permit required to operate motor vehicles on the highways of the state. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.306. Application for Permits

(1) A bonded dealer, interstate trucker, or liquefied gas tax decal user shall secure from the comptroller the kind and class of permit required by this subchapter.

(2) An application must be filed with the comptroller for a permit on a form provided by the comptroller showing the kind and class of permit desired, and other information required by the comptroller. A permit shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner. A permit holder shall reproduce the permit and keep a copy on display at each additional place of business from which liquefied gas is sold, delivered, or used in motor vehicles. A person holding an interstate trucker's permit shall reproduce the permit and carry a copy with each motor vehicle being operated into or from Texas. The liquefied gas decal user shall affix the decal in the lower right-hand corner of the front windshield of the passenger side of the vehicle. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.307. Permits: Period of Validity

(1) A bonded dealer's permit is permanent and valid so long as the permittee has in force and effect the required cash bond and furnishes timely reports as required, or until the permit is surrendered by the holder or cancelled by the comptroller.

(2) An interstate trucker's permit is valid from the date of its issuance through December 31 of each calendar year, or until the permit is surrendered by the holder or cancelled by the comptroller. The comptroller may renew the permit for each ensuing calendar year if the permittee has in force and effect the required cash bond and furnishes timely reports as required.

(3) A liquefied gas tax decal permit shall be issued annually and is valid from the date of its issuance through December 31 of the calendar year unless a motor vehicle for which the tax is prepaid is sold or no longer used on the public highway. A liquefied gas decal permittee must make application for a new permit each calendar year. [Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.308. Bonds

(1) A person applying for a permit as a bonded dealer or interstate trucker shall at the time of application post a cash bond of $100.

(2) The cash bond shall be deposited in the suspense account of the state treasury and shall be released within 60 days after cancellation or surrender of any permit held by the person in whose behalf it was deposited when the permit holder has been cleared of all tax liability by the comptroller.

(3) The comptroller may withdraw and use any cash to satisfy any delinquent liability including tax, penalty, and interest or to pay any judgment secured in any action by this state.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.309. Computation and Collection

(1) A permitted dealer who makes a sale or delivery of liquefied gas into the fuel supply tanks of motor vehicles on which the tax is required to be collected is liable to the state for the tax imposed, and shall report and pay the tax in the manner required by this subchapter.

(2) A permitted interstate trucker shall report and pay to this state the tax at the rate imposed on each gallon of liquefied gas delivered by him into the fuel supply tanks of motor vehicles, unless the tax has been paid to a permitted dealer, and shall report and pay the tax on each gallon of liquefied gas imported into this state in the fuel supply tanks of motor vehicles owned or operated by him and consumed in the operation of the motor vehicles on the public highways of this state.

(3) The tax on one percent of the taxable gallons of liquefied gas sold in this state shall be allocated to the permitted dealer making the sale for the expense of collecting, accounting for, reporting, and remitting the taxes collected and keeping the records. The allocation allowance shall be deducted by the permitted dealers in the payment to the state.

(4) The tax of one-half of one percent of the taxable gallons of liquefied gas used in this state by persons permitted as interstate truckers shall be allocated to the interstate trucker making the use of the liquefied gas for the expense of accounting for, reporting, and remitting the taxes due.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.310. Records

(1) A bonded dealer shall keep for four years, open to inspection at all times by the comptroller, the attorney general, or their authorized representatives, a complete record of all liquefied gas sold or delivered for taxable purposes.

(2) An interstate trucker shall keep for four years, open to inspection by the comptroller, the attorney general, or their authorized representatives, a record of:

(A) the total miles travelled in all states by all motor vehicles traveling into or from Texas and the total quantity of liquefied gas used in such motor vehicles; and

(B) the total miles travelled in Texas and the total quantity of liquefied gas purchased in Texas, showing both tax-paid fuel delivered into the fuel supply tanks of motor vehicles and tax-free fuel delivered into storage facilities in Texas.

(3) Each taxable sale or delivery of liquefied gas into the fuel supply tanks of a motor vehicle, including deliveries by interstate truckers from bulk storage, shall be covered by an invoice. The invoice must be printed and contain the following:

(A) the preprinted or stamped name and address of the permitted dealer or interstate trucker;

(B) the date;

(C) the number of gallons delivered;

(D) the mileage recorded on the odometer;

(E) the state and state highway license number;

(F) the signature of the driver of the motor vehicle; and

(G) the amount of tax paid or accounted for separately from the selling price.

(4) The invoice must be carried with the vehicle and will serve as a trip permit.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.311. Reports

(1) A permitted dealer shall on or before the 25th day of the month following the end of each calendar quarter file a report and remit the amount of tax due. A permitted dealer who has not made taxable sales during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information.

(2) Every permitted interstate trucker shall on or before the 25th day of the month following the end of each calendar quarter file a report and remit the amount of tax due. A report shall be filed with the comptroller and must contain the miles traveled in this state, the miles traveled outside this state, and other information required by the comptroller on forms provided for that purpose. An interstate trucker who is required to file a report under this article and who has not made interstate trips or used liquefied gas in motor vehicles in Texas during the reporting period shall nevertheless file with the comptroller the required report setting forth the facts or information.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]
Art. 9.312. Refunds; Transfer of Decals

(1) If a motor vehicle bearing a liquefied gas tax decal is sold or transferred, the seller and purchaser shall promptly notify the comptroller of the sale or transfer and a new decal shall be issued in the new purchaser’s name.

(2) If a motor vehicle bearing a liquefied gas tax decal is destroyed or the liquefied gas carburetor system removed, the owner is entitled to a refund of the unused portion of the advance taxes paid for that calendar year. The owner or operator shall submit to the comptroller an affidavit identifying the vehicle, the permit number, the decal number when satisfied as to the circumstances, the comptroller shall refund that portion of the tax payment that corresponds to the number of complete months remaining in the calendar year for which the tax has been paid, beginning with the month following the date on which the vehicle or the liquefied gas carburetor was no longer utilized. No refund may be made if the use of the vehicle ceased within the last month of the calendar year.

(3) A permitted interstate trucker is entitled to a refund equal to the tax rate for each gallon paid on liquefied gas on which the Texas liquefied gas tax has been paid and that has thereafter been consumed in motor vehicles outside the State of Texas. On verification by the comptroller that the interstate trucker report was timely filed with all information required, he shall issue a warrant to the interstate trucker for the amount of the refund less the one percent deducted originally by the permitted dealer making the sale and a filing fee of $1.50. Failure to file an interstate trucker report by the 25th of the month following the end of a calendar quarter forfeits the right to a refund.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

Art. 9.313. Allocation of Revenue

(1) Before allocation of the tax collected under this subchapter is made, one percent of the gross amount shall be set aside in the state treasury in a special fund for the use of the comptroller in the administration and enforcement of the provisions of this subchapter. Any unexpended portion of this fund shall at the end of the fiscal year revert to the respective funds in the proper proportions to which the liquefied gas taxes are allocated.

(2) Each month the comptroller, after making deductions for refund purposes, and for the administration and enforcement of the provisions of this subchapter, shall allocate and deposit the remainder of the taxes collected as follows:

(A) one-fourth of the taxes shall be placed to the credit of the available school fund; and

(B) three-fourths of the taxes shall be placed to the credit of the state highway fund.

[Amended by Acts 1979, 66th Leg., p. 626, ch. 291, § 1, eff. Jan. 1, 1980.]

If the application is submitted to the comptroller no later than the end of the month after the expiration of 15 months from the date of charter or certificate, or from September 1, 1975, whichever is later, except as indicated in Section (6) of this article, the exemption when finally established will be recognized as of such date of charter or certificate.

(6) The provisions of this article do not require any additional application, report, letter of exemption, or other evidence from a corporation eligible for exemption under Section (1) of this article, which corporation was granted exemption by the comptroller or by the secretary of state prior to September 1, 1975. Provided that nothing in this article or in any other laws of this state shall be construed to authorize a refund or credit for franchise tax paid prior to September 1, 1975, by a corporation eligible for or determined by the comptroller to be exempt under this article from the payment of franchise tax, unless the comptroller determines that the corporation through mistake of law or fact overpaid the franchise tax due by it prior to September 1, 1975. Provided, further, that if a corporation which was granted an exemption prior to September 1, 1975, no longer qualifies for exemption under Section (1) of this article, such previously granted exemption shall terminate on April 30, 1976, and thereafter such corporation shall be subject to and shall be liable for the franchise tax levied by this chapter.

Art. 12.06. Initial Tax to be Paid

(1) Prior to and as a precondition to receiving a charter or certificate of authority from the Secretary of State of Texas, a domestic corporation incorporating under the Texas Business Corporation Act or The Texas Professional Corporation Act or a foreign corporation qualifying under the Texas Business Corporation Act must prepay an initial franchise tax deposit in the amount of One Hundred Dollars ($100) to the Comptroller of Public Accounts. This prepayment may not be refunded in whole or part for any reason after the charter or certificate of authority has been issued by the Secretary of State.

(2) Every domestic or foreign corporation shall file its initial franchise tax report within ninety (90) days after the expiration of one (1) year from the date of filing its charter or granting its certificate of authority, at which time the tax shall be computed according to its first year's business as prescribed by this Chapter and at the same time, the corporation shall also pay its tax in advance, based upon the first year's business, for the period from the end of the first year to and including April 30th following. The tax prepaid under Section (1) of this Article shall be applied as a credit against the tax computed on this first report and subsequent reports.
Where the corporation's first year from the filing of its charter or from the granting of its certificate of authority ends between January first and May first, there shall also be computed and paid an additional year's tax for the year beginning May first following the end of the first year as above defined, which tax shall be computed from the data contained in the first report filed by such corporation.

(3) All foreign corporations applying for a certificate of authority to do business, shall at the time of filing its application deposit with the Comptroller of Public Accounts the sum of Five Hundred Dollars ($500) which sum shall be deposited in a trust fund to be held by the Comptroller of Public Accounts during the time the foreign corporation is engaged in doing business in this State. This deposit shall insure a foreign corporation's payment of all filing fees, filing all franchise tax reports and payment of franchise taxes, penalties and interest due this State according to the provisions of this Chapter. In the event a foreign corporation has ceased doing business in Texas prior to the forfeiture of the corporation's Certificate of Authority, and can demonstrate that all franchise tax reports, franchise taxes and penalties have been filed and paid, such deposit or balance thereof, if any, shall be returned by the Comptroller of Public Accounts to the legal agent of such foreign corporation in this State, designated in conformity with Article 12.11 of this Chapter.

Whenever a corporation's Certificate of Authority to do business in this State is forfeited, as provided in this Chapter, the entire amount of said deposit shall likewise be forfeited.

The forfeiture of said deposit shall not bar the State's full recovery of the amount of franchise tax due; however, upon proof by such corporation of the actual amount of such franchise taxes due, and upon the filing of all delinquent tax reports, any amount of said deposit in excess of such franchise tax, including penalty and interest, shall be refunded.

(4) Effective September 1, 1975, each foreign corporation doing business in this State shall have on deposit with the Comptroller of Public Accounts the Five Hundred Dollars ($500) trust amount described in Section (3) above. Upon determination by the comptroller that a foreign corporation has maintained a continuous status in good standing for three (3) consecutive reporting years, or upon determination by the comptroller that a corporation is exempt from payment of the franchise tax under Article 12.03 of this chapter or other laws of this state, such corporation shall be exempt thereafter from the security requirements of this article, and the comptroller shall return the trust deposit to the corporation; provided, however, that such exemption from the security requirement shall continue only until such time that it is determined by the comptroller that the corporation has failed to file all reports or to pay the franchise tax or other payments required by this chapter, or that the corporation no longer qualifies for exemption from the franchise tax, at which time the comptroller shall notify the corporation that a cash trust deposit in the amount of Five Hundred Dollars ($500) must be furnished the comptroller's office as required by this article.

[Amended by Acts 1975, 64th Leg., p. 2313, ch. 719, art. XII, § 3, eff. Sept. 1, 1975; Acts 1979, 66th Leg., p. 161, ch. 89, § 1, eff. Sept. 1, 1979.]

Art. 12.10. Information Confidential

(a) Except information set forth in liens filed pursuant to this Title, all information secured, derived or obtained from any record, instrument, or copy thereof, required to be furnished under the terms of this Chapter, shall be and shall remain confidential and not open to public inspection. All information secured, derived or obtained during the course of an examination of the taxpayer's books, records, papers, officers or employees, including the business affairs, operations, profits, losses or expenditures of the taxpayer, shall be and shall remain confidential and not open to public inspection.

However, a bona fide stockholder owning one or more shares of outstanding stock of any corporation may examine and receive copies of the reports made under Articles 12.08 and 12.09 of this Chapter upon presentation of evidence of such ownership to the Comptroller. Any interested person may also be furnished the names, titles, and mailing addresses of the officers, directors, and agents for service of process, and the location of the principal office and place of business, and ownership required to be filed by Article 12.12 of this Chapter, of any corporation filing a franchise tax report.

(b) The Comptroller or the Attorney General may use such information, records, reports, instruments and copies thereof, for enforcing the provisions of this Chapter, or may authorize their use in any judicial proceeding in which the State is a party. In addition, the Comptroller or the Attorney General may authorize examination by other State officers and law enforcement officials, or by tax officials of another state and by officials of the federal government if a reciprocal arrangement exists.

[Amended by Acts 1979, 66th Leg., p. 1823, ch. 740, § 3, eff. June 16, 1979.]

All reports to the Comptroller of Public Accounts required by this Chapter shall contain such information as the Comptroller of Public Accounts may require. He shall have authority to make and publish rules and regulations not inconsistent with the Constitution or laws of this State or of the United
States for the enforcement of this Chapter. The Comptroller of Public Accounts may require any corporation to furnish such additional information from its books and records as may be necessary in determining the amount of taxes that may be due hereunder. The Comptroller of Public Accounts or his authorized representative, or the State Auditor or his authorized representative, shall have full and complete authority to investigate and inquire into and examine the books and records of any such corporation for the purpose of ascertaining the correctness of its franchise tax liability.

In addition to any other requirements established by the Comptroller of Public Accounts, corporations shall provide the following information on the Corporate Franchise Tax Form, but in no event more than once a year, which the Comptroller of Public Accounts shall forward to the Secretary of State to be available for public inspection:

1. the name, title, and mailing address of each director and officer of the corporation; and
2. the name of each corporation in which the corporation filing the report owns a 10 percent or greater interest and the percentage owned by the corporation; the name of each corporation which owns a 10 percent or greater interest of the corporation filing the report.

Any foreign corporation doing business in Texas under a Certificate of Authority granted under the laws of this State, or any officer or agent thereof, or any domestic corporation which shall fail or refuse to permit the Comptroller of Public Accounts, or his authorized representative, or the State Auditor or his authorized representative, to examine its books and records, whether the same be situated within this State or any other state within the United States, shall thereby forfeit its right to do business in this State; and its Certificate of Authority or charter shall be cancelled or forfeited.

[Amended by Acts 1977, 65th Leg., p. 1191, ch. 458, § 1, eff. Aug. 29, 1977.]

Section 2 of the 1977 amendatory act provided:

“The unexpended balances from the appropriations for the office of the Secretary of State for the fiscal year ending August 31, 1977, are appropriated to the Secretary of State for the fiscal year ending August 31, 1978, and the unexpended balance from this 1977-1978 appropriation is appropriated to the Secretary of State for the fiscal year ending August 31, 1979, for the purpose of implementing the provisions of this Act.”

Art. 12.14. Failure to Pay Tax and File Reports

1. Any corporation, either domestic or foreign, which shall fail to pay any franchise tax provided for in this Chapter when the same shall become due and payable under the provisions of this Chapter or shall fail to file any report provided for in this Chapter when the same shall become due, shall thereupon become liable to a penalty of five per cent (5%) of the amount of such franchise tax due by such corporation, and if said report has not been filed or said taxes have not been paid within thirty (30) days from the date said report or taxes shall have become due, an additional five per cent (5%) of such tax shall be forfeited; said penalty shall never be less than One Dollar ($1). Delinquent taxes shall draw interest at the rate of seven per cent (7%) per annum beginning sixty (60) days from the date due.

2. If the reports required by Articles 12.08, 12.09, and 12.19 be not filed in accordance with the provisions of this Chapter, or if the amount of such tax and penalties be not paid in full on or before September 15 of each year or, when an initial tax report or payment is required, on or before ninety (90) days after the time the initial report and payment is required, such corporation shall for such default forfeit its right to do business in this State; which forfeiture shall be consummated without judicial intervention by the Comptroller of Public Accounts. Any corporation whose right to do business shall be thus forfeited shall be denied the right to sue or defend in any court of this State, except in a suit to forfeit the charter or certificate of authority of such corporation. In any suit against such corporation on a cause of action arising before such forfeiture, no affirmative relief shall be granted to such corporation unless its right to do business in this State shall be revived as provided in this Chapter.

3. Each director and officer of any corporation whose right to do business within this State shall be so forfeited shall, as to any and all debts of such corporation, which shall include all franchise taxes and penalties thereon which shall become due and payable subsequent to the date of such forfeiture, and which may be created or incurred within this State, after the report or payment becomes due and before the revival of the right of such corporation to do business, be deemed and held liable thereon in the same manner and to the same extent as if such directors and officers of such corporation were partners. However, any officer or director may avoid liability if he shows that the debt was created (1) over his objection, or (2) without his knowledge, if the exercise of reasonable diligence to acquaint himself with the affairs of the corporation would not have revealed the intention to create the debt.

Section 18 of the 1979 amendatory act provided:

“This Act takes effect January 1, 1980 and applies to all unpaid taxes that are delinquent on that date and become delinquent after that date.”

Art. 12.15. Notice of Forfeiture

The Comptroller of Public Accounts shall notify each domestic and foreign corporation which may be or become subject to a franchise tax under the laws of this State and which has failed to file such report or pay franchise tax on or before the time specified by this Chapter that unless such overdue report is filed or such overdue tax together with said penal-
ties thereon shall be paid on or before September 15 of that year or, if an initial report or tax payment is required on or before ninety (90) days after the day on which the initial report or payment was required to be made, the right of such corporation to do business in this State will be forfeited without judicial ascertainment. The notice must be mailed during the 45-day period following the day on which the report or payment was required to be made. This notice may be either written or printed and shall be verified by the seal of the office of the Comptroller of Public Accounts, and shall be addressed to such corporation and mailed to the post office named in its articles of incorporation as its principal place of business, or to any other known place of business of the corporation. A record of the date of mailing this notice shall be kept in the office of the Comptroller of Public Accounts, he shall revive the right of the corporation to do business within the State. If any domestic corporation or foreign corporation, whose right to do business within this State shall hereafter be forfeited under the provisions of this Chapter, shall fail to pay the Comptroller of Public Accounts within one hundred and twenty (120) days after such forfeiture, the amount necessary to entitle it to have its right to do business revived under the provisions of this Chapter, such failure shall constitute sufficient ground for the forfeiture of the charter of such domestic corporation, or of the certificate of authority of such foreign corporation. It shall be the duty of the Comptroller of Public Accounts, after such one hundred and twenty (120) days next following such forfeiture, to certify to the Attorney General for bringing suit under Article 12.16 of this Chapter and to the Secretary of State for administrative forfeiture under Article 12.17 of this Chapter the names of all corporations whose right to do business within the State has been forfeited as hereinbefore provided. The Attorney General, upon receiving such certificate, shall forthwith institute suit against such corporations certified to him by the Comptroller of Public Accounts as provided in Article 12.16 of this Chapter.

Art. 12.19. Optional Use of Short Form Return

(4) Any person required to be licensed by this Article may make an extension of credit or lend the licensee's credit to a lessee or a bailee of a music or skill or pleasure coin-operated machine, or on behalf of either for business or commercial purposes when the following terms and conditions have been met and the following duties and obligations satisfactorily assumed and discharged.

(a) Before making the first such extension of credit, the licensee under this Article shall first notify the Consumer Credit Commissioner of the State of Texas of the intent of such licensee to make extensions of credit in the conduct of the licensee's business.

(b) The consideration for such extensions of credit shall not be less than one-half percent or exceed interest or its equivalent at the rate of one and one-half percent (1 1/2%) per month, computed according to the United States Rule. Consideration excludes court costs and attorney's fees as determined by the court, but includes the aggregate interest, fees, bonuses, commissions, brokerage, discounts, expenses, and other forms of costs charged, contracted for, or received by a licensee or any other person in connection with investigating, arranging, negotiating, procuring, guaranteeing, making, servicing, collecting, and enforcing
an extension of credit or forbearance of money, credit, goods, or things in action, or any other service rendered. If in any transaction any consideration in excess of that provided above is charged or received by the licensee directly, or indirectly, except as the result of an accidental and bona fide error corrected upon discovery, the unpaid balance of the indebtedness created by such transaction shall be void, and that portion of any indebtedness so created which has been paid to the licensee, either the principal or its equivalent or interest or its equivalent, or both, shall be repaid by the licensee to the person.

(c) No extension of credit may be made by any person required to be licensed by this Article unless it is evidenced by a written agreement signed by the parties thereto specifying both the amount of credit extended, the consideration for such extension of credit, and the terms according to which such extension of credit is to be repaid.

(d) Each licensee making extensions of credit authorized by this Section shall keep in this State books and records, which shall be consistent with accepted accounting and auditing practices, relating to all such extensions of credit authorized by this Section sufficient to enable any competent person to determine whether or not such licensee is complying with this Section. Such records shall be preserved for four (4) years from the date of the transaction to which they relate, or two (2) years from the date of the final entry made with regard to such transaction, whichever is later.

(e) At such times as the Consumer Credit Commissioner may deem necessary, or at the request of the commission or the Attorney General, the Consumer Credit Commissioner, or his duly authorized representative, may make an examination of the place of business of each licensee hereunder, and may inquire into and examine the transactions, books, accounts, papers, correspondence, or records of such licensee insofar as they pertain to the extensions of credit regulated by this Section. In the course of such examinations, the Consumer Credit Commissioner or his duly authorized representative shall have free access to the office, place of business, files, safes and vaults of such licensee, and shall have the right to make copies of such books, accounts, papers, correspondence and records. The Consumer Credit Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Section to consider, investigate or secure information. Any licensee who shall fail or refuse to let the Consumer Credit Commissioner or his duly authorized representative examine or make copies of such books or other relative documents shall thereby be deemed in violation of this Section. The information obtained in the course of such examination shall be confidential. Each licensee shall pay to the Consumer Credit Commissioner an amount assessed by the Commissioner to cover the direct and indirect costs of such examination, including a proportionate share of general administrative expenses, which amount shall be retained and held by the Consumer Credit Commissioner, and no part of such fee shall ever be paid into the General Revenue Fund of this State. All expenses incurred by the Consumer Credit Commissioner in conducting such examinations shall be paid only from such fees, and no such expense shall ever be charged against the funds of this State.

(f) The Consumer Credit Commissioner may make regulations necessary for the enforcement of this Section and consistent with all its provisions. Before making a regulation the Consumer Credit Commissioner shall give each licensee at least thirty (30) days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Consumer Credit Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Consumer Credit Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no regulation shall become effective until the expiration of at least twenty (20) days after such mailing. On the application of any person and payment of the cost thereof, the Consumer Credit Commissioner shall furnish such person a certified copy of any such regulation.

(4) Any person who violates Subsection (3) of this Section is guilty of a Class C misdemeanor.

[Amended by Acts 1975, 64th Leg., p. 1046, ch. 407, § 3, eff. Sept. 1, 1975.]

"Newspaper" means those publications printed on newsprint whose average sales price per copy over a 30-day period does not exceed 75 cents which are printed and distributed periodically at daily, weekly, or other short intervals for the dissemination of news of a general character and of a general interest. For purposes of this section, advertising is considered to be news of a general character and of a general interest. The term "newspaper" does not include magazines, handbills, circulars, flyers, sales catalogs, or the like, unless such items, when printed, are printed for the purpose of distribution as a part of a publication which itself constitutes a newspaper within the meaning of this section, and are in fact actually distributed as part of a newspaper as herein defined.

(2) Magazines. "Magazine" means those publications usually paperbound and sometimes illustrated, that appear at regular intervals and contain stories, articles, and essays by various writers, and advertisements.

[See Compact Edition, Volume 2 for text of (A) to (E)]

(F) Presumption of Taxability: Resale Certificate. For the purpose of the proper administration of this Chapter and to prevent evasion of the limited sales tax it shall be presumed that all gross receipts are subject to the tax until the contrary is established.

The burden of proving that a sale of tangible personal property is not a sale at retail is upon the
person who makes the sale unless he takes from the purchaser a certificate to the effect that the tangible personal property is purchased for the purpose of reselling, leasing or renting it in the regular course of business or for the purpose of subsequently transferring it as an integral part of a taxable service rendered in the regular course of business.

