CONSTITUTION
OF THE
STATE OF TEXAS 1876
PROPOSED AMENDMENTS

ARTICLE III
LEGISLATIVE DEPARTMENT
§ 9. President pro tempore of the Senate; election of Senator to perform duties of Lieutenant Governor when office vacant; Speaker of House of Representatives

Sec. 9. (a) The Senate shall, at the beginning and close of each session, and at such other times as may be necessary, elect one of its members President pro tempore, who shall perform the duties of the Lieutenant Governor in any case of absence or disability of that officer. If the said office of Lieutenant Governor becomes vacant, the President pro tempore of the Senate shall convene the Committee of the Whole Senate within 30 days after the vacancy occurs. The Committee of the Whole shall elect one of its members to perform the duties of the Lieutenant Governor in addition to his duties as Senator until the next general election. If the Senator so elected ceases to be a Senator before the election of a new Lieutenant Governor, another Senator shall be elected in the same manner to perform the duties of the Lieutenant Governor until the next general election. Until the Committee of the Whole elects one of its members for this purpose, the President pro tempore shall perform the duties of the Lieutenant Governor as provided by this subsection.

(b) The House of Representatives shall, when it first assembles, organize temporarily, and thereafter proceed to the election of a Speaker from its own members.

(c) Each House shall choose its other officers.

§ 24. Compensation and expenses of members of Legislature; duration of sessions

Sec. 24. (a) Members of the Legislature shall receive from the Public Treasury a salary of Six Hundred Dollars ($600) per month. Each member shall also receive a per diem for each day during each Regular and Special Session of the Legislature. The per diem allowed during a calendar year is in an amount equal to the maximum daily amount allowed as of January 1 of that year for federal income tax purposes as a deduction for ordinary and necessary business expenses incurred by a state legislator, disregarding any exception in federal law for legislators residing near the capitol.

(b) No Regular Session shall be of longer duration than one hundred and forty (140) days.

(c) In addition to the per diem the Members of each House shall be entitled to mileage at the same rate as prescribed by law for employees of the State of Texas. This amendment takes effect on January 8, 1955.

§ 51-d. Payment of assistance to survivors of law enforcement officers

Sec. 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse, minor children, and surviving dependent parents, brothers, and sisters of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district, or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature.

§ 52. Counties, cities, towns or other political corporations or subdivisions; lending credit; grants

(a) Except as otherwise provided by this section, the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company. However, this section does not prohibit the use of public funds or credit for the payment of premiums on nonassessable life, health, or accident insurance policies and annuity contracts.

JUDICIAL DEPARTMENT
§ 1-a. Retirement, censure, removal and compensation of justices and judges; State Commission on Judicial Conduct; procedure.

(3) The name of the State Judicial Qualifications Commission is changed to the State Commission on Judicial Conduct. The Commission consists of eleven (11) members, to wit: (i) one (1) Justice of a Court of Appeals; (ii) one (1) District Judge; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) four (4) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; (v) one (1) Justice of the Peace; (vi) one (1) Judge of a Municipal Court; and, (vii) one (1) Judge of a County Court at Law; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resided in, or held a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership, except that the Justice of the Peace and the Judges of a Municipal Court and or a County Court at Law shall be selected at large without regard to whether they reside or hold a judgeship in the same Supreme Judicial District as another member of the Commission. Commissioners of classes (i), (ii), and (vii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and the commissioners of classes (v) and (vi) by appointment of the Supreme Court as provided by law, with the advice and consent of the Senate.

(6) A. Any Justice of Judge of the courts established by this Constitution or created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent violation of rules promulgated by the Supreme Court of Texas, incompetence in performing the duties of the office, willful violation of the Code of Judicial Conduct, or willful or persistent conduct that is clearly inconsistent with the proper performance of his duties or casts public discredit upon the judiciary or administration of justice. Any person holding such office may be disciplined or censured, in lieu of removal from office, as provided by this section. Any person holding an office specified in this subsection may be suspended from office with or without pay by the Commission immediately on being indicted by a State or Federal grand jury for a felony offense or charged with a misdemeanor involving official misconduct. On the filing of a sworn complaint charging a person holding such office with willful or persistent violation of rules promulgated by the Supreme Court of Texas, incompetence in performing the duties of the office, willful violation of the Code of Judicial Conduct, or willful and persistent conduct that is clearly inconsistent with the proper performance of his duties or casts public discredit on the judiciary or on the administration of justice, the Commission, after giving the person notice and an opportunity to appear and be heard before the Commission, may recommend to the Supreme Court the suspension of such person from office. The Supreme Court, after considering the record of such appearance and the recommendation of the Commission, may suspend the person from office with or without pay, pending final disposition of the charge.

C. The law relating to the removal, discipline, suspension, or censure of a Justice or Judge of the courts established by this Constitution or created by the Legislature as provided in this Constitution applies to a master or magistrate appointed as provided by law to serve a trial court of this State and to a retired or former Judge who continues as a judicial officer subject to an assignment to sit on a court of this State. Under the law relating to the removal of an active Justice or Judge, the Commission and the review tribunal may prohibit a retired or former Judge from holding judicial office in the future or from sitting on a court of this State by assignment.

(6) B. After such investigation as it deems necessary, the Commission may in its discretion issue a private or public admonition, warning, reprimand, or requirement that the person obtain additional training or education, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office or position specified in Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. The Master shall have the power of a District Judge in the enforcement of orders pertaining to witnesses, evidence, and procedure. If, after formal hearing, or after considering
the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to a review tribunal the removal or retirement, as the case may be, of the person in question holding an office or position specified in Subsection (6) of this Section and shall thereupon file with the tribunal the entire record before the Commission.

(9) A tribunal to review the Commission's recommendation for the removal or retirement of a person holding an office or position specified in Subsection (6) of this Section is composed of seven (7) Justices or Judges of the Court of Appeals who are selected by lot by the Chief Justice of the Supreme Court. Each Court of Appeals shall designate one of its members for inclusion in the list from which the selection is made. Service on the tribunal shall be considered part of the official duties of a judge, and no additional compensation may be paid for such service. The review tribunal shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence. Within 90 days after the date on which the record is filed with the review tribunal, it shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. A Justice, Judge, Master, or Magistrate may appeal a decision of the review tribunal to the Supreme Court under the substantial evidence rule. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The review tribunal, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of papers with, and the giving of testimony before the Commission or a Master shall be privileged, unless otherwise provided by law. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters, review tribunal, and the Supreme Court. Such rule shall provide the right of discovery of evidence to a Justice, Judge, Master, or Magistrate after formal proceedings are instituted and shall afford to any person holding an office or position specified in Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters, review tribunal, and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office or position specified in Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

(12) No person holding an office specified in Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, discipline, censure, retirement or removal.

(14) The Legislature may promulgate laws in furtherance of this Section that are not inconsistent with its provisions.

Proposed by House Joint Resolution No. 4, § 1 to 4, Acts 1983, 68th Leg., p. 6644. For submission to the people in November, 1984.

Section 5 of H.J.R. No. 4, Acts 1983, 68th Leg., p. 6700, which is §§ 1 to 4 proposes the amendments to this section, provides:

"That the following temporary provision be added to the Texas Constitution:

"Temporary Provision. (a) This temporary provision applies to the constitutional amendment proposed by H.J.R. No. 4, 68th Legislature, Regular Session, 1983, and expires January 1, 1988.

"(c) The initial term of the commissioner of class (v) added by amendment in 1977 expired on November 19, 1979. The initial term of the commissioner of class (vi) and (vii) expires on November 19, 1985.

"(d) Each person holding office as a member of the Commission on Judicial Conduct on January 1, 1985, continues to hold the office for the term for which he was appointed.

"(e) The offices of the first commissioner of class (i) and the first commissioner of class (ii) whose terms expire after January 1, 1985, are abolished on the expiration of the terms.

"(f) Changes made in the constitution by this amendment do not apply to investigations and formal proceedings where the investigation of judicial conduct by the commission began before January 1, 1982."

ARTICLE VII
EDUCATION
§ 14. Prairie View A&M University

Sec. 14. Prairie View A&M University in Waller County is an institution of the first class under the direction of the same governing board as Texas A&M University referred to in Article VII, Section 13, of this constitution as the Agricultural and Mechanical College of Texas.

Art. 7, § 17

§ 17. Higher education; appropriations and funding

Sec. 17. (a) In the fiscal year beginning September 1, 1985, and each fiscal year thereafter, there is hereby appropriated out of the first money coming into the state treasury not otherwise appropriated by the constitution $100 million to be used by eligible agencies and institutions of higher education for the purpose of acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, major repair or rehabilitation of buildings or other permanent improvements, and acquisition of capital equipment, library books and library materials. During the regular session of the legislature that is nearest, but preceding, the beginning of each fifth fiscal year dating from September 1, 1985, the legislature may by two-thirds vote of the membership of each house adjust the amount of the constitutional appropriation for the ensuing five years but may not adjust the appropriation in such a way as to impair any obligation created by the issuance of bonds or notes in accordance with this section.

(b) The funds appropriated under Subsection (a) of this section shall be for the use of the following eligible agencies and institutions of higher education (even though their names may be changed):

1. East Texas State University including East Texas State University at Texarkana;
2. Lamar University including Lamar University at Orange and Lamar University at Port Arthur;
3. Midwestern State University;
4. North Texas State University;
5. Pan American University including Pan American University at Brownsville;
6. Stephen F. Austin State University;
7. Texas College of Osteopathic Medicine;
8. Texas State University System Administration and the following component institutions:
   9. Angelo State University;
   10. Sam Houston State University;
   11. Southwest Texas State University;
   12. Sul Ross State University including Uvalde Study Center;
   13. Texas Southern University;
   14. Texas Tech University;
   15. Texas Tech University Health Sciences Center;
   16. Texas Woman's University;
   17. University of Houston System Administration and the following component institutions:
      18. University of Houston—University Park;
      19. University of Houston—Victoria;
      20. University of Houston—Clear Lake;
      21. University of Houston—Downtown;
   22. University System of South Texas System Administration and the following component institutions:
      23. Corpus Christi State University;
      24. Laredo State University;
      25. Texas A&I University; and
      26. West Texas State University.

(c) Pursuant to a two-thirds vote of the membership of each house of the legislature, institutions of higher education may be created at a later date by general law, and, when created, such an institution shall be entitled to participate in the funding provided by this section if it is not created as a part of The University of Texas System or the Texas A&M University System. An institution that is entitled to participate in dedicated funding provided by Article VII, Section 18, of this constitution may not be entitled to participate in the funding provided by this section.

(d) In the year 1985 and every 10 years thereafter, the legislature or an agency designated by the legislature no later than August 31 of such year shall allocate by equitable formula the annual appropriations made under Subsection (a) of this section to the governing boards of eligible agencies and institutions of higher education. The legislature shall review, or provide for a review, of the allocation formula at the end of the fifth year of each 10-year allocation period. At that time adjustments may be made in the allocation formula, but no adjustment that will prevent the payment of outstanding bonds and notes, both principal and interest, may be made.

(e) Each governing board authorized to participate in the distribution of money under this section is authorized to expend all money distributed to it for any of the purposes enumerated in Subsection (a). In addition, unless a single bonding agency is designated as hereinafter provided, such governing board may issue bonds and notes for the purposes of refunding bonds or notes issued under this section or prior law, acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, and for major repair and rehabilitation of buildings or other permanent improvements, and may pledge up to 50 percent of the money allocated to such governing board pursuant to this section to secure the payment of the principal and interest of such bonds or notes. Proceeds from the issuance of bonds or notes under this subsection shall be maintained in a local depository selected by the governing board issuing the bonds or notes. The bonds and notes issued under this subsection shall be payable solely out of the money appropriated by this section and shall mature serially or otherwise in not more than 10 years from their respective dates. All bonds issued under this section shall be sold only through competitive bidding and are subject to approval by the attorney general. Bonds approved by the attorney general shall be incontestable. The
permanent university fund may be invested in the bonds and notes issued under this section. In lieu of the authority granted to each governing board herein, the legislature by general law may designate a single agency to issue bonds and notes authorized under this section and transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes for the purposes, to the extent, and subject to the restrictions of this section. Provided, that such agency shall be authorized to issue such bonds and notes for the benefit of an eligible institution and pledge money collected hereunder only as directed by the governing board of each eligible institution.

(f) The funds appropriated by this section may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent improvements that are to be used for student housing, intercollegiate athletics, or auxiliaries.

(g) Except for that portion of the allocated funds that may be required to be transferred to a single bonding agency, if one is created, the comptroller of public accounts shall make annual transfers of the funds allocated pursuant to Subsection (d) directly to the governing boards of the eligible institutions.

(h) To assure efficient use of construction funds and the orderly development of physical plants to accommodate the state's real need, the legislature may provide for the approval or disapproval of all new construction projects at the eligible agencies and institutions entitled to participate in the funding provided by this section.

(i) The legislature by general law may dedicate portions of the state's revenues to the creation of a dedicated fund ("the higher education fund") for the purposes expressed in Subsection (a) of this section. The legislature shall provide for administration of the fund, which shall be invested in the manner provided for investment of the permanent university fund. The income from the investment of the higher education fund shall be credited to the higher education fund until such time as the fund totals $2 billion. The principal of the higher education fund shall never be expended. At the beginning of the fiscal year after the fund reaches $2 billion, as certified by the comptroller of public accounts, the dedication of general revenue funds provided for in Subsection (a) of this section shall cease. At the beginning of the fiscal year after the fund reaches $2 billion, each year thereafter, 10 percent of the interest, dividends, and other income accruing from the investments of the higher education fund during the previous fiscal year shall be deposited and become part of the principal of the fund, and out of the remainder of the annual income from the investment of the principal of the fund there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued under this section and the balance of the income shall be allocated, distributed, and expended as provided for the appropriations made under Subsection (a).

(j) The state systems and institutions of higher education designated in this section may not receive any additional funds from the general revenue of the state for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements except that:

(1) in the case of fire or natural disaster the legislature may appropriate from the general revenue an amount sufficient to replace the uninsured loss of any building or other permanent improvement;

(2) the legislature, by two-thirds vote of each house, may, in cases of demonstrated need, which need must be clearly expressed in the body of the act, appropriate additional general revenue funds for acquiring land with or without permanent improvements, for constructing or equipping buildings or other permanent improvements, or for major repair and rehabilitation of buildings or other permanent improvements. This subsection does not apply to legislative appropriations made prior to the adoption of this amendment.

(k) Without the prior approval of the legislature, appropriations under this section may not be expended for acquiring land with or without permanent improvements, or for constructing and equipping buildings or other permanent improvements, for a branch campus or educational center that is not a separate degree-granting institution created by general law.

(l) This section is self-enacting upon the issuance of the governor's proclamation declaring the adoption of the amendment, and the state comptroller of public accounts and the state treasurer shall do all things necessary to effectuate this section. This section does not impair any obligation created by the issuance of any bonds and notes in accordance with prior law, and all outstanding bonds and notes shall be paid in full, both principal and interest, in accordance with their terms. If the provisions of this section conflict with any other provisions of this constitution, then the provisions of this section shall prevail, notwithstanding all such conflicting provisions.

§ 18. Texas A&M University System; University of Texas System; bonds and notes payable out of the available university fund

Sec. 18. (a) The Board of Regents of The Texas A&M University System may issue bonds and notes not to exceed a total amount of 10 percent of the cost value of the investments and other assets of the permanent university fund (exclusive of real estate) at the time of the issuance thereof, and may
Art. 7, § 18

pledge all or any part of its one-third interest in the available university fund to secure the payment of the principal and interest of those bonds and notes, for the purpose of acquiring land either with or without permanent improvements, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of buildings and other permanent improvements, acquiring capital equipment and library books and library materials, and refunding bonds or notes issued under this Section or prior law, at or for The Texas A&M University System administration and the following component institutions of the system:

(1) Texas A&M University, including its medical college which the legislature may authorize as a separate medical institution;

(2) Prairie View A&M University, including its nursing school in Houston;

(3) Tarleton State University;

(4) Texas A&M University at Galveston;

(5) Texas Forest Service;

(6) Texas Agricultural Experiment Stations;

(7) Texas Agricultural Extension Service;

(8) Texas Engineering Experiment Stations;

(9) Texas Transportation Institute; and

(10) Texas Engineering Extension Service.

The proceeds of the bonds or notes issued under Subsection (a) or (b) of this section may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent improvements that are to be used for student housing, intercollegiate athletics, or auxiliary enterprises.

(c) The available university fund consists of the dividends, interest and other income from the permanent university fund (less administrative expenses) including the net income attributable to the surface of permanent university fund land. Out of one-third of the available university fund, there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued by the Board of Regents of The Texas A&M University System under this section and prior law, and the remainder of that one-third of the available university fund shall be appropriated to the Board of Regents of The Texas A&M University System which shall have the authority and duty in turn to appropriate an equitable portion of the same for the support and maintenance of The Texas A&M University System administration, Texas A&M University, and Prairie View A&M University. The Board of Regents of The Texas A&M University System, in making just and equitable appropriations to Texas A&M University and Prairie View A&M University, shall exercise its discretion with due regard to such criteria as the board may deem appropriate from year to year, taking into account all amounts appropriated from Subsection (f) of this section. Out of the other two-thirds of the available university fund there shall be appropriated an annual sum sufficient to pay the principal and interest due on the bonds and notes issued by the Board of
PROPOSED AMENDMENTS

Regents of The University of Texas System under
such this two-thirds of the available university fund,
shall be appropriated for the support and mainte-
nance of The University of Texas at Austin and The
University of Texas System administration.

(f) It is provided, however, that, for 10 years
beginning upon the adoption of this amendment,
before any other allocation is made of The Universi-
ty of Texas System's two-thirds share of the availa-
able university fund, remaining after payment of
principal and interest on its bonds and notes issued
under this section and prior law, $6 million per year
shall be appropriated out of that share to the Board
of Regents of The Texas A&M University System
for said board's use in making appropriations to
Prairie View A&M University. This subsection ex-
pires and is deleted from this constitution 10 years
from the adoption of this amendment.

(g) The bonds and notes issued under this section
shall be payable solely out of the available uni-
versity fund, mature serially or otherwise in not more
than 30 years from their respective dates, and,
except for refunding bonds, be sold only through
competitive bidding. All of these bonds and notes
are subject to approval by the attorney general and
when so approved are incontestable. The perma-
nent university fund may be invested in these bonds
and notes.

(h) To assure efficient use of construction funds
and the orderly development of physical plants to
accommodate the state's real need, the legislature
may provide for the approval or disapproval of all
new construction projects at the eligible agencies
and institutions entitled to participate in the funding
provided by this section except The University of
Texas at Austin, Texas A&M University in College
Station, and Prairie View A&M University.

(i) The state systems and institutions of higher
education designated in this section may not receive
any funds from the general revenue of the state for
acquiring land with or without permanent improve-
ments, for constructing or equipping buildings or
other permanent improvements, or for major repair
and rehabilitation of buildings or other permanent
improvements except that:

(1) in the case of fire or natural disaster the
legislature may appropriate from the general reve-
uue an amount sufficient to replace the uninsured
loss of any building or other permanent improve-
ment; and

(2) the legislature, by two-thirds vote of each
house, may, in cases of demonstrated need, which
need must be clearly expressed in the body of the
act, appropriate general revenue funds for acquir-
ing land with or without permanent improvements,
for constructing or equipping buildings or other
permanent improvements, or for major repair and
rehabilitation of buildings or other permanent im-
provements.

This subsection does not apply to legislative appro-
priations made prior to the adoption of this amend-
ment.

(j) This section is self-enacting upon the issuance of
the governor's proclamation declaring the adoption
of this amendment, and the state comptroller of
public accounts and the state treasurer shall do all
things necessary to effectuate this section. This
section does not impair any obligation created by
the issuance of bonds or notes in accordance with
prior law, and all outstanding bonds and notes shall
be paid in full, both principal and interest, in accord-
ance with their terms, and the changes herein made
in the allocation of the available university fund
shall not affect the pledges thereof made in connec-
tion with such bonds or notes heretofore issued. If
the provisions of this section conflict with any other
provision of this constitution, then the provisions of
this section shall prevail, notwithstanding any such
conflicting provisions.

§ 49-b. Veterans' Land Board; bond issue; Veterans' Land Fund; purchase of lands and resale to Texas veterans

Sec. 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

The Veterans' Land Board may provide for, issue and sell not to exceed Nine Hundred Fifty Million Dollars ($950,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Seven Hundred Million Dollars ($700,000,000) of which have heretofore been authorized. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed the rate specified in Section 65 of this Article. All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the
The principal and interest on the bonds heretofore purchased of any such bonds to comply with his bid and accept and pay for any such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board; at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application, and provided that in the event of the death of an eligible Texas Veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction. The unmarried surviving spouses of veterans who died in the line of duty may also apply to purchase a tract through the Board provided the deceased veterans meet the requirements set out in this Article with the exception that the deceased veterans need not have served ninety (90) continuous days and provided further that the deceased veterans were bona fide residents of the State of Texas at the time of enlistment, induction, commissioning, or drafting. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose
of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a "series of bonds" being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

§ 49-b-1. Bonds issued to augment Veterans' Land Fund and for Veterans' Housing Assistance Fund; appropriation when money in either fund not available

Sec. 49-b-1. (a) In addition to the general obligation bonds authorized to be issued and to be sold by the Veterans' Land Board by Section 49-b of this article, the Veterans' Land Board may provide for, issue, and sell not to exceed $800 million in bonds of the State of Texas to provide financing to veterans of the state in recognition of their service to their state and country.

(b) For purposes of this section, "veteran" means a person who served not less than 90 continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard, or Marine Corps of the United States after September 16, 1940, and who, upon the date of filing his or her application for financial assistance under this section is a citizen of the United States, is a bona fide resident of the State of Texas, and was discharged from military service under honorable conditions from any branch of the above-named Armed Forces and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas or who has resided in Texas at least five years immediately before the date of filing his or her application. In the event of the death of an eligible Texas veteran after the veteran has filed an application, the veteran's surviving spouse may complete the transaction. The term veteran also includes the unmarried surviving spouse of a veteran who died in the line of duty if the deceased veteran meets the requirements set out in this section with the exception that the deceased veteran need not have served 90 continuous days and if the deceased veteran was a bona fide resident of the State of Texas at the time of enlistment, induction, commissioning, or drafting.

(c) The bonds shall be sold for not less than par value and accrued interest; shall be issued in such forms and denominations, upon such terms, at such times and places, and in such installments as may be determined by the board; and, notwithstanding the rate of interest specified by any other provision of this constitution, shall bear a rate or rates of interest fixed by the board. All bonds issued and sold pursuant to Subsections (a) through (f) of this section shall, after execution by the board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the state under the Constitution of Texas.

(d) Three hundred million dollars of the state bonds authorized by this section shall be used to augment the Veterans' Land Fund. The Veterans' Land Fund shall be used by the board for the purpose of purchasing lands situated in the State of Texas owned by the United States government or any agency thereof, the State of Texas or any subdivision or agency thereof, or any person, firm, or corporation. The lands shall be sold to veterans in such quantities, on such terms, at such prices, at such rates of interest, and under such rules and regulations as may be authorized by law. The expenses of the board in connection with the issuance of the bonds and the purchase and sale of the lands may be paid from money in the fund. The Veterans' Land Fund shall continue to consist of any lands purchased by the board until the sale price therefor, together with any interest and penalties due, have been received by the board (although nothing herein shall prevent the board from accepting full payment for a portion of any tract) and of the money attributable to any bonds issued and sold.
by the board for the Veterans' Land Fund, which money so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the money received from the sale or resale of any lands, or rights therein, purchased from such proceeds; the money received from the sale or resale of any lands, or rights therein, purchased with other money attributable to such bonds; the money received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by the board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of the fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such money. The principal of and interest on the general obligation bonds previously authorized by Section 49-b of this constitution shall be paid out of the money of the fund in conformance with the constitutional provisions authorizing such bonds. The principal of and interest on the general obligation bonds authorized by this section for the benefit of the Veterans' Land Fund shall be paid out of the money of the fund in conformance with the constitutional provisions authorizing such bonds. The principal of and interest on the general obligation bonds authorized by this section for the benefit of the Veterans' Housing Assistance Fund shall be paid out of the money of the fund in conformance with the constitutional provisions authorizing such bonds. The principal of and interest on the general obligation bonds hereby created and made shall be paid out of the money of the fund in conformance with the constitutional provisions authorizing such bonds. The principal of and interest on the general obligation bonds hereby authorized shall be used for the benefit of the Veterans' Housing Assistance Fund as herein provided. The revenue bonds shall be issued in such forms and denominations, upon such terms, at such times and places, and in such installments as may be determined by the board in connection with the issuance of the bonds and the making of the loans may be paid from money in the fund. The Veterans' Housing Assistance Fund shall consist of any interest of the board in all home mortgage loans made to veterans by the board pursuant to a Veterans' Housing Assistance Program which the legislature may establish by appropriate legislation until, with respect to any such home mortgage loan, the principal amount, together with any interest and penalties due, have been received by the board; the money attributable to any bonds issued and sold by the board to provide money for the fund, which money so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; income, rents, and any other pecuniary benefit received by the board as a result of making such loans; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds; and interest received from investments of any such money. The principal of and interest on the general obligation bonds hereby authorized by this section for the benefit of the Veterans' Housing Assistance Fund shall be paid out of the money of the fund, but the money of the fund which is not immediately committed to the payment of principal and interest on such bonds, the making of home mortgage loans as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until the money is needed for such purposes.

(f) To the extent there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund as the case may be, available for payment of principal of and interest on the general obligation bonds herein authorized, hereinafter authorized, or hereafter authorized by this constitution to be issued by the board to provide money for either of the funds may be used by the board, to the extent not inconsistent with the proceedings authorizing such bonds, to pay the principal of and interest on general obligation bonds issued to provide money for the other fund, or to pay the principal of and interest on revenue bonds of the board issued for the purposes of providing funds for the purchasing of lands and making the sale thereof to veterans or making home mortgage loans to veterans as provided by this section. The revenue bonds shall be special obligations and payable only from the receipt of the funds and shall not constitute indebtedness of the state or the Veterans' Land Board. The board is authorized to issue such revenue bonds from time to time which shall not exceed an aggregate principal amount that can be fully retired from the receipts of the funds and other revenues pledged to the retirement of the revenue bonds. The revenue bonds shall be issued in such forms and denominations, upon such terms, at such times and places, and in such installments as may be determined by the board; and, notwithstanding the rate of interest specified by any other provision of the constitution, shall bear a rate or rates of interest fixed by the board.

Adopted Nov. 8, 1983.

§ 49-c. Texas Water Development Board; bond issue; Texas Water Development Fund. Sec. 49-c. There is hereby created as an agency of the State of Texas the Texas Water Development
Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law.

They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars ($100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars ($100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called “Texas Water Development Bonds,” shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

Such fund shall be used only for the purpose of aiding or making funds available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVI, Section 59 or Article III, Section 62, of this Constitution, interstate compact commissions to which the State of Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storing and preservation of its storm and flood waters and the waters of its rivers and streams, for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water theretofrom to wholesale purchasers, or for any one or more of such purposes or methods.

Any or all financial assistance as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

The Legislature may provide for the investment of funds available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board. Income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1982 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1982, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the interest and sinking fund for the State bonds; except that such amount as may be required to meet the administrative expenses of the Board may be annually set aside; and provided, that after all State bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

All bonds issued hereunder shall after approval by the Attorney General, registration by the Controller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such
Art. 3, § 49-c

CONSTITUTION

acts shall not be void by reason of their anticipatory nature.

Adopted Nov. 5, 1967.

§ 49-d. Acquisition and development of water storage facilities; filtration, treatment and transportation of water; enlargement of reservoirs

Sec. 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water theretofrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works which the Texas Water Development Board has financed in whole or in part.

Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

The aggregate of the bonds authorized hereunder shall not exceed $200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such $200,000,000 in additional bonds herein authorized.

The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue therefore, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and mainte-
nance of acquired facilities, and for the payment of principal and interest on debt incurred.

Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character.

The Governor may take security precautions, consistent with the state of emergency, in determining the extent to which that information may be released.

(d) To suspend the constitutional rules specified by Subsection (b) of this section, the Governor must issue a proclamation and the House of Representatives and the Senate must concur in the proclamation as provided by this section.

(e) The Governor’s proclamation must declare that a period of emergency resulting from disasters caused by enemy attack exists, or that the immediate threat of enemy attack exists, and that suspension of constitutional rules relating to legislative procedure is necessary to assure continuity of state government. The proclamation must specify the period, not to exceed two years, during which the constitutional rules specified by Subsection (b) of this section are suspended.

(f) The House of Representatives and the Senate, by concurrent resolution approved by the majority of the members present, must concur in the Governor’s proclamation. A resolution of the House of Representatives and the Senate concurring in the Governor’s proclamation suspends the constitutional rules specified by Subsection (b) of this section for the period of time specified by the Governor’s proclamation.

(g) The constitutional rules specified by Subsection (b) of this section may not be suspended for more than two years under a single proclamation. A suspension may be renewed, however, if the Governor issues another proclamation as provided by Subsection (e) of this section and the House of Representatives and the Senate, by concurrent resolution, concur in that proclamation.

§ 63. Consolidation of governmental functions of political subdivisions in counties of 1,200,000 or more

Sec. 63. (1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions required or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term “governmental functions,” as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State.

Adopted Nov. 8, 1966.

§ 64. Consolidation of governmental offices and functions in counties and political subdivisions

Sec. 64. (a) The Legislature may by special statute provide for consolidation of governmental offices and functions of government of any one or more political subdivisions comprising or located within any county. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these subdivisions, under such terms and conditions as the Legislature may require.

(b) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions required or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. No person acting under a contract made pursuant to this Subsection (b) shall be deemed to hold more than one office of honor, trust or profit or more than one civil office of emolument. The
term "governmental functions," as it relates to counties, includes all duties, activities and operations of statewide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State.

§ 65. Public bonds; interest rate; conflicting rates repealed

Sec. 65. (a) Wherever the Constitution authorizes an agency, instrumentality, or subdivision of the State to issue bonds and specifies the maximum rate of interest which may be paid on such bonds issued pursuant to such constitutional authority, such bonds may bear interest at rates not to exceed a weighted average annual interest rate of 12% unless otherwise provided by Subsection (b) of this section. All Constitutional provisions specifically setting rates in conflict with this provision are hereby repealed.

(b) Bonds issued by the Veterans’ Land Board after the effective date of this subsection bear interest at a rate or rates determined by the board, but the rate or rates may not exceed a net effective interest rate of 10% per year unless otherwise provided by law. A statute that is in effect on the effective date of this subsection and that sets as a maximum interest rate payable on bonds issued by the Veterans’ Land Board a rate different from the maximum rate provided by this subsection is ineffective unless reenacted by the legislature after that date.

If rejected, said office shall immediately become vacant, and the Governor shall, without delay, make further nominations, until a confirmation takes place. In such case he shall append to the bill, at the time of signing it, a statement of the items to which he objects, and no item so objected to shall take effect. If the Legislature be in session, he shall transmit to the House in which the bill originated a copy of such statement and the items objected to shall be separately considered. If, on reconsideration, one or more of such items be approved by two-thirds of the members present of each House, the same shall be part of the law, notwithstanding the objections of the Governor. If any such bill, containing several items of appropriation, not having been presented to the Governor ten days (Sundays excepted) prior to adjournment, be in the hands of the Governor at the time of adjournment, he shall have twenty days from such adjournment within which to file objections to any items thereof and make proclamation of the same, and such item or items shall not take effect.

The electors shall distinguish for whom they vote as Governor and for whom as Lieutenant Governor. The Lieutenant Governor,
shall by virtue of his office, be President of the Senate, and shall have, when in Committee of the Whole, a right to debate and vote on all questions; and when the Senate is equally divided to give the casting vote. In case of the death, resignation, removal from office, inability or refusal of the Governor to serve, or of his impeachment or absence from the State, the Lieutenant Governor shall exercise the powers and authority appertaining to the office of Governor until another be chosen at the periodical election, and be duly qualified; or until the Governor impeached, absent or disabled, shall be acquitted, return, or his disability be removed.

The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services the same compensation and mileage which shall be allowed to the members of the Senate, and no more; and during the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office.

of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private or public reprimand, or if the Commission determines that the situation merits such action, it may institute formal proceedings and order a formal hearing to be held before it concerning the public censure, removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals, or retired Judge or Justice of the Court of Criminal Appeals or the Supreme Court, as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. The Master shall have all the power of a District Judge in the enforcement of orders pertaining to witnesses, evidence, and procedure. If, after formal hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The Supreme Court, in an order for involuntary retirement for disability or an order for removal, may prohibit such person from holding judicial office in the future. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, unless otherwise provided by law, and the filing of papers with, and the giving of testimony before, the Commission, Master or the Supreme Court shall be privileged, unless otherwise provided by law; provided that upon being filed in the Supreme Court the record loses its confidential character. However, the Commission may issue a public statement through its executive director or its Chairman at any time during any of its proceedings under this Section when sources other than the Commission cause notoriety concerning a Judge or the Commission itself and the Commission determines that the best interests of a Judge or of the public will be served by issuing the statement.

(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission in any proceeding involving his own suspension, censure, retirement or removal. A recommendation of the Commission for the suspension, censure, retirement, or removal of a Justice of the Supreme Court shall be determined by a tribunal of seven (7) Court of Civil Appeals Justices selected by lot to serve in place of the Supreme Court.

(13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution. Adopted Nov. 2, 1948. Amended Nov. 2, 1965; Nov. 3, 1970; Nov. 8, 1977.

§ 1. Equality and uniformity; tax in proportion to value; occupation taxes; income tax; exemption of household goods and personal property homestead

Section 1. Taxation shall be equal and uniform. All real property and tangible personal property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may provide for the taxation of intangible property and may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing any business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in mechanical and agricultural pursuits shall never be required to pay an occupation tax. The Legislature by general law shall exempt household goods not held or used for the production of income and personal effects not held or used for the production of income, and the Legislature by general law may exempt all or part of the personal property homestead of a family or single adult; "personal property homestead" meaning that personal property exempt by law from forced sale for debt, from ad valorem taxation. The occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one half of the tax levied by the State for the same period on such profession or business.

§ 1-a. No State ad valorem tax levy; county levy for roads and flood control; tax donations

Sec. 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars ($3,000) value of residential homesteads of married or unmarried adults, male or female, including those living alone, not to exceed thirty cents (30¢) on each One Hundred Dollars ($100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of farm to market roads or for flood control, except as herein otherwise provided.

Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations here­tofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such
donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision.

§ 1-a. Residence homestead exemption

Sec. 1-a. (a) Three Thousand Dollars ($3,000) of the assessed taxable value of all residence homesteads of married or unmarried adults, male or female, including those living alone, shall be exempt from all taxation for all State purposes.

(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars ($3,000) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance or its successor or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, from all ad valorem taxes thereafter levied by the political subdivision. An alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars ($3,000) as provided in the petition, of the market value of residence homesteads of disabled persons or of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from the same political subdivision in the same year but may choose either. An eligible person is entitled to choose either. An eligible person is entitled to receive both the exemption required by this subsection and any exemption adopted pursuant to subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of Article VIII, Sections 1-b(c), 1-b(d), and 1-d-1 of this constitution.

(c) Five Thousand Dollars ($5,000) of the market value of the residence homestead of a married or unmarried adult, including one living alone, is exempt from ad valorem taxation for general elementary and secondary public school purposes. In addition to this exemption, the legislature by general law may exempt an amount not to exceed Ten Thousand Dollars ($10,000) of the market value of the residence homestead of a person who is disabled as defined in Subsection (b) of this section and of a person sixty-five (65) years of age or older from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may base the amount of and condition eligibility for the additional exemption authorized by this subsection for disabled persons and for persons sixty-five (65) years of age or older on economic need. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from a school district but may choose either. An eligible person is entitled to receive both the exemption required by this subsection for all residence homesteads and any exemption adopted pursuant to Subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of Article VIII, Sections 1-b(c), 1-b(d), and 1-d-1 of this constitution.

(d) Except as otherwise provided by this subsection, if a person receives the residence homestead exemption prescribed by Subsection (c) of this section for homesteads of persons sixty-five (65) years of age or older, the total amount of ad valorem taxes imposed on that homestead for general elementary and secondary public school purposes may be increased only by the extent of the value of the homestead is increased by improvements other than repairs or improvements made to comply with governmental requirements.

(e) The governing body of a political subdivision may exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult, including one living alone. The percentage may not exceed forty percent (40%) for the years 1982 through 1984, thirty percent (30%) for the years 1985 through 1987, and twenty percent (20%) in 1988 and each subsequent year. However, the amount of an exemption authorized pursuant to this subsection may not be less than Five Thousand Dollars ($5,000) unless the leg-

Art. 8, § 1-e

The legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is entitled to receive other applicable exemptions provided by law. Where ad valorem tax has previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect the tax against the value of the homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature by general law may prescribe procedures for the administration of residence homestead exemptions.

Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

Section 1. The Legislature shall have power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new county shall be created with a less area than nine hundred square miles, in a square form, unless prevented by pre-existing boundary lines. Should the State lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties.

Second. Within the territory of any county or counties now existing, no new county shall be created with a less area than seven hundred square miles, nor shall any such county now existing be reduced to a less area than seven hundred square miles. No new counties shall be created so as to approach nearer than twelve miles of the county seat of any county from which it may in whole or in part be taken. Counties of a less area than nine hundred, but of seven hundred or more square miles, within counties now existing, may be created by a two-thirds vote of each House of the Legislature, taken by yeas and nays and entered on the journals. Any county now existing may be reduced to an area of not less than seven hundred square miles by a like two-thirds vote. When any part of a county is stricken off and attached to, or created into another county, the part stricken off shall be held for and obliged to pay its proportion of all the liabilities then existing, of the county from which it was taken, in such manner as may be prescribed by law.

Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted, in such manner as may be provided by law, to a vote of the electors of both counties, and shall have received a majority of those voting on the question in each.

§ 1-A. Counties bordering on Gulf of Mexico or tidewater limits thereof; regulation of motor vehicles on beaches

Sec. 1-A. The Legislature may authorize the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof to regulate and restrict the speed, parking and travel of motor
vehicles on beaches available to the public by virtue of legal right and the littering of such beaches.

Nothing in this amendment shall increase the rights of any riparian or littoral landowner with regard to beaches available to the public by virtue of public right or submerged lands.

The Legislature may enact any laws not inconsistent with this Section which it may deem necessary to permit said counties to implement, enforce and administer the provisions contained herein.

Should the Legislature enact legislation in anticipation of the adoption of this amendment, such legislation shall not be invalid by reason of its anticipatory character.

Adopted Nov. 6, 1962.

Sec. 2. A majority of such electors, however, voting at such election, may remove a county seat from a point more than five miles from the geographical centre of the county to a point within five miles of such centre, in either case the centre to be determined by a certificate from the Commissioner of the General Land Office.

§ 5. City of Amarillo; Wichita County; Jefferson County; creation of hospital districts

Sec. 5. (a) The Legislature may by law authorize the creation of two hospital districts, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or as they may hereafter be lawfully extended, and the other to be coextensive with Wichita County.

If such district or districts are created, they may be authorized to levy a tax not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars ($100.00) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of Seventy-five Cents (75¢) per One Hundred Dollars ($100.00) valuation, and no election shall be required by subsequent changes in the boundaries of the City of Amarillo.

If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the district may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall be resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (75¢) tax. The Legislature shall provide for transfer of title to properties to the district.

(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partial-
ly located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents ($0.10) per one Hundred Dollars ($100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purposes. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

(c) The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County Drainage District No. 7 and the Port Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax of not to exceed Seventy-five Cents ($0.75) on the One Hundred Dollars ($100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpaying voters voting at said election who have duly rendered their property for taxation upon the tax rolls of either said Drainage or said School District, nor shall such bonds be issued or such tax be levied until so approved by such voters.

The district shall not have the power to levy any tax for maintenance or operation of the hospital or facilities, but shall contract with other political subdivisions of the state or private individuals, associations, or corporations for such purposes.

If the district hereinabove authorized is finally created, no other hospital district may be created embracing any part of the territory within its boundaries, but the Legislature by law may authorize the creation of a hospital district incorporating therein the remainder of Jefferson County, having the powers and duties and with the limitations presently provided by Article IX, Section 6(a), of the Constitution of Texas, except that such district shall be confirmed at an election wherein the resident qualified property taxpaying voters who have duly rendered their property within such proposed district for taxation on the county rolls, shall be authorized to vote. A majority of those participating in the election voting in favor of the district shall be necessary for its confirmation and for bonds to be issued.

(d) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character.

The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of seventy-five cents (75¢) per one Hundred Dollar ($100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct No. 4 of Comanche County.

If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the District may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the District shall by resolution assume all such responsibilities.

