(8) request and receive the assistance of state educational institutions or other state agencies; and

(9) prepare information of consumer interest describing the regulatory functions of the board and describing the board's procedures by which consumer complaints are filed with and resolved by the board. The board shall make the information available to the general public and appropriate state agencies.

Sec. 7. A member of the board may not receive a fixed salary for his services, but each member is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the board. A member may not receive any compensation for travel expenses, including expenses for meals and lodging, other than transportation expenses. A member is entitled to compensation for transportation expenses as provided by the General Appropriations Act.

Board Personnel

Sec. 8. (a) The executive secretary must be an employee of the department. The Commissioner of Health, after consulting with the board, shall designate an employee to serve as executive secretary of the board. The executive secretary shall be the administrator of professional counselor licensing activities for the board. In addition to his other duties prescribed by this Act and by the department, the executive secretary shall:

(1) keep full and accurate minutes of the transactions and proceedings of the board;

(b) The basic personnel and necessary facilities that are required to administer this Act shall be the personnel and facilities of the department acting as the agents of the board. The department may secure by agreement services that it considers necessary and provide for compensation for these services and may employ and compensate, within appropriations available, the professional consultants, technical assistants, and employees on a full- or part-time basis necessary to administer this Act.

Initial Licensing Period

Sec. 9. (a) For one year beginning on the effective date of this Act, a person may apply for licensing without examination, except that if the board cannot establish competence to its satisfaction through an examination of credentials, it may require examination of an applicant under the initial licensing period. For the initial licensing period an applicant must:

(1) be at least 18 years old;

(2) have submitted a completed application as required by the board accompanied by the application fee set by the board; the board may require that the statements on the application be made under oath; and

(3) have:

(A) a master's degree;

(B) at least 30 graduate semester hours in the field of counseling or the substantial equivalent in both subject matter and extent of training; and

(C) 24 months or 2,000 hours of professional experience working in a counseling setting that meets the requirements established by the board.

(b) For two years beginning on the effective date of this Act, a person may apply for licensing in a counseling specialty authorized by Section 13 of this
Act without examination, except that if the board cannot establish competence to its satisfaction through an examination of credentials, it may require examination of an applicant under the initial licensing period. For the initial licensing period an applicant must:

1. meet the requirements prescribed by Subsection (a) of this section; and
2. have attained professional credentials consistent with the standards of the counseling specialty required by Section 13 of this Act.

Applicant Qualifications

Sec. 10. An applicant is qualified for a license to practice counseling if the applicant:
1. is at least 18 years old;
2. has submitted an application as required by the board, accompanied by the application fee set by the board; the board may require that the statements on the application be made under oath;
3. has met requirements prescribed by the board;
4. has successfully completed at a regionally accredited institution of higher education a planned graduate program of 45 semester hours or the substantial equivalent, including 300 clock hours of supervised practicum that is primarily counseling in nature and that meets the specific academic course content and training standards established by the board. The board shall use the standards as developed by the appropriate professional association; and
5. has 24 months or 2,000 hours of supervised experience working in a counseling setting that meets the requirements established by the board.

Application Review

Sec. 11. After investigation of the application and other evidence submitted, the board shall, not later than the 30th day before the examination date, notify each applicant that the application and evidence submitted are satisfactory and accepted or unsatisfactory and rejected. If rejected, the notice shall state the reasons for the rejection.

Examination

Sec. 12. (a) Examinations to determine competence shall be administered to qualified applicants at least twice each calendar year. The examinations shall be in any of the following forms as determined by the board for each applicant:
1. a field examination through questionnaires answered by the applicant’s instructors, employers, supervisors, references, and others who are competent in the board’s judgment to evaluate the applicant’s professional competence, which may include the submission of written case studies and taped interviews with the applicant’s instructors, employers, supervisors, references, and others or submission of documentary evidence of the quality, scope, and nature of the applicant’s experience and competence as the board considers necessary; or
2. other examinations as prescribed by the board.

(b) If a written examination is required, the board shall grade the examination and recommend to the chairman action to be taken. To ensure impartiality, written examination documents shall be identified by number, and no paper may be marked with the name of an applicant but shall be anonymously graded by the board. In the event an applicant fails to receive a passing grade on the entire examination, he may reapply and shall be allowed to take a subsequent examination. An applicant who has failed two successive examinations may not reapply until two years have elapsed from the date of the last examination or he has satisfactorily completed nine graduate semester hours in the applicant’s weakest portion of the examination.

(c) Within 30 days after the day a licensing examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the day the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify the examinee of the reason for the delay before the 90th day.

(d) If requested by a person who fails the examination for a license, the board shall furnish to the person an analysis of the person’s performance on the examination.

Licensed Professional Counselor Specialties

Sec. 13. A specialty designation except in the area of marriage and family counseling may be added on demonstration to the board that the applicant has met the recognized minimum standards as established by nationally recognized certification agencies. On passage of an examination, written, oral, or situational, or all three, and on receipt of credentials from certifying agencies, the board may, by a simple majority of the board members present and voting, consider the credentials adequate evidence of professional competence and recommend to the chairman of the board that a license with appropriate specialty designation, if any, be approved. A professional counselor may not claim or advertise a counseling specialty unless the qualifications of that specialty have been met and have been approved by the board.

Licenses and Renewal of Licenses

Sec. 14. (a) A license certificate issued by the board is the property of the board and must be surrendered on demand.

(b) The licensee shall display the license certificate in an appropriate and public manner.
(e) The licensee shall inform the board of his current address at all times.

(d) Each year the board shall prepare a registry of licensed professional counselors with specialties, if any, identified. The registry shall be made available to the licensees, other state agencies, and the general public on request.

(e) The license may be renewed annually if the licensee is not in violation of this Act at the time of application for renewal and if the applicant fulfills current requirements of continuing education as established by the board.

(f) Each person licensed under this Act is responsible for renewing his license before the expiration date.

(g) The board shall adopt a system under which licenses expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee that is applicable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable. Failure to renew a license by the expiration date shall result in an increase of the renewal fee by an amount to be determined by the board with the approval of the department. If failure to renew continues for more than 30 days after the date of expiration, the board shall notify the person licensed under this Act of the expiration date of his license and the amount of the fee required for renewal. If failure to renew continues for more than 90 days after the date of expiration of the license, the license shall be revoked. Any licensee whose license is revoked because of failure to pay the annual license renewal fee may secure reinstatement of his license at any time within one year from the expiration date on payment of the license fee and a penalty fee in an amount to be determined by the board with the approval of the department. After the expiration of the year for which the license fee was not paid, a license may not be reinstated unless the licensee fulfills current requirements applicable to all licensees as provided by the rules adopted by the board.

(h) A licensee may request that his license be declared inactive. The licensee then foregoes the licensing rights granted under this Act but is relieved of renewal fees and penalty fees. At any time in the future, the license shall be declared active on the payment of a license fee if the applicant is not in violation of this Act at the time of application for reactivation or renewal of the license and if the applicant fulfills current requirements applicable to all licensees as provided by the rules adopted by the board.

Penalty

Sec. 15. (a) A person commits an offense if the person, after one year from the effective date of this Act, knowingly or intentionally acts as a licensed professional counselor without a license issued under this Act.

(b) An offense under this section is a Class B misdemeanor.

Revocation or Suspension of License

Sec. 16. (a) The board may revoke or suspend the license of a counselor on proof that the counselor:

(1) has violated this Act or a rule or code of ethics adopted by the board; or

(2) is legally committed to an institution because of mental incompetence for any cause.

(b) Proceedings for revocation or suspension of a license and appeals from those proceedings are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes).

Power to Sue

Sec. 17. The board or the department may institute a suit in its own name to enjoin the violation of this Act. The suit is in addition to any other action, proceeding, or remedy authorized by law. The board shall be represented by the attorney general or the appropriate county or district attorney.

Reciprocity

Sec. 18. The board may grant, on application and payment of fees, a license without examination to a person who at the time of application holds a valid license or certificate as a counselor issued by another state or any political territory or jurisdiction acceptable to the board if in the board's opinion the requirements for that license or certificate are substantially the same as the requirements of this Act.

Revenue, Receipts and Disbursements

Sec. 19. The department shall receive and account for funds derived under this Act. The funds shall be deposited in the State Treasury to the credit of a special fund to be known as the professional counselors licensing fund and may be used only for the administration of this Act. The board may impose application, examination, license, and renewal fees and any other appropriate fees in an amount fixed by the board. The board shall fix the amounts of the fees to collect sufficient revenue to meet the expenses of administering this Act without accumulating unnecessary surpluses.

Annual Report

Sec. 20. Not later than the 90th day after the last day of each state fiscal year, the board shall submit to the governor, lieutenant governor, and speaker of the house a report about the activities of the board during the preceding fiscal year.
Application of Sunset Act

Sec. 21. The board is subject to the Texas Sunset Act, as amended (Article 5429k, Vernon's Texas Civil Statutes). Unless the board is continued in existence as provided by that Act, the board is abolished effective September 1, 1993.

Initial Board Appointments

Sec. 22. In making the initial appointments to the board, the governor shall designate three members for terms expiring February 1, 1983, three members for terms expiring February 1, 1985, and three members for terms expiring February 1, 1987.

(e) Persons who fail the examination may be examined at a subsequent time if they pay another nonrefundable examination fee. No applicant who has taken and failed to pass two examinations may take the examination until the person has submitted a new application together with a nonrefundable application fee and presented evidence to the committee of additional study in the area for which licensure is sought.

(f) The committee may waive the examination for applicants who:

(1) present proof of current licensure in another state, including the District of Columbia, or territory of the United States which maintains professional standards considered by the committee to be equivalent to those set forth in this Act; or

Licensing under Special Conditions

Sec. 13. (a) The committee on request must waive educational, professional experience, and examination requirements for licensure in speech-language pathology for applicants who hold a baccalaureate or graduate degree, are fully certified by the Central Education Agency in speech and hearing therapy or in the judgment of the committee have met equivalent requirements, and within two years prior to the effective date of this Act were engaged in the practice of speech pathology on proof of bona fide practice of speech pathology, presented to the committee in the manner prescribed by the committee's rules, provided they file an application for licensure with the committee or the board of health before August 31, 1984. Such licenses shall be issued without delay and shall be renewed in the same manner as licenses granted under other provisions of this Act.

(b) The committee on request shall waive educational, professional experience, and examination requirements for licensure in audiology for applicants who on the effective date of this Act hold a baccalaureate or graduate degree and have successfully completed 21 semester hours of course work in audiology, and are engaged in the practice of audiology on proof of bona fide practice of audiology presented to the committee in the manner prescribed by the committee's rules, provided they file an application for licensure with the committee or the department within 90 days from the effective date of this Act.

Sec. 14. (a) The committee shall issue a license to an applicant who meets the requirements of this Act and who pays to the committee the initial nonrefundable license fee.

(b) A temporary certificate of registration may be applied for by a person who fulfills the requirements of Section 10 of this Act and who has not previously applied to take the examination provided under Section 12 of this Act.

(c) On receiving an application provided for under Subsection (b) of this section accompanied by the nonrefundable application fee, the committee shall issue a temporary certificate of registration which entitles the applicant to practice audiology or speech-language pathology for a period ending eight weeks after the conclusion of the next examination given after the date of issue.

(d) All licenses expire and become invalid one year from the date of issuance if not renewed.

Renewal of License

Sec. 15. (a) Each licensed speech-language pathologist or audiologist shall annually pay the nonrefundable renewal fee for a renewal of his license. A 60-day grace period shall be allowed. After expiration of the grace period, the committee may renew each license after payment of a penalty set by the rules. No person who applies for renewal within two years after the date of expiration of the license may be required to submit to an examination as a condition to renewal.

(b) Persons who fail to renew their license within two years after the date of its expiration may not renew it, and it may not be restored, reissued, or reinstated thereafter, but those persons may apply for and obtain a new license if they meet the requirements of this Act.

(c) Within three years of the effective date of this Act, renewal of a license is contingent on the applicant's meeting uniform continuing education requirements established by the committee. These continuing education requirements must be of such a nature that they can be met without necessitating an extended absence from the licensee's county of residence. Notice of continuing education requirements shall be sent to all persons licensed under this Act at least 12 months prior to the time that the person's license renewal is dependent on completion of the requirements. Continuing education requirements shall be sent to new applicants with the forms on which they are to apply for licensure. Notification or changes in continuing education requirements shall be sent to persons licensed under this Act at least one year prior to the date on which the new requirements become effective.

(d) A suspended license is subject to expiration and may be renewed as provided in this Act, but the renewal does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity or in any other activity or conduct in violation of the order or judgment by which the license was suspended. A license revoked on disciplinary grounds is subject to expiration as provided in this Act, but it may not be renewed. If it is reinstated after its expiration, the licensee as a condition of reinstatement shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of the license revocation.

(4) license renewal fee: $75
(5) delinquency fee: $50
(6) temporary license fee: $25
(7) duplicate license fee: $10

The committee by rule shall establish fees, and such fees shall be adjusted so that the total fees collected shall be sufficient to meet the expenses of administering this Act and so that unnecessary surpluses in the fund provided for in Section 20 of this Act are avoided.

One year from the date of revocation of a license under this Act, application may be made to the committee for reinstatement. The committee shall have discretion to accept or reject an application for reinstatement and may require an examination for the reinstatement.

(c) A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge of a felony or of an offense involving moral turpitude is deemed to be a conviction within the meaning of this Act. At the direction of the committee the license may be suspended or revoked or the committee may decline to issue a license when the time for appeal of the conviction has elapsed or the judgment or conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence irrespective of a subsequent order allowing a person to withdraw his or her plea of guilty, or setting aside the verdict of guilty, or dismissing the information or indictment.

Penalties

Sec. 18. (a) A person who violates any of the provisions of this Act is guilty of a Class B misdemeanor and on conviction may be punished by confinement in the county jail not exceeding six months, by a fine not exceeding $1,000, or by both.

(b) If a person other than a licensed speech-language pathologist or audiologist has engaged in an act or practice which constitutes an offense under this Act, a district court of any county on application of the committee may issue an injunction or other appropriate order restraining such conduct.

Sec. 19. (a) A person whose application for a license is denied is entitled to a hearing before the committee if such person submits a written request to the committee.

(b) Proceedings for revocation or suspension of a license shall be commenced by filing charges with the committee in writing and under oath. The charges may be made by any person or persons.

(c) The chairperson of the committee shall fix a time and place for a hearing and shall cause a written copy of the charges or reason for denial of a license, together with a notice of the time and place fixed for the hearing, to be served on the applicant requesting the hearing or the licensee against whom the charges have been filed at least 20 days prior to the date set for the hearing. A copy of the order of the committee shall be mailed to the applicant or licensee at his or her last known address by certified mail.

(f) An individual whose application for a license has been refused or whose license has been cancelled, revoked, or suspended by the committee may take an appeal, within 20 days after the order is entered, to any district court of Travis County or to any district court of the county of his or her residence.

(g) In all appeals prosecuted in any of the courts of this state pursuant to the provisions of this Act, such trials shall be de novo as that term is used and understood in appeals from justice of the peace courts. Under no circumstances shall the substantial evidence rule as interpreted and applied by the courts in Texas in other cases ever be used or applied to appeals prosecuted under the provisions of this Act.

(b) All proceedings under this Act shall conform to the requirements of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13g, Vernon's Texas Civil Statutes), except as modified by this section.

The Board shall give those persons and organizations affected by its orders or decisions under this Article reasonable notice thereof, not less than twenty (20) days, and an opportunity to appear and be heard with respect to same. The Board shall hear all protests or complaints from such persons and organizations affected by such rule, regulation or decision as to the inadequacy or unreasonable-ness of any rule, regulation or order promulgated or
adopted by it, or the injustice of any order or decision by it. If any person or organization which shall be affected by such order or decision shall be dissatisfied with any regulation, rule or order by such Board, such person or organization shall have the right, within thirty (30) days from the date such order is entered, to bring an action against said Board in the District Court of Travis County, Texas, to have such regulation, rule or order vacated or modified, and shall set forth in a petition therefor the principal grounds of objection to any or all of such rules, regulations or orders. Such appeal as herein provided shall be de novo as that term is known and understood in appeals from the Justice Court to the County Court.

Sec. 2. No person shall be certified as a graduate of any school of nursing or educational program unless such person has completed the requirements of the prescribed course of study, including clinical practice, of an accredited school of nursing or educational program.

Sec. 3. Upon filing application for examination each applicant shall pay an examination fee which shall in no case be returned to the applicant. If the applicant passes the examination, then no further fee shall be required for registration. Any applicant for registration who fails to successfully pass the examination herein provided for shall have the right to stand a second examination. The examination shall be given in various cities throughout the State and shall be of such character as to determine the fitness of the applicant to practice professional nursing. Within 30 days after the date on which a licensing examination is administered, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the date the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify each examinee of the reason for the delay before the 90th day. If requested in writing by a person who fails the licensing examination, the board shall furnish the person with an analysis of the person's performance on the examination. If the result of the examination be satisfactory to the board, a certificate shall
be issued to the applicant, signed by the president and executive secretary and attested by the seal of said board, which certificate shall qualify the person receiving the same to practice professional nursing in this State.

Any applicant who holds a registration certificate as a registered nurse from another state, district, territory or possession of the United States, or from a foreign country, may be issued a license to practice as a registered nurse in the State of Texas by endorsement and without examination upon the payment of a fee established by the board, provided in the opinion of the Board of Nurse Examiners such other board issuing such other certificate in its examination required the same general degree of fitness required by this state.

Art. 4522. Use of Title "R.N."; Registration Bureau

A nurse who has received his or her license according to the provisions of this law, shall be styled as a "Registered Nurse," and may use the title or abbreviation "R.N." When a licensed registered nurse is on duty providing direct care to patients, the nurse shall wear an insignia identifying the nurse as a registered nurse.

Art. 4523. Temporary Permit

(a) Any nurse who has graduated from an accredited school of nursing, who holds a registration certificate as a Registered Nurse from another state or from a possession of the United States, and who is actually engaged in the pursuit of his or her profession, shall be permitted to practice in the state under a permit issued by the board of nurse examiners, upon the payment of a fee established by the board.

(b) The board may issue a permit to practice professional nursing under the direct supervision of a Registered Nurse to graduates of approved educational programs pending the results of the licensing examination. The permit expires on receipt of a permanent license or on receipt of a notice of failing the examination from the board. The permit may not be issued to any applicant who has previously failed an examination administered by the board or by another state.

Art. 4525. Disciplinary Proceedings

(a) The board of nurse examiners may refuse to admit persons to its examinations, may refuse to issue a license or certificate of registration or to issue a certificate of re-registration, may refuse to issue a temporary permit, may issue a warning or reprimand, may suspend for any period not to exceed 2 years, or may revoke the license or certificate of any practitioner of professional nursing, for any of the following reasons:

(1) The violation of any of the provisions of this law, any rule, regulation not inconsistent with this law, or order issued hereunder.

(2) Is guilty of fraud or deceit in procuring or attempting to procure a license to practice professional nursing.

(3) Conviction of a crime of the grade of felony, or a crime of lesser grade which involves moral turpitude.

(7) Revocation, suspension, or denial of the license to practice nursing in another jurisdiction. Certified copy of the order of denial, suspension, or revocation shall be conclusive evidence thereof.

(8) Intemperate use of alcohol or drugs if the nurse knows or should know that the effects of that use endangers or could endanger patients. Intemperate use includes but is not limited to practicing professional nursing or being on duty or call while under the influence of alcohol or drugs.
(9) Unprofessional or dishonorable conduct which, in the opinion of the board, is likely to deceive, defraud, or injure patients or the public.

(b) Proceedings under this Article shall be begun by filing charges with the board of nurse examiners in writing and under oath. Such charges may be made by any person or persons. An information file about each complaint filed relating to a licensee shall be maintained by the board. If a written complaint is filed with the board relating to a licensee, the board shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation. The board shall make such preliminary investigation of the charges as it deems necessary and may issue a warning or require the person charged to appear at the time and place for the hearing. If the board proposes to refuse to admit a person to its examination, to refuse to issue a temporary permit, license, certificate of registration, certificate of re-registration, or to suspend or revoke a person's permit, license, or certificate, the person is entitled to a hearing before the board. Proceedings for these disciplinary actions are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes). If a licensed professional nurse voluntarily surrenders said license to the board and executes a sworn statement that he or she no longer desires to be licensed, the board may revoke said license without the necessity of formal charges, notice, or opportunity of hearing.

c) Any person whose license or certificate to practice professional nursing has been revoked or suspended by the board may, upon majority vote rescind the probation and enforce the board's original action in denying or suspending such license. The said hearing to rescind the probation shall be called by the president of the board who shall cause to be issued a notice setting the time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his or her counsel at least 20 days prior to the time set for the hearing. Notice shall be sufficient if sent by registered or certified mail to the person charged at the address shown on his or her most recent application for certificate of registration or re-registration.

(e) The board of nurse examiners is charged with the duty of aiding in the enforcement of the provisions of this chapter, and may retain legal counsel to represent the board, but prior to retaining outside legal counsel, the board shall request the attorney general to perform such services and may only retain outside counsel if the attorney general so certifies to the board that the attorney general cannot provide such services. It shall keep a record of all its proceedings and make an annual report to the Governor.

Any member of the board may present to a prosecuting officer complaints relating to violations of any of the provisions of this chapter, and the board through its members, officers, counsel, or agents shall assist in the trial of any cases involving alleged violation of this chapter, subject to the control of the prosecuting officers. The Attorney General is directed to render such legal assistance as may be necessary in enforcing and making effective the provisions of this chapter; provided that this shall not relieve the local prosecuting officers of any of their duties under the law as such.

Art. 4526. Re-registration

The board shall adopt a system under which licenses issued by the board shall be renewed each biennium. For the year in which the expiration date is changed, registration fees payable on or before March 31 shall be prorated on a monthly basis so that each registrant shall pay only that portion of the re-registration fee that is allocable to the months in which the registration is valid. On the new expiration date, the total re-registration fee is payable. The board shall notify each licensee at least 30 days in advance of the date of expiration of the license. The application for re-registration shall be mailed by United States mail to the address shown in the board's records. Any application received after the expiration date shall be charged a

license. If a license has been expired for more than
90 days but less than two years, the person may
renew the license by paying to the board all unpaid
renewal fees and a fee that is equal to the examina-
tion fee for the license. If a license has been expired
for two years or more, the person may
renew the license on meeting the requirements that
the board considers necessary. If any registered
nurse continues to practice professional nursing be-
yond the time for which the nurse is registered or
re-registered, the nurse shall be considered to be an
illegal practitioner and the license may be revoked
or suspended.

Sec. 27A. (a) Any pharmaceutical peer review committee may report relevant facts to the board relating to the acts of any pharmacist in this state, if in the opinion of the peer review committee, they have knowledge relating to the pharmacist which might provide grounds for disciplinary action as specified in Subdivision (4) or (7) of Subsection (a) of Section 26 of this Act.

(b) Any committee of a professional society comprised primarily of pharmacists, its staff, or any district or local intervenor participating in a program established to aid pharmacists impaired by chemical abuse or mental or physical illness may report in writing to the board the name of the impaired pharmacist together with the pertinent information relating to his impairment. The petition shall be in writing and in the form prescribed by the board. On investigation and hearing, the board may in its discretion grant or deny the petition or it may modify its original finding to reflect any circumstances that have changed sufficiently to warrant the modification.

(e) The board shall have the discretion to determine under which classifications a pharmacy applicant may be licensed. With respect to Class C pharmacies, the board may establish rules for the use of supportive personnel and the duties of those personnel in Class C pharmacies licensed by the board, provided that these personnel are responsible to and directly supervised by a pharmacist licensed by the board; provided, however, the board may not adopt any rule setting ratios with respect to pharmacists and supportive personnel or limiting the number of supportive personnel that may be utilized.

Text of subsec. (c) as added by Acts 1983, 68th Leg., p. 4377, ch. 890, § 1

(c) A licensed physician who practices medicine in a rural area in which there is no pharmacy may maintain a supply of dangerous drugs in the office of the physician to be dispensed in the course of treating the physician's patients and may be reimbursed for the cost of supplying those drugs without obtaining a license under this Act. Such physicians shall comply personally with all appropriate labeling sections of this Act, and oversee compliance with packaging and recordkeeping sections applicable to the class of drugs. Physicians desiring to dispense dangerous drugs under this subsection shall notify both the Texas State Board of Pharmacy and the Texas State Board of Medical Examiners that such physician practices in a rural area, as hereinafter defined. Such physician may continue to so dispense dangerous drugs until the State Board of Pharmacy shall determine, upon notice and hearing to such physician, that such physician no longer practices in a rural area as hereinafter defined. For the purposes of this subsection:

(1) the term "rural area" means an area in which there is no pharmacy within a 15-mile radius of the physician's office and is within:

(A) a county with a total population of 5,000 or less according to the most recent federal census; or

(B) a city or town, incorporated or unincorporated, with a population of less than 2,500, according to the most recent federal census, but shall not include a city or town, incorporated or unincorporated, whose boundaries are adjacent to an incorporated city or town with an equal or greater population.

(2) the term "reimbursed for cost" shall mean an additional charge separate from that made for the physician's professional services which include the cost of the drug product and all other actual costs to the physician incidental to providing the dispensing service but not including a separate fee for the act of dispensing the drug product itself.

Violations and Penalties

Sec. 34. (a) No pharmacy designated in Section 29 of this Act may be operated until a license or renewal certificate has been issued to the pharmacy by the board. On the finding of a violation of this Act or rules adopted under this Act, the board may impose one or more of the penalties prescribed by Section 28(a) of this Act.

(b) Reinstatement of a pharmacy license that has been canceled, revoked, or restricted by the board may be granted in accordance with Section 28(b) of this Act.

Unlawful Use of "Pharmacy"

Sec. 35. A person may not display in or on any store or place of business the word "pharmacy," either in English or any other language, any other word or combination of words of the same or similar meaning, or any graphic representation that would mislead or tend to mislead the public unless it is a pharmacy licensed under this Act.

Unlawful to Impersonate Applicant, Licensed Pharmacist, or Fraudulently Acquire License

Sec. 36. A person may not impersonate before the board an applicant applying for licensing under this Act, fraudulently acquire a license in any other manner than provided by this Act, impersonate a licensed pharmacist, or use the title "Registered Pharmacist" or "R.Ph.," or words of similar intent unless the person is licensed to practice pharmacy in this state.

Penalties

Sec. 37. (a) A person commits an offense if the person knowingly or intentionally violates the licensing requirements of this Act or Section 35 or 36 of this Act.

(b) An offense under this section is a Class A misdemeanor.

(c) Each day of violation is a separate offense.

Burden of Proof; Liabilities

Sec. 38. (a) It is not necessary for the state to negate any exemption or exception set forth in this Act in any complaint, information, indictment, or other pleading or in any trial, hearing, or other
proceedings under this Act, and the burden of going forward with the evidence with respect to any ex­emption or exception is on the person claiming its benefit.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate license issued under this Act, he is presumed not to be the holder of the license. The presumption is subject to rebuttal by a person charged with an offense under this Act.

c) No liability is imposed by this Act on any authorized board employee or person acting under the supervision of a board employee, or on any state, county, or municipal officer, engaged in the lawful enforcement of this Act.

Fees

Sec. 39. The board may not charge more than the following fees for the performance of the following duties and functions to carry out the purposes of this Act:

(1) for processing application and administration of examination for licensure—$150;
(2) for processing application for licensure by reciprocity—$250 (plus the applicable license fee);
(3) for processing application and issuance of a pharmacist license or renewal of a pharmacist license—$85 a year; and
(4) for processing of an application and issuance of a pharmacy license or renewal of a pharmacy license—$150.

Substitution

Sec. 40. (a) It is the intent of the legislature to save consumers money by allowing the substitution of lower-priced generically equivalent drug products for certain brand name drug products and for pharmacies and pharmacists to pass on the net benefit of the lower costs of the generically equivalent drug product to the purchaser.

(b) Except as otherwise provided by this section, a pharmacist who receives a prescription for a drug product for which there exists one or more generic equivalents, as defined herein, may dispense any of the generically equivalent products.

c) In this section:

(1) "Generically equivalent" means a drug that is "pharmaceutically equivalent" and "therapeutically equivalent" to the drug prescribed.

(2) "Pharmaceutically equivalent" means drug products which have identical amounts of the same active chemical ingredients in the same dosage form and which meet the identical compendial or other applicable standards of strength, quality, and purity according to the United States Pharmacopoeia or other nationally recognized compendium.

(3) "Therapeutically equivalent" means pharmaceutically equivalent drug products which, when administered in the same amounts, will provide the same therapeutic effect, identical in duration and intensity.

(d) Unless otherwise directed by the practitioner, the label on the dispensing container shall indicate the actual drug product dispensed, either (1) the brand name, or if none (2) the generic name, the strength, and the name of the manufacturer or distributor. In instances where a drug product has been selected other than the one prescribed, the pharmacist shall place on the container the words "Substituted for brand prescribed." The brand name of the prescribed drug shall not appear on the prescription container label unless it is the drug product actually dispensed.

e) A pharmacist may not select a generically equivalent drug unless the generically equivalent drug selected costs the patient less than the prescribed drug product. A pharmacist may not charge a higher professional fee for dispensing a generically equivalent drug product than the fee he or she customarily charges for dispensing the brand name product prescribed.

(f) A pharmacist who selects a generically equivalent drug product as authorized by this section shall:

(1) personally, or through his or her agent or employee and prior to delivery of a generically equivalent drug product, inform the patient or the patient's agent that a less expensive generically equivalent drug product has been substituted for the brand prescribed and the patient or patient's agent's right to refuse such substitution; or

(2) cause to be displayed, in a prominent place that is in clear public view where prescription drugs are dispensed, a sign in block letters not less than one inch in height that reads, in both English and Spanish:

"TEXAS LAW ALLOWS A LESS EXPENSIVE GENERICALLY EQUIVALENT DRUG TO BE SUBSTITUTED FOR CERTAIN BRAND NAME DRUGS UNLESS YOUR PHYSICIAN DIRECTS OTHERWISE. YOU HAVE A RIGHT TO REFUSE SUCH SUBSTITUTION. CONSULT YOUR PHYSICIAN OR PHARMACIST CONCERNING THE AVAILABILITY OF A SAFE, LESS EXPENSIVE DRUG FOR YOUR USE."

Only one sign displayed in a pharmacy, as required above, shall be deemed compliance with this subsection.

(3) A pharmacist complies with the requirements of this section if an employee or agent of the pharmacist notifies a purchaser as required by Subdivision (1) of this subsection. The patient or patient's agent shall have the right to refuse such product selection.
(g) No written prescription may be dispensed unless it is ordered on a form containing two signature lines of equal prominence, side by side, at the bottom of the form. Under either signature line shall be printed clearly the words “prescription as written.” The practitioner shall communicate dispensing instructions to the pharmacist by signing on the appropriate line. If the practitioner’s signature does not clearly indicate that the prescription must be dispensed as written, generically equivalent drug selection is permitted. No prescription form furnished a practitioner shall contain a preprinted order for a drug product by brand name, generic name or manufacturer.

(h) If a prescription is transmitted to a pharmacist orally, the pharmacist shall note any dispensing instructions by the practitioner or the practitioner’s agent on the copy of the prescription and retain the prescription for the period of time specified by law. Properly authorized prescription refills shall follow the original dispensing instructions unless otherwise indicated by the practitioner or practitioner’s agent.

(i) A pharmacist shall record on the prescription form the name, strength, and manufacturer or distributor of any drug product dispensed as herein authorized.

(j) A pharmacist who selects a generically equivalent drug to be dispensed pursuant to this section assumes the same responsibility for selecting the generically equivalent drug that he does in filling a prescription for a drug product prescribed by generic name. There shall be no liability on the prescriber for an act or omission by a pharmacist in selecting, preparing, or dispensing a drug product pursuant to this section.

(k) Drug product selection as authorized in this subsection shall not apply to enteric-coated tablets; controlled release products; injectable suspensions, other than antibiotics; suppositories containing active ingredients for which systemic absorption is necessary for therapeutic activity; and different delivery systems for aerosol or nebulizer drugs. This subsection shall not apply to any drug product which is determined to be generically equivalent to the brand prescribed.

Code of Professional Responsibility

Sec. 41. (a) The board shall adopt a code of professional responsibility to regulate the conduct of boards, employees responsible for inspections and surveys of pharmacies.

(b) The code shall contain a procedure to be followed by agency personnel:

(1) on entering a pharmacy;

(2) during inspection of the pharmacy; and

(3) during the exit conference.

(c) The code shall contain standards of conduct that agency personnel are to follow in dealing with the staff and management of the pharmacy and the general public.

(d) The board shall establish a procedure for receiving and investigating complaints of code violations. The board shall investigate all complaints of code violations. The results of an investigation shall be forwarded to the complainant.

(e) The board may adopt rules establishing sanctions for violations of the code.

(f) No written prescription may be dispensed unless it is ordered on a form containing two signature lines of equal prominence, side by side, at the bottom of the form. Under either signature line shall be printed clearly the words “prescription as written.” The practitioner shall communicate dispensing instructions to the pharmacist by signing on the appropriate line. If the practitioner’s signature does not clearly indicate that the prescription must be dispensed as written, generically equivalent drug selection is permitted. No prescription form furnished a practitioner shall contain a preprinted order for a drug product by brand name, generic name or manufacturer.

(g) The practitioner shall communicate dispensing instructions to the pharmacist by signing on the appropriate line. If the practitioner’s signature does not clearly indicate that the prescription must be dispensed as written, generically equivalent drug selection is permitted. No prescription form furnished a practitioner shall contain a preprinted order for a drug product by brand name, generic name or manufacturer.

Sec. 2. The term of office of each member of said Board shall be limited to one six-year term or until their successors shall be appointed and qualify. "(b) The governor shall make initial appointments to the board of three public members. (c) It shall be unlawful for any person, firm, association, corporation, or combination thereof to offer or undertake in any manner to operate a dental laboratory or to do or perform any of the acts described in this Article in this State without having first obtained a certificate from the Texas State Board of Dental Examiners so to do.

(d) The Board shall have the authority to commence in its name injunctive proceedings to enjoin any person, firm, association, corporation, or combination thereof in violation of this Act.

(e) The Board may refuse to issue or to renew or may suspend or revoke any certificate or license provided in this Act where, after notice and hearing, it has been determined by the Board that any person requesting or possessing such license or certificate has violated any of the provisions of this Act, and the procedures to be followed in any complaint or disciplinary action, including the right of appeal for failure to issue or to renew or the suspension or revocation of a certificate or license hereunder, shall be the same as those prescribed for dentists and dental hygienists by Sections 3, 4, 5, and 6, Article 4549, Revised Civil Statutes of Texas, 1925, as amended.

(f) From and after the effective date of this Act, it shall be unlawful for a dentist licensed in this State knowingly to prescribe, order, or receive any
dental prosthetic appliance which is to be prepared or repaired by a dental laboratory not registered as required herein.

(g) The Texas State Board of Dental Examiners shall have no rule-making authority as it applies to the dental laboratories except for the following provisions: processing applications for registration; prescribing the form and content of applications and other forms necessary to administer this Article; prescribing fees in accordance with this Article and prescribing procedures for renewal of registrations; and monitoring any records as necessary to administer this Article.

Sections 3 to 6 of the 1973 Act provided:

The income received from fees authorized by this Act is hereby appropriated to the Texas State Board of Dental Examiners for the fiscal years ending 1974 and 1975 for its expenditure for the implementation of this Act and for the purposes listed in the General Appropriations Bill as passed by the 63rd Legislature.

"Sec. 4. All laws or parts of laws in conflict herewith are hereby repealed.

"Sec. 5. If any article, section, subsection, sentence, clause, phrase, word, or combination of words of this Act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Act. This immunity is enacted to relieve and protect the persons named from being harassed and threatened with legal action while attempting to perform official duties.

Art. 4551k. Case Histories and Physical Evaluations

A qualified dentist is authorized to take complete case histories and perform complete physical evaluations, which may be used for the purpose of admitting patients to hospitals for the practice of dentistry, to the extent such activities are necessary in the exercise of due care in conjunction with the practice of dentistry as defined by this Chapter, provided further that no dentist shall be automatically entitled to membership on the medical staff or to the exercise of any clinical privileges at a hospital merely because he has a license to practice dentistry or because he is authorized to take case histories and perform physical evaluations as stated herein nor shall any dentist be denied membership on the medical staff or the right to the exercise of any clinical privileges at a hospital on the ground that the dentist holds a license to practice dentistry in this state rather than a license to practice medicine in this state.

ARTICLE 1. GENERAL PROVISIONS

Art. 4552-1.01. Short Title

This Act may be cited as the Texas Optometry Act.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 1.01, eff. Sept. 1, 1969.]

Art. 4552-1.02. Definitions

As used in this Act:

(1) The “practice of optometry” is defined to be the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eye for any defect whatsoever in any manner, nor to administer any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state. Nothing herein shall be construed to prevent selling ready-to-wear spectacles or eyeglasses as merchandise at retail, nor to prevent simple repair jobs.

(2) “Ascertaining and measuring the powers of vision of the human eye” shall be construed to include:

(A) The examination of the eye to ascertain the presence of defects or abnormal conditions which may be corrected, remedied, or relieved, or the effects of which may be corrected, remedied or relieved by the use of lenses or prisms, or

(B) The employment of any objective or subjective means to determine the accommodative or refractive condition or the range or powers of vision of muscular equilibrium of the human eye, or

(C) The employment of any objective or subjective means for the examination of the human eye for the purpose of ascertaining any departure from the normal, measuring its power of vision or adapting lenses or prisms for the aid or relief thereof, and it shall be construed as a violation of this Act, for any person not a licensed optometrist or a licensed physician to do any one act or thing, or any combination of acts or things, named or described in this subdivision; provided, that nothing herein shall be construed to permit optometrists to treat the eye for any defect whatsoever in any manner, nor to administer any drug or physical treatment whatsoever, unless said optometrist is a duly licensed physician and surgeon, under the laws of this state.

(3) “Fitting lenses or prisms” shall be construed to include:

(A) Prescribing or supplying, directly or indirectly, lenses or prisms, by the employment of objective or subjective means or the making of any measurements whatsoever involving the eyes or the optical requirements thereof; provided, however, that nothing in this Act shall be construed so as to prevent an ophthalmic dispenser, who does not practice optometry, from measuring interpupillary distance or from making facial measurements for the purpose of dispensing, or adapting ophthalmic prescriptions or lenses, products and accessories in accordance with the specific directions of a written prescription signed by a licensed physician or optometrist; provided, however, the fitting of contact lenses shall be done only by a licensed physician or licensed optometrist as defined by the laws of this state, but the lenses may be dispensed by an ophthalmic dispenser...
on a fully written contact lens prescription issued by a licensed physician or optometrist, in which case the ophthalmic dispenser may fabricate or order the contact lenses and dispense them to the patient with appropriate instructions for the care and handling of the lenses, and may make mechanical adjustment of the lenses, but shall make no measurements of the eye or the cornea or evaluate the physical fit of the lenses, by any means whatsoever, provided that the physician or optometrist who writes or issues the prescription shall remain professionally responsible to the patient.

(B) The adaption or supplying of lenses or prisms to correct, relieve or remedy any defect or abnormal condition of the human eye or to correct, relieve or remedy the effect of any defect or abnormal condition of the human eye.

(C) It shall be construed as a violation of this Act for any person not a licensed optometrist or a licensed physician to do any one thing or act, or any combination of things or acts, named or described in this Article.

(4) "Person" means a natural person or association of natural persons, trustees, receivers, partnerships, corporations, organizations, or the manager, agent, servant, or employee of any of them.

(5) For the purposes of this Act, "dispensing optician" or "ophthalmic dispenser" means a person not licensed as an optometrist or physician who sells or delivers to the consumer fabricated and finished spectacle lenses, frames, contact lenses, or other ophthalmic devices prescribed by an optometrist or physician.

(6) Nothing in this Act shall be construed as preventing a licensed optometrist from performing vision therapy, hand-eye coordination exercises, visual training, and developmental vision therapy, or from the evaluation and remediation of learning or behavioral disabilities associated with or caused by a defective or abnormal condition of vision.

ARTICLE 2. TEXAS OPTOMETRY BOARD

Art. 4552–2.01. Board Created

(3) owns, controls, or has, directly or indirectly, a financial interest in a business entity or other organization that provides health-care services or that sells, manufactures, or distributes health-care supplies or equipment.

(c) A member or employee of the board may not be:

(1) a member of the faculty of any college of optometry, an agent, paid consultant, officer, or employee of any wholesale optical company, or have a financial interest in such a college or company;

(2) an officer, employee, or paid consultant of a trade association in the health-care industry;

(3) related within the second degree by affinity or consanguinity to a person who is an officer, employee, or paid consultant of a trade association in the field of health care.

(d) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252–9c, Vernon’s Texas Civil Statutes), may not serve as a member of the board or act as the general counsel to the board.

(e) It is a ground for removal from the board if a member:

(1) does not have at the time of appointment the qualifications required by Subsection (a) or (b) of this section for appointment to the board;

(2) does not maintain during his service on the board the qualifications required by Subsection (a), (b), (c), or (d) of this section for appointment to the board;

(3) fails to attend at least half of the regularly scheduled board meetings held on calendar year, excluding meetings held while the person was not a board member.

(f) The validity of an action of the board is not affected by the fact that it was taken when a ground for removal of a member of the board existed.

(g) It shall be the duty of any board member who no longer maintains the qualifications required by Subsection (a), (b), (c), or (d) of this section to immediately inform the governor and the attorney general of that fact and to resign from the board.

(h) Upon complaint by any person to the attorney general that a member of the board no longer maintains the qualifications required by Subsection (a), (b), (c), or (d) of this section, the attorney general shall investigate the complaint; and if the attorney general determines that there is reason to believe the complaint is valid, the attorney general shall institute suit in Travis County district court to have the board member in question removed from office.

(i) No person may serve more than a total of 12 years on the board. Time served on the board prior to September 1, 1981, shall not count toward this limitation.

Art. 4552-2.06.  Records

(a) The board shall preserve a record of its proceedings in a book kept for that purpose.

(b) A record shall be kept showing the name, age, and present legal and mailing address of each applicant for examination, the name and location of the
school of optometry from which he holds credentials, and the time devoted to the study and practice of optometry, together with such information as the board may desire to record. Said record shall also show whether applicants were rejected or licensed and shall be prima facie evidence of all matters therein contained. The secretary of the board shall on or before March 1 of each year send a certified copy of said record to the secretary of state for permanent record. A certified copy of said record with the hand and seal of the secretary of said board to the secretary of state, shall be admitted as evidence in all courts.

(c) Every license and annual renewal certificate issued shall be numbered and recorded in a book kept by the secretary of the board.

(d) The board shall prepare information of consumer interest describing the regulatory functions of the board and the board's procedures by which consumer complaints are filed with and resolved by the board. The board shall make the information available to the general public and appropriate state agencies.

(e) Within a reasonable time after the completion of an examination of each patient, the examining optometrist shall present to the patient a notification, a bill, or a receipt containing the license number of the optometrist performing the examination. Individual professional liability of the examining optometrist is not affected by this subsection.

(f) The board shall maintain an information file about each complaint filed with the board relating to a licensee. If a written complaint is filed with the board relating to a licensee, the board, at least as frequently as quarterly and until final disposition of the complaint, shall notify the parties to the complaint of the status of the complaint unless the notification would jeopardize an undercover investigation.

Art. 4552-2.07. Committees
The board shall have power to appoint committees from its own membership. The duties of such committees shall be to consider such matters pertaining to the enforcement of this Act and the regulations promulgated in accordance therewith, as shall be referred to said committees, and they shall make recommendations to the board with respect thereto.

Art. 4552-2.08. Employees of Board
(a) The board shall have the power to employ an executive director as the executive head of the agency and to employ the services of stenographers, secretaries, inspectors, legal assistants, and other personnel necessary to carry out the provisions of this Act. In all hearings before the board, and in all suits in the courts in which the board is a party, the staff attorney employed by the board may at the board's discretion be an attorney of record for the board; provided, however, that when the county attorney, district attorney, or attorney general is also an attorney of record, the board's staff attorney shall be subordinate to such county attorney, district attorney, or attorney general, and nothing herein shall be construed to deprive, limit, or exclude the county attorney, district attorney, or attorney general from their right to appear as the board's attorney in the respective courts to which they are assigned by the constitution to represent the state. In all suits in which the board is a party, the board's staff attorney may also be appointed as special assistant to the county attorney, district attorney, or attorney general, provided, however, that such members of the board's staff shall be paid by the board.

(b) The executive director of the board or his designee shall develop an intraagency career ladder program, one part of which shall be the intraagency posting of all nonentry level positions for at least 10 days before any public posting.

(c) The executive director of the board or his designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay for board employees must be based on the system established under this subsection.

Section 4(g) of the 1981 amendatory act provides:

"The requirements under Subsections (b) and (c), Section 2.08, Texas Optometry Act (Article 4552-2.08, Vernon's Texas Civil Statutes), as added by this Act, that the executive director of the board develop an intraagency career ladder program and a system of annual performance evaluations shall be implemented within one year of the effective date of this Act. The requirement under Subsection (e), Section 2.08, that merit pay be based on the performance evaluation system shall be implemented within two years of the effective date of this Act."

Art. 4552-2.09. Suit for Injunction
The board may sue in its own name to enjoin the violation of any provision of this Act. This remedy is in addition to any other action, proceeding, or remedy authorized by law.

Art. 4552-2.10. Proceedings; Subpoenas; Oaths
The board, any committee, or any member thereof, shall have the power to issue subpoenas and subpoenas duces tecum to compel the attendance of witnesses and the production of books, records and documents, to administer oaths and to take testimony concerning all matters within its or his jurisdiction. The board shall not be bound by strict rules of procedure or by the laws of evidence in the conduct of its proceedings but the determination
shall be founded upon sufficient legal evidence to sustain it.

Art. 4552-2.11. Bond of Secretary-Treasurer

Before entering upon the discharge of the duties of his office, the secretary-treasurer of the board shall give such bond for the performance of his duties as the board may require, the premium of which is to be paid from funds in the possession of the board.

Art. 4552-2.12. Seal; Design of License

The board shall adopt an official seal and a license of suitable design.

Art. 4552-2.13. Office

The board shall maintain an office where all the permanent records are kept.