Provided, however, any purchase of liquor, wine, beer or malt liquor by the holder of a retail license or permit issued under the provisions of the Texas Liquor Control Act from any holder of a manufacturer's license, wholesaler's permit, General Class B Wholesaler's permit, Local Class B Wholesaler's permit, Local Distributor's permit, General, Local, Branch or City Distributor's license issued under the provisions of the Texas Liquor Control Act shall be presumed to be a purchase for resale. If the portion of the payment is paid during a later reporting period, the retailer shall report and pay the tax during the reporting period in which the payment is made.

(2) Credit shall be allowed or reimbursement made to the retailer for taxes paid on sales represented by that portion of an account determined to be worthless and actually charged off for federal income tax purposes or on the portion of the purchase price remaining unpaid at the time of a repossession made under the terms of a conditiononal sales contract.

[See Compact Edition, Volume 2 for text of (M) and (N)]

Art. 20.031. Administrative and Enforcement of Use Tax

[See Compact Edition, Volume 2 for text of (A) to (M)]

The Comptroller shall supply to each retailer engaged in selling taxable items subject to a tax under Subtitles D and E, Title 26 (Internal Revenue Code), United States Code, information concerning the amount of the federal tax collected from the manufacturer, wholesaler, retailer, or consumer and shall provide to the retailer tables for the calculation of the sales price of taxable items as defined by this Chapter. It is a violation of this Chapter for a retailer to collect from any consumer any tax imposed by this Chapter if the retailer includes in the amount of the sales price of the taxable item the amount of any tax imposed under Subtitles D and E, Title 26, United States Code.

 distributing activities, in gathering information
for publication, or in transportation activities.
(2) Wrapping, Packing and Packaging Supplies.
 (a) There are exempted from the taxes imposed
by this Chapter the receipts from sales of all
internal and external wrapping, packing, and
packaging supplies and materials to any person
for use in wrapping, packing, or packaging any
newspaper for the purpose of expediting or furthering in any way either the sale of that newspaper or the distribution of that newspaper if distributed without charge.

(b) For the purpose of this Section, wrapping, packing, and packaging supplies shall include, but shall not be limited to:

(i) wrapping paper, wrapping twine, bags, cartons, crates, crating materials, tape, rope, rubber bands, labels, staples, glue, and mailing tubes; and

(ii) property used inside a package in order to shape, form, preserve, stabilize, or protect newspapers contained therein.

(3) Notwithstanding any provision in this Chapter to the contrary, there are exempted from the taxes imposed by this Chapter the receipts from the following transactions:

(a) Transactions involving a transfer for a consideration of the title or possession of a newspaper, as defined in Article 20.01(Y) of this Chapter, which has been produced, fabricated, or printed to the special order of the customer, provided such customer was responsible for gathering substantially all the information contained in such newspaper, formulating the layout, design, and format of such newspaper, and further provided that such customer would otherwise have been entitled to the exemption contained in Section (1) of this Article 20.04(BB) except for the fact that such customer did not own and operate or otherwise possess or control a printing facility capable of printing and processing such newspaper; and

(b) Transactions involving a transfer for a consideration of the title or possession of items such as handbills, circulars, flyers, advertising supplements, or the like, which have been printed to the special order of the customer, provided that such items, when printed, are printed for the exclusive purpose of being distributed as a part of a newspaper, as defined in Article 20.01(Y) of this Chapter, are actually distributed as part of such a newspaper, and further provided that such items, after being printed, are not delivered to such customer but are instead delivered to the person responsible for the distribution of the newspaper of which the items were originally intended to be a part.

(4) There are exempted from the taxes imposed by this Chapter the receipts from the sale, lease, or rental of and the use, storage, or other consumption in this State of newspapers whether or not the newspaper is sold or distributed by individual copy or subscription.

(CC) There are exempted from the taxes imposed by this Chapter the receipts from the sale, lease or rental of, and the storage, use, or other consumption in this State of solar energy devices. A “solar energy device” is a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power or both by means of collecting and transferring solar-generated energy and includes mechanical or chemical devices having the capacity for storing solar-generated energy for use in heating or cooling or in the production of power.

(DD) There are exempted from the computation of the amount of taxes imposed by this Chapter the receipts from the sale, lease, or rental of any taxable items to, or the storage, use, or other consumption of taxable items by, any nonprofit corporation or association engaged exclusively in providing athletic competition among persons under nineteen (19) years of age, provided that no financial benefit inures to any individual or shareholder. The contracting for the sale of or the sale of concessions at any game or event conducted by a nonprofit corporation or association does not prevent the application of this exemption to the nonprofit corporation or association.

(EE) (1) There are exempted from the taxes imposed by this chapter the receipts from the sale of food products, and candy, carbonated beverages, and diluted juices, whether or not the product is sold for immediate consumption, if the sale:

(i) is made by a person under 18 years of age who is a member of a nonprofit organization devoted to the exclusive purposes of education or physical or religious training, and groups associated with public or private elementary or secondary schools;

(ii) is made as a part of a fund-raising drive sponsored by the organization;

(iii) all net proceeds from the sale go to the organization for its exclusive use.

(2) There are exempted from the taxes imposed by this chapter the storage, consumption, or other use in this state of food products acquired in a sale exempted by the provisions of Subsection (1) of this section. The exemption allowed by this subsection applies only to the purchaser at the exempt sale.

[Text of § (FF) added by Acts 1977, 65th Leg., p. 162, ch. 81, § 3]

(FF) Magazines. There are exempted from the taxes imposed by this Chapter the receipts from the sale, lease, or rental of and the use, storage, or other consumption in this State of subscriptions to magazines entered as second class mail and sold for a semiannual or longer period of time. Other sales of magazines are taxable.
(FF) Broadcasting Stations. There are exempted from the taxes imposed by this Chapter the receipts from the sale, lease, rental, or use of film, tapes, photographs, transparencies, and graphic art materials to or by a licensed radio or television station subject to regulatory jurisdiction of the Federal Communications Commission if used or consumed in or during any phase of broadcasting operation and program services. The exemption does not include machinery, equipment, and replacement parts and accessories for the machinery or equipment having a useful life when new in excess of six months.

(GG)(1) A religious, educational, charitable, or eleemosynary organization exempted under Subdivision (5) of Section (H) of this article is not required to collect the taxes imposed by this chapter for the sale of taxable items at a tax-free sale or auction held by the organization. The organization may hold only one tax-free sale or auction during each calendar year, and the tax-free sale or auction may continue for one day only. The organization may employ an auctioneer to conduct the auction and pay the auctioneer a reasonable fee. If two or more organizations jointly hold a tax-free sale or auction, neither may hold another tax-free sale or auction during the calendar year.

(2) There are exempted from the taxes imposed by this chapter the receipts from the sale and the use, storage, and other consumption in this state of taxable items sold or acquired at a tax-free sale permitted under Subsection (1) of this section. The exemption provided by this subsection does not apply at any retail sale of the item subsequent to the tax-free sale, or to the use, storage, or other consumption of the item subsequent to a sale or other transfer of the item after the tax-free sale.

(1) Except information set forth in liens filed pursuant to this Title or in permits issued under Article 20.021(D) of this Chapter, all information secured, derived or obtained from any record, report, instrument or copy thereof, required to be furnished under the terms of this Chapter, shall be and shall remain confidential and not open to public inspection. All information secured, derived or obtained during the course of an examination of the taxpayer's books, records, papers, officers or employees, including the business affairs, operations, profits, losses or expenditures of the taxpayer, shall be and shall remain confidential and not open to public inspection.

However, the Comptroller may authorize examination by other State officers and law enforce-

Prior to repeal, art. 21.02 was amended by Acts 1979, 66th Leg., p. 1823, ch. 740, § 4, eff. June 13, 1979.

Provided, however, that the penalty shall never be less than One Dollar ($1). Delinquent taxes shall draw interest at the rate of seven per cent (7%) per annum beginning sixty (60) days from the date due.

Prior to repeal, art. 21.04 was amended by Acts 1979, 66th Leg., p. 86, ch. 51, § 16.

§ 11.022. Acquisition of Right to Use State Water

The right to the use of state water may be acquired by appropriation in the manner and for the purposes provided in this chapter. When the right to use state water is lawfully acquired, it may be taken or diverted from its natural channel.

The normal or ordinary flow of a stream or watercourse may never be appropriated, diverted, or used by a permittee for this recharge purpose.

(d) When it is put or allowed to sink into the ground, water appropriated under Subsection (c) of this section loses its character and classification as storm water or floodwater and is considered percolating groundwater.

(e) The amount of water appropriated for each purpose mentioned in this section shall be specifically appropriated for that purpose, subject to the preferences prescribed in Section 11.024 of this code.

(1) domestic and municipal uses, including water for sustaining human life and the life of domestic animals;

However, this section does not apply to any stream which constitutes or defines the international boundary between the United States of America and the Republic of Mexico.

The report shall contain all information required by the department to aid in administering the water law and in making inventory of the state's water resources. However, with the exception of public utilities and political subdivisions which furnish water for municipal uses, no report is required of persons who take water solely for domestic or livestock purposes.

(b) A person who fails to file an annual report with the department as required by this section is liable to a penalty of $25, plus $1 per day for each day he fails to file the statement after March 1. However, the maximum penalty under this section is $150. The state may sue to recover the penalty.

(c) If the party exercising the power granted by this section is not a corporation, district, city, or town, he shall apply to the department for the condemnation.

(f) The parties at whose instance a condemnation suit is instituted shall pay the costs of the suit and condemnation in proportion to the benefits received by each party as fixed by the commission. Before using any of the condemned rights or property, a party receiving the rights or property shall pay the amount of costs fixed by the commission.

(g) If, after the costs of the condemnation proceedings have been paid, a party seeks to take the benefits of the condemnation proceedings, he shall apply to the department for the benefits. The commission may grant the application and fix the fees and charges to be paid by the applicant.

(b) The price and terms of the contract shall be just and reasonable and without discrimination, and the contract is subject to the same revision and control as provided in this code for other water rates and charges. If any person uses the stored or conserved water without first entering into a contract with the party that conserved or stored it, the user shall pay for the use at a rate determined by the commission to be just and reasonable, subject to court review as in other cases.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(a) A person who owns or holds a possessory interest in land adjoining or contiguous to a canal, ditch, flume, lateral, dam, reservoir, or lake constructed and maintained under the provisions of this chapter and who has secured a right to the use of water in the canal, ditch, flume, lateral, dam, reservoir, or lake is entitled to be supplied from the canal, ditch, flume, lateral, dam, reservoir, or lake with water for irrigation of the land and for mining, milling, manufacturing, development of power, and stock raising, in accordance with the terms of his contract.

(b) If the person, association of persons, or corporation owning or controlling the water and the person who owns or holds a possessory interest in the adjoining land cannot agree on a price for a permanent right or for the use of enough water for irrigation of the person's land or for mining, milling, manufacturing, development of power, or stock raising, then the party owning or controlling the water, if he has any water not contracted to others, shall furnish the water necessary for these purposes at reasonable and nondiscriminatory prices.

   (2) that he is willing and able to pay a just and reasonable price for the water;
   (3) that the party owning or controlling the water supply has water not contracted to others and available for the petitioner's use; and

§ 11.127. Additional Requirements: Drainage
Plans

If the commission believes that the efficient operation of any existing or proposed irrigation system may be adversely affected by lack of adequate drainage facilities incident to the work proposed to be done by an applicant, the commission may require the applicant to submit plans for drainage adequate to guard against any injury which the proposed work may entail.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.128. Payment of Fee

(b) The executive director shall have the applications indexed alphabetically in the name of:
1. the applicant;
2. the stream or source from which the appropriation is sought to be made; and
3. the county in which the appropriation is sought to be made.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.131. Examination and Denial of Application
Without Hearing

(a) The commission shall make a preliminary examination of the application, and if it appears that there is no unappropriated water in the source of supply or that the proposed appropriation should not be allowed for other reasons, the commission may deny the application.

(b) If the commission denies the application under this section and the applicant elects not to proceed further, the commission may order any part of the fee submitted with the application returned to the applicant.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(e) The commission shall also mail a copy of the notice by first-class mail, postage prepaid, to each claimant or appropriator of water from the source of water supply; the record of whose claim or appropriation has been filed in the office of the commission. The notice shall also be mailed by first-class mail, postage prepaid, to all navigation districts within the watershed concerned. The inadvertent failure of the commission to mail a notice to a navigation district which is not a claimant or appropriator of water does not prevent the hearing on the application.

(f) The notice shall be mailed and first published not less than 20 days before the date set for the hearing.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(b) The commission shall grant the application only if:

(1) the application conforms to the requirements prescribed by this chapter and is accompanied by the prescribed fee;

(2) unappropriated water is available in the source of supply; and

(3) the proposed appropriation:
(A) contemplates the application of water to any beneficial use;
(B) does not impair existing water rights or vested riparian rights; and

He shall index the permit alphabetically in the name of the applicant and of the stream or source of water supply. After he has recorded the permit, the county clerk shall deliver the permit, on demand, to the applicant.

(c) When the permit is filed in the office of the county clerk, it is constructive notice of:

The commission may, by appropriate order, authorize any member of the commission or its executive director to approve and issue temporary permits without notice and hearing if it appears to such issuing party that sufficient water is available at the
§ 11.139. Emergency Permits

(b) An emergency permit may be granted for a period of not more than 30 days, and no extension or additional emergency permit may be granted at the expiration of the original permit.

(c) An emergency permit may be granted under this section without the necessity to comply with statutory and other procedures required for granting other permits issued by the commission.

(d) The board may prescribe rules and adopt fees which are necessary to carry out the provisions of this section.

(e) An emergency permit does not vest in the permittee any right to the diversion and use of water and shall expire and be canceled in accordance with its terms.

§ 11.140. Permits for Storage for Project Development

The commission may issue permits for storage solely for the purpose of optimum development of projects. The commission may convert these permits to permits for beneficial use if application to have them converted is made to the commission.

(6) the survey or the portion of the survey on which the dam or reservoir is located and, to the best of the applicant’s knowledge and belief, the distance and direction of the midpoint of the dam or reservoir from a corner of the survey; which information the executive director may require to be marked on an aerial photograph or map furnished by the department;
§ 11.143  WATER CODE

(7) the approximate surface area, to the nearest acre, of the reservoir when it is full and the average depth in feet when it is full; and

The board may fix fees, not to exceed $1,000, for extending the time to begin construction of reservoirs.

§ 11.146. Forfeitures and Cancellation of Permit for Inaction
(a) If a permittee fails to begin construction within the time specified in Section 11.145 of this code, he forfeits all rights to the permit, subject to notice and hearing as prescribed by this section.
(b) After beginning construction if the appropriator fails to work diligently and continuously to the completion of the work, the appropriation is subject to cancellation in whole or part, subject to notice and hearing as prescribed by this section.
(c) If the commission believes that an appropriation or permit should be declared forfeited under this section or any other sections of this code, it should give the appropriator or permittee 30 days notice and provide him with an opportunity to be heard.
(d) After the hearing, the commission by entering an order of record may cancel the appropriation in whole or part. The commission shall immediately transmit a certified copy of the cancellation order by certified mail to the county clerk of the county in
which the permit is recorded. The county clerk shall record the cancellation order.

(e) If a permit has been issued for the use of water, the water is not subject to a new appropriation until the permit has been cancelled in whole or part as provided by this section.

(f) Except as provided by Subchapter E of this chapter, none of the provisions of this code may be construed as intended to impair, cause, or authorize or may impair, cause, or authorize the forfeiture of any rights acquired by any declaration of appropriation or by any permit if the appropriator has begun or begins the work and development contemplated by his declaration of appropriation or permit within the time provided by the law under which the declaration of appropriation was made or the permit was granted and has prosecuted or continues to prosecute it with all reasonable diligence toward completion. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(3) the holder has not been justified in the nonuse or does not then have a bona fide intention of putting the unused water to an authorized beneficial use within a reasonable time after the hearing.

(b) In determining what constitutes a reasonable time as used in Subsection (a)(3) of this section, the commission shall give consideration to:

SUBCHAPTER F. ARTESIAN WELLS

§ 11.201. Artesian Well Defined

An artesian well is an artificial water well in which the water, when properly cased, will rise by natural pressure above the first impervious stratum below the surface of the ground. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.202. Right to Drill Artesian Well

A person is entitled to drill an artesian well on his own land for domestic purposes or for stock raising without complying with the general provisions of this code regulating the use of water. However, he shall have the well properly and securely cased, and when water is reached containing mineral or other substances injurious to vegetation or agriculture, he shall have the well securely capped or its flow controlled so as not to injure another person’s land or shall fill the well so as to prevent the water from rising above the first impervious stratum below the surface of the ground. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(b) A person who violates any provision of this section is guilty of a misdemeanor and on conviction is punishable by a fine of not less than $10 nor more than $100. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.205. Wasting Water From Artesian Well

(a) Unless the water from an artesian well is used for a purpose and in a manner in which it may be lawfully used on the owner’s land, it is waste to wilfully cause or knowingly permit the water to run off the owner’s land or to percolate through the stratum above which the water is found.

(b) It is not waste to use water from an artesian well, if suitable, for proper irrigation of trees on a street, road, or highway or for ornamental ponds or fountains or for the propagation of fish.

(c) A person who commits waste as defined in this section is guilty of a misdemeanor and on conviction is punishable by a fine of not more than $500 or by confinement in the county jail for not more than 90 days or by both. (b) The report shall state:

1. The quantity of water which was obtained from the well;
2. The nature of the uses to which the water was applied;
3. The change in the level of the well’s water table; and
4. Other information required by the department.

(c) If water from the well was used for irrigation, the report shall also state the acreage and yield of each crop irrigated. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.301. Short Title

This subchapter may be cited as the Water Rights Adjudication Act.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.302. Declaration of Policy

The conservation and best utilization of the water resources of this state are a public necessity, and it is in the interest of the people of the state to require recordation with the commission of claims of water rights which are presently unrecorded, to limit the exercise of these claims to actual use, and to provide for the adjudication and administration of water rights to the end that the surface-water resources of the state may be put to their greatest beneficial use. Therefore, this subchapter is in furtherance of the public rights, duties, and functions mentioned in this section and in response to the mandate expressed in Article XVI, Section 59 of the Texas Constitution and is in the exercise of the police powers of the state in the interest of the public welfare.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.303. Recordation and Limitation of Certain Water Rights Claims

(a) This section applies to:

(1) claims of riparian water rights;
(2) claims under Section 11.143 of this code to impound, divert, or use state water for other than domestic or livestock purposes, for which no permit has been issued;
(3) claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913 as amended; and
(4) other claims of water rights except claims under permits or certified filings.

(b) Any claim to which this section applies shall be recognized only if valid under existing law and only to the extent of the maximum actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where a claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, the right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive.

(c) On or before September 1, 1969, every person claiming a water right to which this section applies shall file with the commission a statement setting forth:

(1) the name and address of the claimant;
(2) the location and the nature of the right claimed;
(3) the stream or watercourse and the river basin in which the right is claimed;
(4) the date of commencement of works;
(5) the dates and volumes of use of water; and
(6) other information the commission may require to show the nature and extent of the claim.

(d) A person who files a statement as provided in this section shall certify under oath that the statements made in support of his claim are true and correct to the best of his knowledge and belief.

(e) A claimant who desires recognition of a right based on use from 1968 to 1970, inclusive, as provided in Subsection (b) of this section shall file an additional sworn statement on or before July 1, 1971.

(f) The commission shall prescribe forms for the sworn statements required by this section, but use of the commission forms is not mandatory.

(g) On or before January 1, 1968, and June 1, 1969, the commission shall cause notice of the requirements of this section to be published once each week for two consecutive weeks in newspapers having general circulation in each county of the state and by first-class mail to each user of surface water who has filed a report of water use with the commission.

(h) On sworn petition, notice, and hearing as prescribed for applications for permits and upon finding of extenuating circumstances and good cause shown for failure to timely file, the commission may authorize the filing of the sworn statement or statements required by this section until entry of a preliminary determination of claims of water rights in accordance with Section 11.309 of this code which includes the area described in the petition or, if a preliminary determination has not been entered, until September 1, 1974.

(i) Since the filing of all claims to use public water is necessary for the conservation and best utilization of the water resources of the state, failure to file a sworn statement in substantial compliance with this section extinguishes and bars any claim of water rights to which this section applies.

(j) A sworn statement submitted under this section is binding on the person submitting it and his successors in interest, but is not binding on the commission or any other person in interest.

(k) Nothing in this section shall be construed to recognize any water right which did not exist before August 28, 1967.
§ 11.304. Adjudication of Water Rights
The water rights in any stream or segment of a stream may be adjudicated as provided in this subchapter:

(1) on the commission’s own motion;
(2) on petition to the commission signed by 10 or more claimants of water rights from the source of supply; or
(3) on petition of the board.

§ 11.305. Investigation
(a) Promptly after a petition is filed under Section 11.304 of this code, the commission shall investigate the facts and conditions necessary to determine whether the adjudication would be in the public interest. If the commission finds that an adjudication would be in the public interest, it shall enter an order to that effect, designating the stream or segment to be adjudicated. The executive director shall have an investigation made of the area involved in order to gather relevant data and information essential to the proper understanding of the claims of water rights involved. The results of the investigation shall be reduced to writing and made a matter of record in the commission’s office.
(b) In connection with the investigation, the executive director shall have a map or plat made showing with substantial accuracy the course of the stream or segment and the location of reservoirs, diversion works, and places of use, including lands which are being irrigated or have facilities for irrigation.

§ 11.306. Notice of Adjudication
(a) The commission shall prepare a notice of adjudication which describes the stream or segment to be adjudicated and the date by which all claims of water rights in the stream or segment shall be filed with the commission. The date shall not be less than 90 days after the date the notice is issued.
(b) The notice shall be published once a week for two consecutive weeks in one or more newspapers having general circulation in the counties in which the stream or segment is located.
(c) The notice shall also be sent by first-class mail to each claimant of water rights whose diversion is within the stream or segment to be adjudicated, to the extent that the claimants can reasonably be ascertained from the records of the department.

§ 11.307. Filing of Sworn Claims
(a) Every person claiming a water right of any nature, except for domestic or livestock purposes, from the stream or segment under adjudication shall file a sworn claim with the commission within the time prescribed in the notice of adjudication, including any extensions of the prescribed time, setting forth:
(1) the name and post-office address of the claimant;
(2) the location and nature of the right claimed, including a description of any permit or certified filing under which the claim is made;
(3) the purpose of the use;
(4) a description of works and irrigated land; and
(5) all other information necessary to show the nature and extent of the claim.
(b) The commission shall prescribe forms for claims, but use of the commission forms is not mandatory.

§ 11.308. Hearings on Claims; Notice
The commission shall set a time and a place for hearing all claims. Not less than 30 days before commencement of the hearings, the commission shall give notice of the hearings by certified mail to all persons who have filed claims in accordance with Section 11.307 of this code, or this notice may be included in the notice of adjudication provided in Section 11.306 of this code. The hearings shall be conducted as provided in Section 11.337 of this code.

§ 11.309. Preliminary Determination of Claims
(a) On completion of the hearings, the commission shall make a preliminary determination of the claims to water rights under adjudication.
(b) One copy of the preliminary determination shall be furnished without charge to each person who filed a claim in accordance with Section 11.307 of this code. Additional copies of the preliminary determination shall be made available for public inspection at convenient locations throughout the river basin, as designated by the commission. Copies shall also be made available to other interested persons at a reasonable price, based on the cost of reproduction.

§ 11.310. Evidence Open to Inspection
All evidence presented to or considered by the commission shall be open to public inspection for a

period of not less than 60 days, as fixed by the commission, after the notice prescribed in Section 11.312 of this code is issued.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.311. Date for Filing Contests

The commission shall set a date for filing contests on the preliminary determination, which date shall not be less than 30 days after the period for public inspection of the evidence has closed.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.312. Notice of Preliminary Determination; Copies

(a) Promptly after the preliminary determination is made as provided in Section 11.309 of this code, the commission shall publish notice of the determination once a week for two consecutive weeks in one or more newspapers having general circulation in the river basin in which the stream or segment that is the subject of the adjudication is located.

(b) The commission shall also send notice by first-class mail to each claimant of water rights within the river basin in which the stream or segment is located, to the extent that the claimants can be reasonably ascertained from the records of the department.