If such tax is authorized, the District shall by resolution assume the responsibilities, obligations, and liabilities of the County in the manner and to the extent hereinafore provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

married prior to January 1, 1957, to a Texas Ranger qualifying for such pension.

These pensions may be paid only from the special fund created by Section 17, Article VII for a payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for widows of such soldiers serving in said armies, navies, organizations or militia.

§ 67. State and local retirement systems

Sec. 67. (a) General Provisions. (1) The legislature may enact general laws establishing systems and programs of retirement and related disability and death benefits for public employees and officers. Financing of benefits must be based on sound actuarial principles. The assets of a system are held in trust for the benefit of members and may not be diverted.

(2) A person may not receive benefits from more than one system for the same service, but the legislature may provide by law that a person with service covered by more than one system or program is entitled to a fractional benefit from each system or program based on service rendered under each system or program calculated as to amount upon the benefit formula used in that system or program. Transfer of service credit between the Employees Retirement System of Texas and the Teacher Retirement System of Texas also may be authorized by law.

(3) Each statewide benefit system must have a board of trustees to administer the system and to invest the funds of the system in such securities as the board may consider prudent investments. In making investments, a board shall exercise the judgment and care under the circumstances then prevailing that persons of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital. The legislature by law may further restrict the investment discretion of a board.

(4) General laws establishing retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this section remain in effect, subject to the general powers of the legislature established in this subsection.

(b) State Retirement Systems. (1) The legislature shall establish by law a Teacher Retirement System of Texas to provide benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state. Other employees may be included under the system by law.

(2) The legislature shall establish by law an Employee Retirement System of Texas to provide benefits for officers and employees of the state and such state-compensated officers and employees of appellate courts and judicial districts as may be included under the system by law.

(3) The amount contributed by a person participating in the Employee Retirement System of Texas or the Teacher Retirement System of Texas shall be established by the legislature but may not be less than six percent of current compensation. The amount contributed by the state may not be less than six percent nor more than 10 percent of the aggregate compensation paid to individuals participating in the system. In an emergency, as determined by the governor, the legislature may appropriate such additional sums as are actuarially determined to be required to fund benefits authorized by law.

(c) Local Retirement Systems. (1) The legislature shall provide by law for:

(A) the creation by any city or county of a system of benefits for its officers and employees;

(B) a statewide system of benefits for the officers and employees of counties or other political subdivisions of the state in which counties or other political subdivisions may voluntarily participate; and

(C) a statewide system of benefits for officers and employees of cities in which cities may voluntarily participate.

(2) Benefits under these systems must be reasonably related to participant tenure and contributions.

(d) Judicial Retirement System. (1) Notwithstanding any other provision of this section, the system of retirement, disability, and survivors' benefits heretofore established in the constitution or by law for justices, judges, and commissioners of the appellate courts and judges of the district and criminal district courts is continued in effect. Contributions required and benefits payable are to be as provided by law.

(2) General administration of the Judicial Retirement System of Texas is by the Board of Trustees of the Employee Retirement System of Texas under such regulations as may be provided by law.

(e) Anticipatory Legislation. Legislation enacted in anticipation of this amendment is not void because it is anticipatory.

Adopted April 22, 1975.

§ 68. Associations of agricultural producers; assessments on product sales to finance programs of marketing, promotion, research and education

Sec. 68. The legislature may provide for the advancement of food and fiber in this state by providing representative associations of agricultural producers with authority to collect such refundable assessments on their product sales as may be approved by referenda of producers. All revenue collected shall be used solely to finance programs of
marketing, promotion, research, and education relating to that commodity.

Adopted Nov. 8, 1983.

2. Constitutional revision commission; establishment; report; 1974 constitutional convention.

§ 1. Proposed amendments; submission to voters; adoption

Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by yeas and nays on the journals.

The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to each county clerk who shall post the same in a public place in the courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 50 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch.

The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor.

Any person intending to apply for the passage of any local or special law shall give notice of such intention by having a statement of the substance of such law published once in some newspaper published in the county embracing the locality to be affected by said law, at least thirty days prior to the introduction into the Legislature of such contemplated law.

Art. 3. If No Newspaper Published

If no newspaper is published in said county, a written copy of such statement shall be posted at the court house door and in five other public places in the immediate locality to be affected thereby in said county, for thirty days, and such notice shall accurately define the locality to be affected by said law.

[Acts 1925, S.B. 84.]

Art. 4. Notice for Each County

Where the locality to be affected by said law shall extend beyond the limits of any one county, such notice shall be given for each county to be affected.

[Acts 1925, S.B. 84.]

Art. 5. Affecting Persons

Whenever any person intends applying for the passage of a special law which shall affect persons chiefly, and not directly affect any particular locality more than others, such persons, if residing in this State, shall make publication of notice of such intention in the county of the residence of such person in the same manner as if the said law was to affect such locality.

[Acts 1925, S.B. 84.]

Art. 6. Where Applicant is a Non-Resident

[Acts 1925, S.B. 84; Acts 1927, 40th Leg., p. 42, ch. 29, §1.]

CONSTRUCTION OF LAWS

Art. 10. General Rules

The following rules shall govern in the construction of all civil statutory enactments:

1. The ordinary signification shall be applied to words, except words of art or words connected with a particular trade or subject matter, when they shall have the signification attached to them by experts in such art or trade, with reference to such subject matter.

2. The present or past tense shall include the future.

3. The masculine gender shall include the feminine and neuter.

4. The singular and plural number shall each include the other, unless otherwise expressly provided.

5. A joint authority given to any number of persons or officers may be executed by a majority of them, unless it is otherwise declared.

6. In all interpretations, the court shall look diligently for the intention of the Legislature, keeping in view at all times the old law, the evil and the remedy.

7. Whenever one law which shall have repealed another shall itself be repealed, the former law shall not be thereby revived without express words to that effect.

8. The rule of the common law that statutes in derogation thereof shall be strictly construed shall have no application to the Revised Statutes; but the said statutes shall constitute the law of this State respecting the subjects to which they relate; and the provisions thereof shall be liberally construed with a view to effect their objects and to promote justice.

[Acts 1925, S.B. 84.]

Art. 11. Grammatical Errors

Grammatical errors shall not vitiate a law, and a transposition of words and clauses may be resorted to when the sentence or clause is without meaning as it stands. No case shall the punctuation of a law control or affect the intention of the Legislature in the enactment thereof.

[Acts 1925, S.B. 84.]

Art. 11a. Severability of Statutes

Sec. 1. Except to the extent otherwise specifically provided in a statute enacted previously or in the future, if any provision of a statute or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the statute which can be given effect without the invalid provision or application, and to this end the provisions of each statute are declared to be severable.

Sec. 2. Nothing in this Act affects the power or the duty of a court in an appropriate case to ascertain and effectuate the intent of the legislature with regard to the severability of a statute.

[Acts 1973, 63rd Leg., p. 69, ch. 45, eff. April 18, 1973.]

Art. 11c. References to General Appropriations Act

Sec. 1. [Amends art. 6252-11, §2]

Sec. 2. [Amends art. 6701m-1]

Sec. 3. It is the intent of the legislature that references in law to a specific article of the General Appropriations Act should be by article title only.

Sec. 4. If a statute enacted or last amended before 1982 refers by number to an article of the General Appropriations Act, the reference shall be construed as meaning the article of the current General Appropriations Act, regardless of numerical designation, that corresponds in substance to the numerically cited article as it existed on the date of the enactment or most recent amendment of the statutory citation.

MISCELLANEOUS

Art. 12. Fiscal Year

The fiscal year of the State shall terminate on the thirty-first day of August of each year, and appropriations of the State government shall conform thereto. All officers who are required by law to report annually or biennially to the Legislature or Governor shall close their accounts on that date, and as soon thereafter as practicable shall prepare and compile their respective reports.

[Acts 1925, S.B. 84.]
Art. 13. Reports of Officers

All annual or biennial reports intended for the use of the Legislature or Governor shall be sent by the respective officers to the Secretary of State on or before November first, and he shall promptly cause the same to be printed before the assembling of the Legislature, and upon its organization he shall send to the presiding officer of each house ten copies of each printed report for the members thereof.

[Acts 1925, S.B. 84.]

Art. 14. Quorum

The majority of any legally constituted board or commission, unless otherwise specially provided, shall constitute a quorum for the transaction of business.

[Acts 1925, S.B. 84.]

Art. 15. Disqualifications

No judge or justice of the peace shall sit in any case wherein he may be interested or where either of the parties may be connected with him by affinity or consanguinity within the third degree, or where he shall have been counsel in the case.

[Acts 1925, S.B. 84.]

Art. 16. Oath of Office

Each officer in this State, whether elected or appointed shall, before entering upon the duties of his office, take and subscribe the oath prescribed by Article 16, Section 1, of the Constitution of this State; and if he shall be required by law to give an official bond, said oath shall be filed with said bond.

[Acts 1925, S.B. 84.]

Art. 17. Commencement of Term of Office

The regular terms of office for all elective state, district, county and precinct offices of the State of Texas, excepting the offices of Governor, Lieutenant Governor, State Senator, and State Representative, shall begin on the first day of January next following the general election at which said respective offices are regularly filled, and those who are elected to regular terms shall qualify and assume the duties of their respective offices on the first day of January following their election, or as soon thereafter as possible. Persons elected to unexpired terms in the various state, district, county and precinct offices shall be entitled to qualify and assume the duties of their respective offices immediately upon receiving a certificate of election, which certificate shall be issued immediately following the official canvass of the results of the election at which they were elected, and they shall take office as soon thereafter as possible.

Art. 18. Term of Office

Each officer, whether elected or appointed under the laws of this State, and each Commissioner, or member of any board or commission created by the laws of this State, shall hold his office for the term provided by law and until his successor is elected or appointed and qualifies; and each, on retiring from office, shall deliver to his successor all books, papers and documents relating to his office.

[Acts 1925, S.B. 84.]

Art. 19. Vacancies; Ratification by Senate

All vacancies in State or district offices, except members of the Legislature, shall be filled unless otherwise provided by law, by appointment of the Governor, which appointment, if made during its session, shall be with the advice and consent of two-thirds of the Senate present. If made during the recess of the senate, the said appointee, or some other person to fill such vacancy, shall be nominated to the Senate during the first ten days of its session. If rejected, said office shall immediately become vacant, and the Governor shall, without delay, make further nominations until a confirmation takes place. But should there be no confirmation during the session of the Senate, the Governor shall not thereafter appoint any person to fill such vacancy, who has been rejected by the Senate; but may appoint some other person to fill the vacancy until the next session of the Senate, or until the regular election to said office, should it sooner occur. Appointments to vacancies in offices elective by the people shall only continue until the first general election thereafter.

[Acts 1925, S.B. 84.]

Art. 19a. Vacancies Filled by Incumbent Governor During Period Immediately Preceding Successor Taking Office

Vacancies Covered

Sec. 1. (a) This article applies to a vacancy that occurs in a state or district office and that is to be filled by appointment by the governor.

(b) For the purposes of this article, the expiration of a state or district officer’s term of office is considered to create a vacancy in the office.

Vacancies Governor May Not Fill

Sec. 2. (C) no licensee engages in any competitive practice which would impair the independence of or quality of services rendered by any licensee or which would impair or restrict the opportunity for members of the public to seek and secure high quality professional accounting services at reasonable prices or which would unreasonably restrict competition among licensees.

The board may adopt a system of required annual continuing education for licensees to assure that the licensees remain informed of changes in the field of accountancy. The board may recognize areas of specialization in the field of accountancy and may recognize alternate ways by which licensees may demonstrate acceptable levels of competency.

(b) If the appropriate standing committees of both houses of the legislature acting under Section 8(g), Administrative Procedure and Texas Register Act, as added (Article 6252-12a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect or, if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees' statements.

Such resident manager may serve in such capacity only in one office at the same time except as authorized by rule of the board. The board shall by regulation prescribe the procedure to be followed in effecting such registrations. The board may by rule require that a sign notifying consumers that complaints may be directed to the board be prominently displayed in each office established under the provisions of this section and may prescribe the size and contents of such sign.

Upon completion of such requirements, if otherwise qualified to take the examination, he shall be permitted to make his application and take the examination under such education requirements.

Every person who has met the requirements of Subdivisions (1), (2), (3), (4), (5), and (6) of this section and is ready to receive his certificate as a "Certified Public Accountant" shall before receiving such certificate take an oath that he will support the Constitution of the United States and of this state and the laws thereof and will comply with the rules of professional conduct promulgated under this Act. This oath shall be administered by a member of the board or by such other person as may be authorized by law to administer oaths.

Reciprocity

Sec. 13. The board may in its discretion waive the examination of and may issue a certificate of "Certified Public Accountant" to any person possessing the other qualifications mentioned in Section 12 of this Act who is the holder of a certificate as certified public accountant issued under the laws of any state or territory or the equivalent thereof issued in any foreign country, provided the requirements for such certificate in the state or territory or foreign country which has granted it to the applicant were in the opinion of the board at least equivalent to those required in this state at the time the applicant's original certificate was issued. The board shall charge for the issuance of such a certificate as a "Certified Public Accountant" under this section a fee of not more than $100.
Registration of Certified Public Accountants of Other States and Persons Holding Similar Titles in Foreign Countries

Sec. 14. A certified public accountant of another state or territory or the holder of a certificate, license, or degree authorizing him to practice public accountancy in a foreign country may register with the board as a certified public accountant of such other state or territory or as holding such certificate, license, or degree of a foreign country, if the board determines that the standards under which the applicant became a certified public accountant or received such certificate, license, or degree were as high as the standards of this state at the same time for granting the certificate of certified public accountant. A person so registered may describe himself as a certified public accountant of the state or territory which issued his certificate or may use the title held by him in a foreign country; provided that the country of its origin is indicated. The registered person must pay the license fee provided in Section 9 of this Act and a processing fee set by the board of not more than $100.

Examinations, Reexaminations, and Fees

Sec. 15. All examinations provided for under this Act shall be conducted by the board. The examination for the certificate of "Certified Public Accountant" shall take place as often as the board deems necessary, but not less frequently than once each year. The board as it considers appropriate may use all or part of the Uniform CPA Examination and any related service available from the American Institute of Certified Public Accountants or the National Association of State Boards of Accountancy. The board by rule may adopt a system for the maintenance of the security and integrity of the examination process.

Not later than the 30th day after the day on which the board receives an individual's examination results, the board shall send to the individual the examination results.

A candidate who fails shall have the right to apply for additional examinations, subject to the satisfaction of the board that the candidate continues to meet requirements of Subdivisions (1), (2), and (4) of Section 12 of this Act.

Any candidate who at the time of filing his application to take the examination or reexamination provided for herein had prior to the effective date of this Act any examination credits or who after the effective date of this Act pass in a single examination two or more subjects (accounting practice counting as two subjects), or who is registered as a public accountant under The Public Accountancy Act of 1945, as amended (Article 41a, Vernon's Texas Civil Statutes), and who shall pass one or more subjects after the effective date of this Act shall have the right, subject to the approval of his application for reexamination under the provisions of the preceding paragraph, to be reexamined in the remaining subjects only at subsequent examinations held by the board, except that the candidate must pass the remaining subjects within the next 10 consecutive examinations, and the candidate may receive credit for one or more subjects in any subsequent examination. When the candidate shall have received credit for all subjects, the candidate shall then be considered to have passed the examination. A candidate having two or more credits on September 1, 1979, is entitled to an unlimited number of reexaminations on the remaining parts of the examination.

The board shall charge for the first examination of a candidate for certification as a "Certified Public Accountant" a fee of not more than $150, which shall be payable by the applicant at the time of making the initial application. For each subsequent examination or reexamination, the fee shall not exceed for each subject for which the candidate is eligible $60 for accounting practice and $80 for each of theory of accounts, auditing, and commercial law, which shall be payable by the applicant at the time of making the application for the subsequent examination or reexamination. Where the applicant fails to be present for the examination and shows to the board satisfactory reason for such failure, the board may in its discretion refund any fee so paid.

All fees provided for herein shall be paid to the Texas State Board of Public Accountancy.

It is further provided that any applicant who has failed any such examination or reexaminations shall have a right to request a copy of the questions and the answers thereto made by him upon any such examination with the grade clearly shown, together with a copy of solutions to such questions; and the board shall forthwith comply with such request by delivering by registered or certified mail to such applicant a true copy of the questions and his answers thereto, together with a copy of solutions to such questions. The board may charge such applicant a reasonable fee therefor, and such request by the candidate shall be made within six months after the grades are mailed to said candidate and not thereafter.

An individual who has resigned and surrendered a certificate or registration may not apply for reinstatement of the certificate or registration but may be issued a new certificate or registration upon completion of all requirements for the issuance of a certificate or registration. No certificate shall be issued to any person who has previously resigned a certificate unless that person shall have successfully completed the examination requirement for a new certificate between the time of resignation and the issuance of a new certificate unless, upon application, the examination requirement is waived by the board. If any individual shall resign and surrender a certificate or registration during the course of a disciplinary investigation or proceeding conducted by the board, this fact shall be disclosed in any later application for a new certificate or registration, and the board shall consider this fact in determining whether to issue a new certificate or registration.
(b) After notice and hearing as provided in Section 22 of this Act, the board may revoke or may suspend for a period not to exceed five years any certificate issued under this or any prior Acts or any registration granted under this or any prior Acts or may revoke, suspend, or refuse to renew any license issued under Sections 9 or 13 of this Act or may reprimand the holder of any such license for any one or more of the following causes:

(4) If, after having been served with the notice of hearing as provided for herein, the accused fails to appear at said hearing, the board may proceed to hear evidence against him and may enter such order as shall be justified by the evidence, and a copy of such order shall be mailed by registered or certified mail to the last known address of the accused. The board is hereby authorized to grant continuances upon written request and upon a showing of good cause for failure to appear at such hearing, set out in writing, signed by the accused, and filed with the board. (d) At all hearings the attorney general or one of his assistants or such other legal counsel as may be employed shall appear and represent the board.

In cases of disobedience to a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence.

(3) Any party aggrieved by a final order, ruling, or decision of the board shall be entitled to judicial review under the substantial evidence rule. Proceedings for review shall be initiated by the filing of a petition in the District Court of Travis County, Texas, setting forth the particular objection to such decision, ruling, or order against the Texas State Board of Public Accountancy as defendant, such petition to be filed within 30 days after the decision, ruling, or order complained of is final and appealable. Service of citation on the board may be had by delivery of a copy of the petition to the board at its offices in Austin, Travis County, Texas. The board shall not be required to give any bond in any cause or appeal arising hereunder. Neither the board nor any member thereof shall be liable to any person, firm, or corporation charged or investigated by the board for any damages incident to such investigation or any complaint, charge, prosecution, proceeding, or trial of the results thereof.

(g) Upon application in writing and after hearing pursuant to notice, the board may issue a new certificate to a certified public accountant whose certificate shall have been revoked or may permit the reregistration of anyone whose registration has been revoked or may issue or modify the suspension of any license to practice public accountancy which has been revoked or suspended.

(e) None of the provisions of Section 26 shall apply to individuals who are not licensed under this Act.

Art. 46c-1  AERONAUTICS

(13) The term "aeronautics" means the art and science of flight of aircraft of all types; aviation; the operation, navigation, maintenance, construction of aircraft and all component parts thereof; and includes air navigation aids, such as lighting, markings, radio, ground to aircraft, aircraft to ground, aircraft to aircraft, and related communications; navigation and piloting; and air crew and air passenger facilities; and also includes airports and airstrips and the design, construction, repair or maintenance of all or any part thereof and improvements thereto; and the dissemination of information and instruction pertaining to all of the foregoing.

Art. 46c-2. Declaration
It is hereby declared that the purpose of this Act is to further the public interest and aeronautical progress by providing for the protection, promotion, and development of aeronautics; by cooperating in effecting a uniformity of the laws relating to the development of aeronautics in the several states; by revising existing statutes relative to the development and regulation of aeronautics so as to grant to a state agency such powers and impose upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction; by assisting in the promotion of a state-wide system of airports; by cooperating with and assisting the political subdivisions of this state in order that those engaged in aeronautics of every character may so engage with the least possible restrictions consistent with the safety and the rights of other person or persons; and by providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state by assisting in accomplishing the purposes of federal legislation and eliminating costly and unnecessary duplication of functions properly in the province of the federal agencies.

Art. 46c-3. Aeronautics Commission, Organization, Membership
(a) The Texas Aeronautics Commission shall consist of six Commissioners to be appointed by the Governor and confirmed by the Senate. Appointments to the Commission shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. Commissioners are appointed for staggered terms of six years with two Commissioners' terms expiring February 1 of each odd-numbered year. The Governor shall appoint successors for the Commissioners (who may be reappointed) at the expiration of their terms. Any member appointed to fill a vacancy occurring prior to the expiration of the term to which his predecessor was appointed shall be appointed to only the remainder of such term. Each member shall serve until the appointment and qualification of his successor. Each member is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the Commission. A member may not receive any compensation for travel expenses, including expenses for meals and lodging, other than transportation expenses. A member is entitled to compensation for transportation expenses as provided by the General Appropriations Act.

(b) To qualify for appointment to the Commission by the Governor, an appointee must have the following minimum qualifications in addition to those set out herein:

(1) Bona fide continuous residence in the state for the 10 years immediately previous.

(2) Ten years of successful experience in business, professional or governmental activities.

(c) The Texas Aeronautics Commission is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes). Unless continued in existence as provided by that Act the commission is abolished effective September 1, 1993.

(d) A member or employee of the Commission may not be an officer, employee, or paid consultant of a trade association in the aeronautics industry. A member or employee of the Commission may not be related within the second degree by affinity or consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the aeronautics industry.

(e) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9e, Vernon's Texas Civil Statutes), may not serve as a member of the Commission or act as the general counsel to the Commission.

(f) It is a ground for removal from the Commission if a member:

(1) does not have at the time of appointment the qualifications required by Subsection (b) of this section for appointment to the Commission;

(2) violates Subsection (d) or (e) of this section; or

(3) fails to attend at least half of the regularly scheduled Commission meetings held in a calendar year, excluding meetings held while the person was not a Commission member.

(g) If a ground for removal of a member of the Commission exists, the Commission's actions during
the existence of the ground for removal are not invalid for that reason.

Section 2 of art. II of the 1981 amendatory act provides:

"(b) A person appointed to the Texas Aeronautics Commission who held office immediately preceding the effective date of this Act and who was eligible to be a member of the commission under the law as it existed at the time of his appointment is entitled to serve the remainder of the term for which he was appointed.

"(c) The term of office succeeding a commission member's term that expires on December 31, 1988, expires on February 1, 1991. The term of office succeeding a commission member's term that expires on December 31, 1988, expires on February 1, 1991."

Art. 46c-4. Organization, Meetings, Reports

(a) The Commission shall adopt a seal, and make rules and regulations for its administration, not inconsistent with this Act, as hereby amended, as in its judgment it may deem advisable or necessary, and may from time to time amend such rules and regulations. It shall elect from among its members a chairman, a vice chairman, and a secretary, to serve for one year and annually thereafter shall elect such officers all to serve until their successors are appointed and qualified. It shall fix the date and place for its regular meetings. Four members shall constitute a quorum, and except as hereafter provided, no action shall be taken by less than a majority of the Commission members present. Special meetings may be called as provided by its rules and regulations. All regular and special Commission meetings shall be open to the public. Funds received by the Commission under this Act shall be deposited in the State Treasury to the credit of the General Revenue Fund. The state auditor shall audit the financial transactions of the Commission during each fiscal biennium. Not later than December 1 each year, it shall report in writing to the governor detailed and itemized statements of all revenues and of all expenditures made by or in behalf of the Commission, and shall furnish such other information as it may deem necessary or useful or which may be requested by the Governor. The fiscal year of the Commission shall conform to the fiscal year of the state.

(b) The Commission is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6222-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6232-13a, Vernon’s Texas Civil Statutes), and the Executive Director acting under its authority, is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage, aid and assist in the establish-
ment of airports and airstrips and air navigational facilities in this state, and, as to lands, or portions thereof, or navigational aids or facilities donated or given to the state, or to the Texas Aeronautics Commission to be held by it in trust for the state, the Texas Aeronautics Commission may control, administer, and have jurisdiction thereover, and may lease the same on the terms hereafter provided. The Commission and its Executive Director may cooperate with and assist the United States, municipalities or other governmental subdivisions of this state, or persons engaged in aeronautics or in the development of aeronautics, and may endeavor to coordinate the aeronautical activities of such others, and, municipalities and governmental subdivisions are authorized to cooperate with the Commission in the development of aeronautics and aeronautical navigational facilities or aids in this state.

Subd. 2. Authority to Contract. The Commission may enter into contracts which it deems necessary or advisable in conformity with and in the execution of the powers granted it by this Act, as amended. However, the Commission shall have no power to enter into any contract or agreement binding on the State of Texas for the payment of any moneys which have not been authorized by appropriation of the Legislature from the general revenues or from the Texas Aeronautics Commission Fund. All contracts entered into by the Commission shall be submitted to the attorney general for approval as to form. The Commission shall not enter into any contract binding the State of Texas in excess of the power granted in this Act.

Subd. 3. Air Carriers. (a) The Commission is hereby granted and vested with the right, power and authority to promulgate and administer economic rules and regulations over air carriers. The Commission shall promulgate and administer rules providing for the safety of air carriers subject to the requirements of this Act. The Commission shall be vested with broad discretion in promulgating such rules and regulations. Without limiting the right, power and authority of the Commission, to the extent necessary to enable it to perform its functions, it shall determine the financial, managerial, and equipment fitness and operational capability of each air carrier, require filing of such reports and other data of air carriers as the Commission may deem necessary, inspect air carrier facilities and equipment, and adopt a program, rules and regulations necessary to effectuate its duties hereunder to the extent that its rules and regulations do not conflict with federal rules and legislation concerning functions within the jurisdiction of federal agencies.

(b) No air carrier shall operate as such, after this Act goes into effect, without having first obtained from the Commission a certificate; provided, however, that all operating rights and privileges granted to any air carrier by the Commission prior to the passage of this Act shall continue in effect, authorizing the same service under the same terms and conditions as previously granted by the Commission. Upon notice and hearing, certificates shall be subject to revocation or suspension for violation of the Commission's regulations, the provisions of this Act or the regulations or laws of the United States or any authorized agency or board thereof. Proceedings for the refusal, suspension, or revocation of a certificate are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). Any such certificates so revoked or suspended may be reinstated upon order of the Commission on its own motion or upon application of the air carrier, when the Commission finds reinstatement to be in the public interest. Prior to issuing or amending a certificate of public convenience and necessity or a certificate of operating authority, the Commission shall consider the encouragement and development of an intrastate air transportation system properly adapted to the present and future needs of the State of Texas, and in addition shall consider the financial responsibility of the air carrier, its proposed points of service or routes and rates or charges, the effect, if any, upon existing air carriers and CAB certified carriers, and any other factors similarly related to the interest and safety of the public. Nothing in this Act affects any litigation pending on the effective date of this Act.

(b-1) The Commission by rule may establish reasonable classifications of air carriers. In the interest of limiting the scope of regulation, the Commission by rule may exempt any class of air carriers from any or all of the requirements of this Act or from any or all rules promulgated pursuant to this Act if the exemption is just and reasonable and is in the public interest.

(c) No application for a certificate shall be received and filed by the Commission unless the same shall be in writing under oath in original and six copies filed with the Executive Director of the Commission and contain the following information:

(1) The name and address of the applicant and the names and addresses of its officers, if any, and full information concerning the financial condition and physical properties of the applicant.

(2) The complete route or routes over which the applicant desires to operate or intended points of service, together with the description of each aircraft which the applicant intends to use.

(3) A proposed schedule of service and schedule of rates to be charged between the several points or localities to be served.

(4) It shall be accompanied by plats or maps showing the route or routes over which the applicant desires to operate, on which plats or maps shall be delineated the line or lines of any existing air carrier or airlines, whether or not subject to this Act, serving such territory, and shall point out the need for additional air service.
(5) Such other information, exhibits and other
data in regard to the application as may be required
by duly promulgated rules and regulations of the
Commission.

(6) Every application filed with the Commission
for a certificate shall be accompanied by a filing fee
in an amount determined by the Commission, but
not less than $200, which fee shall be in addition to
any other fees and taxes and shall be retained by
the Commission, whether the application is
approved or not, to defray operating expenses.

Copies of such application shall be transmitted
contemporaneously by certified mail, return receipt
requested, to the Civil Aeronautics Board, the Fed-
eral Aviation Administration and to any air carrier
or CAB certified carrier, which serves, or is
authorized to serve, over the routes or to the service
points proposed to be served by the applicant.

Upon receipt of such application in proper form, the
Commission shall set a date for public hearing
which may be conducted by the Commission, or at
its discretion, by the Executive Director, or any
staff member of the Commission.

Any other provision of this Act notwithstanding,
carriers certified by the Civil Aeronautics Board
pursuant to the Federal Aviation Act of 1958, as
now or hereafter amended, 1 together with any other
interested party shall be afforded the right to ap-
ppear and present evidence and arguments at such
hearing on all issues involved in any such hearing.

The final determination of such application shall be
made by the Commission by written order setting
forth its findings and served upon the parties in
such manner as the Commission shall specify, and
such application may be granted or denied, in whole,
or in part. The order of the Commission granting
any application and the certificate issued thereunder
shall be voidable upon appeal unless the Commis-
sion shall set forth in its order full and complete
findings of fact pointing out in detail the basis on
which it made each of its findings on the factors
related to the interest and safety of the public as
provided in Subsection (b) of this Subdivision.

(d) Any certificate held, owned or obtained by any
air carrier operating under the provisions of this
Act may be sold, assigned, leased, transferred or
inherited; provided, however, that any proposed
sale, lease, assignment or transfer shall be first
presented in writing to the Commission for its ap-
proval or disapproval and after public notice and
public hearing the Commission may disapprove such
proposed sale, assignment, lease or transfer if it is
found and determined by the Commission that such
proposed sale, assignment, lease or transfer is not
in good faith or that the proposed purchaser, assign-
nee, lessee or transferee is not in good faith or that
the proposed sale, assignment, lease or trans-
fer is not in the best public interest. The Commission
in approving or disapproving any sale, assignment,
lease or transfer of any certificate may take into
consideration all the requirements and qualifications
of a regular applicant required in this Act and apply
the same as necessary qualifications of any pro-
posed purchaser, assignee, lessee or transforee.

Every application filed with the Commission for an
order approving the lease, sale or transfer of any
certificate of convenience and necessity shall be
accompanied by a filing fee in an amount equal to
one-half of the application fee required for a certifi-
cate, which fee shall be in addition to any other fees
and taxes and shall be retained by the Commission
whether the lease, sale or transfer of the certificate
is approved or not.

(e) If any air carrier, or other party in interest be
adversely affected by any decision, rate, charge,
order, rule, act or regulation adopted by the Com-
mission, that party, after failing to get relief from
the Commission, may file a petition setting forth its
particular objections to the action of the Commis-
sion in the District Court of Travis County, Texas,
against the Commission as defendant. This action
shall have precedence over all other causes on the
docket of a different nature. In an appeal of a
Commission action other than revocation or suspen-
sion of a certificate, the Commission action shall be
sustained unless there is no substantial evidence to
support it. An appeal of the revocation or suspen-
sion of a certificate shall be tried in the same
manner as appeals from justice court to the county
court. Appeals from any final judgment of the
District Court may be taken by any party to the
cause in the manner provided for in civil actions
generally, but no appeal bond shall be required of
the Commission.

(f) Any officer, agent, servant, or employee of
any corporation and every other person who violates
or fails to comply with or procure, aids or abets in
the violation of any provision of this Act or who
violates or fails to obey, observe or comply with any
lawful order, decision, rule or regulation, direction,
demand or requirement of the Commission shall be
subject to and shall pay a penalty not exceeding
$100 for each and every day of such violation. The
penalty shall be recovered in any court of competent
jurisdiction in the county in which the violation
occurs. Suit for the penalty or penalties shall be
instituted and conducted by the Attorney General of
the State of Texas, or by the county or district
attorney in the county in which the violation
occurs. Upon imposition of any provision of this Act, or
the violation of any rule, regulation, order or decree of the Commis-
sion promulgated under the terms of this Act, any
district court of any county where such violation
occurs shall have the power to restrain and enjoin
the person, firm or corporation so offending from
further violating the provisions of this Act or from
further violating any of the rules, regulations, or-
Art. 46c-6  AERONAUTICS

ders, and decrees of the Commission. Such injunctive relief may be granted upon the application of the Commission, the attorney general, or any district or county attorney or competing air carrier.

No bond shall be required when such injunctive relief is sought upon the application of the Commission, attorney general, or any district or county attorney. Such relief may be granted in suits for penalties as provided in this section, but suit for penalties shall not be a condition precedent to the injunctive relief provided hereby.

(g) No carrier may limit its liability for loss of or damage to freight or baggage unless the carrier files a limiting tariff with the Commission before the claimed loss or damage. The Commission shall establish specific liability limits under its rule-making authority.

Subd. 4. Cooperation with the United States. The Commission shall work with the agencies of the United States in enforcing the statutes, directives, rules and regulations of the United States. It is authorized to report to the appropriate federal agencies and agencies of other states all proceedings instituted charging violations of this Act or of federal statutes. It is authorized to receive reports of penalties and other data from agencies of the United States and other states, and when necessary, to enter into agreements, approved by the Attorney General of Texas as to form, with the United States and the agencies of other states governing the delivery, receipt, exchange and use of reports and data. The commission may make such reports, with or without request therefor, to any officer of the state or of a municipality authorized by the commission or by the United States to enforce the aeronautics laws, but such reports shall not constitute evidence of any violation nor shall the same be received as evidence by any court.

Subd. 5. Aircraft Operation. Aircraft shall be operated in and over the state in a safe manner. Operation shall be deemed safe if conducted in compliance with the United States laws and regulations governing air traffic and aeronautical operation, now in existence or hereafter enacted.

Subd. 6. Airports and Navigation Aids. Gifts, Leases. (a) To develop aeronautics for the common good, benefit, and safety of the citizens of Texas, and to provide for catastrophe, disaster, or state or national emergency, the state, or the Texas Aeronautics Commission on behalf of the state, is granted the right, under its police power, to accept gifts or donations of all or any parts of lands on, adjacent to, or usable as, airports or airstrips, or usable as a navigational aid, in the judgment of the Texas Aeronautics Commission, from the United States or any agency thereof or from any governmental, municipal, or other political subdivision of this state, or from any other person, firm, association, group, or corporation. The same shall be administered by the Texas Aeronautics Commission and shall be and remain under its control and jurisdiction. The Texas Aeronautics Commission is hereby granted the right to utilize such portion of the Texas Aeronautics Commission Fund, or other moneys appropriated to it by the Legislature, to construct improvements, facilities or navigational aids thereon as the commission shall deem advisable or necessary. The commission is granted the right to rent or lease such lands and improvements to any governmental or municipal agency or subdivision, or to any other person, firm, association, group, or corporation, provided any such lease so executed by the commission shall be for a term not to exceed 20 years, and provided further, the Texas Aeronautics Commission shall determine, after investigation, and reduce its findings to writing in a book or books to be maintained in the office of the Texas Aeronautics Commission for that purpose: (1) that the lease is desirable or essential for the purpose above stated; (2) that the lessee is financially responsible; and (3) that the amount of monthly or periodic rental payments shall be sufficient to amortize the amount it has expended thereon for improvements within the term of the lease. Any such lease, before the same shall become effective, shall be submitted to, and approved by, the attorney general as to form. Any such lease shall provide that the lessee shall maintain the land, premises and improvements placed thereon by the Texas Aeronautics Commission in accordance with the standards prescribed by the Texas Aeronautics Commission and shall contain a provision that the lease shall immediately terminate and that the lessee shall surrender the premises to the Texas Aeronautics Commission without liability, and without court action, in the event of violation of any of the provisions of the lease, or any rule, regulation or order of the Texas Aeronautics Commission pertaining thereto, and provided further, the Texas Aeronautics Commission shall have the right to utilize the same or any part thereof, for itself or others, without liability or cost, in time of national or state disaster, emergency, or catastrophe, as determined by either the Governor of Texas or the Texas Aeronautics Commission.

(6) Loans shall be made in lieu of grants whenever feasible under this subdivision, and in particular the Commission shall consider carefully the making of loans in lieu of grants for revenue-producing improvements.

Under a grant contract, prior to payment by the Commission of the final ten percent of its share of project costs, the sponsor shall have enacted an airport hazard zoning ordinance or order under the Airport Zoning Act, as amended (Article 46e-1 et seq., Vernon's Texas Civil Statutes).

(3) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in this Act.

(4) "Political subdivision" means any municipality, city, town, village or county.

(5) "Person" means any individual, firm, copartnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

(6) "Structure" means any object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks, and overhead transmission lines.

(7) "Tree" means any object of natural growth.

(8) "Obstruction" means any structure, growth, or other object, including a mobile object, that exceeds a limiting height established by federal regulations or by a hazard zoning regulation.

(9) "Runway" means a defined area on an airport prepared for landing and taking off of aircraft along its length.

(10) "Compatible land use" means a use of land adjacent to an airport that does not endanger the health, safety, or welfare of the owners, occupants, or users of the land because of levels of noise or vibrations or because of the risk of personal injury or property damage created by the operations of the airport, including the taking off and landing of aircraft.

1 Articles 46e-1 to 46e-15.

Art. 46e-2. Airport Hazards Contrary to Public Interest
It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking-off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared: (a) that the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question; (b) that it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and (c) that this should be accomplished, to the extent legally possible, by exercise of the police power, without compensation. It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 2.]

Art. 46e-3. Power to Adopt Airport Zoning Regulations
(1) In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard area within its territorial limits may adopt, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regula-
tions for such airport hazard area, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate the types of structures permitted and restrict the height to which structures and trees may be erected or allowed to grow so as not to create an obstruction to flight operations or air navigation.

(2) Where an airport is utilized in the interest of the public to the benefit of a political subdivision or where an airport owned or operated by a federal agency of the federal government or the State of Texas is located within the territorial limits of a political subdivision and any airport hazard area or controlled compatible land use area appertaining to such airport is located outside the territorial limits of said political subdivision, the political subdivision gaining the benefits of the airport’s utilization in the public interest or the political subdivision within whose territorial limits the airport owned or operated by a federal agency of the federal government or the State of Texas is situated and the political subdivision in which the airport hazard area or controlled compatible land use area is located may create, by ordinance or resolution duly adopted, a joint airport zoning board, which board shall have the same power as that vested by subsection (1) or (3), as applicable, to adopt, administer, and enforce airport hazard and compatible land use zoning regulations applicable to the airport hazard areas and controlled compatible land use areas in question. Each such joint board shall have as members two (2) representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed. Where an agency of the State of Texas owns and operates under authority of law an airport located within the airport hazard area or controlled compatible land use area governed by a joint zoning board, such agency shall be entitled to have two (2) representatives on such joint zoning board.

Provided, however, where an airport is utilized in the interest of the public to the benefit of any political subdivision having more than 50,000 inhabitants, according to the last preceding Federal Census, and such airport is located within the territorial limits of such political subdivision and any airport hazard or controlled compatible land use area appertaining to such airport is located outside of the territorial limits of said political subdivision receiving the benefits of the airport’s utilization, the political subdivision shall have the same power to adopt, administer, and enforce airport hazard and compatible land use zoning regulations applicable to the airport hazard or controlled compatible land use area in question as that vested by subsections (1) and (3) in the political subdivision within which such area is located. Each hazard or compatible land use zoning regulation shall include a statement that the airport fulfills an essential community purpose.

(3) In this Act, “centerline” means a line extending through the midpoint of each end of a runway; “primary runway” means existing or planned paved runways(s), as shown in the official Airport Layout Plan (ALP), of at least 3,200 feet on which a majority of the approaches to and departures from the airport occur; “instrument runway” means existing or planned runway(s) of at least 3,200 feet for which there is or is planned to be an instrument landing procedure published by a defense agency of the federal government or by the Federal Aviation Administration; and “controlled area” or “controlled compatible land use area” means that land located outside airport boundaries and within a rectangle bounded by lines located no farther than one and one-half (1.5) statute miles from the centerline of an instrument or primary runway and lines located no farther than five (5) statute miles from each end of the paved surface of an instrument or primary runway.

When an airport is utilized in the interest of the public to the benefit of a political subdivision or when an airport owned or operated by a federal agency of the federal government or by the State of Texas is located within the territorial limits of a political subdivision, the political subdivision may adopt, administer and enforce under the police power using the procedures and subject to the conditions prescribed in this Act, airport compatible land use zoning regulations for the portion of the controlled area located within that political subdivision. The political subdivision may also by ordinance or resolution implement federal laws or rules controlling the use of land located adjacent to or in the immediate vicinity of the airport in connection with compatible land use restrictions. The establishment and enforcement of compatible land use restrictions in the controlled area shall be accomplished in the same manner as prescribed in this Act for airport hazard zoning. Each compatible land use regulation shall include a statement that the airport fulfills an essential community purpose.