(a) The board may by a majority vote of a quorum promulgate procedural rules and regulations. The board may by a majority vote of each of the three groups represented on the board promulgate substantive rules and set fees. However, the board may not promulgate any rule or regulation which is in any way contrary to the underlying and fundamental purposes of this Act or make any rule or regulation which is unreasonable, arbitrary, capricious, or illegal. The board may not promulgate any substantive rule prior to submitting the proposed rule to the attorney general for a ruling on the proposed rule's validity.

(b) If the appropriate standing committees of both houses of the legislature acting under Section 5(g), Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under that subsection, the rule may not take effect or, if the rule has already taken effect, the rule is repealed effective on the date the board receives the committee's statements.

Sections 4(f) and 6 of the 1981 amendatory act provide:

"Sec. 4. (f) The portion of Section 2.14, Texas Optometry Act, as amended (Article 4552-2.01 et seq., Vernon's Texas Civil Statutes), which authorizes the board to promulgate substantive rules shall not become effective until January 31, 1983."

"Sec. 5. A rule adopted by the Texas Optometry Board before the effective date of this Act that conflicts with the Texas Optometry Act (Article 4552-2.01 et seq., Vernon's Texas Civil Statutes), as amended by this Act, is void. Within 90 days after the effective date of this Act, the board shall repeal the rule."

Art. 4552-2.15. Disposition of Fees

(a) Except as provided by Subsection (b) of this section, the fund realized from all fees payable under this Act shall first be applied to the payment of all necessary expenses of the board, and the remainder shall be applied, by order of the board, to compensate members of the board. Each member of the board is entitled to a per diem as set by legislative appropriation for each day that the member engages in the business of the board. A member may not receive any compensation for travel expenses, including expenses for meals and lodging, other than transportation expenses. A member is entitled to compensation for transportation expenses as provided by the General Appropriations Act. Each board member shall make out, under oath, a complete statement of the number of days engaged and the amount of his expenses when presenting same for payment.

(b) The funds realized from annual renewal fees shall be distributed as follows: $10 of each renewal fee collected by the board shall be dedicated to the University of Houston Development Fund. The license money placed in the development fund pursuant hereto shall be utilized solely for scholarships and improvements in the physical facilities, including library, of the School of Optometry. The remainder of the fees attributable to annual renewal fees and all other fees payable under this Act shall be placed in the state treasury to the credit of a special fund to be known as the "Optometry Fund," and the comptroller shall upon requisition of the board from time to time draw warrants upon the state treasurer for the amounts specified in such requisition; provided, however, the fees from this optometry fund shall be expended as specified by itemized appropriation in the General Appropriations bill and shall be used by the Texas Optometry Board, and under its direction in carrying out its statutory duties.

(c) The state auditor shall audit the financial transactions of the board during each fiscal biennium.

(d) On or before January 1 of each year, the board shall make in writing to the governor and the presiding officer of each house of the legislature a complete and detailed annual report accounting for all funds received and disbursed by the board during the preceding year.

ARTICLE 3. EXAMINATIONS

Art. 4552-3.01. Must Pass Examination

Every person hereafter desiring to be licensed to practice optometry in this state shall be required to
pass the examination given by the Texas Optometry Board. However, the board may adopt substantive rules to authorize the waiver of this or other license requirements for an applicant with a valid license from another state having, at the time of the applicant's initial licensure in that state, license requirements and continuing education requirements substantially equivalent to those currently required in this state.

Art. 4552-3.02. Application
(a) The applicant shall make application, furnishing to the secretary of the board, on forms to be furnished by the board, satisfactory sworn evidence that he has attained the age of majority, is of good moral character, and has at least graduated from a first grade high school, or has a preliminary education equivalent to permit him to matriculate in The University of Texas, and that he has attended and graduated from a reputable university or college of optometry which meets with the requirements of the board, and such other information as the board may deem necessary for the enforcement of this Act.

(b) A university or school of optometry is reputable whose entrance requirements and course of instruction are as high as those adopted by the better class of universities and schools of optometry and whose course of instruction shall be equivalent to not less than six terms of eight months each, and approved by the board. Provided, however, that the provisions of this subsection shall only apply to those students enrolling in school from and after the effective date of this Act.

(c) Any person who has met all requirements of Subsection (a) above shall be eligible to take the examination given by the Texas Optometry Board. The board may cancel, revoke, or suspend the license of such person if it finds that such licensee has violated any provision of Section 4.04 of this Act.

Art. 4552-3.03. Fees
The board shall establish reasonable and necessary fees for the administration of this Act in amounts not to exceed:

1. Examination $ 55
2. Re-examination 20
3. License 40
4. License renewal 135
5. Lost license 15

The board shall not maintain unnecessary fund balances, and fee amounts shall be set in accordance with this requirement. If anyone successfully passing the examination and meeting the requirements of the board has not paid the fee for issuance of a license within 90 days after having been notified by registered mail at the address given on his examination papers, or at the time of the examination that he is eligible for same, such person shall by his own act have waived his right to obtain his license, and the board may at its discretion refuse to issue such license until such person has taken and successfully passed another examination.

Art. 4552-3.04. Notice of Examination
Each applicant shall be given due notice of the date and place of the examination.

Art. 4552-3.05. Subjects of Examination
The examination shall consist of written, oral or practical tests, in practical, theoretical, and physiological optics, in theoretical and practical optometry, and in the anatomy, physiology and pathology of the eye as applied to optometry and in such other subjects as may be regularly taught in all recognized standard optometric universities or schools.

[Acts 1969, 61st Leg., p. 1298, ch. 401, § 3.05, eff. Sept. 1, 1969.]

Art. 4552-3.06. Conduct of Examination
All examinations shall be conducted in writing and by such other means as the board shall determine adequate to ascertain the qualifications of applicants and in such manner as shall be entirely fair and impartial to all individuals and every recognized school of optometry. All applicants examined at the same time shall be given the same written examination. Within 30 days after the date a licensing examination is administered under this Act, the board shall notify each examinee of the results of the examination. However, if an examination is graded or reviewed by a national testing service, the board shall notify each examinee of the results of the examination within two weeks after the date the board receives the results from the testing service. If the notice of the examination results will be delayed for more than 90 days after the examination date, the board shall notify each examinee of the reason for the delay before the 90th day. If requested in writing by a person who fails the licensing examination administered under this Act, the board shall furnish the person with an analysis of the person's performance on the examination.

Art. 4552-3.07. Those Passing Entitled to License

Every candidate successfully passing the examination and meeting all requirements of the board shall be registered by the board as possessing the qualifications required by this law and shall receive from this board a license to practice optometry in the state.

ARTICLE 4. LICENSES—RENEWAL, REVOCATION, ETC.

Art. 4552-4.01. Annual Renewal

(a) On or before January 1 of each year, every licensed optometrist in this state shall pay to the secretary-treasurer of the board an annual renewal fee for the renewal of his license to practice optometry for the current year. The amount of the fee shall be as determined by the board. A person may renew the license by paying to the board all unpaid renewal fees and a fee that is one-half of the examination fee for the license. If a person's license has been expired for not more than 180 days, the person may renew the license by paying to the board the required renewal fee and a fee that is one-half of the examination fee for the license. If a person's license has been expired for more than 180 days but less than three years, the person may renew the license by paying to the board all unpaid renewal fees and a fee that is equal to the examination fee for the license. If a person's license has been expired for three years or more, the person may not renew the license. The person may obtain a new license by submitting to reexamination and complying with the requirements and procedures for obtaining an original license.

(b) On receipt of the required fees, the board shall issue an annual renewal certificate bearing the number of the license, the year for which renewed, and such other information from the records of the board as said board may deem necessary for the proper enforcement of this Act.

(c) When the person's license has been expired for three years, the board shall notify the county clerk of the county in which such license may have been recorded of the cancellation, and such clerk, upon receipt of such notice from said board, shall enter upon the optometry register of such county the fact that such license has been cancelled for nonpayment of annual renewal fee and shall notify the board in writing that such entry has been made.

(d) Practicing optometry without an annual renewal certificate for the current year as provided herein, shall have the same force and effect and be subject to all penalties of practicing optometry without a license.

Art. 4552-4.01A. Expiration Dates of Licenses; Proration of Fees

The board by rule may adopt a system under which licenses expire on various dates during the year, and the final date for payment of the fee, the date for notice of nonpayment, and the date for license cancellation shall be adjusted accordingly. For the year in which the license expiration date is changed, license fees payable on or before January 1 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

Art. 4552-4.01B. Educational Requirement for Renewal

(a) Each optometrist licensed in this state shall take annual courses of study in subjects relating to the utilization and application of scientific, technical, and clinical advances in vision care, vision therapy, visual training, and other subjects relating to the practice of optometry regularly taught by recognized optometric universities and schools.

(b) The length of study required is 12 hours per calendar year.

(c) The continuing education requirements established by this section shall be fulfilled by attendance in continuing education courses sponsored by an accredited college of optometry or in a course approved by the board. Attendance at a course of study shall be certified to the board on a form provided by the board and shall be submitted by each licensed optometrist in conjunction with his application for renewal of his license and submission of renewal fee.

(d) The board may take action necessary in order to qualify for funds or grants made available by the United States or an agency of the United States for the establishment and maintenance of programs of continuing education.

(e) Licensees who have not complied with the requirement of this section may not be issued a renewal license, except for the following persons who are exempt:

(1) a person who holds a Texas license but who does not practice optometry in Texas;

(2) a licensee who served in the regular armed forces of the United States during part of the 12

Art. 4552-4.01B  HEALTH—PUBLIC  2876

months immediately preceding the annual license renewal date;

(3) a licensee who submits proof that he suffered a serious or disabling illness or physical disability which prevented him from complying with the requirements of this section during the 12 months immediately preceding the annual license renewal date; or

(4) a licensee first licensed within the 12 months immediately preceding the annual renewal date.

[Acts 1975, 64th Leg., p. 1875, ch. 591, § 1, eff. Sept. 1, 1975.]

Art. 4552-4.02. Renewal After Discharge From Military

Any licensed optometrist whose renewal certificate has expired while he has been engaged in active duty with any United States military service or with the United States Public Health Service, engaged in full-time federal service, or engaged in training or education under the supervision of the United States, preliminary to induction into the military service, may have his renewal certificate reinstated without paying any lapsed renewal fee or registration fee, or without passing an examination, if within one year after termination of said service, training or education, other than by dishonorable discharge, he furnishes the board with affidavit to the effect that he has been so engaged and that his service, training or education has been so terminated.

Art. 4552-4.03. Lost or Destroyed License

If any license issued under this law shall be lost or destroyed, the holder of said license shall make an affidavit of its loss or destruction, and that he is the same person to whom such license was issued, and such other information as may be desired by the board, and shall upon payment of a fee of $10 be granted a license under this law.

Art. 4552-4.04. Revocation, Suspension, etc.

(a) By five or more votes, the board may refuse to issue a license to an applicant, revoke or suspend a license, or reprimand a licensee if it finds that:

(1) the applicant or licensee is guilty of any fraud, deceit, dishonesty, or misrepresentation in the practice of optometry or in his seeking admission to such practice;

(2) the applicant or licensee is unfit or incompetent by reason of negligence;

(3) the applicant or licensee has been convicted of a felony or a misdemeanor which involves moral turpitude;

(4) the applicant or licensee is an habitual drunkard or is addicted to the use of morphine, cocaine or other drugs having similar effect or has become insane or has been adjudged by a court of competent jurisdiction to be of unsound mind;

(5) the licensee has directly or indirectly employed, hired, procured, or induced a person, not licensed to practice optometry in this state, to so practice;

(6) the licensee directly or indirectly aids or abets in the practice of optometry any person not duly licensed to practice under this Act;

(7) the licensee lends, leases, rents or in any other manner places his license at the disposal or in the service of any person not licensed to practice optometry in this state;

(8) the applicant or licensee has willfully or repeatedly violated any of the provisions of this Act;

(9) the licensee has willfully or repeatedly represented to the public or any member thereof that he is authorized or competent to cure or treat diseases of the eye; or

(10) the licensee has his right to practice optometry suspended or revoked by any federal agency for a cause which in the opinion of the board warrants such action.

(b) Any person may begin proceedings under this section by filing charges with the board in writing and under oath. If charges are filed against a person or if the board proposes to refuse a person’s application for a license or to suspend or revoke a person’s license, the person is entitled to a hearing before the board. Except as provided by Subsection (c) of this section, proceedings are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes).

(c) The petition for judicial review of a board action may be filed in a district court in the county of residence of the person against whom the original charges were filed.

(d) Upon application, the board may reissue a license to practice optometry to a person whose license has been revoked but such application shall not be made prior to one year after the revocation and shall be made in such manner and form as the board may require.

(e) Nothing in this Act shall be construed to prevent the administrator or executor of the estate of a deceased optometrist from employing a licensed optometrist to carry on the practice of such deceased during the administration of such estate nor to prevent a licensed optometrist from working for such person during the administration of the estate when the legal representative thereof has been au-
authorized by the county judge to continue the operation of such practice.

(5) A violation of this Act which occurs four or more years prior to the filing of a complaint which results in a disciplinary hearing before the board on that complaint shall not be considered a violation for purposes of disciplinary action under Subdivisions (8) and (9) of Subsection (a) of this section.

ARTICLE 5. DUTIES OF LICENSEES; CONDUCT OF LICENSEES AND OTHERS

Art. 4552-5.01. Display of License

Every person practicing optometry in this state shall display his license or certificate in a conspicuous place in the principal office where he practices optometry and whenever required, exhibit such license or certificate to said board, or its authorized representative, and whenever practicing said profession of optometry outside of, or away from said office or place of business, he shall deliver to each person fitted with glasses a bill, which shall contain the prices charged for the same respectively.

Art. 4552-5.02. Recordation of License

It shall be unlawful for any person to practice optometry within the limits of the state who has not registered and recorded his license in the office of the county clerk of the county in which he resides, and in each county in which he practices, together with his age, post-office address, place of birth, subscribed and verified by his oath. The fact of such oath and record shall be endorsed by the county clerk and by the county judge of said county upon the license, and whenever required, exhibit such license or certificate to said board, or its authorized representative.

[Ae 1969, 61st Leg., p. 1298, ch. 401, § 5.01, eff. Sept. 1, 1969.]

Art. 4552-5.03. Optometry Register

Each county clerk in this state shall purchase a book of suitable size, to be known as the “Optometry Register” of such county, and set apart at least one full page for the registration of each optometrist, and record in said optometry register the name and record of each optometrist who presents for record a license or certificate issued by the state board. When an optometrist shall have his license revoked, suspended, or cancelled, said county clerk, upon being notified by the board, shall make a note of the fact beneath the record in the optometry register, which entry shall close the record and be prima facie evidence of the fact that the license has been so cancelled, suspended or revoked. The county clerk of each county shall, upon the request of the secretary of the board, certify to the board a correct list of the optometrists then registered in the county, together with such other information as the board may require.

Art. 4552-5.04. Practice Without License; Fraud; House-to-House

It shall be unlawful for any person to:

(2) buy, sell, or fraudulently obtain any optometry diploma, license, record of registration or aid or abet therein;

(3) practice, offer, or hold himself out as authorized to practice optometry or use in connection with his name any designation tending to imply that he is a practitioner of optometry if not licensed to practice under the provisions of this Act;

(4) practice optometry during the time his license shall be suspended or revoked;

(5) practice optometry from house-to-house or on the streets or highways, notwithstanding any laws for the licensing of peddlers. This shall not be construed as prohibiting an optometrist or physician from attending, prescribing for and furnishing spectacles, eyeglasses or ophthalmic lenses to a person who is confined to his abode by reason of illness or physical or mental infirmity, or in response to an unsolicited request or call, for such professional services.

Art. 4552-5.05. Treating Diseased Eyes

Anyone practicing optometry who shall prescribe for or fit lenses for any diseased condition of the eye, or for the disease of any other organ of the body that manifests itself in the eye, shall be deemed to be practicing medicine within the meaning of that term as defined by law. Any such person possessing no license to practice medicine who shall so prescribe or fit lenses shall be punished in the same manner as is prescribed for the practice of medicine without a license.

paper, magazine or any work of literature or art, or any item of merchandise whatsoever.

Art. 4552-5.07. Prescribing Without Examination

No licensed optometrist shall sign, or cause to be signed, a prescription for an ophthalmic lens without first making a personal examination of the eyes of the person for whom the prescription is made.

Art. 4552-5.08. Practice While Suffering from Contagious Disease

No licensed optometrist shall practice optometry while knowingly suffering from a contagious or infectious disease.

Art. 4552-5.09. Deceptive Advertising

(a) A person may not publish or display or cause or permit to be published or displayed in any newspaper or by radio, television, billboard, window display, or any other means or medium, any statement or advertisement concerning ophthalmic services or materials, including but not limited to lenses, frames, spectacles, contact lenses, or parts thereof, which is false, deceptive, or misleading.

(b) Any advertisement of prescription spectacles or contact lenses is required to contain language to the effect that an eye doctor's prescription is required for the purchase of such prescription spectacles or contact lenses.

(c) Any advertisement of the price of prescription spectacles or contact lenses is required to contain the following information:

(1) a statement of whether or not the cost of an examination by an eye doctor is included in the price;

(2) if the advertised goods are to be available to the public at the advertised price for less than 30 days after the date of publication of the advertisement, the advertisement shall state the time limitation on the offer;

(3) if the advertised goods are to be available to the public in limited quantities and no rainchecks are given upon total depletion of the inventory of the goods advertised, the advertisement shall state the total quantity available to all customers; and

(e) Any person who shall be injured by another person who violates any provision of this section may institute suit in any district court of the county wherein the violation is alleged to have occurred to require enforcement by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees.

(f) The attorney general or the Texas Optometry Board may institute suit in any district court of the county in which a violation of this section is alleged to have occurred to require enforcement by injunctive procedures and to recover a civil penalty not to exceed $10,000 per violation, plus costs of court and reasonable attorney's fees.

(g) Violations of this section are actionable under the Deceptive Trade Practices-Consumer Protection Act, as amended (Subchapter E, Chapter 17, Title 2, Business & Commerce Code).1

1 Business and Commerce Code, § 17.41 et seq.

Art. 4552-5.10. Board Rules Restricting Advertising

The board may not adopt substantive rules restricting competitive bidding or advertising by a person regulated by the board except to adopt such rules as are necessary to prevent false, misleading, or deceptive practices.

Art. 4552-5.11. Control of Optometry Prohibited

(a) Any person who is a manufacturer, wholesaler, or retailer of ophthalmic goods is prohibited from:

(1) directly or indirectly controlling or attempting to control the professional judgment, the manner of practice, or the practice of an optometrist; or

(2) directly or indirectly employing or hiring or contracting for the services of an optometrist if any part of such optometrist's duties involve the practice of optometry; or

(3) directly or indirectly making any payment to an optometrist for any service not actually rendered.

(b) For purposes of this section “controlling or attempting to control the professional judgment, the manner of practice, or the practice of an optometrist” shall include but not be limited to:

(1) setting or attempting to influence the professional fees of an optometrist;

(2) setting or attempting to influence the office hours of an optometrist;

(3) restricting or attempting to restrict an optometrist's freedom to see patients on an appointment basis;
(4) terminating or threatening to terminate any lease, agreement, or other relationship in an effort to control the professional judgment, manner of practice, or practice of an optometrist;

(5) providing, hiring, or sharing employees or business services or similar items to or with an optometrist; or

(6) making or guaranteeing a loan to an optometrist in excess of the value of the collateral securing the loan.

c. It is the intent of the legislature to prevent manufacturers, wholesalers, and retailers of ophthalmic goods from controlling or attempting to control the professional judgment, manner of practice, or the practice of an optometrist, and the provisions of this section shall be liberally construed to carry out this intent.

d. Any person who shall be injured by another person who violates any provision of this section may institute suit in any district court in the county wherein the violation is alleged to have occurred to require enforcement of this section by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees. Where a manufacturer, wholesaler, or retailer of ophthalmic goods has been found to be in violation of this section, any person injured as a result of such violation, including any optometrist who is a lessee of such manufacturer, wholesaler, or retailer, shall be entitled to all remedies in this section.

e. The attorney general or the Texas Optometry Board may institute suit against a manufacturer, wholesaler, or retailer of ophthalmic goods in any district court of the county wherein the violation is alleged to have occurred to require enforcement of this section by injunctive procedures and to recover civil penalty not to exceed $1,000 for each day that a violation of this section is found to have occurred, plus costs of court and reasonable attorney's fees.

f. Violations of this section are actionable under the Deceptive Trade Practices-Consumer Protection Act, as amended (Subchapter E, Chapter 17, Title 2, Business & Commerce Code).  

(1) In order to insure an adequate examination of a patient for whom an optometrist signs or causes to be signed a prescription for an ophthalmic lens, in the initial examination of the patient the optometrist shall make and record, if possible, the following findings of the condition of the patient:

1. Case History (ocular, physical, occupational and other pertinent information).

2. Far point acuity, O.D., O.S., O.U., unaided; with old glasses, if available, and with new glasses, if any.

3. External examination (lids, corneas, scleras, etc.).

4. Internal ophthalmoscopic examination (medias, fundus, etc.).

5. Static retinoscopy, O.D., O.S.

6. Subjective findings, far point and near point.

7. Phorias or ductions, far and near, lateral and vertical.

8. Amplitude or range of accommodation.

9. Amplitude or range of convergence.

10. Angle of vision, to right and to left.

(b) Every prescription for an ophthalmic lens shall include the following information: interpupillary distance, far and near; lens prescription, right and left; color or tint; segment type, size and position; the optometrist's signature.

c. The willful or repeated failure or refusal of an optometrist to comply with any of the foregoing requirements shall be considered by the board to constitute prima facie evidence that he is unfit or incompetent by reason of negligence within the meaning of Section 4.04(a)(3) of this Act, and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instances in which it is alleged that the rule was not complied with. At a hearing pursuant to the filing of such charges, the person charged shall have the burden of establishing that compliance with the rule in each instance in which proof is adduced that it was not complied with was not necessary to a proper examination of the patient in that particular case.

1. Article 4552-4.04(a)(3).

Art. 4552-5.13. Professional Responsibility

(a) The provisions of this section are adopted in order to protect the public in the practice of optometry, better enable members of the public to fix professional responsibility, and further safeguard the doctor-patient relationship.

(b) No optometrist shall divide, share, split, or allocate, either directly or indirectly, any fee for optometric services or materials with any lay person, firm or corporation, provided that this rule shall not be interpreted to prevent an optometrist from paying an employee in the regular course of
Art. 4552-5.13  HEALTH—PUBLIC  2880

employment, and provided further, that it shall not be construed as a violation of this Act for any optometrist to lease space from an establishment on a percentage or gross receipts basis or to sell, transfer or assign accounts receivable.

c. No optometrist shall divide, share, split or allocate, either directly or indirectly, any fee for optometric services or materials with another optometrist or with a physician except upon a division of service or responsibility provided that this rule shall not be interpreted to prevent partnerships for the practice of optometry. This Act does not prohibit an optometrist from being employed on a salary, with or without bonus arrangements, by a licensed optometrist or physician, regardless of the amount of supervision exerted by the employing optometrist or physician over the office in which the employed optometrist works, provided such bonus arrangements, if any, shall not be based in whole or in part on the business or income of any optical company.

d. An optometrist may practice optometry under a trade name or an assumed name or under the name of a professional corporation or a professional association. Every optometrist practicing in the State of Texas, including those practicing under a trade name or assumed name, shall be required to display the actual name under which he is licensed by the board in a manner such that his name will be visible to the public prior to entry of the optometrist's office reception area.

e. No optometrist shall use, cause or allow to be used, his name or professional identification, as authorized by Article 4590e, as amended, Revised Civil Statutes of Texas, 1925, on or about the door, window, wall, directory, or any sign or listing whatsoever, of any office, location or place where optometry is practiced, unless said optometrist is actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

(f) No optometrist shall practice or continue to practice optometry in any office, location or place of practice where any name, names or professional identification on or about the door, window, wall, directory, or any sign or listing whatsoever, or in any manner used in connection therewith, shall indicate or tend to indicate that such office, location or place of practice is owned, operated, supervised, staffed, directed or attended by any person not actually present and practicing optometry therein during the hours such office, location or place of practice is open to the public for the practice of optometry.

(g) The requirement of Subsections (e) and (f) of this section that an optometrist be "actually present" in an office, location or place of practice holding his name out to the public shall be deemed satisfied if the optometrist is, as to such office, location or place of practice, either:

(1) physically present therein more than half the total number of hours such office, location, or place of practice is open to the public for the practice of optometry during each calendar month for at least nine months in each calendar year; or

(2) physically present in such office, location, or place of practice for at least one-half of the time such person conducts, directs, or supervises any practice of optometry.

(h) Nothing in this section shall be interpreted as requiring the physical presence of a person who is ill, injured, or otherwise incapacitated temporarily.

(i) The requirement of Subsections (e) and (f) of this section that an optometrist be "practicing optometry" at an office, location, or place of practice holding his name out to the public shall be deemed satisfied if the optometrist regularly makes personal examination at such office, location, or place of practice of the eyes of some of the persons prescribed for therein or regularly supervises or directs in person at such office, location or place of practice such examinations.

(j) The willful or repeated failure or refusal of an optometrist to comply with any of the provisions of this section shall be considered by the board to constitute prima facie evidence that such optometrist is guilty of violation of this Act, and shall be sufficient ground for the filing of charges to cancel, revoke or suspend his license. The charges shall state the specific instance or instances in which it is alleged that the rule was not complied with. Alternatively, or in addition to the above, it shall be the duty of the board to institute and prosecute an action in a court of competent jurisdiction to restrain or enjoin the violation of any of the preceding rules.

Art. 4552-5.14. Lease of Premises from Mercantile Establishment

(a) In order to safeguard the visual welfare of the public and the optometrist-patient relationship, fix professional responsibility, establish standards of professional surroundings, more nearly secure to the patient the optometrist's undivided loyalty and service, and carry out the prohibitions of this Act against placing an optometric license in the service or at the disposal of unlicensed persons, the provisions of this section are applicable to any optometrist who leases space from and practices optometry on the premises of a mercantile establishment.

(b) The practice must be owned by a Texas-licensed optometrist. Every phase of the practice and the leased premises shall be under the exclusive control of a Texas-licensed optometrist.

c. The prescription files and all business records of the practice shall be the sole property of the optometrist and free from involvement with the
mercantile establishment or any unlicensed person. Except, however, that those business records essential to the successful initiation or continuation of a percentage of gross receipts lease of space may be inspected by the applicable lessor.

(d) The lease space shall be definite and apart from the space occupied by other occupants of the premises. It shall be separated from space used by other occupants of the premises by solid, opaque partitions or walls from floor to ceiling. Railings, curtains, and other similar arrangements are not sufficient to comply with this requirement.

(e) The leased space shall have a patient's entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. The aisle of a mercantile establishment does not comply with this requirement. An entrance to the leased space is not a patient's entrance within the meaning of this subsection, unless actually used as an entrance by the optometrist's patients.

(f) No phase of the optometrist's practice shall be conducted as a department or concession of the mercantile establishment; and there shall be no legends or signs such as "Optical Department," "Optometrical Department," or others of similar import, displayed on any part of the premises or in any advertising.

(g) The optometrist shall not permit his name or his practice to be directly or indirectly used in connection with the mercantile establishment in any advertising, displays, signs, or in any other manner.

(h) All credit accounts for patients shall be established with the optometrist and not the credit department of the mercantile establishment. However, nothing in this subsection prevents the optometrist from thereafter selling, transferring, or assigning any such account.

Art. 4552-5.15. Relationships of Optometrists with Dispensing Opticians

(a) The purpose of this section is to insure that the practice of optometry shall be carried out in such a manner that it is completely and totally separated from the business of any dispensing optician, with no control of one by the other and no solicitation for one by the other, except as herein-after set forth.

(b) If an optometrist occupies space for the practice of optometry in a building or premises in which any person, firm, or corporation engages in the business of a dispensing optician, the space occupied by the optometrist shall be separated from the space occupied by the dispensing optician by solid partitions or walls from floor to ceiling. The space occupied by the optometrist shall have a patient's entrance opening on a public street, hall, lobby, corridor, or other public thoroughfare. An entrance is not a patient's entrance within the meaning of this subsection unless actually used as an entrance by the optometrist's patients.

(c) An optometrist may engage in the business of a dispensing optician, own stock in a corporation engaged in the business of a dispensing optician, or be a partner in a firm engaged in the business of a dispensing optician, but the books, records, and accounts of the firm or corporation must be kept separate and distinct from the books, records, and accounts of the practice of the optometrist.

(d) No person, firm, or corporation engaged in the business of a dispensing optician, other than a licensed optometrist or physician, shall have, own, or acquire any interest in the practice, books, records, files, equipment, or materials of a licensed optometrist, or have, own, or acquire any interest in the premises or space occupied by a licensed optometrist for the practice of optometry other than a lease for a specific term without retention of the present right of occupancy on the part of the dispensing optician. In the event an optometrist or physician who is also engaged in the business of a dispensing optician (whether as an individual, firm, or corporation) does own an interest in the practice, books, records, files, equipment or materials of another licensed optometrist, he shall maintain a completely separate set of books, records, files, and accounts in connection therewith.

(e) If, after examining a patient, an optometrist believes that lenses are required to correct or remedy any defect or abnormal condition of vision, the optometrist shall so inform the patient and shall expressly indicate verbally or by other means that the patient has two alternatives for the preparation of the lenses according to the optometrist's prescription: First, that the optometrist will prepare or have the lenses prepared according to the prescription; and second, that the patient may have the prescription filled by any dispensing optician but should return for an optometrical examination of the lenses.

Art. 4552-5.16. Leasing Space on Percentage Basis; Transferring Accounts Receivable

It shall not be construed as a violation of this Act for any optometrist to lease space from an establishment on a percentage or gross receipts basis or to sell, transfer or assign accounts receivable.

Art. 4552-5.17. Exceptions

Nothing in this Act shall be construed to apply to persons who sell ready-to-wear spectacles and eye-
glasses as merchandise at retail or officers or agents of the United States or the State of Texas, in the discharge of their official duties. Nothing in this Act shall prevent, limit, or interfere with the right of a physician duly licensed by the Texas State Board of Medical Examiners to treat or prescribe for his patients or to direct or instruct others under the control, supervision, or direction of such a physician to aid or minister to the needs of his patients according to the physician's specific directions, instructions or prescriptions; and where such directions, instructions, or prescriptions are to be followed, performed, or filled outside or away from the physician's office such directions, instructions, or prescriptions shall be in writing.

Art. 4552-5.18. Practice of Optometry Without a License

(a) It shall be a violation of this Act for any person who is not a licensed optometrist or a licensed physician to engage in the practice of optometry as such practice is defined by this Act.

(b) Any person who shall be injured by another person who violates this section may institute suit in any district court in the county wherein the violation is alleged to have occurred to require enforcement by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees.

(c) The attorney general's office or the Texas Optometry Board may institute suit in any district court in the county in which a violation of this section is alleged to have occurred to require enforcement by injunctive procedures and to recover damages sustained, plus costs of court and reasonable attorney's fees.

(d) Violations of this section are actionable under the Deceptive Trade Practices-Consumer Protection Act, as amended (Subchapter C, Chapter 17, Title 2, Business & Commerce Code).

Former art. 4552-5.18 was renumbered by Acts 1981, 67th Leg., p. 2810, ch. 738, § 2. See, now, art. 4558-5.19.

Art. 4552-5.19. Penalty

A person who violates any provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than $50 nor more than $500 or by confinement in the county jail for not less than two months nor more than six months, or both. A separate offense is committed each day a violation of this Act occurs or continues.

ARTICLE 6. MISCELLANEOUS PROVISIONS

Art. 4552-6.01. Board of Examiners Abolished

The Texas State Board of Examiners in Optometry is abolished. All property, equipment, records, files, and papers in the possession of that board are transferred to the Texas Optometry Board created by this Act. All references in the statutes to the Texas State Board of Examiners in Optometry shall be construed to mean the Texas Optometry Board.

The Board shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of the law regulating the practice of podiatry or the regulations promulgated in accordance therewith, and in such connection a temporary injunction may be granted. Said action for an injunction shall be in addition to any other action, proceeding or remedy authorized by law. The Board shall keep a correct record of all the proceedings of the Board, and of all moneys received or expended by the Board, which record shall be open to public inspection at all reasonable times. Every license and annual renewal certificate issued shall be numbered and recorded in a book kept by the Board. The records shall be kept by the Board.

(e) Whenever it appears that a person has violated or is violating any provision of this Article or of a rule adopted or determination made by the Board pursuant to Section (a) of this Article, then the Board may cause a civil suit to be instituted in a district court for injunctive relief to restrain the person from continuing the violation, or for the assessment and recovery of a civil penalty of not less than Fifty Dollars ($50) nor more than Five Hundred Dollars ($500) for each day of violation, as the court may deem proper, or for both injunctive relief and civil penalty. At the request of the Board, the attorney general shall institute and conduct a suit in the name of the State of Texas for injunctive relief or to recover the civil penalty, or for both injunctive relief and penalty.

(f) The provisions of this Article are cumulative of and supplementary to Article 4568, Revised Civil Statutes of Texas, 1925, as amended, Chapter 6, Section 6, Acts of the 60th Legislature, Regular Session, 1987 (Article 4975a, Vernon’s Texas Civil Statutes), and do not repeal or supersede either of those Articles, either in whole or in part.

(c) The examinations shall be written and practical and in the English language, and all applicants that possess the qualifications required for an examination and who shall pass the examinations prescribed with a general average of seventy-five per cent (75%) in all subjects and not less than sixty per cent (60%) in any one subject shall be issued a license by the Board to practice podiatry in this State.

(g) Applicants who fail to satisfactorily pass an examination and are refused a license for such failure shall be required to pay the regular examination fee for all subsequent re-examinations.

(h) All examinations or re-examinations shall be in all subjects as provided for in this Article.

(e) If the faculty appointment of a podiatrist licensed under this article is terminated, his license issued under this article terminates. However, nothing in this article is to be construed to prohibit the podiatrist from applying for and obtaining a license or in any way affect a license obtained by the podiatrist by complying with Article 4569, Revised Civil Statutes of Texas, 1925, as amended, and other applicable laws relating to the practice of podiatry.

1 Article 4567 et seq.
The annual license renewal fee shall be paid to the Board by mail, all Texas licensed podiatrists at their last known address that the annual license renewal fee is due on the following September first.

Art. 4571. Licenses

Annual License Renewal

Sec. 1. (a) The Texas State Board of Podiatry Examiners shall set and may from time to time change the amount of the annual license renewal fee as in the Board's judgment may be needed to provide for the reasonable costs and expenses of the Board in performing its duties and the administration of the law regulating the practice of podiatry. The annual license renewal fee shall be paid to the Board.

(b) The Texas State Board of Podiatry Examiners on or before August first of each year shall notify, by mail, all Texas licensed podiatrists at their last known address that the annual license renewal fee is due on the following September first.

(c) A person may renew his unexpired license by paying to the Board before the expiration date of the license the required renewal fee.

(d) If a person's license has been expired for 90 days or less, the person may renew the license by paying to the Board the required renewal fee and a fee that is equal to the examination fee as provided for in this Article, and sufficient reason, the owner of the license shall make application for such amended license to the Secretary-Treasurer of the Board setting forth the reason an amended license should be issued, and unless the records of the Board show a license had been issued and been in full force and effect at the time of such loss, destruction or theft, or such request for an amended license. If an amended license is issued, the original license shall be returned to the Board.

(g) If a person's license has been expired for two years or more, the person may not renew the license. The person may obtain a new license by submitting to reexamination and complying with the requirements and procedures for obtaining an original license.

Effect of Practicing Without Renewing License

Sec. 3. After the Board has declared a license suspended or revoked for nonpayment of the annual license renewal fee as provided for in this Article, the Board may thereafter in its discretion refuse to reinstate the license or issue a new license until the podiatrist, whose license has been declared suspended or revoked, has passed the regular examination for license.

Reissuance of Lost or Amended License

Sec. 4. If any license issued by the Board is lost, destroyed or stolen from the legally qualified and authorized person to whom it was issued, the owner of the license shall report the fact to the Secretary-Treasurer of the Board, in an affidavit form. The affidavit shall set forth detailed information as to the loss, destruction or theft, giving dates, place and circumstances. If the owner of a license desires to have an amended license issued to him because of a lawful change in the name or degree designation of the licensee or for any other lawful and sufficient reason, the owner of the license shall make application for such amended license to the Secretary-Treasurer of the Board setting forth the reasons the issuance of an amended license is requested. A duplicate or amended license shall be issued upon regular application of the owner of the original license and payment of a fee set by the Board for the duplicate or amended license; however, the Board shall not issue a duplicate or amended license until sufficient evidence by the owner of the original license has been submitted to prove the license has been lost or to establish the lawful reason an amended license should be issued, and unless the records of the Board show a license had been issued and been in full force and effect at the time of such loss, destruction or theft, or such request for an amended license. If an amended license is issued, the original license shall be returned to the Board.

Display of License

Sec. 5. Every person licensed by the State Board of Podiatry Examiners to practice in the state shall conspicuously display both his license and an annual renewal certificate for the current year of practice in the place or office wherein he practices.
and shall be required to exhibit such license and renewal certificate to a representative of the Board upon such representative’s official request for its examination or inspection.

Renaew After Military Service

(b) This section does not apply to a person whose license is revoked under Article 4573a of this chapter.

Acts 1967, 60th Leg., p. 181, ch. 96, § 1 to 3 changed the name of chiropody to podiatry and are codified as article 4567a; section 5 thereof increased the per diem allowance of the members of the Board of Podiatry Examiners and is set out as a note under article 4574; and section 6 thereof authorized the Board of Podiatry Examiners to enjoin violations of this chapter and is classified as article 4575a.

Section 2 of the 1977 amendatory act repealed art. 4573a and § 3 thereof provided:

“Any person whose license to practice podiatry has been cancelled, revoked or suspended by order of the Board may take an appeal to a district court of Travis County, but the decision of the Board shall not be enjoined or stayed except on application to the district court after notice to the Board. The proceeding on appeal shall be under the substantial evidence rule.

(f) The Board may, upon majority vote, rule that the order revoking, cancelling, or suspending the practitioner’s license be probated so long as the probationer conforms to such orders and rules as the Board may set out as the terms of probation. The Board, at the time of probation, shall set out the period of time constituting the probationary period.

(g) At any time while the probationer remains on probation, the Board may hold a hearing and, upon majority vote, rescind the probation if the terms of the probation have been violated or suspend or reprimand the practitioner’s license for violation of the law regulating the practice of podiatry. If the Board proposes to suspend or revoke a person’s license, the person is entitled to a hearing before the Board.

(d) Proceedings for the suspension or revocation of a license are governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes).

(e) Any person whose license to practice podiatry has been cancelled, revoked or suspended by order of the Board may take an appeal to a district court of Travis County, but the decision of the Board shall not be enjoined or stayed except on application to the district court after notice to the Board. The proceeding on appeal shall be under the substantial evidence rule.
Art. 4573

(h) Upon application, the Board may reissue a license to practice podiatry to a person whose license has been cancelled or suspended, but the application, in the case of cancellation or revocation, may not be made prior to one (1) year after the cancellation or revocation, and shall be made in such manner and form as the Board may require.

2. A person who acts as a funeral director without holding a funeral director license violates this Act. This subdivision does not apply to a registered apprentice who works under the supervision of a licensed funeral director. A person who is engaged in the business of funeral directing or who professes to be engaged in that business or who holds himself or herself out to the public as a funeral director shall be a licensed funeral director.

B. The term “directing a funeral,” or “funeral directing” as herein used, shall mean the directing or personal supervision by a licensed funeral director from the time of the first call until interment or entombment services are completed, or until the body is delivered into the hands of the persons in charge of a crematorium, or until the body is delivered to another funeral director or to a public carrier.

C. The term “first call” shall mean the beginning of the relationship and duty of the funeral director to take charge of a dead human body and have some prepared by embalming, cremation, or otherwise, for burial or disposition, provided all
laws pertaining to public health in this state are complied with. "First call" does not include calls made by ambulance, when the person dispatching the ambulance does not know whether a dead human body is to be picked up. A dead human body shall be picked up on first call only under the direction and personal supervision of a licensed funeral director or embalmer. A dead human body may be transferred from one funeral home to another funeral home and to and from a morgue where an autopsy is to be performed. D. The term "embalmer" as herein used is a person who for compensation disinfects or preserves a dead human body, entire or in part by the use of chemical substances, fluids, or gases in the body, or by the introduction of the same into the body by vascular or hypodermic injection, or by direct application into the organs or cavities, or by any other method intended to disinfect or preserve a dead human body, or restore body tissues and structures. F. The term "apprenticeship" as herein used shall be construed as diligent attention to assigned duties and other subject matter in the course of regular employment in a licensed funeral establishment in this state. This regular employment must involve at least forty (40) working hours per week which may be cumulated in any manner under actual working conditions and under the personal supervision of a licensee, in order for an apprentice to qualify as a licensed funeral director and/or embalmer.

G. The term "funeral establishment" as herein used is a place of business used in the care and preparation for burial or transportation of dead human bodies, or any place where one or more persons, either as sole owner, in co-partnership, or through corporate status, represent themselves to be engaged in the business of embalming and/or funeral directing, or as so engaged. Such funeral directing and embalming shall be performed only under the supervision and direction of a licensed funeral director and/or embalmer.

In any month in which he did not embalm at least one (1) case under the direction of a licensed embalmer, a report shall be made to the Board notwithstanding.

2. Apprentice for Funeral Director: The term of apprenticeship for a funeral director's license shall be a period of not less than twelve (12) months, and may be served concurrently with apprenticeship for an embalmer's license; however, apprenticeship must be served in twelve (12) consecutive months. A person desiring to become an apprentice funeral director shall make application to the Board on a form provided by the Board, and if the Board desires, he shall appear before at least one (1) member of the Board, or a designated representative thereof, for approval of his application, subject to review of it by the entire Board. An applicant must be not less than eighteen (18) years of age and have completed the educational requirements prescribed for a funeral director, except an applicant for a funeral director's license may elect to serve a one-year apprenticeship prior to enrolling in a course of study in funeral directing prescribed by the Board and graduating from a school of embalming or college of mortuary science. Time spent as an apprentice while engaged in a prescribed course of study in funeral directing or as a student in a school of embalming or college of mortuary science may not be counted toward the required period of apprenticeship. The application for registration shall be sworn to and accompanied by a registration fee.
not to exceed Fifteen Dollars ($15). If the application is accepted, an applicant will be issued a certificate of apprenticeship registration upon determination by the Board that his qualifications are satisfactory.

(a) An applicant for a funeral director's license and the examination therefor who has not completed one (1) year of apprenticeship prior to enrolling in a school of embalming or college of mortuary science shall be admitted to apprenticeship only in the event he shall have attained a grade of 70% or higher on the written examination given by the Board, and the payment of a registration fee not to exceed Fifteen Dollars ($15), whereupon he shall be registered as an apprentice. Provided, however, an applicant must register as an apprentice within six (6) months of such examination.

(b) An apprentice funeral director must report within ten (10) days after the end of each month each separate case with which he has assisted in handling. Each such report shall be certified to by the licensee under whom the apprentice performed the work. Throughout the period of apprenticeship the apprentice shall report on at least one (1) such case each calendar month, within the month. In any month within which he did not assist a funeral director in handling a funeral, a report shall be made to the Board notwithstanding.

(c) During the course of apprenticeship each apprentice shall assist a licensed funeral director in this state to prepare, other than by embalming, and to make final disposition of not less than sixty (60) dead human bodies, six (6) of which bodies the apprentice shall handle after the first six months of the apprenticeship. No more than two (2) apprentices may receive credit for work done on any one body.

3. Annual renewal apprenticeship certificate: Each certificate of apprenticeship issued by the Board to an apprentice embalmer or apprentice funeral director must be renewed on the first day of January of each year and will be renewed upon payment by the apprentice of a renewal fee not to exceed Fifteen Dollars ($15), provided the apprentice has observed the rules and regulations of the Board with respect to his apprenticeship. Notice shall be mailed, during the month of December each year, to each registered apprentice at his last known address, notifying him that the renewal fee is due. If a registered apprentice fails to pay the annual renewal fee by the due date, the Board shall impose a late payment penalty equal in amount to the license renewal fee. If the apprentice is delinquent in payment of the renewal fee and penalty for more than thirty (30) days, the Board shall suspend his certificate for nonpayment and shall notify such apprentice of such suspension by registered mail, addressed to his last known address. If the said renewal fee and penalty are not then paid within ninety (90) days from the date of such notice of suspension, the Board shall then cancel such certificate. Provided, however, after an apprentice certificate has been cancelled, the apprentice may apply for reinstatement within eighteen (18) months from the date such apprentice certificate was cancelled and the Board may reinstate said apprentice provided he meets all other requirements of the Board and pays the license fee and a late payment penalty equal in amount to the license fee for the period of the cancellation. A certificate of apprenticeship may not be renewed for more than a total period of five (5) years from the date of its issuance. It is provided that the registration fee of any apprentice who is actively engaged in the military service of the United States may be remitted for the duration of such service or for such fees and such time as the Board may deem advisable upon presentation of proper evidence required by the Board.

4. Notification of the Board upon entry into apprenticeship: When an apprentice enters the employ of a licensed embalmer or funeral director, he shall immediately notify the Board of the name and place of business of the licensed embalmer or funeral director whose services he has entered and the name of the funeral director or embalmer under whom he will train, and such notification shall be signed by the embalmer or funeral director in each case. If at any time thereafter such apprentice leaves the employ of the licensed embalmer or funeral director whose services he has entered, the said licensed embalmer or funeral director shall give to such apprentice an affidavit showing the length of time he has served as an apprentice with him and the number of cases handled while so employed; the original of said affidavit shall be filed with the Board and made a matter of record, and a copy shall be furnished to the apprentice. The Board shall furnish report forms to be used by each apprentice.

(a) Any apprentice registration shall be cancelled, and the applicant required to re-register, including paying the required fees, for failure to pass the Board's examination of such apprentice after only part of the apprenticeship has been completed. Provided, however, such applicant shall be given credit for apprenticeship time served under the cancelled license in any new registration.