(c) Each notice shall state:

(1) the place and the period of time that the preliminary determination and evidence presented to or considered by the commission will be open for public inspection;

(2) the locations throughout the river basin where copies of the preliminary determination will be available for public inspection;

(3) the method of ordering copies of the preliminary determination and the charge for copies;

(4) the date by which contests on the preliminary determination must be filed.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.313. Filing Contests

(a) Any water right claimant affected by the preliminary determination, including any claimant to water rights within the river basin but outside the stream or segment under adjudication, who disputes the preliminary determination may within the time for filing contests prescribed by the commission in the notice, including any extension of the time, file a written contest with the commission, stating with reasonable certainty the grounds of his contest.

(b) The statement filed to contest a preliminary determination must be verified by an affidavit of the contestant, his agent, or his attorney.

(c) If the contest is directed against the preliminary determination of the water rights of other claimants, a copy shall be served on each of these claimants or his attorney by certified mail, and proof of service shall be filed with the commission.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.314. Hearing on Contest; Notice

After the time for filing contests has expired, the commission shall prepare a notice setting forth the part of the preliminary determination to which each contest is directed and the time and place of a hearing on the contest. The notice shall be sent to each claimant of water rights within the river basin in which the stream or segment is located, to the extent that the claimants can be reasonably ascertained from the records of the commission. The hearing shall be conducted as provided in Section 11.337 of this code.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.315. Final Determination

On completion of the hearings on all contests, the commission shall make a final determination of the claims to water rights under adjudication. The commission shall send a copy of the final determination and any modification of the final determination to each claimant whose rights are adjudicated and to each contesting party.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.316. Application for Rehearing

Within 30 days from the date of the final determination, any affected party may apply to the commission for a rehearing. Applications for rehearing which in the opinion of the commission are without merit may be denied without notice to other parties, but no application for rehearing shall be granted without notice to each claimant whose rights are adjudicated and to each contesting party.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.317. Filing Final Determination With District Court

(a) As soon as practicable after the disposition of all applications for rehearing, the commission shall file a certified copy of the final determination, together with all evidence presented to or considered by the commission, in a district court of any county in which the stream or segment under adjudication is located. However, if the stream or segment under adjudication includes all or parts of three or more counties and if 10 or more affected persons who appeared in the proceedings petition the commission to do so, the commission shall file the action in a
convenient district court of a judicial district which is not within the river basin of the stream or segment under adjudication.

(b) The commission shall obtain an order from the court fixing a time not less than 30 days from the date of the order for the filing of exceptions to the final determination and also fixing a time not less than 60 days from the date of the order for the commencement of hearings on exceptions.

(c) The commission shall immediately give written notice of the court order by certified mail to all parties who appeared in the proceedings before the commission. The commission shall file proof of the service with the court.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.319. Hearings on Exceptions

(a) Any affected person who appeared in the proceeding before the commission may file exceptions to the final determination. An exception must state with a reasonable degree of certainty the grounds for the exception and must specify the particular paragraphs and pages of the determination to which the exception is taken.

(b) Three copies of the exceptions shall be filed in court, and a copy shall be served on the commission. The commission shall make copies of all exceptions available at a reasonable price, based on the cost of reproduction.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.320. Scope of Judicial Review

(a) In passing on exceptions, the court shall determine all issues of law and fact independently of the commission's determination. The substantial evidence rule shall not be used. The court shall not consider any exception which was not brought to the commission's attention by application for rehearing. The court shall not consider any issue of fact raised by an exception unless the record of evidence before the commission reveals that the question was genuinely in issue before the commission.

(b) A party in interest may demand a jury trial of any issue of fact, but the court may in its discretion have a separate trial with a separate jury of any such issue.

(c) The legislature declares that the provisions of this section are not severable from the remainder of this subchapter and that this subchapter would not have been passed without the inclusion of this section. If this section is for any reason held invalid, unconstitutional, or inoperative in any way, the holding applies to the entire subchapter so that the entire subchapter is null and void.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.321. Evidence

Any exception heard by the court without a jury may be resolved on the record of evidence before the commission, or the court may take additional evidence or direct that additional evidence be heard by the commission.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.322. Final Decree

(a) After the final hearing, the court shall enter a decree affirming or modifying the order of the commission.

(b) The court may assess the costs as it deems just.

(c) An appeal may be taken from the decree of the court in the same manner and with the same effect as in other civil cases.

(d) The final decree in every water right adjudication is final and conclusive as to all existing and prior rights and claims to the water rights in the adjudicated stream or segment of a stream. The decree is binding on all claimants to water rights outside the adjudicated stream or segment of a stream.

(e) Except for domestic and livestock purposes or rights subsequently acquired by permit, a water right is not recognized in the adjudicated stream or segment of a stream unless the right is included in the final decree of the court.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.323. Certificate of Adjudication

(a) When a final determination of the rights to the waters of a stream has been made in accordance with the procedure provided in this subchapter and the time for a rehearing has expired, the commission shall issue to each person adjudicated a water right a certificate of adjudication, signed by the chairman and bearing the seal of the commission.
§ 11.323  WATER

(b) In the certificate, the commission shall include:

(1) a reference to the final decree;
(2) the name and post-office address of the holder of the adjudicated right;
(3) the priority, extent, and purpose of the adjudicated right and, if the right is for irrigation, a description of the irrigated land; and
(4) all other information in the decree relating to the adjudicated right.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.324. Recordation of Certificate

(a) The commission shall transmit the certificate of adjudication or a true copy to the county clerk of each county in which the appropriation is made.

(b) On receipt of the recording fee from the holder of the certificate, the county clerk shall record the certificate in a well-bound book provided and kept for that purpose only. The clerk shall index the certificate alphabetically under the name of the holder of the certificate of adjudication and under the name of the stream or source of water supply.

(c) When a certificate of adjudication is filed and recorded as provided in this section, the county clerk shall deliver the certificate on demand to the holder.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.325. Water Divisions

The board shall divide the state into water divisions for the purpose of administering adjudicated water rights. Water divisions may be created from time to time as the necessity arises. The divisions shall be constituted to secure the best protection to the holders of water rights and the most economical supervision on the part of the state.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.326. Appointment of Watermaster

(b) A watermaster holds office until a successor is appointed. The executive director may remove a watermaster at any time.

(c) The executive director may employ assistant watermasters and other employees necessary to aid a watermaster in the discharge of his duties.

(d) In a water division in which the office of watermaster is vacant, the executive director has the powers of a watermaster.

(e) The executive director shall supervise and generally direct the watermaster in the performance of his duties. A watermaster is responsible to the executive director for the proper performance of his duties.

(f) A person dissatisfied with any action of a watermaster may apply to the executive director for relief.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.327. Duties of Watermaster

(a) A watermaster shall divide the water of the streams or other sources of supply of his division in accordance with the adjudicated water rights.

(b) A watermaster shall regulate or cause to be regulated the controlling works of reservoirs and diversion works in time of water shortage, as is necessary because of the rights existing in the streams of his division, or as is necessary to prevent the waste of water or its diversion, taking, storage, or use in excess of the quantities to which the holders of water rights are lawfully entitled.

(c) A watermaster may regulate the distribution of water from any system of works that serves users whose rights have been separately determined.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.328. Watermaster's Notice Posted

If, in the performance of his duties, a watermaster regulates diversion works or the controlling works of reservoirs, he shall attach to the works a written notice, properly dated and signed, stating that the works have been properly regulated and are wholly under his control. The notice is legal notice to all parties interested in the diversion and distribution of the water served by the diversion works or reservoir.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.329. Compensation and Expenses of Watermaster

(a) The department shall pay the compensation and necessary expenses of a watermaster, assistant watermasters, and other necessary employees, but the holders of water rights that have been determined or adjudicated and are to be administered by the watermaster shall reimburse the department for the compensation and expenses.

(b) After the adjudication decree becomes final, the executive director shall notify each holder of water rights under the decree of the amount of compensation and expenses that will be required annually for the administration of the water rights so determined.

(c) The commission shall hold a public hearing to determine the apportionment of the costs of administration of adjudicated water rights among the holders of the rights. After a public hearing, the commission shall issue an order assessing the annual compensation and expenses payable each holder of adjudicated water rights.
cost against the holders of water rights to whom the water will be distributed under the final decree. The commission shall equitably apportion the costs. The executive director may provide for payments in installments and shall specify the dates by which payments shall be made to the department.

(d) The executive director shall transmit all collections under this section to the State Treasurer.

(e) No water shall be diverted, taken, or stored by, or delivered to, any person while he is delinquent in the payment of his assessed costs.

(f) An order of the commission assessing costs remains in effect until the commission issues a further order. The commission may modify, revoke, or supersede an order assessing costs with a subsequent order. The commission may issue supplementary orders from time to time to apply to new diversions.

§ 11.330. Outlet for Free Passage of Water

The owner of any works for the diversion or storage of water shall maintain to the satisfaction of the commission a substantial headgate at the point of diversion, or a gate on each discharge pipe of a pumping plant, constructed so that it can be locked at the proper place by the watermaster, or a suitable outlet in a dam to allow the free passage of water that the owner of the dam is not entitled to divert or impound, the suitability of the outlet to be determined by the commission.

§ 11.331. Measuring Devices

The commission may require the owner of any works for the diversion, taking, storage, or distribution of water to construct and maintain suitable measuring devices at points that will enable the watermaster to determine the quantities of water to be diverted, taken, stored, released, or distributed in order to satisfy the rights of the respective users.

§ 11.332. Installation of Flumes

The commission may order flumes to be installed along the line of any ditch if necessary for the protection of water rights or other property.

§ 11.333. Failure to Comply With Commission Directions

If the owner of waterworks using state water refuses or neglects to comply with the directions of the commission given pursuant to Section 11.330, 11.331, or 11.332 of this code, the commission, after 10 days notice or after a period of additional time that is reasonable under the circumstances, may order the watermaster to make adjustments of the control works to prevent the owner of the works from diverting, taking, storing, or distributing any water until he has fully complied with the order of the commission.

§ 11.334. Suit Against Department for Injury

Any person who is injured by an act of the department under this subchapter may bring suit against the department for injury. If the water right involved has been adjudicated as provided in this subchapter, the court shall issue an injunction only if it is shown that the department has failed to carry into effect the decree adjudicating the water right.

§ 11.335. Administration of Water Rights Not Adjudicated

(a) If any area in which water rights of record in the office of the department have not been adjudicated, the claimants of the rights and the commission may enter into a written agreement for their administration.

(b) An agreement made under authority of this section shall provide:

1. the basis and manner of distribution of the water to which the agreement relates;
2. the services of a special watermaster, and assistants if necessary, to carry out the agreement; and
3. the allocation, collection, and payment of the annual costs of administration.

(c) An agreement to administer unadjudicated water rights shall be recorded in the offices of the department and of the county clerk of each county in which any of the works or lands affected by the agreement are located.

(d) The administration of water rights by agreement is governed by the provisions of this subchapter except as regards allocation and payment of the expenses of the administration.

(e) No agreement authorized by this section impairs any vested right to the use of water or creates any additional rights to the use of water.

§ 11.336. Administration of Permits Issued After Adjudication

Permits, other than temporary permits, that are issued by the commission to appropriate water from
§ 11.336  W A T E R  C O D E

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.337.  Hearings: Notice and Procedure

(a) The commission shall give notice of a hearing or other proceeding it orders under this subchapter in the manner prescribed in the procedural rules of the commission, unless this subchapter specifically provides otherwise.

(b) In any proceeding in any part of the state, the commission may:

(1) take evidence, including the testimony of witnesses;
(2) administer oaths;
(3) issue subpoenas and compel the attendance of witnesses in the same manner as subpoenas are issued out of the courts of the state;
(4) compel witnesses to testify and give evidence; and
(5) order the taking of depositions and issue commissions for the taking of depositions in the same manner as depositions are obtained in civil actions.

c) Evidence may be taken by a duly appointed reporter before the commission or before an authorized representative who has the power to administer oaths.

d) If a person neglects or refuses to comply with an order or subpoena issued by the commission or refuses to testify on any matter about which he may be lawfully interrogated, the commission may apply to a district court of the county in which the proceeding is held to punish him in the manner provided by law for such disobedience in civil actions.

e) The commission may adjourn its proceedings from time to time and from place to place.

(f) When a proceeding before the commission is concluded, the commission shall render a decision as to the matters concerning which the proceeding was held.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.338.  Cancellation of Water Rights

Nothing in this subchapter recognizes any abandoned or cancelled water right or impairs in any way the power of the commission under general law to forfeit, cancel, or find abandoned any water right, including adjudicated water rights.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.339.  Underground Water Not Affected

This subchapter does not apply to underground water as defined in Chapter 52 of this code.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.340.  Abatement of Certain Civil Suits

(a) Nothing in this subchapter prevents or precludes a person who claims the right to divert water from a stream from filing and prosecuting to a conclusion a suit against other claimants of the right to divert or use water from the same stream. However, if the commission has ordered a determination of water rights as provided in this subchapter or if the commission orders such a determination within 90 days after notice of the filing of a suit, the suit shall be abated on the motion of the commission or any party in interest as to any issues involved in the water rights determination.

(b) If a suit is abated as provided in Subsection (a) of this section, the court may grant or continue any temporary relief necessary to preserve the status quo pending a final determination of the water rights involved.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.341.  Limitation on Actions

This subchapter does not affect any action or proceeding instituted before August 28, 1967, or any right accrued before that date except those specifically provided for in this subchapter.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

[Sections 11.342 to 11.400 reserved for expansion]

SUBCHAPTER H.  COURT-APPOINTED WATERMASTER

§ 11.401.  Scope of Subchapter

The provisions of this subchapter apply to a suit if:

(1) the state is a party;
(2) the purpose of the suit is to determine the right of the parties to divert or use water of a surface stream; and
(3) rights are asserted to use water in, or divert water to, not more than four counties.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.402.  Appointment and Authority of Watermaster

(a) A court having jurisdiction over a suit described in Section 11.401 of this code may appoint a watermaster with power to allocate and distribute, under the supervision of the court, the water taken into judicial custody.

(b) The court may not appoint a watermaster with authority to act both upstream and downstream from an existing reservoir on any surface stream of the state. However, once a watermaster is appointed, the construction of a new reservoir does not
invalidate his appointment or restrict his authority over that portion of the stream contemplated by the original order of appointment.

(c) Under terms and conditions prescribed by the court, the watermaster may incur necessary expenses, appoint necessary deputies and assistants, and perform duties and assume responsibilities delegated to him by the court.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.403. Compensation of Watermaster

The court shall fix the compensation of the watermaster and his staff.

§ 11.404. Expenses and Assessment of Costs of Watermaster

(a) The trial court shall assess the costs and expenses of the watermaster and his staff against all persons receiving an allocation of the water in judicial custody. The court shall assess the costs and expenses monthly or at other time intervals ordered by the court.

(b) The court shall assess the costs and expenses on the basis of:
   (1) acreage;
   (2) acre-feet of allocated water;
   (3) per capita; or
   (4) any other formula the court, after notice and hearing, determines to be the most equitable.

(c) During the pendency of an appeal, the trial court, in its discretion, may assess costs against some parties on one basis and against other parties on another basis.

(d) The costs and expenses are not to be taxed as ordinary court costs, but are to be considered costs necessary to protect the rights and privileges of the parties receiving allocations of water during the litigation and are to be paid by those parties.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.406. Judicial Custody of Water During Appeal

If a party appeals the judgment of the trial court, that court may retain custody of the water which it has previously taken into judicial custody and over which it has appointed a watermaster. Until final judgment is entered in the case, the trial court has exclusive jurisdiction to administer, allocate, and distribute the water retained in its custody, as provided in Section 11.407 of this code.

§ 11.407. Allocation and Distribution of Water During Appeal

During the pendency of an appeal, the trial court shall limit the allocation and distribution of the water in its custody to the parties adjudicated to have a valid right to use the water. However, if any party prosecutes an appeal and files a supersedeas bond, the trial court shall make any necessary adjustments in the water allocations and allocate to that party the same amount of water that he received during the proceedings in the trial court.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 11.408. Retention of Watermaster During Appeal

§ 11.409. Violations of Court Orders

If a party violates any order of the trial court either during trial proceedings or during an appeal, the trial court may limit or withdraw his allocation of water until he corrects the violation to the satisfaction of the court.

(b) When the governor receives an engineering report submitted by a federal agency seeking the governor's approval of a federal project, he shall immediately forward the report to the department for its study concerning the feasibility of the federal project.

(c) The board shall hold a public hearing to receive the views of persons and groups who might be affected by the proposed federal project. The board shall publish notice of the time, date, place, nature, and purpose of the public hearing once each week for two consecutive weeks before the date stated in the notice in a newspaper having general circulation in the section of the state where the federal project is to be located or the work done.

(d) After hearing all the evidence both for and against approval of the federal project, the board shall enter its order approving or disapproving the feasibility of the federal project, and the order shall include the board's reasons for approval or disapproval.

(e) In determining feasibility, the board shall consider, among other relevant factors:

(1) the effect of the federal project on water users on the stream as certified by the commission;

(2) the public interest to be served;

(3) the development of damsites to the optimum potential for water conservation;

(4) the integration of the federal project with other water conservation activities;

(5) the protection of the state's interests in its water resources; and

(6) the engineering practicality of the federal project, including cost of construction, operation, and maintenance.
§ 12.051  WATER CODE  1424

(f) The board shall forward to the governor a certified copy of its order. The board's finding that the federal project is either feasible or not feasible is final, and the governor shall notify the federal agency that the federal project has been either approved or disapproved.

(g) The provisions of this section do not apply to the state soil conservation board as long as that board is designated by the governor as the authorized state agency having supervisory responsibility to approve or disapprove of projects designed to effectuate watershed-protection and flood-prevention programs initiated in cooperation with the United States Department of Agriculture.

(c) If the owner of a dam that is required to be constructed, reconstructed, repaired, or removed in order to comply with the rules and orders promulgated under Subsection (a) of this section wilfully fails or refuses to comply within the 30-day period following the date of the commission's order to do so or if a person wilfully fails to comply with any rule or other order issued by the commission under this section within the 30-day period following the effective date of the order, he is liable to a penalty of not more than $1,000 a day for each day he continues to violate this section. The state may recover the penalty by suit brought for that purpose in the district court of Travis County.

(d) Nothing in this section or in rules or orders made by the department shall be construed to relieve an owner or operator of a dam or reservoir of the legal duties, obligations, or liabilities incident to ownership or operation.

3. issue subpoenas for witnesses to carry out its authority under this subsection;

4. institute investigations and hearings using examiners appointed by the commission; and

5. issue rules necessary to supervise the districts.

(g) If the executive director finds that the project is not being constructed in accordance with the approved plans and specifications, the executive director immediately shall notify in writing by certified mail each member of the board of the district and its manager. If, within 10 days after the notice is mailed, the board of the district does not take steps to ensure that the project is being constructed in accordance with the approved plans and specifications, the executive director shall give written notice of that fact to the attorney general.

(h) After the attorney general receives the notice, he may bring an action for injunctive relief, or he may bring quo warranto proceedings against the directors. Venue for either of these actions is exclusively in the district of Travis County.

SUBCHAPTER E. FEES

§ 12.111. Fees

(a) The department shall charge and collect the fees prescribed by this section. The executive director shall make a record of fees prescribed when due and shall render an account to the person charged with the fees. Each fee is a separate charge and is in addition to other fees unless provided otherwise.

(b) The fee for filing an application or petition is $25 plus the cost of required notice.

(c) The fee for recording an instrument in the office of the commission is $1 per page.

(d) The fee for the use of water for irrigation is 50 cents per acre to be irrigated.

(e) The fee for the use of water for a steam or gas power plant or for cooling, condensing, or steam purposes is $1 for each indicated horsepower.

(f) The fee for impounding water, except under Section 11.142 of this code, is 50 cents per acre-foot of storage, based on the total holding capacity of the reservoir at normal operating level, provided that no additional fee shall be charged for recreational use for any impoundments of water now or hereafter permitted by the state or exempted from permit by statute.

(g) The fee for other uses of water not specifically named in this section is $1 per acre-foot.

(h) A fee charged under this section for one use of water under a permit from the commission may not exceed $5,000. The fee for each additional use of water under a permit for which the maximum fee is paid may not exceed $1,000.

(i) The fees prescribed by Subsections (d) through (g) of this section are one-time fees, payable when the application for an appropriation is made. However, if the total fee for a permit exceeds $1,000, the applicant shall pay one-tenth of the fee when the application is filed, one-tenth within 30 days after notice is mailed to him that the permit is granted, and the balance before he begins to use water under the permit. If the applicant does not pay all of the amount owed before he begins to use water under the permit, his permit is annulled.

(j) When a permit is annulled, the matter shall revert to the status of a pending, filed application and, upon the payment of use fees as provided by this subsection together with sufficient postage fees for mailing notice of hearing, the commission shall set the application for hearing and proceed as provided by this code.

"Sec. 2. (a) All permits issued prior to the effective date of this Act by the Texas Water Rights Commission or its predecessors are validated, ratified, approved, and confirmed insofar as, but only insofar as, the validity and priority of any such permits may be affected by any failure to pay or any failure to pay timely the fees prescribed by applicable statute.

"(b) If the Texas Water Rights Commission determines that any fees prescribed by applicable statute have not been paid in connection with any permit issued prior to the effective date of this Act by the commission or its predecessors, the commission shall submit a written statement of charges to the permittee. If such charges are not paid in full within 30 days of receipt of the statement by the permittee, then this section is not applicable for the validation, ratification, approval, or confirmation of the permit.

"Sec. 3. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

"Sec. 4. Due to the fact that the Texas Water Rights Commission and its predecessor agencies were charged with the responsibility to collect fees for the use and benefit of the state, and failing to do so violated the principles of the Constitution of Texas relating to the alienation and use of property of the public,

(b) The department shall deposit all costs collected under Subchapter F, Chapter 11 of this code in the State Treasury to the credit of the water rights administration fund, from which the department shall pay all expenses necessary to efficiently administer and perform the duties described in Sections 11.325 through 11.335 of this code.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 12.114. Disposition of Fees Pending Determination

The department shall hold all fees, except filing fees, which are paid with an application until the commission finally determines whether the application should be granted. If the application is not granted, the department shall return the fees to the applicant.

If the executive director finds that the complaint is frivolous or nonmeritorious or made solely for purposes of harassment or delay, then he shall dismiss the appeal. Otherwise, the executive director shall refer the appeal to the commission which shall after due notice hold a hearing to determine whether the project should be approved using the standards established by the department and shall hear such appeal de novo under the procedural rules established by the commission for other reclamation projects.

SUBCHAPTER I. FLOOD INSURANCE

§ 16.311. Short Title

This subchapter may be cited as the Flood Control and Insurance Act.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]
§ 16.312. Purpose

The State of Texas recognizes the personal hardships and economic distress caused by flood disasters since it has become uneconomic for the private insurance industry alone to make flood insurance available to those in need of such protection on reasonable terms and conditions. Recognizing the burden of the nation's resources, congress enacted the National Flood Insurance Act of 1968, as amended (42 U.S.C. Sections 4001 through 4127), whereby flood insurance can be made available through coordinated efforts of the federal government and the private insurance industry, by pooling risks, and the positive cooperation of state and local government. The purpose of this subchapter is to evidence a positive interest in securing flood insurance coverage under this federal program and to so procure for those citizens of Texas desiring to participate and in promoting the public interest by providing appropriate protection against the perils of flood losses and in encouraging sound land use by minimizing exposure of property to flood losses.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.314. Cooperation of Texas Department of Water Resources

In recognition of the necessity for a coordinated effort at all levels of government, the department shall cooperate with the Federal Insurance Administrator of the United States Department of Housing and Urban Development in the planning and carrying out of state participation in the National Flood Insurance Program; however, the responsibility for qualifying for the National Flood Insurance Program shall belong to any interested political subdivision, whether presently in existence or created in the future.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.315. Political Subdivisions; Compliance With Federal Requirements

All political subdivisions are hereby authorized to take all necessary and reasonable actions to comply with the requirements and criteria of the National Flood Insurance Program, including but not limited to:

1. making appropriate land use adjustments to constrict the development of land which is exposed to flood damage and minimize damage caused by flood losses;
2. guiding the development of proposed future construction, where practicable, away from location which is threatened by flood hazards;
3. assisting in minimizing damage caused by floods;
4. authorizing and engaging in continuing studies of flood hazards in order to facilitate a constant reappraisal of the flood insurance program and its effect on land use requirements;
5. engaging in floodplain management and adopting enforcing permanent land use and control measures consistent with the criteria established under the National Flood Insurance Act;
6. declaring property, when such is the case, to be in violation of local laws, regulations, or ordinances which are intended to discourage or otherwise restrict land development or occupancy in flood-prone areas and notifying the secretary, or whomever he designates, of such property;
7. consulting with, giving information to, and entering into agreements with the Department of Housing and Urban Development for the purpose of:
   A. identifying and publishing information with respect to all flood areas, including coastal areas; and
   B. establishing flood-risk zones in all such areas and making estimates with respect to the rates of probable flood-caused loss for the...
various flood-risk zones for each of these areas;

(8) cooperating with the secretary's studies and investigations with respect to the adequacy of local measures in flood-prone areas as to land management and use, flood control, flood zoning, and flood damage prevention;

(9) taking steps to improve the long-range management and use of flood-prone areas;

(10) purchasing, leasing, and receiving property from the secretary when such property is owned by the federal government and lies within the boundaries of the political subdivision pursuant to agreements with the Department of Housing and Urban Development or other appropriate legal representative of the United States Government;

(11) requesting aid pursuant to the entire authorization from the board;

(12) satisfying criteria adopted and promulgated by the department pursuant to the National Flood Insurance Program; and

(13) adopting permanent land use and control measures with enforcement provisions which are consistent with the criteria for land management and use adopted by the secretary.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.316. Coordination of Local, State, and Federal Programs by Department

(a) The department shall aid, advise, and coordinate the efforts of present and future political subdivisions endeavoring to qualify for participation in the National Flood Insurance Program.