Art. 46e-4. Relation to Comprehensive Zoning Regulations

(1) Incorporation. In the event that a political subdivision has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof, may be incorporated in and made a part of such comprehensive zoning regulations, and be administered and enforced in connection therewith.

(2) Conflict. In the event of conflict between any airport hazard zoning regulations adopted under this Act and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, or any other matter, and whether such other regulations were
adopted by the political subdivision which adopted the airport zoning regulations or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

(3) Conflict. In the event of a conflict between any airport compatible land use regulation adopted under this Act and any other regulation applicable to the same area, whether the conflict is with respect to the use of land or any other matter and whether the other regulation was adopted by the political subdivision that adopted the airport land use regulation or by some other political subdivision, the airport compatible land use regulation governs.

Art. 46e-5. Procedure for Adoption of Zoning Regulations

(1) Notice and Hearing. No airport zoning regulations shall be adopted, amended, or changed under this Act except by action of the legislative body of the political subdivision in question, or the joint board provided for in Section 2(2), after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen (15) days notice of the hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard area to be zoned.

(2) Airport Zoning Commission. Prior to the initial zoning of any airport hazard or compatible land use area under this Act or the amendment of an existing airport zoning regulation, the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the Airport Zoning Commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report, and the legislative body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of such commission. Where a city plan commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission. At least fifteen (15) days' notice of the hearing shall be published in an official paper or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard or compatible land use area to be zoned.

1 Article 46e-3.

Art. 46e-6. Airport Zoning Requirements

(1) Reasonableness. All airport zoning regulations adopted under this Act shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of this Act. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) Non-conforming Uses and Structures. No airport zoning regulations adopted under this Act shall require changes in land use or the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any non-conforming use, except as provided in Section 7(3). For purposes of this subsection, permitted non-conforming structures include all phases or elements of a multi-phase structure, whether or not actual construction has commenced, which had received a determination of no hazard by the Federal Aviation Administration under Part 77 of the Federal Aviation Regulation (14 Code of Federal Regulations, Part 77) before the airport zoning regulations were adopted or amended under this Act.

1 Article 46e-7(3).

Art. 46e-7. Permits and Variances

(1) Permits. Any airport zoning regulations adopted under this Act may require that a permit be obtained before any new structure or use may be constructed or established and before any existing use or structure may be substantially altered or repaired. In any event, however, all such regulations shall provide that before any non-conforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations, authorizing such replacement, change or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming structure or tree or non-conforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made. Except as provided herein, all applications for permits shall be granted.

(2) Variances. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use
his property in violation of airport zoning regulations adopted under this Act, may apply to the Board of Adjustment for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of regulations and this Act; provided, that any variance may be allowed subject to any reasonable conditions that the Board of Adjustment may deem necessary to effectuate the purposes of this Act.

(3) Hazard Marking and Lighting. In granting any permit or variance under this Section, the administrative agency or Board of Adjustment may, if it deems such action advisable to effectuate the purposes of this Act and reasonable in the circumstances, condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 7.]

Art. 46e-8. Appeals

(1) Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under this Act, or any governing body of a political subdivision, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning regulations of concern to such governing body or board, may appeal to the Board of Adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

(2) All appeals taken under this Section must be taken within a reasonable time, as provided by the rules of the Board, by filing with the agency from which the appeal is taken and with the Board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

(3) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certified to the Board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the Board on notice to the agency from which the appeal is taken and on due cause shown.

(4) The Board shall fix a reasonable time for the hearing of appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(5) The Board may, in conformity with the provisions of this Act, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as shall appear to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 8.]

Art. 46e-9. Administration of Airport Zoning Regulations

All airport zoning regulations adopted under this Act shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official board, or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision, but in no case shall administrative agency be or include any member of the Board of Adjustment. The duties of any administrative agency designated pursuant to this Act shall include that of hearing and deciding all permits under Section 7(1), but such agency shall not have or exercise any of the powers herein delegated to the Board of Adjustment.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 9.]

1 Article 46e-7.

Art. 46e-10. Board of Adjustment

(1) All airport zoning regulations adopted under this Act shall provide for a Board of Adjustment to have and exercise the following powers:

(a) To hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations as provided in Section 8.3

(b) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such Board may be required to pass under such regulations.

(c) To hear and decide specific variances under Section 7(2).2

(2) Where a zoning board of appeals or adjustment already exists, it may be appointed as the Board of Adjustment. Otherwise, the Board of Adjustment shall consist of five (5) members, each to be appointed for a term of two (2) years and removable for cause by the appointment authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.
Art. 46e-10

(3) The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the administrative agent, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

(4) The Board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine. The Chairman, or in his absence the acting Chairman, may administer oaths and compel the attendance of witnesses. All hearings of the Board shall be public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the Board and shall be a public record.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 10.]
A rticle 46e-8.

Art. 46e-11. Judicial Review

(1) Any person aggrieved, or taxpayer affected, by any decision of a Board of Adjustment, or any governing body of a political subdivision, or any joint airport zoning board which is of the opinion that a decision of a Board of Adjustment is illegal, may present to a Court a writ of certiorari directed to the Board of Adjustment to review such decision of the Board. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the Court may, on application, on notice to the Board and on due cause shown, grant a restraining order.

(2) Upon presentation of such petition the Court may allow a writ of certiorari directed to the Board of Adjustment to review such decision of the Board. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the Court may, on application, on notice to the Board and on due cause shown, grant a restraining order.

(3) The Board of Adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(4) The Court shall have exclusive jurisdiction to affirm, modify, or set aside the decision brought up for review, in whole or in part, and if need be, to order further proceedings by the Board of Adjustment. In all appeals taken under this Act such case shall be tried and determined de novo on the basis of the facts adduced in the trial of the case in the Court, and the Court independently shall pass upon both the law and the facts as in an ordinary civil suit.

(5) Costs shall not be allowed against the Board of Adjustment unless it appears to the Court that it acted with gross negligence, in bad faith, or with malice, in making the decision appealed from.

(6) In any case in which airport zoning regulations adopted under this Act, although generally reasonable, are held by a Court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the Constitution of this State or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 11.]

Art. 46e-12. Enforcement and Remedies

In addition, the political subdivision or agency adopting zoning regulations under this Act may institute in any Court of competent jurisdiction, an action to prevent, restrain, correct or abate any violation of this Act, or of airport zoning regulations adopted under this Act, or of any order or ruling made in connection with their administration or enforcement, and the Court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of this Act and of the regulations adopted and orders and rulings made pursuant thereto, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the Constitution of this State or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures and parcels of land.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 12.]

Art. 46e-13. Acquisition of Air Rights

In any case in which: (1) it is desired to remove, lower, or otherwise terminate a non-conforming structure or use; or (2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under this Act; or (3) it appears advisable that the necessary approach protection be provided by acquisition of property rights, rather than by airport zoning regulations, the political subdivision within which the property or non-conforming use is located or the political subdivision owning the airport or served by it may acquire from any person or political subdivision of this State by purchase, grant, or condemnation in the manner provided by Title 52 of the Revised Civil Statutes of Texas, 1955, Articles 3264 to 3271, inclusive, and Acts amendatory thereof or supplementary thereto, such air right, avigation easement, or other estate or interest in the property or non-conforming structure or use in question as may be necessary to effectuate the purpose of this Act.

Art. 46e-14. Severability

If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

[Acts 1947, 50th Leg., p. 784, ch. 391, § 14.]

Art. 46e-15. Short Title

This Act shall be known and may be cited as the “Airport Zoning Act.”

Art. 46i-4. Application for Permit

(a) A person who plans to construct, position, erect, or replace a structure or increase the height of an existing mobile or permanent structure must apply to the commission for a permit before beginning the construction, positioning, erection, placement, or alteration if the structure as planned:

(1) will exceed 200 feet in height above ground level at its site;

(2) will penetrate an imaginary surface extending upward and outward from the nearest point of the paved runway at a slope of 100 horizontal feet to one vertical foot for a distance of 20,000 horizontal feet; or

(3) would be used as a traverse way for mobile objects of a height that would exceed a standard of 17 feet for paved runways; 15 feet for all other public roadways; 10 feet or the height of the highest mobile object that would normally use the road, whichever is greater, for a private road; 23 feet for a railroad; and for a waterway or any other traverse way, an amount equal to the height of the highest mobile object that would normally traverse it.

(b) Each permit application filed with the commission must be accompanied by a filing fee of $200 to be retained by the commission to defray administrative expenses. Funds remaining after payment of administrative expenses shall be deposited in the aviation trust fund.

(c) The permit application must contain:

(1) a detailed description and accurate drawing to scale of the proposed structure or alteration;

(2) the proposed location of the structure by county and geographical coordinates in degrees, minutes, and seconds as accurately located by a United States Geological Survey 7.5 Minute Quadrangle Map or its equivalent;

(3) the height of the structure above ground level at the site and above mean sea level;

(4) the name, business address, and telephone number of the applicant, including the names and telephone number of any persons who have an interest in the property.

The Texas Aeronautics Commission shall administer the fund and may accept donations and contributions for deposit in the fund from private sources and entities. The commission may use the aviation trust fund in the performance of its functions related to aviation safety, including but not limited to the prevention of obstructions to flight.

(5) the estimated date of completion of the structure.

Section 3 of the 1983 Act provides:

"A person is not required to obtain a permit under Section 1 of this Act until September 1, 1984."

Art. 46i-5. Commission Determination

(a) Not later than the 60th day after the application is accepted for filing, the commission shall grant or deny a permit. A political subdivision that owns an airport, the private owner of an airport, or both, if appropriate, and the operator of a military airport that would be affected by a structure for which a permit is required shall be notified of the filing of a permit application and may submit information and participate as a party throughout the permitting process. The commission may accept information from other persons it considers to have a sufficient interest in the application. In determining whether to grant or deny a permit, the commission shall consider:

(1) the height of the existing terrain and structures in the area that might shield the proposed construction or alteration in such a way that the structure would not be an obstruction to air navigation;

(2) the character of flying operations and existing or planned airports in the area;

(3) whether the proposed construction or alteration would cause an increase in the minimum clearance altitude of an established airway or airport maneuvering area or would cause an increase to instrument approach and landing minimums at an airport;

(4) public and private interests and investments in both the proposed structure and in the airport or airway that might be affected by the structure;

(5) the safety of persons on the ground and in the air; and

(6) any other relevant factors.

(b) A presumption that a proposed structure will create an obstruction to airport use arises if the structure:

(1) will exceed a height of 500 feet above ground level at the site of the object;

(2) will be 200 feet above ground level or above the established airport elevation, whichever is higher, within three nautical miles of the established reference point of an airport with a paved runway or within three nautical miles of an airport approach fix, and that height increases in the proportion of 100 feet for each additional nautical mile of distance from the airport or approach fix up to a maximum height of 500 feet;

(3) will be within a federally designated terminal control area or a terminal object clearance area, including an initial approach segment, a departure area, and a circling approach area, that would require an increase in the minimum obstacle clearance altitude for an approach to or the instrument landing minimums for any area airport;

(4) would increase the minimum obstacle clearance altitude within an en route obstacle clearance area, including turn and termination areas, or of a federal airway or approved off-airway route; or

(5) would penetrate the takeoff and landing area of an airport or any imaginary surface established under Federal Aviation Regulation Part 77, Sections 77.25, 77.28, and 77.29.

(c) A mobile object that operates under the control of an airport control tower, under the permission of the airport sponsor, or outside the takeoff or landing area clear zones, for a period not to exceed 60 days, is not an obstruction.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 46i-6. Exemptions

This Act does not apply to:

(1) a tower or other structure for which a Federal Communications Commission construction permit, license, or authorization is required;

(2) a structure that before September 1, 1984, received a determination of no hazard by the Federal Aviation Administration under Part 77 of the Federal Aviation Regulations, as amended (14 Code of Federal Regulations, Part 77);

(3) a structure located within the boundaries of a municipality, city, town, village, or county that has enacted airport zoning or other ordinances regulating obstructions to airport use in any part of the municipality, city, town, village, or county before the beginning of construction, positioning, erection, placement, or alteration of the structure;

(4) a structure located on an airport with the airport owner's written consent;

(5) a structure the construction of which was commenced before September 1, 1984; or

(6) a structure within or beneath the terminal control area of an airport that is located in more than one county and is operated by a board composed of city officials of two or more cities.

[Acts 1983, 68th Leg., p. 4015, ch. 626, § 1, eff. Sept. 1, 1983.]

Art. 46i-7. Permits

If the commission determines that the public interest will be served and that the proposed construction or alteration will not be an obstruction to air navigation, the commission shall grant a permit for the proposed construction or alteration. In granting a permit, the commission may require lighting
Art. 46i-9. Rulemaking Authority; Forms

(a) The commission shall adopt rules for the administration and enforcement of this Act.

(b) The commission shall prescribe and furnish the forms necessary for the administration of this Act.

Art. 135b-6. Structural Pest Control Act

Citation of Act

Sec. 1. This Act may be cited as the Texas Structural Pest Control Act.

Definitions

Sec. 2. (a) For purposes of this Act a person shall be deemed to be engaged in the business of structural pest control if he engages in, offers to engage in, advertises for, solicits, or performs any of the following services for compensation:

1. identifying infestations or making inspections for the purpose of identifying or attempting to identify infestations of:

   (A) arthropods (insects, spiders, mites, ticks, and related pests), wood-infesting organisms, rodents, weeds, nuisance birds, and any other obnoxious or undesirable animals which may infest households, railroad cars, ships, docks, trucks, airplanes, or other structures, or the contents thereof, or

   (B) pests or diseases of trees, shrubs, or other plantings in a park or adjacent to a residence, business establishment, industrial plant, institutional building, or street;

2. making inspection reports, recommendations, estimates, or bids, whether oral or written, with respect to such infestations; or

3. making contracts, or submitting bids for, or performing services designed to prevent, control, or eliminate such infestations by the use of insecticides, pesticides, rodenticides, fumigants, or allied chemicals or substances or mechanical devices.

(b) As used in this Act:

(1) “Person” means an individual, firm, partnership, corporation, association, or other organization, or any combination thereof, or any type of business entity.

(2) “Restricted-use pesticide” means a pesticide classified for restricted or limited use by the administrator of the federal Environmental Protection Agency.

(3) “State-limited-use pesticide” means a pesticide classified for restricted or limited use by the state commissioner of agriculture.

(4) “Certified applicator” means an individual who has been licensed and determined by the board to be competent to use or supervise the use of any restricted-use and state-limited-use pesticide covered by his currently valid certified applicator license.

(5) “Direct supervision” means that, in the application of a pesticide, the application is made by an individual acting under the instructions and control of a certified applicator responsible for the actions of that individual and available if and when needed for consultation or assistance although the certified applicator need not be physically present at the time and place of the pesticide application.

(6) “Branch office” means any place of business other than the primary office that has at least one employee during normal business hours who is capable of answering customers’ normal questions, scheduling normal inspections or work, or performing structural pest control functions; provided, however, that a facility serving solely as a telephone answering service shall not be a branch office.

(7) “Structural Pest Control Business. License” means that license issued to a person entitled that person and his employees to engage in the business of structural pest control under the direct supervision of a certified applicator.

(8) “Device” means an instrument or contrivance, except a firearm, that is designed for trapping, destroying, repelling, or mitigating the effects of a pest or another form of plant or animal life, other than human beings or bacteria, viruses, or other microorganisms that live on or in human beings or animals. The term does not include any equipment used for the application of pesticides if the equip-
The executive director shall receive a salary as incurred in carrying on the work of the board. Entitled to reimbursement for actual expenses incurred in attending meetings of the board who are not members of the board. The appointments to the board shall be made by the Commissioner of Agriculture, the Commissioner of Health, and the chairman of the Senate for staggered terms of two years. The board shall be composed of nine members, six of whom shall be appointed. Four of the appointed members must be persons who have been engaged in the business of structural pest control for at least five years. No two members shall be representatives of the same business entity. Two members must be representatives of the general public who are not licensed under this Act. These appointments to the board shall be made by the Governor with the advice and consent of the Senate for staggered terms of two years. Appointments to the board shall be without regard to the race, creed, sex, religion, or national origin of the appointees. The failure of an appointed member of the board to attend at least one-half of the regularly scheduled meetings held by the board each year automatically removes the member from the board and creates a vacancy on the board. In addition to the appointed members, the board shall also consist of the Commissioner of Agriculture, the Commissioner of Health, and the chairman of the Department of Entomology at Texas A & M University, or their designated representatives.

(b) The board shall elect a chairman from its appointed members and shall adopt bylaws governing the conduct of the board's affairs.

c) Members serve without compensation but are entitled to reimbursement for actual expenses incurred in carrying on the work of the board.

(d) The board shall appoint an executive director who shall administer the provisions of this Act and the rules and regulations promulgated by the board. The executive director shall receive a salary as determined by the board which shall be paid from funds available to the board. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), may not act as the general counsel to the board or serve as a member of the board.

(e) The Texas Structural Pest Control Board is subject to the Texas Sunset Act (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1991.

(f) A member of the board or an employee of the board who carries out the functions of the board may not:

1. be an executive officer, employee, or paid consultant of a trade association in the structural pest control industry;
2. be related within the second degree by affinity or within the third degree by consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the structural pest control industry; or
3. communicate directly or indirectly with a party or the party's representative to a proceeding pending before the board unless notice and an opportunity to participate are given to all parties to the proceeding, if the member or employee is assigned to make a decision, a finding of fact, or a conclusion of law in the proceeding.

(g) A member of the board, except those members who are duly licensed structural pest control operators, may not have personally, nor be related to persons within the second degree by affinity or third degree by consanguinity who have, except as consumers, financial interests in structural pest control businesses as officers, directors, partners, owners, employees, attorneys, or paid consultants of the structural pest control business or otherwise.

(h) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-13, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Sec. 4. (a) The board shall develop standards and criteria for licensing individuals engaged in the business of structural pest control. The board may require individuals to pass an examination demonstrating their competence in the field in order to qualify for a Certified Applicator's License. Persons engaged in the business of structural pest control must possess a Structural Pest Control Business License for each place of said business, including each branch office. Each structural pest control business licensee shall have in his employment at all times a certified applicator.

(b) The board shall promulgate rules and regulations governing the methods and practices of structural pest control when it determines that the pub-
lic's health and welfare necessitates such regulations in order to prevent adverse effects on human life and the environment. The rules and regulations relating to the use of economic poisons shall comply with applicable standards of the federal government and the state commissioner of agriculture governing the use of such substances.

(d) The board may waive all or part of any examination requirement on a reciprocal basis with any other state or federal agency which has substantially the same standards as those prescribed by the board.

(e) The board shall coordinate its computer, administrative, and licensing functions with the Department of Agriculture if the board determines that the coordination would result in the more practical and efficient performance of those functions.

(f) The board may not promulgate rules restricting advertising or competitive bidding by licensees except to prohibit false, deceptive, or misleading practices by the licensees.

(g) If a written complaint is filed with the board relating to a licensee under this Act, the board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally resolved or until litigation has been initiated. All records of complaints shall be filed in the offices of the board.

(h) The board must within 31 days from the date of filing of the complaint determine whether a hearing shall be held on such complaint or whether such complaint shall be dismissed and shall notify both the person who filed the complaint and the person against whom the complaint has been filed of the board's decision.

(i) If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as amended (Article 6252–13a, Vernon’s Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees' statements.

(j) In each written contract in which a licensee under this Act agrees to perform structural pest control services in this state, the licensee shall include the mailing address and telephone number of the board and a statement that the board has jurisdiction over individuals licensed under this Act.

(k) The board shall establish a public information program for the purpose of informing the public about the practice and regulation of structural pest control in this state. As part of the program, the board shall prescribe and distribute in a manner that it considers appropriate a standard complaint form and shall make available to the general public and other appropriate state agencies the information compiled as part of the program. The program shall inform prospective applicants for licensing under this Act about the qualifications and requirements for licensing.

Prohibited Acts; Work on Own or Employer's Premises

Sec. 5. (a) No person, except an individual under the direct supervision of a certified applicator, may engage in the business of structural pest control after the effective date of this Act unless he meets the standards set by the board and possesses a valid Structural Pest Control Business License issued by the board.

(b) A person without a license may, on his own premises or on the premises of an employer by whom he was hired primarily to perform other services, use insecticides, pesticides, rodenticides, fumigants, or allied chemicals or substances or mechanical devices designed to prevent, control, or eliminate pest infestations unless that use is prohibited by rule of the United States Environmental Protection Agency or unless the substance used is labeled as a restricted-use pesticide or a state-limited-use pesticide.

Application Forms; List of Study Materials and Seminars; Expiration and Renewal of Licenses; Non-transferability; Arrest and Conviction Records

Sec. 6. (a) All applications for licenses shall be made on forms prescribed and provided by the board, and each applicant shall furnish such information as the board may require for its determination of the applicant's qualifications. The board shall make public a list of study materials and educational seminars that are available to help applicants successfully complete any examination administered under this Act.

(b) All licenses issued by the board before 1981 shall expire on March 1 of each calendar year. Licenses issued by the board during or after 1981 expire on December 31 of each year or on various dates of the year as the board may determine as part of a staggered license renewal system. The board may issue a license for a period of less than one year if necessary to conform the license to a renewal system authorized by this subsection. If the board issues a license for a period of less than one year, the board shall prorate the fee for the license on a monthly basis. A person may renew a license by submitting an application to the board and paying the required renewal fees.

(c) A license issued by the board is not transferable.

(d) The Department of Public Safety shall, upon request, supply the board arrest and conviction records of individuals applying for or holding Structural Pest Control Business Licenses or Certified Applicator's Licenses.

Fees, New Developments; Proof of Study

Sec. 7. (a) An applicant for an initial or renewal Structural Pest Control Endorsement of License, Business License, or a Certified Applicator's License shall accompany his application with a fee of not more than $112.50 each, as determined by the board, and a fee of not more than $30, as determined by the board, for each employee of the applicant who is engaged in structural pest control services.

(b) A licensee whose license has been lost or destroyed or whose name has been changed shall be issued a replacement license after application therefore and the payment of a fee set by the board not to exceed $30.

(c) The board may retroactively grant a Structural Pest Control Business License or a Certified Applicator's License to the applicant for a renewal license if such applicant pays a late renewal fee of $37.50 and if his application is filed with the board not more than 30 days after the expiration of his license. If such application is received between 30 and 60 days after the expiration of the applicant's license, the board may retroactively grant the renewal license when said application is accompanied by a renewal fee of $75. An applicant who applies for a renewal license more than 60 days after the expiration of his license must be reexamined by the board to obtain a license.

(d) Each time an applicant takes a test for a license, he shall pay the board a testing fee of not more than $37.50, as determined by the board, for each test taken.

(e) If the board determines that new developments in pest control have occurred that are so significant that their proper knowledge is necessary to protect the public, the board may require proof of study either by attendance of approved training courses or by taking additional examinations on the new developments only.

Security Insurance

Sec. 7A. (a) The board may not issue or renew a Structural Pest Control Business License until the applicant:

1. files with the board a policy or contract of insurance, approved as sufficient by the board, in an amount of not less than $25,000 in bodily injury coverage and $5,000 in property damage coverage insuring him against liability for damages to persons or property occurring as a result of operations performed in the course of the business of structural pest control to premises or any other property under his care, custody, or control; or

2. files with the board a certificate or other evidence from an insurance company, in the case of an applicant who has an unexpired and uncancelled insurance policy or contract on file with the board, stating that the policy or contract insures the applicant against liability for acts and damage as described in Subdivision (1) of this subsection and that the amount of insurance coverage is not less than $25,000 in bodily injury coverage and $5,000 in property damage coverage.

(b) The policy or contract shall be maintained at all times in an amount not less than $25,000 in bodily injury coverage and $5,000 in property damage coverage. Failure to renew the policy or contract or maintain it in the required amount is a ground for suspension or revocation of a Structural Pest Control Business License.

(c) The board by rule may require different amounts of insurance coverage for different classifications of operations under this Act.

Records by Licensee

Sec. 7B. The board may require each licensee to make records, as prescribed by the board, of his use of pesticides. Records required shall be maintained for at least two years on business premises of the licensee and shall be made available for inspection by the board and by its authorized agents during normal business hours.

Disposition of Fees; Report; Audit

Sec. 8. (a) The proceeds from the collection of the fees provided in this Act shall be deposited in a special fund in the State Treasury to be known as the Structural Pest Control Fund, and shall be used for the administration and enforcement of the provisions of this Act. Any balance in the special fund at the end of each State fiscal biennium in excess of appropriations out of that fund for the succeeding biennium shall be transferred to the general revenue fund.

(b) Before September 1 of each year, the board shall file a written report with the legislature and the governor in which the board accounts for all funds received and disbursed by the board during the preceding year.

(c) The state auditor shall audit the financial transactions of the board during each fiscal year.

License Suspension, Revocation and Refusal; Appeal

Sec. 9. (a) The board, after notice and a hearing, may suspend or revoke a license, refuse to examine an applicant, refuse to issue a license, or refuse to renew a license when it finds that the applicant or licensee has substantially failed to comply with the standards and rules and regulations established by the board.

(b) An applicant or licensee may appeal from an order or other action of the board by an action in the district court of Travis County. Notice of appeal must be filed within 30 days of issuance of the order by the board. The hearing in district court shall be governed by the substantial evidence rule.
Art. 135b-6  AGRICULTURE AND HORTICULTURE

Civil Penalties and Injunctive Relief

Sec. 10. (a) A person who violates any provision of this chapter or any rule, regulation, permit, or other order of the board is subject to a civil penalty of not less than $50 nor more than $1,000 for each act of violation and for each day of violation to be recovered as provided in this chapter. Whenever it appears that a person has violated or is threatening to violate any provision of this chapter, or any rule, regulation, license, or other order of the board, then the board, or the executive director when authorized by the board, may have a civil suit instituted in a district court for injunctive relief to restrain the person from continuing the violation or threat of violation, or for the assessment and recovery of a civil penalty of not less than $50 nor more than $1,000 for each act of violation and for each day of violation, or for both injunctive relief and civil penalty.

(b) Upon application for injunctive relief and a finding that a person is violating or threatening to violate any provision of this chapter or any rule, regulation, license, or other order of the board, the district court shall grant the injunctive relief the facts may warrant.

(c) At the request of the board, or the executive director when authorized by the board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty or for both injunctive relief and penalty, as authorized in Subsection (a) of this section.

Criminal Offenses

Sec. 10A. (a) A person commits an offense if he:

(1) violates any section of this Act;

(2) violates regulations adopted under Section 4 of this Act; or

(3) intentionally makes a false statement in an application for a license or otherwise fraudulently obtains or attempts to obtain a license.

(b) Each day of violation is a separate offense.

(c) An offense under this section is a Class C misdemeanor unless the person has been convicted previously of an offense under this section, in which event the offense is a Class B misdemeanor.

Exceptions

Sec. 11. The provisions of this Act shall not apply to nor shall the following persons be deemed to be engaging in the business of structural pest control:

(1) an officer or employee of a governmental or educational agency who performs pest control services as part of his duties of employment;

(2) a person who performs pest control work upon property which he owns, leases, or rents as his dwelling;

(3) a nurseryman, holding a certificate from the commissioner of agriculture pursuant to Articles 126 and 126a, Revised Civil Statutes of Texas, 1925, as amended, when doing pest control work on growing plants, trees, shrubs, grass, or other horticultural plants; and

(4) a person or his employee who is engaged in the business of agriculture or aerial application or custom application of pesticides to agricultural lands.

Board as Sole Licensing Authority

Sec. 11A. The Texas Structural Pest Control Board is the sole authority in this state for licensing persons engaged in the business of structural pest control.

Continuation Under Federal Law

Sec. 11B. The Texas Structural Pest Control Act, as amended (Article 135b-6, Vernon's Texas Civil Statutes), is to be continued in effect as approved and required under the United States Environmental Protection Agency Public Law # 92-516 (Federal Insecticide, Fungicide, and Rodenticide Act of October 21, 1972, and subsequently amended).

1 U.S.C.A. § 120 et seq.

Severability

Sec. 12. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Acts 1977, 65th Leg., ch. 590, amending § 5 of this article, provides in § 2 as follows:

Legislative Policy

Sec. 1. It is hereby declared to be the policy of the Legislature of Texas to provide for the general welfare in an emergency hereby declared to exist by cooperating with the Federal Government in making effective the provisions of the National Agricultural Adjustment Act 1 and the National Industrial Recovery Act 2 within this State with reference to producers and distributors of milk and milk products to the end that disorganization of the dairy industry may be corrected and the value of this specialized agr-
Art. 165-2  AGRICULTURE AND HORTICULTURE

(1) The term "Board" when used in this Act shall mean the local Milk Industry Board of the county or counties concerned.

(2) The term "members" when used in this Act shall mean the members of the Milk Industry Board.

(3) The term "milk shed" shall include all producers and producer operators who now hold permits from the Health Department to sell milk in any area or areas affected by this Act.

(4) The term "production area" means that area defined by the Milk Industry Board.

Sec. 3. Any representative group engaged in the milk industry, in any county having a population not less than two hundred and ninety thousand (290,000) and not more than three hundred thousand (300,000) and in any county having a population of not less than forty-two thousand (42,138) and not more than forty-two thousand one hundred twenty-eight (42,128) and not more than forty-two thousand one hundred twenty-eight (42,128) at such time, may submit to the Board hereinafter authorized a code or agreement of fair competition and trade practices. In each county of the above mentioned class, a local Milk Industry Board of five members shall be elected, as follows: Two (2) members shall be elected by the other four members; two (2) by the contracting distributors; and the fifth member, to represent the consumers, shall be elected by the other four (4). Such fifth member shall be a resident of the sales area and shall have no connection, financially or otherwise, with the distribution of milk or products derived therefrom. The fifth member shall be designated by the Commissioner in the event such member is not elected within five (5) days of the effective date of this agreement by the four (4) members as above provided.

Members representing the contracting producers and contracting distributors, respectively, shall be...
elected by the respective parties in a manner to be determined by themselves, provided that a vote of producers representing not less than seventy per cent (70%) of the total volume of milk produced in the production area, for distribution as fluid milk during the calendar month next preceding such election which percentage of distribution shall include ten per cent (10%) of the distributors by number, respectively, shall be necessary for such election. Upon election the names of all the members shall be certified by the party or parties conducting such election to the Commissioner for his approval. The Commissioner may require that such certification include a statement of the manner and vote by which the respective members were elected and the percentage of the total production or sales of fluid milk within the area represented by such vote. Members whose names have been certified to the Commissioner and approved by him shall enter upon the discharge of their duties. The certificate of the Commissioner approving such member shall be prima facie evidence that such member has been elected by the required number and percentage of the total volume of milk of the group from which he was elected. If the Commissioner shall not approve a member, there shall be a vacancy on the Milk Industry Board. Any member may be removed with or without cause, by vote of all producers or distributors, as the case may be, representing a volume of milk equal to at least three-fourths (75%) of the volume of milk by number by which he was originally elected. Any vacancies on the Milk Board shall be filled in the same manner and by the same parties as provided for the original election.

The Milk Industry Board shall be organized by the members by the selection of a chairman, vice-chairman, who shall be members, and a secretary-treasurer who may or may not be a member. The Milk Industry Board shall employ such agents, assistants and clerks as may be necessary to perform its duties. All officers and employees of the Milk Industry Board who handle funds of the Milk Industry Board or who sign or countersign checks upon such funds shall severally give bonds in such amounts and with such sureties as shall be determined by the Milk Industry Board. The cost of such bonds shall be paid by the Milk Board.

The members shall serve without compensation, but shall be entitled to reimbursement for the expenses incurred in the performance of their duties.

Sec. 2. Said Board shall then provide for due notice to the parties interested and for a hearing on the proposed code and/or agreement. Said Board shall make such changes and modifications, if any, in such proposed code as in its discretion will tend to effectuate the policies herein declared. Any proposed code and/or agreement that receives the approval on matters affecting the distributors of ten per cent (10%) of their number and sixty per cent (60%) of their volume sold in the milk shed or trade territory affected, and affecting producers of fifty-one per cent (51%) of their volume sold in the milk shed affected, shall become a duly constituted code upon receiving the approval of the Board. The Board shall not approve a code or an agreement unless said code contains ample protection for consumers, competitors and tends to effectuate the policies herein declared. Every distributor and every processor and every retail outlet for milk or milk products, as defined in this Act, shall apply to the Board for a certificate of authority following the approval of a code and/or agreement to engage in such milk industry in the territory affected, and no distributor or processor or retail outlet after the effective date of said code, codes or agreements shall engage in or carry on any milk industry in any area where such code, codes or agreements are in effect without the authority of the Milk Board. Any person required to procure a certificate of authority shall pay to the Board a fee of one dollar ($1.00) for each certificate issued, said certificate to be valid for a period of one year from date issued, unless revoked sooner as herein provided.

Violation of Code as Unfair Competition

Sec. 4. After the Board shall have approved such code, codes, or agreements, the provisions thereof shall be the standard of fair competition for such milk industry within the area defined in such code, codes or agreements, and any violations of such standards in any transaction in or affecting the milk industry in such area shall be deemed to be an unfair method of competition within the meaning of this Act.

District Court to Restrain Violations of Code

Sec. 5. Any District Court in the State of Texas having jurisdiction over the territory or any portion thereof where such code, codes or agreements are made effective is hereby invested with jurisdiction, and it is hereby made the duty of said Courts to prevent and restrain violations of any such code, codes or agreements of fair competition approved under this Act, and it shall not be necessary in such suit for the plaintiff to allege and prove that such plaintiff will suffer irreparable injury, or any damage; nor that it does not have an adequate and complete remedy at law. It shall be the duty of the several District Attorneys authorized to act in said localities to institute, under the direction of the Board, proceedings in equity to restrain such violations.

Amendment of Code or Agreement

Sec. 6. Any code, codes or agreements approved by the Board under the authority of this Act may be amended, changed, enlarged, modified or suspended upon the Board's own motion and upon the approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected and upon the approval on matters affecting production of fifty-one per cent (51%) of
the producers affected and seventy per cent (70%) of the volume affected, or upon the application and approval on matters affecting distribution of ten per cent (10%) of the distributors affected in numbers and sixty per cent (60%) of the volume of the distributors affected, and on matters affecting production of fifty-one per cent (51%) of the producers affected and seventy per cent (70%) of the volume affected. The Board must provide for due notice and public hearing of contemplated changes.

Revocation of Certificate of Authority
Sec. 7. (a) The Board may suspend or revoke such certificate of authority after due notice and opportunity for hearing for violation of the terms and provisions of any code adopted and approved under the authority of this Act.

(b) Any distributor or processor or retail outlet who without such a certificate of authority carries on any transaction in the intrastate handling of milk products for which a certificate of authority is so required shall upon conviction thereof be fined not to exceed Two Hundred Dollars ($200.00) and each day such violation continues shall be deemed a separate offense.

(c) Any officer, agent or servant of any corporation violating any provision of this Title shall be individually and personally subject to the punishment provided for in Section 7, sub-section (b) of this Act whenever any such officer, agent or servant had knowledge of such violation by the corporation at the time same was committed and where it was at the time of such violation within the power of such officer, agent or servant to prevent same.

Code to Provide for Administration Funds
Sec. 8. Any code, codes or agreements authorized hereunder shall provide for and have authority and power to provide for the necessary funds for the administration thereof. These funds shall include a sum not to exceed two (2) cents per one hundred (100) pounds of milk, or its equivalent, which shall, with all other fees for the certificate of authority, filing of codes or agreements, be paid into the Milk Industry Board, to be used for expenses in the administration of their duties. These funds shall be based on the milk sold as fluid milk and shall be paid by distributors for each calendar month within fifteen (15) days following the last of each month, direct to the Milk Industry Board.

Partial Invalidity
Sec. 9. If any section or provision of this Act shall be declared unconstitutional or invalid for any reason, such decision shall not affect any other provision or portion of this Act, and such other provisions shall remain in full force and effect.

Prima Facie Validity of Acts
Sec. 10. All acts of any such Board shall be prima facie valid.

Anti-trust Laws not Affected
Sec. 11. Provided the provisions of this Act shall not alter, repeal, change, modify or anyway change the purpose of the Anti-trust Laws of the State of Texas.¹

In addition, the notice is to be mailed to all persons who have made timely written requests of the agency for advance notice of its specification, rule or regulation making proceedings; provided, however, that failure to mail such notice shall not invalidate any actions taken or specifications, rules or regulations adopted; and

Declaratory Judgment

Sec. 2C. (d) An incorporated city or town may by ordinance allow only pasteurized milk and pasteurized milk products to be sold at retail within the city or town.
Construction as to Resale of Milk in Containers

Sec. 5. Regulation of Grading and Labeling by State Health Officer; Procedure for Review of Grievance

Sec. 6. (a) The State Health Officer is hereby authorized and empowered to supervise and regulate the grading and labeling of milk and milk products in conformity with the standards, specifications and requirements which he promulgates for such grades, and in conformity with the definitions of this Act; and he and his representatives shall have the power to revoke and re-grade permits when upon examination he or his representative shall find that such permit for the use of any grade label does not conform to the specifications or requirements promulgated by him in conformity to this Act.

Ordering Election

Sec. 4. (a) The governing body of a county, justice precinct, or municipality shall order and hold an election under this Act in the appropriate political subdivision if the governing body is presented with a petition for an election that meets the requirements of this Act. A governing body may order and hold an election under this Act on its own motion.

(b) The governing body of a political subdivision may not order an election under this Act for a political subdivision earlier than two years after another election on the same ballot proposition was held for the same political subdivision. If a petition for an election is submitted and it is not possible to order an election under this Act as requested by the petition without violating this subsection, the petition has no legal effect.

Petition

Sec. 5. (a) A petition for a legalization election must have a statement substantially as follows preceding the space reserved for signatures on each page: "This petition is to require that an election be held in (name of political subdivision) to legalize bingo games authorized under the Bingo Enabling Act." (c) Each signer must enter beside his signature the date he signs the petition. A signature may not be counted if the signer fails to do so or if the date of signing is earlier than the 30th day before the date the petition is submitted to the governing body.

(d) In addition to the signature and date of each qualified voter, the following information must also be provided: current voter registration number, printed name, and residence address including zip code.

Verification of Petition

Sec. 6. (a) Not later than the fifth day after the date a petition for election is received in the office of the governing body, the governing body shall submit the petition for verification to the county clerk if the petition is applicable to a county or justice precinct or to the municipal secretary if the petition is applicable to a municipality.

(b) The officer to whom the petition is submitted for verification shall determine whether the petition is signed by the required number of registered voters of the political subdivision for which the election is requested. Not later than the 30th day after the date the petition is submitted to the officer for verification, the officer shall certify in writing to the governing body whether the petition is valid or invalid. If the officer determines that the petition is invalid, he shall state all reasons for that determination.

Date of Election

Sec. 7. (a) If the officer responsible for certifying a petition certifies that a petition is valid, the governing body shall order that an election be held in the appropriate political subdivision on a date not later than the 60th day after the date of the officer's certification and shall notify the comptroller of public accounts by certified mail, return receipt requested, that an election has been ordered.

(b) If no uniform election day as specified in Section 9b, Texas Election Code (Article 2.01b, Vernon's Texas Election Code), occurs within the 60-day period, the election shall be held on the next date specified within that section.

(b) In an election to prohibit bingo games covered by this Act in a political subdivision, the ballot shall be prepared to provide for voting for or against the
Effect of Election

Sec. 9. (a) In a legalization election, if a majority of the qualified voters voting on the question vote in favor of legalization, the holding of bingo games as authorized by this Act is legalized throughout the political subdivision effective the 10th day after the date the result of the election is officially declared, except that the legalization does not apply to any part of the political subdivision for which Section 10 of this Act requires a contrary status.

(b) In a prohibitory election, if a majority of the qualified voters voting on the question vote in favor of prohibition, the holding of bingo games as authorized by this Act is prohibited throughout the political subdivision effective the 10th day after the date the result of the election is officially declared, except that the prohibition does not apply to any part of the political subdivision for which Section 10 of this Act requires a contrary status.

(c) If a majority of the qualified voters voting on the question in a legalization election do not favor legalization, or if a majority of the qualified voters voting on the question in a prohibitory election do not favor prohibition, the election has no effect on the status under this Act of the political subdivision in which the election is held.

(d) The governing body of a political subdivision in which a bingo election has been held shall within 10 days after the election give written notification to the comptroller of public accounts of the results of the election. If a majority of the qualified voters vote to legalize bingo in the political subdivision, the governing body shall furnish the comptroller with a map prepared by the governing body indicating the boundaries of the political subdivision in which the playing of bingo may be conducted.