5. A certificate of apprenticeship may be suspended or revoked as provided and set forth in Section 3, subsection II.
E. Any person engaged or desiring to engage in the practice of embalming or funeral directing in this state, in connection with the care and disposition of dead human bodies, shall make written application to the Board for a license accompanying same with a license fee not to exceed Fifty Dollars ($50). The license or licenses when issued shall be signed by a majority of the Board and shall authorize the licensee to practice the science of embalming and/or funeral directing. All licenses shall be registered in the office of the County Clerk in any county in which the holder thereof resides and practices embalming and/or funeral directing and shall be displayed conspicuously in the place of business. Every licensed embalmer and/or funeral director who desires to continue his practice shall biennially pay to the Secretary of the said Board a registration fee not to exceed Fifty Dollars ($50) for the renewal of each funeral director's license and each embalmer's license. Said license shall become due and payable biennially on the 31st day of May, and the Board will give written notice on or before April 1st, of each year that the license fees are due and payable. If a licensee fails to pay the biennial registration fee by the due date, the Board shall charge the delinquent licensee a late payment penalty equal in amount to the registration fee, and shall suspend the license and notify the licensee by certified mail, return receipt requested, of such suspension. If the licensee does not pay the registration fee and penalty before the ninetieth (90th) day after the date on which the Board declared the license suspended, as provided herein, the license shall be automatically cancelled and the Board may thereafter refuse to reinstate the licensee until the applicant has passed a regular examination for license as provided in this Act and has paid the license fee and a late payment penalty equal in amount to the license fee for the period of the cancellation. If any license issued under this Act shall be lost or destroyed, the holder of any such license may present his application for duplicate license to the State Board of Morticians, on a form to be prescribed by the Board, together with his affidavit of such loss or destruction, and that he is the same person to whom such license was issued, and such other information concerning its loss or destruction as the State Board of Morticians shall require, and shall, upon payment of a duplicate license fee not to exceed Ten Dollars ($10), as determined by the Board, be granted a duplicate license. The Board shall adopt rules to carry out the biennial licensing system.

1. Any license that has been cancelled, suspended or lapsed for a period of five (5) years or more may be reinstated only after the applicant shall have passed a written and practical examination by the Board on embalming and/or a written examination on funeral directing.

2. The board by rule shall adopt a system under which licenses expire on various dates during the year. All dates for sending notice regarding payment of fees and dates for license suspension for nonpayment shall be adjusted accordingly. For the year in which the license expiration date is changed, license fees payable on May 31 shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee which is allocable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license renewal fee is payable.

F. (1) On a reciprocal basis with other states, countries, or territories the Board may issue, without examination, a license to an applicant who has a corresponding certificate or license issued by another state, country, or territory having standards for the license that are at least substantially equivalent to those of this state and who pays a reciprocal license fee of Sixty-two Dollars and Fifty Cents ($62.50). The person's application shall be accompanied by an affidavit made by the President or Secretary of the Board of Mortician Examiners which issued the license, or by a duly constituted registration officer of the state, country, or territory by which the certificate or license was granted, and on which the application for registration in Texas is based, reciting that the accompanying certificate or license has not been cancelled, suspended or revoked, and that the statement of the qualifications made in the application for a license in Texas is true and correct. Applicants for a license under the provisions of this Act shall subscribe to an oath in writing before an officer authorized by law to administer oaths, which shall be a part of such application, stating that the license, certificate, or authority under which the applicant practiced as a funeral director or embalmer in the state, country, or territory from which the applicant removed, was at the time of such removal in full force and effect and not cancelled or suspended or revoked. Said application shall also state that the applicant is the identical person to whom the said certificate, license, or commission was issued, and that no proceeding has been instituted against the applicant for the cancellation, suspension or revocation of such certificate or license in the state, country, or territory in which the same was issued; and that no prosecution is pending against the applicant in any state or federal court for any offense which, under the laws of the State of Texas, is a felony, or is a misdemeanor related to the practice of embalming or funeral directing.

(2) Licenses granted under this subsection shall be on the following basis: Before a license is granted, the applicant shall receive a temporary permit good for one (1) year from date of issuance by the Board. At the end of one (1) year, the holder of said temporary permit shall again be considered by the Board, and if his application for license has been maintained and he meets all other requirements, the Board may grant said applicant a license.

G. Licenses currently outstanding shall be recognized under this Act. Any person, personally holding a current funeral director's and/or embalm-
er's license granted by the proper authorities in this state, shall not be required to make application for or submit to an examination, but shall be entitled to a renewal of his license, upon expiration of such current license, under the terms and conditions as herein provided for the renewal of licenses of those who may be licensed after the passage of this Act. All such persons shall be subject to every other provision of this Act.

H. The State Board of Morticians may seek appropriate injunctive relief against a funeral establishment, licensed embalmer, or funeral director who fails to comply with any provision of this Act. This Act does not affect any remedy or enforcement power under other laws. The State Board of Morticians may revoke, suspend, or place on probation any licensed funeral director and/or embalmer, or apprentices and may refuse to license or admit persons to examination for any of the following reasons all of which are offenses as provided in Section 6A of this Act:

1. The presentation to the Board of any license, certificate, or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination;

2. Conviction of a crime of the grade of a felony or of a misdemeanor that is related to the practice of embalming or funeral directing;

3. Being unfit to practice as a funeral director and/or embalmer by reason of insanity and having been adjudged by a court of competent jurisdiction to be of unsound mind;

4. The use of any statement that misleads or deceives the public, including but not limited to false or misleading statements regarding (1) any legal, religious, or cemetery requirement for funeral merchandise or funeral services, (2) the preservative qualities of funeral merchandise or funeral services in preventing or substantially delaying natural decomposition or decay of human remains, (3) the airtight or watertight properties of a casket or outer enclosure, or (4) representations as to licensed personnel in the operation of a funeral establishment;

5. The purchase, sale, barter, or use, or any offer to purchase, sell, barter, or use any license, certificate, or transcript of license or certificate, in or incident to an application to the Board of Morticians for license to practice as a funeral director and/or embalmer;

6. Altering, with fraudulent intent, any funeral director and/or embalmer license, certificate, or transcript of license or certificate;

7. The use of any funeral director and/or embalmer license, certificate, diploma, or transcript of any such funeral director and/or embalmer license, certificate, or diploma, which has been fraudulently purchased, issued, counterfeited, or materially altered;

8. The impersonation of, or acting as proxy for, another in any examination required by this Act for a funeral director and/or embalmer license;

9. The impersonation of a licensed funeral director or embalmer as authorized hereunder, or permitting, or allowing another to use his license, or certificate to practice as a funeral director or embalmer in this state;

10. Using profane, indecent or obscene language within the immediate hearing of the family or relatives of a decedent, in proximity to a deceased person whose body has not yet been interred or otherwise disposed of; or the indecent exposure of a dead human body;

11. Taking custody of, embalming, or refusing to promptly surrender a dead human body to a person or his agent authorized to make funeral arrangements for the deceased or embalming a body without the express written or oral permission of a person authorized to make funeral arrangements for the deceased or without making a documented reasonable effort over a period of at least two (2) hours to obtain the permission;

11A. Attempting without proper authority to embalm a dead human body as evidenced by the use of sutures or mechanical devices in the posing of any facial feature and:

(A) the making of any incision on the body; or

(B) the raising of any circulatory vessel of the body;

12. Wilfully making any false statement on a certificate of death;

13. Employment directly or indirectly of any apprentice, agent, assistant, embalmer, funeral director, employee, or other person on a part or full-time basis, or on commission, for the purpose of soliciting individuals or institutions by whose influence dead human bodies may be turned over to a particular funeral director or embalmer;

14. Presentation of false certification of work done as an apprentice on apprenticeship records;

15. Unfitness by reason of present drug addiction;

16. Whenever a licensee, apprentice, or any other person, whether employee, agent or representative, or one in any manner associated with a funeral establishment shall engage in solicitation as defined in this Act;

17. Failure by the Funeral Director in Charge to provide licensed personnel for attendance, direction, or personal supervision for a “first call,” as that term is defined in this Act;

18. Failure by a funeral director or embalmer to inform customers by a written notice on or near the casket of the different colors in which the three least expensive caskets displayed are available; or failure by the funeral director or embalmer to provide a casket in an available color requested by a
customer if the customer has expressed an intent to purchase the casket and if the casket can be obtained from regular commercial suppliers under normal delivery conditions within twelve (12) hours;

19. Performing acts of funeral directing or embalming, as those terms are defined in this Act, which are outside the licensed scope and authority of the licensee;

20. Engaging in fraudulent or deceptive conduct in providing funeral services or merchandise to a consumer;

21. Statement or implication by a funeral director or embalmer that a customer's concern with the cost of any funeral service or funeral merchandise is improper or indicates a lack of respect for the deceased;

22. Failure by any person arranging for funeral services or merchandise to:
   (A) inform a customer or prospective customer of the availability of a retail price list;
   (B) provide a retail price list to the customer or prospective customer for that person to keep; or
   (C) explain to the customer or prospective customer that a contractual agreement for funeral services or merchandise may not be entered into before the presentation of the retail price list to that person;

23. Failure by any person arranging for funeral services or merchandise to provide each customer a written memorandum itemizing the cost of funeral services and funeral merchandise selected by the customer; however, if the customer selects a package arrangement based on unit pricing, the itemization requirement is satisfied by providing a written memorandum that itemizes the discount provided by the package arrangement. The use of unit pricing does not preclude the presentation of the retail price list as required by Subdivision 22 of this subsection;

24. Restricting, hindering, or attempting to restrict or hinder (1) the advertising or disclosure of prices and other information regarding the availability of funeral services and funeral merchandise that is not unfair or deceptive to consumers, or (2) agreements for funeral services between any consumer or group of consumers and funeral directors or embalmers;

25. Failure to retain and make available to the State Board of Morticians, upon request, copies of all price lists, written notices, and memorandum of agreement required by this article for two years after the date of their distribution or signing;

26. Violation of this Act, or of any rule, regulation, or order revoking, suspending, or probating a license issued under this Act; and

27. Dishonest conduct or gross negligence in the practice of embalming or funeral directing that is likely to deceive, defraud, or otherwise injure the public.

I. The Board may issue such rules and regulations as may be necessary or desirable to effect the intent of the provisions of this Section.

Funeral Establishments

Sec. 4. A. All funeral establishments shall be licensed by the Board. All licenses shall expire at midnight on September 30th of each year. The license fee shall not exceed Sixty-two Dollars and Fifty Cents ($62.50) for issuance of licenses to existing establishments and for renewal licenses. Funeral establishments created after the effective date of this Act shall apply for a license, and upon satisfaction to the Board that this Section has been complied with and upon receipt of the licensing fee, which shall not exceed Two Hundred Fifty Dollars ($250), an initial license shall be duly issued to such new establishments. Not later than thirty (30) days prior to the expiration date of licenses, the Board shall cause to be issued notification in writing by mail to each licensed funeral establishment that a renewal fee not to exceed Sixty-two Dollars and Fifty Cents ($62.50) must be paid not later than September 30th before such license shall be renewed, and upon due receipt of such fees all existing licenses shall be considered automatically renewed. Any establishment which fails to pay its license renewal fee by the due date is subject to a late payment penalty equal in amount to the license renewal fee, and if the delinquency is more than thirty (30) days, the establishment shall not be permitted to operate as a funeral home until it has applied for and has been granted a new license as in the case of original applications and licenses for new funeral establishments.

B. No funeral establishment shall conduct funeral business as intended under this Act unless duly licensed.

C. Each funeral establishment shall be required to have a physical plant, equipment and personnel consisting of the following:

1. Some facilities in which funeral services may be conducted;

2. A physical plant which meets building standards and fire safety standards of the state and of the municipality in which the establishment is located;

3. Access to rolling stock consisting of at least one motor hearse;

4. A preparation room containing an operating table, sewer facilities, hot and cold running water, and other facilities necessary to comply with the sanitary code of the state and the municipality in which the room is located;

5. A display containing sufficient merchandise to permit reasonable selection, including five (5) or more adult caskets, provided that the least expensive casket offered for sale by a funeral establish-
ment must be displayed in the same general manner as other caskets are displayed;
6. Sufficient licensed personnel who will be available to conduct the operation of the funeral establishment;
7. A physical plant located at a fixed place, and not located on any tax-exempt property or cemetery; and
8. A physical plant which meets the health standards or health ordinances of the state and of the municipality in which the establishment is located.

It is expressly provided, however, that an establishment which functions solely as a commercial embalmer, as that term is defined in this Act, shall have a commercial embalmers establishment license, but shall not be required to meet the requirements of sub-sections 1 and 5 of this paragraph C.

D. 1. The Board may initiate action against a funeral establishment or in regard to the license of a funeral establishment only upon the following grounds:

(a) Failure of a funeral establishment to substantially comply with the provisions of Subsection B or C of this Section.

(b) Conducting or operating a funeral establishment in a manner which, in the discretion of the Board, after applying contemporary community standards, is found to be offensive to the common conscience and moral standards of the community where the funeral establishment is licensed or where such offensive conduct occurred.

(c) The use of any advertising statement of a character which misleads or deceives the public, or use, in connection with advertisements, the names of persons who do not hold a license as a funeral director or embalmer and represent them to be so licensed;

(d) Whenever a licensee, apprentice, or any other person, whether employee, agent or representative, or one in any manner associated with a funeral establishment shall solicit business or offer any inducement, pecuniary or otherwise, for the purpose of securing or attempting to secure business for such funeral establishment, unless such solicitation is made pursuant to a permit issued under Chapter 512, Acts of the 54th Legislature, Regular Session, 1955, as amended (Article 548b, Vernon's Texas Civil Statutes).

(e) Failure by the funeral director in charge to provide licensed personnel for attendance, direction, or personal supervision for a "first call" as that term is defined in this Act.

Provided, however, with respect to alleged violations of Subsection D-1(b), (c), (d), and (e), the Board may not initiate action against a funeral establishment or in regard to the license of a funeral establishment when the ground or grounds of complaint are based on the conduct of employees, agents or representatives of such establishment performed outside the scope and authority of their employment or contrary to the instructions of the funeral establishment and its management.

2. As to asserted violations of provisions of this Section, the Board shall have the following powers, rights and duties:

(a) The Board may, in any case, require a sworn statement setting forth matter complained of as a condition to taking further action.

(b) The Board shall cause an investigation to be made whenever a complaint is filed with or by the Board.

(c) The Board may revoke or suspend a funeral establishment or a commercial embalming establishment license or may place a licensee on probation for a violation of this Act or of a rule or regulation adopted under this Act.

E. Each funeral establishment shall designate to the Board a funeral director in charge, and such funeral director in charge shall be directly responsible for the funeral directing and embalming business of the licensee. Any change or changes in such designation shall be given to the Board promptly.

F. The Board may issue such rules and regulations as shall comply with and shall effect the intent of the provisions of this Section.

G. Any premises on which funeral directing or embalming is practiced shall be open at all times to inspection by any agent of the Board or by any duly authorized agent of the state or of the municipality in which the premises are located. Each licensed funeral establishment shall be thoroughly inspected at least once each year by an agent of the Board or by an agent of the state or a political subdivision thereof whom the Board has authorized to make inspections on its behalf. A report of this annual inspection shall be filed with the Board.

Rules and Regulations

Sec. 5. A. The Board may adopt rules and regulations and prescribe forms necessary to administer this Act.

B. Whenever it is provided in this Act that the Board may or shall issue any rules and regulations, such rules and regulations thereunder proposed shall be effective only after due notice and hearing.

Revocation, Cancellation or Suspension of Licenses of Funeral Directors, Embalmers and Apprentices

Sec. 6. The State Board of Morticians shall have the right to cancel, revoke, or suspend or place on probation the license of any individual person licensed under this Act as provided by subparagraph H of Section 3 above.

Proceedings under this Section shall be initiated by filing charges with the State Board of Morticians in writing and under oath. Said charges may be made by any person or persons. The President of
the State Board of Morticians shall set a time and place for hearing. Upon application, the Board may reinstate a license to practice as a funeral director or embalmer to a person whose license has been cancelled or suspended, but such application, in the case of cancellation or revocation, shall not be made prior to one (1) year after the cancellation or revocation, and shall be made in such a manner and form as the Board may require.

The State Board shall have the power to appoint committees from the membership. The duties of any committees appointed from the State Board of Morticians membership may consider such matters pertaining to the enforcement of this Act as shall be referred to such committees, and they shall make recommendations to the State Board of Morticians with respect thereto. The State Board of Morticians shall have the power, and may delegate the said power to any committee, to issue subpoenas, duces tecum, and to compel the attendance of witnesses, the production of books, records and documents, to administer oaths, and to take testimony concerning all matters within its jurisdiction. The determination shall be founded on sufficient legal evidence to sustain it. The State Board of Morticians shall have the right to institute an action in its own name to enjoin the violation of any of the provisions of this Act. Said action for an injunction shall be in addition to any other action, proceeding, or remedy authorized by law. The State Board of Morticians shall be represented by the Attorney General and/or the County or District Attorneys of this state, or counsel designated and empowered by the Board. Before entering any order cancelling, suspending, refusing to renew, or revoking a license to practice as a funeral director and/or embalmer, the Board shall hold a hearing in accordance with the procedure as set forth in this Act.

The provisions of this Section shall not apply to funeral establishments or licenses pertaining to funeral establishments.

Sec. 6A. A person commits an offense if the person:
(1) acts or holds himself out as a funeral director, embalmer, or apprentice, as those terms are defined in this Act, without being properly licensed under this Act or shall make a “first call” without the authorization or supervision as provided in Section 1C of this Act;
(2) is a licensed funeral director or embalmer and engages in a funeral practice that is grounds for suspension or revocation of the person’s license.

Certificate for Foreign Students

Sec. 6B. Any citizen of a country other than the United States who has completed a full course of mortuary science at a Board-approved college in Texas, may upon application to the State Board, and after payment of the same examination fee required of others, be given the Board examinations in either embalming, funeral directing or both, and, upon successfully making the minimum grades required of other applicants, may be awarded a “Certificate of Merit” by the Board. Such certificate shall in no manner authorize a holder thereof to practice embalming and/or funeral directing in this state unless the holder is otherwise licensed as an embalmer and/or funeral director under the provisions of this Act.

Administrative Procedure and Texas Register Act

Sec. 6C. (a) A person who is denied a license or certificate by the Board is entitled to a hearing before the Board in accordance with the Administrative Procedure and Texas Register Act as amended (Article 6252-13a, Vernon’s Texas Civil Statutes), if the person requests the hearing in writing.
(b) A proceeding conducted by the Board relating to the suspension or revocation of a license or certificate is governed by the Administrative Procedure and Texas Register Act as amended (Article 6252-13a, Vernon’s Texas Civil Statutes). Judicial review of the proceeding is subject to the substantial evidence rule and is governed by the Administrative Procedure and Texas Register Act.

Complaints

Sec. 6D. (a) The Board shall investigate and keep an information file about each complaint received by the Board relating to a funeral director, embalmer, apprentice, or funeral establishment.
(b) The Board shall include in each information file a description of the complaint, the date on which the complaint was filed, the name of the complainant, a description of any information obtained by the Board after investigating the complaint, a description and date of any formal actions taken by the Board relating to the complaint, a description of the current status of the complaint, and other information that the Board considers appropriate.
(c) The Board, at least as frequently as quarterly, shall notify the complainant of the status of the complaint until the complaint is finally resolved.
(d) The information file, except for information in the file obtained by the Board after investigating the complaint, is public information. The information obtained after investigating the complaint is not public information.
(e) If a person files a complaint with the Board relating to a licensed funeral director, embalmer, or funeral establishment, the Board shall furnish to the person an explanation of the remedies that are available to the person under this Act and information about appropriate state or local agencies or officials with which the person may file a complaint.
(f) The Board shall employ at least one person who is a licensed private investigator under the laws of this state and who is not regulated under
this Act. The private investigator may investigate complaints of consumer interest and other complaints received by the Board.

Consumer Information

Sec. 6E. (a) The Board shall prepare information of consumer interest explaining matters relating to funerals, describing the regulatory functions of the Board, and describing the Board's procedures by which consumer complaints are filed with and resolved by the Board.

(b) The Board shall disseminate the information to the general public.

Ex Parte Communications

Sec. 6F. The members and employees of the Board are subject to the provisions of the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), relating to ex parte communications.

Penalty

Sec. 7. (a) An offense under Section 6A of this Act is a Class B misdemeanor.

(b) The Board may file a complaint with the appropriate governmental authorities to begin prosecution of a person who commits an offense under Section 6A of this Act. The State Board of Morticians or any adversely affected party may sue a funeral establishment or licensed embalmer or funeral director who fails to comply with any provision of this Act for appropriate injunctive relief.

This Act does not affect a remedy or enforcement power under other laws. Any person who practices as a funeral director, embalmer or apprentice in violation of any provisions of this Act shall be fined not less than Fifty Dollars ($50) nor more than Five Hundred Dollars ($500) or shall be imprisoned in the county jail for not more than thirty (30) days, or both. Each day of such practice shall constitute a separate offense.

1 Article 5429k.

Art. 4584. Regulations for Delivering Bodies

All public officers, agents and servants of the state and all officers, agents and servants of any county, city, town, district, or other municipality, and of any other institution, having charge or control of dead bodies required to be buried at public expense, or bodies not claimed for burial, are hereby required (after notification in writing to do so by the Anatomical Board or its duly authorized officers, or persons designated by the authorities of said Board, then and thereafter) to announce to said Board, its authorized officer or agent, whenever such body or bodies come into his or their possession, charge or control, and must deliver such body at the discretion of the Anatomical Board, and permit the said Board and its agents, and the physicians and surgeons from time to time designated by it, who may comply with the provisions of this law, to take and remove any such body to be used within this state for the advancement of medical science.

No such notice need be given, nor any such body be delivered, if any person claiming to be and satisfying the authorities in charge of such body that he or she is of a kindred or is related by marriage to the deceased, or is a bona fide friend or representative of an organization of which the deceased was a member, may claim the said body for burial. The body shall be surrendered to the claimant, without payment to the authority in charge. To claim a body as a bona fide friend, an individual must present in writing a statement of the relationship considered to be proof of being a true bona fide friend. A similar written statement is also required of an individual representing an organization of which the deceased was a member.

A bona fide friend is herein defined as one who is "like one of the family" and is not an ordinary acquaintance. It does not include the people that follow: any officer, agent or servant of the state, or of any county, town, city, district, or other municipality and any alms house, prison, morgue, hospital, mortuary, or any other institution having charge of dead human bodies required to be buried at public expense, or bodies not claimed for burial; any employee of these with which the deceased was associated; and any patient, inmate, or ward of the institution or institutions with which the deceased was associated. These exceptions do not apply in case the friendship existed prior to the time the deceased entered the institution.

If no claimant appears immediately after death, the body shall be embalmed within twenty-four hours. It is further required that due effort be made for a period of seventy-two hours by those in charge of such alms house, prison, morgue, hospital, mortuary, or other institution having charge or control of such dead human bodies, to find kindred or relatives of such deceased and to notify them of the death. Failure by kindred or relation to claim such body within forty-eight hours after receipt of such notification shall be recognized as bringing such body under the provision of this law, and delivery shall be made as soon thereafter as may be possible to the Anatomical Board, its officers or agents. The person in charge of such institution shall file with the County Clerk an affidavit that he has made diligent inquiry to find the kindred or relatives of the deceased, stating what inquiry he has made. A body may be claimed by relatives within sixty (60) days after it has been delivered to an institution or other agency entitled to receive the same under the provisions of the law, and it shall be released to them without cost. Permission for autopsy of unclaimed bodies may be granted only by the Anatomical Board following a specific request to the Board showing sufficient evidence of medical urgency. If the body was that of a traveler who died suddenly, the Anatomical Board shall direct the institution receiving the body that it be kept for six months for purposes of identification.

Any inhabitant of the State of Texas of legal age and of sound mind may, by his will or by other written instrument, arrange for or prescribe that his body be used for the purpose of advancing medical science and that it be delivered to a medical school or dental school, or other donee authorized by the Anatomical Board. Any such bequest shall be by written instrument signed by the person making or giving the same and shall be witnessed by two (2) persons of legal age. No particular form or words shall be necessary or required for the bequest or authorization, provided that the instru-
mment conveys the clear intention of the person making the same. No appointment of administrator, executor, or court order shall be necessary before delivery of said body. The donor may revoke this disposition of his body at any time by execution of a written instrument in the same or similar manner as the original donation and bequest.

In the event any political subdivision or agency thereof, having charge or control of dead bodies required to be buried at public expense, or bodies not claimed for burial, is not required by the Anatomical Board to deliver said body to said Anatomical Board or parties of its designation, then in such event all costs of preparation for burial, including but not limited to embalming, shall be paid by the political subdivision. In the event, however, that said political subdivision is required by the Anatomical Board to deliver said body to said Anatomical Board or parties of its designation, then in such event all costs of transportation and/or preparation for burial or transportation, including but not limited to embalming, shall be paid by the Anatomical Board.

Art. 4585. Distribution of Bodies to Institutions

The board, or their duly authorized agents, may take and receive such bodies so delivered as aforesaid, and shall, upon receiving them, distribute and deliver them to and among the schools, colleges, physicians and surgeons aforesaid, including chiropractic colleges, in the manner following: Those bodies needed for lecture and demonstration in the said incorporated schools and colleges shall first be supplied; the remaining bodies shall then be distributed proportionately and equitably, the number assigned to each to be based upon the number of students receiving instruction or demonstration in normal or morbid anatomy and operative surgery, which number shall be certified by the dean of each school or college to the board at such times as it may direct. Instead of receiving and delivering said bodies themselves through their agent or servant, the said board may, from time to time, either directly or by their designated officer or agent authorize physicians and surgeons to receive them, and the number which each shall receive.

[Acts 1925, S.B. 84. Amended by Acts 1977, 65th Leg., p. 147, ch. 72, § 2, eff. April 25, 1977.]

Art. 4585A. Delivery of Bodies to State Board of Embalming and to Schools of Embalming

The board, or their duly authorized agents, may, upon receiving such bodies, deliver to the State Board of Embalming such number of the same as may be necessary for the use of said State Board of Embalming in conducting its semianual examinations; and may further deliver to any School of Embalming in this State that is recognized and certified by the State Board of Embalming such number of said bodies as the Board may in its judgment think necessary for use in instruction given in such School.

[Acts 1931, 42nd Leg., p. 310, ch. 184, § 1.]

Art. 4586. Regulations for Moving Bodies

The board may employ public carriers for the conveyance of said bodies, which shall be carefully deposited, with the least possible public display. The sender shall keep on permanent file a description by name, color, sex, age, place and cause of death of each body transmitted by him; or where the body shall be one of a person unknown, the color, age, sex, place and supposed cause of death; and any other data available for identification, such as scars, deformities, etc., shall be put on record. A duplicate of this description shall be mailed, or otherwise safely conveyed, to the person or institution to whom the body is being sent; and the person or institution receiving such body shall, without delay, safely transmit to the sender a receipt for the same in the full terms of the description furnished by the sender. All these records shall be filed in a manner to be determined by the board so that they may be at any time available for inspection by the board, or any district or county attorney of this State.

[Acts 1925, S.B. 84.]

Art. 4587. May Dissect Bodies

Any and all schools, colleges, and persons who may be designated by said Anatomical Board shall be authorized to dissect, operate upon, examine, and experiment upon such bodies hereinbefore described and distributed for the furtherance of medical science; and such dissections, operations, examinations, and experiments shall not be considered as amenable under any existing laws for the prevention of mutilation of dead human bodies. Such persons, schools, or colleges shall keep a permanent record, sufficient for identification of each body received from such anatomical board or agent, which record shall be subject to inspection by the board, or its authorized officer or agent. The board shall also have power to authorize incorporated schools or colleges and individual physicians and surgeons to experiment on the lower animals under bond as hereinafter designated.

[Acts 1925, S.B. 84.]

Art. 4588. Parties Receiving Bodies to Give Bond

No school, college, physician, or surgeon shall be allowed or permitted to receive any such body or bodies until bond shall have been given to the State by such physician or surgeon, or by or in behalf of such school or college, to be approved by the clerk of the county court in and for the county in which such physician or surgeon may reside, or in which such school or college may be situated, and to be filed in the office of said clerk; which bond shall be in the penal sum of one thousand dollars, condi-

toned that all such bodies which the said physician or surgeon, or said college, shall receive thereafter shall be used, and that all experiments on the lower animals shall be conducted only for the promotion of medical science.

[Acts 1925, S.B. 84.]

Art. 4589. Expenses

Neither the State, nor any county, nor municipality, nor any officer, agent or servant thereof, shall be at any expense by reason of the delivery or distribution of any such body; but all expense thereof, and of said board of distribution, shall be paid by those receiving the bodies in such manner as may be specified by said Anatomical Board, or otherwise agreed upon.

Persons Who May Execute an Anatomical Gift

Sec. 3. (a) Any individual who has testamentary capacity under the Texas Probate Code may give all or any part of his body for any purpose specified in Section 4, the gift to take effect upon death.

(b) Any of the following persons, in order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indications by the decedent, or actual notice of opposition by a member of the same or a prior class, may give all or any part of the decedent's body for any purposes specified in Section 4:

(1) the spouse,

(2) an adult son or daughter,

(3) either parent,

(4) an adult brother or sister,

(5) a guardian of the person of the decedent at the time of his death,

(6) any other person authorized or under obligation to dispose of the body.

(c) If the donee, or the physician of a donee, has actual notice of contrary indications by the decedent, or that a gift by a member of a class is opposed by a member of the same or a prior class, the donee shall not accept the gift. The persons authorized by subsection (h) may make the gift after death or immediately before death.

(d) A gift of all or part of a body authorizes any examination necessary to assure medical acceptability of the gift for the purposes intended.

(e) The rights of the donee created by the gift are paramount to the rights of others except as provided by Section 8(d).

Persons Who May Become Donees, and Purposes for Which Anatomical Gifts May be Made

Sec. 4. The following persons may become donees of gifts of bodies or parts thereof for the purposes stated:

...
Manner of Executing Anatomical Gifts

Sec. 5. (a) A gift of all or part of the body under Section 3(a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

(b) A gift of all or part of the body under Section 3(a) may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor in the presence of 2 witnesses who must sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence, and in the presence of 2 witnesses who must sign the document in his presence. Delivery of the document of gift during the donor’s lifetime is not necessary to make the gift valid.

c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(d) Notwithstanding Section 8(b), the donor may designate in his will, card or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

e) Any gift by a person designated in Section 3(b) shall be made by a document signed by him, or made by his telegraphic, recorded telephonic or other recorded message.

Delivery of Document of Gift

Sec. 6. If the gift is made by the donor to a specified donee, the will, card or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office which accepts them for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor’s death, the person in possession shall produce the document for examination.

Amendment or Revocation of the Gift

Sec. 7. (a) If the will, card or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:

(1) the execution and delivery to the donee of a signed statement, or
(2) an oral statement made in the presence of 2 persons and communicated to the donee, or
(3) a statement addressed to an attending physician and communicated to the donee, or
(4) a signed card or document found on his person or in his effects.

(b) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (a) or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

c) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (a).

Rights and Duties at Death

Sec. 8. (a) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, the surviving spouse or any other person authorized to give all or any part of the decedent’s body may authorize embalming and have the use of the body for funeral services, subject to the terms of the gift. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin or other persons under obligation to dispose of the body.

(b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part.
Art. 4590-2

(c) A person who acts in good faith in accordance with the terms of this Act, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act, so long as the prerequisites for an anatomical gift have been met under the laws applicable at the time and place of the making of the anatomical gift.

(d) The provisions of this Act are subject to the laws of this state prescribing powers and duties with respect to autopsies.

Art. 4590-2a. Kidney Donation by Mentally Retarded Person

Sec. 1. (a) “Mentally retarded” as used in this Act means a person who is mentally retarded pursuant to the terms and provisions of the Mentally Retarded Persons Act of 1977 (Article 5547-306, Vernon’s Texas Civil Statutes).

(b) The guardian of the person of a mentally retarded ward, 12 chronological years of age or more, may petition a district court which has jurisdiction of the guardians for an order authorizing said ward to donate one of his or her two kidneys to a father, mother, son, daughter, sister, or brother as hereinafter set out.

Sec. 2. (a) The court shall hold a hearing on the petition. An attorney ad litem and a guardian ad litem, neither of which shall be related to the ward within the second degree by consanguinity, shall be appointed by the court to represent the interest of the prospective donor.

(b) Petitioners shall have the burden of establishing good cause for the kidney donation by establishing the statutory prerequisites set out herein. The court may enter an order authorizing the kidney donation if it is established that: (1) the guardian of the prospective donor consents to the donation; (2) the prospective donor assents to the kidney transplant; (3) absent the transplant the donee will soon die or suffer severe and progressive deterioration; and with the transplant the donee will probably benefit substantially; (4) there are no medically preferable alternatives to a kidney transplant for the donee; (5) the risks of the operation and the long-term risks are minimal to the donor, and the donor will not likely suffer psychological harm; and (6) the transplant will promote the proposed donor’s best interests.

(c) Within seven days of the hearing, the court shall conduct an “in chambers” interview with the mentally retarded ward, out of the presence of the guardian, to determine whether the prospective donor assents to the donation. If the court deems it necessary, it may order a comprehensive diagnosis and evaluation, described in Section 3(24), Mentally Retarded Persons Act of 1977 (Article 5547-306, Vernon’s Texas Civil Statutes), to be performed to aid the court in evaluating the prospective donor’s capacity to agree to the donation.

(d) In order to secure a complete record, the hearing shall be adversary in nature. The attorney ad litem shall advocate the ward’s interest, if any, in not being a donor.

(e) Upon request, any party to a proceeding instituted pursuant to this Act shall be entitled to a preferential setting.

[Acts 1979, 66th Leg., p. 886, ch. 406, §§ 1, 2, eff. Sept. 1, 1979.]

Sec. 3. This Act takes effect on September 1, 1979.

Sec. 4. If any sentence, paragraph, or section of this Act shall be held invalid or unconstitutionall, such holding shall not invalidate any other sentence, paragraph, or section hereof, and the legislature hereby expressly dictates that it would have passed such remaining sentences, paragraphs, and sections despite such invalidity.

Art. 4590-3. Human Transplantations and Blood Transfusions: Liability for Negligence: Cash Payment for Blood

Declaration of Policy

Sec. 1. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this State. The imposition of legal liability without fault upon the persons and organizations engaged in such scientific procedures inhibits the exercise of sound medical judgment and restricts the availability of important scientific knowledge, skills and materials. It is therefore the public policy of this State to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to instances of negligence.

Limitation of Liability

Sec. 2. No physician, surgeon, hospital, blood bank, tissue bank, or other person or entity who donates, obtains, prepares, transplants, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transfusing or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall be liable as the result of any such activity, save and except that each such person or entity shall remain liable for his or its own negligence.

Exception

Sec. 3. (a) No blood bank may pay cash for blood. No blood bank may pay a seller for blood by check unless the check is sent to the seller by United States mail not before the expiration of 15 days following the day the blood is taken from the seller.
(b) If a blood bank purchases blood in violation of Subsection (a) of this section and the blood contains harmful substances, the blood bank is not entitled to the immunity provided in this Act.

c) In any suit brought under the exception in Subsection (b) of this section, the burden shall be on the blood bank to show that the blood was not purchased in violation of Subsection (a) of this section.

d) "Blood bank" means a blood bank licensed by the Division of Biological Standards of the National Institute of Health, or the American Association of Blood Banks.

The Governor filed the following letter with the Secretary of State along with House Concurrent Resolution No. 195, Acts 1971, 62nd Leg., p. 4122, which corrects Senate Bill No. 534 [Chapter 613 enacting this article]:

"Dear Mr. Secretary:

"On June 4, 1971, I signed Senate Bill No. 534. At that time, I was unaware that House Concurrent Resolution No. 195 had been passed by the Legislature directing the Senate Enrolling Room to make certain changes in the bill. House Concurrent Resolution No. 195 evidently was misplaced, inasmuch as it was not received by my office until June 10, 1971.

"Although I have already signed Senate Bill No. 534 into law, I am filing with my signature H.C.R. No. 195 as evidence of the legislative intent embodied in Senate Bill No. 534.

"Sincerely, Preston Smith
Governor of Texas"

House Concurrent Resolution No. 195, which was filed with the Secretary of State on June 14, 1971, reads:

"WHEREAS, Senate Bill No. 534 has been passed by both houses and is now in the Senate Enrolling Room, and certain corrections need to be made in the bill; now, therefore, be it

"RESOLVED by the House of Representatives of the State of Texas, the Senate concurring, That the Enrolling Clerk of the Senate be directed to correct the bill so that all below the enacting clause reads as follows:

"Sec. 1. Declaration Policy. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this state.

The imposition of legal liability without fault, or the determination that the furnishing of human tissue, organs, blood and components thereof is a product as opposed to a service, upon persons and organizations engaged in such scientific procedures inhibits the exercise of sound medical judgment and imposes too rigid a standard of produce liability. It is therefore the public policy of this state to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to instances of negligence.

"Sec. 2. Limitation of Liability. No physician, surgeon, hospital, blood bank, tissue bank, or other person or entity who donates, obtains, prepares, transports, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transferring or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall not be considered for any purposes as having furnished a product thereby, but performing any of the foregoing shall be considered as having provided a service and the concept of product liability shall never be applied thereto.

"Sec. 3. Declaring an Emergency. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and this Act is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted."

The Agency by rule shall provide specific criteria for the different types of licensed radioactive waste activities for the factors listed in Subdivision (5) of this subsection and may include additional factors and criteria that the Agency determines necessary for full consideration of a license.

In adopting rules for the issuance of licenses for new sites for processing or disposal of radioactive waste from other persons, the Agency shall adopt criteria for the designation of unsuitable sites, including but not limited to:
(A) flood hazard areas;
(B) areas with characteristics of discharge from or recharge of any groundwater aquifer systems; or
(C) areas where soil conditions are such that spill cleanup would be impracticable.

Under this Subdivision, the Agency shall consult with the State Soil and Water Conservation Board, the Bureau of Economic Geology, and other appropriate State agencies in the development of proposed rules and shall issue rules that:

(A) require selection of sites in areas where natural conditions minimize potential contamination of surface water and groundwater;

(B) prohibit issuance of licenses for unsuitable sites as defined by the rules of the Agency.

(C) The Agency is authorized to issue rules that exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements set forth in this Section when the Agency makes a finding that the exemption of such sources of radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public and the environment.

(D) Rules promulgated pursuant to this Act may provide for recognition of other state or federal licenses as the Agency shall deem desirable subject to such registration requirements as the Agency may prescribe.

(E) Each applicant for a license or for the renewal of a license shall demonstrate to the Agency, before the issuance or renewal of a license, that the applicant is financially qualified to conduct the licensed activity, including any required decontamination, decommissioning, reclamation, and disposal. The license shall submit proof to the Agency of its financial qualifications at such intervals as the Agency may require by rule or in the license. The qualifications of a license provided by a licensee under Section 6A or 6B of this Act shall be reevaluated every five (5) years and such reevaluation may coincide with license renewal procedures if both are to occur in the same year.

(F) A licensee may be required to provide security acceptable to the Agency to assure performance of its obligations under this Act.

(G) The amount and type of security required shall be determined under rules of the Agency in accordance with criteria that include the following:

(1) consideration of the need for and scope of any decontamination, decommissioning, reclamation, or disposal activity reasonably required to protect the public health and safety and the environment;

(2) reasonable estimates of the costs of decontamination, decommissioning, reclamation, and disposal as provided by Section 16 of this Act; and
(3) the costs of perpetual maintenance and surveillance, if any.

(b) In making the determination of whether to grant, deny, amend, revoke, suspend, or restrict a license or registration, the Agency may consider those aspects of an applicant’s or licensee’s background that, in its judgment, bear materially on ability to fulfill the obligations of licensure, including but not limited to technical competency and its record in areas involving radiation.

Additional Requirements for Certain By-Product Materials

Sec. 6A. (a) A radioactive materials license issued or renewed after the effective date of this Act, for any activity that results in the production of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act, shall minimize and to the maximum extent practicable eliminate the need for long-term maintenance and monitoring and shall contain terms and conditions the Agency determines to be necessary to assure that before termination of the license:

(1) the licensee will comply with decontamination, decommissioning, reclamation, and disposal standards prescribed by the Agency, which shall be equivalent to or more stringent than those of the Commission for sites at which such ores were processed and at which such by-product material is deposited; and

(2) the ownership of any disposal site other than a disposal well covered by a permit issued under Chapter 27, Water Code, as amended, and the by-product material resulting from the licensed activity shall, subject to the provisions of Subsections (b) through (f) of this Section and Subdivision (9) of Subsection (d) of Section 4 of this Act, be transferred to the State of Texas or the United States, if the State of Texas declines to acquire either the site or the by-product material, or both.

(b) The Agency may require by rule or order that before the termination of a license that is issued after the effective date of this Act, title to the land, including any affected interests in the land, other than land held in trust by the United States for any Indian tribe or owned by an Indian tribe subject to a restriction against alienation imposed by the United States, or by the State of Texas, that is used for the disposal of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act, pursuant to the license, shall be transferred to the United States or the State of Texas, unless the Commission determines, before the termination, that transfer of title to the land and the by-product material is not necessary to protect the public health, safety, or welfare or to minimize danger to life or property.

(c) If transfer to the State of Texas of title to by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and land is required, the Agency shall maintain the by-product material and land in a manner that will protect the public health, safety, and the environment.

(d) The Agency is authorized to undertake in connection with the by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and property for which it has assumed custody under this Act any monitoring, maintenance, and emergency measures necessary to protect the public health and safety and the environment.

(e) The transfer of title to land and buildings and by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act to the State of Texas does not relieve any licensee of liability for any fraudulent or negligent acts done before the transfer.

(f) Except for administrative and legal costs incurred in carrying out the transfer, by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act and land transferred to the State of Texas under this Act shall be transferred without cost to the State of Texas.

Additional Requirements for Radioactive Waste Licenses

(a) The Agency or its duly authorized representatives shall have the power to enter at all reasonable times upon any private or public property for the purpose of determining whether or not there is compliance with or violations of the provisions of this Act and rules, licenses, registrations, and orders issued thereunder, except that entry into areas under the jurisdiction of the Federal Government shall be effected only with the concurrence of the Federal Government or its duly designated representative.

(b) The authorized agents or employees of local governments may have access to examine and copy at their expense during regular business hours any records pertaining to activities licensed under Section 6B of this Act, subject to the limitations of Chapter 424, Acts of the 63rd Legislature, Regular Session, 1975, as amended (Article 2322-17a, Vernon's Texas Civil Statutes). Records copied pursuant to this section shall be public records, except that if a showing satisfactory to the Director is made by the owner of the records that the records divulge trade secrets if made public, then the Agency shall consider those copied records as confidential. Agents and employees shall not enter private property having management in residence without notifying the management, or the person in charge at the time, of their presence and exhibiting proper credentials. The agents and employees shall observe the rules and regulations of the establishment being inspected concerning safety, internal security, and fire protection.

Records

Sec. 8. (a) The Agency shall require each person who possesses or uses a source of radiation to maintain records relating to its utilization, receipt, storage, transfer, or disposal and such other records as the Agency may require subject to such exemptions as may be provided by rules.

(b) The Agency shall require each person who possesses or uses a source of radiation to maintain appropriate records showing the radiation exposure of all individuals for whom personnel monitoring is required by rules, licenses, registrations, and orders of the Agency. Copies of these records and those required to be kept by Subsection (a) of this Section shall be submitted to the Agency on request. Any person possessing or using a source of radiation shall furnish to each employee for whom personnel monitoring is required a copy of such employee's personal exposure record at any time such employee has received excessive exposure and upon termination of employment. A copy of his annual exposure record shall be furnished to the employee upon his request.

Federal-State Agreements

Sec. 9. (a) The Governor, on behalf of this state, is authorized to enter into agreements with the Federal Government providing for discontinuance of certain of the Federal Government's responsibilities with respect to sources of radiation and the assumption thereby by this state.

(b) Any person who, on the effective date of an agreement under Subsection (a) above, possesses a license issued by the Federal Government, shall be deemed to possess the same pursuant to a license issued under this Act, which shall expire either ninety (90) days after receipt from the Agency of a notice of expiration of such license, or on the date of expiration specified in the federal license, whichever is earlier.

Inspection Agreements and Training Programs

Sec. 10. (a) The Agency is authorized to enter into, subject to the approval of the Governor, an agreement or agreements with the Federal Government, other states or interstate agencies, whereby this state will perform on a cooperative basis with the Federal Government, other states or interstate agencies, inspections or other functions relating to control of sources of radiation.

(2) the determination of compliance with or the grant of exemptions from a rule or order of the Agency.

(c) Whenever the Agency finds that an emergency exists requiring immediate action to protect the public health and safety and the environment, the Agency may, without notice or hearing, issue an order reciting the existence of such emergency and requiring that such action be taken as it shall direct to meet the emergency. Notwithstanding any other provision of this Act, such order shall be effective immediately. Any person to whom such order is directed shall comply therewith immediately. On written application to the Agency within thirty (30) days of the date of the emergency order, the person to whom the order was directed shall be afforded an opportunity for a hearing. The hearing shall be held within not less than ten (10) days nor more than twenty (20) days after the Agency receives the written application. On the basis of such hearing, the emergency order shall be continued, modified, or revoked by the Agency.

(d) Judicial review of Agency decisions, rules, guidelines, and orders made, promulgated, issued, amended, or revoked under the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes), shall be under the substantial evidence rule. Sec. 11A. (a) On issuance or renewal, if the Agency determines that a license to process materials resulting in by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act will have a significant impact on the human environment, the Agency shall prepare or secure the preparation of a written analysis that shall be available to the public for written comment at least thirty (30) days before the beginning of the hearing, which shall be made a part of the record, and shall include:

(1) an assessment of the radiological and nonradiological impacts on the public health of the activity;

(2) an assessment of any impact on any waterway and groundwater resulting from the activity;

(3) consideration of alternatives, including but not limited to alternative sites and engineering methods, to the activities to be conducted under the license; and

(4) consideration of the long-term impacts, including decommissioning, decontamination, and reclamation impacts, associated with activities to be conducted under the license, including the management of by-product material as defined by Subdivision (2) of Subsection (a) of Section 3 of this Act.

(h) Notwithstanding any other provision of this Section, if the Agency finds that an emergency relating to the management of by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act exists that requires immediate action to protect the public health and safety and
the environment, the Agency may take action under Subsection (c) of Section 11 of this Act.