(b) Pursuant to the National Flood Insurance Program and state and local efforts complementing the program, the department shall aid, advise, and cooperate with political subdivisions, the State Board of Insurance, and the United States Department of Housing and Urban Development when aid, advice, and cooperation are requested or deemed advisable by the board.

(c) The aforementioned aid may include but is not necessarily limited to:

(1) coordinating local, state, and federal programs relating to floods, flood losses, and floodplain management;

(2) evaluating the present structure of all federal, state, and political subdivision flood control programs within or adjacent to the state, including an assessment of the extent to which public and private floodplain management activities have been instituted;

(3) carrying out studies with respect to the adequacy of present public and private measures, laws, regulations, and ordinances in flood-prone areas as to land management and use, flood control, flood zoning, and flood damage prevention;

(4) evaluating all available engineering, hydrologic, and geologic data relevant to flood-prone areas and flood control in those areas; and

(5) carrying out floodplain studies and mapping programs of floodplains, flood-prone areas, and flood-risk zones.

(d) On the basis of such studies and evaluations, the department, to the extent of its capabilities, shall periodically identify and publish information and maps with respect to all floodplain areas, including the state's coastal area, which have flood hazards, and where possible aid the federal government in identifying and establishing flood-risk zones in all such areas.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.317. Cooperation of State Board of Insurance

Pursuant to the National Flood Insurance Program, the State Board of Insurance shall aid, advise, and cooperate with political subdivisions, the department, and the United States Department of Housing and Urban Development when such aid, advice, and cooperation are requested or deemed advisable by the State Board of Insurance.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.318. Rules

Political subdivisions which qualify for the National Flood Insurance Program, the State Board of Insurance, and the board may adopt and promulgate reasonable rules which are necessary for the orderly effectuation of the respective authorizations herein.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 16.319. Qualification

Political subdivisions wishing to qualify under the National Flood Insurance Program shall have the authority to do so by complying with the directions of the Department of Housing and Urban Development and by:

(1) evidencing to the secretary a positive interest in securing flood insurance coverage under the National Flood Insurance Program; and

(2) giving to the secretary satisfactory assurance that measures will have been adopted for the political subdivision which measures will be consistent with the comprehensive criteria for land management and use developed by the Department of Housing and Urban Development, and that the application and enforcement
of such measures will commence as soon as technical information on floodways and on controlling elevations is available.

Section 2 of Acts 1977, 65th Leg., 1st C.S., p. 58, ch. 4, provided:

"All proceedings and actions of any political subdivision as defined in the Flood Control and Insurance Act with respect to participation in and compliance with the National Flood Insurance Program under the Flood Control and Insurance Act are in all things and all respects ratified, confirmed, approved, and validated even though these proceedings and actions may not have occurred within the time limit provided in the Flood Control and Insurance Act; provided, however, that any proceeding or action taken under the Flood Control and Insurance Act by a political subdivision which took action to qualify under Section 9 of that Act after June 30, 1970, and before the effective date of this Act shall expire on the 60th day after the effective date of this Act unless the proceeding or action is reenacted by the governing body of the political subdivision after the effective date of this Act and before the 60th day after the effective date of this Act."

SUBCHAPTER D. ASSISTANCE TO POLITICAL SUBDIVISIONS FOR PROJECTS

§ 17.121. Financial Assistance

The water development account may be used by the board to provide financial assistance to political subdivisions for the construction, acquisition, or improvement of projects, but to the extent that financial assistance is given by the board to an applicant for construction, acquisition, or improvement of any waste water treatment plant, the financial assistance shall be considered as state matching funds for obtaining maximum federal grants for construction of treatment works.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.122. Application for Assistance

(a) In an application to the board for financial assistance, the applicant shall include:

1. The name of the political subdivision and its principal officers;
2. A citation of the law under which the political subdivision operates and was created;
3. The total cost of the project;
4. The amount of state financial assistance requested; and
5. The plan for repaying the total cost of the project; and
§ 17.123. Certificate of Commission or Approval by Commission

(a) Except as provided in Subsection (b) of this section, the board shall not deliver funds pursuant to an application for financial assistance until the political subdivision has furnished the board a resolution adopted by the commission certifying:

(1) that an applicant proposing surface-water development has the necessary water right authorizing it to appropriate and use the water which the project will provide; or

(2) that an applicant proposing underground water development has the right to use water that the project will provide.

(b) If an application includes a proposal for a waste water treatment plant, the part of the application relating to the waste water treatment plant does not need to be certified by the commission, but the board may not deliver funds for the waste water treatment plant until the political subdivision has obtained written evidence of approval of the plans for the waste water treatment plant from the executive director.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.124. Considerations in Passing on Application

In passing on an application from a political subdivision for financial assistance, the board shall consider:

(1) the needs of the area to be served by the project and the benefit of the project to the area in relation to the needs of other areas requiring state assistance in any manner and the benefits of those projects to the other areas;

(2) the availability of revenue to the political subdivision, from all sources, for the ultimate repayment of the cost of the project, including interest;

(3) whether the political subdivision can reasonably finance the project without assistance from the state;

(4) the relationship of the project to the overall, statewide water needs; and

(5) the relationship of the project to the state water plan.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.125. Approval of Application

The board by resolution may approve an application if, after considering the factors listed in Section 17.124 of this code and any other relevant factors, the board finds:

(1) that the public interest requires state participation in the project;

(2) that the political subdivision cannot reasonably finance the project without state assistance in the amount finally approved by the board; and

(3) that in its opinion the revenue or taxes pledged by the political subdivision will be sufficient to meet all the obligations assumed by the political subdivision during the succeeding period of not more than 50 years.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.126. Method of Financial Assistance

The board may provide financial assistance by using money in the water development account to purchase bonds or other securities issued by the political subdivision to finance the project. The board may purchase bonds or securities that are secondary or subordinate to other bonds or securities issued by the political subdivision to finance the same project. The board may purchase outstanding prior lien bonds previously issued by the political subdivision when this will avoid or reduce the necessity for issuing junior lien bonds for subsequent sale to the board. However, the security for both prior lien and junior lien bonds shall be pledged from substantially the same sources of revenue.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.127. Bond Maturity

§ 17.128. Interest Rate

(a) Except as provided in Subsection (b) of this section, bonds and securities purchased by the board on or after September 1, 1977, with money derived from the sale of bonds issued under this chapter shall bear interest at the lending rate. The bonds shall bear coupons evidencing interest at a rate or combination of rates that will approximate the lending rate as nearly as the board deems practicable.
§ 17.128 The lending rate shall be affected by the payment of premiums or the deduction of discounts as necessary.

(b) Bonds and securities purchased by the board pursuant to applications for financial assistance approved by the board prior to September 1, 1977, shall bear interest at the rate prescribed by Subsection (a) of this section prior to this amendment. Outstanding prior lien bonds purchased by the board under Section 17.126 of this code need not bear the interest rate provided in Subsection (a) of this section, but the board may pay such price or prices for outstanding prior lien bonds which in its discretion will accomplish the objective of Section 17.126 of this code.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

1. all or part of the net revenue from the operation of the project;
2. taxes levied by the political subdivision for the purpose; or
3. a combination of taxes and net revenue, and revenue from other available sources.

(b) The board may require that the bonds be supported both by taxes and by net revenue from the operation of the project in any ratio the board considers necessary to fully secure the investment. The board shall establish other conditions and requirements it considers to be consistent with sound investment practices and in the public interest.

(c) As used in this section, “net revenue” means gross revenue less the amount necessary to provide for principal, interest, and reserve requirements of bonds superior to those purchased by the board and the amount necessary to pay the cost of maintaining and operating the project.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(c) If the political subdivision fails to give notice to the board of its desire to acquire the bonds at amortized value and accrued interest within the 30-day period, then the board shall give notice of the sale of the bonds, receive competitive bids, and conduct the sale, all in the manner provided for the sale of bonds, except the board may waive any requirement for good faith checks.

(2) registration by the comptroller; and
(3) purchase by and delivery to the board. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(1) all or part of the net revenue from the operation of the treatment works;
(2) taxes levied by the political subdivision for the purpose; or
(3) a combination of taxes and net revenue, and revenue from other available sources.

(b) As used in this section, “net revenue” means gross revenue less the amount necessary to provide for principal, interest, and reserve requirements of bonds, if any, superior to those purchased by the board and the amount necessary to pay the cost of maintaining and operating the treatment works.

(c) The board has the exclusive responsibility to specify terms and conditions of the financial assistance, including all maturity schedules which are necessary in the opinion of the board to achieve the best security for the state which the applicant is reasonably capable of providing. No term or condition shall be specified by the board which would prevent financial assistance from being available to an applicant for construction of treatment works approved by the board. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.178. Default
(a) In the event of a default in payment of the principal of or interest on bonds or other obligations purchased by the board or of a default in payment of amounts due under a loan agreement executed under the provisions of Subchapters F and G of this chapter or of a failure to perform any term or condition agreed to or of any other default as defined in the proceedings or indentures authorizing the issuance of the bonds or in any other obligation or loan agreement, the attorney general shall institute appropriate proceedings by mandamus or other legal remedies to compel the political subdivision or its officers, agents, and employees to cure the default by performing those duties which they are legally obligated to perform. These proceedings shall be brought and venue shall be in a district court of Travis County.

(b) The provisions of this section are cumulative of any other rights or remedies to which the bondholders may be entitled. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(b) The board shall first offer the bonds or other obligations at their amortized value plus accrued interest to the issuing political subdivision at least 30 days before the date of requesting competitive bids.

(c) If the political subdivision fails to give notice to the board of its desire to acquire the bonds or other obligations at amortized value and accrued interest within the 30-day period, then the board shall give notice of the sale of the bonds, receive competitive bids, and conduct the sale of such bonds or other obligations so purchased, all in the manner provided for the sale of bonds, except the board may waive any requirement for good faith checks.

§ 17.180. Proceeds From Sale
The proceeds from the sale of such political subdivision bonds or other obligations held by the board shall be credited to the water quality enhancement account, except that accrued interest shall be credited to the interest and sinking fund. 1 Section 17.171 et seq.

§ 17.230. Direct Loans

(a) If a political subdivision in the judgment of the board is unable to issue bonds or other obligations for a project in the state for which a federal grant is to be made under the Federal Water Pollution Control Act, as amended,1 then the board may provide financial assistance to the political subdivision by agreeing to pay from water quality enhancement funds the amount required by federal law of the estimated reasonable cost of the project.

(b) Before the delivery of any water quality enhancement funds to the political subdivision, the board with the advice of the development fund manager and the political subdivision shall execute a loan agreement which shall provide that the political subdivision shall pay into the appropriate account not less than the amount necessary to repay the principal of and interest on the loan over the period of time and under the terms and conditions which are mutually agreeable to the board and the political subdivision. The contract may also include any other terms and conditions which the board may require.

(c) Each political subdivision may charge and collect necessary fees, rentals, rates, and charges for the use, occupancy, and availability of its treatment works and any of its other properties, buildings, structures, operations, utilities, systems, activities, and facilities so that it may make all payments required by its loan agreement. The political subdivision shall pledge such amounts to make those payments.

(d) The political subdivision may pledge its ad valorem taxes, if any, and levy and collect the taxes for the purpose of making all or any part of the payments required by its loan agreement. The taxes shall be in addition to all other ad valorem taxes permitted by law but may not exceed, together with other ad valorem taxes, any maximum imposed by the Texas Constitution.

(e) Each loan agreement executed pursuant to this subchapter and the appropriate proceedings authorizing its execution shall be submitted to the attorney general for examination before the delivery of the money to the political subdivision. If he finds that the loan agreement has been authorized and executed in accordance with law, that the provisions are valid, and that the political subdivision has demonstrated to his reasonable satisfaction that the pay-
ments required by the agreement can be made from the sources pledged, he may approve the agreement. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.231. Use of Funds; Federal Requirement Satisfied

When bonds or other obligations are purchased or a loan agreement is approved by the attorney general, water quality enhancement funds shall be delivered to the political subdivisions entitled to receive them and shall be used only to pay for construction costs of treatment works approved as provided in this subchapter. The purchase of bonds and other obligations as provided in this code and the making of direct loans as provided in Section 17.230 of this code together constitute payment by the state of the amount required by federal law of the estimated reasonable construction costs of all projects in the state for which federal grants are to be made under the Federal Water Pollution Control Act, as amended,

(1) partial payment not exceed 90 percent of the amount due at the time of the payment as shown by the engineer of the project; and
(2) payment of the 10 percent remaining due upon completion of the contract shall be made only after approval by:

(1) the contractor is substantially complying with the engineering plans of the treatment works as submitted when approval of the feasibility of the treatment works was sought; and
(2) the contractor is constructing the treatment works in accordance with sound construction principles.

(b) Inspection of treatment works by the department does not subject the state to any civil liability.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.235. Alteration of Plans

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 17.236. Certificate of Approval

(1) failure to construct the treatment works according to the plans as the board approved them or altered with the board's approval;
§ 17.236 WATER CODE

(2) failure to construct the works in accordance with sound engineering principles; or

§ 18.0841  WATER CODE

(2) "Operational area" means that area that joins the target area which is reasonably necessary to use in order to effectuate the purposes over the target area without affecting the land or land owners in the operational area, but in no event to exceed eight miles from the limits of the target area. The operational area shall be described by metes and bounds or other specific bounded description and shall be set out in the application for a permit. If the application for a permit does not describe the operational area, the commission may designate an area located inside and up to eight miles from the outer limits of the target area described in the application as the operational area of the permit for the purposes of this chapter.

(b) No permit may be issued by the commission before the end of the 30-day period immediately following the first publication of notice and then only in those counties or parts of counties in the target area or operational area in which the majority of the qualified voters voting have approved or have not disapproved the issuance of a permit if an election has not been held, or in any county or part of a county in the target area or operational area if no petition for an election has been filed.

(c) Persons eligible to vote in elections held under this section shall include qualified voters in counties or parts of counties included in the target area or operational area. Where the target area or operational area includes only part of a county, an election held under this section may be held only in the election precincts which are included entirely within or are partially included in said areas. All qualified voters in such precincts shall be entitled to vote in these elections.

(d) On written request of at least 25 qualified voters residing in the target area or operational area mentioned in the notice requesting an election accompanied by unsigned petitions, the county clerk of each county within the target area or operational area shall certify and mark for identification petitions for circulation. An application for a petition seeking an election to disapprove the issuance of a permit shall be headed: "Application for Election to Disapprove a Weather Modification Permit." The application shall contain a statement just ahead of the signatures of the applicants stating the following: "It is the hope, purpose, and intent of the applicants whose signatures appear on this petition to see approved the issuance of a permit for weather modification including hail suppression." Upon the return to the county clerks of such petitions signed by at least 10 percent of the qualified voters residing in each county within the target area or operational area in the notice requesting an election the commissioners court of each county shall call and hold an election. Notice under Chapter 549, Acts of the 60th Legislature, Regular Session, 1967 (Article 29e, Vernon's Texas Civil Statutes), of the commissioners court meeting to call and hold the election is not required. The date of the election shall be determined by the commissioners court in accordance with this section notwithstanding Section 9b, Texas Election Code, as amended (Article 201b, Vernon's Texas Election Code). The petition must be filed with the clerk of each county within 30 days immediately following the first publication of notice. The election shall be held within 45 days after the petition is received to determine whether or not the qualified voters in the target area or operational area approve the issuance of the permit. Immediately on calling the election, the clerk of each county within the target area or operational area shall notify the executive director of the date of the election. Except as otherwise provided in this chapter, elections shall be held in accordance with the Texas Election Code.

(e) The petition for the election shall read substantially as follows: "The following qualified voters of _____ County request the Commissioners Court of _____ County to call an election at which the qualified voters shall be asked to vote on the proposition of whether or not they approve of the issuance of a weather modification permit that includes authorization for hail suppression (description of area)." Each qualified voter signing the petition shall give his full name and address and voter registration number. Within five days after receiving a petition under this section, the commissioners court shall have the county clerk of the county check the names on the petition against the voter registration lists of the county and certify to the commissioners court the number of qualified voters signing the petition as reflected by checking the county's voter registration lists. If only a part of a county is included in the target area or operational area, the county clerk shall also certify that those signing the petition reside in an election precinct in the county totally or partially included in the target area or operational area. On certification by the county clerk, the petition shall be filed with the official records of the county and shall be available for public inspection.

(f) A person filing a petition with the county clerk shall deposit with the county clerk an amount of money estimated by the county clerk to be sufficient to cover the costs of the election, to be held by the
county clerk until the result of the election to approve or disapprove the issuance of the permit is officially announced. If the result of the election favors the party petitioning for the election, the county clerk shall return the deposit to the person filing the petition or his agent or attorney, but if the result of the election does not favor the party petitioning for the election, the county clerk shall pay the cost and expenses of the election from the deposit and return the balance of the deposit to the person filing the petition or his agent or attorney.

(g) The ballots for an election under this section shall be printed to provide for voting for or against the proposition: “The issuance of a permit providing for weather modification including authorization for hail suppression and control in (description of area)."

(h) The order calling the election shall provide for the time and place or places for holding the election, the form of the ballots, and the presiding judge for each voting place.

(i) The commissioners court shall publish a copy of the election order in a newspaper of general circulation in the county or in the part of the county within the target area or operational area at least 30 days preceding the day of the election.

(j) The presiding judge of each voting place shall supervise the counting of all votes cast and shall certify the results to the commissioners court within five days after the election. A copy of the results are to be filed with the county clerk and become a public record.

(k) Within five days after the results are filed, the commissioners court shall declare the results.

(l) The commissioners court of each county holding an election shall send certified copies of the results of the election to the executive director within 24 hours after the results are declared under Subsection (j) of this section.

(m) If a majority of the qualified voters voting in the election precincts any part of which are located in the target area vote against issuance of the permit, no permit may be issued. If a majority of the qualified voters voting in the election precincts any part of which are located within the target area in favor of issuance of the permit, the commission may issue the permit as provided in this subchapter, provided, however, if a majority of the qualified voters voting in either of the following areas vote against issuance of the permit, those areas shall be excluded from the coverage of the permit:

(1) any election precinct any part of which is located in the operational area; or

(2) any election precinct located wholly within the target area and contiguous with its outer boundary. If, however, the commission finds that a weather modification and control opera-

tion is still feasible, a permit may be issued covering areas in which no election is requested or areas in which the voters give their approval as provided in this section.

(n) If a permit is denied under Subsection (m) of this section, no application for a permit covering all or part of the same target area or operational area so denied may be considered, and no permit under that application may be issued by the commission, for a period of two years following the date of the election nor may an election be held pursuant to this chapter.

(o) If a permit including authorization for hail suppression is to cover only a part of a county, only those qualified voters residing in an election precinct or precincts of the county included in the target area or operational area are eligible to sign a petition and to vote at an election under this section, and in computing the vote, only a majority of those qualified voters residing in such areas and voting in the election shall be necessary to carry the proposition in that county.

(p) No permit shall be issued which provides for or allows the seeding of clouds for hail suppression outside the target area or within those counties or parts of counties located in the operational or target areas which were excluded from the coverage of the permit by virtue of an election under Subsection (m) of this section. However, seeding may be done in those counties or parts of counties located in the operational or target area which were not excluded from the coverage of the permit by virtue of an election under Subsection (m) of this section, provided it is reasonably calculated to take effect only within the target area. This shall not prohibit the observation of cloud and cloud formations.

(q) The department may monitor any program under such conditions as the department deems advisable.

(r) The provisions of this section do not apply to any permits in effect at the time this section becomes law.

(s) Upon petition as provided in this section, the commissioners court of any county outside but adjacent to a county included in the operational area of an existing or proposed permit shall call and hold an election on the proposition of whether or not the qualified voters of the county approve of the issuance of any permit authorizing hail suppression in the county. If the county voters voting in such election disapprove the issuance of permits authorizing hail suppression, the commission may not issue any such permit covering the county until the proposition has been approved by a subsequent election.

(t) If any county or part of a county has disapproved the issuance of a permit at the previous election held under the provisions of this section, that county or part of a county shall not be included
in any permit issued by the commission until the voters of that county or part of a county have participated in a subsequent election at which a permit is approved. The applicant for a permit which includes that county or part of a county shall have the burden of petitioning for an election and depositing costs in the manner provided by this section for the original election to approve or disapprove a permit.

(a) The board by rule shall define the term hail suppression as used in this section, using the most current scientifically accepted technological concepts.

Notice of the application shall be mailed to the mayor and health authorities of the city or town, and the county judge and health authorities for the county, in which the waste is or will be discharged, at least 10 days before the commission meeting, and they may present information to the commission on the application.

1. not less than 45 days before the date of action on the application by the commission, the applicant has published the commission’s notice of the application at least once in a newspaper regularly published or circulated within each county where the proposed facility or discharge is located and in each county affected by the discharge;

2. within 45 days after the date of action on the application by the commission, the applicant has served or mailed the commission’s notice of the application to persons who in the judgment of the commission may be affected.

3. within 45 days after the date of the newspaper publication of the commission’s notice, neither a commissioner, the executive director, nor an affected person who objects to the application has requested a public hearing.

4. the permit does not become a vested right in the permittee, from time to time, for good cause, to conform to new or additional conditions. The commission shall allow the permittee a reasonable time to conform to the new or additional conditions, and on application of the permittee, the commission may grant additional time.

5. any monitoring and reporting requirements prescribed by the commission for the permittee.

6. After a public hearing, notice of which shall be given to the permittee, the commission may require the permittee, from time to time, for good cause, to conform to new or additional conditions. The commission shall allow the permittee a reasonable time to conform to the new or additional conditions, and on application of the permittee, the commission may grant additional time.

7. A permit does not become a vested right in the permittee. After a public hearing, notice of which shall be given to the permittee, the commission may revoke or suspend a permit for good cause on any of the following grounds:

1. the permittee has failed or is failing to comply with the conditions of the permit;

2. the permit is subject to cancellation or suspension under Section 26.084 of this code;
§ 26.029. Conditions of Permit; Amendment; Revocation and Suspension

Text of section effective upon delegation of NPDES permit authority

(a) In each permit, the commission shall prescribe the conditions on which it is issued, including:

(1) the duration of the permit;
(2) the location of the point of discharge of the waste;
(3) the maximum quantity of waste that may be discharged under the permit at any time and from time to time;
(4) the character and quality of waste that may be discharged under the permit; and
(5) any monitoring and reporting requirements prescribed by the commission for the permittee.

(b) After a public hearing, notice of which shall be given to the permittee, the commission may require the permittee, from time to time, for good cause, in conformance with applicable laws, to conform to new or additional conditions.

(c) A permit does not become a vested right in the permittee. After a public hearing in conformance with applicable laws, notice of which shall be given to the permittee, the commission may revoke or suspend a permit for good cause on any of the following grounds:

(1) the permittee has failed or is failing to comply with the conditions of the permit;
(2) the permit is subject to cancellation or suspension under Section 26.084 of this code;
(3) the permit or operations under the permit have been abandoned;
(4) the permit is no longer needed by the permittee;
(5) the commission finds that a change in conditions requires elimination of the discharge;
(6) revocation or suspension is necessary in order to maintain the quality of water in the state consistent with the objectives of this chapter; or
(7) the permit was obtained by misrepresentation or failure to disclose fully all relevant facts.

(d) The notice required by Subsections (b) and (c) of this section shall be sent to the permittee at his last known address as shown by the records of the department.