Determination of Local Option Status

Sec. 10. (a) In determining whether bingo games authorized by this Act are permitted in an area, the rules prescribed by this section apply.

(b) The games are permitted in an area only as the result of a successful legalization election held under this Act.

(c) To the extent that the results of local option elections held by different types of political subdivisions conflict with regard to the same territory, the relative dates of the elections are of no consequence and the following rules apply:

1. The status of an area as determined by a municipal election prevails over a contrary status as determined by a justice precinct or county election; and

2. The status of an area as determined by a justice precinct election prevails over the status of an area as determined by a county election.

(d) To the extent that two or more local option elections held at the justice precinct level apply to the same territory, the most recent election prevails.

(e) If a municipality has established a status under this Act by a municipal election, territory annexed to the municipality after that status is established assumes the status under this Act of the rest of the municipality. Territory detached from such a municipality assumes the status the territory would have had if it had never been a part of the municipality. If the detached territory is added to another municipality that has established a status by a municipal election, the territory assumes the status of the municipality to which it is added.

(f) The addition of territory to or detachment of territory from a justice precinct does not affect the statutes under this Act of the added or detached territory, except in a county with a population of more than two million, according to the most recent federal census, the added or detached territory assumes the status of the justice precinct of which it becomes a part. The abolition of a justice precinct does not affect the status under this Act of the territory formerly within the justice precinct.

Restrictions on Bingo Games

Sec. 11. (a) The conduct of bingo games authorized under this Act is subject to the restrictions prescribed by this section regardless of whether the restrictions are contained in a local ordinance.

(b) A person, other than an authorized commercial lessee or except a person who leases or otherwise makes available a hall or other premises to an organization that has been issued a temporary license, may not lease or otherwise make available for conducting a bingo game subject to this Act a hall or other premises for any consideration, direct or indirect.

(d) The net proceeds of any game of bingo and of any rental of premises for bingo shall be exclusively devoted to the charitable purposes of the organization permitted to conduct the game. The proceeds of any game of bingo or of any rental may not be used to support or oppose a particular candidate or a slate of candidates for public office or in favor of or in opposition to any measure submitted to a vote of the people.

(f) A series of prizes offered or awarded on any one bingo occasion may not aggregate more than $2,500.

If the organization has no business office, the organization is principally located in the county of the principal residence of its chief executive officer.

Sec. 1. In this Act "cruelly treated" means tortured, seriously overworked, unreasonably abandoned, unreasonably deprived of necessary food, care, or shelter, cruelly confined, caused to fight with another animal, or otherwise cruelly treated.

Sec. 2. (a) If a county sheriff, constable, or deputy constable or an officer who has responsibility for animal control in an incorporated city or town has reason to believe that an animal has been or is being cruelly treated, he may apply to a justice court in the county where the animal is located for a warrant to seize the animal. On a showing of probable cause to believe that the animal has been or is being cruelly treated, the court shall issue the warrant and set a time within ten days for a hearing in the court to determine whether the animal has been cruelly treated. The officer executing the warrant shall cause the animal to be impounded and shall give written notice to the owner of the animal of the time and place of the justice court hearing.

(b) If the owner of the animal is found guilty in county court of a violation of Section 42.11, Penal Code, involving the animal, this finding is prima facie evidence at the hearing that the animal has been cruelly treated. Statements of an owner made at a hearing provided for in this Act are not admissible in a trial of the owner for a violation of Section 42.11, Penal Code. After all interested parties have been given an opportunity to present evidence at the hearing, if the court finds that the owner of an animal has cruelly treated the animal, the court shall order a public sale of the animal by auction. If the court does not find that the owner of the animal has cruelly treated the animal, the court shall order the animal returned to the owner.

Sec. 3. (a) Notice of an auction ordered as provided in this Act must be posted on a public bulletin board where other public notices are posted for the city, town, or county. At the auction, a bid by the former owner of the animal or his representative may not be accepted.

(b) Proceeds from the sale of the animal shall be applied first to the expenses incurred in caring for the animal during impoundment and in conducting the auction. The officer conducting the auction shall pay any excess proceeds to the justice court ordering the auction. The court shall cause the excess proceeds to be returned to the former owner of the animal.

(c) If the officer is unable to sell the animal at auction, he may cause the animal to be destroyed or may give the animal to a nonprofit animal shelter, pound, or society for the protection of animals.

Sec. 4. An owner of an animal ordered sold at public auction as provided in this Act may appeal the ruling by giving notice of appeal in justice court within 10 days of the hearing. Appeal is by means of a hearing in county court in the county where the animal was impounded. At the hearing in county court, the court may assess costs of the hearing. During the pendency of an appeal under this section the animal shall not be sold, destroyed, or given away as provided in Sections 2 and 3 of this Act.

Arts. 183 to 185. Repealed by Acts 1975, 64th Leg., p. 197, ch. 77, § 5, eff. Sept. 1, 1975

If any animal so impounded shall continue to be without necessary food and water for more than twelve successive hours it shall be lawful for any person as often as necessary to enter into or upon said pound or corral and supply such animal with necessary food and water; the reasonable cost for such food and water may be collected by him from the owner of such animal which shall not be exempt from levy and sale upon execution issued upon a judgment therefor.

[Acts 1925, S.B. 84.]

If the court shall elect to sell the same, the proceeds shall be turned into the treasury to the credit of the general fund.

2. Art. 195a-8

**APPORTIONMENT**

**ARTICLE III**

Sec. 1. In this Act, the terms "census tract," and "census county division," mean those geographic areas outlined and identified as such on official place, county, and metropolitan map series maps prepared by the United States Department of Commerce Bureau of the Census for the Twenty-fifth Decennial Census of the United States, enumerated as of April 1, 1980. "Census block groups" are subdivisions of census tracts as defined on census metropolitan maps which differentiate block groups by the first digit of the block numbers assigned to city blocks within each tract. "Census block tracts" are subdivisions of "census block groups" as defined on census metropolitan maps.

Sec. 2. It is the intention of the Texas Legislature that, if any county, census tract, block, or other geographic area has erroneously been left out of this Act, any court reviewing this legislation should include that area in the appropriate district as accomplished by the Supreme Court of Texas in Smith v. Patterson, 111 Tex. 535, 242 S.W. 749 (1922).

Sec. 3. This Act takes effect beginning with the election of the 69th Legislature, but it does not affect the membership, personnel, or districts of the 68th Legislature. If a vacancy occurs in the office of any member of the 68th Legislature to which this Act applies, a special election to fill the vacancy is necessary, the election shall be held in the district as it existed on January 1, 1980.

Sec. 5. If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity does not affect the other provisions or applications of this Act that can be given effect without the invalid provision or application. For that purpose, the provisions of this Act are declared to be severable, and it is the intent of the legislature that this Act shall be construed and applied as if any invalid provision had not been included in this Act.

[Acts 1983, 68th Leg., p. 766, ch. 185.]

[Acts 1925, S.B. 84. Amended by Acts 1943, 45th Leg., p. 96, ch. 63, § 1; Acts 1949, 51st Leg., p. 90, ch. 29, § 1.]

37, 45, 57, 73, 131, 144, 150, 166, 175, 186, 187, 224, 225, 226, 227, 285, 288, 290, 299—Bexar

A) The enactment and creation of the district courts of Bexar County, Texas, begins with the enactment of Article 199-37, Revised Statutes, as amended, which sets up a number of courts to transact business in Bexar County on the district court level. However, new courts have been added by omnibus courts bills which do not spell out the powers and organization of such courts which has the effect of creating a conflict in the law with some courts having only general powers and others having specific powers under the laws that enact them. This amendment is for the purpose of making uniform insofar as possible the law relating to the system of district courts in Bexar County.

B) Bexar County shall constitute and include 19 judicial districts. These judicial districts hereby created are the 37th, 45th, 57th, 73rd, 131st, 144th, 150th, 166th, 175th, 186th, 187th, 224th, 225th, 226th, 227th, 285th, 288th, 290th, and the 299th Judicial Districts of Texas. Each of the said 19 district courts shall have and exercise civil and criminal jurisdiction in Bexar County, Texas, and each is a court of general jurisdiction. Said district courts shall have and exercise, in addition to the jurisdiction now conferred or to be conferred by law
on said courts, concurrent jurisdiction coextensive
with the limits of Bexar County, Texas, in all ac-
tions, proceedings, matters, and causes, both civil
and criminal, of which district courts of general
jurisdiction are given jurisdiction by the constitu-
tion and laws of the State of Texas.

(C) All present judges of said courts cited in
Subsection (B) of this article shall continue as
judges of the courts to which offices each has
been elected, and the tenure of office of said judges shall
remain the same as is provided by law.

(D) There shall be two terms of court per year
for courts that the relevant enacting provision did
not require to give preference to criminal cases.
These shall include the 37th, 45th, 57th, 73rd, 131st,
150th, 166th, 224th, 225th, 285th, and 288th District
Courts of Bexar County, Texas. The first term of
such courts shall begin on the first Monday in
January each year and shall continue until and
including Sunday next before the first Monday in
July of each year; the second term shall begin on
the first Monday in July of each year and shall
continue until and including the Sunday before the
first Monday in the following January.

(E) There shall be six terms of court per year
for courts required by law to give preference to
criminal cases. These shall include the 144th, 175th,
186th, 187th, 226th, 227th, 289th, and 290th District
Courts. The first term shall begin the first Monday
in March; one term, the first Monday in May;
one term, the first Monday in July; one term,
the first Monday in September; one term, the first
Monday in November; of each year. Each term is
to be two months and each term shall continue until
the business is disposed of. Each of the courts
named in this paragraph shall give preference to the
trial of criminal matters.

(F) The practice and procedure of said courts
shall be the same as now prescribed by law and in
civil cases or actions as also provided by the Texas
Rules of Civil Procedure applicable to district courts
having successive terms. Since all courts enacted
are courts of general jurisdiction, nothing in this
Act relating to preferences shall prevent any court
from trying any business before the court system of
Bexar County, be it civil or criminal in nature, as
time shall allow.

(G)(1) Docketing Criminal Cases. All indictments
shall be returned to either the 144th, 175th, 186th,
187th, 226th, 227th, 289th, or the 290th District
Court. Each indictment shall be docketed upon
the docket of the district judicial to which it is assigned
for trial by the presiding criminal judge in rotation
in the order in which they are returned or as agreed
to by a majority of judges trying criminal cases.
The presiding criminal judge shall adjust the case
flow so that each district court named above shall
receive as close as possible one-eighth of the indict-
ments for trial. The presiding criminal judge shall
be the judge receiving the bills of indictment for
that term. He shall also handle all preindictment
bond problems and preindictment appointment of
counsel. Any other judge may preside in his ab-
sence or at his request. Such presiding criminal
judge shall from time to time as occasion may
require adjust the business and dockets of the crim-
nal courts and transfer or cause to be transferred
causes from any of the courts to any other of
the courts in order that the business of the courts be
continually equalized and distributed among them to
the end that each judge will at all times be provided
with cases or proceedings to try or otherwise con-
sider. The presiding criminal judge shall be select-
ed by a vote of a majority of the judges giving
preference to criminal cases to serve for such time
as such judges shall direct.

(2) Docketing Civil Cases. The district clerk shall
docket successively on the dockets of the district
courts of the 37th, 45th, 57th, 73rd, 131st, 150th,
166th, 224th, 225th, 285th, and 288th judicial dis-
tricts all civil cases, actions, causes, petitions, appli-
cations, or other proceedings so that the first case
or proceeding filed on or after the effective date of
this Act shall be docketed in the 37th Judicial Dis-
trict, the second in the 45th Judicial District, the
third in the 73rd Judicial District, and proceeding
on through the list of courts by number in order of the
courts listed above docketing civil proceedings and
causes; and when each court has been assigned one
case, the process is to be repeated in serial order in
this manner all cases or proceedings filed to be
docketed in and divided equally among all of these
courts, one-eleventh in each court.

(H) The district judges of Bexar County shall on
or before the first day of January and the first day
of July of each year or at such other times as may
determine by a majority of the district judges
elect one of the district judges to serve as the
Presiding Civil Judge of Bexar County District
Courts for a period of time to be set by the judges.
The presiding civil judge shall from time to time as
occasion may require adjust the business and dock-
ets of the courts and transfer or cause to be trans-
ferred causes from any of the courts to any other of
the courts in order that the business of the courts
will be continually equalized and distributed among
them to the end that each judge will at all times be
provided with cases or proceedings to try or other-
wise consider. Such presiding civil judge shall see
that the trial of a case will not be delayed because
of the disqualification of the judge in whose court it
is pending. When a case is transferred, proper
orders shall be entered upon the minutes of the
court as evidence of the transfer. Each judge shall
sign the minutes of each term of his court within 30
days after the end of the term and shall also sign
the minutes at the end of each volume of the
minutes, and each judge sitting in a court shall sign
the minutes of the proceedings that were before
him. The clerk is authorized to consolidate the
minutes of all of the courts of this entire system,
and if he chooses to do so, the signature of the
judge at the end of such minutes or the end of such
volume shall be acceptance of responsibility for the
transaction of business that that particular judge
has personally handled.

(I) In the absence, except as otherwise provided
herein, sickness, or disqualification of a judge of
any of the district courts of Bexar County, Texas,
any of the other judges of the said district courts
may act and preside. All judges of the courts
named herein have the power to sit for each other
and sign orders, judgments, and sentences for each
other and in the district of the other without the
necessity of formally resorting to transfers between
the courts in this system.

(J) All bonds, including bail bonds, personal
bonds, appeal bonds, or other obligations, taken for
the appearance of the defendants, parties, and wit­
tnesses in any of the said district courts of Bexar
County, Texas, or any inferior court of Bexar Coun­
ty, Texas, shall be binding on all such defendants,
parties, and witnesses and their sureties for appear­
cance in any of said courts in which said cause may
be pending or to which same may be transferred.
In all cases transferred from one of the said courts
to another, all process, bonds, and obligations exist­
ing at the time of such transfer shall be returned to
and filed in the court to which the case is transfer­
red and shall be valid and binding as though origi­
nally issued to out of the court to which it is
transferred or returnable therein.

(K) Each judge of the said district courts of Be­
xar County, Texas, may take a vacation at any time
during the calendar year, during which time the
terms of court of which he is judge shall remain
open and the judge of any other district court may
hold such court during the vacation of the judge
thereof. During the period of such vacation, it shall
not be lawful for a special judge of such court to be
elected by the practicing lawyers of such court
because of the absence of the judge on his vacation,
unless no judge of the said district courts is in the
county. The judges of the said district courts shall
by agreement among themselves take their vaca­
tions alternately so that there shall be at all times
judges in the county at all times of the year.

(L) The judge of each of the several district
courts shall appoint an official court reporter for his
court as provided by the general law who will be
compensated the same as regular court reporters for the work performed by them.
Such additional court reporters shall be assigned to
duty in the other courts by the presiding civil dis­
trict judge. Such employment of additional reporter­
ers shall be by a method agreed to by a majority of
the district judges of Bexar County.

judge before the appointments became effective.
The appointed deputy sheriffs before assuming
their duties shall take the oath of office prescribed
by the Constitution of the State of Texas; and the
Sheriff of Bexar County is authorized to require the
depuies to furnish bonds in an amount conditioned
and payable as may be prescribed by the sheriff or
provided by law. The deputies shall act in the name
of their principal, and they may perform all official
acts as may be lawfully performed by the Sheriff of
Bexar County in person. The deputies shall, from
and after their appointments, qualification, and con­

which they were appointed; and nothing herein shall

nature in both civil and criminal cases, matters, and
proceedings; and the deputies shall also perform
and render any and all other services that may from
time to time be assigned to them or to any of them
by the judge of the courts. The deputies shall have,
possess, and enjoy the same rights, powers, authori­
ty, and privileges that the sheriff and their deputies
throughout this state may now or hereafter possess
and enjoy. The deputies may act for each other,
and they shall act for each other when required to
do so by any of the judges or by the sheriff; but the
depuies acting for each other are not entitled to
receive nor may they receive any additional compen­

vacancy occurred, the appointment to be subject to
the written approval and confirmation of the judge
of that court. The Sheriff of Bexar County shall fix
the salary paid the deputies for the various courts, said salary to be approved by the commissioners court. SUBCHAPTER B. GENERAL PROVISIONS

Terms of Court
Sec. 2.001. Each district court holds in each county within its jurisdiction continuous terms which commence on the first Monday in January and on the first Monday in July of each year. Each term of court continues until the next succeeding term begins.

Sec. 2.002. (a) In any county in which there are two or more district courts, the judges of such courts may, in their discretion, either in termtime or in vacation, on motion of any party or on agreement of the parties, or on their own motion, transfer any case or proceeding, civil or criminal, on their docket to the docket of one of the other said district courts; and the judges of the courts may, in their discretion, exchange benches or districts from time to time.

(b) Whenever a judge of one of the courts is disqualified, he shall transfer the case or proceeding from his court to one of the other courts, and any of the judges may in his own courtroom try and determine any case or proceeding pending in either of the other courts without having the case transferred, or may sit in any of the other courts and there hear and determine any case or proceeding there pending. Each judgment and order shall be entered in the minutes of the court in which the case is pending, and two or more judges may try different cases in the same court at the same time and each may occupy his own courtroom or the room of any other court.

(c) In case of absence, sickness, or disqualification of any of the judges, any other of the judges may hold court for him. Any of the judges may hear any part of any case or proceeding pending in any of the courts and determine the same or may hear or determine any question in any case or proceeding and any other of the judges may complete the hearing and render judgment in the same. Any of the judges may hear and determine motions, petitions for injunction, applications for appointment of receivers, interventions, pleas of privilege, pleas in abatement, and all dilatory pleas, motions for new trials, and all preliminary matters, questions and proceedings, and may enter judgment or order thereon in the court in which the case or proceeding is pending without having the same transferred to the court of the judge acting; and the judge, in whose court the same is pending may thereafter proceed to hear, complete, and determine the same or other matter or any part thereof and render final judgment thereon. Any of the judges of the courts may issue restraining orders and injunctions returnable to any of the other courts.

(d) The specific matters mentioned in this section shall not be construed as any limitation on the powers of such judges when acting for any other judge by exchange of benches or otherwise.

Filing and Docketing Cases
Sec. 2.003. In a county in which there are two or more district courts, the judges of the courts may make such rules governing the filing and numbering of cases, the assignment thereof for trial, and the distribution of the work of such courts as in their discretion is deemed necessary or desirable for the orderly dispatch of the business of the courts.

Process, Writs, Etc.

court to which the case is transferred as if originally issued by that court.

"Sec. 2. This Act does not affect the enforcement of arbitration agreements made before the effective date of this Act.
"Sec. 3. This Act takes effect on January 1, 1966."

Former arts. 224 to 228 were derived from Const. Art. 16, § 13 and Acts 1846, p. 127.

Art. 224. Validity of Arbitration Agreements

A written agreement to submit any existing controversy to arbitration or a provision in a written contract to submit to arbitration any controversy thereafter arising between the parties is valid, enforceable and irrevocable, save upon such grounds as exist at law or in equity for the revocation of any
contract. A court shall refuse to enforce an agreement or contract provision to submit a controversy to arbitration if the court finds it was unconscionable at the time the agreement or contract was made. Provided, however, that none of the provisions of this Act shall apply to:

(a) any collective bargaining agreement between an employer and a labor union;

(b) any contract for the acquisition by an individual person or persons (as distinguished from a corporation, trust, partnership, association, or other legal entity) of real or personal property, or services, or money or credit where the total consideration thereof to be paid or furnished by the individual is $50,000 or less, unless said individual and the other party or parties agree in writing to submit to arbitration and such written agreement is signed by the parties to such agreement and their attorneys;

(c) any claim for personal injury except upon the advice of counsel to both parties as evidenced by a written agreement signed by counsel to both parties. A claim for workers' compensation shall not be submitted to arbitration under this Act.

Art. 224 Notice in Agreements

No agreement described in Article 224 shall be arbitrated unless notice that a contract is subject to arbitration under this Act is typed in underlined capital letters, or is rubber-stamped prominently, on the first page of the contract.

[Acts 1979, 66th Leg., p. 1708, ch. 704, § 2, eff. Aug. 27, 1979.]

Art. 225 Proceedings to Compel or Stay Arbitration

Sec. A. On application of a party showing an agreement described in Article 224 of this Act, and the opposing party's refusal to arbitrate, the court shall order the parties to proceed with arbitration; but if the opposing party denies the existence of the agreement to arbitrate, the court shall proceed summarily to the determination of the issue so raised and shall order arbitration if found for the moving party; otherwise, the application shall be denied.

Sec. B. On application, the court may stay an arbitration proceeding commenced or threatened on a showing that there is no agreement to arbitrate. Such an issue, when in substantial and bona fide dispute, shall be forthwith and summarily tried and the stay ordered if found for the moving party. If found for the opposing party, the court shall order the parties to proceed to arbitration.

Sec. C. If an issue referable to arbitration under the alleged agreement is involved in an action or proceeding pending in a court having jurisdiction to hear applications under Section A of Article 234 of this Act, the application shall be made therein. Otherwise and subject to Article 235 of this Act, the application may be made in any court of competent jurisdiction.

Sec. D. Any action or proceeding involving an issue subject to arbitration shall be stayed if an order for arbitration or an application therefor has been made under the provisions of this Article 225, or, if the issue is severable, the stay may be with respect thereto only. When the application is made in such action or proceeding, the order for arbitration shall include such stay.

Sec. E. An order for arbitration shall not be refused on the ground that the claim in issue lacks merit or bona fides or because any fault or grounds for the claim sought to be arbitrated have not been shown.

Art. 226 Appointment of Arbitrators by Court

If the arbitration agreement provides a method of appointment of arbitrators, this method shall be followed. In the absence thereof, or if the agreed method fails or for any reason cannot be followed, or when an arbitrator appointed fails or is unable to act and his successor has not been duly appointed, the court on application of a party setting forth the nature of the issues to be arbitrated and the qualifications of the proposed arbitrators shall appoint one or more qualified arbitrators. An arbitrator so appointed has all the powers of one specifically named in the agreement.

Art. 227 Majority Action by Arbitrators

The powers of the arbitrators may be exercised by a majority unless otherwise provided by the agreement or by this Act.

Art. 228 Hearings before Arbitrators and Notices Thereof

Unless otherwise provided by the agreement:

Sec. A. The arbitrators shall appoint a time and place for the hearing and cause notification to the parties to be served personally or by registered or certified mail with return receipt requested not less than five days before the hearing. Appearance at the hearing waives such notice. The arbitrators may adjourn the hearing from time to time as necessary and, on request of a party and for good cause, or upon their own motion, may postpone the hearing to a time not later than the date fixed by the agreement for making the award unless the parties consent to a later date. The arbitrators may hear and determine the controversy upon the evidence produced notwithstanding the failure of a party duly notified to appear. The court on application may direct the arbitrators to proceed promptly
with the hearing and determination of the controversy.

Sec. B. The parties are entitled to be heard, to present evidence material to the controversy and to cross-examine witnesses appearing at the hearing.

Sec. C. The hearing shall be conducted by all the arbitrators but a majority may determine any question and render a final award. If, during the course of the hearing, an arbitrator for any reason ceases to act, the remaining arbitrator or arbitrators appointed to act as neutrals may continue with the hearing and determination of the controversy.

Art. 231. Awards by Arbitrators

Sec. A. The award shall be in writing and signed by the arbitrators joining in the award. The arbitrators shall deliver a copy to each party personally or by registered or certified mail, or as provided in the agreement.

Sec. B. An award shall be made within the time fixed therefor by the agreement or, if not so fixed, within such time as the court orders on application of a party. The parties may extend the time in writing either before or after the expiration thereof. A party waives the objection that an award was not made within the time required unless he notifies the arbitrators of his objection prior to the delivery of the award to him.

Art. 232. Changes of Awards by Arbitrators

On application of a party or, if an application to the court is pending under Articles 236, 237 and 238, on submission to the arbitrators by the court under such conditions as the court may order, the arbitrators may modify or correct the award upon the grounds stated in Section A of Article 238, or for the purpose of clarifying the award. The application shall be made within twenty days after delivery of the award to the applicant. Written notice thereof shall be given forthwith to the opposing party, stating that he must serve his objections thereto, if any, within ten days from the notice. The award so modified or corrected is subject to the provisions of Articles 239, 237 and 238.

Art. 233. Fees and Expenses of Arbitrations as Awarded by Arbitrators

Unless otherwise provided in the agreement to arbitrate, the arbitrators' expenses and fees, together with other expenses incurred in the conduct of the arbitration, shall be paid as provided in the award. Attorneys fees shall be awarded by the arbitrators as additional sums required to be paid under the award only if provided for in the agreement to arbitrate or provided by law as to any recovery in a civil action in the district court on such a cause of action on which the award in whole or in part is based.

Art. 234. Courts with Jurisdiction in Arbitration Proceedings

Sec. A. The term "court" as used in this Act shall mean and include any court of this State of competent jurisdiction as to the parties, the subject matter, and the amount in controversy. Such a court shall have jurisdiction to hear and determine applications as provided in Article 235.
Art. 234  ARBITRATION

Sec. B. The making of an agreement described in Article 224 and to which that Article is applicable (but this expressly shall not be the effect of the making of an agreement to which that Article is made inapplicable by the last sentence thereof), which provides for or authorizes an arbitration in this State, confers jurisdiction on the court to enforce the agreement under this Act and to enter judgment on an award thereunder.

[Acts 1965, 59th Leg., p. 1588, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 235. Applications to Courts and the Effect Thereof; Court Proceedings on Applications to Courts; Venue Thereof; Stay of Proceedings in Another Court Pursuant to a Later Application; What the Court May Require that an Application Contain; When Applications may be Filed in Advance of or Pending or at or after the Conclusion of Arbitration Proceedings; Acquisition of Jurisdiction over Adverse Parties by Service of Process or in Rem by Ancillary Proceedings; Court Relief in Aid of Pending or Prospective Arbitration Proceedings or the Enforcement of Court Orders or Decrees or Satisfaction of Court Judgments; Court Hearings on Applications

Sec. A. The jurisdiction of a court may be invoked by the filing with the clerk of that court of an application for the entry by the court of a judgment or decree or order provided for by the terms of this Act. Upon the filing of the initial application and the payment to the clerk of the fees of court required to be paid on the filing of a civil action in the court, the clerk shall docket the proceedings as a civil action pending in that court.

Sec. B. The filing of the initial application shall be with the clerk of the court of that county in Texas in which (if it does so provide) the arbitration agreement shall provide that the hearing before the arbitrators shall be held; or if the hearing has been held, in the county in which it was held. Otherwise, the initial application shall be filed in the county in which the adverse party resides (or one of them if there are two or more adverse parties) or has a place of business; or if no adverse party has a residence or place of business in this State, in any county. The initial application filed with the clerk of a court having jurisdiction but in a county other than as provided for in this Section, shall be transferred to a court of the county so provided for in this Section by an order comparable to an order sustaining a plea of privilege to be sued in a civil action in a district court of a county other than the county in which an action is filed, provided that such order of transfer shall be entered only if applied for by a party adverse to the applicant who files the initial application, within twenty days of the service of process on such adverse party and in advance of any other appearance in the court of that adverse party other than one challenging the jurisdiction of the court.

Sec. C. An initial application having been so filed, the court having jurisdiction thus invoked, may by order or orders stay proceedings pursuant to any application later filed seeking to invoke the jurisdiction of any other court or the entry of a judgment or decree or order provided for by the terms of this Act; or may stay any civil action or other proceeding later instituted; provided, however, that any such stay of proceedings in any civil action or other proceeding or pursuant to an application later filed in any other court shall be limited to and affect only an issue subject to arbitration under the arbitration agreement pursuant to the terms of which the initial application was so filed.

Sec. D. As provided in Section C of Article 225, the initial application and all subsequent applications to the court relating to arbitration under an arbitration agreement shall be filed in a civil action or proceeding pending in a court having jurisdiction to hear applications under the provisions of Section A of Article 234 if the civil action or proceeding is pending before the filing of the initial application as otherwise provided by Section A of Article 235.

Sec. E. The court may require that an application filed under this Act for entry by it of any judgment or decree or order shall show the jurisdiction of the court, shall have attached to it a copy of the arbitration agreement, shall define the issue or issues subject to arbitration between the parties under the arbitration agreement, shall specify the status of the proceedings before arbitrators and show the need for the entry of the judgment, decree, order or by the court sought by the applicant. No application shall be deemed inadequate because of the absence of any of these requirements unless the court shall, in its discretion, first require that the application as filed be amended to meet the requirements of the court and a period of ten days is granted to the applicant to permit him to comply.

Sec. F. An application for entry by the court of a judgment or decree or order provided for by the terms of this Act may be filed in advance of the institution of any arbitration proceedings but in aid thereof, or during the pendency of any arbitration proceeding before the arbitrators or, subject to the provisions of subsequent Articles of this Act, at or after the conclusion thereof.

Sec. G. In advance of the institution of any arbitration proceedings, but in aid thereof, an application may be filed for order or orders to be entered by the court, including but not limited to applications: (i) invoking the jurisdiction of the court over the adverse party and for effecting same by service of process on him in advance of the institution of arbitration proceedings (it not being required to be shown in this connection that the adverse party is
about to, or may, absent himself from the state if jurisdiction over him is not effected by service of process on him before the institution of arbitration proceedings; or (ii) invoking the jurisdiction of the court over the controversy in rem, by attachment, garnishment, sequestration, or any other ancillary proceeding in the manner by which, and on complying with the conditions under which, such proceedings may be instituted and conducted ancillary to a civil action in a district court; or (iii) seeking to restrain or enjoin the destruction of the subject matter of the controversy or any essential part thereof, or the destruction or alteration of books, records, documents, or evidence needed for the arbitration proceeding, or seeking from the court in its discretion, order for deposition or depositions needed in advance of the commencement of the arbitration proceedings for discovery, for perpetuation of testimony or for evidence; or (iv) seeking the appointment of arbitrator or arbitrators so that proceedings before them under the arbitration agreement may proceed; or (v) seeking any other relief, which the court can grant in its discretion, needed to permit the orderly arbitration proceedings to be instituted and conducted and to prevent any improper interference or delay thereof.

Sec. H. During the pendency of any arbitration proceedings before the arbitrators, an application may be filed for order or orders to be entered by the court, including but not limited to applications: (i) referred to or to serve any purpose referred to in Section G of this Article; or (ii) to require compliance by any adverse party or any witness with order or orders made by arbitrators during the arbitration proceedings, pursuant to provisions of this Act; or (iii) to require the issuance and service under orders of the court rather than orders made by arbitrators of subpoenas, notices or other papers pursuant to the provisions of an award. During the pendency of the arbitration proceedings or at or after their conclusion, an application may be filed to seek any of the above mentioned relief or otherwise aid in the enforcement of any court judgment or decree or order entered pursuant to the provisions of this Act; or for relief as provided in Articles 236, 237 and 238.

Sec. I. On filing of any initial application herein authorized, the clerk of the court shall issue process for service upon each adverse party named therein, attaching a copy of the application to each, and appropriate officials authorized so to do may proceed to effect service of such process on each adverse party, the form and substance of the process and service and the return of service, insofar as applicable, being the form provided for as to process and service on a defendant in a civil action in a district court.

Sec. J. Upon the filing of any application other than the initial application, if the jurisdiction over the adverse party has been established by service of process on him or in rem upon the initial application (though, if not, then on such subsequent application there shall be a service of process as provided for in Section I of this Article), each subsequent application with reference to the same arbitration proceedings or prospective proceedings under the same arbitration agreement and relating to the same controversy or controversies, shall be treated for the purposes of notice to each adverse party, as if a motion filed in a pending civil action in a district court. Every such subsequent application to the court for any relief and every initial application shall be heard by the court in the manner and pursuant to the notice provided by law or rule of court as to the making and hearing of such a motion.

Art. 236. Confirmation of an Award

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Sec. A. Upon application of a party, the court shall vacate an award where:

(1) The award was procured by corruption, fraud or other undue means;

(2) There was evident partiality by an arbitrator appointed as a neutral or corruption in any of the arbitrators or misconduct or wilful misbehavior of any of the arbitrators prejudicing the rights of any party;

(3) The arbitrators exceeded their powers;

(4) The arbitrators refused to postpone the hearing upon sufficient cause being shown therefor or refused to hear evidence material to the controversy or otherwise so conducted the hearing, contrary to the provisions of Article 228, as to prejudice substantially the rights of a party; or

(5) There was no arbitration agreement and the issue was not adversely determined in proceedings under Article 225 and the party did not participate in the arbitration hearing without raising the objection; but the fact that the relief was such that it could not or would not be granted by a court of law...
or equity is not ground for vacating or refusing to confirm the award.

Sec. B. An application under this Article shall be made within ninety days after delivery of a copy of the award to the applicant, except that, if predicated upon corruption, fraud or other undue means, it shall be made within ninety days after such grounds are known or should have been known.

Sec. C. In vacating the award on grounds other than stated in paragraph 5 of Section A of this Article, the court may order a rehearing before new arbitrators chosen as provided in the agreement, or in the absence thereof, by the court in accordance with the provisions of Article 226; or, if the award is vacated on grounds set forth in paragraphs 3 and 4 of Section A of this Article, the court may order a rehearing before the arbitrators who made the award or their successors appointed in accordance with the provisions of Article 226. The time within which the agreement requires the award to be made is applicable to the rehearing and commences from the date of the order.

Sec. D. If the application to vacate is denied and no motion to modify or correct the award is pending, the court shall confirm the award.

(1) There was an evident miscalculation of figures or an evident mistake in the description of any person, thing, or property referred to in the award;

(2) The arbitrators have awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; or

(3) The award is imperfect in a matter of form, not affecting the merits of the controversy.

Sec. B. If the application is granted, the court shall modify and correct the award so as to effectuate its intent and shall confirm the award as so modified and corrected. Otherwise, the court shall confirm the award as made.

Sec. C. An application to modify or correct an award may be joined in the alternative with an application to vacate the award.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 238-1. Judgment or Decree Upon an Award; The Enforcement Thereof

Upon the granting of an order confirming, modifying or correcting an award, judgment or decree shall be entered in conformity therewith and be enforced as any other judgment or decree. Costs of the application and of the proceedings subsequent thereto, and disbursements may be awarded by the court.

[Acts 1965, 59th Leg., p. 1593, ch. 689, § 1, eff. Jan. 1, 1966.]

Art. 249a. Regulation of Practice of Architecture

Sec. 1. In order to safeguard life, health, and property, and the public welfare, and in order to protect the public against the irresponsible practice of the profession of architecture by properly defining and regulating the practice of architecture, no person shall practice architecture, as herein defined, within this State, after ninety (90) days after the appointment and qualification of the members of the Board of Architectural Examiners hereinafter created, unless he be a registered architect, as provided by this Act.

Sec. 2. There is hereby created a Board of Architectural Examiners to be known as the Texas Board of Architectural Examiners, and such Board shall consist of four (4) reputable practicing architects who have resided in the State of Texas and have been actively engaged in the practice of architecture for five (5) years next preceding their appointment, two (2) members who are licensed landscape architects under the laws of this State, and three (3) members of the general public who are not registered architects or licensed landscape architects and who do not have, other than as consumers, financial interests in the practice of architecture or landscape architecture. Members of the Board are appointed by the Governor of this State. Members hold office for staggered terms of six years. The terms of office of the appointees who fill the offices of incumbent members whose terms expire June 21, 1981, 1983, and 1985, shall expire January 31, 1987, 1989, and 1991, respectively. All succeeding members shall serve until January 31 of odd-numbered years. All vacancies occurring in the membership of said Board shall be filled by appointment by the Governor of this State for the unexpired term of such membership. All appointments to said Board shall be subject to confirmation by the Texas Senate.

Not more than one (1) member of said Board shall be a stockholder or owner of any interest in, nor be a member of the faculty, or board of trustees, or other governing board of, nor be an officer of, any school or college which teaches architecture or landscape architecture.

A member of said Board shall not be disqualified for, nor prohibited from, performing any work or rendering any service on any State, county, municipal, or other public building or work for a fee or other direct compensation because of membership on said Board.

Appointments to the Board shall be made without regard to the race, creed, sex, religion, or national origin of the appointees.

Failure of a Board member to attend at least one-half of the regularly scheduled meetings held each year automatically removes the member and creates a vacancy on the Board.

A member or employee of the Board may not be an officer, employee, or paid consultant of a professional society in the architecture and landscape architecture professions.

A member or employee of the Board may not be related within the second degree by affinity or within the second degree by consanguinity to a person who is an officer, employee, or paid consultant of a professional society in the regulated professions.

Application of Sunset Act

Sec. 2a. The Board of Architectural Examiners is subject to the Texas Sunset Act; and unless continued in existence as provided by that Act the board is abolished, and this Act expires effective September 1, 1991.

Oath; Organization of Board; Bond of Secretary-Treasurer; Powers and Duties; Rules and Regulations; Open Meetings; Procedure

Sec. 3(a). The members of the Texas Board of Architectural Examiners shall, before entering upon the discharge of their duties, qualify by subscribing to, before a Notary Public or other officer authorized by law to administer oaths, and filing with the Secretary of State, the Constitutional oath of office. They shall, as soon as organized, and annually thereafter in the month of January, elect from their number a chairman and vice-chairman. A secretary-treasurer of this Board shall be appointed by the Board and shall hold office at the pleasure of the Board. The secretary-treasurer may, but need not, be a Member of the Board. The secretary-treasurer, before entering upon his duties, shall make
and file a bond of not less than Five Thousand Dollars ($5,000.00) with the State Comptroller. Said bond shall be payable to the Governor of this State for the benefit of said Board; shall be conditioned upon the faithful performance of the duties of such officer, and shall be in such form as may be approved by the Attorney General of this State; and shall be executed by a surety company, as surety, and be approved by the Texas Board of Architectural Examiners. The premium on the bond shall be paid from the Architects Registration Fund.

(b) The Board shall adopt all reasonable and necessary rules, regulations, and by-laws not inconsistent with the Texas Constitution, the laws of this State, and this Act for the performance of their duties in administering this Act. If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the Board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the Board receives the committees' statements. The Board shall adopt a seal, which shall be used on official documents. The design of the seal shall be similar to the seal of other departments of the State, in that it shall contain the five-pointed star with a circular border, and within the border shall contain the words, "Texas Board of Architectural Examiners".

(c). The secretary-treasurer of the Board shall keep a correct record of all the proceedings of the Board and of all moneys received or expended by the Board, which record shall be open to public inspection at all reasonable times. The records shall reflect all renewals or refusals of certificates of registration; and they shall also contain the name, known place of residence, and the date and serial number of the registration certificate of every registered architect entitled to practice his or her profession in this State, and a record of all renewals of such certificates.

(d). The Board shall cause the prosecution of all persons violating any of the provisions of this Act, and may incur the expense reasonably necessary in that behalf.

(e). The Board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1967, as amended (Article 6252-17, Vernon's Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

Fees; Architects Registration Fund; Office; Employees; Compensation

Sec. 4(a). All fees collected or money derived under the provisions of this Act shall be received and accounted for by the secretary-treasurer. All of these funds which are received shall be paid weekly to the State Treasurer, who shall keep this money in a separate fund to be known as the Architects Registration Fund. This fund shall be paid out only by warrants of the State Comptroller, upon itemized vouchers approved by the chairman or acting chairman and attested by the secretary-treasurer of the Board. Disbursements shall not in any way be a charge upon the General Revenue Fund of this State.

(b). To aid the Board in performing its duties, the Board shall maintain an office in Austin, Travis County, Texas. The Board may employ an executive director to conduct the affairs of the Board under the Board's direction. The executive director shall receive a salary which the Board shall determine. The Board shall employ clerical help and assistants as are necessary for the proper performance of its work and may make expenditures for this purpose. A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon's Texas Civil Statutes), may not serve as a member of the Board or act as the general counsel to the Board.

(c). Each member of the Board shall receive as compensation the sum of Twenty-Five Dollars ($25.00) per day for each day he is actually engaged in the duties of his office, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of his duties. All per diem and expenses incurred under this Act shall be paid from the Architects Registration Fund as provided in this Act.

Quorum; Meetings; Rules and Regulations; Enforcement; Complaints

Sec. 5(a). A majority of the membership of the Board shall constitute a quorum. Regular meetings of the Board shall be held at such times as the Board may fix and determine. Special meetings of the Board shall be called by the chairman, or in his absence from the State, or inability to act, by the vice-chairman of the Board.

(b). In addition to the powers and duties granted to the Board by other provisions of this Act, the Board may make all rules consistent with the laws and constitution of this State which are reasonably necessary for the proper performance of its duties, the regulation of the practice of architecture and the examination and registration of applicants to practice architecture in this State, and the enforcement of this Act.