Special Procedures for Licensing Radioactive Waste

Sec. 11B. (a) Before a license to either process or dispose of radioactive waste from other persons is granted or renewed, the Agency shall give at least thirty (30) days' notice as provided by this subsection and provide an opportunity for a public hearing in the manner provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes), and in the formal hearing procedures of the Agency. In addition to other notice requirements, notice of a hearing under this subsection shall be given by publishing a notice stating the subject of the hearing and the time, place, and date of the hearing in the manner provided by Articles 2 through 9, Revised Civil Statutes of Texas, 1925, as amended, for publication of notice for a special law in the county where the proposed facility is to be located. Written notice of the hearing stating the same information that appears in the newspaper notice shall be sent by certified mail to persons who own property adjacent to the proposed site pursuant to rules promulgated by the Agency. Notice specifically required by this section shall be sent at least thirty (30) days before the date of the hearing. The Agency, or the applicant shall certify to this mailing, and the certificate shall be accepted at the hearing as conclusive evidence of the fact of such mailing.

(b) If the Agency amends a license, the amendment may take effect immediately. (c) Before beginning a hearing required under this section, for each proposed activity that the Agency determines has a significant impact on the human environment, the Agency shall prepare or secure the preparation of a written analysis, that shall be available to the public at least thirty (30) days before the hearing begins, of the impact of the licensed activity on the environment. The analysis shall include:

1. an assessment of the radiological and nonradiological impacts on the public health of the activity;
2. an assessment of any impact on any waterway and groundwater resulting from the activity;
3. consideration of alternatives to the activities to be conducted under the license; and
4. consideration of the long-term impacts, including decommissioning, decontamination, and reclamation impacts, associated with activities to be conducted under the license, including the management of radioactive waste.

(d) The Agency shall prohibit any major construction with respect to the activities to be licensed until requirements in Subsections (a) and (c) of this section are completed.

(e) The Agency shall assure that the management of radioactive waste is carried out in compatibility with applicable standards promulgated by the Commission.

Sec. 12. Whenever, in the judgment of the Agency, any person has engaged in or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this Act, or any rule, license, registration, or order issued thereunder, and at the request of the Agency, the Attorney General shall make application to any District Court either in Travis County or in any county in which the violation occurred or is about to occur, at his option, for an order enjoining such acts or practices, or for an order directing compliance and for reimbursement to the Radiation and Perpetual Care Fund if applicable, and for civil penalties as provided in Section 15 of this Act, and upon a showing by the Agency that such person has engaged or is about to engage in such acts or practices, a permanent or temporary injunction, restraining order, or other appropriate order may be granted.

Threat of Damage by Certain By-Product Material

Sec. 12A. (a) If the Agency determines that by-product material as defined in Subdivision (2) of Subsection (a) of Section 3 of this Act or the operation by which that by-product material is derived threatens the public health and safety and the environment and that the licensee is unable to correct or neutralize the threat, the Agency shall issue an order directing any action and corrective measures it finds necessary to correct or neutralize the threat and shall use the security provided by the licensee under this Act to pay the costs of actions and corrective measures taken or to be taken.

(b) The Agency shall send a copy of its order to the Comptroller of Public Accounts together with necessary written requests authorizing the Comptroller to enforce security supplied by the licensee,
to convert the necessary amount of security into cash, if necessary, and to disburse from this security in the fund the amount necessary to pay costs of the actions and corrective measures taken or to be taken by the Agency.

Threat of Damage by Radioactive Waste
Sec. 12B. (a) Under procedures in Subsection (c) of Section 11 of this Act, if the Agency finds that radioactive waste threatens the public health and safety and the environment and that the licensee managing the radioactive waste is unable to neutralize the threat, the Agency shall issue an order directing any action and corrective measures it finds necessary to neutralize the threat and shall use the security provided by the licensee under this Act to pay the costs of actions and corrective measures taken or to be taken.

(b) The Agency shall send a copy of its order to the Comptroller of Public Accounts together with necessary written requests authorizing the Comptroller to enforce security supplied by the licensee, to convert the necessary amount of security into cash, if necessary, and to disburse from this security in the fund the amount necessary to pay costs of the actions and corrective measures taken or to be taken by the Agency.

Actions of Local Government and Persons Affected

An offense under this subsection is a Class B misdemeanor, unless the person has been previously convicted of an offense under this subsection, in which event it is a Class A misdemeanor.

(b) A person commits an offense if he intentionally or knowingly receives, processes, concentrates, stores, transports, or disposes of radioactive waste without a valid license issued under this Act. An offense under this subsection is a Class A misdemeanor, unless the person has been previously convicted of an offense under this subsection, in which case it is a Class B misdemeanor.
event the offense is punishable by a fine of not less than Two Thousand Dollars ($2,000) nor more than One Hundred Thousand Dollars ($100,000) or confinement in the county jail for up to one (1) year or both the fine and imprisonment.

Recovery of Security

Sec. 15B. (a) If the Agency uses security from the fund to pay for actions or corrective measures to remedy spills or contamination by radioactive material resulting from a violation of this Act or a rule, license, registration, or order of the Agency, the Agency shall seek reimbursement either through an Agency order or suit filed by the Attorney General at the Agency's request.

(b) On request of the Agency, the Attorney General shall file suit to recover security under Subsection (a) of this section.

(c) Money and security deposited in the fund may be used by the Agency only for decontamination, decommissioning, stabilization, reclamation, maintenance, surveillance, control, storage, and disposal of radioactive material for the protection of the public health and safety and the environment under this Act.

(d) Money and security deposited in the fund may not be used for normal operating expenses of the Agency.

(e) If a licensed activity may require maintenance, surveillance, or other care on a continuing or perpetual basis after termination of the licensed activity, the Agency may require the licensee to pay annually to the Agency for deposit in the fund an amount determined by the Agency.

(f) Each year the Agency shall review a licensee's payments to the fund made under Subsection (e) of this section to determine if the payment schedule is adequate for the maintenance and surveillance that the licensed activity requires or may require in the future.

(g) Any estimates of costs required to be made under this Act are subject to review and change by the Agency according to the need, nature, and cost of any decontamination, stabilization, decommissioning, reclamation, and disposal activity and the maintenance and surveillance required for public health and safety and the environment. Any charges imposed for maintenance and perpetual care shall be established at a level consistent with existing technology. The charges imposed by the Agency may not exceed the estimated amount that is projected by the Agency to be required for the maintenance and surveillance and other necessary care required after termination of the licensed activity. Any increase in costs may not be applied retroactively but may result in increases in subsequent annual payments.

(h) If a licensee has satisfied all obligations under this Act, the Agency shall have the Comptroller of Public Accounts promptly refund to the licensee from the fund any excess of the amount of Subdivision (1) of this subsection over the amount of Subdivision (2) of this subsection:

(1) all payments made by the licensee to the Agency for deposit into the fund under this Act and all investment earnings on such payments; and

Art. 4590f-1. Low-Level Radioactive Waste Disposal Authority Act

ARTICLE 1. GENERAL PROVISIONS

Findings, Purpose, and Intent

Sec. 1.01. (a) Low-level radioactive wastes are generated as by-products of medical, research, and industrial activities and through the operation of nuclear power plants. Loss of capability to dispose of low-level radioactive waste would pose a threat to the health and welfare of the citizens of the state and would ultimately lead to the loss of the benefits of these activities that are dependent on reliable facilities for low-level radioactive waste disposal.

(b) This state is currently dependent on low-level radioactive waste disposal sites in other states. Recent events have demonstrated that the availability of these sites for low-level radioactive waste disposal is increasingly uncertain and as a consequence, medical institutions, research facilities, and industries within the state could be adversely affected.

(c) It is the purpose and intent of this Act to establish the Texas Low-Level Radioactive Waste Disposal Authority with responsibility for assuring much-needed disposal capability for specific categories of low-level radioactive wastes generated within this state.

Short Title

Sec. 1.02. This Act may be cited as the Texas Low-Level Radioactive Waste Disposal Authority Act.

Definitions

Sec. 1.03. In this Act:

(1) "Person" means an individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, government or governmental subdivision or agency, or any legal entity or any legal successor to or representative, agent, or agency of any of these.

(2) "Authority" means the Texas Low-Level Radioactive Waste Disposal Authority.

(3) "Agency" means the Texas Radiation Control Agency.

(4) "Radioactive material" means any solid, liquid, or gaseous material, whether occurring naturally or produced artificially, that emits radiation spontaneously.

(5) "Low-level waste" means any radioactive material that has a half-life of 35 years or less or that has less than 10 nanocuries per gram of transuranics and may include radioactive material not excluded by this subdivision with a half-life of more than 35 years if special criteria are established by the agency for disposal of that waste. The term does not include irradiated reactor fuel and high-level radioactive waste as defined by Title 10, Code of Federal Regulations.

(6) "Disposal site" means the property and facilities acquired, constructed, and owned by the authority at which low-level waste may be processed and may be disposed of permanently.

(7) "On-site operator" means a person who is employed by or who contracts with the authority and who is responsible for supervising the overall operation of a disposal site.

(8) "Management" means establishing, adopting, and entering into and assuring compliance with the general policies, rules, and contracts that govern the operation of a disposal site.

(9) "Operation" means the control, supervision, and implementation of the actual physical activities involved in the receipt, processing, packaging, storage, disposal, and monitoring of low-level waste at a disposal site and the maintenance of the disposal site and any other responsibilities designated by the board as part of the operation.

(d) Public officials and members of local boards or governing bodies of local political subdivisions of the state within which a potential site is located shall be invited to participate in appropriate evaluation activities.

Site Selection

Sec. 3.07. (a) On receiving the results of the studies and evaluations required under Sections 3.05 and 3.06 of this Act, the board shall select the site that appears from the studies to be the most suitable for a disposal site and shall hold a public hearing to consider whether or not that site should be selected as the disposal site and give 30 days notice thereof, published in the English language once a week for four consecutive weeks preceding the hearing, in some newspaper published in the county of the disposal site. If there is no newspaper published in the county or none which will publish the notice, the board shall then post such notice in writing in three public places in the county, one of which shall be at the courthouse door of the county courthouse, for at least 30 days successively before the day of the hearing. The hearing shall be commenced in the county seat at the county courthouse in which the proposed disposal site is located.

(b) Before giving notice of the hearing, the authority shall prepare a report that includes detailed information regarding all aspects of the disposal site selection process, criteria for site selection as established by the appropriate licensing authority, and summaries of the studies required under Section 3.06 of this Act and the evaluations under Section 3.06 of this Act and shall make this report available to the public. The authority may contract for the distribution of the report and may hold or contract with others to hold informational seminars for the public.

(c) On a thorough consideration of the studies and evaluations relating to site selection required under Sections 3.05 and 3.06 of this Act, the criteria required to be used in those studies, and testimony and evidence presented at the hearing, the board shall determine if the proposed disposal site should be selected, and if the board selects that site as the disposal site, the board shall issue an order designating that site as the proposed disposal site, shall issue a final report, and shall direct the general manager to prepare necessary applications, disposal plans, and other material for obtaining licenses and other authorizations for the disposal site. If the board determines that the proposed site should not be selected, it shall issue an order rejecting selection of the site and shall call another hearing to consider another site that appears from the studies and evaluations under Sections 3.05 and 3.06 of this Act to be suitable. The board shall continue to follow the procedures under Subsection (a) of this section and this subsection until a suitable disposal site is selected.

(d) A copy of the final report and order selecting a disposal site shall be submitted to the governor and to the legislature for informational purposes.

(e) The authority may appoint a mediator to consider the views of parties interested in the selection of a disposal site. The mediator may conduct a series of meetings with delegates from groups of interested parties. The selection of delegates shall be determined by criteria established by the board. Mediation meetings may be held in the counties in which the potential sites are located and shall be held prior to the public hearing required by Subsection (a) of this section. The mediator shall prepare a report and submit it to the board before the notice is given of the public hearing.

Payment for Construction Work

Sec. 3.18. (a) The authority shall pay the contract price of construction contracts as provided in this section.

(b) The authority will make progress payments under construction contracts monthly as the work proceeds or at more frequent intervals as determined by the board.

(c) If requested by the board, the contractor shall furnish an analysis of the total contract price showing the amount included for each principal category of the work in such detail as requested to provide a basis for determining progress payments.

(d) In making progress payments, 10 percent of the estimated amount shall be retained until final completion and acceptance of the contract work. However, if the board, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, it may authorize any
of the remaining progress payments to be made in
fall. Also, if the work is substantially complete, the
board, if it finds the amount retained to be in excess
of the amount adequate for the protection of the
authority, may release to the contractor all or a
portion of the excess amount.

(e) On completion and acceptance of each separ­
ate project, work, or other division of the contract,
on which the price is stated separately in the con­
tract, payment may be made without retention of a
percentage.

(f) When construction work is completed accord­

draw a warrant on the depository to pay any bal­

Contracts for Purchase of Equipment, Materials,
Supplies, etc., Over $5,000

under this Act to manage and operate the disposal
sites in a manner that will protect the public health
and safety and the environment.

(b) The board may enter into contracts with per­

a disposal site, but no contract may include provi­

rules establishing criteria for determining the com­

of a disposal site in the operation of a disposal site.

(c) The board shall manage and, if necessary,

with any license issued for the site by the agency
or by the federal government, fail to comply with the
rules of the authority, or fail to comply with the
contract the contract is subject to termination after
notice and hearing.

(g) In contracting with a person under Subsection
(b) of this section, the board may:

(1) select the person with whom it will contract
before it obtains the license for the disposal site so
that it may allow the person with whom it contracts
to advise and consult with the board, general

inspect all packaged radioactive waste before it is
transported to a Texas permanent disposal site.
The rules of the department shall provide that the
department charge a reasonable fee for the inspec­

inspection of the radioactive waste.
(b) For shipments of low-level waste that are in excess of 75 cubic feet, the person making the shipment shall give the on-site operator of the disposal site written notice of the shipment containing information required by the board at least 72 hours before shipment of the low-level waste to the disposal site begins.

(c) On arrival of a shipment of low-level waste at a disposal site, the on-site operator or his agent shall determine that the waste complies with all laws, rules, and standards relating to processing and packaging of low-level waste before the waste is accepted for disposal at the disposal site.

(d) If low-level waste that is not properly processed or packaged arrives at a disposal site, the on-site operator or his agent shall properly process and package the waste for disposal and charge the person making the shipment the fee required by Section 4.08 of this Act.

(e) The on-site operator or his agent shall report to the federal and state agencies that establish rules and standards for processing, packaging, and transportation of low-level waste any person who delivers to a disposal site low-level waste that is not properly processed or packaged.

Limitations on Waste Disposal

Sec. 3.22. (a) Only low-level waste that is generated within the State of Texas may be accepted by a disposal site.

Disposal Site Activities

Sec. 3.23. Disposal sites shall be used for permanent storage of low-level wastes, and the authority may adopt any methods and techniques for permanent disposal that comply with federal and state standards for low-level waste disposal and that protect the public health and safety and the environment. Also, the authority may provide facilities at disposal sites for processing and packaging low-level waste for disposal.

Emergency Response

Sec. 3.24. (a) To protect the public health and safety and the environment, the board, after notice and hearing, shall adopt an emergency response plan for each disposal site to be implemented in the event a disposal site becomes a threat to the public health or safety or the environment.

(b) The authority shall cooperate with and seek the cooperation of federal and state agencies responsible for regulating disposal sites and of federal, state, and local agencies engaged in disaster relief activities.

Decommissioning and Closing Disposal Sites

Sec. 3.25. (a) On a finding by the board, after notice and hearing, that a disposal site should be closed, the authority and any operator with which it has contracted shall proceed with decommissioning of the disposal site in compliance with federal and state laws and rules and standards adopted under those laws and with rules and plans of the authority.

(b) On completion of decommissioning activities and receipt of necessary approval from any federal and state agencies, the board shall, if required by law, transfer fee simple title to the disposal site to the agency.

Reports

Sec. 3.26. At least 60 days before each regular session, the authority shall submit to the appropriate committees of the legislature a biennial report that shall serve as a basis for periodic oversight hearings on the authority's operations and on the status of interstate compacts and agreements.

In determining relative hazard, the board shall consider the radioactive, physical, and chemical properties of each type of low-level waste.

(c) Waste disposal fees adopted by the board shall be sufficient to allow the authority to recover operating and maintenance costs, expenses incurred before beginning operation of the site amortized over a period of not more than 20 years beginning on the first day of operation of the disposal site, an amount necessary to meet future costs of decommissioning and closing the disposal site, an amount sufficient to meet needs for impact assistance under Section 4.04 of this Act, an amount necessary to pay

Sec. 1. This Act shall be known and may be cited as the Natural Death Act.

Definitions

Sec. 2. In this Act:

(1) "Attending physician" means the physician selected by, or assigned by the physician selected by, the patient who has primary responsibility for the treatment and care of the patient.

(2) "Directive" means a written document voluntarily executed by the declarant in accordance with the requirements of Section 3 of this Act. The directive, or a copy of the directive, shall be made part of the patient's medical records.

(3) "Life-sustaining procedure" means a medical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplement a vital function, which, when applied to a qualified patient, would serve only to artificially prolong the moment of death and where, in the judgment of the attending physician, noted in the qualified patient's medical records, death is imminent whether or not such procedures are utilized. "Life-sustaining procedure" shall not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain.

(4) "Physician" means a physician and surgeon licensed by the Texas State Board of Medical Examiners.

(5) "Qualified patient" means a patient diagnosed and certified in writing to be afflicted with a terminal condition by two physicians, one of whom shall be the attending physician, and the other shall be chosen by the patient or the attending physician, who have each personally examined the patient.

(6) "Terminal condition" means an incurable condition caused by injury, disease, or illness, which, regardless of the application of life-sustaining procedures, would, within reasonable medical judgment, produce death, and where the application of life-sustaining procedures serves only to postpone the moment of death of the patient.

Directive for Withholding or Withdrawal of Life-Sustaining Procedures in Event of Terminal Condition

Sec. 3. Any adult person may execute a directive for the withholding or withdrawal of life-sustaining procedures in the event of a terminal condi-
tion. The directive shall be signed by the declarant in the presence of two witnesses not related to the declarant by blood or marriage and who would not be entitled to any portion of the estate of the declarant on his decease under any will of the declarant or codicil thereto or by operation of law. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarant is a patient, a patient in a health care facility in which the declarant is a patient, or any person who has a claim against any portion of the estate of the declarant upon his decease at the time of the execution of the directive. The two witnesses to the declarant’s signature shall sign the directive. The directive shall be in the following form:

“DIRECTIVE TO PHYSICIANS

"Directive made this ___ day of ___ (month, year).

I, ___________, being of sound mind, willfully and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances set forth below, and do hereby declare:

1. If at any time I should have an incurable condition caused by injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death and where my attending physician determines that my death is imminent whether or not life-sustaining procedures are utilized, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

2. In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this directive shall be honored by my family and physicians as the final expression of my legal right to refuse medical or surgical treatment and accept the consequences from such refusal.

3. If I have been diagnosed and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

4. I have been diagnosed and notified as having a terminal condition by ___________, M.D., or D.O., whose address is ___________, and whose telephone number is _________. I understand that if I have not filled in the physician’s name and address, it shall be presumed that I did not have a terminal condition when I made out this directive.

5. This directive shall be in effect until it is revoked.

6. I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

7. I understand that I may revoke this directive at any time.

Revocation of Directive

Sec. 4. (a) A directive may be revoked at any time by the declarant, without regard to his mental state or competency, by any of the following methods:

(1) by being canceled, defaced, obliterated, or burnt, torn, or otherwise destroyed by the declarant or by some person in his presence and by his direction;

(2) by a written revocation of the declarant expressing his intent to revoke, signed and dated by the declarant. Such revocation shall become effective only on communication to an attending physician by the declarant or by a person acting on behalf of the declarant or by mailing said revocation to an attending physician. An attending physician or his designee shall record in the patient’s medical record the time and date when he received notification of the written revocation and shall enter the word “VOID” on each page of the copy of the directive in the patient’s medical records; or

(3) by a verbal expression by the declarant of his intent to revoke the directive. Such revocation shall become effective only on communication to an attending physician by the declarant or by a person acting on behalf of the declarant. An attending physician or his designee shall record in the patient’s medical record the time, date, and place of the revocation and the time, date, and place, if different, of when he received notification of the revocation and shall enter the word “VOID” on each page of the copy of the directive in the patient’s medical records.

(b) Except as otherwise provided in this Act, there shall be no criminal or civil liability on the part of any person for failure to act on a revocation made pursuant to this section unless that person has actual knowledge of the revocation.

Duration of Directive

Sec. 5. A directive shall be effective until it is revoked in a manner prescribed in Section 4 of this Act. Nothing in this Act shall be construed to prevent a declarant from reexecuting a directive at any time in accordance with the formalities of Sec-
tion 3 of this Act, including reexecution subsequent to a diagnosis of a terminal condition. If the declarant has executed more than one directive, such time shall be determined from the date of execution of the last directive known to the attending physician. If the declarant becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarant's condition renders him or her able to communicate with the attending physician.

Civil or Criminal Liability

Sec. 6. No physician or health facility which, acting in accordance with the requirements of this Act, causes the withholding or withdrawal of life-sustaining procedures from a qualified patient, shall be subject to civil liability therefor unless negligent. No health professional, acting under the direction of a physician, who participates in the withdrawing or withdrawal of life-sustaining procedures in accordance with the provisions of this Act shall be subject to any civil liability unless negligent. No physician, or health professional acting under the direction of a physician, who participates in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this Act shall be guilty of any criminal act or of unprofessional conduct unless negligent. No physician, health care facility, or health care professional shall be liable either civilly or criminally for failure to act pursuant to the declarant's directive where such physician, health care facility, or health care professional had no knowledge of such directive.

Failure to Execute Directive

Sec. 7. (a) Prior to effecting a withholding or withdrawal of life-sustaining procedures from a qualified patient pursuant to the directive, the attending physician shall determine that the directive complies with the form of the directive set out in Section 3 of this Act, and, if the patient is mentally competent, that the directive and all steps proposed by the attending physician to be undertaken are in accord with the existing desires of the qualified patient and are communicated to the patient.

(b) If the declarant was a qualified patient prior to executing or reexecuting the directive, the directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining procedures. No physician, and no health professional acting under the direction of a physician, shall be criminally or civilly liable for failure to execute the directive of the qualified patient pursuant to this subsection. A failure by a physician to effectuate the directive of a qualified patient pursuant to this subsection may constitute unprofessional conduct if the physician refuses to make the necessary arrangements or fails to take the necessary steps to effect the transfer of the qualified patient to another physician who will effectuate the directive of the qualified patient.

(c) If the declarant becomes a qualified patient subsequent to executing the directive, and has not subsequently re-executed the directive, the attending physician may give weight to the directive as evidence of the patient's directions regarding the withholding or withdrawal of life-sustaining procedures and may consider other factors, such as information from the affected family or the nature of the patient's illness, injury, or disease, in determining whether the totality of circumstances known to the attending physician justifies effectuating the directive. No physician, and no health professional acting under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection.

Effect on Offense of Aiding Suicide and Insurance Policies

Sec. 8. (a) The withholding or withdrawal of life-sustaining procedures from a qualified patient in accordance with the provisions of this Act shall not, for any purpose, constitute an offense under Section 22.08, Penal Code.

(b) The making of a directive pursuant to Section 3 of this Act shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(c) No physician, health facility, or other health provider, and no health care service plan, or insurer issuing insurance, may require any person to execute a directive as a condition for being insured for, or receiving, health care services nor may the execution or failure to execute a directive be considered in any way in establishing the premiums for insurance.

Tampering with Directive

Sec. 9. A person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarant's consent shall be guilty of a Class A misdemeanor. A person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in Section 4 of this Act, with the intent to cause a withholding or withdrawal of life-sustaining procedures contrary to the wishes of the declarant, and thereby, because of any such act, directly causes life-sustaining procedures to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for criminal homicide under the provisions of the Penal Code.
Mercy Killing not Condoned

Sec. 10. Nothing in this Act shall be construed to condone, authorize, or approve mercy killing, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying as provided in this Act.

Act as Cumulative

Sec. 11. Nothing in this Act shall impair or supersede any legal right or legal responsibility which any person may have to effect the withholding or withdrawal of life-sustaining procedures in any lawful manner. In such respect the provisions of this Act are cumulative.

CHAPTER TWENTY-ONE. MEDICAL LIABILITY AND INSURANCE IMPROVEMENT

Art. 4590i. Medical Liability and Insurance Improvement Act

Test of article effective until August 31, 1993

SUBCHAPTER A. GENERAL PROVISIONS

Short Title

Sec. 1.01. This part may be cited as the Medical Liability and Insurance Improvement Act of Texas.

Findings and Purposes

Sec. 1.02. (a) The Legislature of the State of Texas finds that:

(1) the number of health care liability claims (frequency) has increased since 1972 inordinately;

(2) the filing of legitimate health care liability claims in Texas is a contributing factor affecting medical professional liability rates;

(3) the amounts being paid out by insurers in judgments and settlements (severity) have likewise increased inordinately in the same short period of time;

(4) the effect of the above has caused a serious public problem in availability of and affordability of adequate medical professional liability insurance;

(5) the situation has created a medical malpractice insurance crisis in the State of Texas;

(6) this crisis has had a material adverse effect on the delivery of medical and health care in Texas, including significant reductions of availability of medical and health care services to the people of Texas and a likelihood of further reductions in the future;

(7) the crisis has had a substantial impact on the physicians and hospitals of Texas and the cost to physicians and hospitals for adequate medical malpractice insurance has dramatically risen in price, with cost impact on patients and the public;

(8) the direct cost of medical care to the patient and public of Texas has materially increased due to rising cost of malpractice insurance protection for physicians and hospitals in Texas;

(9) the crisis has increased the cost of medical care both directly through fees and indirectly through additional services provided for protection against future suits or claims; and defensive medicine has resulted in increasing cost to patients, private insurers, and the state and has contributed to the general inflation that has marked health care in recent years;

(10) satisfactory insurance coverage for adequate amounts of insurance in this area is often not available at any price;

(11) the combined effect of the defects in the medical, insurance, and legal systems has caused a serious public problem both with respect to the availability of coverage and to the high rates being charged by insurers for medical professional liability insurance to some physicians, health care providers, and hospitals;

(12) the adoption of certain modifications in the medical, insurance, and legal systems, the total effect of which is currently undetermined, may or may not have an effect on the rates charged by insurers for medical professional liability insurance;

(13) these facts have been verified by the Medical Professional Liability Study Commission, which was created by the 64th Legislature. For further amplification of these facts the legislature adopts the findings of the report of the commission.

(b) Because of the conditions stated in Subsection (a) of this section, it is the purpose of this Act to improve and modify the system by which health care liability claims are determined in order to:

(1) reduce excessive frequency and severity of health care liability claims through reasonable improvements and modifications in the Texas insurance, tort, and medical practice systems;

(2) decrease the cost of those claims and assure that awards are rationally related to actual damages;

(3) do so in a manner that will not unduly restrict a claimant's rights any more than necessary to deal with the crisis;

(4) make available to physicians, hospitals, and other health care providers protection against potential liability through the insurance mechanism at reasonably affordable rates;

(5) make affordable medical and health care more accessible and available to the citizens of Texas;

(6) make certain modifications in the medical, insurance, and legal systems in order to determine whether or not there will be an effect on rates charged by insurers for medical professional liability insurance; and
(7) make certain modifications to the liability laws as they relate to health care liability claims only and with an intention of the legislature to not extend or apply such modifications of liability laws to any other area of the Texas legal system or tort law.

Any member who is absent for three consecutive meetings without the consent of a majority of the panel present at each such meeting may be removed by the commissioner at the request of the panel submitted in writing and signed by the chairman. Upon the death, resignation, or removal of any member, the commissioner shall fill the vacancy by selection for the unexpired portion of the term.

(e) Members of the panel are not entitled to compensation for their services, but each panelist is entitled to reimbursement of any necessary expenses incurred in the performance of his duties on the panel including necessary travel expenses.

(f) Meetings of the panel shall be held at the call of the chairman or on petition of at least three members of the panel.

(g) At the first meeting of the panel each year after its members assume their positions, the panelists shall select one of the panel members to serve as chairman and one of the panel members to serve as vice-chairman, and each such officer shall serve for a term of one year. The chairman shall preside at meetings of the panel, and in his absence, the vice-chairman shall preside.

(h) Employees of the Texas Department of Health shall serve as the staff for the panel.

Duties of Panel

Sec. 6.04. (a) To the extent feasible, the panel shall identify and make a thorough examination of all medical treatments and surgical procedures in which physicians and health care providers may be involved in order to determine which of those treatments and procedures do and do not require disclosure of the risks and hazards to the patient or person authorized to consent for the patient.

(b) The panel shall prepare separate lists of those medical treatments and surgical procedures that do and do not require disclosure and for those treatments and procedures that do require disclosure shall establish the degree of disclosure required and the form in which the disclosure will be made.

(c) Lists prepared under Subsection (b) of this section together with written explanations of the degree and form of disclosure shall be published in the Texas Register.
Art. 4590i HEALTH—PUBLIC

(d) At least annually, or at such other period the panel may determine from time to time, the panel will identify and examine any new medical treatments and surgical procedures that have been developed since its last determinations, shall assign them to the proper list, and shall establish the degree of disclosure required and the form in which the disclosure will be made. The panel will also examine such treatments and procedures for the purpose of revising lists previously published. These determinations shall be published in the Texas Register.

Duty of Physician or Health Care Provider

Sec. 6.05. Before a patient or a person authorized to consent for a patient gives consent to any medical care or surgical procedure that appears on the panel's list requiring disclosure, the physician or health care provider shall disclose to the patient, or person authorized to consent for the patient, the risks and hazards involved in that kind of care or procedure. A physician or health care provider shall be considered to have complied with the requirements of this section if disclosure is made as provided in Section 6.06 of this subchapter.

Manner of Disclosure

Sec. 6.06. Consent to medical care that appears on the panel's list requiring disclosure shall be considered effective under this subchapter if it is given in writing, signed by the patient or a competent witness, and if the written consent specifically states the risks and hazards that are involved in the medical care or surgical procedure in the form and to the degree required by the panel under Section 6.04 of this subchapter.

Effect of Disclosure

Sec. 6.07. (a) In a suit against a physician or health care provider involving a health care liability claim that is based on the negligent failure of the physician or health care provider to disclose or adequately disclose the risks and hazards involved in the medical care or surgical procedure rendered by the physician or health care provider:

(1) both disclosure made as provided in Section 6.06 of this subchapter and failure to disclose based on inclusion of any medical care or surgical procedure on the panel's list for which disclosure is not required shall be admissible in evidence and shall create a rebuttable presumption that the requirements of Sections 6.05 and 6.06 of this subchapter have been complied with and this presumption shall be included in the charge to the jury; and

(2) failure to disclose the risks and hazards involved in any medical care or surgical procedure required to be disclosed under Sections 6.05 and 6.06 of this subchapter shall be admissible in evidence and shall create a rebuttable presumption of a negligent failure to conform to the duty of disclosure set forth in Sections 6.05 and 6.06 of this subchapter, and this presumption shall be included in the charge to the jury; but failure to disclose may be found not to be negligent if there was an emergency or if for some other reason it was not medically feasible to make a disclosure of the kind that would otherwise have been negligence.

(b) If medical care or surgical procedure is rendered with respect to which the panel has made no determination either way regarding a duty of disclosure, the physician or health care provider is under the duty otherwise imposed by law.

SUBCHAPTER G. RES IPSA LOQUITUR

Application of Res Ipsa Loquitur

Sec. 7.01. The common-law doctrine of res ipsa loquitur shall only apply to health care liability claims against health care providers or physicians in those cases to which it has been applied by the appellate courts of this state as of the effective date of this subchapter.

Notice of Bad Faith Claim

Sec. 8.03. At least 60 days before the filing of a suit based on bad faith in any court of this state, a person or his authorized agent asserting a bad faith cause of action shall give written notice by certified mail, return receipt requested, of the claim, to the defendant or his attorney against whom the claim is being made.

Persons Against Whom Claims May Be Made; Damage Limits

Effective Date

Sec. 8.05. This subchapter will take effect if and only if the State Bar of Texas fails to certify to the Supreme Court of Texas by January 31, 1979, that it has adopted rules for appropriate disciplinary measures against an attorney who has been determined to have filed a claim in bad faith. If the provisions...
of this section are held unconstitutional or invalid for any reason, the legislature specifically declares this section to be severable and that such holding shall in no way affect the validity of the other sections of this subchapter.

SUBCHAPTER I. ADVANCE PAYMENTS

Advance Payments not Admission of Liability

Sec. 9.01. In an action brought to recover damages based on a health care liability claim, no advance payment made on that claim by the defendant health care provider or physician, or the professional liability insurer, to or for the claimant, or any other person, shall be construed as an admission of liability by the health care provider or physician or any person for any injuries or damages suffered by the claimant or anyone else.

Admissibility of Advance Payments

Sec. 9.02. Except as provided in this subchapter, evidence of an advance payment shall not be admissible during the trial of an action based on a health care liability claim at any stage of the proceedings, unless and until there is a final award in favor of the claimant, in which event the trial judge shall reduce the award to the claimant to the extent of the advance payment.

Repeal

By order of the Texas Supreme Court dated November 22, 1982, effective September 1, 1983, adopting the Texas Rules of Evidence, §§ 9.01 and 9.02 of this article are deemed to be repealed insofar as they relate to civil actions by the Rules of Practice Act, Acts 1939, 46th Leg., p. 201, § 1, classified as art. 1731b, § 1.

Adjustments for Advance Payments

Sec. 9.03. The advance payment shall inure to the exclusive benefit of the defendant or his or its carrier making the advance payment, and in the event the advance payment exceeds the pro rata liability of the defendant or the carrier making the payment, the trial judge shall order any adjustment necessary to equalize the amount which each defendant is obligated to pay under this subchapter, exclusive of costs.

Certain Advance Payments Exempt from Repayment

Sec. 9.04. In no case shall an advance payment in excess of an award be repayable by the person receiving it.

SUBCHAPTER J. STATUTE OF LIMITATIONS

Subchapter's Application Prevails over Certain Other Laws

Sec. 11.05. The provisions of this subchapter shall apply notwithstanding the provisions contained in Article 4671, Revised Civil Statutes of Texas, 1925, as amended, and the provisions of Article 5525, Revised Civil Statutes of Texas, 1925, as amended.

Subsections (a), (f), and (h) of § 3 of the 1981 amendatory act provide:

Art. 4639b. Repealed by Acts 1975, 64th Leg., p. 1273, ch. 476, § 57 eff. Sept. 1, 1975

Art. 4639c. Suits for Custody and Support of Children After Entry of Foreign Divorce Decree

Sec. 1. When the marriage relation no longer exists as a result of divorce action in a foreign jurisdiction, in which the court granting the decree was silent as to custody and support of a child or children under eighteen (18) years of age, a suit for the custody and support of such child or children may be brought in the district court against any parent who fails to provide for the support and maintenance of his or her child or children under eighteen (18) years of age. Such suit may be brought by either parent and shall be brought in the county where the said children actually reside.

Sec. 2. Upon the filing of such suit for custody and support under the provision of this Act, citation shall issue as in other cases. Upon a hearing the court shall enter such order for support and maintenance and custody of such child or children as may seem necessary and proper. Upon change of conditions such order may be changed after application and hearing. A violation of or refusal to obey any order of the court may be punished as for contempt. Money paid under the provisions of this Act shall be paid into the district clerk’s office, and disbursed under the order of the court.

TITLE 76
INJUNCTIONS

1. IN GENERAL

Art. 4642. Grounds For
Judges of the district and county courts shall, in term time or vacation, hear and determine applications for and may grant writs of injunction returnable to said courts in the following cases:

1. Where the applicant is entitled to the relief demanded and such relief or any part thereof requires the restraint of some act prejudicial to him.

2. Where a party does some act respecting the subject of pending litigation or threatens or is about to do some act or is procuring or suffering the same to be done in violation of the rights of the applicant when said act would tend to render judgment ineffectual.

3. Where the applicant shows himself entitled thereto under the principles of equity, and the provisions of the statutes of this State relating to the granting of injunctions.

4. Where a cloud would be put on the title of real estate being sold under an execution against a party having no interest in such real estate subject to the execution at the time of the sale, or irreparable injury to real estate or personal property is threatened, irrespective of any legal remedy at law.

[Acts 1925, S.B. 84.]

Art. 4643. Issuance by Non-resident Judge

No district judge shall grant a writ of injunction returnable to any other court than his own except in the following cases:

1. Where the resident judge cannot hear and act upon the application by reason of his absence, sickness, inability, inaccessibility, disqualification or refusal to act, when such facts are fully set out in the application or in an affidavit accompanying same, and if such judge refuses to act, such refusal shall be indorsed by said judge on such writ with his reasons therefor. In such case no district judge shall grant the writ when the application therefor has once been acted upon by another district judge of this State.

2. To stay execution, or to restrain foreclosure, sales under deeds of trust, trespasses, the removal of property, or acts injurious to or impairing riparian or easement rights, when satisfactory proof is made to such non-resident judge that it is impracticable for the applicant to reach the resident judge and procure his action in time to effectuate the purpose of the application.

3. When the resident judge cannot be reached by the ordinary and available means of travel and communication in sufficient time to effectuate the purpose of the writ sought. In such case the applicant or his attorney seeking a writ on the ground of such inaccessibility shall attach to his application an affidavit fully stating the facts of such inaccessibility and his efforts made to reach and communicate with said judge, and the result thereof, and unless such efforts appear to have been fair and reasonable the application shall not be heard. Such injunction may be subsequently dissolved upon it being shown that the petitioner did not first make reasonable efforts to procure a hearing upon said application before the resident judge.

[Acts 1925, S.B. 84.]

Art. 4644. Against Well or Mine Operator

No injunction or temporary restraining order shall ever be issued prohibiting sub-surface drilling or mining operations on the application of an adjacent land owner claiming injury to his surface or improvements or loss of or injury to the minerals thereunder, unless the party against whom drilling or mining operations is alleged as a wrongful act is shown to be unable to respond in damages for such injury as may result from such drilling or mining operations; provided, however, that the party against whom such injunction is sought shall enter into a good and sufficient bond in such sum as the judge hearing the application shall fix, securing the complainant in the payment of any injuries that may be sustained by such complainant as the result of
such drilling or mining operations. The court may, when he deems it necessary to protect the interests involved in such litigation, in lieu of such bond, appoint a trustee or receiver with such powers as the court may prescribe, to take charge of and hold the minerals produced from the lands of those complained against or the proceeds thereof subject to the final disposition of such litigation.

[Acts 1925, S.B. 84.]

Art. 4645. Against a Judgment

Art. 4646. To Stay Execution

No injunction to stay an execution upon any valid and subsisting judgment shall be granted after the expiration of one year from the rendition of such judgment, unless it be made to appear that an application for such injunction has been delayed in consequence of the fraud or false promises of the plaintiff in the judgment, practiced or made at the time, or after rendition, of such judgment, or unless for some equitable matter or defense arising after the rendition of such judgment. If it be made to appear that the applicant was absent from the State at the time such judgment was rendered and was unable to apply for such writ within the time aforesaid, such injunction may be granted at any time within two years from the date of the rendition of the judgment.

[Acts 1925, S.B. 84.]

No injunction shall be granted to stay or prevent the vacating, abandonment or closing, by the City Council or governing body of any incorporated city of this State, of any street or alley in any such incorporated city of this State, except at the suit of the owner or lessee of real property actually abutting on that part of such street or alley actually vacated, abandoned or closed, and then only in the event that the damages of said owner or lessee shall not have been released or shall not have been ascertained and paid in a condemnation suit by such city.

Sec. 2. Provided that any person, who under existing laws has the right to enjoin a city from vacating, abandoning or closing any street or alley of such city and whose right to such injunction is denied by this Act, shall have the right to an action for damages for any injury that he may sustain by reason of the vacating, abandoning or closing of any street or alley by such city.

The term includes all agreements for open-end accounts authorized or defined under Articles 3.15(4), 4.01(4), 15.01(4), 15.01(k), and 15.01(f) of this Title, pursuant to which credit card transactions as defined in Article 1.01(g) of this Title may be made or in connection with which a merchant discount as defined in Article 1.01(h) of this Title is imposed or received by the creditor.

The term does not include an open-end account credit agreement between a seller or lessor and its own buyer or lessee. The term does not include agreements under which the entire balance is due and payable in full each month and no interest is charged when the obligor pays in accordance with such terms.

2 Articles 5069-3.15(4), 5069-4.01(4), 5069-15.01(h), and 5069-15.01(f).

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act."

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 1(b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Section 37(6) of the 1981 amendatory act provides:

"Sections 29 through 36 of this Act take effect July 1, 1983, contingent on this Act receiving the vote required by Article III, Section 29, of the Constitution of the State of Texas. If this Act does not receive the vote required by Article III, Section 29, of the
Article 5069-1.01 INTEREST; CONSUMER CREDIT; ETC.

Constitution of the State of Texas, Sections 29 through 36 of this Act take effect September 1, 1982. Provided, that if a creditor bills its customers on a monthly billing cycle and the effective date of those sections does not coincide with the beginning of a monthly billing cycle for some or all of that creditor’s accounts on which credit card transactions can be made, the creditor may, at its option, comply with the law in effect immediately before the effective date of this Act or to each such account until the first day of the first monthly billing cycle beginning after the effective date of the other sections, and the amendments made by Sections 29 through 36 of this Act take effect so to each such account on the first day of the first monthly billing cycle beginning after the effective date of those sections. The annualized ceilings which took effect during the last two quarters of 1982 and expire during the first two quarters of 1984 shall, as of the date Sections 29 through 36 of this Act take effect as to an account under which a credit card transaction may be made, be deemed to equal 18 percent a year on such account, until such expiration dates, and the Consumer Credit Commissioner shall publish such revision in The Credit Code Letter within two weeks from the date such section takes effect and in the Texas Register as soon as possible. For purposes of Section (d) of Article 15.02 of Title 79 as hereby amended, the quarterly ceiling applicable under that section shall be recomputed in accordance with Section 34 of this Act and, as so recomputed, takes effect on the effective date of that section as to an account, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling applicable under Section (d), Article 15.02, of Title 79 in The Credit Code Letter within two weeks from the date such section takes effect and in the Texas Register as soon as possible. Notwithstanding the foregoing, a credit card transaction occurring before the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law in effect immediately before the amendments made by those sections, and the law is continued in effect for that purpose. Any credit card transaction occurring on or after the effective date of Sections 29 through 36 of this Act as to the account under which it is made is governed by the law as amended by those sections and by this Act take effect as to that account, until such expiration dates, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling allowed under Article 1.11 of this Title is 1 subject to the appropriate penalties prescribed in Article 1.06 of this Subtitle.

Art. 5069-1.03. Legal Rate Applicable

When no specified rate of interest is agreed upon by the parties, interest at the rate of six percent per annum shall be allowed on all accounts and contracts ascertaining the sum payable commencing on the thirtieth (30th) day from and after the time when the sum is due and payable.

Art. 5069-1.04. Limit on Rate

(a) The parties to any written contract may agree to and stipulate for any rate of interest, or in an agreement described in Chapter 6, 6A, or 7 of this Title, any rate or amount of time price differential producing a rate, that does not exceed:

(1) an indicated rate ceiling that is the auction average rate quoted on a bank discount basis for 26-week treasury bills issued by the United States government, as published by the Federal Reserve Board, for the week preceding the week in which the rate is contracted for, multiplied by two, and rounded to the nearest one-quarter of one percent; or, as an alternative,

(2) an annualized or quarterly ceiling that is the average of the computations under Subsection (1) of this section and is computed pursuant to Section (d) of this Article.

(b) (1) If a computation under Section (a)(1), (a)(2), or (c) of this Article is less than 18 percent a year, the ceiling under that provision is 18 percent a year.

Any computation under Section (a)(1), (a)(2), or (c) of this Article is more than 24 percent a year, the ceiling under that provision is 24 percent a year.

(2) Notwithstanding the provisions of Subsection (1) of this Section (b), on any contract under which credit in an amount in excess of $250,000 is or is to be extended, or any extension or renewal of such a contract, and under which the credit is extended for business, commercial, investment, or other similar purpose, but excluding any contract that is not for any of those purposes and is primarily for personal, family, household, or agricultural use, the 24 percent limitation on the ceilings in Section (b)(1) above that is applicable to the computations under Section (a)(1), (a)(2), or (c) of this Article shall not apply, and the limitation on the ceilings determined by those computations shall be 28 percent a year.

(3) References in this Article to the indicated rate ceiling, annualized ceiling, quarterly ceiling, or monthly ceiling mean such a ceiling as modified by this Section (b).

(4) Any credit agreement described in Section (a), Article 1.11, of this Title is subject to the terms, ceilings, and other provisions of that Article and, except as limited by Article 1.11, to the terms, ceilings, and other provisions of this Article.

(5) Notwithstanding any other provision of law, on any lender credit card agreement in connection with which a merchant discount as defined in Article 1.01(b) of this Title is imposed or received by the creditor, the creditor may not contract for, charge, or receive, on any amount owed for any credit card transaction, a rate in excess of the ceiling allowed under Article 15.02(d) of this Title (which ceiling shall be adjusted in accordance with Article 15.02(d)) or any other fees or charges which are not authorized under Chapter 15 of this Title or which are in excess of the amounts authorized under Chapter 15.

(6) Notwithstanding Article 15.10 of this Title, any lender credit card agreement in which the creditor is a bank, savings and loan association, or authorized lender under Chapter 3 of this Title is subject to Chapter 15 of this Title and Article 15.02(d) thereof.
(c) A monthly ceiling is available only in variable rate contracts, including contracts for open-end accounts, that are not made for personal, family, or household use. Subject to Section (b) of this Article, the monthly ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the preceding calendar month and shall be computed by the consumer credit commissioner on the first business day of the calendar month in which the rate applies. In contracts for which the monthly ceiling is available under this section, if the parties agree that the rate is subject to being adjusted on a monthly basis in accordance with Section (f) of this Article they may further contract that the rate from time to time in effect may not exceed the monthly ceiling from time to time in effect under this section and the monthly ceiling from time to time in effect is the ceiling on those contracts, instead of any ceiling under Article 1.04(a) of this Title.

(d) The consumer credit commissioner shall compute, on the computation dates of December 1, March 1, June 1, and September 1 of each year, the quarterly and annualized ceilings for the next succeeding calendar quarter beginning January 1, April 1, July 1, and October 1, respectively. For each computation date, the computation under Section (a)(2) of this Article for the quarterly ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the three calendar months preceding the computation date. For each computation date, the computation under Section (a)(2) of this Article for the annualized ceiling is the average of all the computations under Section (a)(1) of this Article for auctions occurring during the three calendar months preceding the computation date.