§ 26.030. Permit: Effect on Recreational Water

In considering the issuance of a permit to discharge effluent into any body of water having an established recreational standard, the commission shall consider any unpleasant odor quality of the effluent and the possible adverse effect that it might have on the receiving body of water, and the commission may consider the odor as one of the elements of the water quality of the effluent.

§ 26.031. Private Sewage Facilities

(a) As used in this section and Section 26.032 of this code, "private sewage facilities" means septic tanks, pit privies, cesspools, sewage holding tanks, injection wells used to dispose of sewage, chemical toilets, treatment tanks, and all other facilities, systems, and methods used for the disposal of sewage other than disposal systems operated under a permit issued by the commission.

(b) Whenever it appears that the use of private sewage facilities in an area is causing or may cause pollution or is injuring or may injure the public health, the commission may hold a public hearing in or near the area to determine whether an order should be entered controlling or prohibiting the installation or use of private sewage facilities in the area.

(c) Before the commission enters its order, the executive director shall consult with the Director of Health Resources for recommendations concerning the impact of the use of private sewage facilities in the area on public health and present the recommendations at the hearing.

(d) If the commission finds after the hearing that the use of private sewage facilities in an area is causing or may cause pollution or is injuring or may injure the public health, the commission may enter an order as it may consider appropriate to abate or prevent pollution or injury to public health.

(e) The order may, without limitation, do one or more of the following:

(1) limit the number and kind of private sewage facilities which may be used in the area;
(2) prohibit the installation and use of additional private sewage facilities or kinds of private sewage facilities in the area;  
(3) require modifications or improvements to existing private sewage facilities or impose limitations on their use; and  
(4) provide for a gradual and systematic reduction of the number or kinds of private sewage facilities in the area.  

(f) The commission may provide in the order for a system of licensing of private sewage facilities in the area, including procedures for cancellation of a license for violation of this section, the license, or the orders or rules of the department. The commission may also provide in the system of licensing for periodic renewal of the licenses, but this may not be required more frequently than once a year.  

(g) The commission may delegate the licensing function and the administration of the licensing system to the executive director or to any local government whose boundaries include the area or which has been designated by the commission under Sections 26.081 through 26.086 of this code as the agency to develop a regional waste disposal system which includes the area or to any district or authority created and existing under Article XVI, Section 59 or Article III, Section 52 of the Texas Constitution, which owns or operates a dam or reservoir project within the area regulated.  

(h) The board also may prescribe and require the payment of reasonable license fees by an applicant for a license, including fees for periodic renewal of a license. The board may change the amount of the license fees from time to time. The amount of the fees shall be based on the reasonable cost of performing the licensing function and administering the licensing system, including, where applicable, costs of soil percolation and other tests to determine the suitability of using a particular type or types of private sewage facilities in the area or at any location within the area, field inspections, travel, and other costs directly attributable to performing the licensing function and administering the licensing system.  

(i) If the commission or the executive director has the responsibility for performing the licensing function, the license fees shall be paid to the department. Those fees shall not be deposited in the General Revenue Fund of the state but shall be deposited in a special fund for use by the department in performing the licensing function and administering the licensing system, and the fees so deposited are hereby appropriated to the department to use for those purposes only.  

(j) If a local government has the responsibility for performing the licensing function, the fees shall be paid to the local government.  

§ 26.032. Control by Counties
(a) Whenever it appears to the commissioners court of any county that the use of private sewage facilities in an area within the county is causing or may cause pollution or is injuring or may injure the public health, the county may proceed in the same manner and in accordance with the same procedures as the commission to hold a public hearing and enter an order, resolution, or other rule as it may consider appropriate to abate or prevent pollution or injury to public health.  

(b) The order, resolution, or other rule may provide the same restrictions and requirements as are authorized for an order of the commission entered under this section.  

(c) Before the order, resolution, or other rule becomes effective, the county shall submit it to the commission and obtain the commission's written approval.  

(d) In the event of any conflict within an area between an order adopted by the commission and an order, resolution, or other rule adopted by a county under this section, the order of the commission shall take precedence.  

(e) Where a system of licensing has been ordered by the commission or the commissioners court of a county, no person may install or use private sewage facilities required to be licensed without obtaining a license.  

§ 26.033. Rating of Waste Disposal Systems  
(a) After consultation with the Texas Department of Health Resources, the board shall provide by rule for a system of approved ratings for municipal waste disposal systems and other waste disposal systems which the board may designate.  

(b) The owner or operator of a municipal waste disposal system which attains an approved rating has the privilege of erecting signs of a design approved by the board on highways approaching or inside the boundaries of the municipality, subject to reasonable restrictions and requirements which may be established by the State Department of Highways and Public Transportation.  

(c) In addition, the owner or operator of any waste disposal system, including a municipal system, which attains an approved rating has the privilege of erecting signs of a design approved by the board at locations which may be approved or established by the board, subject to such reasonable restrictions and requirements which may be imposed by any governmental entity having jurisdiction.  

(d) If the waste disposal system fails to continue to achieve an approved rating, the commission may revoke the privilege. On due notice from the com-

mission, the owner or operator of the system shall remove the signs.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.034.  Approval of Disposal System Plans
(a) This section applies to all sewer systems, treatment facilities, and disposal systems, except those public sewage disposal systems for which plans are subject to review and approval by the Texas Department of Health Resources.

(b) Before beginning construction, every person who proposes to construct or materially alter the efficiency of any sewer system, treatment facility, or disposal system to which this section applies shall submit completed plans and specifications to and obtain the approval of the plans by the board.

(c) The board shall approve the plans and specifications if they conform to the waste discharge requirements and water quality standards established by the commission and the board respectively.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.035.  Federal Grants
The executive director with the approval of the board may execute agreements with the United States Environmental Protection Agency or any other federal agency that administers programs providing federal cooperation, assistance, grants, or loans for research, development, investigation, training, planning, studies, programming, and construction related to methods, procedures, and facilities for the collection, treatment, and disposal of waste or other water quality control activities. The department may accept federal funds for these purposes and for other purposes consistent with the objectives of this chapter and may use the funds as prescribed by law or as provided by agreement.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(a) The executive director shall develop and prepare, and from time to time revise, comprehensive water quality management plans for the different areas of the state, as designated by the board.

(b) The executive director may contract with local governments, regional planning commissions, planning agencies, other state agencies, colleges and universities in the state, and any other qualified and competent person to assist the department in developing and preparing, and from time to time revising, water quality management plans for areas designated by the board.

(c) With funds provided for the purpose by legislative appropriation, the board may make grants or interest-free loans to, or contract with, local governments, regional planning commissions, and planning agencies to pay administrative and other expenses of such entities for developing and preparing, and from time to time revising, water quality management plans for areas designated by the board. The period of time for which funding under this provision may be provided for developing and preparing or for revising a plan may not exceed three consecutive years in each instance. Any loan made pursuant to this subsection shall be repaid when the construction of any project included in the plan is begun.

(d) Any person developing or revising a plan shall, during the course of the work, consult with the department and with local governments and other federal, state, and local governmental agencies which in the judgment of the executive director may be affected by or have a legitimate interest in the plan.

(e) Insofar as may be practical, the water quality management plans shall be reasonably compatible with the other governmental plans for the area, such as area or regional transportation, public utility, zoning, public education, recreation, housing, and other related development plans.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.037.  Approval of Plans
(a) After a water quality management plan has been prepared or significantly revised as authorized in Section 26.036 of this code, it shall be submitted to the board and to such local governments and other federal, state, and local governmental agencies as in the judgment of the executive director may be affected by or have a legitimate interest in the plan.

(b) After a reasonable period of time as determined by the board for the persons to whom the plan was submitted to review and consult on the plan, a public hearing shall be held on whether the plan should be approved or whether the plan should be modified in any way. Notice of the hearing shall be given to the person or persons who prepared or revised the plan and to the persons to whom the plan was submitted for review.

(c) After the public hearing if the board finds that the plan complies with the policy and purpose of this chapter and the rules and policies of the board, it shall approve the plan. If the board does not so find, it may disapprove the plan, modify the plan as necessary so that it will comply, or return it for further development and later resubmission to the board, in accordance with the procedure in Section 26.036 of this code.

(d) When a water quality management plan has been approved as provided in this section, the plan may be furnished to the Federal Environmental Protection Agency, the Federal Water Quality Administration, or any other federal official or agency
in fulfillment of any federal water quality management planning requirement specified for any purpose by the federal government.

(e) The board and the commission may use an approved water quality management plan or a plan in progress but not completed or approved in reviewing and making determinations on applications for permits and on applications for financial assistance for construction of treatment works.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.038. Fiscal Control on Water Quality Management Planning

In administering the program for making grants and loans to and contracting with local governments, regional planning commissions, and planning agencies as authorized in Subsection (c) of Section 26.036 of this code, the board shall adopt rules and procedures for the necessary engineering review and supervision, fiscal control, and fund accounting. The fiscal control and fund accounting procedures are supplemental to other procedures prescribed by law.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.039. Accidental Discharges and Spills

(a) As used in this section:

(1) "Accidental discharge" means an act or omission through which waste or other substances are inadvertently discharged into water in the state.

(2) "Spill" means an act or omission through which waste or other substances are deposited where, unless controlled or removed, they will drain, seep, run, or otherwise enter water in the state.

(3) "Other substances" means substances which may be useful or valuable and therefore are not ordinarily considered to be waste, but which will cause pollution if discharged into water in the state.

(b) Whenever an accidental discharge or spill occurs at or from any activity or facility which causes or may cause pollution, the individual operating, in charge of, or responsible for the activity or facility shall notify the department as soon as possible and not later than 24 hours after the occurrence.

(c) Activities which are inherently or potentially capable of causing or resulting in the spillage or accidental discharge of waste or other substances and which pose serious or significant threats of pollution are subject to reasonable rules establishing safety and preventive measures which the board may adopt or issue. The safety and preventive measures which may be required shall be commensurate with the potential harm which could result from the escape of the waste or other substances.

(d) The provisions of this section are cumulative of the other provisions in this chapter relating to waste discharges, and nothing in this section exempts any person from complying with or being subject to any other provision of this chapter.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.040. Control of Certain Waste Discharges by Rule

Whenever the board determines that the quality of water in an area is adversely affected or threatened by the combined effects of several relatively small-quantity discharges of wastes being made for which it is not practical to issue individual permits or that the general nature of a particular type of activity which produces a waste discharge is such that requiring individual permits is unnecessarily burdensome both to the waste discharger and the department, the board may by rule regulate and set the requirements and conditions for the discharges of waste.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.041. Health Hazards

The department may use any means provided by this chapter to prevent a discharge of waste that is injurious to public health.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.042. Monitoring and Reporting

Text of section effective until delegation of NPDES permit authority

The board may prescribe reasonable requirements for a person making waste discharges to monitor and report on his waste collection, treatment, and disposal activities. When in the judgment of the commission significant water quality management benefits will result or water quality management needs justify, the commission may also prescribe reasonable requirements for any person or persons making waste discharges to monitor and report on the quality of any water in the state which the commission has reason to believe may be materially affected by the waste discharges.

or of any pollutant to monitor and report on his activities concerning collection, treatment, and disposal of the waste or pollutant.

(b) The board may, by regulation, order, permit, or otherwise require the owner or operator of any source of a discharge of pollutants into any water in the state or of any source which is an industrial user of a publicly owned treatment works to:

1. establish and maintain such records;
2. make such reports;
3. sample any discharges in accordance with such methods, at such locations, at such intervals, and in such manner as the board shall prescribe; and
4. provide such other information relating to discharges of pollutants into any water in the state or to introductions of pollutants into publicly owned treatment works as the board may reasonably require.

(c) When in the judgment of the commission significant water quality management benefits will result or water quality management needs justify, the commission may also prescribe reasonable requirements for any person or persons making discharges of any waste or of any pollutant to monitor and report on the quality of any water in the state which the commission has reason to believe may be materially affected by the discharges.

§ 26.043. The State of Texas Water Pollution Control Compact

(a) The legislature recognizes that various river authorities and municipal water districts and authorities of the state have signed, and that others are authorized to sign and may sign, a document entitled "The State of Texas Water Pollution Control Compact" (hereinafter called the "compact"), which was approved by Order of the Texas Water Quality Board on March 26, 1971, and which is now on file in the official records of the department, wherein each of the signatories is by law an official agency of the state, created pursuant to Article XVI, Section 59 of the Texas Constitution and operating on a multiple county or regional basis, and that collectively those signatories constitute an agency of the state authorized to agree to pay, and to pay, for and on behalf of the state not less than 25 percent of the estimated costs of all water pollution control projects in the state, wherever located, for which federal grants are to be made pursuant to Clause (7), Subsection (b), Section 1158,1 Federal Water Pollution Control Act, as amended (33 U.S.C. Section 1158), or any similar law, in accordance with and subject to the terms and conditions of the compact. The compact provides a method for taking advantage of increased federal grants for water pollution control projects by virtue of the state payment which will be made from the proceeds from the sale of bonds by the signatories to the compact. The compact is hereby ratified and approved, and it is hereby provided that Section 30.026 of this code shall not constitute a limitation or restriction on any signatory with respect to any contract entered into pursuant to the compact or with respect to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made, and such signatory shall not be required to obtain the consent of any other river authority or conservation and reclamation district which is not a signatory with respect to such contract or project. Each signatory to the compact is empowered and authorized to do any and all things and to take any and all action and to execute any and all contracts and documents which are necessary or convenient in carrying out the purposes and objectives of the compact and issuing bonds pursuant thereto, with reference to any water pollution control project in the state, wherever located, for which the aforesaid federal grants are to be made.

(b) It is further found, determined, and enacted that all bonds issued pursuant to said compact and all bonds issued to refund or refinance same are and will be for water quality enhancement purposes, within the meaning of Article III, Section 49-d-1, as amended, of the Texas Constitution and any and all bonds issued by a signatory to said compact to pay for all or any part of a project pursuant to the compact and any bonds issued to refund or refinance any such bonds may be purchased by the Texas Water Development Board with money received from the sale of Texas Water Development Board bonds pursuant to said Article III, Section 49-d-1, as amended, of the Texas Constitution. The bonds or refunding bonds shall be purchased directly from any such signatory at such price as is necessary to provide the state payment and any other part of the cost of the project or necessary to accomplish the refunding, and all purchases shall constitute loans for water quality enhancement. The bonds or refunding bonds shall have the characteristics and be issued on such terms and conditions as are acceptable to the board. The proceeds received by any such signatory from the sale of any such bonds shall be used to provide the state payment pursuant to the compact and any other part of the cost of the project, and the proceeds from the sale of any such refunding bonds to refund any outstanding bonds issued pursuant to the compact shall be used to pay off and retire the bonds being refunded thereby.

(c) This subsection is not intended to interfere in any way with the operation of Article III, Section
49-d-1, as amended, of the Texas Constitution or the enacting legislation enacted pursuant thereto, and the aforesaid compact shall constitute merely a complementary or supplemental method for providing the state payment solely in instances that it is deemed necessary or advisable by the board.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.044. Disposal of Boat Sewage

(a) As used in this section, “boat” means any vessel or other watercraft, whether moved by oars, paddles, sails, or other power mechanism, inboard or outboard, or any other vessel or structure floating on water in this state, whether or not capable of self-locomotion, including but not limited to cabin cruisers, houseboats, barges, marinas, and similar floating objects.

(b) The board shall issue rules concerning the disposal of sewage from boats located or operated on inland fresh waters in this state. The rules of the board shall include but not be limited to provisions for the establishment of standards for sewage disposal devices, the certification of sewage disposal devices, including on-shore pump-out facilities, and the visible and conspicuous display of evidence of certification of sewage disposal devices on each boat equipped with such device and on each on-shore pump-out device.

(c) The board may delegate the administration and performance of the certification function to the executive director or to any other governmental entity. The board may prescribe and require the payment, by applicants for certification, of reasonable fees based on the costs of administering and performing the certification function. All certification fees shall be paid to the entity performing the certification function. All fees collected by any state agency shall be deposited in a special fund for use by that agency in administering and performing the certification function and shall not be deposited in the General Revenue Fund of the state.

(d) Before issuing any rules under Subsection (b) of this section, the board or any person authorized by it under Section 26.021 of this code shall hold hearings thereon in Austin and in five other locations in the state in order to provide the best opportunity for all citizens of the state to appear and present evidence to the board.

(e) Notice of the hearing in Austin shall be published at least once in one or more newspapers having general circulation in the state. Notice of each of the other hearings shall be published at least once in one or more newspapers having general circulation in the region in which each hearing is to be held.

(f) Copies of each rule issued by the board under this section shall be filed in the offices of the department in Austin, Texas, in the office of the Secretary of State in Austin, and the office of the county clerk in each county in the state. The board shall provide for publication of notice of each rule issued under this section in at least one newspaper of general circulation in each county of the state and shall furnish the county judge of each county of the state a copy of the rules.

§ 26.045. Pump-Out Facilities for Boat Sewage

(a) In this section:

(1) “Boat” means the same as defined in Section 26.044(a), Water Code.

(2) “Boat pump-out station” means any private or public shoreside installation either independent of or in addition to an organized waste collection, treatment, and disposal system used to receive boat sewage.

(3) “Shoreside installation” means marinas and other installations servicing boats on fresh water of Texas.

(4) “Fresh water” means as geographically applied all of the surface lakes, streams, and reservoirs of the state, exclusive of the extent of ordinary tidal action on this water.

(b) After a public hearing and after making every reasonable effort to bring about the establishment of an adequate number of boat pump-out stations on fresh water, the commission may enter an order requiring the establishment of boat pump-out stations by a local government that has any jurisdiction over at least a portion of the fresh water or over land immediately adjacent to the fresh water.

(c) If a local government is authorized to issue authorization for the operation of shoreside installations, the local government may require the installation and operation of boat pump-out stations where necessary. The local government shall require the installation and operation of boat pump-out stations if required by the commission.

(d) A local government responsible for establishing boat pump-out stations may issue bonds or may use general revenue funds from normal operations to finance the construction and operation of the pump-out facilities. Pump-out stations established as a result of this section will be self-sustaining with respect to costs and revenues collected from users of said facilities, and local governments are authorized to levy reasonable, appropriate charges or fees to recover cost of installation and operation of the pump-out stations. Nothing in this section is to be construed to require any local government to rebate to the State of Texas funds collected pursuant to this program.
(e) The hearings required by this section and other acts of the commission in carrying out the provisions of this section shall be handled as provided in the rules of the board.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.046. Hearings on Protection of Edwards Aquifer From Pollution

(a) As used in this section, "Edwards Aquifer" means that portion of an arcuate belt of porous, water-bearing limestones composed of the Comanche Peak, Edwards, and Georgetown formations trending from west to east to northeast through Kinney, Uvalde, Medina, Bexar, Kendall, Comal, and Hays counties, respectively, and as defined in the most recent order of the commission for the protection of the quality of the potable underground water in those counties.

(b) Annually, the commission shall hold a public hearing in Kinney, Uvalde, Medina, Bexar, Kendall, Comal, or Hays County, and a hearing in any other of those counties whose commissioners court requests that a hearing be held in its county, to receive evidence from the public on actions the commission should take to protect the Edwards Aquifer from pollution.

(1) Notice of the public hearing shall be given and the hearing shall be conducted in accordance with the rules of the commission.

(2) The hearings examiner, appointed by the commission, shall convene the public hearing at an hour convenient for the public to attend, but not later than 10 a.m. of the day set for the public hearing and shall close the public hearing no later than 6 p.m. of the same day.

§ 26.047. Permit Conditions and Pretreatment Standards Concerning Publicly Owned Treatment Works

Text of section added effective upon delegation of NPDES permit authority

(a) The board shall impose as conditions in permits for the discharge of pollutants from publicly owned treatment works requirements for information to be provided by the permittee concerning new introductions of pollutants or substantial changes in the volume or character of pollutants being introduced into such treatment works.

(b) The board is authorized to impose as conditions in permits for the discharge of pollutants from publicly owned treatment works appropriate measures to establish and insure compliance by industrial users with any system of user charges required under state or federal law or any regulations or guidelines promulgated thereunder.

(c) The board shall impose as conditions in permits for the discharge of pollutants from publicly owned treatment works requirements for information to be provided by the permittee concerning new introductions of pollutants or substantial changes in the volume or character of pollutants being introduced into such treatment works.

(a) The board may execute agreements with the United States Environmental Protection Agency or its successor agency and any other federal agency that administers programs providing federal grants to local governments for the construction of treatment works, as defined in Section 21.602 of this code. The board may exercise all duties and responsibilities required for the administration by the board of the federal construction grant program.

(b) Each applicant for a federal construction grant, under a grant program administered by the board, shall pay to the board a reasonable grant processing fee as prescribed by the board. The grant processing fee charged by the board shall be cost-eligible under the grant program and shall not exceed one-half of one percent of the total eligible project cost, including the planning, design, and construction phases, for any one project. The board shall promulgate regulations establishing schedules for timely payment of grant processing fees. For grants awarded in steps under a federal program, the time schedule for payment of grant processing fees shall provide for payment reasonably apportioned among each step grant awarded. The grant processing fee for each step grant or for any other grant not awarded in steps shall be due and payable immediately following the award of such grant. No grant processing fee shall be levied for any grant awarded prior to the effective date of this Act; but the grant processing fee established in this Subsection (b) shall be levied on grants awarded on or after the effective date of this Act where the board has processed the grant pursuant to an agreement with the United States Environmental Protection Agency, or its successor agency, or any other federal agency that administers programs providing federal grants to local governments for the construction of treatment works.

§ 26.081. Regional or Area-Wide Systems; General Policy

(a) The legislature finds and declares that it is necessary to the health, safety, and welfare of the people of this state to implement the state policy to encourage and promote the development and use of regional and area-wide waste collection, treatment, and disposal systems to serve the waste disposal needs of the citizens of the state and to prevent pollution and maintain and enhance the quality of the water in the state.

(b) Within any standard metropolitan statistical area in the state, the department is authorized to implement this policy in the manner and in accordance with the procedure provided in Sections 26.081 through 26.086 of this code.

(c) In those portions of the state which are not within a standard metropolitan statistical area, the department shall observe this state policy by encouraging interested and affected persons to cooperate in developing and using regional and area-wide systems. The department may not use the procedure specified in Sections 26.081 through 26.086 of this code in these areas to implement this policy. However, this does not affect or diminish any authority which the department may otherwise have and exercise under other provisions of this chapter.

(d) The term "standard metropolitan statistical area," as used in this section, means an area consisting of a county or one or more contiguous counties which is officially designated as such by the United States Office of Management and Budget or its successor in this function.

§ 26.082. Hearing to Define Area of Regional or Area-Wide Systems

(a) Whenever it appears to the board that because of the existing or reasonably foreseeable residential, commercial, industrial, recreational, or other economic development in an area a regional or area-wide waste collection, treatment, or disposal system or systems are necessary to prevent pollution or maintain and enhance the quality of the water in the state, the board may hold a public hearing in or near the area to determine whether the policy stated in Section 26.081 of this code should be implemented in that area.

(b) Notice of the hearing shall be given to the local governments which in the judgment of the board may be affected.

(c) If after the hearing the board finds that a regional or area-wide system or systems are necessary or desirable to prevent pollution or maintain and enhance the quality of the water in the state, the board may enter an order defining the area in which such a system or systems are necessary or desirable.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.083. Hearing to Designate Systems to Serve the Area Defined; Order; Election; Etc.

(a) At the hearing held under Section 26.082 of this code or at a subsequent hearing held in or near an area defined under Section 26.082 of this code, the board may consider whether to designate the person to provide a regional or area-wide system or systems to serve all or part of the waste collection, treatment, or disposal needs of the area defined.

(b) Notice of the hearing shall be given to the local governments and to owners and operators of any waste collection, treatment, and disposal systems who in the judgment of the board may be affected.

(c) If after the hearing the board finds that there is an existing or proposed system or systems then capable or which in the reasonably foreseeable future will be capable of serving the waste collection, treatment, or disposal needs of all or part of the area defined and that the owners or operators of the system or systems are agreeable to providing the services, the board may enter an order designating the person to provide the waste collection, treatment, or disposal system or systems to serve all or part of the area defined.

(d) After the board enters an order under Subsection (c) of this section and if the board receives a timely and sufficient request for an election as provided in Section 21.206, the board shall designate a presiding judge for an election, to determine whether the proposed regional or area-wide system or systems operated by the designated regional entity should be created.