(c). The Texas Board of Architectural Examiners is hereby empowered and authorized to enforce such rules and regulations, the provisions of this Act, and the statutes of this state pertaining to the practice of architecture, by applying to a court of competent jurisdiction in the county of the residence of the defendant or the county where the violation occurred for relief by injunction, restraining order, or such other relief as may be available from such court, in order to enjoin or restrain a person, firm,
corporation, partnership or any other group or combination of persons from the commission of any act which is contrary to or in violation of such rules, regulations or statutes. The Board has the right to institute these actions in its own name. The remedy provided by this section shall be in addition to any other remedy provided by law. The Board may be represented by the Attorney General, the District Attorney, or the County Attorney, and by other counsel when necessary.

(d). The Board may not promulgate rules restricting competitive bidding or advertising by licensees except to prohibit false, misleading, or deceptive practices.

(e). The Board shall keep an information file about each complaint filed with the Board relating to a licensee. If a written complaint is filed with the Board relating to a licensee, the Board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally disposed of.

Meetings; Examinations; Fee; Certificate

Sec. 6(a). It shall be the duty of the Texas Board of Architectural Examiners to hold meetings at least twice each year at such times and places as the Board may determine for the purpose of transacting its business and to examine all applicants for license to practice architecture in this State on any subjects and procedures pertaining to architecture which the Board in its discretion may require.

Text of (b) as amended by Acts 1983, 68th Leg., p. 358, ch. 81, § 4(a)

(b). Each person applying for examination shall pay to the Board a uniform fee to be fixed by the Board, but which shall not exceed Three Hundred Dollars ($300.00). The Board shall report to each applicant within a reasonable time after the examination whether or not the applicant passed or failed the examination. An applicant who has passed the examination shall be granted a certificate to practice architecture in this State. The original certificate herein provided for shall be valid for the balance of the current registration year and must be renewed each year thereafter in the manner and time provided by law.

(e). A person shall be notified of the results of an examination taken by the person within 30 days after the testing date. However, if an examination given under this Act is graded or reviewed by a national testing service, the Board shall notify examinees of the results of the examination within two weeks after the Board's receipt of the results from the national testing service. In no event shall more than 90 days elapse between the testing date and notification of the results unless the Board notifies the examinees of the reason for the delay in notification. The Board shall send to the person not later than the 30th day after the day on which the request is received by the Board an analysis of the person's performance on the examination.

Qualifications of Applicants for Registration

Sec. 7(a). An applicant for examination for registration as an architect in this State shall present a diploma from and be a graduate of a recognized university or college of architecture approved by the Board and shall also present evidence acceptable to the Board of such applicant's having had satisfactory experience in architecture in this State or offices of one or more legally practicing architects, as prescribed in the rules and regulations adopted by the Board.

(c). The Board shall accept for examination, an applicant, although not a graduate as above required, who possesses all of the other qualifications and furnishes evidence acceptable to the Board of his having completed not less than eight years' satisfactory experience in architecture in the office of one or more legally practicing architects, or any combination of architectural schooling and experience totaling eight years; provided, however, in accordance with its rules and regulations, the Board may permit such applicant to take the qualifying test for the examination after five years of such experience.

Licensees from Other States or Countries; Fees

Sec. 8(a). The Texas Board of Architectural Examiners may, in its discretion in each instance, grant a certificate to practice architecture in another State or territory of the United States of America or of another country, where the requirements and qualifications of such other jurisdiction were equal to or the equivalent of the requirements of the Texas Board of Architectural Examiners at the time of the granting of the certificate or license to practice architecture in the other jurisdiction. An applicant for a certificate under this section shall possess all of the other qualifications prescribed in this Act for other applicants and shall
make application in the same manner and form as any other applicant; and such applicant shall furnish the Board such documents and other evidence concerning his application and qualifications as will substantiate his qualifications.

(b). All applications under this Section shall be accompanied by a fee of One Hundred Dollars ($100.00) payable to the Texas Board of Architectural Examiners for the processing and investigating of the application so filed and for the issuance of the certificate herein provided for. The provisions of this section shall apply only where the laws, legal requirements and regulations of such other jurisdiction extend like or similar privileges to practice architecture in such other jurisdiction to registered architects of this State.

Seal; Restricted Use; Penalty

Sec. 9. Every registered architect shall obtain and keep a seal, such as is authorized, prescribed, and approved by the Texas Board of Architectural Examiners, with which he or she shall stamp or impress all drawings or specifications issued from his or her office for use in this State. The design of the seal shall be the same as that to be used by the Texas Board of Architectural Examiners, except that it shall bear the words “Registered Architect, State of Texas” instead of “Texas Board of Architectural Examiners.” No person, firm, partnership, corporation or any other group or combination of persons shall use or attempt to use such prescribed seal, or any similar seal, or replica thereof unless the use is by and through an architect duly registered under the provisions of this Act. No architect duly registered under this Act shall authorize or permit the use of his seal by any unregistered person, firm, corporation, partnership or any other group or combination of persons without his personal supervision, and a violation hereof shall be grounds for cancellation of the registration certificate of any such offending architect.

Practice of Architecture Defined; Exceptions

Sec. 10(a). "Practice of Architecture" shall mean any service or creative work, either public or private, applying the art and science of developing design concepts, planning for functional relationships and intended uses, and establishing the form, appearance, aesthetics, and construction details, for any building or buildings, or environs, to be constructed, enlarged or altered, the proper application of which requires architectural education, training and experience. "Practice architecture" or "practicing architecture" shall mean performing or doing, or offering or attempting to do or perform any service, work, act or thing within the scope of the practice of architecture.

(b). Notwithstanding any other provision of this Act or any rule or regulation of the Board of Architectural Examiners, it is the intent of this Act to acknowledge the necessity of professional interrelations and cooperation between the professions for the benefit of the public and to achieve the highest standards in design, planning, and building. Therefore, nothing in this Act or any such rule or regulation, heretofore or hereafter adopted, shall be construed or given effect in any manner whatsoever so as to prevent, limit or restrict any professional engineer licensed under the laws of this State from performing any act, service or work within the definition of the practice of professional engineering as defined by the Texas Engineering Practice Act.

(c). Nothing in this Act shall be construed as curtailting draftsmen, clerks of the works, superintendents and other employees of registered architects or engineers, under provisions of this Act from acting under the instructions, control or supervision of such architect or engineer employees.

(d). Nothing in this Act may be construed as curtailting any regular full time employee of a privately owned public utility or cooperative utility and/or affiliates who is engaged solely and exclusively in performing services for such utility and/or its affiliates. This exemption includes the use of job titles and personnel classifications by such persons not in connection with any offer of architectural services to the public, providing that no name, title, or words are used which tend to convey the impression that an unlicensed person is offering architectural services to the public.

(e). Nothing in this Act shall be construed to prohibit the use of the title “Landscape Architect” by qualified persons or to limit the practice of landscape architecture.

(f). Nothing in this Act shall be construed to prohibit the use of the title “Interior Designer” or “Interior Decorator” by qualified persons or to limit the practice of interior designing or interior decorating.

(g). Nothing in this Act shall prevent registered professional engineers licensed under the laws of this State from planning and supervising work, such as railroad, hydroelectric work, industrial plants, or other construction primarily intended for engineering use or structures incidental thereto, nor prevent said engineers from planning, designing, or supervising the mechanical, electrical, or structural features of any building.

(h). A firm, partnership, association or corporation, including firms, partnerships, corporations and joint stock associations carrying on the practice of engineering under Section 17 of the Texas Engineering Practice Act, may engage in the practice of architecture and may hold itself out to the public as offering architectural services, provided that the actual practice of architecture on behalf of such firms, partnerships or corporations is carried on, conducted and performed only by architects registered, and licensed in this State.

(i). No firm, partnership, association, or corporation may engage in the practice of architecture, or hold itself out to the public as being engaged in the
practice of architecture or use the word "architect" or "architecture" in its name in any manner unless all architectural services are rendered by and through persons to whom registration certificates have been duly issued, and which certificates are in full force and effect.

Revocation or Cancellation of Certificates

Sec. 11. Registration certificates of architects issued in accordance with this Act shall remain in full force and effect until expiration date unless revoked or suspended for cause as herein provided. The registration certificate and right of any person to practice architecture in this State may be revoked and cancelled by the Texas Board of Architectural Examiners after due notice and hearing and upon the proof of the violation of the law in any respect in regard thereto, or for any cause for which the Texas Board of Architectural Examiners is authorized to refuse to grant registration certificates, or for proof of gross incompetency, or for recklessness in the construction of buildings on the part of the architect designing, planning, or supervising the construction or alteration of same, or for dishonest practice on the part of the holder of such registration certificate. The action of the Board in revoking and cancelling such registration certificate may be appealed to a District Court in the County of residence of the aggrieved party, and such appeal shall be trial de novo as in cases from the Justice court to the county court.

Annual Registration and Fee; Certificate of Renewal; Failure to Renew; Suspension and Revocation

Sec. 12. All certificates of registration shall expire annually on a date set by the Board as part of a staggered renewal system and shall become invalid on that date unless renewed. It shall be the duty of the secretary-treasurer of the Board to notify every person registered under this Act of the date of expiration of his certificate and the amount of the fee that shall be required for its renewal for one (1) year. The notice shall be mailed at least one (1) month in advance of the date of the expiration of said certificate. Renewal may be effected by the payment of a fee to be set by the Board, but not to exceed Fifty Dollars ($50.00) for residents nor One Hundred Dollars ($100.00) for nonresidents. Upon receipt of the required fee within the time and in the manner prescribed by the Board the designated officer or employee of the Board shall issue to the registered architect a certificate of renewal of his registration certificate for the term of one (1) year. Failure to renew a certificate of registration by the expiration date established by the Board shall result in an increase of the renewal fee by Twenty Dollars ($20.00). If failure to renew shall continue for more than ninety (90) days after the date of expiration of the certificate of registration, such certificate to practice architecture in this State may be revoked and an entry of such revocation made in the official records of the Board; and thereafter the applicant may be required in the discretion of the Board in each case to take and satisfactorily pass such examination as may be prescribed by the Board, and if the applicant passes such examination successfully the fee to be paid upon the renewal of the registration certificate shall be, in such case, the sum not to exceed One Hundred Dollars ($100.00) as set by the Board. A registered architect, as herein defined, who is on active duty as a member of the Armed Forces of the United States of America subsequent to October 1, 1940, and who was at the time of his entry into said service or is now in good standing as a registered architect in this State, shall have his name continued on the list of registered architects and shall be exempt from the payment of any further fee during his service, as aforesaid, and until separated from the service; and when his active duty status ceases and he is separated from the service, he shall be exempt from payment of such fee for the then current fiscal year.

Expiration Dates of Registration; Proration of Fees

Sec. 12A. The board by rule shall adopt a system under which registrations expire on various dates during the year. The date for mailing notice of suspension and the period for reinstatement shall be adjusted accordingly. For the year in which the expiration date is changed, registration fees payable on September 30 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the registration fee which is allocable to the number of months during which the registration is valid. On renewal of the registration on the new expiration date, the total registration fee is payable.

Contracts to Contain Certain Information; Public Information Program; Complaint Form

Sec. 12B. (a) In each written contract in which a licensee under this Act agrees to perform architectural services in this state, the licensee shall include the mailing address and telephone number of the board and a statement that the board has jurisdiction over individuals licensed under this Act.

(b) The board shall establish a public information program for the purpose of informing the public about the practice and regulation of architectural services in this state. As part of the program, the board shall prescribe and distribute in a manner that it considers appropriate a standard complaint form and shall make available to the general public and other appropriate state agencies the information compiled as part of the program. The program shall include information to inform prospective applicants for licensing under this Act about the qualifications and requirements for licensing.

Annual Financial Report by Board; Biennial Audit

Sec. 12C. (a) Before September 1 of each year, the board shall file a written report with the legislature and the governor in which the board accounts for all funds received and disbursed by the board during the preceding year.
(b) The state auditor shall audit the financial transactions of the board during each fiscal biennium.

Penalty

Sec. 13. If any person or firm shall, for a fee or other direct compensation, pursue the practice of the profession of architecture in this State as herein defined, or shall engage in this State in the profession or business of planning, designing, or supervising the construction of buildings to be erected or altered by or for other persons than himself, herself, or themselves, and shall advertise, or put out any sign, card, or drawings in this State designating himself, herself, or themselves as an architect, architectural designer, or other title of profession or business using some form of the word "Architect" without first having complied with the provisions of this Act, such person, or the members of such firm, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than Twenty-five Dollars ($25.00) and not more than Two Hundred Dollars ($200.00) for each offense; and each and every day of violation of this Act as above set forth shall constitute a separate offense.

Exceptions from Act

Sec. 14. This Act shall not apply:

2. To legally qualified architects residing in another State or county outside the border of the United States, who do not maintain nor open offices in this State, who agree to perform or hold themselves out as able to perform any of the professional services involved in the practice of architecture, provided that when performing the architectural services in this State, they shall employ a resident registered architect of this State as a consultant, or shall act as a consultant of a registered architect in this State or shall register as an architect in this State as provided by this Act;

(a) "Landscape architect" means a person licensed to practice or teach landscape architecture in this state as provided herein.

(b) "Landscape architecture" means the performance of professional services such as consultation, investigation, research, preparation of general development and detailed design plans, studies, specifications, and responsible supervision in connection with the development of land areas, and to the extent that, the principal purpose of such service is to arrange and modify the effects of natural scenery for aesthetic effect, considering the use to which the land is to be put. Such services concern the arrangement of natural forms, features, and plantings, including the ground and water forms, vegetation, circulation, walks, and other landscape features to fulfill aesthetic and functional requirements but shall not include any services or functions within the definition of the practice of engineering, public surveying, or architecture as defined by the laws of this state.

(b) Every agriculturist, agronomist, horticulturist, forester, gardener, contract gardener, garden or lawn caretaker, nurseryman, grader or cultivator of land and any person making plans for property owned by himself is exempt from registration under the provisions of this Act, provided however, none of the foregoing shall use the title or term "landscape architect" in any sign, card, listing, or advertisement or represent himself to be a "landscape architect" without complying with the provisions of this Act.

Staff

Sec. 3. The board may employ staff necessary to administer this Act.

If the appropriate standing committees of both houses of the legislature acting under Subsection (g), Section 5, Administrative Procedure and Texas Register Act, as added (Article 6252–13a, Vernon’s Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective on the date the board receives the committees’ statements.

Art. 249c

Expiry Dates of Certificates of Registration; Proration of Fee

Sec. 7a. The board by rule shall adopt a system under which certificates of registration expire on various dates during the year. Sec. 7. All certificates of registration shall expire each year on the day set by the board as part of a staggered renewal system and shall become invalid on that date unless renewed. It shall be the duty of the secretary-treasurer of the board to notify every person registered under this Act of that date of expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notices shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be effected by payment of the fee as prescribed and set by the board. If failure to renew shall continue for more than 90 days after the date of expiration of the certificate of registration, the certificate may be revoked after notice and hearing as provided by this Act and an entry of the revocation made in the official records of the board. preme Court of Texas and its administrative agent,
the State Bar of Texas.

(b) In furtherance of the court's powers to super-
vise the conduct of attorneys at law, the following
grievance procedures are established. The Supreme
Court shall, in accordance with Section 8 of this Act,
prepare, propose, and adopt rules and regulations
for disciplining, suspending, disbarring, and accept-
ing resignations of attorneys as it considers neces-
sary in addition to the minimum standards and pro-
cedures provided in this Act.

(c) Disciplinary jurisdiction shall be divided into
grievance districts. Each bar district shall have one
or more grievance committee districts. The board
of directors, with the advice of the director of each
bar district, shall determine whether the State Bar's
grievance duties can be performed effectively by
one committee for the entire bar district or whether
the same should be divided into more than one
grievance committee district. When a bar district
contains more than one grievance committee, all the
grievance committees within the district shall have
concurrent jurisdiction of any complaint docketed by
any of the committees within the district. The com-
mittee which originally docketed a complaint may,
with the consent of another committee within
the district, transfer a complaint to the other com-
mittee. The district director, in order to equalize
the dockets, or for other good cause, may transfer
complaints from one committee to another within
the district.

(d) Each grievance committee shall consist of as
many members as are deemed necessary by the
board of directors for the expeditious transaction of
its business.

(e) The president shall on recommendation of the
director or directors for the district appoint the
members of the grievance committee. Each mem-
ber of the committee shall be a resident of the
grievance committee district for which he or she is
appointed. One-third of the total membership of
each grievance committee shall be representative of
the general public who are not licensed attorneys
and who do not have, other than as consumers, a
financial interest in the practice of law.

Annually the committee shall select its own chair-
person.

Powers of Grievance Committees

Sec. 13. (a) The grievance committee shall exer-
cise the powers and perform the duties conferred on
it by this Act as well as any other powers and duties
imposed by rules or regulations promulgated as
provided herein by the Supreme Court.

The grievance committee shall consider and inves-
tigate any alleged ground for discipline or alleged
incapacity of any attorney called to its attention or
on its own motion and take action with respect
thereto as shall be appropriate under the discipli-
nary rules in effect from time to time in this state.

(b) The committee shall maintain records of all
matters processed and the disposition thereof.
Committee records are confidential and are not sub-
ject to the open records law, Chapter 424, Acts of
the 63rd Legislature, Regular Session, 1973, as
amended (Article 6252-17a, Vernon's Texas Civil
Statutes). The final action of a committee resulting
in a vote to publicly reprimand, suspend, or seek
disbarment shall be made public; provided, how-
ever, that proceedings which result in a private
reprimand shall remain confidential. Nothing shall
prohibit the committee, with the consent of the
accused attorney, from disclosing final action which
clears the attorney of misconduct or which finds no
jurisdiction or lack of probable cause to proceed.
All records shall be forwarded to the general coun-
sel and he shall maintain a permanent record of
such actions, which will be public records for statis-
tical purposes but which are subject to the provi-
sions above concerning privacy.

(c) A “complaint” is defined as an allegation of
attorney misconduct or attorney mental incompeten-
cy which, if established in fact, could subject the
attorney to disciplinary action. Inquiries which do
not allege an offense cognizable under the Code of
Professional Responsibility or under this Act or
which do not show probable cause of professional
misconduct shall not be classified as complaints and
are not within the disciplinary jurisdiction of the
grievance committee.

(d) Every inquiry which the committee deter-
mines to be a complaint as defined in this Act shall
be docketed by the grievance committee. When
docketed, the committee shall notify the general
counsel of the State Bar, the complainant, and the
accused attorney that the complaint has been sched-
uled for action by the committee, and the committee
shall report periodically to the general counsel its
progress in the matter.

(e) Every complaint as defined in this Act shall be
acted on expediently by the grievance committee
and the action shall be reported to the general
counsel, the complainant, and the accused attorney.
If the committee fails to take action on a complaint
within a reasonable time, the general counsel shall
report the committee's inaction to the president of
the State Bar and the director or directors for the
bar district which encompasses the grievance com-
mittee.

When notified by the general counsel of a commit-
te's inaction, the president of the State Bar, with
the advice of the board director for the district
Art. 320a-1

ATTFORNEYS AT LAW

concerned, may transfer the complaint to another grievance committee in the bar district if there is one. The president may discharge a committee and appoint new members, if after consulting the board director for the district concerned the president determines that the committee should be reconstituted to assure the expeditious transaction of disciplinary business. Failure to report grievances matters to the general counsel shall be grounds for the discharge of a committee.

Grievance Oversight Committee

Sec. 14. There shall be created a grievance oversight committee which shall be responsible for reviewing the structure, function, and effectiveness of the grievance procedures which are implemented pursuant to this Act. It shall be composed of nine members to be appointed by the Supreme Court, six of whom shall be licensed members of the State Bar and three of whom shall not be licensed members of the State Bar of Texas. Of the six licensed members of the State Bar, three shall be members or former members of grievance committees. This committee shall report its findings annually to the Supreme Court, including any recommendations concerning needed changes in grievance procedures or structures.

The members of this committee shall serve staggered terms of three years each and the initial terms of office of the committee shall be as follows: three members for a term of one year, three members for a term of two years, and three members for a term of three years. The Supreme Court shall designate a chairperson of the committee who shall serve as chairperson for a period of one year. A majority of the total membership shall constitute a quorum of the committee. All necessary and actual expenses of the committee shall be provided for and paid out of the budget of the State Bar.

Disbarment Proceedings

Sec. 15. (a) The Supreme Court of Texas shall not adopt or promulgate any rule or regulation abrogating the right of trial by jury to either party to a disbarment action in the county of the residence of the accused attorney.

(b) Disbarment proceedings shall be instituted against a resident attorney in a district court located in the county of the attorney’s residence; provided, however, that the accused attorney may make application for change of venue pursuant to Texas Rule of Civil Procedure 257. Nothing in this Act shall be construed to prohibit a grievance committee from investigating complaints of professional misconduct alleged to have occurred within the geographical area served by the committee, but any action must be filed in the county of that attorney’s residence.

(c) All nonresident attorneys licensed by the Supreme Court are subject to the disciplinary rules and regulations governing resident members of the State Bar; provided, however, that venue in disbarment proceedings against nonresident members of the State Bar shall be in a district court located in Travis County, Texas, or in any county where the alleged misconduct occurred.

Disciplinary Proceedings

Sec. 16. (a) No attorney shall be suspended from practice, except by the attorney’s concurrence under an order of suspension entered by the grievance committee, until such attorney has been convicted of the charge or charges for disbarment pending against him or her in a court of competent jurisdiction. Provided, however, that on proof of conviction of an attorney in any trial court of competent jurisdiction of any felony involving moral turpitude or of any misdemeanor involving the theft, embezzlement, or fraudulent misappropriation of money or other property, the district court of the county of the residence of the convicted attorney shall enter an order suspending the attorney from the practice of law during the pendency of any appeals from the conviction. An attorney who has been given probation after the conviction, whether adjudicated or unadjudicated, shall be suspended from the practice of law during the probation. On proof of final conviction of any felony involving moral turpitude or any misdemeanor involving theft, embezzlement, or fraudulent misappropriation of money or other property, the district court of the county of the residence of the convicted attorney shall enter a judgment disbarring him or her.

Either the grievance committee for the bar district or the general counsel shall have the authority to seek the enforcement of this section.

(b) In any action seeking to disbar an attorney for acts made the basis of a conviction for a felony involving moral turpitude or a misdemeanor involving theft, embezzlement, or fraudulent misappropriation of money or other property, the record of conviction shall be conclusive evidence of the guilt of the attorney for the crime of which he or she was convicted.

(c) Nothing in this Act shall be construed to prevent an attorney from being prosecuted in a disciplinary action after conviction for a criminal act based either on the weight of the conviction or on conduct by the attorney which led to his or her conviction.

Committees and Sections

Sec. 17. The board shall create from time to time committees and sections as it considers advisable and necessary to carry out the purposes of this Act. Nothing in this Act shall prevent the appointment of nonlawyers to the State Bar committees.

Committee on Professional Ethics

Sec. 18. (a) A professional ethics committee consisting of nine members of the State Bar to be appointed by the Supreme Court for a term of three years each is established. The initial terms of of-
fice of the committee shall be as follows: three members for terms of one year, three members for terms of two years, and three members for terms of three years. The Supreme Court shall designate a chairperson of the committee who shall serve as chairperson for a period of one year. A majority of the total membership shall constitute a quorum of the committee. All necessary and actual expenses of the committee shall be provided for and paid out of the budget of the State Bar. Nothing in this Act shall prevent the court from appointing members of the judicial department to the professional ethics committee.

(b) The standing committee on professional ethics shall:

(1) by the concurrence of a quorum of its members, express its opinion on the propriety of professional conduct, either on its own initiative or when requested to do so by a member of the State Bar of Texas, except that an opinion may not be issued on a question that is pending before a court of this state;

(2) the foregoing provision notwithstanding, the committee may meet in three member panels to express its opinion on behalf of the whole committee; provided, however, if the inquirer is dissatisfied with the panel’s opinion, he or she may appeal it to the full committee for review;

(3) periodically publish its issued opinions to the legal profession in summary or complete form and on request provide copies of the opinions to members of the bar or public;

(4) on request advise or otherwise assist State Bar committees or local bar associations relating to the Code of Professional Responsibility;

(5) recommend appropriate amendments or clarifications of the Code of Professional Responsibility, if it considers them advisable; and

(6) adopt such rules as it considers appropriate relating to the procedures to be used in expressing opinions, effective when approved by the Supreme Court. In so far as it is possible to do so, the committee shall disclose the rationale for its opinion and shall indicate whether it is based on ethical considerations or upon the disciplinary rules.

Opinions of the committee shall not be binding on the Supreme Court.

Unauthorized Practice of Law

Sec. 19. (a) For purposes of this Act, the practice of law embraces the preparation of pleadings and other papers incident to actions of special proceedings and the management of the actions and proceedings on behalf of clients before judges in courts as well as services rendered out of court, including the giving of advice or the rendering of any service requiring the use of legal skill or knowledge, such as preparing a will, contract, or other instrument, the legal effect of which under the facts and conclusions involved must be carefully determined. This definition is not exclusive and does not deprive the judicial branch of the power and authority both under this Act and the adjudicated cases to determine whether other services and acts not enumerated in this Act may constitute the practice of law.

(b) The Supreme Court shall appoint an unauthorized practice of law committee for the State Bar to consist of nine members, three of whom shall be nonlawyers. Except as provided in this Act, members of the committee shall serve for a term of three years beginning with the effective date of this Act. All members of the committee shall be eligible for reappointment. The court shall designate each year which member shall act as chairperson. A majority of the committee shall constitute a quorum. All necessary and actual expenses of the committee should be provided for and paid out of the budget of the State Bar.

The court in making the first appointment shall appoint three members to serve an initial term of one year, three members to serve an initial term of two years, and three members to serve an initial term of three years. Thereafter, each appointed member shall serve a term of three years.

The unauthorized practice of law committee shall keep the court and the State Bar informed with respect to the unauthorized practice of law by lay persons and lay agencies and the participation of attorneys therein and concerning methods for the prevention thereof. The committee shall seek the elimination of the unauthorized practice by action and methods as may be appropriate for that purpose, including the filing of suits in the name of the committee. Nothing in this Act shall prohibit the establishment of local Unauthorized Practice of Law committees to aid and assist this committee in carrying out its purpose.

Carry-Over Clause

Sec. 20. (a) All rules and regulations adopted and promulgated by the Supreme Court relating to the State Bar which are in force on the effective date of this Act shall constitute the rules governing the State Bar of Texas until and unless amended pursuant to Section 8 of this Act.

The foregoing provision notwithstanding, any rules and regulations which are in force on the effective date of this Act and which are in conflict with the provisions of this Act are repealed to the extent of the conflict.

(b) The officers and directors of the State Bar who have been elected and are serving on the effective date of this Act shall continue in office for the balance of their term.

(c) All dues and fees assessed and in effect on the effective date of this Act shall remain in force and effect until and unless amended pursuant to Section 8 of this Act.
Art. 320a-1 ATTY. OF LAW 372

(d) All bonds, notes, debentures, evidences of indebtedness, mortgages, deeds of trust, assignments, pledges, contracts, leases, agreements, or other contractual obligations owed to or by the State Bar of Texas on the effective date of this Act shall remain in force and effect in accordance with the terms of the obligation.

Application of Sunset Act

Sec. 21. The State Bar is subject to the Texas Sunset Act, and unless continued in existence as provided by that Act the State Bar is abolished, and this Act expires effective September 1, 1991.

1 Article 5429k.

SUPREME COURT OF TEXAS

SNEED BAR 287

ORDER

Effective June 11, 1979.

On June 11, 1979, the Governor signed into law, effective immediately, Senate Bill 287 which had passed the Senate by a vote of thirty of its members to one, and had passed the House by a vote of one hundred nineteen of its members to twenty-two. This statute continued the State Bar of Texas "as a public corporation and an administrative agency of the Judicial Department of government." The Legislature in Section Two of the statute stated that:

"This legislation is in aid of the Judicial Department's powers under the Constitution to regulate the practice of law and to the exclusion of those powers. The Supreme Court of Texas, on behalf of the Judicial Department, shall exercise administrative control over the State Bar under this Act."

The Legislature has thus recognized that this Court is the primary responsibility for the administration of justice in the constitutional separation of powers between the three governmental branches.

This Court recognizes the actions of the Legislative and Executive Departments in aid of this Court's responsibilities regarding the legal profession, in declining any attempt to place funds of the Judicial Branch under control of the Legislative or Executive Branch, and in enacting Senate Bill 287 of the 66th Texas Legislative Session. The Court agrees that a unified Bar is the best method of regulating the legal profession and in assisting this Court in the administration of justice.

It is, however, the duty of this Court in the exercise of its own inherent power to regulate and control the practice of law and to provide for the proper administration of justice. It is therefore ordered:

2. All rules, regulations and supplemental orders of this Court relating thereto, including the Rules Governing the State Bar of Texas and the Code of Professional Responsibility, which on the effective date of this order are in force, which are not in conflict with the State Bar Act, as amended, shall continue to be the rules, regulations and orders governing the State Bar; and
3. All officers and directors of the State Bar of Texas who are serving on the effective date hereof shall continue in office for their terms of office and until their successors are elected or appointed and qualified in accordance with the rules and regulations governing the State Bar of Texas;
4. All committees, sections and organizations of the State Bar in existence on the effective date of this order shall continue as they presently exist, until reconstituted in accordance with provisions of the State Bar Act as amended;
5. All dues and fees assessed and in effect on the effective date of this order, shall remain in full force and effect and the budget heretofore adopted for the Bar's fiscal year 1979-80 shall remain in full force and effect;
6. All persons who are enrolled as members of the State Bar on the date hereof and any person who, after the date hereof, shall be licensed to practice law in this State shall be members of the State Bar and subject to the rules and orders of this Court;
7. All persons not members of the State Bar are prohibited from practicing law in this State except for limited practice of law by attorneys licensed in other jurisdictions, law students and nonlicensed graduates of approved law schools in accordance with rules hereetofore promulgated by this Court;
8. All property and contractual rights, titles, interests and obligations heretofore existing in the name of the State Bar of Texas are hereby continued and are confirmed;
9. The State Bar of Texas as a unified or integrated Bar is hereby continued and confirmed as an administrative agency of this Court and as a public corporation;
10. All complaints being investigated, all formal complaints voted by district grievance committees, all prosecutions begun and all appeals pending involving attorney misconduct, mental incompetency or the unauthorized practice of law shall proceed and shall not be abated or dismissed on account of the promulgation of this order or the passage of the State Bar Act.

This order is effective as of June 11, 1979, until further order of the Court.

IN CHAMBERS, on this the 19th day of June, 1979.

(b) Upon revocation of approval of a program under authority of Subsection (a) of this section, the sponsoring organization shall return to its members or beneficiaries the unexpended funds of the prepaid legal services program, including the proceeds of a bond, if available, and shall certify to the Board the manner and amount of the redistribution of the funds. Sec. 7. Nominees for Office of Elected Director

The executive director shall promptly review the petition to verify the eligibility of the nominee. If from the petition it appears the nominee is eligible, the petition in triplicate shall be listed upon the ballot. The executive committee shall have final authority to determine questions of eligibility of the nominee and the validity of the nominating petition and shall do so within ten (10) days of the notice to the executive director.

(B) The petitions may be in counterparts, and it shall be sufficient that the signatures on all the counterparts aggregate the required number of signatures.

(D) If an elected director fails to qualify, such position shall be deemed vacant.

Sec. 8. Director Vacancies and How Filled

In case of a vacancy in an elected directorship, the president shall appoint a member whose principal place of practice is within the district in which the vacancy has occurred to serve until the next annual election of directors. Vacancies in ex officio directorships shall be filled by the person who succeeds to the office in the State Bar or in the Texas Young Lawyers Association to which such directorship is incident, except that the directorship incident to the office of immediate past president of the State Bar or Texas Young Lawyers Association or immediate past chairperson of the board of the State Bar shall be filled by the most recent holder of such offices respectively who is willing to serve. Vacancies in public directorships shall be filled in the same manner and by the same authority designated by statute to fill such positions.

(A) At its regular January meeting each year the board of directors shall nominate by a majority vote two (2) or more members of the State Bar to stand for election to the office of president-elect for the ensuing year. Any other member shall also be privileged to stand for election to such office when a written petition in form prescribed by the board, signed by no fewer than one percent (1%) of the active members of the State Bar who are in good standing, is filed with the executive director or on before March 15 next preceding the election to be held for the office of president-elect for the ensuing

(B) If a vacancy occurs in the office of president, it shall be filled by the succession of the president-elect to the office of president, in which case a special election shall be called by the board to fill the office of president-elect at such times and under such procedures as are prescribed by the board.

(C) If the vacancy occurs in the office of president-elect, a special election shall be held for the office of president-elect. In such event the procedures for a regular election shall be followed subject to such necessary changes as shall be required in order to meet the exigencies of the situation.

(D) Should the president-elect succeed to the office of president and have less than six (6) months to serve in the unexpired term, he shall, in such event, serve the next full term to which he would have normally succeeded.

(E) In the event a simultaneous vacancy exists in the office of the president and president-elect, a special election shall be held for each office and in the meanwhile the chairperson of the board shall serve as interim president.

Sec. 3. Disciplinary Districts

Disciplinary jurisdiction in this state shall be divided into disciplinary districts which shall be coextensive with bar districts. Grievance committee districts may be designated within a disciplinary district.

Sec. 4. Grievance Committees

(A) Composition. Each grievance committee shall consist of not less than six (6) members, two-thirds (2/3) of whom shall be members of the bar of this state and one-third (1/3) of whom shall be public members. Each member of the committee shall be a resident of the district for which he or she is appointed. Public members shall be representatives of the general public and shall not have, other than as consumers, a financial interest in the practice of law. The State Bar director or directors, including all public members of the board, from the committee’s district shall be ex-officio, nonvoting members of the committee and shall not be counted for the purpose of determining a quorum.

The president and directors shall give precedence to grievance committee appointments and notice of the appointments shall be given to the appointees who shall complete and return such application and statements of information as may be required by the board. All members shall continue to hold office until their successors in office take office. It shall be the duty of each director to nominate prospective members of the grievance committee or committees for such director’s district at or before the April meeting of the board. It shall be the duty of the directors from the district to call promptly the first meeting of the grievance committee or committees in that district, to make arrangements for the administration of the oath of office to each member, and to preside until after the committee shall have elected its own chairman. If the director fails to convene the committee by the twentieth (20th) day of July then any member of the grievance committee may convene the committee.

(C) Quorum. One-third (1/3) of the members or three (3) members, whichever is greater, shall constitute a quorum; provided, however, that no adverse action against a member may be taken unless at least one-half (1/2) of the members of the committee are present. The committee shall act only with the concurrence of a majority of the members actually present and voting.

(D) Powers and Duties. Grievance committees shall have the following powers and duties:

(1) Conduct disciplinary proceedings regarding a lawyer having an office or residence within the committee’s district or whose professional misconduct occurred in whole or in part within such district or in cases transferred to the committee;

(2) Review the recommendations of counsel following investigation for disposition of a disciplinary proceeding;

(3) Conduct investigatory hearings into charges of professional misconduct or disability when necessary;

(4) Negotiate with accused lawyers an appropriate sanction after a finding of just cause of professional misconduct or disability or authorize commencement of a disciplinary action when unable to agree on a sanction with an accused lawyer. (5) Upon notice to the chairman of the review committee and counsel to conduct an investigation or, with approval of the chairman of the board, prosecution of a particular matter without regard to whether counsel has commenced or completed an investigation into the same matter;

(6) Promptly render the decision necessary to implement its powers and duties, including but not limited to determination of whether a lawyer has committed professional misconduct or suffers from a disability requiring suspension and whether sanctions are warranted.

(E) Oath. As soon as possible after appointment to a grievance committee, each newly-appointed member shall take the following oath to be administered by any person authorized by law to administer oaths, to wit:

"I solemnly swear, or affirm, that I will do justly and honestly, the best that I can, in the practice of the law, and all other matters connected therewith in my capacity as a member of the grievance committee of the State Bar of Texas. So help me God."

If a matter shall arise before a committee wherein the commit­tee considers one or more of its members disquali­fied to act, such member or members shall be excluded from further participation therein. If the chairman or majority of the remainder of the commit­tee shall be of the opinion that one or more temporary members should be appointed to act in the disqualified member or members' stead, or if such appointment is necessary to constitute a quo­rum, the president on recommendation by the di­rector or directors from the district shall make such appointment on request, to be effective only so far as concerns the matter in question. If the director or directors do not make a recommendation within ten (10) days after the request, the president shall make such appointment.

Sec. 5. The Disciplinary Review Committee of the State Bar of Texas

(A) Review Committee and Appointment. The disciplinary review committee is hereby created as a standing committee of the State Bar. The review committee shall consist of a lawyer member from each bar district plus eight (8) public members appointed as follows:

(1) Six (6) lawyer members and three (3) public members appointed for an initial term of one (1) year; and

No person may be a member of the review committee and a member of the board simultaneously. The public members shall be representa­tives of the general public and shall not have, other than as consumers, any financial interest in the practice of law.

(B) Election of Officers. The members of the review committee shall annually elect lawyer mem­bers as chairman and vice-chairman. The chairman, and in his absence the vice-chairman, shall perform the duties normally associated with that office and shall preside over all meetings of the review commit­tee.

(C) Quorum. Nine (9) members shall constitute a quorum, except that a panel of three (3) members may hear appeals and such other matters as may be specifically delegated to it by the board. The re­view committee and any of its panels shall act only with the concurrence of a majority of those mem­bers present and voting.

(D) Compensation and Expenses. Members shall receive no compensation for their services but may be reimbursed for travel and other expenses incidental to the performance of their duties.

(E) Recusal of Review Committee Members. Review committee members shall refrain from tak­ing part in any proceeding in which a judge, similarly situated, would be required to recuse himself or herself.

(F) Powers and Duties. The review committee shall exercise the following powers and duties:

(1) Propose rules of procedure and administra­tion for its own operation and that of grievance committees and counsel for promulgation by the board not inconsistent with these rules, including authorization for the review committee to operate in panels with specific responsibilities;
(2) Periodically review the operation of the State Bar disciplinary system with the board;
(3) Recommend to the president the removal of any member of a grievance committee for good cause;
(4) Review appeals by counsel or by a complain­tant, with approval of counsel, and remand mat­ters to the grievance committee when there is clear and convincing evidence that the decision of the grievance committee is erroneous;

Sec. 6. Disciplinary Counsel

(A) Appointment. The general counsel of the State Bar of Texas shall serve as disciplinary coun­sel.
(B) **Powers and Duties.** Counsel shall have the following powers and duties:

1. Review and screen all information coming to the attention of the State Bar relating to conduct by a lawyer, and make appropriate recommendations to a grievance committee except that a grievance committee may delegate to counsel the power to reject matters not constituting a complaint;
2. Investigate complaints and present same to the appropriate grievance committee;
3. Recommend to a grievance committee the dismissal, transfer, appropriate negotiated sanction, or prosecution with respect to each complaint;

Sec. 9. The Texas Code of Professional Responsibility

Order of the Supreme Court dated December 20, 1971, amended Articles XII and XIII by promulgating a new Code of Professional Responsibility in Section 8 of Article XII, consisting of nine Canons of Ethics, and the Disciplinary Rules thereunder, to replace the forty-three canons appearing in Article XIII, Section 3, and by making other changes in these articles in conformity therewith.

The order also provided: "IT IS FURTHER ORDERED by the Court that the Code of Professional Responsibility herein promulgated as new Section 8, Article XII, Rules Governing the State Bar of Texas, applies only to conduct occurring after the date of this Order, and conduct occurring before the date of this Order is governed by old Sections 8 and 9 of Article XII and Article XIII (Canons of Ethics), Rules Governing the State Bar of Texas, existing before the date of this Order, which rules are continued in effect for this purpose, as if the new Sections 8 and 9 of Article XII, Rules Governing the State Bar of Texas, were not in force.

For the purpose of this Order conduct is committed after the effective date of this Order, if any element of such conduct occurs after the effective date."

Order of the Supreme Court dated February 29, 1984, effective March 1, 1984, restated, continued, and promulgated the Code of Professional Responsibility (which formerly appeared as article 12, § 8, of the Rules Governing the State Bar) as article 10, § 9, of the State Bar Rules.

The Ethical Considerations preceding the Disciplinary Rules were adopted by the State Bar Board of Directors on January 22, 1972.

Ethical Considerations 2-3, 2-9, and 2-10 were amended and Ethical Consideration 2-14 was deleted by the Board of Directors of the State Bar of Texas on March 26, 1992.

EC 1-5. A lawyer should maintain high standards of professional conduct and should encourage fellow lawyers to do likewise. He should be temperate and dignified, and he should refrain from all illegal and morally reprehensible conduct. Because of his position in society, even minor violations of law by a lawyer may tend to lessen public confidence in the legal profession. Obedience to law exemplifies respect for law. To lawyers especially, respect for the law should be more than a platitude.