(e) In a contract that does not involve an open-end account, as an alternative to the indicated rate ceiling, the parties may contract for a rate not exceeding the quarterly ceiling in effect at the time the rate is contracted for, but the creditor may not rely on the annualized ceiling in such a contract, and in a contract subject to Section (f) of this Article this rate may not rely on both the indicated rate ceiling and the quarterly ceiling in any given contract.

(f) The parties to any contract, including a contract for an open-end account, may agree to and stipulate for a rate or amount by contracting for any index, formula, or provision of law, by or under which the numerical rate or amount can from time to time be determined. However, the rate or amount so produced may not exceed the ceiling that may from time to time be in effect and applicable to the contract, for so long as debt is outstanding under the contract. Provided, further, that variable contract rates as described in this Section (f) are not allowed in a contract in which the interest or time price differential is precomputed and added into the amount of the contract at the time of the contract.

(1) Any agreement or amendment to an agreement for credit extended primarily for personal, family, or household use, entered under the authority of Article 1.04 and providing for a variable rate or amount on the balance under the agreement or amendment shall disclose the following in not less than 10-point type or computer equivalent on or with the agreement or amendment:

"NOTICE TO CONSUMER: UNDER TEXAS LAW, IF YOU CONSENT TO THIS AGREEMENT, YOU MAY BE SUBJECT TO A FUTURE RATE AS HIGH AS 24 PERCENT PER YEAR."

This section shall not apply to or affect any agreement or amendment for which a disclosure relating to variable rates or amounts is required or provided by federal law, regulation, or interpretation. In the event that the contract provides for a maximum rate of less than 24 percent per year, then the above disclosure may be amended to reflect the actual maximum rate of the contract.

(g) Unless otherwise agreed, when the parties have agreed to a rate, they are considered also to have agreed to any lesser rate that the creditor may elect, or is required under Section (b) of this Article to implement.

(h)(1) If the agreement of the parties so provides, or is amended pursuant to Section (i) of this Article or Article 1A.01 of this Title to so provide, a creditor of an open-end account may make an alternative to the indicated rate ceiling, from time to time implement any rate permitted under the quarterly or annualized ceiling, as to any current and future balances in any of its open-end accounts by giving notice of the rate at any time or times after the computation date for the quarterly or annualized ceiling and before the last day of the next succeeding calendar quarter. The creditor may implement a rate, not exceeding the annualized ceiling, for a 12-month period from the date it becomes effective as to an account, or the creditor may implement a rate not exceeding the quarterly ceiling for a three-month period from the date it becomes effective as to an account. The rate may not exceed the ceiling for the period elected. If the period elected is 12 months, and the rate in effect is less than or equal to the annualized ceiling in effect at the end of 12 months, the creditor may leave the election in effect for the succeeding 12-month period, which is then the new elected period. If the period elected is three months, and the rate in effect is less than or equal to the quarterly ceiling in effect at the end of three months, the creditor may leave the election in effect for the succeeding three-month period, which is then the new elected period. No further notice of the renewal of an election, or of any successive renewals of elections, is required if the creditor has previously disclosed to the obligor that the election may be renewed in accordance with this section and the rate does not exceed the rate previously agreed to by the obligor. If a rate in excess of that previously agreed to is to be implemented by
the creditor under Section (a) of this Article, or other applicable law, the creditor shall comply with Section (i) of this Article before the end of the calendar quarter in which the prior period elected ends, and the ceiling previously in effect remains the ceiling until a new rate is agreed to.

(2) If an open-end agreement provides, or is amended pursuant to Article 1A.01 of this Title or Section (i) of this Article to provide, for a variable rate or amount, according to any index, formula, or provision of law disclosed to the obligor, the applicable rate ceiling is the annualized ceiling, quarterly ceiling, or indicated rate ceiling as disclosed to the obligor, except for variable rate commercial contracts subject to Section (c) of this Article. The annualized ceiling shall be adjusted every 12 months, the quarterly ceiling shall be adjusted every three months, and the indicated rate ceiling shall be adjusted weekly.

Except to the extent inconsistent with any federal law, regulation, or interpretation from time to time in effect, on any open-end account entered under authority of this Article 1.04 which is primarily for personal, family, or household use, the creditor shall disclose any changes in the rate resulting from operation of the index, formula, or provision of law by giving notice of the change in the rate on or with the billing statement for a billing cycle preceding the first cycle as to which the change in the rate is effective or by a separate document mailed on or before the beginning of the first cycle as to which the change in the rate is effective. Variations in the rate on the account due to operation of the previously disclosed index, formula, or provision of law need not be further disclosed under this Section (h) or under Section (i) of this Article.

(f)(1) In any open-end account, the creditor may provide in the agreement covering the open-end account or, pursuant to Article 1A.01 of this Title, amend the agreement to provide that the terms, including the rate, or index, formula, or provision of law used to compute the rate on the open-end account will be subject to revision as to current and future balances, from time to time, by notice from the creditor to the obligor. Any creditor revising a rate, or index, formula, or provision used to compute the rate, shall disclose in the notice:

(A) the new rate, or the new index, formula, or provision to be used in computing the rate;

(B) the date on which it will become effective;

(C) the period for which it is elected, or at which the ceiling will be adjusted and whether or not it will affect current as well as future balances;

(D) the obligor’s rights under this section and the procedures for the obligor to exercise those rights;

and

(E) the address to which the obligor may send notification of the obligor’s election not to continue the open-end account.

(2) If the amendment increases the rate, the notice shall contain the following printed in not less than 10-point type or computer equivalent:

"YOU MAY TERMINATE THIS AGREEMENT IF YOU DO NOT WISH TO PAY THE NEW RATE."

(2) With a notice required by Subsection (1) of this section, the creditor shall include a form which may be returned at the expense of the creditor and on which the obligor may indicate his or her decision not to continue the account by checking or marking an appropriate box, or similar arrangement. The form may be included on a portion of the account statement to be returned to the creditor or on a separate sheet. Any obligor who is mailed a notice required by Subsection (1) of this section addressed to the obligor’s last known address as shown by the creditor’s records, is considered to have agreed to the revision if the obligor, or a person authorized by the obligor, after the expiration of five days after the notice is mailed, accepts or uses any extensions of credit, or if the obligor elects to retain the privilege of using the open-end account. Such an election is considered to have occurred unless the obligor notifies the creditor in writing before the 21st day after the date on which the notice is sent that the obligor does not wish to continue the open-end account. The parties may also amend the contract by any other means of amending those agreements permitted by any applicable law. Any obligor who rejects a rate change in accordance with this section has the right to pay off the then existing balance on the open-end account at the rate, and over the period, in effect prior to the change, and at the same minimum payment terms previously agreed to, unless the obligor agrees to the new rate in accordance with this section. Rejection of a new rate may not accelerate the balance due.

(j) If a creditor implements an annualized or quarterly ceiling as to a majority of its open-end accounts that are under a particular plan or arrangement and are for obligors in this state, that ceiling is also the ceiling for all open-end accounts that are opened or activated under that plan for obligors in this state during the period that the election is in effect.

(g)(1) The consumer credit commissioner shall cause the annualized, quarterly, and monthly ceilings to be published in the Texas Register before the 11th day after the day on which they are computed, and shall cause the indicated rate ceiling in effect under Section (a) of this Article to be published from time to time. If the furnishing of any of the information required to compute the ceilings is discontinued so that it is no longer available to the consumer credit commissioner from the Federal Reserve Board on a timely basis, the consumer credit commissioner shall obtain that information from reliable sources satisfactory to the commissioner.

(2) If the information required to compute a ceiling is not available, then that ceiling remains at the
level at which it was when the information became unavailable until the information again becomes available.

(3) Any court may take judicial notice of the ceilings, and related information, caused to be published in the Texas Register by the consumer credit commissioner pursuant to this Article and of the information published pursuant to Article 2.06 of this Title.7

(1) The maximum rate on any contract to renew or extend the terms of payment of any indebtedness at any time incurred, is the applicable ceiling allowed by this Article for a contract entered at the time the renewal or extension is made or agreed to.

(m) The ceilings provided by this Article for a contract, including a contract for an open-end account, are optional and any person may, notwithstanding any other law, contract for, charge, and receive the rates or amounts allowed by this Article for that contract, or the rates or amounts allowed by any other applicable provision of this Title or any other law applicable to such a contract, except as restricted under Section (q) of this Article.

(n)(l) Any loan made under authority of this Article that is extended either primarily for personal, family, or household use but not for business, commercial, investment, agricultural, or other similar purposes, and that is payable in consecutive monthly installments and is payable in two or more installments, secured by a lien on real estate, and that is entered by a person engaged in the business of making or negotiating those types of loans, is subject to Chapter 4 of this Title, and any person except a bank or savings and loan association engaged in that business shall obtain a license under Chapter 3 of this Title.

(2) Any loan made under this Article that is extended primarily for personal, family, or household use but not for business, commercial, investment, agricultural, or other similar purposes, and that is payable in consecutive monthly installments and is described by Section (1), Article 5.01, of this Title and that is made by a person engaged in the business of making those types of loans, is subject to Chapter 5 of this Title, and any person except the fees and a savings and loan association engaged in that business shall obtain a license under Chapter 3 of this Title.

(3) In any contract, including any contract for an open-end account, subject to Chapter 6, 6A, or 7 of this Title, the rate or amount contracted for, charged, or received under this Article is considered to be the rate or amount of time price differential within the meanings given to that term in those respective Chapters, and those contracts are not subject to the provisions of Chapters 4, 4, and 5 of this Title.

(4) In any contract, including a contract for an open-end account, which is subject to Chapter 4, 5, 6, 6A, or 7 of this Title, the parties and their assignees may contract for any rate or amount allowed by that Chapter, or any simple or precomputed contract rate or amount not exceeding those allowed by this Article, but except to the extent inconsistent with this Article in any event the parties and their assignees may contract for, charges, or to any contract under Chapter 3 of this Title shall comply with all of the other rights, duties, and obligations under the applicable Chapter and the parties and their assignees have all other rights under the applicable Chapter, including those provisions requiring certain refund credits in event of prepayment or acceleration.

(5) Any person (except a person subject to Chapter 24 of the Insurance Code) engaged in the business of extending open-end credit primarily for personal, family, or household use and charging a rate or amount under authority of this Article 1.04 shall be subject to either the applicable Chapter in Subtitle 2 of this Title or Chapter 15 of this Title, as applicable, except to the extent inconsistent with this Article; the parties to such open-end accounts and their assignees shall comply with and have all other rights, duties and obligations under the applicable Chapter, except to the extent inconsistent with this Article.

(6) Any person subject to the Texas Credit Union Act, as amended (Article 2461-1.01 et seq., Vernon’s Texas Civil Statutes), who contracts for, charges, or receives a rate authorized by this Article shall comply with all other duties, obligations, and prohibitions of that Act and the parties to the transaction have all other rights provided by that Act, except to the extent inconsistent with this Article.

(7) Any person subject to a provision of Chapter 24 of the Insurance Code who contracts for, charges, or receives a rate authorized by this Article shall comply with all other applicable duties, obligations, and prohibitions in that law and the parties to those contracts, including those for open-end accounts, have all other rights applicable to those transactions under Chapter 24 of the Insurance Code, except to the extent inconsistent with this Article. The licensing requirements of Subtitle 2 of this Title are not applicable to those persons.

(o)(l) All other written contracts whatsoever, except those otherwise authorized by law, which may in any way, directly or indirectly, provide for a greater rate of interest shall be subject to the appropriate penalties prescribed in this Subtitle.

(2) If, in any contract, including one for an open-end account, subject to Chapter 4, 5, 6, 6A, 7, or 15 of this Title, any person contracts for, charges, or receives a rate or amount of interest or time price differential that exceeds the rate allowed by that Chapter and the rate allowed by this Article, the amount of the penalty for that overcharge shall be determined under Chapter 8 of this Title rather than under this Subtitle and all of the provisions of Articles 8.01, 8.02, 8.03, 8.04, 8.05, and 8.06 of this Title3 are in effect as to that contract and are
applicable to this Article as if it were a part of Subtitle 2 of this Title. The failure to perform any duty or comply with any prohibition required by Article 1.04, in a contract entered under authority of Article 1.04, shall be subject to the penalties set out in Article 8.01(b) and shall be subject to such of the other provisions of Articles 8.01 through 8.06 which apply to failures to perform duties or comply with prohibitions to the same extent as if the duties and prohibitions in Article 1.04 were contained in Subtitle 2.

(3) The consumer credit commissioner, subject to Section (f), Article 2.01, of this Title, shall enforce Chapters 2, 3, 4, 5, 6, 6A, 7, 8, 15, and 51 of this Title, as modified by this Article and Article 2.06 of this Title, and shall enforce this Article as applicable to contracts subject to those Chapters. Article 3.08 of this Title is applicable to transactions made by licensees pursuant to this Article that otherwise are subject to Chapters 4, 5, or 15 of this Title. The provisions of Article 3.12 of this Title will apply to loans made under authority of this Article which are subject to Chapter 4 of this Title. In any contracts subject to the Texas Credit Union Act, as amended (Article 2401-1.01 et seq., Vernon's Texas Civil Statutes), the credit union commissioner shall enforce this Article.

(4) In any contract subject to Chapter 24 of the Insurance Code, the State Board of Insurance shall enforce this Article.

(g) A person does not violate this Title by contracting for, charging, or receiving any rate or dollar amount, or by any acts done or omitted, that conform to the provisions of this Article, or to the provisions determined by the consumer credit commissioner, or that conform to an interpretation of this Title by the consumer credit commissioner or by a decision of an appellate court of this state or of the United States in effect at the time that the acts were done or omitted.

(h) The maximum rates authorized by this Article do not apply to agreements under which credit is extended for a home solicitation transaction as defined in Chapter 18 of this Title if the agreement is secured by a lien on the obligor's homestead and the credit is extended by the seller or its owner, subsidiary, or corporate affiliate.

(i) In the event of any inconsistency or conflict between the disclosure or notice requirements under this Article and disclosures or notices required or provided under any current or future federal law, regulation, or interpretation, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting requirements under this Article need not be complied with. A creditor may modify the disclosure and notice requirements under this Article to conform to the terminology or other provisions required or provided under federal law, regulation, or interpretation.

Sections 27 and 28 of the 1983 amendatory act provide: "Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined by the court having jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 62 of Article 104, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 6069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming to conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential is 25 percent a year.

Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 6069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to anyone conforming to conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 62 of Article 104, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 6069-1.01, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 25 percent a year.

Section 37(c) of the 1983 amendatory act provides: "Sections 29 through 36 of this Act take effect July 1, 1983, contingent on this Act receiving the vote required by Article III, Section 39, of the Constitution of the State of Texas. If this Act does not receive the vote required by Article III, Section 39, of the Constitution of the State of Texas, Sections 29 through 36 of this Act will take effect September 1, 1983. Provided, that if a creditor fills its customers on a monthly billing cycle and the effective date of those sections does not coincide with the beginning of a monthly billing cycle for some or all of that creditor's accounts on which credit card transactions can be made, the creditor may, at its option, comply with the law in effect immediately before the effective date of this Act as to each such account until the first day of the first monthly billing cycle beginning after the effective date of those sections, and the amendments made by Sections 29 through 36 of this Act take effect as to each such account on the first day of the first monthly billing cycle following the effective date of those sections. The annualized ceilings which took effect during the last two quarters of 1982 and expire during the last two quarters of 1983 and the annualized ceilings which took effect in the first two quarters of 1984 shall, as of the date Sections 29 through 36 of this Act take effect as to an account under which a credit card transaction may be made, be deemed to equal 18 percent a year on such account, until such expiration dates, and the Consumer Credit Commissioner shall publish such revision in The Credit Code Letter within two weeks from the date this Act takes effect and in the Texas Register as soon as possible. For purposes of Section 37(d) of Article 104 of Title 79 as hereby amended, the quarterly ceiling applicable under that article shall be recomputed in accordance with Section 34 of this Act and, as so recomputed, takes effect on the effective date of that section as to an account, and the Consumer Credit Commissioner shall publish the recomputed quarterly ceiling applicable under Section 37(d), Article 104, of Title 79.
Art. 5069-1.05. Rate of Judgments  

Sec. 1. All judgments of the courts of this state based on a contract that provides for a specific rate of interest earn interest at a rate equal to the lesser of:  

(1) the rate specified in the contract; or  

(2) 18 percent.  

Sec. 2. Except as provided in Section 1 of this article, all judgments of the courts of this state earn interest at the rate published by the consumer credit commissioner in the Texas Register. The consumer credit commissioner shall compute on the 15th day of each month the judgment interest rate by taking the auction rate quoted on a discount basis for 52-week treasury bills issued by the United States government as published by the Federal Reserve Board on the most recent date preceding the date of computation. The interest rate so computed shall be the judgment rate, except that if the rate so computed is less than 10 percent, the judgment interest rate shall be 10 percent, and if it be more than 20 percent, the judgment interest rate shall be 20 percent. The rate established on that computation date shall be the interest rate on judgments for the next calendar month.  

Sec. 3. (a) Except as provided by Subsection (c) of this section, judgments earn interest for the period beginning on the day the judgment is rendered and ending on the day the judgment is satisfied.

The hearing shall be full, fair and public. Such suspension or revocation and its effective date shall be set forth in a written order accompanied by findings of fact and a copy thereof shall be forthwith delivered to the licensee. Such order, findings, and the evidence considered by the Consumer Credit Commissioner shall be filed with the public records of the Consumer Credit Commissioner.

(3) Nothing in this Chapter shall be construed to limit the loans of any authorized lender to residents of the community in which the licensed or otherwise authorized office is situated or to prohibit the lender from making loans by mail.

Art. 5069-3.15. Maximum Rates of Interest

(1) Every authorized lender may contract for and receive on any loan made under this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, that does not exceed an add-on interest charge computed on the cash advance for the full term of the loan contract in accordance with the following schedule:

Eighteen Dollars per One Hundred Dollars per annum on that part of the cash advance not in excess of Three Hundred Dollars, and Eight Dollars per One Hundred Dollars per annum on that part of the cash advance in excess of Three Hundred Dol-
The agreement shall contain the date of the agreeable in equal successive monthly installments beginning on a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time outstanding not in excess of a number that, having due regard for the insurance coverages afforded the borrower, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of such payment is due, and the maturity of the loan.

(2) Interest authorized in Section (1) of this Article may be computed at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Precomputed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, an authorized lender may make loans which require repayment in other than substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and an authorized lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower may be made from time to time.

The agreement shall contain the date of the agreement and the name and address of each borrower and of the lender and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth the insurance coverages afforded the borrower through the lender and, if a charge for insurance is to be made to the borrower, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full, as of the date of such payment is due, and the maturity of the loan.

(6)(a) When any loan contract which includes precomputed interest and is payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender makes demand for payment in full of the unpaid balance, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full, bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from the date the loan was made, one-thirtieth of the portion
of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due after the precomputed interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

(b) When any loan contract which includes precomputed interest is payable is payable at substantially equal successive monthly installments beginning within one month plus fifteen days after the date the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender makes demand for payment in full of the unpaid balance prior to final maturity, the lender may retain earned interest for the period from the date of the loan to the date of prepayment in full or date of demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments, having due regard for the amount of each scheduled installment and the time of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the lender, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this Subsection shall be refunded or credited to the borrower.

The lender may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the lender.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c) No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) No authorized lender shall induce or permit any person, or husband and wife, to be obligated, directly or indirectly, under more than one loan contract under this chapter at the same time for the same purpose, or with the effect, of obtaining a higher authorized charge than would otherwise be permitted by this chapter; but such limitation shall not apply to the acquisition by purchase of bona fide retail installment contracts or revolving charge agreements of the borrower incurred for goods, or services, or to pledged loans made pursuant to Article 3.17, and provided further, if an authorized lender purchases all or substantially all the loan contracts of another authorized lender hereunder and has at the time of purchase loan contracts with one or more of the borrowers whose loans are purchased, the purchaser shall be entitled to collect principal and authorized charges thereon according to the terms of each loan contract.

(8) In addition to the authorized charges provided in this chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by an authorized lender as court costs; attorney fees assessed by a court; lawful fees for filing, recording, or releasing in any public office any security for a loan; the reasonable cost actually expended for repossessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

(9) The dollar amounts of the rate brackets and ceiling prescribed by Section (1) of this Article are subject to adjustment from time to time under Article 2.08 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act."
Art. 5069-3.15  INTEREST; CONSUMER CREDIT; ETC.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 28(b)(3), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Art. 5069-3.16  Alternative Rates of Interest Authorized

(1) On a loan made under this section, an authorized lender may charge, in lieu of charges specified in Article 3.15, the following amounts:

(a) On any amount up to and including Twenty-nine Dollars and Ninety-nine Cents a charge may be added at the ratio of One Dollar for each Five Dollars advanced to the borrower.

(b) On any cash advance in an amount in excess of Twenty-nine Dollars and Ninety-nine Cents up to an amount not in excess of Thirty-Five Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars per month.

(c) On any cash advance of an amount in excess of Thirty-Five Dollars but not more than Seventy Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Three Dollars and Fifty Cents per month.

(d) On any cash advance of an amount in excess of Seventy Dollars but not in excess of One Hundred Dollars there shall be allowed an acquisition charge for making the advance not in excess of one-tenth of the amount of the cash advance. In addition thereto, an installment account handling charge shall be allowed not to exceed Four Dollars per month.

(e) On any cash advance in an amount in excess of One Hundred Dollars, the maximum acquisition charge may not exceed Ten Dollars and the maximum monthly installment account handling charge may not exceed the ratio of Four Dollars per month per One Hundred Dollars of cash advance.

(2) The maximum term of any loan made under the terms of this Article shall be one month for each Ten Dollars of cash advance up to a maximum term of six months on loans of One Hundred Dollars or less, and one month for each Twenty Dollars of cash advance on loans in excess of One Hundred Dollars as provided for by Section (1)(e) of this Article.

(3) On such loans under this Article, no insurance charges or any other charges of any nature whatsoever shall be permitted.

(4) The acquisition charge authorized on loans made pursuant to Articles 3.16(1)(a), (b), (c), and (d) shall be deemed to be earned at the time a loan is made and shall not be subject to refund. On the prepayment of any loan made pursuant to Articles 3.16(1)(a), (b), (c), and (d) the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. On the prepayment of any loan made pursuant to Article 3.16(1)(e) both the acquisition charge and the installment account handling charge shall be subject to the provisions of Article 3.15 as it relates to refunds. Provisions of Article 3.15 relating to default charges on loans and the deferment of loans shall apply to loans made under this Article.

(5) The Commissioner shall have authority to formulate schedules providing for repayment in weekly, bi-weekly or semi-monthly installments for use by an authorized lender on loans made under the authority of this Article provided the ratio of charges permitted under such schedules do not exceed the maximum rates authorized in this Article.

(6) The maximum cash advance of any loan made under this Article shall be One Hundred Dollars as from time to time may be adjusted by the provisions of Article 2.08 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 28(b)(3), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

See, now, art. 5069-61.01 et seq.

Art. 5069-3.18  Insurance

(1) On any loan having a cash advance of One Hundred Dollars or more, made under the authority of this Chapter, a lender may request or require a
briker to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall not at any time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges therefore shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article, and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower’s interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.
Art. 5069–3.18 INTEREST; CONSUMER CREDIT; ETC.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 5 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Section 6 of Acts 1989, ch. 1004 provides:

"All laws and parts of laws in conflict herewith shall be and the same are hereby repealed."

Art. 5069–3.19. Lender’s Duty to Borrower

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the English language showing the following information:

(a) The names and addresses of the borrower and of the lender; and

(b) The types of insurance, if any, for which a charge is included in the loan contract in connection with the loan, and the charge to the borrower for such insurance.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, property pledged, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the lender.

Art. 5069–3.20. Prohibited Practices

(1) No authorized lender shall take an assignment of wages as security for any loan made under this Chapter, but warrants drawn against any state fund, or any claim against a state fund or a state agency, may be assigned as security for any such loan.

(2) No authorized lender shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No authorized lender shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding. This prohibition shall not apply to powers of attorney contained in insurance premium finance contracts when limited to the authority to cancel casualty insurance financed under such contract.

(4) No authorized lender shall take any promise to pay or loan obligation that does not disclose the amount financed and the schedule of payments.

(5) Except as specifically provided in Article 3.15(4) no authorized lender shall take any instrument in which blanks are left to be filled in after the loan is made.

(6) No authorized lender shall take any instrument whereby a borrower waives any right accruing to him under the provisions of this Chapter.

Art. 5069–3.21. Limitation of Loan Period

(1) No authorized lender shall enter any contract of loan having a cash advance of Fifteen Hundred Dollars or less under this Chapter, under which the borrower agrees to make any scheduled payment of principal more than thirty-seven calendar months from the date of making such contract.

(2) No authorized lender shall enter any contract of loan having a cash advance in excess of Fifteen Hundred Dollars but not in excess of Three Thousand Dollars under this Chapter, under which the borrower agrees to make any scheduled payment of principal more than forty-nine calendar months from the date of making such contract.

(3) An authorized lender may not enter into a contract for a loan having a cash advance of Three Thousand Dollars under this Chapter, under which the borrower agrees to make any scheduled payment of principal more than sixty months from the date of making that contract.

Sections 27 and 28 of the 1981 amendatory Act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act."
"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04 et seq., Vernon's Texas Civil Statutes), to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (6) of this Article, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

CHAPTER FOUR. INSTALLMENT LOANS

Art. 5069-1.01. Installment Loans Authorized.
5069-1.02. Insurance.
5069-1.03. Lender’s Duty to Borrower.
5069-1.04. Prohibited Practices.

Art. 5069-4.01. Installment Loans Authorized
(1) Any bank or savings and loan association doing business under the laws of this State or of the United States, and any person licensed to do business under the provisions of Chapter 3 of this Subtitle relating to regulated loans may contract for and receive on any loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, an interest charge, however calculated or shown, which does not exceed an add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article may be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular installments and may be computed on the basis of a full month for any fractional period in excess of fifteen days. Precomputed interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Notwithstanding the foregoing, a lender may make loans which require repayment other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or period of the installments or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments, or if the first installment is not payable one month from the date of the contract and may compute, contract for, charge, or receive interest charges under any method or formula different from that prescribed in Section (1) of this Article if the interest charges do not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the loan were repayable in equal successive monthly installments beginning one month from the date of the contract.

(4) Notwithstanding any other provision of this Chapter, a borrower and a lender may enter into a written agreement pursuant to which one or more loans or advances to or for the account of the borrower shall be made from time to time. The agreement shall contain the date of the agreement and the name and address of each borrower and of the lender and shall be signed by the parties. A copy of the agreement shall be delivered to the borrower. The agreement may provide for a maximum loan charge on the unpaid principal amounts from time to time outstanding not in excess of a rate producing an interest yield equivalent to that which would be permitted on a similar loan made under Section (1) of this Article. The Commissioner shall prescribe monthly rates of charge which produce an interest yield equal to that permitted under Section (1) of this Article on a loan of the same amount. The loan agreement shall clearly set forth, if a charge for insurance is to be included in the contract, a simple statement of the amount of such charge or the method by which it will be calculated.

(5) On any loan contract which includes precomputed interest, and is payable in substantially equal, successive monthly installments, additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (6) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the date following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment
Art. 5069-4.01 INTEREST; CONSUMER CREDIT; ETC. 2988

is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual or deferment or at any time thereafter. On any loan contract which includes precomputed interest but which is not payable in substantially equal successive monthly installments, the loan contract may provide for interest from the maturity date of any installment until paid at a rate not exceeding the highest lawful contract rate.

(6)(a) When any loan contract payable in substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract and containing precomputed interest is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender demands payment in full of the unpaid balance after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower.

When any loan contract which includes precomputed interest and is payable in other than substantially equal successive monthly installments beginning within one month plus fifteen days after the date of the contract is prepaid in full by cash, a new loan, renewal, or otherwise, or if the lender demands payment in full of the unpaid balance before the final installment due date, the lender shall retain earned interest for the period from the date of the loan to the date of prepayment in full or demand for payment in full in an amount not to exceed that which would accrue at the simple annual interest rate which the loan contract would have produced over its full term if each scheduled payment had been paid on the date due when applied to the unpaid principal amounts determined to be outstanding from time to time according to the schedule of payments having due regard for the amount of each scheduled installment and the time of each scheduled installment period. In the event prepayment in full or demand for payment in full occurs on a date during an installment period, the lender, in addition to interest earnings for the installment period or periods that have elapsed, may retain for each day elapsed from the immediately preceding installment due date to the date of prepayment in full or demand for payment in full an interest charge produced by applying the simple annual interest rate under the contract as heretofore described to the unpaid principal balance of the loan determined to be outstanding according to the schedule of payments as of the immediately preceding installment due date and dividing that product by three hundred sixty-five. All interest contracted for and precomputed in the amount of loan in excess of the interest authorized to be retained by this subsection shall be refunded or credited to the borrower.

The lender may also retain earned interest on any additions to principal or other permissible charges added to the loan subsequent to the date of the loan contract, at the simple annual interest rate as described above, from the date such additions are made until paid or until demand for payment in full of the total unpaid balance under the loan contract is made by the lender.

If the loan contract does not contain precomputed interest, then interest may be earned on the principal balance, including additions to principal subsequent to the loan contract, from time to time unpaid, at the rate contracted for, until the date of payment in full or demand for payment in full.

(c) No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(7) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly, charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered.

However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as court costs, attorney fees assessed by a court, lawful fees for filing, recording, or releasing to any public office any instrument securing a loan; the reasonable cost actually expended for reposessing, storing, preparing for sale, or selling any security; or fees for noting a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this Chapter, or premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter.

(8) As an alternative to the rate provided by Section (1) of this Article, the parties may agree to
any rate not exceeding a rate authorized by Article 1.04 of this Title.

1 So in enrolled bill; there is no (b).

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seg., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential is 28 percent a year except that in the case of contracts subject to Section (d)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-3.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Art. 5069-4.02. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure tangible personal property offered as security for a loan. Such insurance and the premiums or charges thereon shall be required to be in force for the entire term of the loan and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance for which a charge is included in the loan contract is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If a borrower is obligated under the terms of a loan contract to obtain or maintain required insurance coverages and fails to do so or requests the lender to procure that insurance, the lender may procure substitute insurance, which coverage is substantially equivalent to or more limited than that originally required, in accordance with Sections (4) and (5) of this Article and may procure insurance to cover only the interest of the lender as a secured party if the borrower does not request that the borrower's interest be covered. The lender may add the premium advanced by the lender for that insurance to the unpaid balance of the loan contract and may charge interest on that amount from the time of its addition to the unpaid balance of the loan contract until it is paid at a rate not in excess of the rate that the loan contract would produce over its full term if each scheduled payment were paid on the date due. If any insurance for which a charge is included in or added to the loan contract is

cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company which wrote such insurance, a copy of, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Art. 5069-4.03 Lender's Duty to Borrower

(1) When a loan is made under the authority of this Chapter, the lender shall deliver to the borrower, either the original or a copy, and if more than one to one of them, a copy of the note or agreement and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

(a) The names and addresses of the borrower and of the lender; and

(b) The types of insurance, if any, for which a charge is included in the loan contract in connection with the loan, and the charge to the borrower for such insurance.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to the person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, deed of trust, or other instrument securing such loan which no longer secures any indebtedness of the borrower to the licensee.

Art. 5069-4.04 Prohibited Practices

(1) No lender shall take an assignment of wages as security for any loan made under this Chapter.

(2) No lender shall take a lien upon real estate as security for any loan made under this Chapter, except such lien as is created by law upon the recording of an abstract of judgment.

(3) No lender shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for a borrower in a judicial proceeding.

(4) Except as specifically provided by Article 4.01(4), no lender shall take any promise to pay or loan obligation that does not disclose the amount financed and the schedule of payments.

(5) No lender shall take any instrument in which blanks are left to be filled in after the loan is made.

(6) No lender shall take any instrument whereby a borrower waives any right accruing to him under the provisions of this Chapter.

CHAPTER FIVE. SECONDARY MORTGAGE LOANS

Art. 5069-5.01. Definition

5069-5.01. Secondary Mortgage Loans Authorized.

5069-5.02. Insurance.

5069-5.03. Lender's Duty to Borrower.

5069-5.04. Prohibited Practices.
(a) a loan made to any person not to be repaid in ninety days or less which is secured, in whole or in part, by any lien or security interest or any interest in real property improved by a dwelling designed for occupancy by four families or less, which property is subject to the lien of one or more liens or security interests, prior mortgages or deeds of trust, or

(b) the purchase of any interest in an existing secondary mortgage loan from the mortgagee made to secure such a loan.

(2) On or after the effective date of this Chapter, no person, except a bank, savings and loan association or credit union doing business under the laws of this State or of the United States and any person licensed to do business under the provisions of Chapter 3 of this Subtitle, shall engage in the business of making secondary mortgage loans and contracts, for charge or receive, directly or indirectly in connection with any such loan, any charge for interest which exceeds ten percent per annum on unpaid principal balances and any lawful charge for compensation, consideration, expense, or any other thing incidental to or in connection with the loan which exceeds the amounts a person authorized hereunder would be permitted to charge under Article 6.025.

(3) The provisions of this Chapter shall not apply to any seller of property who makes a secondary mortgage loan to secure all or part of the unpaid purchase price.

Art. 5069-5.02. Secondary Mortgage Loans Authorized

(1) Any person authorized to do business under the provisions of this Chapter may contract for an interest on any secondary mortgage loan made under the authority of this Chapter repayable in consecutive monthly installments, substantially equal in amount, and add-on interest charge of Eight Dollars per One Hundred Dollars per annum for the full term of the loan contract.

(2) Interest authorized in Section (1) of this Article shall be computed on the cash advance at the time the loan is made for the full term of the loan contract notwithstanding the requirement of the loan contract for payment in substantially equal regular monthly installments and shall be computed on the basis of a full month for any fractional period in excess of fifteen days. Interest authorized by Section (1) of this Article shall be added to the cash advance and said sum shall be the amount of the loan.

(3) Additional interest for default, if contracted for, may equal but shall not exceed Five Cents for each One Dollar of any scheduled installment when any portion of such installment continues unpaid for ten days or more following the date such payment is due, including Sundays and holidays. Interest for such default shall not be collected more than once on the same installment. If the payment date of each wholly unpaid installment, on which no interest for default has been collected is deferred as of an installment date for one or more full months and the maturity of the contract is extended for a corresponding period of time, the lender may charge and collect additional interest for such deferment. The interest for such deferment may be equal to the difference between the refund which would be required for prepayment in full as of the date of deferment and the refund which would be required for prepayment in full as of one month prior to such date multiplied by the number of months in the deferment period as defined below. The portion of the interest contracted for under Section (1) of this Article applicable to each deferred balance and installment period following a deferment period shall remain the same as that applicable to such balance and period under the original contract of loan. If a loan is prepaid in full during the deferment period defined below, the borrower shall receive, in addition to the refund required under Section (4) of this Article, a pro-rata refund of that portion of the interest for deferment applicable to any unexpired full month or months of such period. The deferment period is that period beginning with the day following the due date of the scheduled installment preceding the first installment being deferred, and during which no payment is made or required by reason of such deferment. The interest for default or interest for deferment may be collected at the time of its accrual, or at any time thereafter.

(4) When any loan contract is prepaid in full by cash, a new loan, renewal, or otherwise, or when the lender demands payment in full of the unpaid balance, after the first installment due date but before the final installment due date, the lender shall refund or credit the borrower with an amount which shall be as great a proportion of the total interest contracted for under Section (1) of this Article as the sum of the periodic balances scheduled to follow the installment date after the date of prepayment in full or demand for payment in full bears to the sum of all the periodic time balances under the schedule of payments set out in the loan contract. If such prepayment in full or demand for payment in full occurs before the first installment due date the lender shall retain for each elapsed day from date the loan was made, one-thirtieth of the portion of the interest which could be retained if the first installment period were one month and the loan were prepaid in full on the first installment period due date and the interest contracted for under Section (1) of this Article in excess of such amount shall be refunded or credited to the borrower. No refund shall be required for partial prepayments and no refund of less than One Dollar need be made.

(5) In addition to the authorized charges provided in this Chapter no further or other charge or amount whatsoever shall be directly, or indirectly,
charged, contracted for, or received. This includes (but is not limited by) all charges such as fees, compensation, bonuses, commissions, brokerage, discounts, expenses and every other charge of any nature whatsoever, whether of the types listed herein or not. Without limitation of the foregoing, such charges may be any form of costs or compensation whether contracted for or not, received by the lender, or any other person, in connection with (a) the investigating, arranging, negotiation, procuring, guaranteeing, making, servicing, collecting or enforcing of a loan; or (b) for the forbearance of money, credit, goods or things in action; or (c) for any other service or services performed or offered. However, the prohibition set out herein shall not apply to amounts actually incurred by a lender as:

(i) court costs;
(ii) attorney’s fees assessed by a court;
(iii) lawful fees paid to any public office for filing, recording, or releasing any instrument securing a loan;
(iv) the reasonable cost expended for repossessing, storing, preparing for sale, or selling any security;
(v) the premiums or identifiable charge received in connection with the sale of insurance authorized under this Chapter including a premium or charge for title insurance;
(vi) an attorney’s reasonable fee for title examination and opinion not in excess of the charge or premium set by the State Board of Insurance for title insurance for such a transaction; or
(vii) the reasonable and necessary charges paid to persons not salaried employees of the lender for: appraisal and inspection of collateral, investigation of the credit standing or credit worthiness of the borrower, legal fees to an attorney for the preparation of documents in connection with the transaction, or official fees for construction permits.

(6) As an alternative to the rate provided by Section (1) of this Article, the parties may agree to any rate not exceeding a rate authorized by Article 1.04 of this Title.

Sections 27 and 28 of the 1881 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1923, as amended (Article 5069-1.01 et seq., Vernon’s Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential in contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1923, as amended (Article 5069-1.04, Vernon’s Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

Art. 5069-5.03. Insurance

(1) On any loan made under the authority of this Chapter, a lender may request or require a borrower to provide credit life insurance and credit health and accident insurance as additional protection for such a loan. Policies of credit life insurance or credit health and accident insurance may not be in force with respect to any one obligor on any one loan contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) On any loan having a cash advance of Three Hundred Dollars or more, a lender may, in addition, request or require a borrower to insure property offered as security for a loan. Such insurance and the premiums or charges thereon shall bear a reasonable relationship to the amount, term and conditions of the loan, the value of the collateral, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public.

(3) When insurance is required in connection with a loan made under this Chapter, the lender shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the loan, and that the borrower shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the lender at a premium or rate of charge not fixed or approved by the State Board of Insurance, the lender shall include such fact in the foregoing statement, and the borrower shall have the option for a period of five days from the date of loan of furnishing the required insurance coverages either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. Such statement or statements may be made...
as separate written statements delivered in conjunction with the loan contract or may be included as a part of the loan contract.

(4) All such insurance for which a charge is included in the loan contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) Where insurance written under this Article is to be procured by the lender, the lender shall within thirty days after execution of the loan contract deliver, mail, or cause to be mailed to the borrower at his address as specified in the contract, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all of the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(6) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the lender shall be credited, except to the extent applied to the purchase by the lender of similar insurance, to any amounts then unpaid on the account and the balance shall be promptly refunded to the borrower; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(7) In accepting insurance provided by this Article as protection for a loan, the lender, its officers, agents, or employees may deduct the premiums or identifiable charges for such insurance from the proceeds of the loan, which premiums or identifiable charges shall not exceed those authorized by this Article, and shall pay such premiums to the insurance company writing such insurance. Any gain, or advantage to the lender, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as additional interest or further charge in connection with any loan made under this Chapter except as specifically provided herein. Arranging for, and collecting an identifiable charge, shall not be deemed a sale of insurance.

(8) A lender shall not by any method, directly or indirectly, require the purchase of insurance from an agent or broker designated by the lender, nor shall the lender at any time decline existing coverages providing substantially equal benefits that comply with the provisions of this Article.

(9) Should any additional charge be made for insurance other than that authorized in this Article, the lender shall have no right to collect any charge for insurance or any interest on such charge and all charges collected for insurance and interest collected thereon shall be refunded to the borrower or credited to his account, provided that an overcharge which results from an accidental or bona fide error may be corrected as provided in Article 8.01 of Chapter 8 of this Subtitle. The provision is supplemental to and not exclusive of all other remedies and penalties provided in this Subtitle.

Art. 5069-5.04. Lender's Duty to Borrower

(1) When a secondary mortgage loan is made under the authority of this Chapter, the lender shall deliver to the borrower, or if more than one to one of them, a copy of the note and all other documents signed by the borrower and a statement in writing in the English language showing the following information:

(a) The names and addresses of the borrower and of the lender; and

(b) The types of insurance, if any, for which a charge is included in the loan contract in connection with the loan, and the charge to the borrower for such insurance.

If the note or loan contract shows the information required above, a copy of such note or loan contract may be delivered rather than a separate statement.

(2) The lender shall give a receipt to a person making a cash payment on any loan.

(3) At any time during regular business hours, the lender shall permit any loan to be prepaid in full, or, if less than a prepayment in full, in an amount equal to one or more full installments.

(4) When a loan is repaid in full, the lender shall cancel and return to the borrower, within a reasonable time, any note, assignment, security agreement, mortgage, deed of trust, or other instrument representing or securing such loan which no longer secures any indebtedness of the borrower to the licensee.

As used in this Chapter, unless the context otherwise requires:

(a) “Goods” means all tangible personal property when purchased primarily for personal, family, or household use and not for commercial or business use, including such property which is furnished or used at the time of sale or subsequently, in the modernization, rehabilitation, repair, alteration, improvement or construction of real property so as to become a part thereof whether or not severable therefrom. The term also includes, but is not limited to, a structure, except a mobile home, to be used as a residence, any boat, boat-trailer, motor scooter, motor-assisted bicycle, motorcycle, camper-type trailer, horse trailer, any vehicle propelled or drawn exclusively by muscular power, and merchandise certificates or coupons, issued by a retail seller, not redeemable in cash and to be used in their face amount in lieu of cash, in exchange for goods or services sold by such seller.

The term includes transactions made pursuant to a retail credit card arrangement as defined in this Article.

(f) “Retail installment contract” means an instrument (other than a retail charge agreement or an instrument reflecting a sale made pursuant thereto) entered into in this State evidencing a retail installment transaction (whether secured or unsecured). Art. 5069-6.02  INTEREST; CONSUMER CREDIT; ETC.

Art. 5069-6.02. Retail Installment Contracts—Requirements—Disclosure

(1) Each retail installment contract shall be in writing, dated, signed by the retail buyer, and completed as to all essential provisions, except as otherwise provided in Sections (7) and (8) of this Article.

(2) The printed or typed portion of the contract, other than instructions for completion, shall be in a size equal to at least eight-point type. The contract shall be designated "Retail Installment Contract" and shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER. DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

(3) The retail seller shall deliver to the retail buyer, or mall to him at his address shown on the retail installment contract, a copy of the contract as accepted by the seller. Until the seller does so, a buyer, who has not received delivery of the goods or been furnished or rendered the services, shall have the right to rescind the contract and to receive a refund of all payments made and return of all goods traded in to the seller on account of or in contemplation of the contract, or if such goods cannot be returned, the trade-in allowance thereof. Any acknowledgement by the buyer of delivery of a copy of the contract shall be in a size equal to at least ten-point bold type and, if contained in the contract, shall appear directly above the buyer’s signature.

(4) The retail installment contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or other address of the buyer as specified by the buyer and shall reasonably identify the goods sold or to be sold or services furnished or rendered or to be furnished or rendered. Multiple items of goods or services may be described in detail sufficient to identify them in separate writing.

(5) The retail installment contract shall contain and disclose the following items:

(a) The cash price of the goods or services;

(b) The amount of the buyer’s down payment, specifying the amounts paid in money and allowed for goods traded in;

(c) Any itemized charges, as defined in Article 6.01. Any charges for insurance permitted by Article 6.04 may be disclosed in the manner described in Article 6.04;

(d) In the event of any inconsistency or conflict between the disclosure requirements of this Chapter and those of a federal law, regulation, or an interpretation thereof, the requirements of the federal law, regulation, or interpretation shall control and the inconsistent or conflicting disclosures required by this Chapter need not to be given;

(e) Any promise, whether made in writing or orally, by the seller, made as an inducement to the buyer to become a party to the contract or which is part of the contract or which is made incidental to negotiations between the seller and the buyer with respect to the sale of the goods or services that are the subject of the contract, that the seller will compensate the buyer for referring customers or prospective customers to the seller for goods or services which the seller has for sale or for referring the seller to such customers or prospective customers. In any case in which, pursuant to the preceding provisions, the contract contains a promise to compensate the buyer for referring customers or prospective customers to the seller or the seller to such customers, the contract must contain a provision to the effect that the amount otherwise owing under the contract at any time is reduced by the amount of compensation owing pursuant to such promise.

(6)(a) A retail installment contract need not be contained in a single document.

(b) If the contract is contained in more than one document, one such document may be an original document signed by the retail buyer, stated to be applicable to purchases of goods or services to be made by the retail buyer from time to time. In such case, such document, together with the sales slip, account book or other written statement relating to such contract, shall appear directly above the buyer’s signature.

(7)(a) Retail installment contracts or retail charge agreements negotiated and entered into by mail or telephone, without solicitations in person by salesmen or other representatives of the seller, and based upon a catalog of the seller or other printed solicitation which clearly sets forth the cash prices of sales to be made through such medium, may be made as provided in this section. The provisions of this Article with respect to retail installment contracts shall be applicable to such sales, except that the designation and notice provisions of Section (2) of this Article shall not be applicable to such contract.

(b) Deleted by Acts 1979, 66th Leg., p. 1569, Ch. 672, § 31, eff. Aug. 27, 1979.

(8) A retail installment contract shall not be signed by any party thereto when it contains blank
spaces for items which are essential provisions of the transaction; provided, however, if delivery of the goods is not made at the time of the execution of the contract, the identifying numbers or marks of the goods or similar information and the due date of the first installment may be inserted by the seller in the seller's counterpart of the contract after it has been signed by the buyer. The buyer's acknowledgment, conforming to the requirement of this section, of delivery of a copy of the contract shall be presumptive proof, or, in the case of a holder of the contract without knowledge to the contrary when he purchases it, conclusive proof, of such delivery and of compliance with this section and any other requirement relating to completion of the contract prior to execution thereof by the buyer, in any action or proceeding.