§ 26.084. Actions Available to Commission After Designations of Systems

(a) After the board has entered an order as authorized in Section 26.083 of this code, the commission may, after public hearing and after giving notice of the hearing to the persons who in the judgment of the commission may be affected, take any one or more of the following actions:

(1) enter an order requiring any person discharging or proposing to discharge waste into or
§ 26.084  WATER CODE

adjacent to the water in the state in an area defined in an order entered under Section 26.082 of this code to use a regional or area-wide system designated under Section 26.083 of this code for the disposal of his waste;

(2) refuse to grant any permits for the discharge of waste or to approve any plans for the construction or alteration of any sewer system, treatment facility, or disposal system in an area defined in an order entered under Section 26.082 of this code unless the permits or plans comply and are consistent with any orders entered under Sections 26.081 through 26.086 of this code; or

(3) cancel or suspend any permit, or amend any permit in any particular, which authorizes the discharge of waste in an area defined in an order entered under Section 26.082 of this code.

(b) Before exercising the authority granted in this section, the commission shall find affirmatively:

(1) that there is an existing or proposed regional or area-wide system designated under Section 26.083 of this code which is capable or which in the reasonably foreseeable future will be capable of serving the waste collection, treatment, or disposal needs of the person or persons who are the subject of an action taken by the commission under this section;

(2) that the owner or operator of the designated regional or area-wide system is agreeable to providing the service;

(3) that it is feasible for the service to be provided on the basis of waste collection, treatment, and disposal technology, engineering, financial, and related considerations existing at the time, exclusive of any loss of revenue from any existing or proposed waste collection, treatment, or disposal systems in which the person or persons who are the subject of an action taken under this section have an interest;

(4) that inclusion of the person or persons who are the subject of an action taken by the commission under this section will not suffer undue financial hardship as a result of inclusion in a regional or area-wide system; and

(5) that a majority of the votes cast in any election held under Section 21.206 of this code favor the creation of the regional or area-wide system or systems operated by the designated regional entity.

(c) An action taken by the commission under Section 26.085 of this code, excluding any person or persons from a regional or area-wide system because the person or persons will suffer undue financial hardship as a result of inclusion in the regional or area-wide system, shall be subject to a review at a later time determined by the commission in accord-
the designated regional entity upon the filing of a timely and sufficient request for an election except as provided in Subsection (i) of this section.

(b) Any person located within the boundaries of the proposed regional or area-wide system or systems requesting an election for the approval of the proposed regional or area-wide system or systems to be operated by the designated regional entity shall file a written request with the board within 30 days of the date the board enters an order under Section 21.203. The request shall include a petition signed by 50 persons holding title to the land within the proposed regional or area-wide system or systems, as indicated by the county tax rolls.

(c) Notice of the election shall state the day and place or places for holding the election, and the proposition to be voted on. The notice shall be published once a week for two consecutive weeks in a newspaper with general circulation in the county or counties in which the regional or area-wide system or systems is to be located. The first publication of the notice shall be at least 14 days before the day set for the election. Notice of the election shall be given to the local governments and to owners and operators of any waste collection, treatment, and disposal systems who in the judgment of the board may be affected.

(d) Absentee balloting in the election shall begin 10 days before the election and shall end as provided in the Texas Election Code. The ballots for the election shall be printed to provide for voting for or against the regional or area-wide system to be operated by the designated regional entity.

(e) Immediately after the election, the presiding judge shall make returns of the result to the executive director of the board. The executive director shall canvass the returns and report to the board his findings of the results at the earliest possible time.

(f) If a majority of the votes cast in the election favor the creation of the regional or area-wide system or systems operated by the designated regional entity, then the board shall declare the regional system is created and enter the results in its minutes. If a majority of the votes cast in the election are against the creation of the regional or area-wide system or systems operated by the designated regional entity, then the board shall declare that the regional system was defeated and enter the result in its minutes.

(g) The order canvassing the results of the confirmation election shall contain a description of the regional system's boundaries and shall be filed in the deed records of the county or counties in which the regional system is located.

(i) This subsection applies to regional or area-wide system or systems and regional entities which have been designated prior to the effective date of this Act. An election to approve creation of a regional or area-wide system or systems and the designation of a regional entity to operate those systems as provided in this section shall not be required for those regional systems or entities to which this subsection applies.

The Texas Department of Health Resources shall investigate and make recommendations to the department concerning the health aspects of matters related to the quality of the water in the state.

The local government in exercising this power is subject to the same provisions and restrictions as the department.
(b) When requested by the executive director, the result of any inspection or investigation made by the local government shall be transmitted to the department for its consideration.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.174. Enforcement Action
A local government may bring an enforcement action under this chapter in the manner provided in Subchapter D of this chapter for local governments.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.175. Cooperative Agreements
(a) A local government may execute cooperative agreements with the department or other local governments:
(1) to provide for the performance of water quality management, inspection, and enforcement functions and to provide technical aid and educational services to any party to the agreement; and
(2) for the transfer of money or property from any party to the agreement to another party to the agreement for the purpose of water quality management, inspection, enforcement, technical aid and education, and the construction, ownership, purchase, maintenance, and operation of disposal systems.
(b) When in the opinion of the executive director it would facilitate and enhance the performance by a local government of its water quality management, inspection, and enforcement functions pursuant to a cooperative agreement between the local government and the department as authorized in Subsection (a) of this section, the executive director may assign and delegate to the local government during the period of the agreement such of the pertinent powers and functions vested in the department under this chapter as in the judgment of the executive director may be necessary or helpful to the local government in performing those management, inspection, and enforcement functions.
(c) At any time and from time to time prior to the termination of the cooperative agreement, the executive director may modify or rescind any such assignment or delegation.
(d) The executive director shall notify immediately a local government to whom it assigns or delegates any powers and functions pursuant to Subsections (b) and (c) of this section or as to when it modifies or rescinds any such assignment or delegation.

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 26.176. Disposal System Rules
(a) Every local government which owns or operates a disposal system is empowered to and shall, except as authorized in Subsection (c) of this section, enact and enforce rules, ordinances, orders, or resolutions, referred to in this section as rules, to control
and regulate the type, character, and quality of waste which may be discharged to the disposal system and, where necessary, to require pretreatment of waste to be discharged to the system, so as to protect the health and safety of personnel maintaining and operating the disposal system and to prevent unreasonable adverse effects on the disposal system.

(b) The local government in its rules may establish the charges and assessments which may be made to and collected from all persons who discharge waste to the disposal system or who have conduits or other facilities for discharging waste connected to the disposal system, referred to in this subsection as "users." The charges and assessments shall be equitable as between all users and shall correspond as near as can be practically determined to the cost of making the waste disposal services available to all users and of treating the waste of each user or class of users. The charges and assessments may include user charges, connection fees, or any other methods of obtaining revenue from the disposal system available to the local government. In establishing the charges and assessments, the local government shall take into account:

1. the volume, type, character, and quality of the waste of each user or class of users;
2. the techniques of treatment required;
3. any capital costs and debt retirement expenses of the disposal system required to be paid for from the charges and assessments;
4. the costs of operating and maintaining the system to comply with this chapter and the permits, rules, and orders of the department; and
5. any other costs directly attributable to providing the waste disposal service under standard, accepted cost-accounting practices.

(c) A local government may apply to the commission for an exception from the requirements of Subsections (a) and (b) of this section or for a modification of those requirements. The application shall contain the exception or modifications desired, the reasons the exception or modifications are needed, and the grounds authorized in this subsection on which the commission should grant the application. A public hearing on the application shall be held in or near the territorial area of the local government, and notice of the hearing shall be given to the local government. If after the hearing the commission in its judgment determines that the volume, type, character, and quality of the waste of the users of the system or of a particular user or class of users of the system do not warrant the enactment and enforcement of rules containing the requirements prescribed in Subsections (a) and (b) of this section or that the enactment and enforcement of the rules would be impractical or unreasonably burdensome on the local government in relation to the public benefit to be derived, then the commission in its discretion may enter an order granting an exception to those requirements or modifying those requirements in any particular in response to circumstances shown to exist.

(d) At any time and from time to time as circumstances may require, the commission may amend or revoke any order it enters pursuant to Subsection (c) of this section. Before the commission amends or revokes such an order, a public hearing shall be held in or near the territorial area of the local government in question, and notice of the hearing shall be given to the local government. If after the hearing the commission in its judgment determines that the circumstances on which it based the order have changed significantly or no longer exist, the commission may revoke the order or amend it in any particular in response to the circumstances then shown to exist.

(e) In the event of any conflict between the provisions of this section and any other laws or parts of laws, the provisions of this section shall control. [Amended by Acts 1977, 65th Leg., ch. 2207, p. 870, § 1, eff. Sept. 1, 1977.]

§ 26.177. Water Pollution Control Duties of Cities

(a) Every city in this state having a population of 5,000 or more inhabitants shall, and any city of this state may, establish a water pollution control and abatement program for the city. The city shall employ or retain an adequate number of personnel on either a part-time or full-time basis as the needs and circumstances of the city may require, who by virtue of their training or experience are qualified to perform the water pollution control and abatement functions required to enable the city to carry out its duties and responsibilities under this section.

(b) The water pollution control and abatement program of a city shall encompass the entire city and may include areas within its extraterritorial jurisdiction which in the judgment of the city should be included to enable the city to achieve the objectives of the city for the area within its territorial jurisdiction. The city shall include in the program the services and functions which, in the judgment of the city or as may be reasonably required by the commission, will provide effective water pollution control and abatement for the city, including the following services and functions:

1. the development and maintenance of an inventory of all significant waste discharges into or adjacent to the water within the city and, where the city so elects, within the extraterritorial jurisdiction of the city, without regard to whether or not the discharges are authorized by the department;
2. the regular monitoring of all significant waste discharges included in the inventory pre-

(5) “River basins” and “coastal basins” mean the river basins and coastal basins now defined and designated by the Texas Water Development Board as separate units for the purposes of water development and inter-watershed transfers, and as they are made certain by contour maps on file in the offices of the Texas Department of Water Resources, including but not limited to the rivers and their tributaries, streams, water, coastal water, sounds, estuaries, bays, lakes, and portions of them, as well as the lands drained by them.

(6) “Waste” means sewage, industrial waste, municipal waste, recreational waste, agricultural waste, waste heat, or other waste that may cause impairment of the quality of water in the state, including storm waters.

(3) the design, construction, acquisition, or approval of facilities for these purposes.

(b) The powers granted to districts and public agencies by this chapter are additional to and cumulative of the powers granted by other laws. This chapter is full authority for any district or public agency to enter into contracts authorized by it and for any district to authorize and issue bonds under its provisions without reference to the provisions of any other law or charter. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 30.025. Waste Disposal Contracts by District

[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 30.026. Contracts by River Authority
Each river authority may make contracts authorized by this chapter with any person, including any public agency situated wholly or partly inside its boundaries and any public agency situated wholly or partly inside the river basin and any public agency situated wholly or partly inside the coastal basins adjoining its boundaries, but a river authority may not make contracts to serve facilities of a person situated wholly within the boundaries of another river authority or to serve facilities of a person situated wholly within the boundaries of another river authority, except with the consent of the other river authority. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 30.027. Contract With Public Agency
A public agency may make contracts with a district under which the district will make a disposal system available to the public agency and will furnish waste collection, transportation, treatment, and disposal services to the public agency, group of public agencies, or other persons through the district’s disposal system. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

(a) The contract may provide for:

(1) duration of the contract for a specified period or until issued and unissued bonds and refunding bonds of the district are paid;

(2) assuring equitable treatment of parties who contract with the district for waste collection, transportation, treatment, and disposal services from the same disposal system;

(3) requiring the public agency to regulate the quality and strength of waste to be handled by the disposal system;

(4) sale or lease to or use by a district of all or part of a disposal system owned or to be acquired by the public agency;

(5) the district operating all or part of a disposal system owned or to be acquired by the public agency; and

(6) other terms the district or the governing body of the public agency consider appropriate or necessary.

(b) The contract shall specify the method for determining the amounts to be paid by the public agency to the district.

(c) A contract made by a city may provide that the district shall have the right to use the streets, alleys, and public ways and places inside the city during the term of the contract. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 30.029. Continued Use of District Facilities
After amortization of the district’s investment in the disposal system, the public agency is entitled to continued performance of the service during the useful life of the disposal system, on payment of reasonable charges reduced to take into consideration the amortization. [Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff. Sept. 1, 1977.]

§ 30.030. Source of Contract Payments
(a) A public agency may pay for the waste collection, transportation, treatment, and disposal services with income from its waterworks system, sanitary sewer system, or both systems, or its combined water and sanitary sewer system, as prescribed by the contract. In the alternative, a joint board defined as a public agency in Section 30.003, Subdivision (3), may pay for these services from any revenue or other funds within its control specified in the contract if the city councils of the cities which created the joint board approve, by ordinance, the contract between the joint board and the district. These payments constitute an operating expense of each system whose revenue is so used.

(b) The obligation of contract payments on the income of the public agency’s water system is subordinate to the obligation imposed by any bonds that are payable solely from the water system net revenue and that are outstanding at the time the contract is made, unless the ordinance or resolution
authorizing the bonds expressly reserved the right to
give the contract payments a priority over the bond
requirements.

(c) If a public agency having taxing power holds
an election substantially according to the applicable
provisions of Chapter 1, Title 22, Revised Civil Stat­
utes of Texas, 1925, as amended,1 relating to the
issuance of bonds by cities and it is determined that
the public agency is authorized to levy an ad valo­
rem tax to make all or part of the payments under a
contract with a district, then the contract is an
obligation against the taxing power of the public
agency to the extent authorized, and payments un­
der the contract may be payable from and constitute
solely an obligation against the taxing powers of the
city or may be payable both from taxes and from
revenue prescribed in the contract. Otherwise, nei­
ther the district nor the holders of the district’s
bonds are entitled to demand payment of the public
agency’s obligation out of any tax revenue.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff.
Sept. 1, 1977.]

§ 30.031. Rates

(a) When all or part of the payments under a
contract are to be made from revenue of the
waterworks system, sanitary sewer system, both systems,
or a combination of both systems, the public agency
shall establish, maintain, and periodically adjust the
rates charged for services of the systems, so that the
revenue, along with any taxes levied in support of
the indebtedness, will be sufficient to pay:

(1) the expenses of operating and maintaining
the systems;
(2) the obligations to the district under the
contract; and
(3) the obligations of bonds that are secured
by revenue of the systems.

(b) The contract may require the use of consulting
engineers and financial experts to advise the public
agency on the need for adjusting rates.

(c) Notwithstanding any provision of this chapter
or any other law to the contrary, a district may use
the proceeds of bonds issued for the purpose of
constructing a waste disposal system or systems, and
payable wholly or in part from ad valorem taxes, for
the purchase of capacity in, or a right to have the
wastes of the district treated in, a waste collection,
treatment, or disposal system and facilities owned or
to be owned exclusively or in part by another public
agency, and a district may issue bonds payable wholly
or in part from ad valorem taxes specifically for
such purpose if a majority of the resident electors of
the district have authorized the governing body of the
district to issue bonds for that purpose or for the
purpose of constructing a waste disposal system or
systems. The bonds shall be issued in accordance
with the provisions of, and shall be subject to the
same terms and conditions of, the laws authorizing
the district to issue bonds for the purpose of con­
structing waste collection, treatment, and disposal
systems, except as otherwise provided in this subsec­tion.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff.
Sept. 1, 1977.]

§ 30.032. Service to More Than One Public Agen­
cy

A contract or group of contracts may provide for
the district to render services concurrently to more
than one person through constructing and operating
a disposal system and may provide that the cost of
these services be allocated among the persons as
provided in the contract or group of contracts.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff.
Sept. 1, 1977.]

§ 30.033. Property Acquired by Condemnation or
Otherwise

(a) To accomplish the purposes of this chapter, a
district may acquire by purchase, lease, gift, or in
any other manner all or any interest in property
inside or outside the boundaries of the district and
may own, maintain, use, and operate it.

(b) To accomplish the purposes of the chapter, a
district may exercise the power of eminent domain
to acquire all or any interest in property inside or
outside the boundaries of the district. The power
shall be exercised according to the laws applicable or
available to the district.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff.
Sept. 1, 1977.]

If a district makes necessary the relocating, rais­
ing, rerouting, changing the grade of, or altering the
construction of any highway, railroad, electric trans­
mission line, pipeline, or telephone or telegraph prop­
erties or facilities in the exercise of powers granted
under this chapter, the district shall pay all of the
actual cost of the relocating, raising, rerouting,
changing in grade, or altering of construction and
shall pay all of the actual cost of providing com­
parable replacement of facilities without enhancement,
less the net salvage value of the facilities.
[Amended by Acts 1977, 65th Leg., p. 2207, ch. 870, § 1, eff.
Sept. 1, 1977.]

§ 30.035. Elections

No election is required for the exercise of any
power under this chapter except for the tax levy as
provided by Section 30.030(c) of this code.

The Red River Compact reads as follows:

"PREAMBLE"

"The States of Arkansas, Louisiana, Oklahoma, and Texas, pursuant to the acts of their respective Governors or legislatures, or both, being moved by considerations of interstate comity, have resolved to compact with respect to the water of the Red River and its tributaries. By Act of Congress, Public Law No. 346 (84th Congress, First Session), the consent of the United States has been granted for said states to negotiate and enter into a compact providing for an equitable apportionment of such water; and pursuant to that Act the President has designated the representative of the United States.

"Further, the consent of Congress has been given for two or more states to negotiate and enter into agreements relating to water pollution control by the provisions of the Federal Water Pollution Control Act (P.L. 92-500, 33 U.S.C. Subsection 1251 et seq.).

"The Signatory States acting through their duly authorized Compact Commissioners, after several years of negotiations, have agreed to an equitable apportionment of the water of the Red River and its tributaries and do hereby submit and recommend that this compact be adopted by the respective legislatures and approved by Congress as hereinafter set forth:

"ARTICLE I"

"PURPOSES"

"§ 1.01. The principal purposes of this Compact are:

"(a) To promote interstate comity and remove causes of controversy between each of the affected states by governing the use, control and distribution of the interstate water of the Red River and its tributaries;

"(b) To provide an equitable apportionment among the Signatory States of the water of the Red River and its tributaries;

"(c) To promote an active program for the control and alleviation of natural deterioration and pollution of the water of the Red River Basin and to provide for enforcement of the laws related thereto;

"(d) To provide the means for an active program for the conservation of water, protection of lives and property from floods, improvement of water quality, development of navigation and regulation of flows in the Red River Basin; and

"(e) To provide a basis for state or joint state planning and action by ascertaining and identifying each state's share in the interstate water of the Red River Basin and the apportionment thereof."

"ARTICLE II"

"GENERAL PROVISIONS"

"§ 2.01. Each Signatory State may use the water allocated to it by this Compact in any manner deemed beneficial by that state. Each state may freely administer water rights and uses in accordance with the laws of that state, but such uses shall be subject to the availability of water in accordance with the apportionments made by this Compact.

"§ 2.02. The use of water by the United States in connection with any individual Federal project shall be in accordance with the Act of Congress authorizing the project and the water shall be charged to the state or states receiving the benefit therefrom.

"§ 2.03. Any Signatory State using the channel of Red River or its tributaries to convey stored water shall be subject to an appropriate reduction in the amount which may be withdrawn at the point of removal to account for transmission losses.

"§ 2.04. The failure of any state to use any portion of the water allocated to it shall not constitute relinquishment or forfeiture of the right to such use.

"§ 2.05. Each Signatory State shall have the right to:

"(a) Construct conservation storage capacity for the impoundment of water allocated by this Compact;

"(b) Replace within the same area any storage capacity recognized or authorized by this Compact made unusable by any cause, including losses due to sediment storage;

"(c) Construct reservoir storage capacity for the purposes of flood and sediment control as well as storage of water which is either imported or is to be exported if such storage does not adversely affect the delivery of water apportioned to any other Signatory State; and

"(d) Use the bed and banks of the Red River and its tributaries to convey stored water, imported or exported water, and water apportioned according to this Compact.

"§ 2.06. Signatory States may cooperate to obtain construction of facilities of joint benefits to such states."
§ 2.07. Nothing in this Compact shall be deemed to impair or affect the powers, rights, or obligations of the United States, or those claiming under its authority, in, over and to water of the Red River Basin.

§ 2.08. Nothing in this Compact shall be construed to include within the water apportioned by this Compact any water consumed in each state by livestock or for domestic purposes; provided, however, the storage of such water is in accordance with the laws of the respective states but any such impoundment shall not exceed 200 acre-feet, or such smaller quantity as may be provided for by the laws of each state.

§ 2.09. In the event any state shall import water into the Red River Basin from any other river basin, the Signatory State making the importation shall have the use of such imported water.

§ 2.10. Nothing in this Compact shall be deemed to:

(a) Interfere with or impair the right or power of any Signatory State to regulate within its boundaries the appropriation, use, and control of water, or quality of water, not inconsistent with its obligations under this Compact;

(b) Repeal or prevent the enactment of any legislation or the enforcement of any requirement by any Signatory State imposing any additional conditions or restrictions to further lessen or prevent the pollution or natural deterioration of water within its jurisdiction; provided nothing contained in this paragraph shall alter any provision of this Compact dealing with the apportionment of water or the rights thereto; or

(c) Waive any state's immunity under the Eleventh Amendment of the Constitution of the United States, or as constituting the consent of any state to be sued by its own citizens.

§ 2.11. Accounting for apportionment purposes on interstate streams shall not be mandatory under the terms of the Compact until one or more affected states deem the accounting necessary.

§ 2.12. For the purposes of apportionment of the water among the Signatory States, the Red River is hereby divided into the following major subdivisions:

(a) Reach I—the Red River and tributaries from the New Mexico-Texas State boundary to Denison Dam;

(b) Reach II—the Red River from Denison Dam to the point where it crosses the Arkansas-Louisiana state boundary and all tributaries which contribute to the flow of the River within this reach;

(c) Reach III—the tributaries west of the Red River which cross the Texas-Louisiana state boundary, the Arkansas-Louisiana state boundary, and those which cross both the Texas-Arkansas state boundary and the Arkansas-Louisiana state boundary.

(d) Reach IV—the tributaries east of the Red River in Arkansas which cross the Arkansas-Louisiana state boundary; and

(e) Reach V—that portion of the Red River and tributaries in Louisiana not included in Reach III or in Reach IV.

§ 2.13. If any part or application of this Compact shall be declared invalid by a court of competent jurisdiction, all other severable provisions and applications of this Compact shall remain in full force and effect.

§ 2.14. Subject to the availability of water in accordance with this Compact, nothing in this Compact shall be held or construed to alter, impair, or increase, validate, or prejudice any existing water right or right of water use that is legally recognized on the effective date of this Compact by either statutes or courts of the Signatory State within which it is located.

(b) The State of Texas shall have the free and unrestricted use of the water of this subbasin.

"§ 5.05. Subbasin 5—Mainstem of the Red River and tributaries.

(a) This subbasin includes that portion of the Red River, together with its tributaries, from Denison Dam down to the Arkansas-Louisiana state boundary, excluding all tributaries included in the other four subbasins of Reach II.
"(b) Water within this subbasin is allocated as follows:

"(1) The Signatory States shall have equal rights to the use of run-off originating in subbasin 5 and undesignated water flowing into subbasin 5, so long as the flow of the Red River at the Arkansas-Louisiana state boundary is 3,000 cubic feet per second or more, provided no state is entitled to more than 25 percent of the water in excess of 3,000 cubic feet per second.

"(2) Whenever the flow of the Red River at the Arkansas-Louisiana state boundary is less than 3,000 cubic feet per second, but more than 1,000 cubic feet per second, the States of Arkansas, Oklahoma, and Texas shall allow to flow into the Red River for delivery to the State of Louisiana a quantity of water equal to 40 percent of the total weekly run-off originating in subbasin 5 and 40 percent of undesignated water flowing into subbasin 5; provided, however, that this requirement shall not be interpreted to require any state to release stored water.

"(3) Whenever the flow of the Red River at the Arkansas-Louisiana state boundary falls below 1,000 cubic feet per second, the States of Arkansas, Oklahoma, and Texas shall allow a quantity of water equal to all the weekly run-off originating in subbasin 5 and all undesignated water flowing into subbasin 5 within their respective states to flow into the Red River as required to maintain a 1,000 cubic foot per second flow at the Arkansas-Louisiana state boundary.

"(c) Whenever the flow at Index, Arkansas, is less than 526 c.f.s., the states of Oklahoma and Texas shall each allow a quantity of water equal to 40 percent of the total weekly run-off originating in subbasin 5 within their respective states to flow into the Red River; provided however, this provision shall be invoked only at the request of Arkansas, only after Arkansas has ceased all diversions from the Red River itself in Arkansas above Index, and only if the provisions of Sub-sections 5.05(b)(2) and (3) have not caused a limitation of diversions in subbasin 5.