EC 1-6. An applicant for admission to the bar or a lawyer may be unqualified, temporarily or permanently, for other than moral and educational reasons, such as mental or emotional instability. Lawyers should be diligent in taking steps to see that during a period of disqualification such person is not granted a license or, if licensed, is not permitted to practice. In like manner, when the disqualification has terminated, members of the bar should assist such person in being licensed, or, if licensed, in being restored to his full right to practice.

DISCIPLINARY RULES

DR 1-101. Maintaining Integrity and Competence of the Legal Profession

(A) A lawyer is subject to discipline if he has made a materially false statement in, or has deliberately failed to disclose a material fact requested in connection with, his application for admission to the bar.

(B) A lawyer shall not further the application for admission to the bar of another person known by him to be unqualified in respect to character, education, or other relevant attribute.

DR 1-102. Misconduct

(A) A lawyer shall not:

(1) Violate a Disciplinary Rule.

(2) Circumvent a Disciplinary Rule through actions of another.

(3) Engage in illegal conduct involving moral turpitude.

(4) Engage in conduct involving dishonesty, fraud, deceit, or misrepresentation.

(5) Engage in conduct that is prejudicial to the administration of justice.

(6) Engage in any other conduct that adversely reflects on his fitness to practice law.

DR 1-103. Disclosure of Information to Authorities

(A) A lawyer possessing unprivileged knowledge of a violation of DR 1-102 shall report such knowledge to a tribunal or other authority empowered to investigate or act upon such violation.

(B) A lawyer possessing unprivileged knowledge or evidence concerning another lawyer or a judge shall reveal fully such knowledge or evidence upon proper request of a tribunal or other authority empowered to investigate or act upon the conduct of lawyers or judges.

Dr. 2-1. The need of members of the public for legal services is met only if they recognize their legal problems, appreciate the importance of seeking assistance, and are able to obtain the services of acceptable legal counsel. Hence, the advice is proper only if motivated by a desire to benefit the public rather than to obtain publicity or employment for particular lawyers. Examples of permissible activities include preparation of institutional advertisements and professional articles for lay publications and participation in seminars, lectures, and civic programs. But a lawyer who participates in such activities should shun personal publicity.

EC 2-3. Whether a lawyer acts properly in volunteering advice to a layman to seek legal services depends upon the circumstances. The giving of advice that one should take legal action would well be in fulfillment of the duty of the legal profession to assist laymen in recognizing legal problems. The advice is proper only if motivated by a desire to protect one who does not recognize that he may have legal problems or who is ignorant of his legal rights or obligations. Hence, the advice is improper if motivated by a desire to obtain personal benefit, secure personal publicity, or cause litigation to be brought merely to harass or injure another.

EC 2-4. Since motivation is subjective and often difficult to judge, the motives of a lawyer who volunteers advice likely to produce legal controversy may well be suspect if he receives professional employment or other benefits as a result. A lawyer who volunteers advice that one should obtain the services of a lawyer generally should not himself accept employment, compensation, or other benefit in connection with that matter. However, it is not improper for a lawyer to volunteer such advice and render resulting legal services to close friends, relatives, former clients (in regard to matters germane to former employment), and regular clients.
Selection of a Lawyer: Professional Notices and Listings

EC 2-5. A lawyer who writes or speaks for the purpose of educating members of the public to recognize their legal problems should carefully refrain from giving or appearing to give a general solution applicable to all apparently similar individual problems, since slight changes in fact situations may require a material variance in the applicable advice; otherwise, the public may be misled and informed. Talks and writings by lawyers for laymen should caution them not to attempt to solve individual problems upon the basis of the information contained therein.

Selection of a Lawyer: Advertising

EC 2-6. Formerly a potential client usually knew the reputations of local lawyers for competency and integrity and therefore could select a practitioner in whom he had confidence. This traditional selection process worked well because it was initiated by the client and the choice was an informed one.

EC 2-7. Changed conditions, however, have seriously restricted the effectiveness of the traditional selection process. Often the reputations of lawyers are not sufficiently known to enable laymen to make intelligent choices. The law has become increasingly complex and specialized. Few lawyers are willing and competent to deal with every kind of legal matter, and many laymen have difficulty in determining the competence of lawyers to render different types of legal services. The selection of legal counsel is particularly difficult for transients, persons moving into new areas, persons of limited education or means, and others who have little or no contact with lawyers.

EC 2-8. Selection of a lawyer by a layman often is the result of the advice and recommendation of third parties—relatives, friends, acquaintances, business associates, or other lawyers. A layman is best served if the recommendation is disinterested and informed. In order that the recommendation be disinterested, a lawyer should not seek to influence another to recommend his employment. A lawyer should not compensate another person for recommending him, for influencing a prospective client to employ him, or to encourage future recommendations.

Selection of a Lawyer: Professional Notices and Listings

EC 2-9. Competitive advertising which is extravagant, artful, and self-laudatory could mislead the layman. Furthermore, it would inevitably produce unrealistic expectations in particular cases and bring about distrust of the law and lawyers. Thus, public confidence in our legal system would be impaired by such advertisements of professional services. The attorney-client relationship is personal and unique and should not be established as the result of pressures and deceptions. History has demonstrated that public confidence in the legal system is best preserved by strict, self-imposed controls over, rather than by unlimited, advertising.

EC 2-10. Methods of advertising that are subject to the objections stated above should be and are prohibited. However, the Disciplinary Rules recognize the value of giving assistance in the selection process through forms of advertising that furnish identification of a lawyer while avoiding such objections. In order to facilitate the process of informed selection of a lawyer by potential consumers of legal services, a lawyer may publish or broadcast the information enumerated herein in any advertising media, including printed media, radio or television. Printed media means mail; newspapers; magazines; classified telephone directories; city, county and suburban directories; legal directories and law lists.

(1) Name, including the name of the law firm and its licensed attorneys;
(2) Office addresses and telephone numbers;
(3) Age, or date and place of birth;
(4) Date and place of admission to the Bar of any state and to federal courts;
(5) Universities, colleges, and law school attended, with date of graduation and degrees;
(6) Membership in international, national, federal, state, local, and specialty bar associations;
(7) Other professional licenses (e.g., CPA, MD);
(8) Statement by name of prepaid or group legal services program in which the lawyer participates;
(9) Foreign language ability;
(10) Whether credit cards or other credit arrangements are accepted;
(11) Office and telephone answering service hours;
(12) Information concerning the opening of a new law office, the change of address or location of an office, and the acquisition of new associates or partners;
(13) Fee for initial consultation, provided that if the time for the consultation is to be limited, any such limitation on the time shall be stated in the advertisement;
(14) A statement that a schedule of fees or an estimate of fees to be charged for specific services will be available on request;
(15) Contingent fee rates, subject to DR 2-106(C), provided that the statement discloses whether percentages are computed before or after deduction of court costs and expenses;
(16) Hourly rate, provided that the statement discloses that the total fee charged will depend upon the number of hours which must be devoted to the particular matter to be handled for each client, and that the client is entitled without obligation to an estimate of the fee likely to be charged;
(17) Fixed fees for specific legal services;
(18) A listing in a legal directory may include names and addresses of references, and, with their consent, names of clients regularly represented.

EC 2-11. The name under which a lawyer conducts his practice may be a factor in the selection
process. The use of a trade name or an assumed name could mislead laymen concerning the identity, responsibility, and status of those practicing thereunder. Accordingly, a lawyer in private practice should practice only under his own name, the name of a lawyer employing him, a partnership name comprised of the name of one or more of the lawyers practicing in a partnership, or, if permitted by law, in the name of a professional legal corporation, which should be clearly designated as such. For many years some law firms have used a firm name retaining one or more names of deceased or retired partners and such practice is not improper if the firm is a bona fide successor of a firm in which the deceased or retired person was a member, if the use of the name is authorized by law or by contract, and if the public is not misled thereby. However, the name of a partner who withdraws from a firm but continues to practice law should be omitted from the firm name in order to avoid misleading the public.

EC 2-12. A lawyer occupying a judicial, legislative, or public executive or administrative position who has the right to practice law concurrently may allow his name to remain in the name of the firm if he actively continues to practice law as a member thereof. Otherwise, his name should be removed from the firm name, and he should not be identified as a past or present member of the firm; and he should not hold himself out as being a practicing lawyer.

EC 2-13. In order to avoid the possibility of misleading persons with whom he deals, a lawyer should be scrupulous in the representation of his professional status. He should not hold himself out as being a partner or associate of a law firm if he is not one in fact, and thus should not hold himself out as a partner or associate if he only shares offices with another lawyer.

EC 2-15. The legal profession has developed lawyer referral systems designed to aid individuals who are able to pay fees but need assistance in locating lawyers competent to handle their particular problems. Use of a lawyer referral system enables a layman to avoid an uninformed selection of a lawyer because such a system makes possible the employment of competent lawyers who have indicated an interest in the subject matter involved. Lawyers should support the principle of lawyer referral systems and should encourage the evolution of other ethical plans which aid in the selection of qualified counsel.

Financial Ability to Employ Counsel: Generally

EC 2-16. The legal profession cannot remain a viable force in fulfilling its role in our society unless its members receive adequate compensation for services rendered, and reasonable fees should be charged in appropriate cases to clients able to pay them. Nevertheless, persons unable to pay all or a portion of a reasonable fee should be able to obtain necessary legal services, and lawyers should support and participate in ethical activities designed to achieve that objective.

Financial Ability to Employ Counsel: Persons Able to Pay Reasonable Fees

EC 2-17. The determination of a proper fee requires consideration of the interests of both client and lawyer. A lawyer should not charge more than a reasonable fee, for excessive cost of legal service would deter laymen from utilizing the legal system in protection of their rights. Furthermore, an excessive charge abuses the professional relationship between lawyer and client. On the other hand, adequate compensation is necessary in order to enable the lawyer to serve his client effectively and to preserve the integrity and independence of the profession.

EC 2-18. The determination of the reasonableness of a fee requires consideration of all relevant circumstances, including those stated in the Disciplinary Rules. The fees of a lawyer will vary according to many factors, including the time required, his experience, ability, and reputation, the nature of the employment, the responsibility involved, and the results obtained. Suggested fee schedules and economic reports of state and local bar associations provide some guidance on the subject of reasonable fees. It is a commendable and long-standing tradition of the bar that special consideration is given in the fixing of any fee for services rendered a brother lawyer or a member of his immediate family.

EC 2-19. As soon as feasible after a lawyer has been employed, it is desirable that he reach a clear agreement with his client as to the basis of the fee charged to be made. Such a course will not only prevent later misunderstanding but will also work for good relations between the lawyer and the client. It is usually beneficial to reduce to writing the understanding of the parties regarding the fee, particularly when it is contingent. A lawyer should be mindful that many persons who desire to employ him may have had little or no experience with fee charges of lawyers, and for this reason he should explain fully to such persons the reasons for the particular fee arrangement he proposes.

EC 2-20. Contingent fee arrangements in civil cases have long been commonly accepted in the United States in proceedings to enforce claims. The historical bases of their acceptance are that (1) they are often, and in a variety of circumstances, provide the only practical means by which one having a claim against another can economically afford, finance, and obtain the services of a competent lawyer to prosecute his claim, and (2) a successful prosecution of the claim produces a fee out of which the fee can be paid. Although a lawyer generally should decline to accept employment on a contingent fee basis by one who is able to pay a reasonable fixed fee, it is not necessarily improper for a lawyer, where justified by the particular circumstances of a case, to enter into a contingent fee contract in a civil case with any client who, after being fully informed of all relevant factors, desires that arrangement.
Because of the human relationships involved and the unique character of the proceedings, contingent fee arrangements in domestic relation cases are rarely justified. In administrative agency proceedings, contingent fee contracts should be governed by the same considerations as in other civil cases. Public policy properly condemns contingent fee arrangements in criminal cases, largely on the ground that legal services in criminal cases do not produce a res with which to pay the fee.

Without the consent of his client, a lawyer should not accept compensation or any thing of value incident to his employment or services from one other than his client without the knowledge and consent of his client after full disclosure.

A lawyer should be zealous in his efforts to avoid controversies over fees with clients and should attempt to resolve amicably any differences on the subject. He should not sue a client for a fee unless necessary to prevent fraud or gross imposition by the client.

Because of the human relationships involved and the unique character of the proceedings, contingent fee arrangements in domestic relation cases are rarely justified. In administrative agency proceedings, contingent fee contracts should be governed by the same considerations as in other civil cases. Public policy properly condemns contingent fee arrangements in criminal cases, largely on the ground that legal services in criminal cases do not produce a res with which to pay the fee.

Financial Ability to Employ Counsel: Persons Unable to Pay Reasonable Fees

A layman whose financial ability is not sufficient to permit payment of any fee cannot obtain legal services, other than in cases where a contingent fee is appropriate, unless the services are provided for him. Even a person of moderate means may be unable to pay a reasonable fee which is large because of the complexity, novelty, or difficulty of the problem or similar factors.

Historically, the need for legal services of those unable to pay reasonable fees has been met in part by lawyers who donated their services or accepted court appointments on behalf of such individuals. The basic responsibility for providing legal services for those unable to pay ultimately rests upon the individual lawyer, and personal involvement in the problems of the disadvantaged can be one of the most rewarding experiences in the life of a lawyer. Every lawyer, regardless of professional prominence or professional workload, should find time to participate in serving the disadvantaged.

The rendition of free legal services to those unable to pay reasonable fees continues to be an obligation of each lawyer, but the efforts of individual lawyers are often not enough to meet the need. Thus it has been necessary for the profession to institute additional programs to provide legal services. Accordingly, legal aid offices, lawyer referral services, and other related programs have been developed, and others will be developed, by the profession. Every lawyer should support all proper efforts to meet this need for legal services.
withdraw without considering carefully and endeavoring to minimize the possible adverse effect on the rights of his client and the possibility of prejudice to his client as a result of his withdrawal. Even when he justifiably withdraws, a lawyer should protect the welfare of his client by giving due notice of his withdrawal, suggesting employment of other counsel, delivering to the client all papers and property to which the client is entitled, cooperating with counsel subsequently employed, and otherwise endeavoring to minimize the possibility of harm. Further, he should refund to the client any compensation not earned during the employment.

(d) A lawyer shall not initiate contact with, or send a written communication to, a prospective client for the purpose of obtaining professional employment if:

DR 2-106. Fees for Legal Services

(A) A lawyer shall not enter into an agreement for, charge, or collect an illegal or clearly excessive fee.

(B) A fee is clearly excessive when, after a review of the facts, a lawyer of ordinary prudence would be left with a definite and firm conviction that the fee is in excess of a reasonable fee. Factors to be considered as guides in determining the reasonableness of a fee include the following:

1. The time and labor required, the novelty and difficulty of the questions involved, and the skill requisite to perform the legal service properly.
2. The likelihood, if apparent to the client, that the acceptance of the particular employment will preclude other employment by the lawyer.
3. The fee customarily charged in the locality for similar legal services.
4. The amount involved and the results obtained.
5. The time limitations imposed by the client or by the circumstances.
6. The nature and length of the professional relationship with the client.
7. The experience, reputation, and ability of the lawyer or lawyers performing the services.
8. Whether the fee is fixed or contingent.

(C) A lawyer shall not enter into an arrangement for, charge, or collect a contingent fee for representing a defendant in a criminal case.

DR 2-107. Division of Fees Among Lawyers

(A) A lawyer shall not divide a fee for legal services with another lawyer who is not a partner in or associate of his law firm or law office, unless:

1. The client consents to employment of the other lawyer after a full disclosure that a division of fees will be made.
2. The division is made in proportion to the services performed and responsibility assumed by each, or is made with a forwarding lawyer.
3. The total fee of the lawyers does not clearly exceed reasonable compensation for all legal services they rendered the client.
4. This Disciplinary Rule does not prohibit payment to a former partner or associate pursuant to a separation or retirement agreement.

DR 2-108. Agreements Restricting the Practice of a Lawyer

(A) A lawyer shall not be a party to or participate in a partnership or employment agreement with another lawyer that restricts the right of a lawyer to practice law after the termination of a relationship created by the agreement, except as a condition to payment of retirement benefits.

(B) In connection with the settlement of a controversy or suit, a lawyer shall not enter into an agreement that restricts his right to practice law.

DR 2-109. Acceptance of Employment

(A) A lawyer shall not accept employment on behalf of a person if he knows or it is obvious that such person wishes to:

1. Bring a legal action, conduct a defense, or assert a position in litigation, or otherwise have steps taken for him, merely for the purpose of harassing or maliciously injuring any person.
2. Present a claim or defense in litigation that is not warranted under existing law, unless it can be supported by good faith argument for an extension, modification, or reversal of existing law.

DR 2-110. Withdrawal from Employment

(A) In general.

1. If permission for withdrawal from employment is required by the rules of a tribunal, a lawyer shall not withdraw from employment in a proceeding before that tribunal without its permission.
2. In any event, a lawyer shall not withdraw from employment until he has taken reasonable steps to avoid foreseeable prejudice to the rights of his client, including giving due notice to his client, allowing time for employment of other counsel, delivering to the client all papers and property to which the client is entitled, and complying with applicable laws and rules.
Art. 10, § 9

(3) A lawyer who withdraws from employment shall refund promptly any part of a fee paid in advance that has not been earned.

(B) Mandatory withdrawal.

A lawyer representing a client before a tribunal, with its permission if required by its rules, shall withdraw from employment, and a lawyer representing a client in other matters shall withdraw from employment, if:

(1) He knows or it is obvious that his client is bringing the legal action, conducting the defense, or asserting a position in the litigation, or is otherwise having steps taken for him, merely for the purpose of harassing or maliciously injuring any person.

(2) He knows or it is obvious that his continued employment will result in violation of a Disciplinary Rule.

(3) His mental or physical condition renders it unreasonably difficult for him to carry out the employment effectively.

(4) He is discharged by his client.

(C) Permissive withdrawal.

If DR 2-110(B) is not applicable, a lawyer may not request permission to withdraw in matters pending before a tribunal, and may not withdraw in other matters, unless such request or such withdrawal is because:

(1) His client:
   (a) Insists upon presenting a claim or defense that is not warranted under existing law and cannot be supported by good faith argument for an extension, modification, or reversal of existing law.
   (b) Personally seeks to pursue an illegal course of conduct.
   (c) Insists that the lawyer pursue a course of conduct that is illegal or that is prohibited under the Disciplinary Rules.
   (d) By other conduct renders it unreasonably difficult for the lawyer to carry out his employment effectively.
   (e) Insists, in a matter not pending before a tribunal, that the lawyer engage in conduct that is contrary to the judgment and advice of the lawyer but not prohibited under the Disciplinary Rules.
   (f) Deliberately disregards an agreement or obligation to the lawyer as to expenses or fees.
   (2) His continued employment is likely to result in a violation of a Disciplinary Rule.
   (3) His inability to work with co-counsel indicates that the best interests of the client likely will be served by withdrawal.
   (4) His mental or physical condition renders it difficult for him to carry out the employment effectively.
   (5) His client knowingly and freely assents to termination of his employment.

(6) He believes in good faith, in a proceeding pending before a tribunal, that the tribunal will find the existence of other good cause for withdrawal.

Canon 3

A Lawyer Should Assist in Preventing the Unauthorized Practice of Law

ETHICAL CONSIDERATIONS

EC 3-1. The prohibition against the practice of law by a layman is grounded in the need of the public for integrity and competence of those who undertake to render legal services. Because of the fiduciary and personal character of the lawyer-client relationship and the inherently complex nature of our legal system, the public can better be assured of the requisite responsibility and competence if the practice of law is confined to those who are subject to the requirements and regulations imposed upon members of the legal profession.

EC 3-2. The sensitive variations in the considerations that bear on legal determinations often make it difficult even for a lawyer to exercise appropriate professional judgment, and it is therefore essential that the personal nature of the relationship of client and lawyer be preserved. Competent professional judgment is the product of a trained familiarity with law and legal processes, a disciplined, analytical approach to legal problems, and a firm ethical commitment.

EC 3-3. A non-lawyer who undertakes to handle legal matters is not governed as to integrity or legal competence by the same rules that govern the conduct of a lawyer. A lawyer is not only subject to that regulation but also is committed to high standards of ethical conduct. The public interest is best served in legal matters by a regulated profession committed to such standards. The Disciplinary Rules protect the public in that they prohibit a lawyer from seeking employment by improper overtures, from acting in cases of divided loyalties, and from submitting to the control of others in the exercise of his judgment. Moreover, a person who entrusts legal matters to a lawyer is protected by the attorney-client privilege and by the duty of the lawyer to hold inviolate the confidences and secrets of his client.

EC 3-4. A layman who seeks legal services often is not in a position to judge whether he will receive proper professional attention. The entrustment of a legal matter may well involve the confidences, the reputation, the property, the freedom, or even the life of the client. Proper protection of members of the public demands that no person be permitted to act in the confidential and demanding capacity of a lawyer unless he is subject to the regulations of the legal profession.

EC 3-5. It is neither necessary nor desirable to attempt the formulation of a single, specific definition of what constitutes the practice of law.
tionally, the practice of law relates to the rendition of services for others that call for the professional judgment of a lawyer. The essence of the professional judgment of the lawyer is his educated ability to relate the general body and philosophy of law to a specific legal problem of a client; and thus, the public interest will be better served if only lawyers are permitted to act in matters involving professional judgment. Where this professional judgment is not involved, non-lawyers, such as court clerks, police officers, abstractors, and many governmental employees, may engage in occupations that require a special knowledge of law in certain areas. But the services of a lawyer are essential in the public interest whenever the exercise of professional legal judgment is required.

EC 3-6. A lawyer often delegates tasks to clerks, secretaries, and other lay persons. Such delegation is proper if the lawyer maintains a direct relationship with his client, supervises the delegated work, and has complete professional responsibility for the work product. This delegation enables a lawyer to render legal service more economically and efficiently.

EC 3-7. The prohibition against a non-lawyer practicing law does not prevent a layman from representing himself, for then he is ordinarily exposing only himself to possible injury. The purpose of the legal profession is to make educated legal representation available to the public; but anyone who does not wish to avail himself of such representation is not required to do so. Even so, the legal profession should help members of the public to recognize legal problems and to understand why it may be unwise for them to act for themselves in matters having legal consequences.

EC 3-8. Since a lawyer should not aid or encourage a layman to practice law, he should not practice law in association with a layman or otherwise share legal fees with a layman. This does not mean, however, that the pecuniary value of the interest of a deceased lawyer in his firm or practice may not be paid to his estate or specified persons such as his widow or heirs. In like manner, profit-sharing retirement plans of a lawyer or law firm which include non-lawyer office employees are not improper. These limited exceptions to the rule against sharing legal fees with laymen are permissible since they do not aid or encourage laymen to practice law.

EC 3-9. Regulation of the practice of law is accomplished principally by the respective states. Authority to engage in the practice of law conferred in any jurisdiction is not per se a grant of the right to practice elsewhere, and it is improper for a lawyer to engage in practice where he is not permitted by law or by court order to do so. However, the demands of business and the mobility of our society pose distinct problems in the regulation of the practice of law by the states. In furtherance of the public interest, the legal profession should discourage regulation that unreasonably imposes territorial limitations upon the right of a lawyer to handle the legal affairs of his client or upon the opportunity of a client to obtain the services of a lawyer of his choice in all matters including the presentation of a contested matter in a tribunal before which the lawyer is not permanently admitted to practice.

**DISCIPLINARY RULES**

DR 3-101. Aiding Unauthorized Practice of Law
(A) A lawyer shall not aid a non-lawyer in the unauthorized practice of law.
(B) A lawyer shall not practice law in a jurisdiction where to do so would be in violation of regulations of the profession in that jurisdiction.

DR 3-102. Dividing Legal Fees with a Non-Lawyer
(A) A lawyer or law firm shall not share legal fees with a non-lawyer, except that:
   (1) An agreement by a lawyer with his firm, partner, or associate may provide for the payment of money, over a reasonable period of time after his death, to his estate or to one or more specified persons.
   (2) A lawyer who undertakes to complete unfinished legal business of a deceased lawyer may pay to the estate of the deceased lawyer that proportion of the total compensation which fairly represents the services rendered by the deceased lawyer.
   (3) A lawyer or law firm may include non-lawyer employees in a retirement plan, even though the plan is based in whole or in part on a profit-sharing arrangement.

DR 3-103. Forming a Partnership with a Non-Lawyer
(A) A lawyer shall not form a partnership with a non-lawyer if any of the activities of the partnership consist of the practice of law.

**Canon 4**

**A Lawyer Should Preserve the Confidences and Secrets of a Client**

**ETHICAL CONSIDERATIONS**

EC 4-1. Both the fiduciary relationship existing between lawyer and client and the proper functioning of the legal system require the preservation by the lawyer of confidences and secrets of one who has employed or sought to employ him. A client must feel free to discuss whatever he wishes with his lawyer and a lawyer must be equally free to obtain information beyond that volunteered by his client. A lawyer should be fully informed of all the facts of the matter he is handling in order for his client to obtain the full advantage of our legal system. It is for the lawyer in the exercise of his independent professional judgment to separate the relevant and important from the irrelevant and unimportant. The observance of the ethical obligation
of a lawyer to hold inviolate the confidences and secrets of his client not only facilitates the full development of facts essential to proper representation of the client but also encourages laymen to seek early legal assistance.

EC 4-2. The obligation to protect confidences and secrets obviously does not preclude a lawyer from revealing information when his client consents after full disclosure, when necessary to perform his professional employment, when permitted by Disciplinary Rules, or when required by law. Unless the client otherwise directs, a lawyer may disclose the affairs of his client to partners or associates of his firm. It is a matter of common knowledge that the normal operation of a law office exposes confidential professional information to non-lawyer employees of the office, particularly secretaries and those having access to the files; and this obligates a lawyer to exercise care in selecting and training his employees so that the sanctity of all confidences and secrets of his clients may be preserved. If the obligation extends to two or more clients as to the same information, a lawyer should obtain the permission of all before revealing the information. A lawyer must always be sensitive to the rights and wishes of his client and act scrupulously in the making of decisions which may involve the disclosure of information obtained in his professional relationship. Thus, in the absence of consent of his client after full disclosure, a lawyer should not associate another lawyer in the handling of a matter; nor should he, in the absence of consent, seek counsel from another lawyer if there is a reasonable possibility that the identity of the client or his confidences or secrets would be revealed to such lawyer. Both social amenities and professional duty should cause a lawyer to shun indiscreet conversations concerning his clients.

EC 4-3. Unless the client otherwise directs, it is not improper for a lawyer to give limited information from his files to an outside agency necessary for statistical, bookkeeping, accounting, data processing, banking, printing, or other legitimate purposes, provided he exercises due care in the selection of the agency and warns the agency that the information must be kept confidential.

EC 4-4. The attorney-client privilege is more limited than the ethical obligation of a lawyer to guard the confidences and secrets of his client. This ethical precept, unlike the evidentiary privilege, exists without regard to the nature or source of information or the fact that others share the knowledge. A lawyer should endeavor to act in a manner which preserves the evidentiary privilege; for example, he should avoid professional discussions in the presence of persons to whom the privilege does not extend. A lawyer owes an obligation to advise the client of the attorney-client privilege and timely to assert the privilege unless it is waived by the client.

EC 4-5. A lawyer should not use information acquired in the course of the representation of a client to the disadvantage of the client and a lawyer should not use, except with the consent of his client after full disclosure, such information for his own purposes. Likewise, a lawyer should be diligent in his efforts to prevent the misuse of such information by his employees and associates. Care should be exercised by a lawyer to prevent the disclosure of the confidences and secrets of one client to another, and no employment should be accepted that might require such disclosure.

EC 4-6. The obligation of a lawyer to preserve the confidences and secrets of his client continues after the termination of his employment. Thus a lawyer should not attempt to sell a law practice as a going business because, among other reasons, to do so would involve the disclosure of confidences and secrets. A lawyer should also provide for the protection of the confidences and secrets of his client following the termination of the practice of the lawyer, whether termination is due to death, disability, or retirement. For example, a lawyer might provide for the personal papers of the client to be returned to him and for the papers of the lawyer to be delivered to another lawyer or to be destroyed. In determining the method of disposition, the instructions and wishes of the client should be a dominant consideration.

DISCIPLINARY RULES

DR 4-101. Preservation of Confidences and Secrets of a Client

(A) "Confidence" refers to information protected by the attorney-client privilege under applicable law, and "secret" refers to other information gained in the professional relationship that the client has requested be held inviolate or the disclosure of which would be embarrassing or would be likely to be detrimental to the client.

(B) Except when permitted under DR 4-101(C), a lawyer shall not knowingly:

(1) Reveal a confidence or secret of his client.
(2) Use a confidence or secret of his client to the disadvantage of himself or a third person,
(3) Use a confidence or secret of his client for the advantage of himself or of a third person, unless the client consents after full disclosure.
(4) A lawyer may reveal:

(C) A lawyer may reveal:

(1) Confidences or secrets with the consent of the client or clients affected, but only after a full disclosure to them.
(2) Confidences or secrets when permitted under Disciplinary Rules or required by law or court order.
(3) The intention of his client to commit a crime and the information necessary to prevent the crime.
(4) Confidences or secrets necessary to establish or collect his fee or to defend himself or his employees or associates against an accusation of wrongful conduct.
Interests of a Lawyer That May Affect His Judgment

From his client television, radio, motion picture, for example, a lawyer in a criminal case who obtains from his client a beneficial ownership in publication rights should not seek to persuade his client to permit him to influence his client to invest in an enterprise in which he, a lawyer, is interested.

Interests of a Lawyer That May Affect His Judgment

A lawyer should explain the situation to his client and should decline employment or withdraw unless the client consents to the continuance of the relationship after full disclosure. A lawyer should not seek to persuade his client to permit him to invest in an undertaking of his client nor make improper use of his professional relationship to influence his client to invest in an enterprise in which the lawyer is interested.

If, in the course of his representation of a client, a lawyer is permitted to receive from his client a beneficial ownership in publication rights relating to the subject matter of the employment, he may be tempted to subordinate the interests of his client to his own anticipated pecuniary gain. For example, a lawyer in a criminal case who obtains from his client television, radio, motion picture, newspaper, magazine, book, or other publication rights with respect to the case may be influenced, consciously or unconsciously, to a course of conduct that will enhance the value of his publication rights to the prejudice of his client. To prevent these potentially differing interests, such arrangements should be scrupulously avoided prior to the termination of all aspects of the matter giving rise to the employment, even though his employment has previously ended.

A lawyer should not suggest to his client that a gift be made to himself or for his benefit. If a lawyer accepts a gift from his client, he is peculiarly susceptible to the charge that he unduly influenced or overreached the client. If a client voluntarily offers to make a gift to his lawyer, the lawyer may accept the gift, but before doing so, he should urge that his client secure disinterested advice from an independent, competent person who is cognizant of all the circumstances. Other than in exceptional circumstances, a lawyer should insist that an instrument in which his client desires to name him beneficially be prepared by another lawyer selected by the client.

A lawyer should not consciously influence a client to name him as executor, trustee, or lawyer in an instrument. In those cases where a client wishes to name his lawyer as such, care should be taken by the lawyer to avoid even the appearance of impropriety.

The possibility of an adverse effect upon the exercise of free judgment by a lawyer on behalf of his client during litigation generally makes it undesirable for the lawyer to acquire a proprietary interest in the cause of his client or otherwise to become financially interested in the outcome of the litigation. However, it is not improper for a lawyer to protect his right to collect a fee for his services by the assertion of legally permissible liens, even though by doing so he may acquire an interest in the outcome of litigation. Although a contingent fee arrangement gives a lawyer a financial interest in the outcome of litigation, a reasonable contingent fee is permissible in civil cases because it may be the only means by which a layman can obtain the services of a lawyer of his choice. But a lawyer, because he is in a better position to evaluate a cause of action, should enter into a contingent fee arrangement only in those instances where the arrangement will be beneficial to the client.

A financial interest in the outcome of litigation also results if monetary advances are made by the lawyer to his client. Although this assistance generally is not encouraged, there are instances when it is not improper to make loans to a client. For example, the advancing or guaranteeing of payment of the costs and expenses of litigation by a lawyer may be the only way a client can enforce his cause of action, but the ultimate liability for such costs and expenses should be that of the client.
Art. 10, § 9

EC 5-9. Occasionally a lawyer is called upon to decide in a particular case whether he will be a witness or an advocate. If a lawyer is both counsel and witness, he becomes more easily impeachable for interest and thus may be a less effective witness. Conversely, the opposing counsel may be handicapped in challenging the credibility of the lawyer when the lawyer also appears as an advocate in the case. An advocate who becomes a witness is in the unseemly and ineffective position of arguing his own credibility. The roles of an advocate and of a witness are inconsistent; the function of an advocate is to advance or argue the cause of another, while that of a witness is to state facts objectively.

EC 5-10. Problems incident to the lawyer-witness relationship arise at different stages; they relate either to whether a lawyer should accept employment or should withdraw from employment. Regardless of when the problem arises, his decision is to be governed by the same basic considerations. It is not objectionable for a lawyer who is a potential witness to be an advocate if it is unlikely that he will be called as a witness because his testimony would be merely cumulative or if his testimony will relate only to an uncontested issue. In the exceptional situation where it will be manifestly unfair to the client for the lawyer to refuse employment or to withdraw when he will likely be a witness on a contested issue, he may serve as advocate even though he may be a witness. In making such decision, he should determine the personal or financial sacrifice of the client that may result from his refusal of employment or withdrawal therefrom, the materiality of his testimony, and the effectiveness of his representation in view of his personal involvement. In weighing these factors, it should be clear that refusal or withdrawal will impose an unreasonable hardship upon the client before the lawyer accepts or continues the employment. Where the question arises, doubts should be resolved in favor of the lawyer testifying and against his becoming or continuing as an advocate.

EC 5-11. A lawyer should not permit his personal interests to influence his advice relative to a suggestion by his client that additional counsel be employed. In like manner, his personal interests should not deter him from suggesting that additional counsel be employed; on the contrary, he should be alert to the desirability of recommending additional counsel when, in his judgment, the proper representation of his client requires it. However, a lawyer should advise his client not to employ additional counsel suggested by the client if the lawyer believes that such employment would be a disservice to the client, and he should disclose the reasons for his belief.

EC 5-12. Inability of co-counsel to agree on a matter vital to the representation of their client requires that their disagreement be submitted by them jointly to their client for his resolution, and the decision of the client shall control the action to be taken.

EC 5-13. A lawyer should not maintain membership in or be influenced by any organization of employees that undertakes to prescribe, direct, or suggest when or how he should fulfill his professional obligations to a person or organization that employs him as a lawyer. Although it is not necessarily improper for a lawyer employed by a corporation or similar entity to be a member of an organization of employees, he should be vigilant to safeguard his fidelity as a lawyer to his employer, free from outside influences.

Interests of Multiple Clients

EC 5-14. Maintaining the independence of professional judgment required of a lawyer precludes his acceptance or continuation of employment that will adversely affect his judgment on behalf of or dilute his loyalty to a client. This problem arises whenever a lawyer is asked to represent two or more clients who may have differing interests, whether such interests be conflicting, inconsistent, diverse, or otherwise discordant.

EC 5-15. If a lawyer is requested to undertake or to continue representation of multiple clients having potentially differing interests, he must weigh carefully the possibility that his judgment may be impaired or his loyalty divided if he accepts or continues the employment. He should resolve all doubts against the propriety of the representation. A lawyer should never represent in litigation multiple clients with differing interests, and there are few situations in which he would be justified in representing multiple clients with potentially differing interests. If a lawyer accepted such employment and the interests did become actually differing, he would have to withdraw from employment with likelihood of resulting hardship on the clients; and for this reason it is preferable that he refuse the employment initially. On the other hand, there are many instances in which a lawyer may properly serve multiple clients having potentially differing interests in matters not involving litigation. If the interests vary only slightly, it is generally likely that the lawyer will not be subjected to an adverse influence and that he can retain his independent judgment on behalf of each client; and if the interests become differing, withdrawal is less likely to have a disruptive effect upon the causes of his clients.

EC 5-16. In those instances in which a lawyer is justified in representing two or more clients having differing interests, it is nevertheless essential that each client be given the opportunity to evaluate his need for representation free of any potential conflict and to obtain other counsel if he so desires. Thus before a lawyer may represent multiple clients, he should explain fully to each client the implications of the common representation and should accept or continue employment only if the clients consent. If there are present other circumstances that might cause any of the multiple clients to question the undivided loyalty of the lawyer, he
should also advise all of the clients of those circumstances.

EC 5-17. Typically recurring situations involving potentially differing interests are those in which a lawyer is asked to represent co-defendants in a criminal case, co-plaintiffs in a personal injury case, an insured and his insurer, and beneficiaries of the estate of a decedent. Whether a lawyer can fairly and adequately protect the interests of multiple clients in these and similar situations depends upon an analysis of each case. In certain circumstances, there may exist little chance of the judgment of the lawyer being adversely affected by the slight possibility that the interests will become actually differing; in other circumstances, the chance of adverse effect upon his judgment is not unlikely.

EC 5-18. A lawyer employed or retained by a corporation or similar entity owes his allegiance to the entity and not a stockholder, director, officer, employee, representative, or other person connected with the entity. In advising the entity, a lawyer should keep paramount its interests and his professional judgment should not be influenced by the personal desires of any person or organization. Occasionally a lawyer for an entity is requested by a stockholder, director, officer, employee, representative, or other person connected with the entity to represent him in an individual capacity; in such case the lawyer may serve the individual only if the lawyer is convinced that differing interests are not present.

EC 5-19. A lawyer may represent several clients whose interests are not actually or potentially differing. Nevertheless, he should explain any circumstances that might cause a client to question his undivided loyalty. Regardless of the belief of a lawyer that he may properly represent multiple clients, he must defer to a client who holds the contrary belief and withdraw from representation of that client.

EC 5-20. A lawyer is often asked to serve as an impartial arbitrator or mediator in matters which involve present or former clients. He may serve in either capacity if he first discloses such present or former relationships. After a lawyer has undertaken to act as an impartial arbitrator or mediator, he should not thereafter represent in the dispute any of the parties involved.

Desires of Third Persons

EC 5-21. The obligation of a lawyer to exercise professional judgment solely on behalf of his client requires that he disregard the desires of others that might impair his free judgment. The desires of a third person will seldom adversely affect a lawyer unless that person is in a position to exert strong economic, political, or social pressures upon the lawyer. These influences are often subtle, and a lawyer must be alert to their existence. A lawyer subjected to outside pressures should make full disclosure of them to his client; and if he or his client believes that the effectiveness of his representation has been or will be impaired thereby, the lawyer should take proper steps to withdraw from representation of his client.

EC 5-22. Economic, political, or social pressures by third persons are less likely to impinge upon the independent judgment of a lawyer in a matter in which he is compensated directly by his client and his professional work is exclusively with his client. On the other hand, if a lawyer is compensated from a source other than his client, he may feel a sense of responsibility to someone other than his client.

EC 5-23. A person or organization that pays or furnishes lawyers to represent others possesses a potential power to exert strong pressures against the independent judgment of those lawyers. Some employers may be interested in furthering their own economic, political, or social goals without regard to the professional responsibility of the lawyer to his individual client. Others may be far more concerned with establishment or extension of legal principles than in the immediate protection of the rights of the lawyer’s individual client. On some occasions, decisions on priority of work may be made by the employer rather than the lawyer with the result that prosecution of work already undertaken for clients is postponed to their detriment. Similarly, an employer may seek, consciously or unconsciously, to further its own economic interests through the actions of the lawyers employed by it. Since a lawyer must always be free to exercise his professional judgment without regard to the interests or motives of a third person, the lawyer who is employed by one to represent another must constantly guard against erosion of his professional freedom.

EC 5-24. To assist a lawyer in preserving his professional independence, a number of courses are available to him. For example, a lawyer should not practice with or in the form of a professional legal corporation, even though the corporate form is permitted by law, if any director, officer, or stockholder of it is a non-lawyer. Although a lawyer may be employed by a business corporation with non-lawyers serving as directors or officers, and they necessarily have the right to make decisions of business policy, a lawyer must decline to accept direction of his professional judgment from any layman. Various types of legal aid offices are administered by boards of directors composed of lawyers and laymen. A lawyer should not accept employment from such an organization unless the board sets only broad policies and there is no interference in the relationship of the lawyer and the individual client he serves. Where a lawyer is employed by an organization, a written agreement that defines the relationship between him and the organization and provides for his independence is desirable since it may serve to prevent misunderstanding as to their respective roles. Although other innovations in the means of supplying legal counsel may develop, the responsibility of the lawyer to maintain his professional independence remains constant, and the legal profession must insure that changing circumstances...
do not result in loss of the professional independence of the lawyer.

DISCIPLINARY RULES

DR 5-101. Refusing Employment When the Interests of the Lawyer May Impair His Independent Professional Judgment

(A) Except with the consent of his client after full disclosure, a lawyer shall not accept employment if the exercise of his professional judgment on behalf of his client will be or reasonably may be affected by his own financial, business, property, or personal interests.