(9)(a) Notwithstanding provisions of any other law, a retail installment contract payable in substantially equal successive monthly installments beginning one month from the date of the contract may provide for, and the seller or holder may then charge, collect and receive a time price differential which shall not exceed an amount determined in accordance with the following schedule:

(i) On so much of the principal balance as does not exceed Five Hundred Dollars, Twelve Dollars per One Hundred Dollars per annum;

(ii) On so much of the principal balance as exceeds Five Hundred Dollars, but is not in excess of One Thousand Dollars, Ten Dollars per One Hundred Dollars per annum;

(iii) On so much of the principal balance as exceeds One Thousand Dollars, Eight Dollars per One Hundred Dollars per annum.

(b) Such time price differential shall be computed on the principal balance of the retail installment contract from the date of the contract until the due date of the final installment, notwithstanding that the balance thereof is payable in installments.

(c) If the retail installment contract is payable in successive monthly installments substantially equal in amount beginning one month from the date of the contract for a period less or greater than a year, or for amounts less or greater than One Hundred Dollars, the amount of the maximum time price differential set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(d) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in regular installments followed by or interspersed with an irregular, unequal or larger installment or installments, or if the first installment is not payable one month from the date of the contract, the time price differential may not exceed an amount which will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(e) Notwithstanding any other provisions of this Article, a minimum time price differential not in excess of the following amounts may be charged on any retail installment contract involving an initial principal balance of Seventy-five Dollars or more; Nine Dollars on a retail installment contract involving an initial principal balance of more than Twenty-five Dollars and less than Seventy-five Dollars and Six Dollars on a retail installment contract involving an initial principal balance of Twenty-five Dollars or less.

(f) No seller shall induce a buyer or any husband and wife to become obligated at substantially the same time under more than one retail installment contract with the same seller for the deliberate purpose of obtaining a higher time price differential than would otherwise be permitted under this Article for one retail installment contract. Provided, however, a subsequent contract entered into between the same buyer and seller more than thirty days from the date of making a prior contract shall be presumed not to be in violation of this subsection.

(10) Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay in full the unpaid time balance thereof at any time before its final due date and, if he does so, or if the holder demands payment in full of the unpaid balance prior to its final due date, he shall receive a refund credit thereon for such prepayment or upon such demand for payment in full. The amount of such refund credit shall represent at least as great a proportion of the original time price differential, after first deducting therefrom an amount equivalent to the minimum charge authorized in this Article, as:

(a) the sum of all the monthly unpaid balances under the schedule of payments in the contract (beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first install­ment under the contract, or, if the prepayment or demand for payment in full is prior to the due date of the first installment under the contract, then as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the contract) bears to

(b) the sum of all the monthly unpaid balances under the schedule of installment payments in the contract. Where the amount of refund credit is less than One Dollar, no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above described method, having due regard for the
amount of each installment and to the irregularity of each installment period.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to reinstate such contract, they may do so and may amend the contract pursuant to Section (12) of this Article.

(11) The holder of any retail installment contract if it so provides may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney’s reasonable fee where it is referred for collection to an attorney not a salaried employee of the holder of the contract, and for court costs and disbursements.

(12) (a) The holder of a retail installment contract, upon request of the buyer, may agree to one or more amendments to extend or defer the scheduled due date of all or any part of any installment or installments and may collect for same a charge computed on the amount of the scheduled installment or installments extended or deferred for the period of extension or deferment at the rate of Fifteen Cents for each Ten Dollars per month, provided that a minimum extension or deferment charge of One Dollar may be charged and collected. Such amendments may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance provided for in the contract and of any additional necessary official fees.

(b) The holder of a retail installment contract, upon request of the buyer, may agree to an amendment to renew, restate or reschedule the unpaid balance of the contract and may collect for same a charge to be computed as follows: The sum of the unpaid balance as of the date of the amendment and the cost of any insurance, any additional necessary official fees and any accrued delinquency charges, after deducting an amount which would be equivalent to the required refund credit applicable in the case of prepayment in full as of the date of the amendment charges, shall constitute a principal balance on which a charge may be computed for the term of the amended contract at the applicable rate of charge as provided in Article 6.02.

(c) Any amendment to a retail installment contract must be confirmed in writing and signed by the buyer, and a copy of the writing shall be delivered to the buyer at the time of execution of same. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

(13) Upon written request of the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of installment payments and the total amount unpaid under such contract. Such a statement shall be given the buyer once every six months without charge; if any additional statement is requested by the buyer, it shall be supplied by the holder at a charge not in excess of One Dollar for each additional statement. A buyer shall be given a written receipt for any payment when made in cash.

(14) (a) If, in a retail installment transaction, a retail buyer makes any subsequent purchases of goods or services from a retail seller from whom he has previously purchased goods or services under one or more retail installment contracts, and the amounts under such previous contract or contracts have not been fully paid, the subsequent purchases may, at the seller’s option, be included in and consolidated with one or more of such previous contracts or contracts. Each subsequent purchase shall be a separate retail installment contract under this Chapter, notwithstanding that the same may be included in and consolidated with one or more of such previous contracts or contracts. All the provisions of this Chapter with respect to retail installment contracts shall be applicable to such subsequent purchases except as hereinafter stated in this section.

(b) In the event of such consolidation, in lieu of the buyer’s executing a retail installment contract respecting each subsequent purchase, as provided in this Article, it shall be sufficient if the seller shall prepare a written memorandum of each subsequent purchase, in which case the provisions of Sections (1), (2), (3), and (5) of this Article shall not be applicable. The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

(c) When such subsequent purchases are made, if the seller has retained title or taken a lien or other security interest in any of the goods purchased under any one of the contracts included in the consolidation, the entire amount of all payments made prior to such subsequent purchases shall be deemed to have been applied to the previous purchases; and each payment after such subsequent purchase made on the consolidated contract shall be deemed to have been allocated to all of the various purchases in the same ratio as the original cash sale prices of the various purchases bear to the total of all. Where the amount of each installment payment is increased in connection with such subsequent purchases, at the seller’s option, the subsequent payments may be deemed to be allocated as follows: an amount equal to the original periodic payment to the previous purchase, the balance to the subsequent purchase. However, the amount of any down payment on the subsequent purchase shall be allocated in its entirety to such subsequent purchase. The provisions of this Subsection (c) shall not apply to cases where such previous and subsequent purchases involve equipment, parts, or other goods attached or affixed to goods previously purchased and not fully paid, or to services in connection...
Art. 5069-6.03. Retail Charge Agreements—Requirements—Disclosure

(1) A retail charge agreement may be established by a seller or credit card issuer upon the request of a buyer or prospective buyer. The retail charge agreement shall be in writing and signed by the buyer. A copy of such agreement executed on or after the effective date of this Chapter shall be signed by the buyer prior to the date on which the first payment is due thereunder. Any acknowledgment by the buyer of delivery of a copy of the agreement contained in the body thereof shall be in a size equal to at least ten-point bold type and shall appear directly above the buyer’s signature. No agreement executed on or after the effective date of this Chapter shall be signed by the buyer when it contains blank spaces to be filled in after it has been signed. The buyer’s acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of such delivery and that the agreement, when signed, did not contain any blank spaces as herein provided. If no copy of the agreement is retained by the seller, a notation in his permanent record showing that such agreement was mailed and the date of mailing shall serve as presumptive proof of such mailing. Any such agreement shall contain substantially the following notice printed or typed in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER—DO NOT SIGN THIS AGREEMENT BEFORE YOU READ IT OR IF IT CONTAINS BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE AGREEMENT YOU SIGN. KEEP THIS AGREEMENT TO PROTECT YOUR LEGAL RIGHTS."

(2) The buyer under the retail charge agreement shall be supplied with a statement as of the end of each monthly period (which need not be a calendar month), or other regular period agreed upon in writing, at the end of which there is any unpaid balance thereunder, which statement shall berate and disclose a legend to the effect that the buyer may at any time pay his total unpaid balance or any part thereof.

(2a) A retail charge agreement that complies with the applicable duties and requirements regarding disclosure under the Consumer Credit Protection Act (15 U.S.C. 1601 et seq.), shall be deemed to comply with the duties and requirements regarding disclosure included in Section (2) of this Article.

(3) A retail charge agreement may provide for, and the seller or holder may then, notwithstanding the provisions of any other law, charge, collect and receive a time price differential for the privilege of paying in installments thereunder, which shall not exceed the following:

(a) On so much of the unpaid balance as does not exceed Five Hundred Dollars, Fifteen Cents per Ten Dollars per month; and

(b) If the unpaid balance exceeds Five Hundred Dollars, Ten Cents per Ten Dollars per month on that portion over Five Hundred Dollars.

(4) The time price differential under this Article shall be computed on all amounts unpaid thereunder from month to month (which need not be a calendar month) or other regular period; provided, however, if the regular period is other than a monthly period such time price differential shall be computed proportionately. The time price differential under this Article may be computed for all unpaid balances within a range of not in excess of Ten Dollars on the basis of the median amount within such range, if as so computed such time price differential is applied to all unpaid balances within such range. A minimum time price differential not in excess of Seventy-five Cents per month may be charged, received and collected for any billing cycle in which a balance is due. In addition, such retail charge agreement may provide for the payment of an attorney’s reasonable fee where it is referred for collection to an attorney, not a salaried employee of the holder of the contract, and for court costs and disbursements.

(5) The dollar amount of the rate brackets in this Article is subject to adjustment from time to time under Article 2.08 of this Title. As an alternative to
the rates or amounts of time price differential provided by Section (3) of this Article, the parties may agree to any time price differential not exceeding a rate or amount authorized by Article 1.04 of this Title. The provisions of Article 1.04 of this Title applicable to open-end accounts apply to this Article.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes, or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of insurance or health and accident insurance which are not ordinarily included in policies issued to the general public.

Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the goods or services sold, the anticipated use thereof, or goods or services related to the goods or services sold and which may be insured with the goods and services sold; and (3) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (5) are written on policies or endorsements offered to the general public.

The retail installment contract shall clearly identify the type of coverage for each such type of coverage purchased and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the buyer a statement which shall clearly and conspicuously state that insurance is required in connection with the contract or agreement, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a premium or rate of charge not fixed or approved by the State Board of Insurance is included in the retail installment contract or under the retail charge agreement, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverage through any insur-
ance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 6.02 or the retail charge agreement required by Article 6.03, respectively, or may be made in a separate written statement or statements.

(4) All such insurance subject to Section (1) or (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company or companies authorized to do business in this State.

(5) The contract or agreement, separate written statement, or a specimen copy of a certificate or policy of insurance delivered to the buyer shall identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract or under the retail charge agreement.

(6) The buyer shall have the privilege at the time of execution of the contract or agreement of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller or holder, but, in such case the inclusion of the insurance premium in the contract or agreement shall be optional with the seller or holder.

(7)(a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the goods or services sold or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or maintained a coverage required by the retail installment contract or retail charge agreement, the holder may but shall not be required to procure substitute insurance coverage which is substantially equivalent to or more limited than the coverages originally required and may add the premium advanced for that insurance to the unpaid balance of the contract or under the retail charge agreement. The substitute insurance may cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates and in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance of a retail installment contract under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or the contract may be rescheduled in accordance with Article 6.02. If any premium is added under a retail charge agreement, the premium shall be added to the unpaid balance under the retail charge agreement. When any substitute insurance is obtained by the holder of a retail installment contract or retail charge agreement when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer's last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is to be procured by the seller or holder, he shall, within forty-five days after delivery of the goods or furnishing of the services under the contract or agreement, deliver, mail, or cause to be mailed to the buyer at his address as specified in the contract or agreement, a policy, or policies, or certificates of insurance, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverages and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance.

(9) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall, at the seller or holder's option, be applied to replace required insurance coverages or be credited to the final maturing installments of the retail installment contract or retail charge agreement, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(10) Any gain, or advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any contract or agreement made under this Chapter except, as specifically provided herein.

Section 6 of the 1983 amendatory act provided: "All laws and parts of laws in conflict herewith shall be and the same are hereby repealed."

Art. 5069—6.05. Prohibited Provisions

(2) Contain a power of attorney to confess judgment, or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer's premises unlawfully or to commit any breach of the peace in the repossession of goods;

(4) Provide for a waiver of the buyer's rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of goods;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer's agent in the repossession of goods;

(6) Provide that the buyer agrees not to assert against the seller any claim or defense arising out of the sale;

(7) Provide for or grant a first lien upon real estate to secure such obligation, except, (a) such lien as is created by law upon the recording of an abstract of judgment or (b) such lien as is provided for or granted by a contract or series of contracts for the sale or construction and sale of a structure to be used as a residence so long as the time price differential does not exceed an annual percentage rate permitted under either this Chapter or Article 1.04 of this Title.

Sections 27 and 28 of the 1981 amendatory act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act, but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 60.05, Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 25 percent a year."

Art. 5069-6.06 Certificate of Completion or Satisfaction Required in Certain Transactions

(1) A seller who has entered into a retail installment transaction to perform services or install goods for the modernization, rehabilitation, repair, alteration, improvement or construction of improve-
ments on real property shall obtain a certificate of completion or certificate of satisfaction (hereinafter designated "certificate") signed by the buyer, when all such goods and/or services purchased under a retail installment contract have been performed or installed as required by such contract and may obtain such a certificate whether or not any guarantee or warranty of the goods or services remains in force. Such certificate shall be a separate writing and shall have the following notation at the top thereof at least ten-point bold type:

WARNING TO BUYER—DO NOT SIGN THIS CERTIFICATE UNTIL ALL SERVICES HAVE BEEN SATISFACTORY PERFORMED AND MATERIALS SUPPLIED OR GOODS RECEIVED AND, FOUND SATISFACTORY.

(2) Such signed certificate or a copy thereof shall be kept by the seller for a period of two years from the date of execution.

(3) No seller shall knowingly induce a buyer to sign such a certificate or knowingly take or accept from the buyer any executed certificate if performance of the services or installation of the goods required by the retail installment contract is not complete.

(4) Execution of such a certificate by a buyer shall not constitute a waiver of any guaranty or warranty made by a seller, manufacturer or supplier. Failure or refusal on the part of a buyer to execute such certificate, without good cause, shall not affect the validity of the retail installment contract.

Art. 5069-6.07 Assignment and Negotiation

Notwithstanding the provisions of any other law, a person may purchase or acquire or agree to purchase or acquire an open-end retail installment contract or retail charge agreement or any outstanding balance under either from another person on such terms and conditions and for such price as may be mutually agreed upon. Notice to the buyer of the assignment or negotiation and any requirement that the seller be deprived of dominion over payments upon a retail installment contract or retail charge agreement, or over the goods if returned to or repossessed by the seller, is not necessary to the validity of a written assignment or negotiation of the retail installment contract or retail charge agreement or any outstanding balance under either, as against creditors, subsequent purchasers, pledgees, mortgagees and lien claimants of the seller. Unless the buyer has notice of the assignment or negotiation of his retail installment contract, retail charge agreement or any outstanding balance under either, payment therefor made by the buyer to the holder last known to him shall be binding upon all subsequent holders. No right of action or defense of a buyer arising out of a retail installment transaction which
would be cut off by negotiation, shall be cut off by negotiation of the retail installment contract or retail charge agreement to any third party unless such holder acquires the contract relying in good faith upon a certificate of completion or certificate of satisfaction, if required by the provisions of Article 6.05; and such holder gives notice of the negotiation to the buyer as provided in this Article, and within thirty days of the mailing of such notice receives no written notice from the buyer of any facts giving rise to any claim or defense of the buyer. Such notice of negotiation shall be in writing addressed to the buyer at the address shown on the contract and shall: identify the contract; state the names and addresses of the seller and buyer; describe the goods or services; state the time balance and transposition of the payment schedule. The notice of negotiation shall contain the following warning to the buyer in at least ten-point bold face type:

Art. 5069-6.08. Application

Art. 5069-6A.01. Purpose

The legislature finds that manufactured homes have become a major source of single family housing and that a large number of manufactured homes are being placed on private property as permanent residences. Accordingly, the legislature has determined that credit transactions, both credit sales and consumer loans, for the purchase of manufactured homes should be regulated equally and in the same chapter. The legislature also finds that there have been substantial revisions in the Federal Truth-in-Lending Act and regulations issued pursuant to that Act and has determined that disclosure requirements should be modified to eliminate duplications and inconsistencies and that certain definitions should be revised to coordinate with federal law and regulations. The legislature also desires to make it clear that, before the effective date of Chapter 6A, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 522lf, Vernon's Texas Civil Statutes), mobile home credit sales were regulated exclusively by Chapter 7, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-7.01 et seq., Vernon's Texas Civil Statutes), and modular homes by Chapter 6, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-6.01 et seq., Vernon's Texas Civil Statutes). The legislature also finds that there is a growing need for creative and flexible financing plans for the purchase of manufactured homes in this state.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.02. Definitions

(1) Except as expressly defined by this section, all words or phrases used in this chapter are defined in accordance with Part I of the Consumer Credit Protection Act (also known as the Truth-in-Lending Act), 15 U.S.C. Sec. 1601 et seq., as amended, and as implemented by Regulation Z as promulgated by the Board of Governors of the Federal Reserve System.

(2) In this chapter:

(a) "Manufactured home" is defined in accordance with the definition of manufactured home contained in the Texas Manufactured Housing Standards Act, as amended (Article 522lf, Vernon's Texas Civil Statutes). The term includes any furniture, appliances, drapes, carpets, wall coverings, or other items that are attached to or contained in the dwelling and that are included in the cash price and sold in conjunction with the dwelling.

(b) "Consumer" means a person to whom credit is extended in a credit transaction and includes a co-maker, endorser, guarantor, surety, or other person that is obligated to repay the extension of credit.

(c) "Creditor" means a person involved in a credit transaction who:

(i) extends or arranges for the extension of the credit; or

(ii) is a retail or broker, as defined by the Texas Manufactured Housing Standards Act, as amended (Article 522lf, Vernon's Texas Civil Statutes), and participates in arranging for the extension of credit.

(d) "Credit transaction" means a retail purchase of a manufactured home under which the consumer, in a credit document, grants to a creditor a purchase money lien on the manufactured home to secure the extension of credit that is subject to a finance charge or is payable by written agreement in more than four installments, not including a down payment, whether in connection with a sale, loan, or otherwise. The term includes a bailment or lease, unless terminable without penalty at any time by the consumer, under which the consumer:

(i) agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the property and services involved; and

(ii) will become or has the option to become, for no additional consideration or for nominal consideration, the owner of the property on compliance with the agreement.

(e) "Credit document" means the credit sale contract or the loan instruments and includes all the written agreements between the consumer and creditor that relate to the credit transaction. The document may consist of one or more pages.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.03. Credit Charge

(1) Subject to Subsection (2) of this section, the interest or time price differential in a credit transaction may not exceed the sum obtained by applying a simple interest rate equal to 13.32 percent a year to the unpaid balance for the scheduled term of the transaction.

(2) The rate and limitation prescribed by Subsection (1) of this section becomes effective on the effective date of such an Act.

(3) By agreement between the consumer and the creditor expressly set forth in the credit document, the credit transaction may provide for an adjustable rate by which the initial contract rate of interest or time price differential is to be adjusted at certain
stated regular intervals in accordance with Section 4 of this chapter. Such an interval is the "rate adjustment period."

(4) For purposes of disclosure only, the finance charge is computed on the unpaid balance from the effective date of the credit transaction as set forth in the credit document until the maturity of the final installment, notwithstanding that the total of payments is required to be paid in installments; if the credit document includes an adjustable rate provision, the finance charge shall be computed on the amount financed using the initial contract rate.

(5) For a period less or greater than 12 months or for amounts less or greater than $100, the amount of the maximum charge shall be decreased or increased proportionately. A fractional monthly period of 15 days or more may be considered a full month.

(6) If a credit transaction is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments, either in amounts or periods, or in equal successive monthly installments followed by or interspersed with an irregular, unequal, or larger installment or installments, or in other than monthly installments, or if the first installment is not payable one month from the date of the contract, the finance charge may not exceed an amount that, having due regard for the schedule of installment payments, will provide the same effective return as if the credit transaction were payable in substantially equal successive monthly installments, beginning one month from the date of the credit document.

(7) As an alternative to the rates and amounts of time price differential that may be charged under this section, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this title.

(8) In a transaction not involving real estate, no documentary fee for the preparation of credit documents shall be charged to the consumer and the only official fees which may be charged to the consumer are (i) the filing fee and (ii) the installation fee, both as set by the Commissioner of the Department of Labor and Standards, and (iii) the permit fee for highway movement to the installation site as paid to the State Department of Highways and Public Transportation.

Art. 5069-6A.04. Adjustment of Rate Charged

(1) Adjustments in the rate charged as permitted by Subsection (5) of Section 3 of this chapter must be based on changes in a specific index, as set forth in the credit document, with the index base being fixed by the index value on the first day of the month in which the credit document is dated. The index may be only:

(a) the monthly average gross yield to the Federal National Mortgage Association on accepted bids in weekly or biweekly auctions for four-month commitments to purchase FHA-insured or VA-guaranteed home mortgages, as published in the Federal Reserve Bulletin;

(b) the monthly average yield on United States Treasury securities adjusted to a constant maturity of five years as published in the Federal Reserve Bulletin;

(c) an index expressly approved by the Federal Home Loan Bank Board or by the Office of the Comptroller of the Currency, Department of the Treasury, for adjustable or variable interest rates on residential mortgage loans.

(2)(a) Rate adjustments may not exceed one-half of one percent a year for any six-month period. If the stated regular interval for rate adjustments is a 12-month period or longer, rate adjustments may not exceed one percent a year. In no event shall the total of all rate adjustments over the term of the credit transaction exceed the lesser of:

(i) one-half of the initial rate; or

(ii) eight percent; or

(iii) the quotient, expressed as a percentage, of the term of the loan in years divided by two.

(b) It is expressly provided, however, that any credit transaction which contains rate adjustment

"G. Alternate Rate. As an alternative to the rates and amounts of time price differential provided by Subsection A of this section, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by article 1.04 of this Title."

Sections 27 and 28 of the 1981 amendatory act adding § G provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act."

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon's Texas Civil Statutes), or any other law of this state to any person conferring his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential on contracts, including those for open-end accounts that would be subject to such a provision if it were constitutional is 24 percent a year except that in the case of contracts subject to Section 6(b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon's Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 28 percent a year."

This article was revised by Acts 1981, 67th Leg., p. 2125, ch. 496, eff. Sept. 1, 1981, without reference to amendment of this article by Acts 1981, 67th Leg., p. 265, ch. 111, § 19, eff. May 8, 1981, which added a § G to read.
provisions pursuant to Subsection (2)(a) shall not contain any other provision which would additionally allow a creditor to renegotiate, modify, or otherwise adjust the rate or term of the credit transaction within a 60-month period. It is intended that this Subsection (2)(b) shall prohibit rate adjustments authorized by Subsection (2)(a) in combination with "rollover" type mortgage loans having a term of five years or less.

(3) Changes in the index shall be calculated by determining the change in the number of points in the index from the index base, or for changes after the initial change from the index value used for the immediately preceding rate adjustment, to the index value on the first day of the month that is more than 50 days before the next rate adjustment period. This change is the rate adjustment. The rate adjustment shall be applied to the initial contract rate or the current adjusted rate, and after proper notice is given to the consumer, the rate shall be increased or decreased by that amount. The rate may not be adjusted unless the rate adjustment is at least one-eighth of one percent a year.

(4) Any increase in the rate authorized or permitted by this section may be waived at the option of the creditor. Any decrease in the rate resulting from a decrease in the index is mandatory, subject to the limitations prescribed by this section. If the creditor agrees to impose periodic or aggregate limitations on rate adjustments that are smaller or more restrictive than the limitations prescribed by this section, those limitations also apply to decreases.

(5) Before the 40th day preceding the payment date on which a rate adjustment is effective, the creditor shall mail to the consumer, postage prepaid, a notice that sets forth:

(a) the initial contract rate or the current adjusted rate if different from the initial contract rate;
(b) the index base, or the index value used for the immediately preceding rate adjustment, if any, and the dates on which the index base or value, as appropriate, was determined;
(c) the index value, and the date of the index value, used to calculate the change in the index;
(d) the rate adjustment;
(e) the new adjusted rate;
(f) the amount of current monthly payments on the indebtedness;
(g) the adjusted amount of monthly payments and the date on which the adjustment is effective; and
(h) a statement of the prepayment rights of the consumer as set forth in the credit document.

(6) A creditor may not charge any fees or assess a consumer any costs in connection with the processing of any rate adjustment.

(7) Notwithstanding any of the requirements and limitations set forth by Subsections (1) through (6) of this section, a creditor and consumer may agree on any terms or provisions in the credit transaction as may be expressly authorized or permitted in any program for residential mortgage loans by the Federal Home Loan Bank Board or by the Office of the Comptroller of the Currency, Department of the Treasury, or any other federal department, agency, or board. If the creditor and consumer agree on such an alternative residential mortgage loan, the creditor shall comply with all limitations, requirements, and disclosures of the agency that relate thereto.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981]

Art. 5069-6A.05. Requirements and Disclosures

(1) The creditor shall comply with all applicable requirements and disclosures pursuant to Part I of the Consumer Credit Protection Act (also known as Truth-in-Lending Act), 15 U.S.C. Sec. 1601 et seq., as amended, and as implemented by Regulation Z as promulgated by the Board of Governors of the Federal Reserve System. In the event of any inconsistency or conflict between the provisions of this chapter and federal requirements, disclosures, or interpretations thereof, the federal requirements, disclosures, or interpretations control, and the inconsistent or conflicting provisions of this chapter do not apply.

(2) In a transaction involving more than one creditor, each creditor whose identity is known at the time of the execution of the credit document shall be clearly identified. The disclosure of any one item by any creditor satisfies the requirement to disclose that item regardless of which creditor makes the disclosure.

(3) In a credit transaction involving more than one consumer, the creditor is required to furnish the disclosures required by this chapter to only one of the consumers.

(4) The printed portion of the credit transaction, other than instructions for completion, must be in a size equal to at least eight-point type. The document must contain substantially:

"NOTICE TO THE CONSUMER—DO NOT SIGN THIS DOCUMENT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE DOCUMENT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND OBTAIN A SUBSTANTIAL REFUND OF THE CREDIT CHARGE. KEEP THIS DOCUMENT TO PROTECT YOUR LEGAL RIGHTS."

(5) The creditor may collect, on each installment in default for a period of more than 15 days, a delinquency charge that may not exceed an amount equal to five percent of each installment or $20,
whichever is less. Only one delinquency charge may be collected on any installment, regardless of the period for which it remains in default. The creditor shall disclose in the credit document the amount or method of computing the amount of any default, delinquency, or similar charges payable in the event of late payments. The charge or collection of a delinquency charge does not affect the right of a creditor to accelerate the debt under Section 10 of this chapter.

(6) The consumer’s acknowledgment of delivery of a copy of the credit document is conclusive proof:

(a) of the document’s delivery;

(b) that the document, when signed by the consumer, did not contain any blank spaces except as provided by this chapter; and

(c) in any action or proceeding by or against a subsequent creditor who does not have knowledge to the contrary, of compliance with this section by the creditor.

(7)(a) If a consumer desires to order from a creditor a manufactured home that is not in the inventory of the creditor and must be ordered from the manufacturer, and the consumer desires to make the purchase by entering into a credit transaction under this chapter, the creditor may require the consumer to pay a deposit that may not exceed five percent of the estimated cash price. On arrival of the specially ordered manufactured home the consumer shall execute a credit document under this chapter and the creditor shall apply the deposit toward payment of the cash price. Before the execution of the credit document, the consumer may cancel the purchase. If the order is canceled, the creditor may retain all or any portion of the deposit, and the consumer is responsible for any costs or expenses other than the forfeited deposit. A creditor who is an arranger of credit and who has failed to qualify the consumer for a loan or credit sale may not retain more than 10 percent of the total deposit or $100, whichever is less.

(b) If a consumer desires that a creditor hold a particular manufactured home that is in inventory for a period of 20 days or more for purchase by the consumer at the later time, the creditor may require the consumer to pay a deposit that may not exceed $200. On or before the last day that the creditor is obligated to hold the manufactured home, the consumer shall execute a credit document under this chapter and the creditor shall apply the deposit toward payment of the cash price. Before the execution of the credit document the consumer may cancel the agreement to purchase and the hold order. If the order is canceled, the creditor may retain all of the deposit, and the consumer is not responsible for any costs or expenses other than the forfeited deposit.

(c) If the creditor fails to order or fails to hold the manufactured home in inventory in accordance with the deposit agreement, or retains a deposit in excess of that authorized by this section, the creditor forfeits the deposit and in addition shall pay three times the amount of the deposit.

(d) The consumer shall be given conspicuous written notice of the deposit requirements of this section in a type size equal to at least eight point. The consumer must sign the notice and receive a copy.

Art. 5069-6A.06. Prepayment

Notwithstanding the provisions of any credit transaction to the contrary, a consumer may prepay the debt in full at any time before maturity. On prepayment, after the deduction of an acquisition charge not exceeding $50, the consumer is entitled to a refund credit of the time price differential, or interest in the case of loans, calculated on an actuarial basis in accordance with Federal Home Loan Bank Board regulations promulgated pursuant to the Depository Institutions Deregulation and Monetary Control Act of 1980, Public Law 96-221, for the prepayment of mortgage loans that are secured by first liens on residential manufactured homes. In making the calculation, the creditor may assume the payments have been made as originally scheduled and ignore any differences created by late or early payments.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.07. Amendment to Extend or Defer

(1) The creditor, on request by the consumer, may agree to an amendment to extend or defer the scheduled due date of all or any part of any installment or installments, to renew, restate, or reschedule the unpaid balance of the debt, or to increase or reduce the number of installments and may collect for such an amendment a charge that may not exceed the amount obtained by the application of the actual contract rate of interest or time price differential, as adjusted, to the remaining amount of the unpaid balance, calculated under Section 6 of this chapter, for the period that any sum is extended or deferred. The creditor and consumer may agree to an unlimited number of different extensions, with each extension for as long a period as agreed to by both parties.

(2) Alternatively, the creditor, on request by the consumer, may agree to amend the original credit transaction by renewal, restatement, or rescheduling of the unpaid portion of the total of payments. In such an event, the charge shall be computed in accordance with this subsection. If the original credit transaction is amended, the sum of the unpaid balance as of the date of amendment, the cost of any insurance incidental to the amendment, any
additional necessary official fees, and any accrued delinquency and collection charges remaining after deducting the prepayment refund credit required by Section 6 of this chapter constitutes an unpaid balance on which the charge for the amended transaction may be computed for the term of the amended transaction at the applicable rate provided by Section 3 of this chapter. The provisions of this chapter relating to minimum charges and acquisition costs do not apply in calculating the unpaid balance for the amended transaction.

(3) An amendment to the transaction as authorized by Subsection (2) of this section must be confirmed in writing and signed by the consumer. The writing shall set forth the terms of the amendment and the new due dates and amounts of the installments. The creditor shall deliver to the consumer or mail to the consumer at the address shown on the credit document a copy of the writing. The writing together with the original credit document and any previous amendments to the original credit document constitute the credit document.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.08. Insurance

(1) In a credit transaction under this chapter, a creditor may require a consumer to insure the property involved in a credit transaction with coverage designated by the creditor. That insurance may include federal flood coverage. The cost of the insurance permitted by this subsection may be included in the unpaid balance and paid as part of the total of payments made under the Insurance Code and will be treated separately from the transaction.

(2) When insurance is required in connection with a credit transaction made under this chapter, the creditor shall furnish to the consumer a statement that clearly and conspicuously states that insurance is required in connection with the transaction and that the consumer has the option of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in this state subject to the limitations of Subsection (9) of this section. Such a statement may be made in conjunction with or be a part of the credit document.

(3) If the consumer fails to obtain the required insurance at any time, the creditor may treat the failure as an event of default or may purchase the required insurance and add the premium of the insurance, together with interest, at the contract rate of interest or time price differential or last adjusted rate to the credit transaction. In addition, the consumer may agree to purchase any insurance allowed by this chapter after the date of the credit document and include the amount of the premium for the insurance in the unpaid balance. The additional insurance premium bears interest at a rate not in excess of the contract rate of interest or time price differential or last adjusted rate. The additional premium and interest may be paid in any period and any number of installments agreed to by the parties. In the case of forced place insurance, the creditor shall notify the consumer that the insurance has been forced placed and that the premium for the insurance and interest on the premium have been added to the debt. The creditor may require the consumer to pay the premium and interest in any period and in the number of installments as the creditor elects, including but not limited to a lump-sum payment on the date of the last installment, equal increments added to each of the remaining installments, or a lesser number of installments or unequal increments. In addition, the consumer and creditor may agree that the purchase of any additional insurance will be handled in accordance with an insurance premium financing agreement made under the Insurance Code and will be treated separately from the transaction.

(4) A creditor may finance as part of the credit transaction any insurance required in accordance with Subsection (1) of this section, as well as any other insurance coverage requested by the consumer. However, vendor's single interest insurance is prohibited and may not be financed as part of the credit transaction. If the consumer elects to purchase the optional insurance, the consumer must sign a statement indicating the consumer's desire to purchase the insurance and describing the term, premium, and type of insurance purchased. That statement may be included as part of the credit document or may be part of a separate document.

(5) The credit document must disclose the term, premium, and type of insurance that is included in the unpaid balance. If required insurance is not included in the unpaid balance, the creditor shall disclose only the term and type of insurance required.

(6) The premium of any insurance included in the credit transaction may be included in the unpaid balance and paid as part of the total of payments even if the term of the insurance is less than the term of the credit transaction.

(7)(a) If the creditor and consumer agree, the consumer may elect to purchase any insurance through the creditor and include the premiums of the insurance in the credit transaction. In the alternative, the consumer may elect to include in the credit transaction, or pay to the creditor, the first year's premium and, on the date each installment is due, pay a sum equal to one-twelfth of the yearly premium for the insurance as reasonably estimated.

(b) The creditor shall deposit and hold the insurance premium installments paid to the creditor in an institution, the deposits or accounts of which are insured or guaranteed by a federal or state agency. The creditor shall apply those funds to pay the insurance premiums. The creditor may not charge for holding and applying the funds, analyzing the account, or verifying and compiling the bills. The creditor is not required to pay the consumer any interest or earnings on those funds. The creditor...
shall give to the consumer, without charge, an annual accounting of the funds showing credits and debits to the funds and the purpose for which each debit to the funds was made.

(e) If the sum of the insurance premium installments paid by the creditor and the future insurance premium installments of funds payable before the due dates of insurance premiums exceeds the amount required to pay the insurance premiums as they come due, the consumer shall pay to the creditor before the 31st day after the day on which the creditor mails to the consumer notice requesting the consumer to pay the amount of the deficiency an amount equal to the amount of the deficiency. If the consumer fails to make such an adjustment with regard to insurance required under Subsection (1) of this section, the creditor may treat the deficiency in the same manner as forced placed insurance described by Subsection (3) of this section.

(d) If the consumer agrees to enter into an insurance escrow agreement, the creditor may require the consumer to use the method of payment for the full term of the debt. However, the creditor may not in any way require the consumer initially to enter into an escrow agreement.

(8) All insurance required by the credit transaction or included in the credit transaction shall be written at lawful rates and in accordance with the Insurance Code by a company authorized to do business in this state.

(9) If the consumer procures required insurance from someone other than the creditor, the creditor has the right for good cause to refuse to accept certain insurance policies from insurance companies designated by the creditor. The reason for such a refusal shall, on request by the consumer, be set forth in writing and delivered to the consumer.

(10) If the insurance is canceled, adjusted, or terminated for any reason, the refund for unearned insurance premiums received by the creditor shall be credited to the final maturing installments of the credit transaction; if there is a remaining balance of the unearned insurance premiums, it shall be refunded to the consumer, except that a cash refund is not required if the remaining balance is less than $1.

(11) Any gain or advantage to the creditor or any employee, officer, director, agent, general agent, affiliate, or associate of the creditor from insurance or its provision or sale may not be considered as an additional charge or further finance charge in connection with any credit transaction made under this chapter except as specifically provided by this chapter.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.09. Transfer

A creditor may agree to accept a subsequent consumer as an obligor under an existing obligation and, if so, may charge and receive a transfer fee not in excess of one-half of one percent of the outstanding balance computed under Section 6 of this chapter or $50, whichever is greater.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.10. Default

(1) A creditor may accelerate the maturity of any part or all of the amount owing on a credit transaction only if the consumer is in default on the performance of any obligation under the credit transaction.

(2) Before the 31st day before the day on which the creditor takes any action to accelerate the maturity of any debt, to start any legal action to recover under such an obligation, or to take possession of any security under the credit transaction, the creditor shall mail by registered or certified mail to the consumer notice of intent to take the action. The notice must be set forth in a clear and concise manner:

(a) the particular obligation or security interest, including the date of the credit transaction according to the records of the creditor, as well as a brief description of the manufactured home;

(b) the nature of the default claimed, which may be stated in general terms, for example: “failure to maintain property damage insurance”;

(c) the action that the creditor proposes to take at the expiration of the notice period; and

(d) the right of the consumer to cure the default and the exact manner in which to cure, including the sum of money that must be tendered, if any, in order to cure, the individual or office address to whom it must be tendered, and the form of acceptable payment in accordance with the provisions of this title.

(3) If the consumer has abandoned or voluntarily surrendered the property that is the subject of the credit transaction, the creditor is not required to give the notice required by Subsection (2) of this section if the creditor retains evidence of the abandonment or surrender to the satisfaction of the commissioner.

(4) In calculating the amount owing, the creditor shall grant to the consumer a refund of the finance charge calculated in accordance with Section 6 of this chapter. In addition, the credit document may provide for the payment of an attorney’s reasonable fee and for court costs and disbursements. In the
event of repossession, sequestration, or other action necessary to secure possession of the manufactured home securing the payment of the credit transaction, the credit document may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with repossession or foreclosure, including costs of storing, reconditioning, and reselling the manufactured house, subject to the standards of good faith and commercial reasonableness set by the Business & Commerce Code, as amended. In the event of default, any sum in the insurance and tax escrow account established under this chapter shall be applied to the remaining balance of the credit transaction.

(5) In the event of acceleration, the outstanding debt as calculated in accordance with this section, including any expenses actually incurred and authorized by this section, bears interest at a rate equal to the contract rate or last adjusted rate. The creditor who possesses the first recorded perfected security interest may repossess the manufactured home. If the manufactured home has been affixed to real property, the creditor, after notice pursuant to this section, may remove the manufactured home from the real property in accordance with the applicable provisions of the Business & Commerce Code, as amended, as if it were personal property.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.11. Land and Home Transactions

(1) If real estate, not to exceed 200 acres, is purchased by the consumer at the same time as, or in conjunction with, the purchase of a manufactured home, with the agreement that the manufactured home will be attached to the real property within a reasonable time, the real estate, on agreement of the parties, may be considered to be a part of the credit transaction under this chapter and included in the cash price even if the real estate and manufactured home are sold by separate persons.

(2) If the real estate is included in the cash price under Subsection (1) of this section, the creditor may charge fees that are ordinarily associated with real estate transactions, and are not otherwise prohibited by law, including but not limited to those fees associated with real estate transactions that are excluded from the finance charge by the Federal Truth-in-Lending Act 1 and Regulation Z 2.

(3) In a land and home credit transaction permitted in this section, the creditor may elect to treat the manufactured home as if it were residential real estate for all purposes in connection with the credit transaction. The election must be conspicuously disclosed to the consumer. On such an election the provisions of this chapter, except the definitions in Section 2, are not applicable to the credit transaction, and the credit transaction is considered to be a residential real estate loan for all purposes.

[Amended by Acts 1981, 67th Leg., p. 2126, ch. 496, § 1, eff. Sept. 1, 1981.]

Art. 5069-6A.12. Tax Escrow

(1) If the creditor and consumer agree, the consumer may elect to pay ad valorem taxes on the manufactured home in accordance with the creditor's election. The creditor may include these taxes as reasonably estimated for the first year in the credit transaction or pay the tax estimate for the first year to the creditor and, on the date each installment is due, pay a sum equal to one-twelfth of the annual ad valorem taxes as reasonably estimated.

(2) The creditor shall deposit and hold the tax installments paid to the creditor in an institution the deposits or accounts of which are insured or guaranteed by a federal or state agency. The creditor shall apply those funds to pay the ad valorem taxes on the manufactured home. The creditor may not charge for holding and applying the funds, analyzing the account, or verifying and compiling the bills. The creditor is not required to pay the consumer any interest or earnings on those funds. The creditor shall give to the consumer, without charge, an annual accounting of the funds showing credits and debits to the funds and the purpose for which each debit to the funds was made.

(3) If the sum of the tax installments held by the creditor and the future tax installments of funds payable before the due dates of taxes on the manufactured home exceeds the amount required to pay the taxes as they come due, the creditor, at the consumer's option, shall either repay the excess to the consumer or credit the excess to the payment of the consumer's future tax installments. If the amount of the tax installments held by the creditor is not sufficient to pay taxes as they come due, the consumer shall pay to the creditor before the 31st day after the day on which the consumer receives notice requesting the consumer to pay the amount of the deficiency an amount equal to the amount of the deficiency. If the consumer fails to make such an adjustment with regard to the tax installments, the creditor may treat the deficiency in the same manner as forced placed insurance pursuant to Subsection (3) of Section 8 of this chapter.

(4) If the consumer agrees to enter into a tax escrow agreement, the creditor may require the consumer to use that method of payment for the full term of the debt. However, the creditor may not in any way require the consumer initially to enter into a escrow agreement.

(1) Each retail installment contract shall be in writing, dated, signed by both the buyer and the seller, and completed as to all essential provisions before it is signed by the buyer; provided, however, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks or similar information and the due date of the first installment may be inserted in the contract after its execution. A retail installment contract need not be contained in a single document.

(2) The printed portion of the retail installment contract, other than instructions for completion, shall be in a size equal to at least eight-point type. Such contract shall contain substantially the following notice in a size equal to at least ten-point bold type:

"NOTICE TO THE BUYER—DO NOT SIGN THIS CONTRACT BEFORE YOU READ IT OR IF IT CONTAINS ANY BLANK SPACES. YOU ARE ENTITLED TO A COPY OF THE CONTRACT YOU SIGN. UNDER THE LAW YOU HAVE THE RIGHT TO PAY OFF IN ADVANCE THE FULL AMOUNT DUE AND UNDER CERTAIN CONDITIONS MAY OBTAIN A PARTIAL REFUND OF THE FINANCE CHARGE. KEEP THIS CONTRACT TO PROTECT YOUR LEGAL RIGHTS."

(3) A retail installment contract or separate written statement shall also contain, in a size equal to at least ten-point bold type, a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case.

(4) The seller shall deliver to the buyer, or mail to him at his address shown on the retail installment contract, a copy of such contract as accepted by the seller. Until the seller does so, a buyer who has not received delivery of the motor vehicle shall have the right to rescind his contract and to receive a refund of all payments made and a return of all goods traded in to the seller on account of or in contemplation of such contract, or if the goods traded in cannot be returned, the value thereof. (e) The above items need not be stated in the sequence or order set forth and additional information may be included.

(7) The buyer's acknowledgment, conforming to the requirements of this Article, of delivery of a copy of the retail installment contract shall be conclusive proof of such delivery, that such contract when signed by the buyer did not contain any blank spaces except as herein provided, and of compliance with this Article in any action or proceeding by or against a holder of such contract without knowledge to the contrary when he purchases it.

(9)(a) Except as provided in Subsection (b) of this Section, if any scheduled installment of a retail installment contract is more than twice as large as the average of all prior scheduled installments (except the down payment), the buyer has the right, at the buyer's option, to refinance, without being charged an acquisition cost, that payment at the time it is due. The buyer has the right to refinance that payment in installments which are neither larger nor more frequent than the average amount and frequency of payments preceding that payment, and the rate of time price differential applicable to such refinancing shall not exceed that originally agreed upon.

(b) Section (9)(a) of this Article does not apply to:
(i) a lease;
(ii) a retail installment transaction for a vehicle to be used primarily for purposes other than personal, family, or household use;
(iii) a transaction where the payment schedule is adjusted to the seasonal or irregular income or scheduled payments or obligations of the buyer; or

Art. 5069.703. Finance Charge Limitations

(1) Notwithstanding the provisions of any other law, the time price differential in a retail installment contract payable in substantially equal successive monthly installments beginning one month after the date of the contract shall not exceed the larger of Twenty-five Dollars or an amount determined under the following schedule:

Class 1. Except the heavy commercial vehicles provided for in Class 2, any new domestic motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made and any new foreign motor vehicle—Seven Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 2. Any new domestic motor vehicle not in Class 1, any used domestic motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made, any used foreign motor vehicle not more than two years old, and any new or used heavy commercial vehicle not more than two years old—Ten Dollars per One Hundred Dollars per annum.

Class 3. Any used motor vehicle not in Class 2 and, if a domestic motor vehicle, designated by the manufacturer by a year model not more than four years prior to the year in which the sale is made, and, if a foreign motor vehicle, not more than four years old—Twelve Dollars and Fifty Cents per One Hundred Dollars per annum.

Class 4. Any used motor vehicle not in Class 2 or Class 3—Fifteen Dollars per One Hundred Dollars per year. Provided, however, if the principal balance is Three Hundred Dollars or less, the time price differential shall be Eighteen Dollars per One Hundred Dollars per annum.

(2) Such charge shall be computed on the principal balance as defined under Article 7.01(b) of this Chapter from the date of the contract until the maturity of the final installment, notwithstanding that the balance thereof is required to be paid in installments.

(3) For a period less or greater than twelve months or for amounts less or greater than One Hundred Dollars, the amount of the maximum charge set forth in the foregoing schedule shall be decreased or increased proportionately. A fractional monthly period of fifteen days or more may be considered a full month.

(4) If a retail installment contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in equal successive monthly installments followed by or interspersed with an irregular, unequal or larger installment or installments, or in other than monthly installments or if the first installment is not payable one month from the date of the contract, the charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same effective return as if the contract were payable in substantially equal successive monthly installments beginning one month from the date of the contract.

(5) A buyer under a retail installment contract may, upon written consent of the holder, transfer his equity in the motor vehicle at any time to another person, but in that event the holder shall be entitled to a transfer of equity fee not exceeding Twenty-five Dollars or Fifty Dollars in the case of a heavy commercial vehicle retail installment transaction.