(a) This subbasin includes the Texas portion of all tributaries crossing the Texas-Louisiana state boundary one or more times and flowing into Caddo Lake, Cypress Creek-Twelve Mile Bayou or Cross Lake, as well as the Louisiana portion of such tributaries.

(b) Texas and Louisiana within their respective boundaries shall each have the unrestricted use of the water of this subbasin subject to the following allocation:

(1) Texas shall have the unrestricted right to all water above Marshall, Lake O’ the Pines, and Black Cypress damsites; however, Texas shall not cause runoff to be depleted to a quantity less than that which would have occurred with the full operation of Franklin County, Titus County, Ellison Creek, Johnson Creek, Lake O’ the Pines, Marshall, and Black Cypress Reservoirs constructed, and those other impoundments and diversions existing on the effective date of this Compact. Any depletions of runoff in excess of the depletions described above shall be charged against Texas’ apportionment of the water in Caddo Reservoir.

(2) Texas and Louisiana shall each have the unrestricted right to use fifty (50) percent of the conservation storage capacity in the present Caddo Lake for the impoundment of water for state use, subject to the provision that supplies for existing uses of water from Caddo Lake, on date of Compact, are not reduced.

(3) Texas and Louisiana shall each have the unrestricted right to fifty (50) percent of the conservation storage capacity of any future enlargement of Caddo Lake, provided, the two states may negotiate for the release of each state’s share of the storage space on terms mutually agreed upon by the two states after the effective date of this Compact.

(4) Inflow to Caddo Lake from its drainage area downstream from Marshall, Lake O’ the Pines, and Black Cypress damsites and downstream from other last downstream dams in existence on the date of the signing of the Compact document by the Compact Commissioners, will be allowed to continue flowing into Caddo Lake except that any manmade depletions to this inflow by Texas will be subtracted from the Texas share of the water in Caddo Lake.

(c) In regard to the water of interstate streams which do not contribute to the inflow to Cross Lake or Caddo Lake, Texas shall have the unrestricted right to divert and use this water on the basis of a division of runoff above the state boundary of sixty (60) percent to Texas and forty (40) percent to Louisiana.

(d) Texas and Louisiana will not construct improvements on the Cross Lake watershed in either state that will affect the yield of Cross Lake; provided, however, this subsection shall be subject to the provisions of Section 2.08.

(a) This subbasin includes that area of Louisiana in Reach III not included within any other subbasin.

(b) Louisiana shall have free and unrestricted use of the water of this subbasin.

(b) Arkansas is apportioned the waters of this subbasin and shall have unrestricted use thereof.

§ 7.02. Subbasin 2—Interstate Streams—Arkansas and Louisiana.

(a) This subbasin shall consist of Reach IV less subbasin 1 as defined in Section 7.01(a) above.
“(b) The State of Arkansas shall have free and unrestricted use of the water of this reach subject to the limitation that Arkansas shall allow a quantity of water equal to forty (40) percent of the weekly runoff originating below or flowing from the last downstream major damsite to flow into Louisiana. Where there are no designated last downstream damsites, Arkansas shall allow a quantity of water equal to forty (40) percent of the total weekly runoff originating above the state boundary to flow into Louisiana. Use of water in this subbasin is subject to low flow provisions of subparagraph 7.02(b).

“§ 7.03. Special Provisions.

“(a) Arkansas may use the beds and banks of segments of Reach IV for the purpose of conveying its share of water to designated downstream diversions.

“(b) The State of Arkansas does not guarantee to maintain a minimum low flow for Louisiana in Reach IV. However, on the following streams when the use of water in Arkansas reduces the flow at the Arkansas-Louisiana state boundary to the following amounts:

“(1) Ouachita—780 cfs
“(2) Bayou Bartholomew—80 cfs
“(3) Boeuf River—40 cfs
“(4) Bayou Macon—40 cfs

the state of Arkansas pledges to take affirmative steps to regulate the diversions of runoff originating or flowing into Reach IV in such a manner as to permit an equitable apportionment of the runoff as set out herein to flow into the State of Louisiana. In its control and regulation of the water of Reach IV any adjudication or order rendered by the State of Arkansas or any of its instrumentalities or agencies affecting the terms of this Compact shall not be effective against the State of Louisiana nor any of its citizens or inhabitants until approved by the Commission.

“APPORTIONMENT OF WATER—REACH V

“§ 8.01. Reach V of the Red River consists of the mainstem Red River and all of its tributaries lying wholly within the State of Louisiana. The State of Louisiana shall have free and unrestricted use of the water of this subbasin.

“ARTICLE IX

“ADMINISTRATION OF THE COMPACT

“§ 9.01. There is hereby created an interstate administrative agency to be known as the ‘Red River Compact Commission,’ hereinafter called the ‘Commission.’ The Commission shall be composed of two representatives from each Signatory State who shall be designated or appointed in accordance with the laws of each state, and one Commissioner representing the United States, who shall be appointed by the President. The Federal Commissioner shall be the Chairman of the Commission but shall not have the right to vote. The failure of the President to appoint a Federal Commissioner will not prevent the operation or effect of this Compact, and the eight representatives from the Signatory States will elect a Chairman for the Commission.

“§ 9.02. The Commission shall meet and organize within 60 days after the effective date of this Compact. Thereafter, meetings shall be held at such times and places as the Commission shall decide.

“§ 9.03. Each of the two Commissioners from each state shall have one vote; provided, however, that if only one representative from a state attends he is authorized to vote on behalf of the absent Commissioner from that state. Representatives from three states shall constitute a quorum. Any action concerned with administration of this Compact or any action requiring compliance with specific terms of this Compact shall require six concurring votes. If a proposed action of the Commission affects existing water rights in a state, and that action is not expressly provided for in this Compact, eight concurring votes shall be required.

“§ 9.04.

“(a) The salaries and personal expenses of each state’s representative shall be paid by the government that it represents, and the salaries and personal expenses of the Federal Commissioner will be paid by the United States.

“(b) The Commission’s expenses for any additional stream flow gaging stations shall be equitably apportioned among the states involved in the reach in which the stream flow gaging stations are located.

“(c) All other expenses incurred by the Commission shall be borne equally by the Signatory States and shall be paid by the Commission out of the ‘Red River Compact Commission Fund.’ Such Fund shall be initiated and maintained by equal payments of each state into the fund. Disbursement shall be made from the fund in such manner as may be authorized by the Commission. Such fund shall not be subject to audit and accounting procedures of the state; however, all receipts and disbursements of the fund by the Commission shall be audited by a qualified independent public accountant at regular intervals, and the report of such audits shall be included in and become a part of the

annual report of the Commission. Each state shall have the right to make its own audit of the accounts of the Commission at any reasonable time.

"ARTICLE X
"POWERS AND DUTIES OF THE COMMISSION

"§ 10.01. The Commission shall have the power to:

(a) Adopt rules and regulations governing its operation and enforcement of the terms of the Compact;
(b) Establish and maintain an office for the conduct of its affairs and, if desirable, from time to time, change its location;
(c) Employ or contract with such engineering, legal, clerical and other personnel as it may determine necessary for the exercise of its functions under this Compact without regard to the Civil Service Laws of any Signatory State; provided that such employees shall be paid by and be responsible to the Commission and shall not be considered employees of any Signatory State.
(d) Acquire, use and dispose of such real and personal property as it may consider necessary;
(e) Enter into contracts with appropriate State or Federal agencies for the collection, correlation and presentation of factual data, for the maintenance of records and for the preparation of reports;
(f) Secure from the head of any department or agency of the Federal or State government such information as it may need or deem to be useful for carrying out its functions and as may be available to or procurable by the department or agency to which the request is addressed; provided such information is not privileged and the department or agency is not precluded by law from releasing same;
(g) Make findings, recommendations or reports in connection with carrying out the purposes of this Compact, including, but not limited to, a finding that a Signatory State is or is not in violation of any of the provisions of this Compact. The Commission is authorized to make such investigations and studies, and to hold such hearings as it may deem necessary for said purposes. It is authorized to make and file official certified copies of any of its findings, recommendations or reports with such officers or agencies of any Signatory State, or the United States, as may have any interest in or jurisdiction over the subject matter. The making of findings, recommendations, or reports by the Commission shall not be a condition precedent to the instituting or maintaining of any action or proceeding of any kind by a Signatory State in any court or tribunal, or before any agency or officer, for the protection of any right under this Compact or for the enforcement of any of its provisions; and
(h) Print or otherwise reproduce and distribute its proceedings and reports.

"§ 10.02. The Commission shall:

(a) Cause to be established, maintained, and operated such stream, reservoir and other gauging stations as are necessary for the proper administration of the Compact;
(b) Cause to be collected, analyzed and reported such information on stream flows, water quality, water storage and such other data as are necessary for the proper administration of the Compact;
(c) Perform all other functions required of it by the Compact and do all things necessary, proper and convenient in the performance of its duties thereunder;
(d) Prepare and submit to the governor of each of the Signatory States a budget covering the anticipated expenses of the Commission for the following fiscal biennium;
(e) Prepare and submit an annual report to the governor of each Signatory State and to the President of the United States covering the activities of the Commission for the preceding fiscal year, together with an accounting of all funds received and expended by it in the conduct of its work;
(f) Make available to the governor or to any official agency of a Signatory State or to any authorized representative of the United States, upon request, any information within its possession;
(g) Not incur any obligation in excess of the unencumbered balance of its funds, nor pledge the credit of any of the Signatory States; and
(h) Make available to a Signatory State or the United States in any action arising under this Compact, without subpoena, the testimony of any officer or employee of the Commission having knowledge of any relevant facts.

"ARTICLE XI
"POLLUTION

"§ 11.01. The Signatory States recognize that the increase in population and the growth of industrial, agricultural, mining and other activities combined with natural pollution sources may lead to a diminution of the quality of water in the Red River Basin which may render the water harmful or injurious to the health and welfare of the people and
impair the usefulness or public enjoyment of the water for beneficial purposes, thereby resulting in adverse social, economic, and environmental impacts.

"§ 11.02. Although affirming the primary duty and responsibility of each Signatory State to take appropriate action under its own laws to prevent, diminish, and regulate all pollution sources within its boundaries which adversely affect the water of the Red River Basin, the states recognize that the control and abatement of the naturally-occurring salinity sources as well as, under certain circumstances, the maintenance and enhancement of the quality of water in the Red River Basin may require the cooperative action of all states.

"§ 11.03. The Signatory States agree to cooperate with agencies of the United States to devise and effectuate means of alleviating the natural deterioration of the water of the Red River Basin.

"§ 11.04. The Commission shall have the power to cooperate with the United States, the Signatory States and other entities in programs for abating and controlling pollution and natural deterioration of the water of the Red River Basin, and to recommend reasonable water quality objectives to the states.

"§ 11.05. Each Signatory State agrees to maintain current records of waste discharges into the Red River Basin and the type and quality of such discharges, which records shall be furnished to the Commission upon request.

"§ 11.06. Upon receipt of a complaint from the governor of a Signatory State that the interstate water of the Red River Basin in which it has an interest are being materially and adversely affected by pollution and that the state in which the pollution originates has failed after reasonable notice to take appropriate abatement measures, the Commission shall make such findings as are appropriate and thereafter provide such findings to the governor of the state in which such pollution originates and request appropriate corrective action. The Commission, however, shall not take any action with respect to pollution which adversely affects only the state in which such pollution originates.

"§ 11.07. In addition to its other powers set forth under this Article, the Commission shall have the authority, upon receipt of six concurring votes, to utilize applicable Federal statutes to institute legal action in its own name against the person or entity responsible for interstate pollution problems; provided, however, sixty (60) days before initiating legal action the Commission shall notify the Governor of the state in which the pollution source is located to allow that state an opportunity to initiate action in its own name.

"§ 11.08. Without prejudice to any other remedy available to the Commission, or any Signatory State, any state which is materially and adversely affected by the pollution of the water of the Red River Basin by pollution originating in another Signatory State may institute a suit against any individual, corporation, partnership, or association, or against any Signatory State or political or governmental subdivision thereof, or against any officer, agency, department, bureau, district or instrumentality of or in any Signatory State contributing to such pollution in accordance with applicable Federal statutes. Nothing herein shall be construed as depriving any persons of any rights of action relating to pollution which such person would have if this Compact had not been made.

"ARTICLE XII
"TERMINATION AND AMENDMENT OF COMPACT

"§ 12.01. This Compact may be terminated at any time by appropriate action of the legislatures of all of the four Signatory States. In the event of such termination, all rights established under it shall continue unimpaired.

"§ 12.02. This Compact may be amended at any time by appropriate action of the legislatures of all Signatory States that are affected by such amendment. The consent of the United States Congress must be obtained before any such amendment is effective.

"ARTICLE XIII
"RATIFICATION AND EFFECTIVE DATE OF COMPACT

"§ 13.01. Notice of ratification of this Compact by the legislature of each Signatory State shall be given by the governor thereof to the governors of each of the other Signatory States and to the President of the United States. The President is hereby requested to give notice to the governors of each of the Signatory States of the consent to this Compact by the Congress of the United States.

"§ 13.02. This Compact shall become effective, binding and obligatory when, and only when:

"(a) It has been duly ratified by each of the Signatory States; and

"(b) It has been consented to by an Act of the Congress of the United States, which Act provides that:

§ 47.011. Text of Compact
The Caddo Lake Compact reads as follows:

"CADDO LAKE COMPACT
PREAMBLE
The States of Louisiana and Texas, by acts of their respective legislatures, and based upon previous acts of their legislatures, have appointed representatives, including their respective Red River Compact Commissioners, to negotiate, in the interest of interstate comity and equitable apportionment and use of water, a Compact on Caddo Lake to augment and amplify the provisions of the Red River Compact dealing with Caddo Lake.

The Act of Congress, Public Law No. 346 (84th Congress, First Session), grants consent of federal government to the negotiation of this Compact; pursuant to that act, the President has designated the representative of the United States.

Because the water and water rights of the States of Oklahoma and Arkansas under the Red River Compact are completely unaffected by this Compact, Oklahoma and Arkansas have no objection to this Compact and did not participate in the negotiation of this Compact.

In order to resolve current controversies regarding the use of Caddo Lake water, controversies not adequately dealt with in the Red River Compact, the States of Texas and Louisiana, acting through their authorized representatives, have agreed to an equitable apportionment and use of the water of Caddo Lake and do hereby submit this Compact to amplify the Red River Compact and recommend that it be adopted by their respective legislatures and approved by Congress as hereinafter set forth:

Sec. 1. Purposes
In addition to the purposes specified in the Red River Compact, this compact is intended to preserve and protect Caddo Lake as a valuable environmental, cultural and natural resource and enhance water resource and recreational potentials, while allowing its utilization for water needs of adjacent portions of Louisiana and Texas. A primary means of accomplishing these purposes is to raise the spillway elevation of Caddo Lake to an elevation of 170.5 feet above mean sea level.

Nothing in this Compact shall be deemed to impair or affect the powers, rights, or obligations of the United States or those claiming under its authority in, over, and to water of Caddo Lake; nor shall this Compact be construed as interfering with the application of the National Environmental Policy Act of 1969.1

1 42 U.S.C.A. § 4321 et seq.
§ 47.011  WATER CODE  1526

Sec. 2. Relation to the Red River Compact

(a) This compact augments and amplifies the Red River Compact. It shall be construed harmoniously with the Red River Compact; it is not intended to amend, replace, or supersede any provisions of the Red River Compact, nor are any of the provisions of the Red River Compact intended to prevent the effective implementation of this Compact.

(b) In the event the Red River Compact is not enacted by all concerned states and ratified by Congress, or in the event that such action occurs after the effective date of this Compact, this Compact shall be fully effective pursuant to the provisions of Section 9.

Sec. 3. Dedication

The States of Louisiana and Texas hereby dedicate the water of Caddo Lake below 167.5 feet above mean sea level, to serve as a recreation and navigation pool. Neither Louisiana nor Texas shall allow the diversion or consumptive use of the water of Caddo Lake below that level except as authorized in this Compact.

Sec. 4. Diversion of Dedicated Water

(a) In order to divert water when the level of Caddo Lake is below 167.5 feet above mean sea level, any water user diverting more than 1,000 gallons per day from Caddo Lake must submit water use plans to the Caddo Lake Commission providing for conservation and efficient use of water.

(b) The Caddo Lake Commission shall authorize users with approved water use plans to divert water from Caddo Lake when the lake level is below 167.5 feet above mean sea level, at times and under conditions authorized by the Caddo Lake Commission. The Caddo Lake Commission shall give priority to domestic users, municipalities or municipal use by political subdivisions and industries, in that order.

(c) In the event any user of water from Caddo Lake shall purchase water which is delivered into Caddo Lake from another source, that user making the purchase shall have the use of such purchased water, minus transportation or storage losses if any, as determined by the Commission, free from the regulation of the Caddo Lake Commission.

Sec. 5. Operating Rules

As provided in Section 7, the Caddo Lake Commission shall have the power to establish operating criteria to govern the diversion and use of water from Caddo Lake. Unless modified, supplemented or changed by the Caddo Lake Commission, the following rules shall govern the diversion and use of water from Caddo Lake.

(a) The following operating rules shall be in effect until Caddo Lake is enlarged by raising the spillway level as provided in Section 8.

1. Whenever water is spilling over the existing spillway at 168.5 feet above mean sea level, each state may withdraw or divert water from Caddo Lake without restriction.

2. Whenever Caddo Lake is not spilling over the existing spillway at 168.5 feet above mean sea level, the total consumptive use by each state shall not exceed 8,400 acre-feet during the drawdown period; provided that neither state shall divert more than 3,600 acre-feet during any one month or 4,800 acre-feet during any two consecutive months.

3. In addition to the requirements of Section 5(a)(2), when the lake level of Caddo Lake is at or below 167.5 feet above mean sea level,

(a) Any diversion by either state must be approved by the Caddo Lake Commission, as provided in Section 4; and,

(b) The total consumptive use by each state shall not exceed an average of 1,000 acre-feet per month, or more than 3,000 acre-feet during any two consecutive months; however,

(c) The limitations above shall not apply to a municipality or political subdivision during an emergency caused by the destruction or contamination of the municipality's or political subdivision's other water source.

(b) The following operating rules shall be in effect after Caddo Lake is enlarged by raising the spillway level as provided in Section 8.

1. Whenever water is spilling over the raised spillway level, each state may withdraw or divert water from Caddo Lake without restriction.

2. Whenever Caddo Lake is not spilling over the raised spillway, and the lake surface elevation is above 167.5 feet above mean sea level,

(a) If each state obtains 50% of the water above 168.5 feet above mean sea level, as authorized in Section 8, each state shall be entitled to divert 16,800 acre-feet during a drawdown period.

(b) If each state does not obtain 50% of the water above 168.5 feet above mean sea level, as authorized in Section 8, the total consumptive use by that state shall not be reduced below the amount of water to which it was entitled under Section 5(a).

3. Whenever Caddo Lake is at or below 167.5 feet above mean sea level, no diversions from Caddo Lake may be made except in the case of a catastrophic event (such as destruction of a municipality or political subdivision's other water supply source or a drawdown which is more severe than...
Sec. 6. Administration

(a) There is hereby created an interstate administrative agency to be known as the 'Caddo Lake Commission,' also referred to herein as the 'Commission.' It shall be composed of the Commissioners of Louisiana and Texas who serve as Red River Compact Commissioners and an appointed commissioner from each state who resides within one of the parishes or counties in which Caddo Lake is located. The Commissioners shall choose one member of the Commission to serve as a voting chairman. In the event this Compact becomes effective prior to, or without, the Red River Compact, the Governors of Texas and Louisiana shall each appoint three Commissioners to serve as Caddo Lake Commissioners. These Commissioners, or their successors, shall serve until the Red River Compact becomes effective and the offices of the nonlocal commissioners are assumed by the states' Red River Compact Commissioners.

(b) The Commission shall meet and organize within sixty (60) days after the effective date of this Compact. Thereafter, meetings shall be held at such times and places as the Commission shall decide.

(c) Each Commissioner shall have one vote; however, if one or more commissioners from a state is absent, the Commissioner(s) in attendance from that state is authorized to vote on behalf of the absent Commissioner(s) from that state. Any action concerning the administration of this Compact shall require four votes.

(d) The salaries and personal expenses of each state's Commissioners shall be paid by that state.

(e) All expenses incurred by the Commission shall be borne equally by the States of Louisiana and Texas and shall be paid by the Commission out of the 'Caddo Lake Commission Fund.' Such fund shall be initiated and maintained by equal payments of each state into the fund. Disbursements shall be made from the fund in such a manner as may be authorized by the Commission. Such fund shall not be subject to audit and accounting procedures of either state; however, all receipts and disbursements of the fund by the Commission shall be audited by a qualified independent public accountant at regular intervals, and the report of such audits shall be included in and become part of the annual report of the Commission. Each state shall have the right to make its own audit of the accounts of the Commission at any reasonable time.

Sec. 7. Duties and Powers

(a) The Commission shall have the power to:

1. Adopt rules and regulations governing its operation and enforcement of the terms of the Compact;

2. Establish and maintain an office for the conduct of its affairs and, if desirable, from time to time, change its location;

3. Employ or contract with such engineering, legal, clerical and other personnel as it may determine necessary for the exercise of its functions under this Compact without regard to the Civil Service Laws of Louisiana or Texas; provided that such employees shall be paid by and be responsible to the Commission and shall not be considered employees of any state;

4. Acquire, use and dispose of such real and personal property as it may consider necessary;

5. Enter into contracts with appropriate state or federal agencies for the collection, correlation and presentation of factual data, for the maintenance of records and for the preparation of reports;

6. Secure from the head of any department or agency of the federal or state government such information as it may need or deem to be useful for carrying out its functions and as may be available to or procurable by the department or agency to which the request is addressed; provided such information is not privileged and the department or agency is not precluded by law from releasing same;

7. Make findings, recommendations or reports in connection with carrying out the purposes of this Compact, including, but not limited to, a finding that Louisiana or Texas is or is not in violation of any of the provisions of this Compact. The Commission is authorized to make such investigations and studies, and to hold such hearings as it may deem necessary for said purposes. It is authorized to make and file official certified copies of any of its findings, recommendations or reports with such officers or agencies of Louisiana or Texas or the United States, as may have any interest in or jurisdiction over the subject matter. The making of findings, recommendations, or reports by the Commission shall not be a condition precedent to the instituting or maintaining of any action or proceeding of any kind by Louisiana or
Texas, in any court or tribunal, or before any agency or officer, for the protection of any right under this Compact or for the enforcement of any of its provisions; and

(8) Print or otherwise reproduce and distribute its proceedings and reports.

(b) The Commission shall:

(1) Cause to be established, maintained, and operated such stream, reservoir and other gaging stations as are necessary for the proper administration of the Compact;

(2) Cause to be collected, analyzed and reported such information on stream flows, water quality, water storage and such other data as are necessary for the proper administration of the Compact;

(3) Adopt reasonable standards and criteria for the approval of water use plans required by Section 4, and procedures for the submission thereof;

(4) Establish operating criteria to govern the diversion and use of water from Caddo Lake;

(5) Perform all other functions required of it by the Compact and do all things necessary, proper and convenient in the performance of its duties thereunder;

(6) Prepare and submit to the Governors of Louisiana and Texas a budget covering the anticipated expenses of the Commission for the following fiscal year or biennium;

(7) Prepare and submit an annual report to the Governors of Louisiana and Texas and to the President of the United States covering the activities of the Commission for the preceding fiscal year, together with an accounting of all funds received and expended by it in the conduct of its work;

(8) Make available to the governor or to any official agency of Louisiana or Texas or to any authorized representative of the United States, upon request, any information within its possession;

(9) Not incur any obligation in excess of the unencumbered balance of its funds, nor pledge the credit of Louisiana or Texas; and

(10) Make available to Louisiana or Texas or the United States in any action arising under this Compact, without subpoena, the testimony of any officer or employee of the Commission having knowledge of any relevant facts.

Sec. 8. Enlargement of Caddo Lake

(a) It is the intention of Louisiana and Texas to enlarge Caddo Lake by raising the spillway level two feet. Each state has the guaranteed right to obtain 50% of the water above 168.5 feet above mean sea level made available from such an enlargement, subject to paying one-half of the total costs. Total costs of enlargement are equal to the sum of the cost of spillway construction, the cost of land and flowage easements in Texas, the current market value of land and flowage easements in Louisiana, as well as the administrative expenses incurred for each of the above listed items.

(b) Each state may obtain a proportionately larger share of the water resulting from the enlargement by paying the portion of the cost which would otherwise be paid by the other state under Section 8(a).