(B) A lawyer shall not accept employment in contemplated or pending litigation if he knows or it is obvious that he or a lawyer in his firm ought to be called as a witness, except that he may undertake the employment and he or a lawyer in his firm may testify:

1. If the testimony will relate solely to an uncontested matter.

2. If the testimony will relate solely to a matter of formality and there is no reason to believe that substantial evidence will be offered in opposition to the testimony.

3. If the testimony will relate solely to the nature and value of legal services rendered in the case by the lawyer or his firm to the client.

4. As to any matter, if refusal would work a substantial hardship on the client because of the distinctive value of the lawyer or his firm as counsel in the particular case.

DR 5-102. Withdrawal as Counsel When the Lawyer Becomes a Witness

(A) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm ought to be called as a witness on behalf of his client, he shall withdraw from the conduct of the trial and his firm, if any, shall not continue representation in the trial, except that he may continue the representation if the interests of his client will be or is likely to be adversely affected by his representation of another client, except to the extent permitted under DR 5-105(C).

(B) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm may be called as a witness other than on behalf of his client, he may continue the representation until it is apparent that his testimony is or may be prejudicial to his client.

DR 5-103. Avoiding Acquisition of Interest in Litigation

(A) A lawyer shall not acquire a proprietary interest in the cause of action or subject matter of litigation he is conducting for a client, except that he may:

1. Acquire a lien granted by law to secure his fee or expenses.

2. Contract with a client for a reasonable contingent fee in a civil case.

DR 5-104. Limiting Business Relations with a Client

(A) A lawyer shall not enter into a business transaction with a client if they have differing interests therein and if the client expects the lawyer to exercise his professional judgment therein for the protection of the client, unless the client has consented after full disclosure.

(B) Prior to conclusion of all aspects of the matter giving rise to his employment, a lawyer shall not enter into any arrangement or understanding with a client or a prospective client by which he acquires an interest in publication rights with respect to the subject matter of his employment or proposed employment.

DR 5-105. Refusing to Accept or Continue Employment When the Interests of Another Client May Impair the Independent Professional Judgment of the Lawyer

(A) A lawyer shall decline proffered employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by the acceptance of the proffered employment, except to the extent permitted under DR 5-105(C).

(B) A lawyer shall not continue multiple employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by his representation of another client, except to the extent permitted under DR 5-105(C).

(C) In the situations covered by DR 5-105(A) and (B), a lawyer may represent multiple clients if it is obvious that he can adequately represent the interests of each and if each consents to the representation after full disclosure of the possible effect of such representation on the exercise of his independent professional judgment on behalf of each.

(D) If a lawyer is required to decline employment or to withdraw from employment under DR 5-105, no partner or associate of his or his firm may accept or continue such employment.

DR 5-106. Settling Similar Claims of Clients

(A) A lawyer who represents two or more clients shall not make or participate in the making of an aggregate settlement of the claims of or against his clients, unless each client has consented to the settlement after being advised of the existence and nature of all the claims involved in the proposed settlement, of the total amount of the settlement, and of the participation of each person in the settlement.

DR 5-107. Avoiding Influence by Others Than the Client

(A) Except with the consent of his client after full disclosure, a lawyer shall not:
(1) Accept compensation for his legal services from one other than his client.

(2) Accept from one other than his client any thing of value related to his representation of or his employment by his client.

(B) A lawyer shall not permit a person who recommends, employs, or pays him to render legal services for another to direct or regulate his professional judgment in rendering such legal services.

(C) A lawyer shall not practice with or in the form of a professional corporation or association authorized to practice law for a profit, if:

(1) A non-lawyer owns any interest therein, except that a fiduciary representative of the estate of a lawyer may hold the stock or interest of the lawyer for a reasonable time during administration;

(2) A non-lawyer is a corporate director or officer thereof; or

(3) A non-lawyer has the right to direct or control the professional judgment of a lawyer.

Canon 6

A Lawyer Should Represent a Client Competently

ETHICAL CONSIDERATIONS

EC 6-1. Because of his vital role in the legal process, a lawyer should act with competence and proper care in representing clients. He should strive to become and remain proficient in his practice and should accept employment only in matters which he is or intends to become competent to handle.

EC 6-2. A lawyer is aided in attaining and maintaining competence by keeping abreast of current legal literature and developments, participating in continuing legal education programs, concentrating in particular areas of the law, and by utilizing other available means. He has the additional ethical obligation to assist in improving the legal profession, and he may do so by participating in bar activities intended to advance the quality and standards of members of the profession. Of particular importance is the careful training of his younger associates and the giving of sound guidance to all lawyers who consult him. In short, a lawyer should strive at all levels to aid the legal profession in advancing the highest possible standards of integrity and competence and to meet those standards himself.

EC 6-3. While the licensing of a lawyer is evidence that he has met the standards then prevailing for admission to the bar, a lawyer generally should not accept employment in any area of the law in which he is not qualified. However, he may accept such employment if in good faith he expects to become qualified through study and investigation, as long as such preparation would not result in unreasonable delay or expense to his client. Proper preparation and representation may require the association by the lawyer of professionals in other disciplines. A lawyer offered employment in a matter in which he is not and does not expect to become so qualified should either decline the employment or, with the consent of his client, accept the employment and associate a lawyer who is competent in the matter.

EC 6-4. Having undertaken representation, a lawyer should use proper care to safeguard the interests of his client. If a lawyer has accepted employment in a matter beyond his competence but in which he expected to become competent, he should diligently undertake the work and study necessary to qualify himself. In addition to being qualified to handle a particular matter, his obligation to his client requires him to prepare adequately for and give appropriate attention to his legal work.

EC 6-5. A lawyer should have pride in his professional endeavors. His obligation to act competently calls for higher motivation than that arising from fear of civil liability or disciplinary penalty.

EC 6-6. A lawyer should not seek, by contract or other means, to limit his individual liability to his client for his malpractice. A lawyer who handles the affairs of his client properly has no need to attempt to limit his liability for his professional activities and one who does not handle the affairs of his client properly should not be permitted to do so.

A lawyer who is a stockholder in or is associated with a professional legal corporation may, however, limit his liability for malpractice of his associates in the corporation, but only to the extent permitted by law.

DISCIPLINARY RULES

DR 6-101. Failing to Act Competently

(A) A lawyer shall not:

(1) Handle a legal matter which he knows or should know he is not competent to handle.

(2) Handle a legal matter without preparation adequate in the circumstances.

(3) Willfully or intentionally neglect a legal matter entrusted to him.

DR 6-102. Limiting Liability to Client

(A) A lawyer shall not attempt in advance to exonerate himself from or limit his liability to this client for his malpractice.

Canon 7

A Lawyer Should Represent a Client Zealously Within the Bounds of the Law

ETHICAL CONSIDERATIONS

EC 7-1. The duty of a lawyer, both to his client and to the legal system, is to represent his client zealously within the bounds of the law, which includes Disciplinary Rules and enforceable professional regulations. The professional responsibility of a lawyer derives from his membership in a pro-
Art. 10, § 9

Duty of the Lawyer to a Client

EC 7-4. The advocate may urge any permissible construction of the law favorable to his client, without regard to his professional opinion as to the likelihood that the construction will ultimately prevail. His conduct is within the bounds of the law, and therefore permissible, if the position taken is supported by the law or is supportable by a good faith argument for an extension, modification, or reversal of the law. However, a lawyer is not justified in asserting a position in litigation that is frivolous.

EC 7-5. A lawyer as adviser furthers the interest of his client by giving his professional opinion as to what he believes would likely be the ultimate decision of the courts on the matter at hand and by informing his client of the practical effect of such decision. He may continue in the representation of his client even though he has elected to pursue a course of conduct contrary to the advice of the lawyer so long as he does not thereby knowingly assist the client to engage in illegal conduct or to take a frivolous legal position. A lawyer should never encourage or aid his client to commit criminal acts or counsel his client on how to violate the law and avoid punishment therefor.

EC 7-6. Whether the proposed action of a lawyer is within the bounds of the law may be a perplexing question when his client is contemplating a course of conduct having legal consequences that vary according to the client's intent, motive, or desires at the time of the action. Often a lawyer is asked to assist his client in developing evidence relevant to the state of mind of the client at a particular time. He may properly assist his client in the development and preservation of evidence of existing motive, intent, or desire; obviously, he may not do anything furthering the creation or preservation of false evidence. In many cases a lawyer may not be certain as to the state of mind of his client, and in those situations he should resolve reasonable doubts in favor of his client.

EC 7-7. In certain areas of legal representation not affecting the merits of the cause or substantially prejudicing the rights of a client, a lawyer is entitled to make the decisions on his own. But otherwise the authority to make decisions is exclusively that of the client and, if made within the framework of the law, such decisions are binding on his lawyer. As typical examples in civil cases, it is for the client to decide whether he will accept a settlement offer or whether he will waive his right to plead an affirmative defense. A defense lawyer in a criminal case has the duty to advise his client fully on whether a particular plea to a charge appears to be desirable and as to the prospects of success on appeal, but it is for the client to decide what plea should be entered and whether an appeal should be taken.

EC 7-8. A lawyer should exert his best efforts to insure that decisions of his client are made only after the client has been informed of relevant considerations. A lawyer ought to initiate this decision-making process if the client does not do so. Advice of a lawyer to his client need not be confined to purely legal considerations. A lawyer should advise his client of the possible effect of each legal alternative. A lawyer should bring to bear upon this decision-making process the fullness of his experience as well as his objective viewpoint. In assisting his client to reach a proper decision, it is often desirable for a lawyer to point out those factors which may lead to a decision that is morally just as well as legally permissible. He may emphasize the possibility of harsh consequences that might result from assertion of legally permissible positions. In the final analysis, however, the lawyer should always remember that the decision whether to forego legally available objectives or methods because of non-legal factors is ultimately for the client and not for himself. In the event that the client in a non-adjudicatory matter insists upon a course of conduct that is contrary to the judgment and advice of the lawyer but not prohibited by Disciplinary Rules, the lawyer may withdraw from the employment.

EC 7-9. In the exercise of his professional judgment on those decisions which are for his determina-
tion in the handling of a legal matter, a lawyer should always act in a manner consistent with the best interests of his client. However, when an action in the best interest of his client seems to him to be unjust, he may ask his client for permission to forego such action.

EC 7-10. The duty of a lawyer to represent his client with zeal does not militate against his concurrent obligation to treat with consideration all persons involved in the legal process and to avoid the infliction of needless harm.

EC 7-11. The responsibilities of a lawyer may vary according to the intelligence, experience, mental condition or age of a client, the obligation of a public officer, or the nature of a particular proceeding. Examples include the representation of an illiterate or an incompetent, service as a public prosecutor or other government lawyer, and appearances before administrative and legislative bodies.

EC 7-12. Any mental or physical condition of a client that renders him incapable of making a considered judgment on his own behalf casts additional responsibilities upon his lawyer. Where an incompetent is acting through a guardian or other legal representative, a lawyer must look to such representative for those decisions which are normally the prerogative of the client to make. If a client under disability has no legal representative, his lawyer may be compelled in court proceedings to make decisions on behalf of the client. If the client is capable of understanding the matter in question or of contributing to the advancement of his interests, regardless of whether he is legally disqualified from performing certain acts, the lawyer should obtain from him all possible aid. If the disability of a client and the lack of a legal representative compel the lawyer to make decisions for his client, the lawyer should consider all circumstances then prevailing and act with care to safeguard and advance the interests of his client. But obviously a lawyer cannot perform any act or make any decision which the law requires his client to perform or make, either acting for himself if competent, or by a duly constituted representative if legally incompetent.

EC 7-13. The responsibility of a public prosecutor differs from that of the usual advocate; his duty is to seek justice, not merely to convict. This special duty exists because: (1) the prosecutor represents the sovereign and therefore should use restraint in the discretionary exercise of governmental powers, such as in the selection of cases to prosecute; (2) during trial the prosecutor is not only an advocate but he also may make decisions normally made by an individual client, and those affecting the public interest should be fair to all; and (3) in our system of criminal justice the accused is to be given the benefit of all reasonable doubts. With respect to evidence and witnesses, the prosecutor has responsibilities different from those of a lawyer in private practice: the prosecutor should make timely disclosure to the defense of available evidence, known to him, that tends to negate the guilt of the accused, mitigate the degree of the offense, or reduce the punishment. Further, a prosecutor should not intentionally avoid pursuit of evidence merely because he believes it will damage the prosecution's case or aid the accused.

EC 7-14. A government lawyer who has discretionary power relative to litigation should refrain from instituting or continuing litigation that is obviously unfair. A government lawyer not having such discretionary power who believes there is lack of merit in a controversy submitted to him should so advise his superiors and recommend the avoidance of unfair litigation. A government lawyer in a civil action or administrative proceeding has the responsibility to seek justice and to develop a full and fair record, and he should not use his position or the economic power of the government to harass parties or to bring about unjust settlements or results.

EC 7-15. The nature and purpose of proceedings before administrative agencies vary widely. The proceedings may be legal or quasi-judicial, or a combination of both. They may be ex parte in character, in which event they may originate either at the instance of the agency or upon motion of an interested party. The scope of an inquiry may be purely investigative or it may be truly adversary looking toward the adjudication of specific rights of a party or of classes of parties. The foregoing are but examples of some of the types of proceedings conducted by administrative agencies. A lawyer appearing before an administrative agency, regardless of the nature of the proceeding it is conducting, has the continuing duty to advance the cause of his client within the bounds of the law. Where the applicable rules of the agency impose specific obligations upon a lawyer, it is his duty to comply therewith, unless the lawyer has a legitimate basis for challenging the validity thereof. In all appearances before administrative agencies, a lawyer should identify himself, his client if identity of his client is not privileged, and the representative nature of his appearance. It is not improper, however, for a lawyer to seek from an agency information available to the public without identifying his client.

EC 7-16. The primary business of a legislative body is to enact laws rather than to adjudicate controversies, although on occasion the activities of a legislative body may take on the characteristics of an adversary proceeding, particularly in investigative and impeachment matters. The role of a lawyer supporting or opposing proposed legislation normally is quite different from his role in representing a person under investigation or on trial by a legislative body. When a lawyer appears in connection with proposed legislation, he seeks to affect the lawmaking process, but when he appears on behalf of a client in investigatory or impeachment proceedings, he is concerned with the protection of the rights of his client. In either event, he should identify himself and his client, if identity of his
client is not privileged, and should comply with applicable laws and legislative rules.

EC 7-17. The obligation of loyalty to his client applies only to a lawyer in the discharge of his professional duties and implies no obligation to adopt a personal viewpoint favorable to the interests or desires of his client. While a lawyer must act always with circumspection in order that his conduct will not adversely affect the rights of a client in a matter he is then handling, he may take positions on public issues and espouse legal reforms he favors without regard to the individual views of any client.

EC 7-18. The legal system in its broadest sense functions best when persons in need of legal advice or assistance are represented by their own counsel. For this reason a lawyer should not communicate on the subject matter of the representation of his client with a person he knows to be represented in the matter by a lawyer, unless pursuant to law or rule of court or unless he has the consent of the lawyer for that person. If one is not represented by counsel, a lawyer representing another may have to deal directly with the unrepresented person; in such an instance, a lawyer should not undertake to give advice to the person who is attempting to represent himself, except that he may advise him to obtain a lawyer.

Duty of the Lawyer to the Adversary System of Justice

EC 7-19. Our legal system provides for the adjudication of disputes governed by the rules of substantive evidentiary, and procedural law. An adversary presentation counters the natural human tendency to judge too swiftly in terms of the familiar that which is not yet fully known; the advocate, by his zealous preparation and presentation of facts and law, enables the tribunal to come to the hearing with an open and neutral mind and to render impartial judgments. The duty of a lawyer to his client and his duty to the legal system are the same: to represent his client zealously within the bounds of the law.

EC 7-20. In order to function properly, our adjudicative process requires an informed, impartial tribunal capable of administering justice promptly and efficiently according to procedures that command public confidence and respect. Not only must there be competent, adverse presentation of evidence and issues, but a tribunal must be aided by rules appropriate to an effective and dignified process. The procedures under which tribunals operate in our adversary system have been prescribed largely by legislative enactments, court rules and decisions, and administrative rules. Through the years certain concepts of proper professional conduct have become rules of law applicable to the adversary adjudicative process. Many of these concepts are the bases for standards of professional conduct set forth in the Disciplinary Rules.

EC 7-21. The civil adjudicative process is primarily designed for the settlement of disputes between parties, while the criminal process is designed for the protection of society as a whole. Threatening to use, or using, the criminal process to coerce adjustment of private civil claims or controversies is a subversion of that process; further, the person against whom the criminal process is so misused may be deterred from asserting his legal rights and thus the usefulness of the civil process in settling private disputes is impaired. As in all cases of abuse of judicial process, the improper use of criminal process tends to diminish public confidence in our legal system.

EC 7-22. Respect for judicial rulings is essential to the proper administration of justice; however, a litigant or his lawyer may, in good faith and within the framework of the law, take steps to test the correctness of a ruling of a tribunal.

EC 7-23. The complexity of law often makes it difficult for a tribunal to be fully informed unless the pertinent law is presented by the lawyers in the cause. A tribunal that is fully informed on the applicable law is better able to make a fair and accurate determination of the matter before it. The adversary system contemplates that each lawyer will present and argue the existing law in the light most favorable to his client. Where a lawyer knows of legal authority in the controlling jurisdiction directly adverse to the position of his client, he should inform the tribunal of its existence unless his adversary has done so; but, having made such disclosure, he may challenge its soundness in whole or in part.

EC 7-24. In order to bring about just and informed decisions, evidentiary and procedural rules have been established by tribunals to permit the inclusion of relevant evidence and argument and the exclusion of all other considerations. The expression by a lawyer of his personal opinion as to the justness of a cause, as to the credibility of a witness, as to the culpability of a civil litigant, or as to the guilt or innocence of an accused is not a proper subject for argument to the trier of fact. It is improper as to factual matters because admissible evidence possessed by a lawyer should be presented only as sworn testimony. It is improper as to all other matters because, were the rule otherwise, the silence of a lawyer on a given occasion could be construed unfavorably to his client. However, a lawyer may argue, on his analysis of the evidence, for any position or conclusion with respect to any of the foregoing matters.

EC 7-25. Rules of evidence and procedure are designed to lead to just decisions and are part of the framework of the law. Thus while a lawyer may take steps in good faith and within the framework of the law to test the validity of rules, he is not justified in consciously violating such rules and he should be diligent in his efforts to guard against his unintentional violation of them. As examples, a lawyer should subscribe to or verify only those pleadings that he believes are in compliance with applicable law and rules; a lawyer should not make any prefatory statement before a tribunal in regard
to the purported facts of the case on trial unless he believes that his statement will be supported by admissible evidence; a lawyer should not ask a witness a question solely for the purpose of harassing or embarrassing him; and a lawyer should not by subterfuge put before a jury matters which it cannot properly consider.

EC 7-26. The law and Disciplinary Rules prohibit the use of fraudulent, false, or perjured testimony or evidence. A lawyer who knowingly participates in introduction of such testimony or evidence is subject to discipline. A lawyer should, however, present any admissible evidence his client desires to have presented unless he knows, or from facts within his knowledge should know, that such testimony or evidence is false, fraudulent, or perjured.

EC 7-27. Because it interferes with the proper administration of justice, a lawyer should not press evidence that he or his client has a legal obligation to reveal or produce. In like manner, a lawyer should not advise or cause a person to secrete himself or to leave the jurisdiction of a tribunal for the purpose of making him unavailable as a witness therein.

EC 7-28. Witnesses should always testify truthfully and should be free from any financial inducements that might tempt them to do otherwise. A lawyer should not pay or agree to pay a non-expert witness an amount in excess of reimbursement for expenses and financial loss incident to his being a witness; however, a lawyer may pay or agree to pay an expert witness a reasonable fee for his services as an expert. But in no event should a lawyer pay or agree to pay a contingent fee to any witness. A lawyer should exercise reasonable diligence to see that his client and lay associates conform to these standards.

EC 7-29. To safeguard the impartiality that is essential to the judicial process, veniremen and jurors should be protected against extraneous influences. When impartiality is present, public confidence in the judicial system is enhanced. There should be no extrajudicial communication with veniremen prior to trial or with jurors during trial by or on behalf of a lawyer connected with the case. Furthermore, a lawyer who is not connected with the case should not communicate with or cause another to communicate with a venireman or a juror about the case. After the trial, communication by a lawyer with jurors is permitted so long as he refrains from asking questions or making comments that tend to harass or embarrass the juror or to influence actions of the juror in future cases. Were a lawyer to be prohibited from communicating after trial with a juror, he could not ascertain if the verdict might be subject to legal challenge, in which event the invalidity of a verdict might go undetected. When an extrajudicial communication by a lawyer with a juror is permitted by law, it should be made considerately and with deference to the personal feelings of the juror.

EC 7-30. Vexatious or harassing investigations of veniremen or jurors seriously impair the effectiveness of our jury system. For this reason a lawyer or anyone on his behalf who conducts an investigation of veniremen or jurors should act with circumspection and restraint.

EC 7-31. Communications with or investigations of members of families of veniremen or jurors by a lawyer or by anyone on his behalf are subject to the restrictions imposed upon the lawyer with respect to his communications with or investigations of veniremen and jurors.

EC 7-32. Because of his duty to aid in preserving the integrity of the jury system, a lawyer who learns of improper conduct by or towards a venireman, a juror, or a member of the family of either should make a prompt report to the court regarding such conduct.

EC 7-33. A goal of our legal system is that each party shall have his case, criminal or civil, adjudicated by an impartial tribunal. The attainment of this goal may be defended by dissemination of news or comments which tend to influence judge or jury. Such news or comments may prevent prospective jurors from being impartial at the outset of the trial and may also interfere with the obligation of jurors to base their verdict solely upon the evidence admitted in the trial. The release by a lawyer of out-of-court statements regarding an anticipated or pending trial may improperly affect the impartiality of the tribunal. For these reasons, standards for permissible and prohibited conduct of a lawyer with respect to trial publicity have been established.

EC 7-34. The impartiality of a public servant in our legal system may be impaired by the receipt of gifts or loans. A lawyer, therefore, is never justified in making a gift or a loan to a judge, a hearing officer, or an owner or employee of a tribunal if the gift or loan is likely to, or may appear to others to be likely to, influence his judgment or obtain some benefit for the lawyer or his client. Likewise, campaign contributions should be handled discreetly so as to avoid the appearance of impropriety.

EC 7-35. All litigants and lawyers should have access to tribunals on an equal basis. Generally, in adversary proceedings a lawyer should not communicate with a judge relative to a matter pending before, or which is to be brought before, a tribunal over which he presides in circumstances which might have the effect or give the appearance of granting undue advantage to one party. For example, a lawyer should not communicate with a tribunal by a writing unless a copy thereof is promptly delivered to opposing counsel or to the adverse party if he is not represented by a lawyer. Ordinarily an oral communication by a lawyer with a judge or hearing officer should be made only upon adequate notice to opposing counsel, or, if there is none, to the opposing party. A lawyer should not condone or lend himself to private importunities by another with a judge or hearing officer on behalf of himself or his client.
Art. 10, § 9

EC 7-36. Judicial hearings ought to be conducted through dignified and orderly procedures designed to protect the rights of all parties. Although a lawyer has the duty to represent his client zealously, he should not engage in any conduct that offends the dignity and decorum of proceedings. While maintaining his independence, a lawyer should be respectful, courteous, and above-board in his relations with a judge or hearing officer before whom he appears. He should avoid undue solicitude for the comfort or convenience of judge or jury and should avoid any other conduct calculated to gain special consideration.

EC 7-37. In adversary proceedings, clients are litigants and though ill feeling may exist between clients, such ill feeling should not influence a lawyer in his conduct, attitude, and demeanor towards opposing lawyers. A lawyer should not make unfair or derogatory personal reference to opposing counsel. Haranguing and offensive tactics by lawyers interfere with the orderly administration of justice and have no proper place in our legal system.

EC 7-38. A lawyer should be courteous to opposing counsel and should accede to reasonable requests regarding court proceedings, settings, continuances, waiver of procedural formalities, and similar matters which do not prejudice the rights of his client. He should follow local customs of courtesy or practice, unless he gives timely notice to opposing counsel of his intention not to do so. A lawyer should be punctual in fulfilling all professional commitments.

EC 7-39. In the final analysis, proper functioning of the adversary system depends upon cooperation between lawyers and tribunals in utilizing procedures which will preserve the impartiality of the tribunal and make their decisional processes prompt and just, without impinging upon the obligation of the lawyer to represent his client zealously within the framework of the law.

DISCIPLINARY RULES

(3) Conceal or knowingly fail to disclose that which he is required by law to reveal.

(4) Knowingly use perjured testimony or false evidence.

ant if he has no counsel, of the existence of evidence, known to the prosecutor or other government lawyer, that tends to negate the guilt of the accused, mitigate the degree of the offense, or reduce the punishment.

DR 7-104. Communicating With One of Adverse Interest

(A) During the course of his representation of a client a lawyer shall not:

(1) Communicate or cause another to communicate on the subject of the representation with a party he knows to be represented by a lawyer in that matter unless he has the prior consent of the lawyer representing such other party or is authorized by law to do so.

(2) Give advice to a person who is not represented by a lawyer, other than the advice to secure counsel, if the interests of such person are or have a reasonable possibility of being in conflict with the interests of his client.

DR 7-105. Threatening Criminal Prosecution

(A) A lawyer shall not present, participate in presenting, or threaten to present criminal charges solely to obtain an advantage in a civil matter.

(B) A lawyer participating in or associated with the investigation of a criminal matter shall not make or participate in making an extrajudicial statement that a reasonable person would expect to be disseminated by means of public communication and that does more than state without elaboration:

(3) The existence or contents of any confession, admission, or statement given by the accused or his refusal or failure to make a statement.

(4) The performance or results of any examinations or tests or the refusal or failure of the accused to submit to examinations or tests.

(5) The identity, testimony, or credibility of a prospective witness.

(6) Any opinion as to the guilt or innocence of the accused, the evidence, or the merits of the case.

Art. 10, § 9

DR 7-107

(6) The identity of investigating and arresting officers or agencies and the length of the investigation.

(7) At the time of seizure, a description of the physical evidence seized, other than a confession, admission, or statement.

(E) After the completion of a trial or disposition without trial of a criminal matter and prior to the imposition of sentence, a lawyer or law firm associated with the prosecution or defense shall not make or participate in making an extrajudicial statement that a reasonable person would expect to be disseminated by public communication and that is reasonably likely to affect the imposition of sentence.

(F) The foregoing provisions of DR 1-107 also apply to professional disciplinary proceedings and juvenile disciplinary proceedings where pertinent and consistent with other law applicable to such proceedings.

(G) A lawyer or law firm associated with a civil action shall not during its investigation or litigation make or participate in making an extrajudicial statement, other than a quotation from or reference to public records, that a reasonable person would expect to be disseminated by means of public communication and that relates to:

(1) Evidence regarding the occurrence or transaction involved.

(2) The character, credibility, or criminal record of a party, witness, or prospective witness.

(3) Physical evidence or the performance or results of any examinations or tests or the refusal or failure of a party to submit to such.

(4) His opinion as to the merits of the claims, defenses, or positions of an interested person.

(5) Any other matter reasonably likely to interfere with a fair trial.

(I) The foregoing provisions of DR 7-107 do not preclude a lawyer from replying to charges of misconduct publicly made against him or from participating in the proceedings of legislative, administrative, or other investigative bodies.

(J) A lawyer shall exercise reasonable care to prevent his employees and associates from making an extrajudicial statement that he would be prohibited from making under DR 7-107.

DR 7-108. Communication with or Investigation of Jurors

(A) Before the trial of a case a lawyer connected therewith shall not communicate with or cause another to communicate with anyone he knows to be a member of the venire from which the jury will be selected for the trial of the case.

(2) A lawyer who is not connected therewith shall not communicate with or cause another to communicate with a juror concerning the case.

(C) DR 7-108(A) and (B) do not prohibit a lawyer from communicating with veniremen or jurors in the course of official proceedings.

(D) After discharge of the jury from further consideration of a case with which the lawyer was connected, the lawyer shall not ask questions of or make comments to a member of that jury that are calculated merely to harass or embarrass the juror or to influence his actions in future jury service.

(E) A lawyer shall not conduct or cause, by financial support or otherwise, another to conduct a vexatious or harassing investigation of either a venireman or a juror.

(F) All restrictions imposed by DR 7-108 upon a lawyer also apply to communications with or investigations of members of a family of a venireman or a juror.

(G) A lawyer shall reveal promptly to the court improper conduct by a venireman or a juror, or by
another toward a venireman or a juror or a member of his family, of which the lawyer has knowledge.

DR 7-109. Contact with Witnesses

(A) A lawyer shall not suppress any evidence that he or his client has a legal obligation to reveal or produce.

(B) A lawyer shall not advise or cause a person to secrete himself or to leave the jurisdiction of a tribunal for the purpose of making him unavailable as a witness therein.

(C) A lawyer shall not pay, offer to pay, or acquiesce in the payment of:

1. Expenses reasonably incurred by a witness in attending or testifying.
2. Reasonable compensation to a witness for his loss of time in attending or testifying.
3. A reasonable fee for the professional services of an expert witness.

DR 7-110. Contact with Officials

(B) In an adversary proceeding, a lawyer shall not communicate, or cause another to communicate, as to the merits of the cause with a judge or an official before whom the proceeding is pending, except:

1. In the course of official proceedings in the cause.
2. In writing if he promptly delivers a copy of the writing to opposing counsel or to the adverse party if he is not represented by a lawyer.
3. Orally upon adequate notice to opposing counsel or to the adverse party if he is not represented by a lawyer.
4. As otherwise authorized by law.

Canon 8
A Lawyer Should Assist in Improving the Legal System

ETHICAL CONSIDERATIONS

EC 8-1. Changes in human affairs and imperfections in human institutions make necessary constant efforts to maintain and improve our legal system. This system should function in a manner that commands public respect and fosters the use of legal remedies to achieve redress of grievances. By reason of education and experience, lawyers are especially qualified to recognize deficiencies in the legal system and to initiate corrective measures therein.

This they should participate in proposing and supporting legislation and programs to improve the system, without regard to the general interests or desires of clients or former clients.

EC 8-2. Rules of law are deficient if they are not just, understandable, and responsive to the needs of society. If a lawyer believes that the existence or absence of a rule of law, substantive or procedural, causes or contributes to an unjust result, he should endeavor by lawful means to obtain appropriate changes in the law. He should encourage the simplification of laws and the repeal or amendment of laws that are outmoded. Likewise, legal procedures should be improved whenever experience indicates a change is needed.

EC 8-3. The fair administration of justice requires the availability of competent lawyers. Members of the public should be educated to recognize the existence of legal problems and the resultant need for legal services, and should be provided methods for intelligent selection of counsel. Those persons unable to pay for legal services should be provided needed services. Clients and lawyers should not be penalized by undue geographical restraints upon representation in legal matters, and the bar should address itself to improvements in licensing, reciprocity, and admission procedures consistent with the needs of modern commerce.

EC 8-4. Whenever a lawyer seeks legislative or administrative changes, he should identify the capacity in which he appears, whether on behalf of himself, a client, or the public. A lawyer may advocate such changes on behalf of a client even though he does not agree with them. But when a lawyer purports to act on behalf of the public, he should espouse only those changes which he conscientiously believes to be in the public interest.

EC 8-5. Fraudulent, deceptive, or otherwise illegal conduct by a participant in a proceeding before a tribunal or legislative body is inconsistent with fair administration of justice, and it should never be participated in or condoned by lawyers. Unless constrained by his obligation to preserve the confidences and secrets of his client, a lawyer should reveal to appropriate authorities any knowledge he may have of such improper conduct.

EC 8-6. Judges and administrative officials having adjudicatory powers ought to be persons of integrity, competence, and suitable temperament. Generally lawyers are qualified, by personal observation or investigation, to evaluate the qualifications of persons seeking or being considered for such public offices, and for this reason they have a special responsibility to aid in the selection of only those who are qualified. It is the duty of lawyers to endeavor to prevent political considerations from outweighing judicial fitness in the selection of judges. Lawyers should protest earnestly against the appointment or election of those who are unsuit ed for the bench and should strive to have elected or appointed thereto only those who are willing to forego pursuits, whether of a business, political, or
other nature, that may interfere with the free and fair consideration of questions presented for adjudication. Adjudicatory officials, not being wholly free to defend themselves, are entitled to receive the support of the bar against unjust criticism. While a lawyer as a citizen has a right to criticize such officials publicly, he should be certain of the merit of his complaint, use appropriate language, and avoid petty criticisms, for unrestrained and intemperate statements tend to lessen public confidence in our legal system. Criticisms motivated by reasons other than a desire to improve the legal system are not justified.

EC 8-6. Since lawyers are a vital part of the legal system, they should be persons of integrity, of professional skill, and of dedication to the improvement of the system. Thus a lawyer should aid in establishing, as well as enforcing, standards of conduct adequate to protect the public by insuring that those who practice law are qualified to do so.

EC 8-7. Since lawyers are a vital part of the legal system, they should be persons of integrity, of professional skill, and of dedication to the improvement of the system. Thus a lawyer should aid in establishing, as well as enforcing, standards of conduct adequate to protect the public by insuring that those who practice law are qualified to do so.

EC 8-8. Lawyers often serve as legislators or as holders of other public offices. This is highly desirable, as lawyers are uniquely qualified to make significant contributions to the improvement of the legal system. A lawyer who is a public officer, whether full or part-time, should not engage in activities in which his personal or professional interests are or foreseeably may be in conflict with his official duties.

EC 8-9. The advancement of our legal system is of vital importance in maintaining the rule of law and in facilitating orderly changes; therefore, lawyers should encourage, and should aid in making, needed changes and improvements.

DISCIPLINARY RULES

DR 8-101. Action as a Public Official

(A) A lawyer who holds public office shall not:

(1) Use his public position to obtain, or attempt to obtain, a special advantage in legislative matters for himself or for a client under circumstances where he knows or it is obvious that such action is not in the public interest.

(2) Use his public position to influence, or attempt to influence, a tribunal to act in favor of himself or of a client.

(3) Accept any thing of value from any person when the lawyer knows or it is obvious that the offer is for the purpose of influencing his action as a public official.

DR 8-102. Statements Concerning Judges and Other Adjudicatory Officers

(A) A lawyer shall not knowingly make false statements of fact concerning the qualifications of a candidate for election or appointment to a judicial office.

(B) A lawyer shall not knowingly make false accusations against a judge or other adjudicatory officer.

Canon 9

A Lawyer Should Avoid Even the Appearance of Professional Impropriety

ETHICAL CONSIDERATIONS

EC 9-1. Continuation of the American concept that we are to be governed by rules of law requires that the people have faith that justice can be obtained through our legal system. A lawyer should promote public confidence in our system and in the legal profession.

EC 9-2. Public confidence in law and lawyers may be eroded by irresponsible or improper conduct of a lawyer. On occasion, ethical conduct of a lawyer may appear to laymen to be unethical. To avoid misunderstandings and hence to maintain confidence, a lawyer should fully and promptly inform his client of material developments in the matters being handled for the client. While a lawyer should guard against otherwise proper conduct that has a tendency to diminish public confidence in the legal system or in the legal profession, his duty to clients or to the public should never be subordinate merely because the full discharge of his obligation may be misunderstood or may tend to subject him to the legal profession to criticism. When explicit ethical guidance does not exist, a lawyer should determine his conduct by acting in a manner that promotes public confidence in the integrity and efficiency of the legal system and the legal profession.

EC 9-3. After a lawyer leaves judicial office or other public employment, he should not accept employment in connection with any matter in which he had substantial responsibility prior to his leaving, since to accept employment would give the appearance of impropriety even if none exists.

EC 9-4. Because the very essence of the legal system is to provide procedures by which matters can be presented in an impartial manner so that they may be decided solely upon the merits, any statement or suggestion by a lawyer that he can or would attempt to circumvent those procedures is detrimental to the legal system and tends to undermine public confidence in it.

EC 9-5. Separation of the funds of a client from those of his lawyer not only serves to protect the client but also avoids even the appearance of impropriety, and therefore commingling of such funds should be avoided.

EC 9-6. Every lawyer owes a solemn duty to uphold the integrity and honor of his profession; to encourage respect for the law and for the courts and the judges thereof; to observe the Code of Professional Responsibility; to act as a member of a learned profession, one dedicated to public service; to cooperate with his brother lawyers in supporting the organized bar through the devoting of his time, efforts, and financial support as his professional standing and ability reasonably permit; to conduct himself so as to reflect credit on the legal profession and to inspire the confidence, respect, and trust
of his clients and of the public; and to strive to avoid not only professional impropriety but also the appearance of impropriety.

DISCIPLINARY RULES

DR 9-101. Avoiding Even the Appearance of Impropriety

(A) A lawyer shall not accept private employment in a matter upon the merits of which he has acted in a judicial capacity.

(B) A lawyer shall not accept private employment in a matter in which he had substantial responsibility while he was a public employee.

(C) A lawyer shall not state or imply that he is able to influence improperly or upon irrelevant grounds any tribunal, legislative body, or public official.

DR 9-102. Preserving Identity of Funds and Property of a Client

(A) All funds of clients paid to a lawyer or law firm, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the law office is situated and no funds belonging to the lawyer or law firm shall be deposited therein except as follows:

(1) Funds reasonably sufficient to pay bank charges may be deposited therein.

(2) Funds belonging in part to a client and in part presently or potentially to the lawyer or law firm must be deposited therein, but the portion belonging to the lawyer or law firm may be withdrawn when due unless the right of the lawyer or law firm to receive it is disputed by the client, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

(B) A lawyer shall:

(1) Promptly notify a client of the receipt of his funds, securities, or other properties.

(2) Identify and label securities and properties of a client promptly upon receipt and place them in a safe deposit box or other place of safekeeping as soon as practicable.

(3) Maintain complete records of all funds, securities, and other properties of a client coming into the possession of the lawyer and render appropriate accounts to his client regarding them.

(4) Promptly pay or deliver to the client as requested by a client the funds, securities, or other properties in the possession of the lawyer which the client is entitled to receive.

b. Definitions. As used in the above Disciplinary Rules of the Code of Professional Responsibility:

(1) "Differing interests" include every interest that will adversely affect either the judgment or the loyalty of a lawyer to a client, whether it be a conflicting, inconsistent, diverse, or other interest.

(2) "Law firm" includes a professional legal corporation.

(3) "Person" includes a corporation, an association, a trust, a partnership, and any other organization or legal entity.

(4) "Professional legal corporation" means a corporation, or an association treated as a corporation, authorized by law to practice law for profit.

(5) "State" includes the District of Columbia, Puerto Rico, and other federal territories and possessions.

(6) "Tribunal" includes all courts and all other adjudicatory bodies.

(7) "A bar association representative of the general bar" includes a bar association of specialists as referred to in DR 2-105(A)(1) or (4).

1 "Confidence" and "secret" are defined in DR 4-101(A).

Sec. 10. Generally

(A) Reporting. Every inquiry and complaint involving a lawyer shall be reported to counsel promptly after it is made and the disposition of every inquiry and complaint shall be reported to counsel promptly after it occurs.

(B) Screening. Counsel shall evaluate all information coming to his attention alleging lawyer misconduct or disability. If the lawyer is not subject to the jurisdiction of the State Bar the matter shall be referred to the appropriate entity in the jurisdiction in which the lawyer is admitted. Complaints shall be docketed with an appropriate grievance committee and counsel shall conduct an investigation.

(C) Investigation. Where a matter has not been rejected after initial evaluation and the grievance committee has not determined otherwise, counsel shall proceed to conduct an investigation. The respondent shall then be advised promptly that he is the subject of an investigation, be provided a copy of the allegations against him, and be asked to respond in writing with a copy to the complainant. As early as practicable after the beginning of an investigation, counsel shall recommend to the grievance committee classes to which the matter as a complaint the matter shall then be pursued to disposition. Nothing herein shall preclude the grievance committee from conducting its own investigation of matters coming to its attention.

(D) Recommendation for Disposition. As soon as practicable after completion of any additional investigation that may be required after classification of a matter as a complaint, including an investigatory hearing if necessary, counsel shall make a disposition recommendation to the grievance committee. Counsel may recommend dismissal, transfer to another committee, a negotiated sanction, or the filing of a disciplinary action. The committee...
Art. 10, § 10

TITLE 14—APPENDIX

412

may approve, disapprove, or modify the recommend-
dation and proceed with disposition, or it may order
further investigation, including one or more investi-
gatory hearings, briefing of legal issues, and such
other action as will assist in reaching a prompt
disposition.