(6) The holder of any retail installment contract may collect a delinquency charge on each installment in default for a period of more than ten days in an amount not to exceed five percent of each installment or Five Dollars, whichever is less, or, in lieu thereof, interest after maturity on each such installment not to exceed the highest lawful contract rate. Provided, that only one such delinquency charge may be collected on any installment regardless of the period during which it remains in default. In addition, such contracts may provide for the payment of an attorney's reasonable fee where it is referred for collection to an attorney not a salaried employee of the seller or holder of the contract, and for court costs and disbursements, and in the event of repossession, sequestration, or
other action necessary to secure possession of a motor vehicle securing the payment of a retail installment contract, such contracts may provide for the charge and collection of actual and reasonable out-of-pocket expenses incurred in connection with such repossession or foreclosure, including costs of storing, reconditioning and reselling such motor vehicle, subject to the standards of good faith and commercial reasonableness set by the Uniform Commercial Code as adopted in Texas.

(7) As an alternative to the time price differential authorized by Section (1) of this Article, the parties may agree to any rate or amount of time price differential not exceeding a rate or amount authorized by Article 1.04 of this Title.

Sections 27 and 28 of the 1981 amending act provide:

"Sec. 27. This Act shall be applicable to all claims of forfeiture made after the effective date of this Act but, with respect to claims of forfeiture in litigation pending at such effective date, the amount forfeited shall be determined under the provisions of the law as it existed prior to the effective date of this Act.

"Sec. 28. If any provision of this Act is held to be unconstitutional, no liability or forfeiture shall attach under Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.01 et seq., Vernon’s Texas Civil Statutes), or any other law of this state to any person conforming his conduct to the applicable provisions of this Act. If any provision of this Act under which a rate or amount is determined or made available is determined by a court of competent jurisdiction to be unconstitutional, the maximum rate of interest or time price differential is 28 percent a year except that in the case of open-end accounts that would be subject to contracts subject to Sections (2) and (4) of Article 7.03 and Section (b)(2), Article 1.04, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-1.04, Vernon’s Texas Civil Statutes), as amended by this Act, the maximum rate of interest or time price differential is 25 percent a year."

Art. 5069-7.04. Refunds on Prepayment

Notwithstanding the provisions of any retail installment contract to the contrary, any buyer may prepay it in full at any time before maturity, and if he does so, or when the holder demands payment in full of the unpaid balance of the contract before its final installment is due, the buyer is entitled to receive the following refund credit thereon:

On a contract payable in substantially equal successive monthly installments commencing one month after the date of the contract, the amount of such refund credit shall represent at least as great a proportion of the finance charge, after first deducting therefrom an acquisition cost of Twenty-five Dollars, as (i) the sum of the monthly balances under the schedule of payments in the contract beginning as of the date after such prepayment or demand for payment in full which is the next succeeding monthly anniversary date of the due date of the first installment under the contract, or, if the prepayment or demand for payment in full is prior to the due date of the first installment under such contract, then as of the date after such prepayment or demand for payment in full, which is one month after the next succeeding monthly anniversary date of the due date of such contract, bears to (ii) the sum of all the monthly balances under the schedule of payments in such contract. When the amount of refund credit is less than One Dollar no refund credit need be made. On contracts payable in other than substantially equal successive monthly installments commencing one month after the date of the contract, the refund shall be computed in a manner proportionate to the above-described method, having due regard to the amount of each installment, to the irregularity of each installment period and to the provisions of Sections (2) and (4) of Article 7.03 hereof.

If, subsequent to demand of payment in full under a contract, the buyer and holder agree to reinstate such contract, they may do so and may amend the contract pursuant to Article 7.05 hereof.

Art. 5069-7.05. Amendments of Retail Installment Contracts

(1) The holder of a retail installment contract upon request by the buyer, may agree to one or more amendments thereto to extend or defer the scheduled due date of all or any part of any installment or installments or to renew, restate or reschedule the unpaid balance of such contract, and may collect for same a charge not to exceed an amount computed under either of the following:

(a) If all or any part of any installment or installments is deferred for not more than three months per amendment, the holder may at his election charge and collect on the amount deferred for the period deferred a charge computed at a rate which will not exceed the same effective return as is permitted on monthly payment contracts under Article 7.03; provided that the minimum charge shall be One Dollar. Such amendment may also include payment by the buyer of the additional cost to the holder of premiums for continuing in force any insurance coverages provided for in the contract and any additional necessary official fees.

(b) In any other extension, renewal, restatement or rescheduling of the unpaid balance, the charge may be computed as follows: The sum of the unpaid balance as of the date of amendment and the cost of any insurance incidental to the amendment, any additional necessary official fees, and any accrued delinquency and collection charges, after deducting the prepayment refund credit required by Article 7.04, shall constitute a principal balance on which the charge may be computed for the term of the amended contract at the applicable time price differential provided in Article 7.06 after reclassifying the motor vehicle by its year model at the time of the amendment. The provisions of this Chapter relating to minimum charges under Article 7.03 and acquisition costs under the refund schedule in Arti-
Art. 5069-7.05  INTEREST; CONSUMER CREDIT; ETC.  

section 7.04 shall not apply in calculating the principal balance of the amended contract. The amendment to the contract must be confirmed in a writing signed by the buyer, and a copy of the writing shall either be delivered to the buyer or mailed to him at his last known address as shown by the records of the holder. Said writing together with the original contract and any previous amendments thereto shall constitute the retail installment contract.

Art. 5069-7.06  Insurance

(1) On any retail installment contract made under the authority of this Chapter, a seller or holder may request or require a buyer to provide credit life insurance and credit health and accident insurance as additional protection for such contract, and include the cost of such insurance as a separate charge in such contract. Policies of credit life insurer or credit health and accident insurance may not be in force with respect to any one buyer on any one contract at any one time that in combination exceed:

(i) as to credit life insurance, the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantial equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater, or

(ii) as to credit accident and health insurance, the total amount repayable under the contract of indebtedness and the amount of each periodic indemnity payment shall not exceed the scheduled periodic installment payment on the indebtedness.

(2) A seller or holder may, in addition, request or require a buyer to insure tangible personal property purchased in a retail installment transaction subject to this Chapter and accessories and related goods subject to the seller's security interest, and include the cost of such insurance as a separate charge in such contract. Such insurance and the premiums or charges therefor shall bear a reasonable relationship to the amount, term and conditions of the contract, the existing hazards or risk of loss, damage or destruction, and shall not provide for unusual or exceptional risks or coverages which are not ordinarily included in policies issued to the general public. Additionally, the buyer and seller may agree to include in the retail installment contract charges for insurance coverages which (1) cover risks of loss or liability reasonably related to the motor vehicle, the use thereof, or goods or services related to the motor vehicle and which may ordinarily be insured with the motor vehicle; and (2) are written on policies or endorsement forms prescribed or approved by the State Board of Insurance; and (3) are ordinarily available in policies or endorsements offered to the general public. The retail installment contract shall clearly identify the type of coverage for each such type of coverage purchased and the premiums therefor and shall clearly indicate that such coverage is optional.

(3) When insurance is required in connection with such a contract or agreement made under this Chapter, the seller or holder shall furnish the borrower a statement which shall clearly and conspicuously state that insurance is required in connection with the contract, and that the buyer shall have the option of furnishing the required insurance either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. In addition when any requested or required insurance is sold or procured by the seller or holder and a premium or rate of charge not fixed or approved by the State Board of Insurance is included in the contract for that insurance, the seller or holder shall include or cause to be included such fact in a written statement delivered or mailed to the buyer, and the buyer shall have the option for a period of ten days from the date of the contract or agreement or the mailing or delivery of the written statement to the buyer of furnishing the required insurance coverage either through existing policies of insurance owned or controlled by him or of procuring and furnishing equivalent insurance coverages through any insurance company authorized to transact business in Texas. Such statement or statements may be made in conjunction with or as part of the retail installment contract required by Article 7.02 or may be made in a separate written statement or statements.

(4) All insurance described in Sections (1) and (2) of this Article for which a separate charge is included in the retail installment contract shall be written at lawful rates and in accordance with the provisions of the Texas Insurance Code by a company authorized to do business in this State.

(5) The retail installment contract must identify the type of coverage, term and amount of premium for such insurance coverages described in Sections (1) and (2) of this Article for which separate charges are included in the retail installment contract.

(6) If dual interest insurance on the motor vehicle is purchased by the seller or seller's assignee, as the case may be, it shall within a reasonable time after execution of the retail installment contract, send or cause to be sent to the buyer a policy, or policies, or certificates of insurance written by an insurance company authorized to do business in this State, clearly setting forth the amount of the premium, the kind or kinds of insurance, the coverage and all the terms, options, limitations, restrictions and conditions of the policy or policies of insurance. The buyer shall have the privilege at the time of execution of the contract of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the holder, but in such case the inclusion of the insur-
insurance premiums shall be refunded to the buyer; required insurance coverages, or be credited to the vehicle as a separate charge in a contract for the sale of a motor vehicle. If a charge is added to a contract as provided by this section, the contract shall clearly and conspicuously disclose that fact.

(7a) Subsequent to the execution of the retail installment contract, a buyer and holder may agree to add to the unpaid balance of the contract premiums for insurance policies obtained subsequent to the retail installment transaction and covering the motor vehicle or use thereof or goods or services related thereto, including premiums for renewal of policies originally included in the contract. Such policies shall comply with the limitations set out in Sections (1), (2), and (4) above, as applicable.

(b) If the buyer fails to present to the holder reasonable evidence that he or she has obtained or maintained a coverage required by the contract, the holder may but shall not be required to procure substitute insurance coverage, which coverage is substantially equivalent to or more limited than that originally required, and may add the additional premium to the unpaid balance of the contract. The substitute insurance may at the holder’s option cover only the interest of the holder or the interest of the holder and the buyer. The substitute insurance shall be written at lawful rates in accordance with the Texas Insurance Code by a company authorized to do business in this State.

(c) If any premium is added to the unpaid balance under this Section, the rate of time price differential previously agreed to in the retail installment contract remains in effect and shall be applied to the new unpaid balance or the contract may be rescheduled in accordance with Article 7.05, without reclassifying the motor vehicle by its year model at the time of the amendment. When any substitute insurance is obtained by the holder when the buyer has failed to obtain or maintain a required coverage, the amendment adding the premium or rescheduling the contract need not be signed by the buyer but the holder shall deliver to the buyer or send to the buyer’s last known address as shown by the records of the holder specific written notification of that action.

(8) If the insurance is cancelled, adjusted or terminated for any reason, the refund for unearned insurance premiums received by the seller or the holder shall, at holder’s option, be applied to replace required insurance coverages, or be credited to the final maturing installments of the retail installment contract, and the remaining balance of the unearned insurance premiums shall be refunded to the buyer; provided, however, that no cash refund shall be required if the amount thereof is less than One Dollar.

(9) A buyer and seller may agree to include motor vehicle property damage or bodily injury liability insurance, mechanical breakdown insurance, or a warranty or service contract relating to the motor vehicle as a separate charge in a contract for the sale of a motor vehicle. If a charge is added to a contract as provided by this section, the contract shall clearly and conspicuously disclose that fact.

(10) Any gain, advantage to the seller or holder, or any employee, officer, director, agent, general agent, affiliate or associate from such insurance or its provision or sale shall not be considered as an additional charge or further time price differential in connection with any retail installment contract made under this Chapter except as specifically provided herein.

Section 6 of the 1983 amendatory act provided: “All laws and parts of laws in conflict herewith shall be and the same are hereby repealed.”

No retail installment contract or retail charge agreement shall:

(1) Provide that the seller or holder may accelerate the maturity of any part or all of the amount owing thereunder unless (a) the buyer is in default on the performance of any of his obligations or (b) the seller or holder in good faith believes that the prospect of payment or performance is impaired;

(2) Contain a power of attorney to confess judgment in this State or an assignment of wages;

(3) Authorize the seller or holder or other person acting on his behalf to enter upon the buyer’s premises in violation of Chapter 9, Business & Commerce Code, as amended, or to commit any breach of the peace in the repossession of a motor vehicle;

(4) Provide for a waiver of the buyer’s rights of action against the seller or holder or other person acting therefor for any illegal act committed in the collection of payments under the contract or agreement or in the repossession of a motor vehicle;

(5) Contain any provision by which the buyer executes a power of attorney appointing the seller or holder or other person acting on his behalf, as the buyer’s agent in the repossession of a motor vehicle;

(6) Provide that the buyer agrees not to assert against the seller or holder of any claim or defense arising out of the sale;

(7) Contain an authorization for the seller or holder or any person acting on the seller’s or holder’s behalf to retain or dispose of other tangible personal property that is not subject to a security interest and that is acquired in the repossession of a motor vehicle, except property attached to the vehicle, unless the contract or a separate writing requires the seller or holder to send written notice of such an acquisition to the last known address of the buyer as shown by the records of the holder within fifteen days of the discovery of the personal property by the seller or holder. Such notice shall disclose to the buyer:
Art. 5069-7.07 INTEREST; CONSUMER CREDIT; ETC.

(a) that the buyer may identify and claim the property at a reasonable time before the end of the thirtieth day after the day on which the notice was mailed or delivered; and

(b) the location at which and reasonable times at which the buyer may identify and claim the property during that period.

If a contract contains an authorization complying with this Section and such property is not claimed within the thirty days after notice is mailed or delivered, the seller or holder may retain such property subject to any legal rights of buyer or dispose of such property in a reasonable manner and distribute any proceeds of such disposition according to applicable law.

Art. 5069-7.08 Assignment and Negotiation

(1) Any person may purchase or acquire or agree to purchase or acquire any retail installment contract or any outstanding balance thereunder, payment thereunder, or interest in the retail installment contract, or purchase thereunder, shall constitute a valid waiver of any of the provisions of this Chapter.

Art. 5069-7.09 Application

None of the provisions of this Chapter shall affect or apply to any loans or to the business of making loans under or in accordance with the laws of this State, nor shall any of the provisions of the loan or interest statutes of this State affect or apply to any retail installment transaction. Nor shall any seller pay, promise to pay, or otherwise tender cash to any buyer as a part of any transaction made pursuant to this Chapter unless otherwise specifically authorized by this Chapter. Nothing in this Chapter shall be construed to impair or in any way affect any rule of law applicable to, or governing retail installment sales not otherwise subject hereto. This Chapter shall apply exclusively to all retail installment transactions as defined in Article 7.01.

The provisions of this Chapter defining specific rates and amounts of charges and requiring certain credit disclosures to be made shall be deemed to control over any contrary Texas law respecting those subjects. Except as displaced by the particular provisions of this Chapter, the Uniform Commercial Code as adopted in Texas, other applicable statutes, and the principles of the common law shall remain applicable to transactions hereunder to the extent they are applicable.

Art. 5069-7.10 Waiver

No act or agreement of the buyer before, or at the time of the making of a retail installment contract, or purchase thereunder, shall constitute a valid waiver of any of the provisions of this Chapter.

CHAPTER EIGHT. PENALTIES

Art. 5069-8.01 Contracting for, Charging or Receiving Interest, Time Price Differential or Other Charges Greater Than Authorized; Failure to Perform Duty or Committing Prohibited Act; Correction of Violations.

Art. 5069-8.02 Contracting for, Charging or Receiving Interest, Time Price Differential or Other Charges in Excess of Double the Amount Authorized.

Art. 5069-8.03 Engaging in Lending Business Without License.

Art. 5069-8.04 Venue and Limitation Periods.

Art. 5069-8.05 Violating Terms of Injunction.

Art. 5069-8.06 Violation of Art. 5069-2.07.

Art. 5069-8.01 Contracting for, Charging or Receiving Interest, Time Price Differential or Other Charges Greater Than Authorized; Failure to Perform Duty or Committing Prohibited Act; Correction of Violations

(a) Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are greater than the amount authorized by this Subtitle, shall forfeit to the obligor twice the amount of interest or time price differential and default and deferment charges contracted for, charged or received, and reasonable attorneys' feesfixed by the court.

(b) Any person who violates this Subtitle or Chapter 14 of this Title by (i) failing to perform any duty or requirement specifically imposed on him by any provision of this Subtitle or Chapter 14 of this Title, or (ii) committing any act or practice prohibited
by this Subtitle or Chapter 14 of this Title, shall be liable to the obligor for a penalty in an amount equal to twice the time price differential or interest contracted for, charged, or received but not to exceed $2,000, in a transaction in which the amount financed is $5,000 or less, and not to exceed $4,000 in a transaction in which the amount financed is in excess of $5,000 and reasonable attorneys' fees fixed by the court.

(c)(1) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if within 60 days after having actually discovered such violation such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such violation prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

As used herein, the term “actually discovered” shall not be construed, interpreted, or applied in such manner as to refer to the time or date when, through reasonable diligence, an ordinarily prudent person could or should have discovered or known as a matter of law or fact of the violation in question, but such term shall be construed, interpreted, and applied to refer to the time of the discovery of the violation in fact, provided, however, that the actual discovery of such violation in one transaction may constitute actual discovery of the same violation in other transactions if the violation actually discovered is of such nature that it would necessarily be repeated and would be clearly apparent in such other transactions without the necessity of examining all such other transactions.

(2) A person has no liability to an obligor for a violation of this Subtitle or of Chapter 14 of this Title if prior to the effective date of the Act or within 60 days after the effective date of the Act such person corrects such violation as to such obligor by performing the required duty or act or by refunding any amount in excess of that authorized by law; provided, however, that such person gives written notice to such obligor of such correction prior to such obligor having given written notice of or having filed an action alleging such violation of this Subtitle or of Chapter 14 of this Title.

(3) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(b) of this Act, such violation is corrected as to such obligor by performing the required duty or act and written notice of such violation is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for, charged, or received but not to exceed $2,000 and reasonable attorneys' fees fixed by the court.

(4) If, subsequent to the times specified in Article 8.01(c)(1) and (2) of this Act but prior to the obligor having given written notice of or having filed an action alleging a violation for which a penalty is provided in Article 8.01(a) of this Act for contracting for, charging, or receiving (i) other charges in excess of the amount authorized by law, or (ii) interest or time price differential in excess of the amount authorized by law, where such excess is directly and solely attributable to and calculated upon the amount of such other charges, or (iii) both of the foregoing, such violation is corrected as to such obligor by refunding the amount of the excess and written notice of such refund is given to such obligor, then the liability of any person to such obligor shall be limited in each transaction to a penalty in an amount equal to the time price differential or interest contracted for, charged, or received but not to exceed $2,000 and reasonable attorneys' fees fixed by the court.

(5) For purposes of this Article the giving of written notice shall be accomplished by and upon the delivery of such notice to the person to whom such notice is directed or to such person's duly authorized agent or attorney of record, such delivery to be made either in person or by United States mail to the address shown on the most recent documents in the transaction. Deposit of such notice as registered or certified mail in a post office or official depository under the care and custody of the United States Postal Service shall constitute prima facie evidence of the delivery of such notice to such person.

(d) The action of a person who corrects a violation of this Subtitle or of Chapter 14 of this Title pursuant to Article 8.01(c) of this Act shall be effective as to all persons in the same transaction, and such persons shall be entitled to the same protection as that provided by Article 8.01(d) of this Act to the person who makes the correction.

(e) If a person has violated both Articles 8.01(a) and 8.01(b) of this Act as part of the same transaction, then he shall be liable only for the penalties set forth in Article 8.01(a) of this Act.

(f) A person may not be held liable in any action brought under this Article for a violation of this Subtitle or of Chapter 14 of this Title if such person shows by a preponderance of evidence that (1) the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid such violation or that (2) the violation was an act done or omitted in good faith in conformity with any rule, regulation, or interpretation of this Title by any state agency, board, or commission, or with the federal Consumer Credit Protection Act (15 U.S.C. Section 1801 et seq.) or with any rule, regulation, or interpretation thereof by any federal agency, board,
Art. 5069-8.01 INTEREST; CONSUMER CREDIT; ETC.

or commission, notwithstanding that after such act or omission has occurred, such rule, regulation, or interpretation is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

(g) Multiple violations of this Subtitle or Chapter 14 of this Title occurring in a single transaction shall entitle the obligor to a single recovery.

(h) The liability of any person under this Article for a violation of this Subtitle is in lieu of and not in addition to his liability under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.). A final judgment granting or denying relief under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) shall bar any subsequent action under this Article by the same obligor with respect to the same violation. If a final judgment has been rendered against any person in favor of an obligor pursuant to this Article and thereafter an action is instituted with respect to the same violation by the obligor under the federal Consumer Credit Protection Act (15 U.S.C. Section 1601 et seq.) against the same person, then such person may in the same or in an independent action have a cause of action against the obligor who obtained such judgment to recover the amount of the judgment rendered under this Article and reasonable attorneys' fees fixed by the court.

"Sec. 3. The provisions of this Act shall become effective at midnight on August 31, 1977, and shall apply to all transactions entered into prior to such date; provided, however, that this Act shall not apply to any action brought under Subtitle 2 or Chapter 14 of Title 79 that is pending on such date; and provided further, that the penalty for any violation of Title 79 of the type referred to in Articles 8.01(b) of Section 1 of this Act occurring in a transaction entered into prior to July 1, 1976, which violation has not been corrected as provided in Article 8.01(c) of Section 1 of this Act, shall be determined by the law in effect prior to the effective date of this Act so that the penalty provided for in Article 8.01(b) shall apply only to violations in transactions entered into after June 30, 1976, which have not been corrected as provided in Article 8.01(c).

"Sec. 4. This Act shall supersede any other act passed at the Regular Session of the 65th Legislature which amend any article or section of Chapter 8 or Chapter 14 of Title 79, Revised Civil Statutes of Texas, 1925, as amended, regardless of the relative date of the passage or approval of such other act.

"Sec. 5. If any provision, paragraph, subsection, or section of this Act or the application thereof to any person or circumstance is determined to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other application thereof which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions, paragraphs, subsections, and sections of the Act are severable."

Art. 5069-8.02. Contracting For, Charging or Receiving Interest, Time Price Differential or Other Charges in Excess of Double the Amount Authorized

Any person who violates this Subtitle by contracting for, charging or receiving interest, time price differential or other charges which are in the aggregate in excess of double the total amount of interest, time price differential and other charges authorized by this Subtitle shall forfeit to the obligor as an additional penalty all principal or principal balance, as well as all interest or time price differential, and all other charges, and shall pay reasonable attorneys' fees actually incurred by the obligor in enforcing the provisions of this Article; provided further that any such person violating provisions of this Article shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than One Hundred Dollars. Each contract or transaction in violation of this Article shall constitute a separate offense punishable hereunder.

Art. 5069-8.03. Engaging in Lending Business Without License

In addition to the foregoing penalties, if applicable, any person engaging in any business under the scope of Chapters 3, 4, or 5 of this Subtitle without first securing a license provided, or without the authorization prescribed, in such Chapter shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than One Thousand Dollars, and each such loan made without the authority granted by such license shall constitute a separate offense punishable hereunder; and in addition such person shall forfeit all principal and charges contracted for or collected on such loan, and shall pay reasonable attorneys' fees incurred by the obligor.

Art. 5069-8.04. Venue and Limitation Periods

(a) Actions under this Chapter may be brought in the county where the transaction was entered into or where the Defendant resides at the time the action was filed. Such actions may be brought within four years from the date of the loan or retail installment transaction or within two years from the date of the occurrence of the violation, whichever is later; provided, however, that in the case of open-end credit transactions, such actions may be brought within two years from the date of the occurrence of the violation.

(b) If an action alleging any violation or violations of this Subtitle or Chapter 14 of this Title is brought as a class action and is determined by the court to be maintainable as a class action, the class may recover the amount of actual damages proximately caused to the members of the class as a result of a violation or violations. The court may assess a penalty of: (i) such amount for each obligor who is named as a class representative at the time that the action is determined to be maintainable as a class action as could be recovered by such persons under this Chapter; (ii) such amount as the court may allow for all other class members, except
as to each such member of the class no minimum recovery shall be applicable, and the total recovery under this subparagraph in any class action or series of class actions arising out of the same failure to comply by the same person shall not be more than the lesser of $100,000 or five percent of the net worth of the person; and (iii) in the case of any successful action to enforce the foregoing liability, the costs of the action together with a reasonable attorney’s fee as determined by the court. In determining the amount of award in any class action, the court shall consider, among other relevant factors, the amount of any actual damages awarded, the frequency and persistence of failures of compliance by the creditor, the resources of the creditor, the number of persons adversely affected, and the extent to which the creditor’s failure of compliance was intentional or reckless.

Repealed.

Art. 5069-8.05. Violating Terms of Injunction

Any person who violates the terms of an injunction duly issued under this Subtitle shall forfeit and pay to the State a civil penalty of not more than One Thousand Dollars per violation. For the purposes of this Article, the District Court issuing an injunction shall retain jurisdiction, and the cause shall be continued, and in such cases the Attorney General may petition for recovery of such civil penalties.

Art. 5069-8.06. Violation of Article 5069-2.07

(a) Any person who violates the terms of Article 2.07 of this Title is liable to the aggrieved individual for the actual damages caused by the denial, or for $50.00, whichever is greater, and court costs.

(b) In addition to the liabilities prescribed in Subsection (a) of this section, any licensee under this Subtitle who violates Article 2.07 of this Subtitle is subject to revocation or suspension of his license.

Art. 5069-51.01A. Purpose
The making of pawn loans and the acquisition and disposition of tangible personal property by and through pawnshops vitally affects the general economy of this state and the public interest and welfare of its citizens. To prevent frauds, unfair practices, discriminations, impersonations, and abuses of the citizens of the state, it is the policy of this state and the purpose of the Texas Pawnshop Act to:

1. Exercise the state's police power to ensure a sound system of making pawn loans and acquiring and disposing of tangible personal property by and through pawnshops and to prevent unlawful property transactions, particularly in stolen property, through licensing and regulating pawnbrokers and certain persons employed by or in pawnshops;
2. Provide for licensing fees, investigation fees, and minimum capital requirements of licensees;
3. Ensure financial responsibility to the state and the public;
4. Ensure compliance with federal, state, and local laws, rules, regulations, and ordinances; and
5. Assist local governments in the exercise of their police power.

Art. 5069-51.02. Definitions
The following definitions apply where such words appear in this Act:

(c) "Pledged goods"—means tangible personal property other than choses in action, securities, or printed evidences of indebtedness, which property is deposited with or otherwise actually delivered into the possession of a pawnbroker in the course of his business in connection with a pawn transaction.

(d) "Pawnshop"—means the location at which or premises in which a pawnbroker regularly conducts business.

(e) "Month"—means that period of time from one date in a calendar month to the corresponding date in the following calendar month, but if there is no such corresponding date, then the last day of such following month, and when computations are made for a fraction of a month, a day shall be one-thirtieth of a month.

(g) "Net assets"—means the book value of the current assets of a person or pawnbroker less its applicable liabilities as stated in this subsection. Current assets include the investment made in cash, bank deposits, merchandise inventory, and loans due from customers excluding the pawn service charge. person or persons any and all amounts of money
that may become due or owing to the State or to
such person or persons from said obligor under and

Every licensee, on or before each December 31st, shall pay the Commissioner $100 for each license held by him as the annual fee for the succeeding calendar year. If the annual fee remains unpaid fifteen days after written notice of delinquency has been given to the licensee by the Commissioner, the license shall thereupon expire, but not before December 31st of any year for which an annual fee has been paid.

Art. 5069–51.07. Revocation, Suspension, Surrender, Reinstatement of Licenses

(a) The Commissioner may, after notice and hearing, suspend or revoke any license if he finds that:

(1) The licensee has failed to pay any fee or charge properly imposed by the Commissioner under the authority of this Act;

(2) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of this Act or any regulation or order lawfully made pursuant to and within the authority of this Act;

(3) Any fact or condition exists which, if it has existed or had been known to exist at the time of the original application for such license, clearly would have justified the Commissioner in refusing to issue such license;

(4) The licensee has established an association with an unlicensed person who, with the knowledge of the licensee, has acted in violation of this Act;

(5) The licensee has aided, abetted, or conspired with a person to circumvent the requirements of this Act; or

(6) The licensee or a legal or beneficial owner of the licensee is not of good moral character or has been convicted of a crime that the Commissioner finds directly relates to the duties and responsibilities of the occupation of pawnbroker or otherwise makes the applicant presently unfit for a license under Section 5A of this Act.

(b) The Commissioner may place on probation a person whose license has been suspended or reprimand a licensee for a violation of this Act or a rule adopted under this Act.

(c) The manner of giving notice and conducting a hearing as required by Subsection (a) of this section is governed by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(d) Any licensee may surrender any license by delivering it to the Commissioner with written notice of its surrender, but such surrender shall not affect the licensee's civil or criminal liability for acts committed prior thereto.

(e) No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any pledgor.

(f) The Commissioner may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Commissioner in refusing originally to issue such license under this Act.

(g) On application of any person and payment of the cost thereof, the Commissioner shall furnish under his seal and signature a certificate of good standing or a certified copy of any license.
Art. 5069–51.07A. Employee License; Eligibility; Application

(b) Despite an applicant's eligibility for a pawnshop employee license under Subsection (a) of this section, the commissioner, in accordance with Article 6252-13a, Revised Statutes, may find ineligible an applicant whose felony or misdemeanor conviction:

1. Directly relates to the duties and responsibilities of the occupation of pawnshop employee; or
2. Otherwise makes the applicant presently unfit for a pawnshop employee license.

(c) An individual who begins employment at a licensed pawnshop must file an application with the commissioner for a pawnshop employee license within 30 days after the day employment begins. The application must state:

1. The applicant's name and address;
2. The name of the pawnshop at which the applicant is employed;
3. Whether the applicant has been convicted of or is under indictment for any crime;
4. Whether the applicant has had a license to engage in any occupation, business, or profession revoked or suspended and the reason for the action;
5. Whether the applicant has been refused a pawnshop employee license or any other occupational, business, or professional license in this or any other state;
6. The business or occupation engaged in by the applicant for five years immediately preceding the date of application; and
7. Other relevant information that the commissioner requires.

(d) The application for an employee license must be accompanied by an investigation and annual fee of $25.

Art. 5069–51.07B. Issuance or Denial of an Employee License; Fee

(a) If the application for a pawnshop employee license is timely made, the applicant may continue employment until the license is granted or denied. The commissioner shall determine whether the applicant is qualified for a license within 60 days after the date the application is filed. If the commission-

er finds that an applicant is qualified for a license, the commissioner shall approve the application and issue a license. Otherwise, the commissioner shall notify the applicant and the employing pawnbroker licensee in writing that the application will be denied unless the applicant, not later than the 30th day after the date of the notice, makes a written request for a hearing on the application.

(b) If an applicant who is given notice of his opportunity for a hearing does not request a hearing within the time allowed, the application is denied on the day after the last day for requesting a hearing. If the applicant requests a hearing within the time allowed, the commissioner shall conduct a hearing on the application in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252–13a, Vernon's Texas Civil Statutes). On the conclusion of the hearing, the commissioner shall either grant or deny the application.

(c) A pawnshop employee license is effective until surrendered, suspended, revoked, or expired. On or before December 1, a licensee shall pay the commissioner a $10 annual fee to renew the license for the succeeding calendar year. The commissioner shall send a written notice of delinquency to the licensee if the licensee does not pay the fee on or before December 1. The licensee has 15 days after the date of the delinquency notice to pay the annual fee. If the licensee does not pay the fee within this period, the license expires on January 1 of the year for which the renewal fee was not paid or on the 16th day after the date of the delinquency notice, whichever date is later.

Art. 5069–51.07C. Suspension, Revocation, Surrender, or Reinstatement of Employee License

(a) The commissioner may, after notice and hearing, suspend or revoke a pawnshop employee license if the commissioner finds that:

1. The licensee knowingly or recklessly violated a provision of this Act or a rule or order issued under this Act; or
2. A fact or condition exists that, if it had existed or had been known to exist at the time of the original application, clearly would have justified the refusal to issue the license.

(b) The commissioner shall send written notice of the hearing to the licensee and the employing pawnbroker licensee and shall hold the hearing not less than 20 days after the day the notice was sent. The commissioner shall conduct the hearing in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252–13a, Vernon's Texas Civil Statutes).

(c) A licensed employee may surrender his license by delivering it to the commissioner with written
notice of the surrender. The surrender does not affect the licensee's civil or criminal liability for acts committed before the surrender.

(d) The commissioner may reinstate a suspended license or issue a new license to an individual whose license has been revoked if no fact or condition exists that clearly would have justified the refusal to issue the license under this Act.

(e) On application and payment of the cost, the commissioner shall furnish, under the commissioner's seal and signature, a certificate of good standing and a certified copy of a pawnshop employee license.

Art. 5069-51.07D. Expiration Dates of Licenses

The commissioner by rule may adopt a system under which the licenses issued under this Act expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee that is applicable to the number of months during which the license is valid. On renewal of the license on the new expiration date, the total license fee is payable.

Art. 5069-51.08. Examinations

(a) At such times as the Commissioner may deem necessary, the Commissioner, or his duly authorized representative, may make an examination of the place of business of each licensee and may inquire into and examine the transactions, books, accounts, papers, correspondence and records at such licensee's place of business and office, place of business, files, safes, and vaults of such licensee, and shall have the right to make copies of any books, accounts, papers, correspondence and records. The Commissioner or his duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Commissioner is authorized or required by this Act to consider, investigate, or secure information. Any licensee who fails or refuses to let the Commissioner or his duly authorized representative or any peace officer examine or make copies of such books, or other relevant documents shall thereby be deemed in violation of this Act and such failure or refusal shall constitute grounds for the suspension or revocation of such license. The information obtained in the course of any examination or inspection shall be confidential and privileged, except for use in a criminal investigation or prosecution. Each licensee shall pay to the Commissioner an amount assessed by the Commissioner to cover the direct and indirect cost of such examinations and a proportionate share of general administrative expense, not to exceed $500 in any calendar year, and in the event a licensee hereunder is also licensed to do business under Chapter 3, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-3.01 et seq., Vernon's Texas Civil Statutes), in the same place of business licensed hereunder, the aggregate charges for examinations authorized by the said Chapter 3, Title 79, Revised Civil Statutes of Texas, 1925, as amended (Article 5069-3.01 et seq., Vernon's Texas Civil Statutes), and by this Act shall not exceed $500 in any calendar year.

Art. 5069-51.09. Form of Books and Records; Regulations

(a) Each licensee shall keep, consistent with accepted accounting practices, adequate books and records relating to the licensee's pawn transactions, which books and records shall be preserved for a period of at least two years from the date of the last transaction recorded therein.

Before making a regulation the Commissioner shall give each licensee at least thirty days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data, or arguments or place the same on file. The Commissioner, after consideration of all relevant matters presented, shall adopt and promulgate every regulation in written form, stating the date of adoption and date of promulgation. Each regulation shall be entered in a permanent record book which shall be a public record and be kept in the Commissioner's office. A copy of every regulation shall be mailed to each licensee, and no regulation shall become effective until the expiration of at least twenty days after such mailing. (d) If a sheriff or county judge on the commission ceases to hold office or if a vacancy otherwise occurs in the membership of the commission, the governor shall appoint a replacement who possesses the same qualifications as the member who vacated
his position, with the advice and consent of the senate, to serve the unexpired portion of the term. If a vacancy occurs at a time when the senate is not in session, the vacancy shall nevertheless be filled on an interim basis, and the interim appointee shall serve as a member of the commission until his nomination has been acted on by the senate.

Chairman; Vice-Chairman

Sec. 5. The commission shall biennially elect one of its members chairman and one vice-chairman for a term of two years beginning on February 1 of each odd-numbered year.

Meetings; Quorum; Rules

Sec. 6. (a) The commission shall hold a regular meeting each calendar quarter and may hold special meetings at the call of the chairman or on the written request of three members. The chairman, or in his absence, the vice-chairman, shall preside at all meetings of the commission.

(b) Five members constitute a quorum for the transaction of business.

(c) The commission shall adopt, amend, and rescind rules for the conduct of its proceedings.

Expenses

Sec. 7. Members of the commission are not entitled to compensation but are entitled to reimbursement for actual and necessary expenses incurred in performing their official duties.

Director; Staff

Sec. 8. (a) The commission shall employ an executive director to serve at the will of the commission. The executive director is subject to the policy direction of the commission and is the chief executive officer of the commission.

(b) The executive director may employ personnel as necessary to enforce and administer this Act.

(c) The executive director and employees are entitled to compensation and expenses as provided by legislative appropriation.

Duties of the Commission

Sec. 9. (a) The commission shall:

(1) promulgate reasonable rules and procedures establishing minimum standards for the construction, equipment, maintenance, and operation of county jails;

(2) promulgate reasonable rules and procedures establishing minimum standards for the custody, care, and treatment of prisoners;

(3) promulgate reasonable rules establishing minimum standards for the number of jail supervisory personnel and for programs and services to meet the needs of prisoners;

(4) promulgate reasonable rules and procedures establishing minimum requirements for programs of rehabilitation, education, and recreation in county jails;

(5) revise, amend, or change rules and procedures if necessary, in a manner not inconsistent with this Act;

(6) provide consultation and technical assistance to local government officials with respect to county jails;

(7) review and comment on plans for the construction and major modification or renovation of county jails;

(8) require that the sheriff and commissioners of each county submit to the commission, on a form prescribed by the commission, an annual report on the conditions in each county jail within their jurisdiction, including all information necessary to determine compliance with state law, commission orders, and the rules promulgated under this Act;

(9) review the reports submitted under Subdivision (8) of this subsection and require its employees to inspect county jails regularly to insure compliance with state law, commission orders, and rules and procedures promulgated under this Act; and

(10) determine annually, or more often, whether each county jail is in compliance with the rules and procedures promulgated under this Act.

(b) The fact that compliance with a commission rule or procedure requires major modification or renovation of an existing jail or construction of a new jail does not render a commission rule or procedure unreasonable.

Annual Report

Sec. 10. The commission shall make a report to the governor, the lieutenant governor, and the speaker of the house of representatives, not later than January 31 of each year, covering its operations, its findings concerning county jails during the preceding year, and whatever recommendations it deems appropriate.

Enforcement of Jail Standards

Sec. 11. (a) The commission shall be granted access at any reasonable time to any county jail facility or part of any county jail facility and shall be granted access to all books, records, and data pertaining to any county jail which the commission or the executive director deems necessary for the administration of the commission's functions, powers, and duties. The commissioners and sheriff of each county shall furnish the commission or any of its members, or the executive director or any employee designated by the executive director, any information which he states is necessary to enable the commission to discharge its functions, powers, and duties, to determine whether its rules are being observed or whether its orders are being obeyed and otherwise to implement the purposes of this Act. In the exercise of its function, powers, and duties, the commission may issue subpoenas and
subpoenas duces tecum to compel the attendance of witnesses and the production of books, records, and documents, administer oaths, and take testimony concerning all matters within its jurisdiction. The commission is not bound by strict rules of evidence or procedure in the conduct of its proceedings, but its determinations shall be founded on sufficient legal evidence to sustain them. The commission may delegate to the executive director the authority conferred by this subsection.

(b) When the commission finds that a county jail is not in compliance with state law, or the rules and procedures of the commission, or fails to meet the minimum standards prescribed by the commission or by state law, it shall report the noncompliance to the commissioners and sheriff of the county responsible for the jail that is not in compliance. The commission shall send a copy of the report to the governor.

(c) The commission shall grant the county or sheriff a reasonable time, not to exceed one year after a report of noncompliance, to comply with its rules and procedures and with state law. On application of the sheriff or commissioners of a county, if clearly justified by the facts and circumstances, the commission may grant reasonable variances for operation of county jails not in strict compliance with state law, except that no variance may be granted to permit unhealthy, unsanitary, or unsafe conditions.

(d) If the commissioners or sheriff does not comply within the time granted by the commission, the commission may, by order, prohibit the confinement of prisoners in the noncomplying jail. The commission shall then furnish the sheriff with a list of qualified detention centers to which the prisoners may be transferred for their confinement. If a prohibition and transfer order is issued, the sheriff of the county in which the noncomplying jail is situated shall immediately transfer the number of prisoners necessary to bring the jail into compliance to a detention facility that agrees to accept the prisoners. The agreement must be in writing and must be signed by the sheriff of the county transferring the prisoners and the sheriff of the county receiving the prisoners. A county transferring prisoners under this subsection shall immediately remove the prisoners from the receiving facility if the sheriff of the receiving county requests their removal.

(e) The county responsible for a nonconforming jail shall bear the liability for and the cost of transportation and maintenance of prisoners transferred from a noncomplying jail by order of the commission. The costs of transportation and maintenance shall be determined by agreement between the participating counties and shall be paid into the treasury of the entity operating the detention facility to which the prisoners are transferred.

(f) The commission, in lieu of closing a county jail, may institute an action in its own name to enforce, or enjoin the violation of, its orders, rules, or procedures, or of Article 5115, Revised Civil Statutes of Texas, 1925, as amended. The commission shall be represented by the attorney general. An action brought pursuant to this subsection is in addition to any other action, proceeding, or remedy provided by law, and may be brought in a district court of Travis County. A suit brought under this subsection shall be given preferential setting and shall be tried by the court, without a jury, unless the county requests a jury trial. The court shall issue an injunction ordering compliance if it finds:

(1) that the county jail is being operated in such a manner that it does not comply with the rules and procedures promulgated by the commission or with state law; and

(2) that the commissioners or sheriff has been given a reasonable time to comply with the rules and procedures and has failed to do so.

Judicial Review

Sec. 12. (a) A county may appeal a commission order issued under Subsection (d), Section 11, of this Act by filing a petition in a district court of Travis County.

(b) The petition must be filed within 30 days after the date of the commission's order.

(c) Service of citation on the commission must be accomplished within 30 days after the date the petition is filed. Citation may be served on the executive director.

(d) In an action brought under this section, the court is confined to the record developed by the commission, and the only issues before the court are:

(1) whether the order of the commission is based on substantial evidence; and

(2) whether the order is arbitrary, capricious, or illegal.

Regulations

Sec. 13. (a) The commission shall promulgate the regulations required by Section 9 of this Act on or before January 1, 1977.

(b) On or before March 1, 1977, the commission shall mail a copy of the regulations promulgated pursuant to Section 9 of this Act to each county sheriff in this state. The chairman shall certify to the governor that the commission has complied with the requirements established by this section.

Qualifications of Jail Personnel

Sec. 14. (a) The Commission on Law Enforcement Officer Standards and Education shall establish minimum physical, mental, educational, and moral standards for persons employed or utilized in the operation of county jails.

(b) The authority and power of the Commission on Law Enforcement Officer Standards and Educa-
tion is extended to cover all county jail personnel. The staff of the Commission on Law Enforcement: Officer Standards and Education shall be enlarged sufficiently to discharge the additional responsibilities imposed by this section. Counties shall have a period of one year following establishment of standards for county jail personnel within which to have all jail personnel certified by the Commission on Law Enforcement Officers Standards and Education.

(c) A standard requiring a person to have any degree of formal education or the equivalent is not applicable to a person who was employed or whose services were utilized in the operation of a county jail on August 29, 1977.

**Art. 5115a. Counties of Less Than 20,000; Joint Financing, Construction, Maintenance and Operation With Cities; Bonds**

Sec. 1. That any county having less than 20,000 population according to the last or any succeeding Federal Census and any city or cities therein located are hereby authorized and empowered to finance, construct, maintain and operate jail, jails or jail facilities for the joint and mutual use of such county and city or cities. The Commissioners Court of any such county and the governing body of any such city or cities are hereby authorized and empowered to enter into contracts between any such county or city determining the obligations of each for the financing, construction, maintenance and operation of such jail, jails, or jail facilities, provided that the term of any such contract for the maintenance and operation of such jail, jails or jail facilities shall not exceed twenty (20) years. Such contracts where not in conflict with the provisions of the Constitution of the State of Texas may provide for the custody, control and operation of such jail, jails or jail facilities, including providing for a jailer to be custodian of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and consent of the Commissioners Court and the governing body of such city or cities; providing that the salary for such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such county out of the Officers Salary Fund in such proportions as may be agreed upon by contract as herein provided. Where not expressly provided to the contrary herein, any such jailer, his rights, duties, salary and tenure of office shall be controlled by the laws governing deputy sheriffs.

Sec. 2. Such county and city or cities are hereby authorized to issue and sell bonds as now provided by law and to expend the proceeds for the purposes herein authorized, but any such bonds shall be and remain the sole obligation of the authority issuing such bonds. Any funds of such county and city or cities derived from sale of such bonds shall remain in the possession and control of the issuing authority until expended by such authority as herein authorized.

Sec. 3. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions of this Act may be in conflict with the provisions of any other law, the provisions of this Act shall take precedence and prevail.

[Acts 1961, 57th Leg., p. 1023, ch. 450.]

**Art. 5115b. Counties of 84,000 to 86,000; Contracts with Cities for Jails or Jail Facilities**

Sec. 1. That any county having a population of not less than 84,000 nor more than 86,000 according to the last preceding federal census, in lieu of providing and maintaining its own jail, is hereby authorized to provide safe and suitable jail, jails or jail facilities for such county by contracting with the city which is the county seat of any such county, for incarceration of the counties' prisoners in the jail, jails or jail facilities owned by said city or cities, on a daily per capita basis, for the lease of a portion of the jail, jails or jail facilities owned by such city for joint operation and maintenance of the jail, jails or jail facilities owned and operated by such city for the mutual use and benefit of any such county and city, provided said jail, jails or jail facilities meet the requirements set forth in Chapter 277, Section 1, page 637, Acts 1957, 55th Legislature (Article 5115, Revised Civil Statutes of Texas, 1925, as amended). The Commissioners Court of any such county and the governing body of any such city are hereby authorized and empowered to enter into contracts for the incarceration of any such county's prisoners at a daily per capita rate equal to the cost of maintaining prisoners in said jail, jails or jail facilities or at a daily rate mutually agreed upon by the contracting counties and cities; contracts for lease of a portion of the jail, jails or jail facilities at a rate based upon the proportion of the total area of the jail, jails or jail facilities that is occupied by such counties' prisoners; and contracts for the joint maintenance and operation of such jail, jails or jail facilities determining the respective obligations of each for the maintenance and operation of any such jail or jails, provided that any such contract for lease or for joint maintenance and operation shall not exceed 20 years. Such contracts where not in conflict with the Constitution of the State of Texas may provide for custody, control and operation of such jail, jails or jail facilities, which said jailer shall be under the control and supervision of the sheriff of such county and shall be appointed by the sheriff with the advice and
consent of the Commissioners Court and the governing body of such city; providing that the salary of such jailer shall be in an amount as may be now or hereafter authorized by law for a deputy sheriff of such county and may be paid by such city or cities and by such counties in such proportions as may be agreed upon by such contracts as herein provided.