(c) Should Louisiana, or one of its political subdivisions, unilaterally raise the Caddo Lake spillway level without obtaining flowage easements in Texas, Louisiana would have the right to all water made available by the enlargement; provided, however, this provision constitutes an express waiver of any sovereign immunity or Eleventh Amendment defenses which might otherwise be available to the State of Louisiana in an action for damages by a Caddo Lake property owner in Texas for damage resulting from such action.

(d) This section does not prevent the enlargement of Caddo Lake by raising the spillway level some amount less than two feet, nor does it prevent a subsequent enlargement of Caddo Lake which might ultimately raise the level of Caddo Lake's spillway more than two feet.

Sec. 9. Ratification and Effective Date of Compact

(a) Notice of ratification of this Compact by the Legislatures of Louisiana and Texas shall be given by the Governor thereof to the Governor of the other state and to the President of the United States. The President is hereby requested to give notice to the Governors of Texas and Louisiana of the consent to this Compact by the Congress of the United States.

(b) This Compact shall become effective, binding and obligatory when, and only when:

(1) It has been duly ratified by Louisiana and Texas;

(2) The Red River Compact has been duly ratified by the State of Texas; and

(3) It has been consented to by an Act of the Congress of the United States, which Act provides that:

Any other statute of the United States to the contrary notwithstanding, in any case or controversy:

which involves the construction or application of this Compact; in which Louisiana or Texas is a plaintiff; and

which is within the judicial power of the United States as set forth in the Constitution of the United States;
and without any requirement, limitation or regard as to the sum or value of the matter in controversy, or of the place of residence or citizenship of, or of the nature, character or legal status of, any of the other proper parties plaintiff or defendant in such case or controversy:

The consent of Congress is given to name and join the United States as a party defendant or otherwise in any such case or controversy in the Supreme Court of the United States if the United States is an indispensable party thereto.

(c) The United States District Courts shall have original jurisdiction (concurrent with that of the Supreme Court of the United States, and concurrent with that of any other federal or state court, in matters in which the Supreme Court, or other court has original jurisdiction) of any case or controversy involving the application or construction of this Compact; that said jurisdiction shall include, but not be limited to, suits between Louisiana and Texas; and that the venue of such case or controversy may be brought in any judicial district in which the acts complained of (or any portion thereof) occur.

(a) A district may establish, operate, and maintain a fire department to perform all fire-fighting activities within the district as provided in this section and may issue, with voter approval, bonds for financing the establishment of the fire department including the construction and purchase of necessary buildings, facilities, and equipment and the provision of an adequate water supply.

(b) After approval of the district electors of a plan to operate or jointly operate a fire department, the district or districts shall provide an adequate system and water supply for fire-fighting purposes and may construct and purchase necessary buildings, facilities, and equipment and may employ all necessary personnel including supervisory personnel to operate the fire department.

(c) Bonds issued for establishment of the fire department shall be authorized and issued as provided by law for authorization and issuance of other bonds of the district.

(e) A district may contract with any other person to perform fire-fighting services within the district.

(f) Before a district establishes a fire department, contracts to operate a joint fire department, or contracts with another person to perform fire-fighting services within the district, the district must comply with the provisions of Subsections (g), (h), and (i) of this section.

If a district is entering into a contract under Subsection (e) of this section, the district shall develop a plan that describes in detail the facilities and equipment to be devoted to service to the district and all proposals for providing the service and that includes a presentation of the financial requirements under the contract. Before adoption of a plan and any contract by the district, the governing board of the district shall hold a hearing at which any person residing in the district may present testimony for and against the plan and any proposed contract. Notice of the hearing and the place at which the plan and any contract may be examined shall be posted in two public places within the district at least 10 days before the date of the hearing.

However, the district may use available funds for preparation of a plan and any contract.

(c) If the governing board of a district covered by this section desires to adopt and impose a charge or fee prohibited by Subsection (b) of this section, it shall submit to the commission a petition for authority to adopt and impose the charge or fee. If the commission finds that it will be in the best interest of the district and property owners of the district, the commission shall approve the adoption and imposition of the charge or fee for a period of not more than three years. The imposition of a charge or fee may be renewed for additional periods of three years in the manner provided in this section for initial approval of the charge or fee.

In the preparation of estimates the district engineer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the contractor at locations other than the site may also be taken into consideration:

(2) if the contractor furnishes satisfactory evidence that he has acquired title to the material and that it will be utilized on the work covered by this contract.

(c) In making progress payments, there shall be retained 10 percent of the estimated amount until final completion and acceptance of the contract work. However, if the directors, at any time after 50 percent of the work has been completed, find that satisfactory progress is being made, they may authorize any of the remaining progress payments to be made in full. Also, whenever the work is substantially complete, the directors, if they consider the amount retained to be in excess of the amount adequate for the protection of the district, at their discretion, may release to the contractor all or a portion of the excess amount.

(d) On completion and acceptance of each separate project, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made without retention of a percentage.

[Added by Acts 1977, 65th Leg., p. 1537, ch. 627, § 1, eff. Aug. 29, 1977.]

§ 58.164. Authority of Contributor

(a) Any water improvement district, water control and improvement district, levee improvement district, irrigation district, county, city, town, or other political subdivision of the state may contract to contribute to the cost of the construction of drainage and irrigation water distribution system improvements. The improvements to be constructed may be outside the contributing district, municipality, or other political subdivision of the state, and may be located outside the state or the United States.

(b) The works may be constructed by any agency.
§ 58.164 WATER CODE

(c) The contribution shall be proportionate to the benefit which the contributor will derive from the proposed improvements.

§ 58.165. Issuance of Bonds by Contributor

(a) The contract may provide for the issuance of bonds by the contributor and for direct payment from the proceeds of the bonds to contractors on the estimates of the engineer for the contributor.

(b) Before issuing bonds, a contributing political subdivision shall submit the contract for contribution to its electors for approval and for authority to issue the bonds, fix a lien to secure the bonds, and levy, assess, and collect taxes to retire the bonds. The procedure by a contributing political subdivision of the state shall conform to the applicable law under which the political subdivision was organized and authorized to create bonded indebtedness.

(c) The disposition of the proceeds of the bond shall conform to the approved contract of contribution.

§ 58.166. Annual Tax by Contributor

(a) The contract for contribution may provide that instead of issuing bonds the contributor may levy, assess, and collect an annual tax in a specific sum. The levy or assessment is a lien on the property subject to the contributor's taxing power.

(b) The contributor shall collect the tax at its own expense and pay it annually to the district to which the contribution is to be made. The district shall hold the annual payment as a trust fund and annually apply it to the bonds issued by it to provide funds for the construction of the improvements to which the contribution is made.

(c) The contributor shall submit the contract of contribution to its electors for approval and for authority to levy and assess a sufficient tax to meet the annual payments fixed in the contract. The election for the approval of the contract and the authorized taxes for the fulfillment of the contract shall conform to proper law and authority under which the contributing political subdivision was organized and authorized to create bonded indebtedness.

(d) Payment of the annual sums of contribution shall conform to the contract of contribution.

§ 58.167. Contributions from Unappropriated or Available Funds of Contributor

(a) If the proposed contributor has an unappropriated fund or a fund which is not required for actual use even though otherwise appropriated, the fund may be withdrawn from the project which does not need it and may be applied to pay contributions to the cost of the improvements considered to be a benefit to the contributor but to be constructed by another agency or jointly by the contributor and another agency.

(b) The board of the contributing political subdivision may contract for contributions and contribute from an unappropriated or available fund without submitting the contract and contributions to a vote of the electors of the contributor. However, the contributions shall not be made if they impair the ability of the contributor to meet any outstanding obligation or to adequately and economically discharge the contributor's duty to its electorate or constituency.

§ 58.168. Liability on Contracts of Acquired Irrigation System

If a district acquires an established irrigation system which has contracted to supply water to others and the holders of the contracts or the lands entitled to service of water are not within the district, the contracts and duties shall be performed by the district in the same manner and to the same extent that any other purchaser of the system would be bound.

§ 58.169. Authority to Lease Irrigation System Serving the District

(a) The board, by resolution, may lease all or part of any irrigation system serving all or part of the district, including distribution laterals, trunk or transmission canals, pumping plants, intakes, and all usual or necessary appurtenances. The board's resolution will specify the term of the lease, which may not be more than 40 years.

(b) The board may lease property located partly outside the boundaries of the district and may sell surplus untreated water to other districts and to other consumers.

§ 58.170. Covenants and Agreements Included in Lease

(a) The lease shall expressly state that the sums payable under the terms of the lease and the lease itself shall not constitute an indebtedness or pledge of the general credit of the district within the meaning of any constitutional or statutory limitation of indebtedness. The lease shall contain a statement that payments due under it are not payable from any funds raised or to be raised by taxation.
(b) The lease may contain covenants and agreements which are not inconsistent with the provisions of this code which authorize the lease for:

1. the management and operation of the leased properties;
2. the imposition and collection of charges for water;
3. the disposition of the proceeds of charges;
4. the insurance, protection, and maintenance of the leased properties;
5. the creation of other obligations payable from the revenues derived from the operation of the leased properties;

(a) All money due the lessor under the lease shall be payable solely from the revenue derived by the district from the sale of water supplied through the leased system.

(b) The board shall set and collect charges for the water supplied through the leased properties to produce sufficient revenue at all times to allow for delinquencies and to pay promptly all rental payments becoming due under the terms of the lease. The board may agree to deposit this money in a separate fund as a first charge on the gross revenue received each year from sales of water, and which shall not be used for any other purpose.

(c) The board may agree in the lease to pay all expenses of operating and maintaining the leased properties from the fund provided by the board each year for the maintenance and operation expenses of the district so that the gross revenue from sale of water will be available exclusively for payment of rentals until the amount required for rentals each year is paid into the separate rental fund.

(d) If the board includes this agreement in the lease, the board shall provide for the payment of sums into the maintenance fund from sources other than the remaining portions of the gross revenue from the sale of water not required to pay rentals which are sufficient each year to pay all expenses of operating the district and maintaining and operating its properties and facilities, including the leased properties.

[Added by Acts 1977, 65th Leg., p. 1537, ch. 627, § 1, eff. Aug. 29, 1977.]

(b) The receiver shall operate the properties and collect and distribute the revenue according to the terms of the lease and the direction of the court.

(c) The receiver has the same rights and powers as the board in its operation of the leased properties.

A district may acquire by gift, grant, or purchase any part of an irrigation system serving the district which is subject to a mortgage or encumbrance. The mortgage or encumbrances shall not be assumed by the district and shall not be an indebtedness of the district but shall constitute solely a charge on the encumbered property and the revenue from it.

[Added by Acts 1977, 65th Leg., p. 1537, ch. 627, § 1, eff. Aug. 29, 1977.]

§ 58.175. Revenue for Payment of Mortgage

(a) The board may determine conclusively by resolution whether the mortgage or encumbrance represents all or part of the cost of the acquired property and constitutes a purchase money lien on the property.

(b) The board may contract to use and pledge its revenue derived solely from the sale of water and services supplied through the acquired properties for the payment of a purchase money lien.

(c) The board also may use revenue from taxation or from the issuance and sale of bonds to pay all or part of the amount due under the encumbrance if a majority of the electors of the district voting at an election on this proposition approve its use.

(b) The board and the lessee shall agree on the form of the lease and its terms, conditions, provisions, and stipulations; however, the duration of the lease shall not be longer than the duration of the water contract between the district and the lessee under the primary term of the water contract and any renewal or extension of it.

(c) After a lease to a water customer is authorized by the board, the lease shall be executed by the president or vice-president of the board and attested by the secretary. The lease is valid and effective without any other requirement or prerequisite by the district.

[Added by Acts 1977, 65th Leg., p. 1537, ch. 627, § 1, eff. Aug. 29, 1977.]

The term "sole expense" means the actual cost of relocation, raising, lowering, rerouting, or change in grade or alteration of construction to provide comparable replacement without enhancement of facilities, after deducting the net salvage value derived from the old facility. This section does not apply to projects under construction or financed or for which bonds were voted and approved by another type of district on or prior to August 27, 1961, and which such district has subsequently elected to convert into a district operating under this chapter, unless the acts of the district authorizing the construction or financing are contained in the provisions of this section.

The purpose of Sections 58.511–58.529 of this code is to give a district the flexibility of taxing power which will permit and cause the tax of the district to be equitably distributed and which will give the highest practicable degree of service under the peculiar physical and economic conditions of the district. To this end, these sections shall be liberally and sympathetically construed.

[Added by Acts 1977, 65th Leg., p. 1537, ch. 627, § 1, eff. Aug. 29, 1977.]

§ 58.513. Adoption of Plan of Taxation

(a) Except as provided in Section 58.512(b)(4) of this code, before the commission of appraisal is appointed and the construction bonds are sold, the board shall adopt a proposed plan of taxation as provided in Sections 58.502–58.505 of this code.

(b) If the tax plan is not based wholly on the ad valorem basis or on the benefit basis, the order adopting the proposed plan shall specify the portion of the tax to be based on the ad valorem basis and the portion to be based on the benefit basis. The board also shall state the physical and economic reasons, the peculiar diverse local needs, or the comparative potential benefits of different areas of designated property in the district which make it necessary or equitable to levy all or part of the tax on a defined part of the district on the ad valorem or benefit basis.

(c) The board shall enter its order establishing the tax plan, and the plan shall become the basis for the assessment and collection of taxes until the district adopts a different plan.

(d) The order is not subject to judicial review except on the ground of fraud, palpable error, or arbitrary and confiscatory abuse of discretion.

(e) A new plan may be adopted if required to preserve equity of distribution in the manner provided for adopting the original plan; however, no change may be made in the tax plan which will impair the ability of the district promptly to meet all outstanding obligations of the district within the intent of Sections 58.464 and 58.467 of this code.

(a) If the improvements to be provided in a defined area are considered peculiarly for the benefit of that area and not required to conserve the public or general welfare in the district as a whole, and if the proposed improvements in that area will require the imposition of a tax only on the property in the area, the defined area is constituted a separate election precinct in which a separate election shall be held to determine if the improvements will be provided and a separate tax levied.

served with water or drained so as to make it
useful for irrigation purposes, or otherwise ben-

WATER CODE § 61.116

CHAPTER 61. ARTICLE III, SECTION 52, NAVIGATION DISTRICTS

SUBCHAPTER D. POWERS AND DUTIES

§ 61.116. Lease of State Owned Lands and Flats

(a) Any district organized under this chapter or any special law or any general law under which navigation districts may be created may apply for a lease from the State of Texas of the surface estate of any lands and flats belonging to the state which are covered or partly covered by the water of any of the bays or other arms of the sea; however, any navigation district created after the effective date of this Act may not lease the surface estate of any such lands or flats which are located within 10 miles of the boundary of any navigation district in existence on the effective date of this Act, without first receiving the written approval of the district now in existence. The words “navigation district,” “district,” or “districts” as used in Sections 61.116, 61.117, and 60.038 of the Texas Water Code shall apply to any incorporated city in this state which owns and operates wharves, docks, and other marine port facilities.

(b) The state, through the School Land Board, may lease these state owned lands or flats to eligible navigation districts only for purposes reasonably related to the promotion of navigation. The term “navigation” as used herein refers to marine commerce and immediately related activities, including but not limited to port development; channel construction and maintenance; commercial and sport fishing; recreational boating; industrial site locations; transportation, shipping, and storage facilities; pollution abatement facilities; and all other activities necessary or appropriate to the promotion of marine commerce; but specifically does not refer to residential development.

(c) In making application for a lease of state owned lands or flats, the district shall include the following information:

1. A description of the lands or flats sought to be leased;
2. A plan showing how it proposes to utilize the land and a timetable indicating approximately when such utilization will take place;
3. A draft environmental impact statement assessing the effect of the proposed use on the environment, which statement shall generally conform to the requirements of the National Environmental Policy Act, until such time as the legislature shall impose different requirements; however, a draft environmental impact statement shall not be required if the proposed use requires no dredging, filling, or bulkheading. If the proposed use does require dredging, filling, or bulkheading, but the lease shall be processed as provided in Subsections (d), (e), and (f) of this section without the filing of a draft environmental impact statement if the applicant so requests in writing; but in such a case, the School Land Board shall include in the lease provisions requiring (i) that the draft environmental impact statement required by federal law be filed with the School Land Board before the district makes any use of such lands or flats which requires dredging, filling, or bulkheading; (ii) that approval of such use be obtained from the School Land Board after copies of the summary of the draft environmental impact statement and a description of the proposed use are circulated for comment and a hearing held as provided in Subsections (d) and (e) of this section and the School Land Board shall be authorized to give its approval to make such amendments to the lease as may then be deemed necessary by it as a result of information developed in the draft environmental impact statement; and (iii) that the lease shall cease to be effective at a time specifically stated in the lease unless prior to that time accord concerning environmental issues has been reached between the district and the School Land Board;
4. Proof satisfactory to the board establishing the public convenience and necessity for acquisition of lands sought to be leased.

(d) Upon receipt of an application and accompanying information, the School Land Board shall submit copies thereof to the member agencies of the Interagency Council on Natural Resources and the Environment and all other appropriate state agencies for

review and comment. In addition, the board shall submit for review and comment the proposed terms and conditions of the lease. The board shall allow 30 days for such review and comment, and may extend the review period for an additional 30 days upon written request by the executive director of any state agency.

(e) Following the expiration of the period provided for review and comment, or following the expiration of the 30 day extension of such period, if applicable, the School Land Board shall cause a hearing to be held in the county in which the land proposed to be leased is located. Notice of the hearing shall be given by publication for at least three days, not less than two weeks nor more than four weeks prior to the hearing, in the daily paper having the greatest circulation in the county. Members of the board or their designated representatives shall conduct the hearing, at which any party may offer testimony in support of or in opposition to the application, and the board shall consider the record of the hearing in making a decision on the application.

(f) After submission of all evidence, the School Land Board shall authorize the issuance or denial of the proposed lease and shall determine the reasonable cost to the district, term of years, special limitations, if any, and other conditions necessary to best serve the interest of the general public. In establishing the consideration to be paid to the state for the lease, due weight shall be given to the depth of the water over the submerged land, its proximity to development activities, and its proposed use. Final action shall be taken by the board no more than 60 days following the public hearing.

(g) The funds derived from the lease shall be paid to the General Land Office for transfer to the proper funds of the state.

(h) Districts may sublease lands leased from the state under the provisions of this section to third parties for activities reasonably related to navigation, but such sublease shall be subject to the approval of the School Land Board according to the procedures, requirements, and criteria set forth in Subsections (c) and (d) of Section 61.116 of this code; provided, however, that no approval by the School Land Board shall be required if the sublease is for a purpose contemplated by the district and approved by the board in the district's original lease. It is further provided that no environmental impact statement shall ever be necessary for any sublease which requires no dredging, filling, or bulkheading, and which would not have a substantial impact upon the environment, or which requires only insubstantial dredging, filling, or bulkheading, as determined by the board; nor shall a district in obtaining approval for a sublease under any circumstances be required to reveal the name of the tenant to whom the sublease is to be made.

(i) If lands or flats leased from the state under the provisions of this section are utilized by the district or its sublessees for any purpose or use not approved by the School Land Board, the district shall be given notice and an opportunity to change and correct the use. If the use is not changed and corrected within a reasonable time after receipt of such notice, the lease may be terminated by the School Land Board and the lands or flats shall revert to the State of Texas.

[Amended by Acts 1975, 64th Leg., p. 801, ch. 310, § 2, eff. May 27, 1975.]

§ 61.117. Limitations on Sales and Use of State Lands and Flats

(a) The State of Texas shall retain its rights in all mines and minerals, including oil, gas, and geothermal resources, in and under the land, together with the right to enter the land for the purpose of development when it leases land under Section 61.116 of this code.

(b) All leases of land under Section 61.116 are subject to oil, gas, or mineral leases in existence at the time of the lease to the district.

(c) Any land which has been franchised or leased or is being used by any navigation district or by the United States for the purpose of navigation, industry, or other purpose incident to the operation of a port shall not be entered or possessed by the State of Texas or by anyone claiming under the State of Texas for the purpose of exploring for oil, gas, or other minerals except by directional drilling. No easement, lease, or permit may be granted on land which has been leased to a navigation district which will interfere with the proposed use of the land by the navigation district, and the prior approval of the navigation district shall be obtained for such purpose.

(d) No surface drilling location may be nearer than 600 feet and special permission from the Commissioner of the General Land Office is necessary to make any surface location nearer than 2,500 feet, measured at right angles from the nearest bulkhead line designated by a navigation district or the United States as the bulkhead line or from the nearest dredged bottom edge of any channel, slip, or turning basin which has been dredged, or which has been authorized by the United States as a federal project for future construction, whichever is nearer.

(e) In the event land is leased to a navigation district for construction of a navigation project, the School Land Board may in the lease designate the
district to be the agent of the State of Texas with authority to grant to the United States of America such easements for dredging and disposal of dredged material as may be required for federal participation in the project. In designating the district to be the agent of the State of Texas for the purpose of granting spoil easements, the board may include a requirement that the district obtain the approval of the board before granting any such easement. Such approval may be given in the form of accepting a master plan for spoil disposal.

(f) Districts which, prior to the enactment of this provision, have obtained patents to state owned lands or flats under Article 8225, Revised Civil Statutes of Texas, 1925, or under any general or special act, and which still claim title to any such lands or flats, may not hereafter dispose of any such lands or flats which were conveyed to them by the State of Texas and may not lease such lands or flats for a use for which districts are not authorized to lease their other lands; however, in the event a district possesses lands it finds to be in excess of its needs, it may sell such surplus lands or flats back to the State of Texas for the same consideration as originally paid to the state or exchange them for other lands with the State of Texas. It is further provided that the limitation on resale of lands or flats acquired from the State of Texas shall not prevent a district from exchanging such lands or flats for land, or rights in land, of an adjacent littoral owner for the purpose of adjusting or straightening the boundary between such lands. All such exchanges made after December 31, 1973, shall be subject to the approval of the School Land Board.

(g) Any district which, prior to the effective date of this Act has maintained, and which at the effective date of this Act is maintaining, any channel, dredged material disposal site, or other navigational aid or improvement on state owned lands to which the district holds no patent or lease from the state shall notify the General Land Office of the boundaries of such submerged land used by furnishing a map or other drawing acceptable to the General Land Office.

[Amended by Acts 1975, 64th Leg., p. 801, ch. 310, § 3, eff. May 27, 1975.]

SECTION 4. Venue for any action arising under this Act brought by or against the State of Texas, or involving the state's claim to title to land conveyed under this Act, shall lie in a district court of Travis County, Texas.

“Sec. 5. Any and all laws or parts of laws in conflict with the provisions of this Act are repealed to the extent of such conflict.”

Refunding bonds may be issued to refund more than one series of outstanding bonds, and in the case of bonds secured in whole or in part by net revenues, the authority may combine the pledges for the outstanding bonds for the security of the refunding bonds and may secure them by other or additional revenues. The provisions of this subchapter with reference to the issuance of other bonds and their approval by the attorney general and the rights and remedies of the holders are to be applicable to refunding bonds. Refunding bonds are to be registered by the comptroller on the surrender and cancellation of the bonds to be refunded, but in lieu thereof, the resolution authorizing their issuance may provide that they are to be sold and their proceeds deposited in the bank where the original bonds are payable, in which case the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option date or maturity date, and the comptroller is to register them without concurrent surrender and cancellation of the original bonds.

§ 64.141. Securing Bonds with Trust Indenture

Any bonds, including refunding bonds, authorized by this subchapter, not payable wholly from ad valorem taxes, may be secured additionally by a trust indenture under which the trustee is a bank having trust powers and is located either within or without the State of Texas. The trust indenture or mortgage may include provisions for a lien on all or any part of the physical properties of the authority and franchises, easements, water rights and appropriation permits, leases, and contracts, and all rights appurtenant to these properties, vesting in the trustee, in the event of default, power to operate the properties and all other powers for the further security of the bonds. The trust indenture, regardless of the existence of the deed of trust lien, may contain any provisions prescribed by the board for the security of the bonds and the preservation of the trust estate, including provision for an amendment or modification of the trust indenture, and the issuance of bonds to replace lost or mutilated bonds secured by the trust indenture. Any purchaser in a sale under the deed of trust lien where one is given is the owner of the properties, facilities, and rights purchased and has the right to maintain and operate them during the period prescribed by the trust indenture.

[Added by Acts 1979, 66th Leg., p. 2085, ch. 816, § 1, eff. Aug. 27, 1979.]

The bonds are eligible to purchase and have the right to maintain and operate them during the period prescribed by the trust indenture.

the board is to consist of at least one qualified
resident property taxpayer in each county, any por-