(E) Investigatory Hearing. The chairman of the
committee, with or without the request of
counsel, may order that an investigatory hearing be
conducted by the committee but shall order an in-
vestigatory hearing at the request of the respon-
dent. The hearing shall be held not sooner than
twenty-five (25) days after notice of hearing to
counsel and respondent except by their agreement.
Where the respondent has failed to respond in writ-
ting to allegations against him and does not so
respond within twenty (20) days after service of the
notice of hearing, or within such additional period as
the chairman allows, the chairman may refuse to
conduct an investigatory hearing requested by the
respondent. All notices of hearings shall advise the
respondent that he is entitled to be represented by a
lawyer at the hearing and to present evidence in his
own behalf.

The hearing shall be a nonadversary proceeding
but the grievance committee may allow such proce-
dures for eliciting evidence as it deems necessary,
including the taking of testimony from the com-
plainant or respondent or other witnesses with or
without the presence of each other.

(F) Appeal to Review Committee. Where the
grievance committee rejects a matter as only consti-
tuting an inquiry, dismisses a complaint, or invokes
sanctions which are clearly inappropriate, counsel
or complainant, with approval of counsel, may appeal
the action of the grievance committee to the review
committee in accordance with such rules of proce-
dure as the review committee shall promulgate.
The review committee shall not consider evidence
not presented to the grievance committee but shall
allow the submission of briefs and oral arguments
by any interested party. After final submission of
the matter, the review committee shall promptly
dispose of the appeal. It shall either affirm the
action of the grievance committee or, where it finds
clear and convincing evidence that the decision of
the grievance committee is erroneous, remand the
matter to the grievance committee for reconsidera-
tion and such other investigation as may be neces-
sary. Only one (1) appeal in a given matter shall be
permitted.

Sec. 11. Service

Service upon the respondent of notice of any
disciplinary or disability proceeding or of any other
matters or notices required by these rules shall,
unless otherwise provided by these rules, be made
in accordance with Rule 21b of the Texas Rules of
Civil Procedure or by such other method designed to
assure actual notice to respondent as may be direct-
ed by the chairman of a grievance committee.

Sec. 12. Subpoena Power; Discovery

(A) Oaths; Subpoena. Any member of a griev-
ance committee may administer oaths and affirmati-
ons in a matter pending before the committee.

Counsel or the grievance committee may compel
by subpoena the attendance of witnesses and the
production of pertinent books, papers, and docu-
ments. A respondent, upon request to the chairman
of the grievance committee, shall be entitled, at his
expense, to have the committee compel by subpoena
the attendance of witnesses and the production of
pertinent books, papers, and documents before it.

Subpoenas shall be in writing and signed by coun-
sel or a member of the grievance committee and
shall notify the witness of the time and place of
appearance. If the witness is commanded to pro-
duce documentary or other evidence, the subpoena
shall contain a brief description of the materials
desired produced.

Subpoenas shall be served on the witnesses per-
sonally or in accordance with Rule 21b of the Texas
Rules of Civil Procedure. Proof of service may be
made by certificate of the person serving the sub-
poena. If service is by certified mail, the return
receipt shall be attached to the certificate.

A subpoena issued during the course of an inves-
tigation shall clearly indicate on its face that the
subpoena is issued in connection with a confidential
investigation under these rules and that it is regard-
ed as contempt of court for a person subpoenaed to
breach the confidentiality of the investigation. It
shall not be regarded as a breach of confidentiality
for a person subpoenaed to consult with an attor-
ney.

A district court of the county in which the attend-
ance or production is required may, upon proper
application, enforce the attendance and testimony of
any witness and the production of any documents
subpoenaed.

(B) Quashing Subpoena. An attack on the valid-
ity of a subpoena or upon its scope shall be heard and
determined by the court wherein enforcement
of the subpoena is being sought.

(C) Witnesses and Fees. Subpoena and witness
fees and mileage shall be the same as those provid-
ed for proceedings in the district court.

Sec. 13. Examination of Witnesses Before Dis-
trict Judge; Procedure

If any witness, including the respondent, after
such subpoena has been served, fails or refuses to
appear before the committee or to produce those
books, papers, documents, letters, or other tangible
evidence described in the subpoena, or refuses to be
sworn or to affirm, or to testify, such witness may
be compelled to appear and to produce the request-
ed tangible evidence and to testify at a hearing
before a judge of an appropriate district court.

Application for such hearing shall be entitled: "In
re: Hearing Before Grievance Committee for Dis-
Sec. 14. Grievance Committee Judgment; Proceeding for

(A) Committee Action. If the grievance committee finds that respondent has engaged in conduct constituting professional misconduct or suffers from a disability which requires suspension from the practice of law, and respondent has had reasonable notice of the complaint and an opportunity to respond thereto, the committee, after a hearing if not waived and if any interested party so requests after notice, shall determine appropriate sanctions or take appropriate action.

(B) Judgment. If the committee shall be of the opinion that the license of the respondent should be revoked or suspended for a period not to exceed three (3) years, or that respondent should be publicly or privately reprimanded, or that such other and further orders should be made as protection of the public and respondent's clients may require, and shall have reason to believe the respondent will not accept its action as final, it shall prepare a form of judgment and submit the same to him. Upon his agreement to its entry, evidenced by a memorandum in writing, signed and acknowledged by him, the committee shall enter judgment accordingly. Copies of the judgment, together with copies of the complaint, shall be mailed to the executive director of the State Bar, to counsel, to the clerk, and to the clerk of the district court of the county of residence of the respondent, in the last case for entry upon the minutes of the court. If the attorney's license has been revoked, the clerk shall strike his name from the rolls; if suspended, the clerk shall strike the name from the rolls for the time suspended.

(C) Enforcement. A judgment of a grievance committee agreed to in accordance with this section shall have the force and effect of a judgment of the district court. In order to enforce such judgment or to punish a respondent for violation thereof, the committee may apply to a district court in the county of the residence of respondent, which shall have available to it all writs and processes as well as the power of contempt to enforce such judgment the same as such court has available to it in order to enforce its own judgment.

(D) Nonacceptance; Trial De Novo. In instances in which the respondent does not accept a proposed judgment or does not accept a decision of suspension, disbarment, or reprimand, counsel shall thereafter institute suit by disciplinary petition and trial shall be de novo in the district court. The disciplinary petition shall contain a prayer for disbarment, suspension, reprimand, or other sanction of the respondent as the facts shall warrant. The committee shall not be bound by its action or judgment which shall not be admitted in evidence for any purpose.

Sec. 15. Resignation in the Face of a Pending Disciplinary Proceeding

An attempt by an attorney to resign his or her license to practice law shall be ineffective unless and until it is accepted by the Court. A motion to resign shall not be accepted by the clerk for filing unless the same is accompanied by a certificate by counsel indicating whether or not any disciplinary action is pending against movant. If such certificate discloses pending disciplinary actions, movant must also obtain and file a copy of the proceeding from the district grievance committee before which the disciplinary action is then pending. Such continuing motion shall contain findings of fact and conclusions of law regarding the complaint(s) then pending against movant. Such complaint(s) shall be considered as conclusively established thereby for all pertinent purposes. The acceptance of a resignation under this section by the Court shall be tantamount to disbarment for the purpose of reinstatement.

Sec. 16. Additional Rules of Procedure

(A) Nature of Proceedings. Disciplinary actions are civil in nature.

(B) Proceedings Governed by Rules of Civil Procedure. Except as otherwise provided in these rules, the Texas Rules of Civil Procedure apply in disciplinary actions.

(C) Standard of Proof. Disciplinary actions shall be proven by a preponderance of the evidence.

(D) Burden of Proof. The burden of proof in proceedings seeking discipline or suspension due to disability is on the State Bar. The burden of proof in proceedings seeking reinstatement is on the applicant.

(E) Availability of Hearing Transcript. The deliberations, voting, and discussions of a grievance committee are strictly confidential and shall be released only for use in disciplinary proceedings or in the course of an appeal to the review committee.

(F) Related Pending Litigation. The processing of a disciplinary matter shall not be delayed because
Art. 10, § 16

TITLE 14—APPENDIX

of substantial similarity to the material allegations of pending criminal or civil litigation.

(G) Effect of Delay or Settlement by Complainant. The unwillingness or neglect of the complainant to sign a complaint or to prosecute a charge, settlement, or compromise between the complainant and the lawyer or restitution by the lawyer shall not alone justify abatement of the processing of any complaint.

(H) Effect of Time Limitations. Except as is otherwise provided in these rules, time limitations are directory and not jurisdictional. Failure to observe prescribed time intervals may result in sanctions against the violator but does not justify abatement of any disciplinary or disability investigation or proceeding.

(I) Trial by Jury. Either party to a disciplinary action seeking sanctions shall be entitled to a jury trial to the extent provided for in the State Bar Act.

(J) Four Year Limitation Rule and Exceptions. No member shall be reprimanded, suspended, or disbarred for misconduct occurring more than four (4) years prior to the time such allegation is brought to the attention of counsel except in cases in which fraud or concealment is involved until such misconduct is discovered or should have been discovered by reasonable diligence by counsel.

Sec. 17. Venue; Residence

(A) Resident Member. A disciplinary action shall be instituted against a resident member in a district court of the county of the member's residence.

(B) Nonresident Member. A disciplinary action may be instituted against a nonresident member in a district court in any county where the alleged misconduct occurred or in a district court in Travis County, Texas.

(C) Residence Defined. For purposes of this section, a resident member's county of residence shall be either (1) the county in Texas of his domicile, or if that cannot be ascertained after diligent inquiry, (2) the county in Texas in which he maintains an office from which he regularly engages in the practice of law, or if neither (1) or (2) can be ascertained after diligent inquiry, then (3) the county in Texas shown in his last known address on the membership rolls of the Court.

Sec. 18. Requisites of Disciplinary Petition

The disciplinary petition shall be styled: "The State Bar of Texas v. ____________" The disciplinary petition shall allege:

(1) The identity of the grievance committee bringing the suit as petitioner;

(2) The name of the respondent and the fact that he or she is a licensed attorney and a member of the State Bar of Texas;

(3) The residence of the respondent or pleadings that would otherwise fix the venue;

(4) A brief description of the acts and conduct that gave rise to the claimed professional misconduct sufficient to give fair notice, which allegations may be grouped in one or more counts;

(5) The Disciplinary Rule or Rules allegedly violated by such acts and conduct or other grounds for seeking sanctions;

(6) A demand for judgment that the respondent be disbarred, suspended, or reprimanded as the facts shall warrant and for such other relief to which the petitioner deems itself entitled; and

(7) Any other matter which may be required or permitted by law or this Article authorizing or regulating a particular proceeding.

Sec. 19. Answer of Respondent

The answer of the respondent shall be as in civil cases generally.

Sec. 20. Resident Judge Disqualified

Upon motion of either party filed within thirty (30) days after a judge is assigned, or within thirty (30) days after service of citation upon the respondent, whichever is later, the judge in whose court the disciplinary action is filed shall recuse himself or herself and the presiding judge of the administrative judicial district in which the suit is pending shall call upon the presiding judge of another administrative district to furnish for trial of the case a district judge who is not a resident of the administrative judicial district in which the action is pending. Each party to the disciplinary action shall have the right to cause a recusal only once during such action under these provisions.

Sec. 21. Preferred Setting

Disciplinary actions shall be entitled to preferred settings and advancement in all courts at the request of either party.

Sec. 22. Conduct Constituting Threat of Harm to Clients

(A) Evidence of Irreparable Harm. Upon receipt of evidence of just cause demonstrating that a lawyer poses a substantial threat of irreparable harm to his clients or prospective clients, the appropriate grievance committee shall authorize counsel to seek the interim suspension of such lawyer as hereinafter provided. Authorization for interim suspension shall require the affirmative vote of two-thirds (2/3) of the committee members present and voting.

(B) Immediate Interim Suspension. The court may enter an order in the nature of a temporary restraining order immediately suspending the lawyer pending the final disposition of a disciplinary action predicated upon the conduct causing the harm or may order such other action as deemed appropriate. In the event the order is entered, the court may appoint a custodian pursuant to Section...
33 to protect clients' interest. The matter shall then proceed as in cases of temporary injunctions under the Texas Rules of Civil Procedure.

(C) Notice to Clients. A lawyer suspended pursuant to paragraph (B) shall comply with the notice requirements in Section 92.

Sec. 23. Judgment

(A) Determination of Misconduct; Sanctions Available. If the court finds from the evidence in a case tried without a jury, or from the verdict of the jury, if there be one, that the respondent's conduct does not constitute professional misconduct, the court shall enter judgment accordingly. If the court shall find that the respondent's conduct does constitute professional misconduct, the court shall determine whether the respondent shall be disciplined or punished from the practice (in which case the court shall fix the term of suspension not to exceed three (3) years for each separate act of misconduct) or disbarred and the court shall enter a judgment accordingly. If the judgment be one finding that the respondent's conduct constitutes professional misconduct, the court shall direct transmission of certified copies of the judgment and disciplinary petition to the clerk, and the latter shall make proper notation on the membership rolls.

(B) Sanctions; Relevant Factors. In its discretion, the court may conduct a separate evidentiary hearing on the appropriate measure of discipline. In determining the appropriate measure of discipline, the trial court shall consider, in addition to any other relevant matters, the nature and degree of misconduct for which the respondent is being disciplined, the seriousness and circumstances attending the misconduct, assurance that those who seek legal services will be insulated from unprofessional conduct, the profit to the attorney or the injury or hardship to others resulting from the misconduct, avoidance of repetition, the deterrent effect upon others, the maintenance of respect for the honor and dignity of the legal profession, and the conduct of the respondent during the course of the investigation and trial of the disciplinary action. In addition thereto, the disciplinary record of the respondent is admissible on the issue of the appropriate measure of discipline to be imposed.

(C) Terms of Judgment; Enforcement. In any judgment of disbarment or in any judgment of suspension for a period of more than ninety (90) days, the court shall order the respondent to surrender his or her permanent bar card and law license for transmittal to the clerk. In all judgments of disbarment or suspension, the court may direct that the respondent shall not practice law or represent himself or herself to be an attorney during the period of such disbarment or suspension. The violation of the court's judgment in this regard shall be punishable as for contempt. In all judgments of disbarment, suspension or reprimand, the court may make any other and further orders as the protection of the public and the respondent's clients may require, including probation of a suspension or a reprimand. In no event shall a court grant a member probation of a suspension or reprimand more than one time.

(D) Restitution. In all cases in which the proof establishes that the respondent's misconduct involved misapplication of client funds and the court determines that suspension is the appropriate measure of discipline, the judgment shall require that restitution be made during the term of suspension and shall provide that failure to do so shall cause the suspension to remain in effect indefinitely thereafter and until evidence of satisfactory restitution is made by the respondent and is appropriately verified by counsel.

Sec. 24. Appeal; No Supersedeas

Either party to a disciplinary action shall have the right of appeal to the Court of Appeals but, if the judgment appealed from be one suspending or disbarring the respondent, he or she shall not be entitled to practice law in any form while the appeal is pending and shall have no right to supersede the judgment by bond or otherwise.

Sec. 25. Exemption from Cost and Appeal Bond

No cost or appeal bond shall be required of the grievance committee or the State Bar. In lieu thereof, when cost or appeal bond would otherwise be required, a memorandum shall be filed setting forth the exemption under this section.

Sec. 26. Compulsory Discipline

(A) Generally. When an attorney has been convicted of a serious crime, counsel shall initiate an action seeking compulsory discipline pursuant to this section. Except as otherwise provided in this section, the provisions of this Article relating to the procedure in disciplinary actions shall apply to actions brought hereunder. Proceedings hereunder are not exclusive in that an attorney may be tried on the underlying facts as well as upon the conviction itself.

(B) Serious Crime Defined. A serious crime, for the purpose of this section, shall be any felony involving moral turpitude or any misdemeanor involving theft, embezzlement, or fraudulent misappropriation of money or other property. A conviction for the attempt, conspiracy, or solicitation of another to commit a serious crime shall also be deemed to be a conviction of a serious crime for the purposes of this rule. The determination of whether a particular conviction constitutes a conviction of a serious crime is a question of law to be determined by the court.

(C) Evidence of Guilt. In any action brought to discipline an attorney who has been convicted of a serious crime, the record of conviction shall be conclusive evidence of the guilt of the attorney for the crime of which the attorney was convicted.

(D) Commencement of Suit. Discipline under this section shall be initiated by the filing of a
disciplinary petition in a district court of the convicted attorney's residence. Said petition shall allege the conviction and shall seek the appropriate discipline as provided herein.

(E) Procedure. The district court shall proceed to hear and determine all questions of fact and law as hereinafter provided without the aid of a jury. When an attorney has been convicted of a serious crime in any trial court of competent jurisdiction, the attorney shall be suspended from the practice of law pending any appeal of that criminal conviction. Upon introduction into evidence in the disciplinary action brought hereunder of a certified copy of the judgment of conviction and sentence and a certificate of the clerk that the attorney is licensed by the Court, the district court in which the disciplinary action is pending shall promptly determine whether the attorney has been convicted of a serious crime. Uncontroverted affidavits that the attorney is the same person as the person convicted in the criminal action and that the attorney is a resident of the county in which the disciplinary action is brought shall constitute competent and sufficient evidence of those facts. Nothing contained herein shall prohibit proof of the necessary elements in such proceeding by competent evidence in any other manner permitted by law. The district court shall set, hear, and determine whether the attorney should be disciplined within forty-five (45) days of the answer; however, any failure to do so will not affect its jurisdiction to act. Any suspension ordered pending appeal of a criminal action shall be interlocutory.

(F) Disbarment. When an attorney has been convicted of a serious crime in any court of competent jurisdiction and that conviction has become final, the attorney shall be disbarred, except as provided in paragraph (G) below. If the attorney has been suspended pending the appeal of the criminal conviction, a motion for final judgment of disbarment shall be filed in the pending disciplinary action. If the motion is supported by affidavit or certified copies of court documents showing that the conviction has become final, the motion shall be granted without hearing, unless within ten (10) days following service of the motion upon the convicted attorney or his or her attorney of record, pursuant to Rule 21b of the Texas Rules of Civil Procedure, the convicted attorney files a verified reply contesting the finality of the judgment, in which event the court shall conduct an evidentiary hearing to determine such issue. If no disciplinary action is pending when the attorney's conviction becomes final, disbarment shall be initiated by the filing of a disciplinary petition pursuant to this section.

(G) Suspension. If an attorney's sentence upon conviction of a serious crime if fully probated, or if an attorney receives probation without an adjudication of guilt, the attorney shall be suspended during the term of such probation; however, upon notice and hearing, the court in the disciplinary action may impose upon an attorney who has received probation such further disciplinary sanction as may be warranted, including disbarment. If an attorney is suspended during the term of probation, such suspension is conditioned upon the attorney satisfactorily serving the terms of such probation. If probation is revoked, the attorney shall be disbarred as herein provided.

Sec. 27. Reciprocal Discipline

(A) Counsel Duty to Obtain Order of Discipline from Other Jurisdiction. Upon being disciplined in another jurisdiction, a member shall promptly inform counsel of such action. Upon receipt of information that a member has been disciplined in another jurisdiction, counsel shall obtain a certified copy of the disciplinary order and file it and a disciplinary petition in the district court in the county wherein the member resides or in the case of a non-resident, in a district court in Travis County, which filing shall constitute a prima facie showing of the matters contained therein.

(B) Notice Served Upon Respondent. Upon presentation of a certified copy of an order demonstrating that a respondent has been disciplined in another jurisdiction, the court shall forthwith issue a notice directed to the respondent containing:

1. A copy of the order from the other jurisdiction;

2. An order directing that respondent inform the court within thirty (30) days from service of the notice of any claim by the respondent predicated upon the grounds set forth in paragraph (C), that the imposition of the identical discipline in this state would be unwarranted and the reasons therefor.

(C) Discipline to be Imposed. Upon the expiration of thirty (30) days from service of the notice pursuant to the provisions of paragraph (B), if respondent fails to answer the disciplinary petition, the court shall impose the identical discipline. If respondent answers the disciplinary petition, the court shall impose the identical discipline unless respondent shows by clear and convincing evidence that:

1. The procedure was so lacking in notice and opportunity to be heard as to constitute a deprivation of due process; or

2. There was such infirmity of proof establishing the misconduct as to give rise to the clear conviction that the court could not, consistent with its duty, accept as final the conclusion on that subject; or

3. The imposition of the same discipline by the court would result in grave injustice; or

4. The misconduct established warrants substantially different discipline in this state; or

5. The offense for which the member was disciplined does not constitute misconduct under the Texas Code of Professional Responsibility.

If the court after a hearing, or a trial by jury if so requested by either party, determines that any of the foregoing exists, it shall enter such order as is deemed appropriate.
(D) Conclusiveness of Adjudication in Other Jurisdiction. In all other aspects, a final adjudication in another jurisdiction that a member has been guilty of misconduct shall establish conclusively the misconduct for purposes of a disciplinary proceeding in this state.

Sec. 28. Reinstatement After Disbarment
(A) Eligibility and Venue. A disbarred attorney may, at any time after the expiration of five (5) years from the date of final judgment of disbarment or acceptance of resignation, apply to the district court of the county of his or her residence for reinstatement. Provided, however, that when the attorney has been disbarred or has resigned based upon conviction of a criminal offense, such person may not make application for reinstatement until five (5) years from the date of completion of sentence.

(B) Petition; Contents. The application for reinstatement shall be verified and shall set forth the following information which, upon appropriate motion, may be sealed:

(1) Name, age, and residence address of the applicant;
(2) The offense or misconduct upon which the disbarment was based and the date of final judgment of disbarment;
(3) The name of the court and county where the disciplinary action was adjudicated or the name of the grievance committee before whom such disciplinary proceeding was heard;
(4) A statement that the applicant has made restitution to all persons, if any, naming them, who may have suffered pecuniary loss by reason of the misconduct for which the applicant was disbarred and that applicant has paid all costs of the disciplinary action which resulted in his or her disbarment;
(5) A statement that at the time of filing of the petition the applicant is of good moral character, possesses the mental and emotional fitness to practice law, and, during the five (5) years just prior to the filing of the petition, has been living a life of exemplary conduct;
(6) A statement that the applicant has recently read and presently understands the Code of Professional Responsibility of the State of Texas, that he or she has kept abreast of the law during the period of disbarment, and that the ends of justice will be subserved by his or her reinstatement;
(7) A listing of applicant's occupation(s) during the period of disbarment, including the names and current addresses of all partners, associates, and employers, if any, and dates and duration of all such relationships and employment;
(8) A statement showing the approximate annual earnings and other income of applicant and the names and current addresses of all sources from which all such earnings and income were derived during the period of disbarment;
(9) A statement listing all residences maintained during the period of disbarment and the names and current addresses of all landlords, if any;
(10) All financial obligations of applicant at the date of filing of the application, together with the dates when the same were incurred, and the names and current addresses of all creditors;
(11) A statement showing the dates, general nature, and final disposition of every civil action during said period wherein applicant was either a party or in which he had claimed an interest;
(12) A statement showing dates, general nature, and ultimate disposition of every criminal action involving the arrest and prosecution of applicant during said period for any crime, whether felony or misdemeanor, together with the names and addresses of the complaining witnesses;
(13) A statement as to whether or not any applications were made during said period for a license requiring proof of good character for its procurement and as to each such application the date, name, and address of the authority to whom it was addressed and the disposition thereof;
(14) A statement of any procedure or inquiry during said period concerning said applicant's standing as a member of any profession or organization, or holder of any license or office, which involved censure, removal, suspension, revocation of license, or discipline of applicant and as to each, the dates, facts, and disposition thereof and the name and address of the authority in possession of such records;
(15) A statement as to whether or not any charges of fraud were made or claimed against applicant during said period, whether formal or informal, and dates, names, and addresses of persons making such charges.

(C) Duty to Amend. The applicant shall be under an affirmative duty to amend and update such information until such time as his or her application for reinstatement has been heard and determined.

(D) Reinstatement After Resignation. The provisions of this Article concerning reinstatement after disbarment shall apply equally to reinstatement following resignation.

(E) Burden of Proof: Denial. The burden of proof shall be upon applicant to show by a preponderance of evidence that the public interest and the ends of justice would be best served by his or her reinstatement. A false material statement in the application for reinstatement shall require the trial judge to deny such reinstatement. Any finding that, during such period of disbarment or resignation, applicant engaged in the practice of law may serve as a ground for denial of reinstatement.

Sec. 29. Notice, Hearing, and Judgment
(A) Generally. After the filing of the application in the district court, the Texas Rules of Civil Procedure shall govern the procedure in all proceedings for reinstatement except where in conflict with spe-
specific provisions hereof. All questions of fact and law in such proceedings for reinstatement shall be determined by the court without the aid of a jury.

(B) Reinstatement; Relevant Factors. In determining the applicant’s fitness for reinstatement, in addition to any other relevant matters, the court may consider evidence concerning the nature and degree of misconduct for which applicant was disbarred and the circumstances attending the offense, his or her understanding of the serious nature of the acts for which he or she was disbarred, his or her conduct during the disbarment proceedings, the profit to the applicant and injury or hardship to others, his or her attitude toward the administration of justice and the practice of law, any unauthorized practice of law prior to reinstatement, the attorney’s good works or other accomplishments, and any other evidence which is relevant to the issues of the applicant’s fitness to practice law and the likelihood that applicant will not engage in further misconduct.

(C) Notice. Notice of an application for reinstatement shall be served on counsel and the chairman of the grievance committee that took final action leading to disbarment, by mail in accordance with Rule 21b, Texas Rules of Civil Procedure, and shall be published in the Texas Bar Journal.

(D) Judgment; Conditions. If the court is satisfied after hearing all of the evidence both for and against the applicant, that all the material allegations are true and that the ends of justice will be served, the court may enter judgment authorizing the applicant to be reinstated upon his or her obtaining a passing grade on a bar examination regularly administered by the Texas Board of Law Examiners within eighteen (18) months from the date of judgment.

Said judgment shall direct the Board of Law Examiners to admit the applicant to a regularly scheduled examination and to process applicant’s examination in accordance with that Board’s rules and procedures relating to the examination of attorneys who are licensed in foreign jurisdictions. No judgment of reinstatement shall be entered by default, but the court in all cases shall hear evidence on such application before rendering judgment. If, after hearing all of the evidence, the court determines that the applicant is not entitled to reinstatement at that time, the court may, in its discretion either enter a judgment denying the petition or may direct that the petition be held in abeyance for a reasonable period of time until the applicant provides additional proof that he or she has satisfied the requirements of these rules. The court’s judgment may include such other and further orders as protection of the public and applicant's potential clients may require.

(E) Appeal; Readmission. When a judgment has been entered, any party shall have the right of appeal as herein provided. If the application for reinstatement is granted and an appeal is perfected, the trial court judgment shall be stayed pending such appeal. After applicant has complied with the terms of the judgment of reinstatement and with this section, the applicant shall furnish the Clerk a certified copy of such judgment and evidence of compliance and shall pay all membership fees and assessments for the current bar year, together with all costs of the reinstatement proceedings. Upon satisfactory completion of all of the requirements of this section relating to reinstatement, the applicant may then take the attorney’s oath, and his or her name shall be again entered on the membership rolls by the clerk.

(F) Denial; Subsequent Eligibility. If an applicant’s first application for reinstatement is denied after a hearing on the merits, the applicant shall not be eligible to file a second application for reinstatement until the expiration of a period of three (3) years from the date of final judgment. If an applicant’s second application for reinstatement is denied after a hearing on the merits, no application for reinstatement shall be considered until the expiration of a period of five (5) years from the date of final judgment of the last preceding application.

Sec. 30. Suspension Due to Disability

(A) Grounds for Suspension. The license to practice of any member shall be suspended upon a finding that the member:

(1) Has been judicially declared to be mentally incompetent; or

(2) Is disabled to practice law because of mental or emotional infirmity or illness caused by addiction to intoxicants or drugs and is unable to practice law without danger to the legal interests of his or her clients or to the public.

(B) Procedure. The procedure to be followed for suspension under this section shall be the procedure provided for the discipline of members for professional misconduct subject to the following provisions:

(1) Suspension hereunder shall be immediately imposed by the court having disciplinary jurisdiction upon the filing of a certified copy of a suspending judgment or other official record whereby the respondent has been judicially declared incompetent;

(2) The court may appoint an attorney to represent a respondent who does not have legal representation;

(3) Suspension under this section shall not be for a definite period of time but shall be until the respondent is reinstated in accordance with the provisions of this Article.

Sec. 31. Reinstatement After Suspension Due to Disability

A member whose license to practice has been suspended under the preceding section may be reinstated upon application, as follows:

(A) Application.
(1) Application for reinstatement shall be by written petition, verified and filed in the district court of the county of residence of the applicant or in the district court that suspended the applicant's license to practice. The application shall state the name, age, residence, and address of the applicant; the court in which the applicant was suspended; together with the number and style of that case; a detailed description of applicant's activities since suspension, including the facts of any employment, the details concerning hospitalization, medical treatment of applicant which entitles him or her to be reinstated; and any other matters believed by applicant to be relevant to the application for reinstatement. Upon appropriate motion, the court may order the application for reinstatement sealed.

(2) An attorney suspended under Section 30 shall, in proceedings for reinstatement, bear the burden of proof to establish that the reason for such suspension no longer exists and that reinstatement to the practice of law would be without danger to the legal interests of his or her clients or to the public. Where appropriate, and upon order of the court, the applicant shall submit to an examination by one or more mental health providers. The filing of an application for reinstatement under this section shall constitute a waiver of any privilege existing between the applicant and any mental health provider who has treated, consulted, or examined the applicant during such disability or since his or her suspension, and shall constitute authorization to counsel to review on demand the records of any such mental health provider. The application shall also state the applicant's current residence.

(B) Supporting Documents. The following documents shall accompany the application:

(1) A certified copy of any court order restoring the applicant to competency; or

(2) An affidavit from a mental health provider as to the applicant's current condition if the suspension was based upon mental infirmity or illness; or

(3) An affidavit from a physician as to the applicant's current condition if the suspension was based upon addiction to intoxicants or drugs.

(C) Time for Filing Application. A first application for reinstatement may be filed at any time after applicant's license to practice has been suspended under Section 30. If the first application is denied after a hearing on its merits, a second application for reinstatement may be filed at any time after the expiration of one (1) year from the date of denial of the first application. Subsequent applications shall not be filed until after the expiration of one (1) year from the date of denial on its merits of the last preceding application.

(D) Notice, Hearing, and Judgment. The procedure for reinstatement under this section is the same as provided in Section 29 except to the extent the same is inconsistent with this section. Provided, however, that if the applicant's suspension from the practice of law has continued for a period of three (3) consecutive years or more, the court, in its discretion, may require the applicant to obtain a passing grade on the state bar examination or complete a course of study approved by the court before the applicant may be reinstated.

Sec. 32. Notice to Interested Persons of Attorney Cessation of Practice

(A) Generally. When an attorney engaged in law practice in this state dies, resigns, becomes an inactive member of the State Bar, is disbarred, or is suspended from the active practice of law, leaving an unfinished client matter for which no active member of the State Bar, with the consent of the client, has agreed to assume responsibility, notice of cessation of practice shall be given as provided in this section.

(B) Notice. Notice of cessation of practice may also be required by any judgment of disbarment or suspension, or upon acceptance of an attorney's resignation, as deemed necessary by the court or district grievance committee. Notice shall be mailed to all persons who are then clients; to opposing counsel; to courts and agencies in which the attorney had pending matters, with an identification of the matter; to any errors and omissions insurer; and to any other person or entity having reason to be informed of such death, change of status, or discontinuance or interruption of law practice. Failure to comply with this section by the resigned or disciplined attorney may result in disciplinary action or contempt.

(C) Notice by Representative of Attorney. In the event of the death of the attorney, the notice shall be given by the personal representative of the deceased attorney or by the person having custody or control of the files and records of the deceased attorney. In the case of incompetency, the notices shall be given by the attorney's guardian or a duly authorized agent or attorney in fact, or if none exists, by the person having custody or control of the files and records of the attorney. In other cases the notice shall be given by the attorney, a person authorized by the attorney, or by the person having custody or control of files and records.

(D) Duties in Addition to Notice. Attorneys who have been disbarred or suspended must, within thirty (30) days of the date of judgment, (1) notify all clients of such attorney's inability to continue to represent such clients and of the necessity for promptly retaining new counsel, (2) deliver all papers, files, or other property belonging to such clients, (3) refund to clients any unearned fees paid in advance, and (4) file an affidavit with counsel showing compliance herewith.

(E) Authority of Counsel. When an attorney is suspended under Section 30 or disappears or dies while under investigation, counsel shall determine whether a law partner, executor, or other appropriate representative of the attorney concerned is
available to notify the attorney’s clients and protect their interests. Counsel shall petition the district court having disciplinary jurisdiction to take necessary action for the protection of the clients involved pursuant to this section if no person is available to give the required notice.

Sec. 33. Jurisdiction of Court over Affected Attorney’s Practice

(A) Application for Assumption of Jurisdiction. Notwithstanding the giving of notice, as required by Section 32, a client of the attorney, the grievance committee, counsel, or any interested person or entity may make application to a district court in the county where the attorney maintains or has most recently maintained an office for the practice of law or where such attorney resides, for assumption of jurisdiction by the court over the subject attorney’s law practice.

(B) Application: Contents. The application shall be verified, shall state the facts showing just cause to believe that notice of cessation is required pursuant to this section, and shall state the following:

1. An attorney engaged in law practice in this state has died, disappeared, resigned, become an inactive member of the State Bar or has been disbarred or suspended from the active practice of law, or because of an excessive use of intoxicants or drugs, physical or mental illness, or other infirmity has become incapable of providing legal services necessary to protect the legal interests of a client;

2. Just cause to believe that supervision of the court is warranted because the attorney has left an unfinished client matter for which no other active member of the State Bar has, with consent of the client, agreed to assume responsibility, and

3. Just cause to believe that the interests of one or more clients of the attorney or of one or more interested persons or entities will be prejudiced if the proceedings herein provided are not maintained.

(C) Hearing. The application shall be set for hearing and an order to show cause shall be issued, directing the attorney or his personal representative, or if none exists, the persons having custody or control of the records, to show cause why the court should not assume jurisdiction of the law practice as provided herein.

(D) Order of Court. If the court finds that one or more of the events stated above has occurred and that supervision of the court is warranted because the affected attorney has left an unfinished client matter for which no other active member of the State Bar of Texas has, with consent of the client, agreed to assume responsibility, and that the interested persons or entities will be prejudiced if this proceeding is not maintained, it shall enter an order assuming jurisdiction over the attorney’s client matters and shall appoint one or more active members of the State Bar to act under its direction and may order such appointed attorneys to do one or more of the following:

1. Examine the client matters, including the files and records of the law practice, and obtain information as to any pending matters which may require attention;

2. Notify persons and entities who appear to be clients of the attorney of the occasion for and the assumption by the court of jurisdiction over the attorney’s matters and shall inform them to obtain other legal counsel;

3. Apply for extension of time before any court or administrative body pending employment of another attorney by the client;

4. With the consent of the client, file such motions and pleadings on behalf of the client as are required to prevent prejudice to the client’s legal rights;

5. Give notice to appropriate persons other than the client who may be affected;

6. Arrange for the surrender or delivery of client’s papers or property;

7. Do such other acts as the court may direct.

(E) Custodian. Persons exercising custody and control of the files and records of the law practice of the affected attorney pursuant to this section shall observe the attorney-client privilege and shall make disclosure only to the extent necessary to carry out the purposes of this section. The appointment of a member of the State Bar under this section does not abrogate the attorney-client privilege and such privilege shall apply to communication between the appointed lawyer and the client to the same extent as it applied to communications between the affected attorney and the client.

(F) Immunity; No Bond. Except for willful acts or omissions, no person or entity shall incur any liability by reason of the institution or maintenance of this proceeding. No person shall incur any liability for any act done or omitted to be done pursuant to an order of the court under this section. It shall not be necessary to post a bond or security in this proceeding.

Sec. 34. Access to Disciplinary Information

(A) Confidentiality. Proceedings before a grievance committee are confidential except the pendency, subject matter, and status of a matter may be disclosed by counsel if:

1. The respondent has waived confidentiality;

2. The proceeding is based upon conviction of a crime; or

3. The proceeding is based upon allegations that have become generally known to the public.

(B) Public Proceedings. After a grievance committee and a respondent have reached agreement for a sanction other than a private reprimand, or after the grievance committee has authorized the filing of a disciplinary action, the disposition is public; however, the deliberations of committee members shall remain confidential.
(C) Request for Nonpublic Information. A request for nonpublic information other than that authorized for disclosure under paragraph (A) above shall be denied unless the respondent has consented to disclosure except that the Grievance Oversight Committee of the Supreme Court shall be entitled to such information.

(D) Disclosure to National Discipline Data Bank. Counsel shall transmit notice of all public discipline imposed against an attorney, suspensions due to disability, and reinstatements to the National Discipline Data Bank maintained by the American Bar Association.

(E) Duty of Participants. All participants in a proceeding under this Article shall conduct themselves so as to maintain the confidentiality mandated.

Sec. 35. Dissemination of Disciplinary Information
(A) Notice to Disciplinary Agencies. Counsel shall transmit notice of public discipline, suspensions due to disability, reinstatements, and certificates of conviction to the disciplinary enforcement agency of any other jurisdiction in which the respondent is admitted.

(B) Public Notice of Discipline Imposed. Counsel shall cause notices of public reprimand, suspension, disbarment, reinstatement, and suspension due to disability to be published in the Texas Bar Journal and in a newspaper of general circulation in the judicial district in which the lawyer maintained an office for the practice of law. Counsel shall also cause such sanctions to be recorded in the minutes of the district court of respondent's residence. Private reprimands shall be published in the Texas Bar Journal with the name of the lawyer deleted.

(C) Notice to the Court. Counsel shall promptly transmit a certified copy of the order of reprimand, suspension, disbarment, reinstatement, and suspension due to disability to the clerk.

Sec. 36. Expenses and Fees
(A) Reimbursement of Expenses. All reasonable and necessary expenses incurred in the discharge of the duties of the grievance committees, and of individual members thereof, when approved by the chairman of the committee and counsel, shall be paid out of State Bar funds.

(B) Fees of Office. Clerks of courts, sheriffs, and other officers shall receive the same fee for their service in carrying out the applicable provisions of this Article as such officers are to receive if performing similar services in connection with other civil suits.

Sec. 37. Immunity from Civil Suit
Communications to the review committee, grievance committee, or counsel relating to lawyer misconduct or disability and testimony given in any disciplinary proceedings shall be absolutely privileged and no lawsuit predicated thereon may be instituted against any complainant or witness. Members of the review committee, members of the grievance committees, officers and directors of the State Bar, counsel, and staff shall be immune from suit for any conduct in the course of their official duties. The immunity herein granted is absolute and unqualified and shall extend to actions at law or in equity.

Sec. 38. Maintenance of Funds or Other Property Held for Clients and Others
Every lawyer engaged in the practice of law in the State of Texas shall maintain a separate trust account or accounts, designated as such, into which funds of clients or other fiduciary funds shall be deposited and shall further maintain and preserve for a period of at least five (5) years after final disposition of the underlying matter, the records of such accounts, including checkbooks, cancelled checks, check stubs, vouchers, ledgers, journals, closing statements, accountings, or other statements of disbursements rendered to clients or other parties with regard to trust funds or similar equivalent records clearly and expressly reflecting the date, amount, source, and explanation for all receipts, withdrawals, deliveries, and disbursements of the funds or other property of a client.

ARTICLE XI. INTEREST EARNED ON CLIENT FUNDS HELD BY Attorneys
Sec. 1. Short Title
This Article may be referred to as the Texas Equal Access to Justice Program.

Sec. 2. Findings; Purpose
The Supreme Court of Texas finds that:
(A) On certain client funds held by attorneys, interest income cannot reasonably be earned to benefit individual clients for whom the funds are held;
(B) Income can be earned on those client funds pursuant to the program provided for in this Article and that income should be used to provide additional legal services to the indigent in civil matters;
(C) This Court is the proper and appropriate body, through the adoption of rules as set forth in this Article, to create and administer, or cause to be created and administered, a program to carry out the purposes of this Article; and
(D) This Article is adopted in furtherance of the inherent powers of this Court to regulate the practice of law in the State of Texas.

Sec. 3. Rules
This Court shall hereafter promulgate rules, consistent with the provisions of this Article, that are necessary and appropriate to carry out the purposes of this Article and conform the program created as provided by this Article to applicable statutes, regulations, and rulings. The rules, which may be amended or revoked by this Court from time to time.
as it deems necessary to carry out this Article, shall provide:

(A) The formation of a corporation, incorporated without members under the Texas Non-Profit Corporation Act (TEX.REV.CIV.STAT.ANN. art. 1396-1.01 et seq.), to be the recipient of and disbursing agent for interest earned on client funds as provided by this Article;