Where not expressly provided to the contrary herein, any such jailer, his rights, duties, salary and tenure of office shall be controlled by the laws governing deputy sheriffs.

Sec. 2. This Act shall be cumulative of all other laws pertaining to county and city jails; provided, however, that to the extent that the provisions hereof conflict with any other law, the provision of this Act shall take precedence and prevail.

Art. 5115c. Intercounty Cooperation Regarding Furnishing and Operating Jail Facilities

Sec. 1. Two or more counties, acting through their commissioners courts, may contract with one another for the joint operation of a jail to serve the contracting counties. The contract may provide for the construction or acquisition of a facility for this purpose or for the use of an existing facility. The joint facility is not required to be located at the county seat of one of the contracting counties.

Sec. 2. A county that is party to a contract under this Act may use any method of financing its share of the capital expenditures under the contract for acquisition, construction, enlargement, or improvement of the joint facility, including necessary acquisition of land, as would be available to it if the county operated its own jail, including the issuance as provided by law of general obligation bonds or other evidences of indebtedness.

Sec. 3. (a) The administration of a jail operated under this Act is the responsibility of the sheriff of the county where the jail is located unless he declines that responsibility by filing a written statement to that effect with the commissioners court of that county. If the sheriff so declines, the commissioners courts of the contracting counties by joint action shall appoint a jail administrator for the jail.

(b) The sheriff or jail administrator responsible for the administration of the jail has all the powers, duties, and responsibilities with regard to the keeping of prisoners and operation of the jail that are conferred by law on a sheriff in a county that operates its own jail.

(c) Action by a sheriff declining the responsibility for the administration of a jail operated under this Act does not take effect until a jail administrator has been appointed and has assumed his duties. If there is a vacancy in the position of jail administrator, the sheriff of the county where the jail is located is responsible for the administration of the jail until a new jail administrator is appointed and assumes the position.

Art. 5115d. Contracts With Private Sector for Detention Facilities

(a) The commissioners court of a county with approval of the sheriff of that county may contract with a private organization for the purpose of placing low-risk county inmates in a detention facility operated by the organization.

(b) The commissioners court may not contract with a private organization in which a member of the court or an elected or appointed peace officer who serves in the county has a financial interest or in which an employee or commissioner of the Commission on Jail Standards has a financial interest. A contract made in violation of this subsection is void.

Art. 5116. Sheriff and Jailer

(a) Each sheriff is the keeper of the jail of his county. He shall safely keep therein all prisoners committed thereto by lawful authority, subject to the order of the proper court, and shall be responsible for the safe keeping of such prisoners.

(b) The sheriff may appoint a jailer to take charge of the jail, and supply the wants of those therein confined; but in all cases the sheriff shall exercise a supervision and control over the jail.

(c) The commissioners court of Bexar County, Texas may appoint a jail administrator who shall exercise all authority, supervision, and control over the jail, as well as all other statutory duties of the sheriff with respect to the jail.

Art. 5117. Federal Officer May Use Jail

(a) Sheriffs and jailers may receive into their jails such federal prisoners as may be delivered or tendered to them by any federal law enforcement officer, unless the sheriff or jailer determines that to receive the federal prisoners may result in a violation of a state or federal court order or statute or a rule promulgated by the Commission on Jail Standards. The sheriff or jailer shall safely keep such prisoners until they are transferred or until they are discharged by due course of law. The federal law enforcement officer by whose authority such prisoners are received and kept shall be directly and personally liable to the sheriff or jailer for the jail fees and all other expenses of the keeping of such prisoners, such fees and expenses to be estimated according to the laws regulating the same in other cases.
Art. 5118. Prisoner Sent to Another Jail

A county to which a prisoner is sent, for want of a safe jail in the proper county, may by suit recover from the county from which such prisoner was sent a sum not exceeding seventy-five cents per day on account of the expense attending the safekeeping of such prisoner.

[Acts 1925, S.B. 84.]

Art. 5118a. Commutation for Good Conduct; Forfeiture of Commutation; Record

In order to encourage county jail discipline, a distinction may be made in the terms of prisoners so as to extend to all such as are orderly, industrious and obedient, comforts and privileges according to their deserts; the reward to be bestowed on prisoners for good conduct shall consist of such relaxation of strict county jail rules, and extension of social privileges as may be consistent with proper discipline. Commutation of time for good conduct, industry and obedience may be granted the inmates of each county jail by the sheriff in charge. A deduction in time not to exceed one (1) day for each day of the original sentence actually served may be made from the term or terms of sentences when no charge of misconduct has been sustained against the prisoner. This Act shall be applicable regardless of whether the judgment of conviction is a fine or jail sentence or a combination of jail sentence and fine; provided, however, that such deduction in time shall not exceed one-third (1/3) of the original sentence as to fines and court costs assessed in the judgment of conviction. A prisoner under two (2) or more cumulative sentences shall be allowed commutation as if they were all one sentence. For such sustained charge of misconduct in violation of any rule known to the prisoner (including escape or attempt to escape) any part or all of the commutation which shall have accrued under this Act in favor of the prisoner to the date of said misconduct may be forfeited and taken away by the sheriff, provided that the sheriff has complied with discipline proceedings as approved by the Texas Commission on Jail Standards. No other time allowance or credits in addition to the commutation of time for good conduct herein provided for may be deducted from the term or terms of sentences. The sheriff shall keep or cause to be kept a conduct record in card or ledger form and a calendar card on each inmate showing all forfeitures of commutation time and the reasons therefor.

Section 4 of Acts 1981, 67th Leg., p. 2649, ch. 708, provides:

“This Act affects the terms of a prisoner serving a sentence in a county jail on the effective date of this Act only to the extent that the sentence is served on or after the effective date of this Act.”

Art. 5118b. Work Release Program

Sec. 1. (a) The sheriff of each county may attempt to secure employment for each prisoner sentenced to the county jail work release program under Section 6, Article 42.03, Code of Criminal Procedure, 1965.

(b) The employer of a prisoner participating in a program under this section shall pay the prisoner's salary to the sheriff. The sheriff shall deposit the salary into a special fund to be given to the prisoner on his release after deducting:

(1) the cost to the county, as determined by the commissioners court of the county, for the prisoner's incarceration during the pay period;
(2) support of the prisoner's dependents; and
(3) restitution to the victims of an offense committed by the prisoner.

(c) At the time of sentencing or at a later date, the court sentencing a prisoner may direct the sheriff not to deduct the cost described under Subdivision (1) of Subsection (b) of this section if the court determines that the deduction would cause a significant financial hardship to the family of the defendant.

(d) If the sheriff does not find employment for a prisoner who would otherwise be sentenced to imprisonment in the Texas Department of Corrections, the sheriff shall transfer the prisoner to:

(1) the sheriff of a county who agrees to accept the prisoner as a participant in the county jail work release program; or
(2) the department, if no sheriff agrees to accept the prisoner.

Sec. 2. A prisoner participating in a program under this Act shall be confined in the county jail or in another facility designated by the sheriff at all times except for:

(1) time spent at work and traveling to or from work; and
(2) time spent attending or traveling to or from an education or rehabilitation program approved by the sheriff.

Sec. 3. (a) The sheriff of each county shall classify each felon serving a sentence in the county jail work release program for the purpose of awarding good conduct time credit in the same manner as inmates of the Texas Department of Corrections are classified under Article 6151-1, Revised Statutes, and shall award good conduct time in the same manner as the director of the department does in that article.

(b) If at a hearing requested by a sheriff the court that sentenced the prisoner to participation in a county jail work release program determines that the prisoner is conducting himself in a manner that is dangerous to inmates in the county jail or to
society as a whole, the court shall order the prisoner's participation in the program terminated and order the prisoner to the term of confinement or imprisonment that the prisoner would have received had he not entered the program. The prisoner shall receive as credit toward his sentence any time served as a participant in the program.

Section 5 of the 1983 Act provides:

"The change in the law made by this Act applies only to the imposition of a sentence on or after the effective date of this Act. A sentence imposed before the effective date of this Act is covered by the law in effect at the time of the imposition, and the former law is continued in effect for that purpose."

The service fee shall be collected by the child support office from the payor or payee annually in advance and shall be paid to the County Treasurer on the last day of each calendar month, to be kept in a separate account to be known as the child support fund. This fund shall be administered by the Juvenile Board, subject to the approval of the Commissioners Court, for the purpose of assisting in the payment of the salaries and operating expenses of the child support office. Failure or refusal of a person to pay the service fee on time and in the amount ordered by the court shall make that person susceptible to an action of contempt of court. A record shall be kept of all service fees collected and expended. The child support fund is subject to regular audit by the County Auditor or other duly authorized person. Annual reports of receipts and expenditures in this account shall be made to the Commissioners Court.

the union according to the established practice, and/or to maintain funds or make investments of funds for such beneficial purposes. Neither shall this Section be construed to prevent assessments, or other collections or other assessments for old age benefits, death and burial benefits, hospitalization, unemployment, health and accident, retirement or other forms of mutual insurance, for legislative representation, grievance committee, or for gifts, floral offerings, or other charitable purposes, or any other legitimate purposes when the union engages in or decides to engage in such a field or practice; provided that the members contributing share or can reasonably expect to share in the benefits for which the same were advanced; neither shall this Section be construed to prevent assessments, dues, or other collections, except initiation fees, to be placed in the funds or as a part of the funds of the union for the use by the union in paying its members while such members are on a strike; provided such funds shall remain under control of the labor union members. This Section shall be liberally construed, however, to prevent excessive initiation fees.

Advance Fee

Sec. 8. It shall be unlawful for any labor organizer, union official or officer, or member of a labor union, or their agents, to collect any fees, dues, or sum of money whatsoever, in respect to membership in a labor union, or for the privilege to work or as a permit to work, from any person, without giving such person at that time a receipt therefor signed by such labor organizer, union official or officer, member of the labor union, or other agent, reciting that such sum of money so received is to be delivered to the labor union, and be held intact until said person has been duly elected, and has become a bona fide voting member of said labor union. If any labor union shall engage in such practice, it shall be guilty of a violation of this Act, and shall be subject to the civil penalties herein prescribed. Nothing hereinabove stated shall be construed to prevent a closed shop contract or other type of bargaining agreement or to limit the bargaining power of a labor union.

Collecting Fees for Privilege to Work Forbidden

Sec. 9. It shall be unlawful for any labor union, any labor organizer, any officer, any agent or representative or any member of any labor union to collect, receive or demand, directly or indirectly, any fee, assessment, or sum of money whatsoever, as a work permit or as a condition for the privilege to work from any person not a member of the union; provided, however, this shall not prevent the collection of initiation fees as above stated.

Books of Accounts

Sec. 10. It shall be unlawful for any labor union to refuse to give any person desiring membership therein a reasonable time, after obtaining the promise of employment, within which to decide whether or not he desires to become a member of such labor organization, as a condition to such person's employment by the employer. It shall also be unlawful for any labor union to expel any member thereof except for good cause, and upon a fair and public hearing by and within the organization, after due notice and an opportunity to be heard on specific charges preferred. Any Court of competent jurisdiction upon his petition therefor, shall order reinstatement of any member of the labor organization who shall be expelled without good cause.

Members' Rights

Sec. 10a. Any employee who is a member of any union, who, because of services with the armed forces of the United States, has been unable to pay any dues, assessments, or sums levied by any union, shall not hereafter be required to make such back payments as a condition to reinstatement in good standing as a member of any union to which he belonged.

Sec. 14. The provisions of this Act are to be liberally construed so as to effectuate the purposes expressed in the preamble and in such manner as to protect the rights of laboring men to work and/or to organize for their mutual benefit in connection with their work; nor shall anything in this Act be construed to deny the free rights of assembling, bargaining, and petitioning, orally or in writing with respect to all matters affecting labor and employment.

Separability Clause with Respect to Constitutional Invalidity

Sec. 15. If any Section or part whatsoever of this Act shall be held to be invalid, as in contravention of the Constitution, such invalidity shall not affect the remaining portions thereof, it being the express intention of the Legislature to enact such Act without respect to such Section or part so held to be invalid.

Sec. 3. If any clause, sentence or paragraph or part of this Act or the application thereof to any person or circumstances, shall for any reason be judged to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this Act and the application thereof, but shall be confined in its operation to the portion of the Act directly involved in the controversy in which judgment shall have been rendered and to the persons or circumstances involved.

Any such employee who participates in such a strike shall forfeit all civil service rights, re-employment rights and any other rights, benefits, or privileges which he enjoys as a result of his employment or prior employment, providing, however, that the right of an individual to cease work shall not be abridged so long as the individual is not acting in concert with others in an organized work stoppage.

Sec. 5. Art. 5154c-1. The Fire and Police Employee Relations Act

Designation of Act

Sec. 1. This Act shall be known as “The Fire and Police Employee Relations Act.”

Policy

Sec. 2. (a) It is declared to be the policy of the State of Texas that cities, towns, and other political subdivisions within the state having police and/or fire departments shall provide the firefighters and policemen, in said departments, with compensation and other conditions of employment that are substantially the same as compensation and conditions prevailing in comparable private sector employment.

(b) (1) It is also the policy of the State of Texas that firefighters and policemen, like employees in the private sector, should have the right to organize for purposes of collective bargaining, for collective bargaining is deemed to be a fair and practical method for determining wages and other conditions of employment for the employees who comprise the paid fire and police departments of the cities, towns, and other political subdivisions within this state. A denial to such employees of the right to organize and bargain collectively would lead to strife and unrest, with consequent injury to the health, safety, and welfare of the public. Therefore, it is the obligation of the state to make available reasonable alternatives to strikes by employees in these protective services.

(2) In view of the essential and emergency nature of the public service performed by firefighters and policemen, a reasonable alternative to such strikes is a system of arbitration conducted under adequate legislative standards. Another reasonable alternative, which should be provided in the event the parties fail to agree to arbitrate, is judicial enforcement of the requirements of this Act regarding the compensation and working conditions applicable to firefighters and policemen.

(3) With the right to strike prohibited, it is requisite to the high morale of firefighters and policemen, and to the efficient operation of the departments which they serve, that alternative procedures be expeditious, effective, and binding. To that end, the provisions of this Act should be liberally construed.

Definitions

Sec. 3. As used in this Act, the following terms have the following meanings:

(1) The term “firefighter” means each permanent paid employee in the fire department of any city, town, or other political subdivision within the state, with the sole exception of the chief of the department. Nothing herein shall apply to volunteer firefighters.

(2) The term “policeman” means each sworn certified full-time paid employee, whether male or female, who regularly serves in a professional law enforcement capacity in the police department of any city, town, or other political subdivision within the state, with the sole exception of the chief of the department.

(3) The term “public employer” means the proper official or officials within any city, town, or other political subdivision whose duty is to establish the wages, salaries, rates of pay, hours, working condi-
tions, and other terms and conditions of employ­ment of firefighters and/or policemen whether such person or persons be the mayor, city manager, town manager, town administrator, city council, director of personnel, personnel board, commissioners, or other officials, by whatever name designated, or by a combination of such persons.

(4) The term “association” means any organiza­tion of any kind, or any agency or employee repre­sentation committee or plan, in which firefighters and/or policemen participate and which exists for the purpose, in whole or in part, of dealing with one or more employers, whether public or private, concern­ing grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work affecting firefighters and/or policemen.

(5) “Strike” means the failure, in concerted action with others, to report for duty, the wilful absence from one’s position, the stoppage of work, or the abstention in whole or in part from the full, faithful, and proper performance of the duties of employ­ment, or in any manner interfering with the opera­tion of any municipality, for the purpose of induc­ing, influencing, or coercing a change in the condi­tions or compensation or the rights, privileges, or obligations of employment.

Requirement for Prevailing Wages and Conditions

Sec. 4. Cities, towns, and other political subdivi­sions within the state employing firefighters and/or policemen shall provide those protective service em­ployees with compensation and other conditions of employment that are substantially the same as compen­sation and other conditions of employment which prevail in comparable private sector employment; therefore, compensation and other conditions of em­ployment for those employees shall be based on prevailing private sector wages and working condi­tions in the labor market area in other jobs, or portions of other jobs, which require the same or similar skills, ability, and training, and which may be performed under the same or similar conditions.

Right to Organize and Bargain Collectively

Sec. 5. (a) Upon the adoption of the provisions of this Act by any city, town, or political subdivision in this state to which this Act applies, as herein in this section provided, firefighters and/or policemen shall have the right to organize and bargain collec­tively with their public employer as to wages, hours, working conditions, and all other terms and condi­tions of employment.

(b) The provisions of this Act may be adopted by any city, town, or other political subdivision to which this Act applies by the following method:

Upon receiving a petition signed by the lesser of five percent or 20,000 of the qualified voters voting in the last preceding general election in such city, town, or political subdivision, the governing body of such city, town, or political subdivision shall hold an election within 60 days after said petition has been filed with such governing body. If at said election, a majority of the votes cast shall favor the adoption of this Act by any city, town, or other political subdivision, the provisions of this Act shall become null and void as to such city, town, or political subdivision. Thequestion which shall be submitted to the vote of the qualified electors shall be as follows:

FOR or AGAINST the following:
Adoption of the state law applicable to “firefighters and policemen” or “firefighters” or “policemen”, (whichever shall be applicable), which establishes collective bargaining when a majority of the affected employees favor representation by an employees’ association and which preserves the prohibition of strikes and lockouts and provides penalties therefor.

(c) In any city, town, or political subdivision in which the provisions of this Act have been in effect for a period of one year, if a petition signed by the lesser of five percent or 20,000 of the qualified voters voting in the last preceding general election in such city, town, or political subdivision shall be presented to the governing body thereof to call an election for the repeal of the adoption of the provi­sions of this Act, then and in that event, the govern­ing body shall call an election of the qualified voters to determine if they desire to repeal such adoption. If at said election, a majority of the votes cast shall favor the repeal of the adoption of this Act, then the provisions hereof shall become null and void as to such city, town, or political subdivision. The ques­tion which shall be submitted to the vote of the qualified electors shall read as follows:

FOR or AGAINST the following:
Repeal of the adoption of the state law applicable to “firefighters and policemen” or “firefighters” or “policemen”, (whichever shall be applicable), which establishes collective bargaining when a majority of the affected employees favor representation by an employees’ association and which preserves the prohi­bition of strikes and lockouts and provides penalties therefor.

(d) When any election has been held in any city, town, or political subdivision at which the adoption or rejection of the adoption of this Act has been submitted as aforesaid, a like petition for another such election shall not be filed for at least one year subsequent to the election so held.

Recognition of Bargaining Agent

Sec. 6. (a) An association selected by a majority of the paid firefighters of a fire department in any city, town, or other political subdivision, excluding the chief of the fire department, shall be recognized by the public employer as the sole and exclusive bargaining agent for all of the firefighters of that department, unless and until recognition of such association is withdrawn by a majority of those firefighters.

(b) An association selected by a majority of the sworn certified full-time paid policemen of a police
department in any city, town, or other political subdivision, excluding the chief of the department, shall be recognized by the public employer as the sole and exclusive bargaining agent for all of the policemen of that department, unless and until recognition of such association is withdrawn by a majority of those policemen.

(c) In the event of a question as to whether or not an association is the majority representative of the employees in a department, pursuant to this section, such question concerning representation shall be resolved by a fair election conducted according to procedures agreeable to the parties. If the parties are unable to agree on such procedures, either party may request the American Arbitration Association to conduct the election and to certify the results thereof. Certification of the results of an election held pursuant to this section shall resolve the question concerning representation. The public employer shall be responsible for the expenses of the election, provided however that if two or more associations seek recognition as the bargaining agent then said associations shall share the costs of such election equally.

(d) Although the fire and police departments within the same city, town, or other political subdivision shall constitute separate collective bargaining units under this Act, nothing contained herein shall prevent associations representing employees in both of these departments within the same city, town, or other political subdivision from voluntarily joining together for purposes of collective bargaining with the public employer.

Obligation to Bargain in Good Faith

Sec. 7. (a) Whenever the firefighters and/or the policemen of a city, town, or other political subdivision of the state are represented by an association, pursuant to this Act, the public employer and the association shall be obligated to bargain collectively.

(b) For purposes of this section, to bargain collectively is the performance of the mutual obligation of the public employer and the association to meet at reasonable times and confer in good faith with respect to wages, hours, and other terms and conditions of employment, or the negotiation of an agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached if requested by either party, but such obligation does not compel either party to agree to a proposal or require the making of a concession.

(c) The association or the public employer may designate any person or persons to negotiate or bargain on its behalf; and the parties may utilize mediation, pursuant to Section 9 of this Act to assist them in arriving at an agreement.

(d) Whenever wages, rates of pay, or any other matter requiring appropriation of money by any governing body are included as a matter for collective bargaining pursuant to this Act, it shall be the obligation of the association to serve written notice of request for such collective bargaining on the public employer at least 120 days before the conclusion of the current fiscal operating budget.

(e) All deliberations pertaining to collective bargaining between an association and a public employer or any deliberation by a quorum of members of an association authorized to bargain collectively or by a member of a public employer authorized to bargain collectively shall be open to the public and in compliance with the Acts of the State of Texas.

Enforceability of Agreements

Sec. 8. Whenever a public employer and an association reach an agreement on compensation and/or other terms and conditions of employment for firefighters or policemen, pursuant to the provisions of this Act, the public employer shall be deemed to be in compliance with the requirements of Section 4 hereof as to such terms and conditions of employment for the duration of agreement. The agreement shall be enforceable and shall be binding upon the public employer, the association, and the firefighters or policemen covered therein.

Impasse Procedures and Voluntary Mediation

Sec. 9. (a) In any dispute between a public employer and its protective services employees represented by an association, pursuant to this Act, where an impasse is reached in the collective bargaining process, or where the appropriate lawmaking body fails to approve a contract reached through collective bargaining, and as a result the public employer and the employees are unable to effect a settlement, then either party to the dispute, after written notice to the other party containing specifications of the issue or issues in dispute, may request appointment of an arbitration board; provided, however, a party shall not request arbitration more than once during any fiscal year.

(b) For purposes of this section, an impasse in the collective bargaining process shall be deemed to occur when the parties do not reach a settlement of the issue or issues in dispute by way of a written agreement within 60 days after initiation of the collective bargaining proceedings. The period, however, may be extended by written agreement for additional periods of time, provided each such extension of time is for a definite period not to exceed 15 days.

(c) Prior to invoking arbitration, the parties shall make every reasonable effort to settle their dispute through good-faith collective bargaining; such efforts shall include mediation, provided a mediator can be appointed by agreement of the parties or by an appropriate agency of the state. If a mediator is appointed, his function shall be to assist all parties to reach a voluntary agreement. He may hold separate or joint conferences as he deems expedient to effect a voluntary, amicable, and expeditious
Arbitration

Sec. 10. (a) The request for arbitration referred to in Section 9 hereof shall be initiated within five days following the expiration of the 30-day pre-impassé period or within five days following an agreed extension of the period, as provided in Section 9. If both parties elect to settle their dispute by arbitration, such election shall be made within five days following the request for arbitration, and shall be in the form of a written agreement to arbitrate. The issues to be arbitrated shall be all matters which the parties have been unable to resolve through collective bargaining in accordance with the procedures of Sections 7 and 9 of this Act.

(b) Although the policy of this Act favors and encourages the parties to elect voluntary arbitration, nothing contained herein shall be deemed a requirement for compulsory arbitration.

Arbitration Board

Sec. 11. If the parties elect arbitration, within five days following the execution of the agreement to arbitrate they shall select and name one arbitrator and shall immediately notify each other in writing of the name and address of the person so selected. The two arbitrators so selected and named shall, within 10 days from the execution of the agreement to arbitrate, attempt to agree upon a third (neutral) arbitrator. If on the expiration of the said 10-day period the two arbitrators have been unable to agree upon the selection of the third arbitrator, either party may request the American Arbitration Association to utilize its procedures for selection of the neutral arbitrator, and said association shall be authorized to effect the appointment of the neutral arbitrator according to fair and regular procedures. Unless both parties consent, the neutral arbitrator so selected will not be the same person selected as a mediator pursuant to Section 9 hereof. The third (neutral) arbitrator, whether selected as a result of agreement between the two arbitrators previously selected or selected pursuant to American Arbitration Association procedures, shall serve as chairman of the arbitration board.

Hearings

Sec. 12. (a) The arbitration board shall, acting through its chairman, call a hearing to be held within 10 days after the date of the appointment of the chairman; and the board shall, acting through its chairman, give the other two arbitrators, the association, and the public employer at least seven days' notice in writing of the time and the place of such hearing. The hearing shall be informal, and the rules of evidence prevailing in judicial proceedings shall not be binding. Any and all documentary evidence and other data deemed relevant by the arbitrators may be received in evidence. The arbitrators shall have the power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of books, records, and other evidence relative or pertinent to any issue presented to them for determination.

(b) The hearing conducted by the arbitration board shall be concluded within 20 days of the time of commencement; within 10 days after the conclusion of the hearing the arbitration board shall make written findings, in accordance with Section 12 of this Act, and render a written award on the issues presented. A copy of the findings and award shall be mailed or otherwise delivered to the association and to the public employer.

Scope of the Arbitrators' Authority, Effect of the Award, and Enforceability

Sec. 13. (a) It shall be the duty of the arbitration board to render an award in accordance with the requirements of Section 4 of this Act. Accordingly, hazards of employment, physical qualifications, educational qualifications, mental qualifications, job training, and skills are factors, among others, which the arbitrators shall consider in settling disputes relating to wages, hours, and other terms and conditions of employment.

(b) When an arbitration award is rendered in accordance with these provisions, the public employer involved shall be deemed to be in compliance with the requirements of Section 4 hereof as to the terms and conditions provided by said award for the duration of the collective bargaining period for which the award is applicable.

(c) A majority decision of the arbitration board, if supported by competent, material, and substantial evidence on the whole record, shall be final and binding upon the parties, and may be enforced, at the instance of either party or of the arbitration board, in the state district court for the judicial district in which a majority of the affected employees reside.

(d) The commencement of a new fiscal year following the initiation of arbitration procedures under this Act, but prior to the rendition of the arbitration award or its enforcement, shall not render a dispute moot or otherwise impair the jurisdiction or authority of the arbitration board or its award. Increases in rate of compensation awarded by the arbitration board under this section may be effective only at
the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced since initiation of arbitration procedures under this Act, the foregoing limitation shall be inapplicable and such awarded increases may be retroactive to the commencement of such fiscal year, any other statute or charter provision to the contrary notwithstanding.

(e) The parties may amend or modify an arbitration award by agreement in writing at any time.

Judicial Review of the Arbitration Award
Sec. 14. Awards of the arbitration board shall be reviewable by the state district court for the judicial district in which the municipality is located, but only on the following grounds: (1) that the arbitration panel was without or exceeded its jurisdiction; (2) that the order is unsupported by competent material, and substantial evidence on the whole record; or (3) that the order was procured by fraud, collusion, or other such unlawful means. The pendence of a proceeding for review shall not automatically stay the order of the arbitration board.

Compensation of Arbitrators and Expenses
Sec. 15. The compensation, if any, of the arbitrator appointed for the firefighters and/or policemen shall be paid by the association representing the firefighters and/or policemen. The compensation of the arbitrator appointed for the public employer shall be paid by the public employer. The compensation of the neutral arbitrator, as well as all stenographic and other expenses incurred by the arbitration board in connection with the arbitration proceedings, shall be paid jointly in even proportions by the association representing the firefighters and/or the policemen and the public employer. If either party in the arbitration requires a transcript of the arbitration proceedings that party shall be required to bear the cost of the transcript.

Judicial Enforcement When the Public Employer Declines to Arbitrate
Sec. 16. Should a public employer choose not to elect arbitration when arbitration has been request-ed by an association pursuant to Sections 9, 10, and 11 hereof, on the application of the association, the state district court of the judicial district in which a majority of the affected employees reside shall have full power, authority, and jurisdiction to enforce the requirements of Section 4 hereof as to any unsettled issue relating to compensation and/or other terms and conditions of employment for firefighters and/or policemen. The court costs of any such action, including costs for a master if one is appoint-ed, shall be taxed against the public employer. In the event the court finds the public employer in violation of Section 4 hereof, it shall: (1) order the public employer to make the affected firefighters and/or policemen whole as to their past losses; (2) declare the compensation and/or other terms and conditions of employment required by Section 4 hereof for the period as to which the parties had been bargaining, but not to exceed a period of one year, and (3) award the employees' association reasonable attorney's fees.

Strikes and Lockouts
Sec. 17. (a) Strikes, lockouts, work stoppages, and slowdowns of 'firefighters and/or policemen shall be unlawful, and they are hereby prohibited.

(b) In the case of a lockout of firefighters or policemen by a municipality, or its designated representative or agent, or a department or agency head, the Court shall (i) issue an order restraining and enjoining such violation, and/or (ii) impose on any individual violator a fine of not more than $2,000.

(c) Upon the finding by the district court in which the municipality is located that a fire or police service association has called, ordered, aided, or abetted in a strike of firefighters or policemen, the Court shall impose upon such employee organization, for each day of such violation a fine fixed in an amount equal to ⅛ of the total amount of annual membership dues of such association or $20,000, whichever is the lesser; provided, however, that where an amount equal to ⅛ of the total amount of annual membership dues of such employee organization is less than $2,500, such fine shall be fixed in the amount of $2,500. In addition, the Court shall order forfeiture of any membership dues checkoff for a specified period of time not to exceed 12 months. If, however, the association alleges, and the Court finds, that the appropriate municipality or its representatives engaged in such acts of extreme provocation as to detract substantially from the responsibility of the association for the strike, the Court may, in its discretion, reduce the amount of the fine imposed.

(d) If an association appeals a fine imposed pur-suant to the preceding paragraph, such employee organization shall not be required to pay such fine until such appeal is finally determined.

(e) If a firefighter or policeman engages in a strike, or interferes with the municipality, or prevents the municipality from engaging in its duty, or commits, attempts or directs any employee of the municipality to stop or decline to work, or slowdown work, or causes any other person to fail or refuse to deliver to the municipality goods or services, or pickets for any of the above illegal acts, or conspiries to perform any of the above acts, the wages or compensation in any form of such firefighter or policeman shall not increase in any manner or form, until after the expiration of one year from the date such firefighter or policeman resumes normal working duties, and said firefighter or policeman shall be on probation for two years with respect to civil service status, tenure of employment, or contract of employment, which that person may have theretofore been entitled.
Judicial Enforcement Generally

Sec. 18. The state district court of the judicial district in which the municipality is located, and any judge thereof, shall have full power, authority, and jurisdiction, on the application of either party aggrieved by an action or omission of the other party, when such action or omission pertains to the rights, duties, or obligations provided in this Act, to issue any and all proper restraining orders, temporary or permanent injunctions, and any other and further writ, order, or process, including but not limited to contempt orders, that are appropriate to carrying out and enforcing the provisions of this Act.

Severability

Sec. 19. If any provision of this Act or the application of such provision to any person or circumstance is held invalid, the remainder of the Act or the application of such provision to persons or circumstances other than to which it is held invalid shall not be affected thereby.

Act Takes Precedence

Sec. 20. (a) This Act shall supersede all conflicting provisions in previous statutes concerning this subject matter; to the extent of any conflict the previous conflicting statutory provision is hereby repealed; and this Act shall preempt all contrary local ordinances, executive orders, legislation, rules, or regulations adopted by the state or by any of its political subdivisions or agents, such as, but not limited to, a personnel board, a civil service commission, or a home-rule municipality.

(b) Provisions of collective bargaining contracts made pursuant to this Act shall take precedence over state or local civil service provisions whenever the collective bargaining contract, by agreement of the parties, specifically so provides. Otherwise, the civil service provisions shall prevail. Civil service provisions, however, shall not be repealed or modified by arbitration or judicial action; although arbitrators and courts, where appropriate, may interpret and/or enforce civil service provisions.

(c) Nothing contained in this Act shall be construed as repealing any existing benefit provided by statute or ordinance concerning firefighters' or policemen's salaries, pensions, or retirement plans, hours of work, conditions of work, or other emoluments; this Act shall be cumulative and in addition to the benefits provided by said statutes and ordinances.

(d) Nothing contained in this Act shall be deemed a limitation on the authority of a fire chief or police chief of a city under Chapter 325, Acts of the 50th Legislature, 1947 (Article 1269m, Vernon's Texas Civil Statutes), except to the extent the parties through collective bargaining shall agree to modify such authority.

Art. 5159d. Minimum Wage Act of 1970

Purpose

Sec. 1. The Legislature hereby finds that a substantial number of the people of this state are working for wages that are not sufficient, in view of the cost of living, to enable them to maintain a standard of living necessary for the health, efficiency, and general well-being of themselves or their families. The Legislature also finds that this condition is a contributing cause of certain social disorders which have an adverse effect upon the economy of the state and the general welfare of its people, among which disorders are school dropouts, the disintegration of family units, and undue dependency upon public and private welfare programs. It is hereby declared to be the policy of this state to alleviate and as rapidly as practicable eliminate these conditions without undue curtailment of employment or earning power.

(d) No employer who has an employee that lives on the premises of a business and is assigned certain working hours plus additional hours when the employee will be subject to call shall be required to pay the employee for more than the number of hours the employee actually worked or was on duty because of assigned working hours.

Minimum Wage for Agricultural Employees

Sec. 6. (a) Except for persons covered by Subsections (b) and (c) of this section and Section 7 of this Act, any person employed in agriculture on and after February 1, 1970, shall be entitled to receive for each hour that he works more than 20 cents less than the federal hourly minimum wage for agriculture as provided in the Fair Labor Standards Act of 1938, as amended, but in no event shall the minimum hourly wage established in this Act for agriculture exceed the amount specified in Section 5 of this Act.

(b) On and after February 1, 1970, when a person employed in agriculture lives on the premises of the employer in quarters furnished by the employer, the employer, in addition to furnishing living quarters and other benefits, shall pay to the employee in cash a minimum weekly salary of not less than $30 a week.
(c) When a person is employed as provided in Subsection (b) of this section and the employer, in addition to furnishing on-premises living quarters for the employee also furnishes on-premises living quarters for members of the employee's family, any member of the employee's family living in the quarters may be employed in agriculture by the employer without regard to the minimum wage and salary provisions of this Act.

(d) The provisions of this section take effect on February 1, 1970.

Piece Rate Workers

Sec. 7. (a) On and after February 1, 1971, any person employed in agriculture as a piece rate worker to harvest a commodity for which a piece rate has been established by the commissioner under the provisions of this section shall be entitled to receive not less than the piece rate established by the commissioner for harvesting the particular commodity involved.

(b) The commissioner shall determine a piece rate for each agricultural commodity commercially produced in substantial quantity in this state in the manner provided in this section. The piece rate in each case shall be equivalent to the minimum hourly wage for other agricultural workers, as provided for in Section 6(a) of this Act, in that when payment by unit of production is applied to a worker of average ability and diligence in harvesting a particular commodity he shall receive an amount equal to the minimum hourly wage for agricultural workers. It is the intent and understanding of the Legislature that if a piece rate worker does not harvest the number of units of a particular commodity that would provide the minimum wage as established for a worker of average ability and diligence, none the less that worker need be paid for only those number of units of production harvested by him.

(c) The commissioner shall accumulate data regarding the actual productivity of hand harvesters of agricultural commodities in this state in sufficient quantity to serve as a reasonable basis for establishing a piece rate for each commodity. On the basis of this data the average hourly productivity of hand harvest laborers with respect to each agricultural commodity commercially produced in substantial quantity in this state shall be calculated in terms of units of each commodity or units of the weight or measure customarily used with respect to each commodity. The minimum wage for agriculture provided for in Section 6(a) of this Act shall then be divided by the average hourly production of hand harvesters of each commodity and in each case the result, rounded to the nearest cent, shall be the piece rate established by the commissioner for that commodity.

(d) When, in the judgment of the commissioner, insufficient data is available for determining the average hourly productivity of hand harvesters of a particular commodity, or when in the judgment of the commissioner a particular commodity is not commercially produced in this state in sufficient quantity or volume to warrant the determination of a piece rate, then no piece rate shall be established for the harvesting of the commodity and the provisions of Section 6(a) of this Act shall be applicable to employers employing hand harvest laborers to harvest any commodity for which piece rate has not been established. The decision of the commissioner not to establish a piece rate for a particular commodity at any given time shall not preclude the establishment of a piece rate for the commodity at any subsequent time when, in the judgment of the commissioner, sufficient data are available and the volume of production of the commodity warrants the establishment of a piece rate.

(e) The commissioner shall retain all data used in determining any piece rate for the period of time that the piece rate based on the data is in effect, and all the data shall be available for public inspection.

(f) Before issuing an order establishing any piece rate or rates the commissioner, or such person as may be designated by the commissioner for such purpose, shall hold a public hearing at which the proposed rate or rates and the data upon which the rate or rates are based shall be presented. A reasonable opportunity shall be afforded to agricultural employers and employees, or their representatives, to be heard and to protest the establishment of any proposed rate, and following the hearing the commissioner may modify any proposed rate before finally establishing it. The judgment of the commissioner in establishing any piece rate shall be final and binding upon all parties subject to this Act unless set aside by judgment of a court of competent jurisdiction. In the event a piece rate for any commodity is set aside by final judgment of a court of competent jurisdiction, the minimum hourly wage provided in Section 6(a) of this Act shall apply to harvesting the commodity until a valid piece rate is established.

(g) The provisions of this section relating to the duties and authority of the commissioner shall become effective on the effective date of this Act and the commissioner shall proceed forthwith to collect data for the establishment of piece rates to become applicable on February 1, 1971. Initial piece rates shall be established and promulgated by the commissioner not later than December 31, 1970, and thereafter all orders of the commissioner establishing or modifying piece rates shall be issued at least 30 days in advance of the date when the rates become effective.

(h) After the establishment of any piece rate or rates the order establishing same shall be kept on file in the office of the commissioner in Austin, Texas, and shall be available for public inspection. The commissioner shall make copies available to anyone on request and may charge a reasonable amount to cover the cost of making and distributing...
the copies. A copy of each order establishing a piece rate or rates shall be furnished by the commissioner to the Bureau of Labor Statistics.

(i) At any time the data available to the commissioner indicates a substantial change in condition a new piece rate may be established for any commodity in the manner provided in this Act for the establishment of piece rates in the first instance. The commissioner shall review all piece rates at least once a year and determine whether any new rates are needed.

(j) The provisions of this section apply to contract labor as well as to any person directly employed by any owner, operator, or manager of a farm.

(k) In case of emergency caused by flood, hurricane, or other natural calamity or other disaster or by any occurrence that may result in the excessive production of livestock and in activities in support thereof, the commissioner may make rules and regulations necessary for the proper administration of this Act, including procedures for giving notice of and conducting hearings.

Sec. 8. The provisions of Sections 5, 6, and 7 shall not apply to any agricultural employer who during any calendar quarter during the preceding calendar year did not use more than 300 man-days of agricultural labor, nor to any agricultural employer with respect to employees engaged in the production of livestock and in activities in support thereof.

Special Provisions for Certain Workers

Sec. 9. (a) In order to prevent curtailment of employment opportunities, any person whose earning or productive capacity is impaired by age, physical or mental deficiency, or injury or who is over the age of 65 years may be employed at wages lower than the minimum wage applicable under this Act, but at not less than 60 percent of the minimum wage. Provided, that the provisions of the section shall not be applicable to persons employed in agriculture as piece rate workers.

(b) An employer employing a person mentioned in Subsection (a) of this section at a wage lower than the applicable minimum wage under this Act shall not be relieved of liability under Section 13 of this Act, unless, prior to the employment of the person or within 90 days after the effective date of this Act, the employer secures a medical certificate signed by a physician licensed to practice medicine by the Texas State Board of Medical Examiners, certifying that because of age, physical or mental deficiency, or injury the productive or earning capacity of the person seeking employment is materially impaired.

(c) The medical certificate shall be retained by the employer during the period of employment of the person and for two years after the employment is terminated. The statement of earnings given to the person by the employer, as required by Section 11 of this Act shall include the words "medical certificate."

Sec. 10. Nonprofit charitable organizations which are engaged in evaluating, training, and employment services for handicapped clients and which comply with federal regulations covering these activities will be considered to have complied with this Act.

Sheltered Workshops

Sec. 10a. Patients and students who are clients of any facility of the Texas Department of Mental Health and Mental Retardation, whose productive capacity is impaired and who are assisting in the operation of the institutions as part of their therapy, or who are receiving occupational training in sheltered workshops or other programs operated by the Texas Department of Mental Health and Mental Retardation, where the institution or department derives an economic benefit from their services, may be compensated for such services at a percentage of the base wage, which percentage corresponds to the percentage of their productive capacity when compared with employees not so impaired performing the same or similar tasks. The Texas Department of Mental Health and Mental Retardation shall promulgate rules for determining said base wage and said percentage of productive capacity of such clients and such other rules as may be necessary to fulfill the provisions of this section of the Act. It is the specific intent of the legislature that this provision be enacted in order to prevent the curtailment of appropriate occupational training or therapeutic opportunities for such clients. To further such purpose, it is specifically provided that the services rendered and the payment provided for such services herein shall not be construed to create an employer-employee relationship between the Texas Department of Mental Health and Mental Retardation and the patients and students engaged in such training, therapeutic or rehabilitative services.

Employer's Statement

Sec. 11. (a) At the end of each pay period, the employer shall give each employee an earnings statement in writing covering that pay period. The earnings statement shall be signed by the employer or his agent and shall include:

(1) the name of the employee;
(2) the rate of pay;
(3) the total amount of pay earned by the employee during the pay period;
(4) any deductions made from the employee's pay;
(5) the amount of pay after all deductions are made; and

(6) the total number of hours worked by the employee if paid on an hourly basis, or the total amount of work done by the employee during the pay period in units of production if the employee is paid on the piece rate basis.

(b) If the employee is employed in agriculture under the provisions of Section 6(a), 6(b), or 6(c) of this Act, the employer’s statement shall include a notation to that effect.

(c) The earnings statement may be in any form determined by the employer and it shall be sufficient if the information required by Subsection (a) of this section is stated on a check voucher or bank draft given to the employee for his wages.

Criminal Penalty

Sec. 12. Any employer, who, for the purpose of depriving an employee of any wages to which the employee is entitled, shall furnish to the employee a statement required under the provisions of Section 11 of this Act which the employer knows to be false, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than $100 nor more than $500 or by confinement in the county jail for not less than 5 nor more than 30 days or by both.

Civil Penalty

Sec. 13. (a) Any employer who violates the provisions of Section 5, 6, 7, or 9 of this Act is liable to the employee or employees affected in the amount of the unpaid wages plus an additional equal amount as liquidated damages.

(b) An action to recover the liability may be maintained in any court of competent jurisdiction in the county where the cause of action accrued by one or more employees for himself or themselves and other employees similarly situated. No employee shall be a party plaintiff to any action brought under this section unless he gives his written consent and his written consent is filed in the court in which the action is brought.

(c) At the trial of any cause of action brought under this section, the plaintiff shall recover if the jury or the court finds from a preponderance of the evidence that

(1) the plaintiff or plaintiffs are or have been employed by the defendant at any time during the two years immediately preceding the institution of the suit;

(2) the defendant has failed, up until the time of the filing of the suit, to furnish plaintiff or plaintiffs a statement or statements of earnings as required by Section 11 of this Act;

(3) the original petition filed by or on behalf of plaintiff or plaintiffs is verified and contains a demand for the defendant to furnish the statement or statements of wages paid;

(4) the defendant persisted in failing or refusing to furnish the statement or statements; and

(5) that the defendant had failed to pay to plaintiff or plaintiffs the minimum wage as set forth in Section 5, 6, 7 or 9 of this Act.

(d) In addition to any judgment awarded to the plaintiff or plaintiffs, the court shall allow a reasonable attorney’s fee and costs of the action to be paid by the defendant.

(e) An action to recover upon any liability imposed by this section must be commenced within two years after the unpaid wages are due and payable.

Collective Bargaining Not Impaired

Sec. 14. Nothing in this Act shall be considered to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages in excess of the applicable minimum under the provisions of this Act.

Dissemination of Information

Sec. 15. The Bureau of Labor Statistics shall disseminate information to the public regarding the provisions of this Act to the end that both employers and employees in this state will be fully aware of their respective rights and responsibilities, the exemptions specified, and the penalties and liabilities which may be incurred for violations of the provisions of this Act.

Severability

Sec. 16. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Section 2 of the 1977 amendatory act provided:

"If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the provision or application, and to this end the provisions of this Act are declared to be severable."

(1) If any agreements exist between the claimant and any subcontractors by which payments are not to be made in full therefor in the month next following each month in which the labor was performed or the materials were delivered or both, such claimant shall have given written notice by certified or registered mail addressed to the prime contractor at his last known business address, or at his residence, within thirty-six (36) days after the 10th day of the month next following the commencement of the delivery of materials or the performance of labor that there has been agreed upon between the claimant and such subcontractors such retention of funds. Such notice shall indicate generally the nature of such retainage.

(2) Such Claimant shall have given written notice by certified or registered mail as described in the preceding subparagraph B(b)(1) to the prime contractor at his last known business address, or at his residence, within thirty-six (36) days after the 10th day of the month next following each month in which the labor was done or performed, in whole or in part, or material delivered, in whole or in part, that payment therefor has not been received. A copy of this statement sent to the subcontractor shall suffice as such notice.

(3) If the basis of the claim is an undelivered specially fabricated item or items as described in paragraph C(b)(2), such claimant shall have given written notice by certified or registered mail as described in the preceding subparagraph B(b)(1) to the prime contractor within forty-five (45) days after the receipt and acceptance of an order for hereinafter described specially fabricated material that such an order has been received and accepted.

(c) Notices of Unpaid Retainages Required. Retainage Defined.

Retainage as referred to in this Act is defined as any amount representing any part of the contract payments which are not required to be paid to the claimant within the month next following the month in which the labor was done or material furnished or both.

When a contract between the prime contractor and such claimant, or between a subcontractor and such claimant provides for retainage, such claimant shall have given, on or before ninety (90) days after the final completion of the contract between the prime contractor and the awarding authority, written notices of the claim for such retainage by certified or registered mail to the prime contractor at his last known business address, or at his home address, and to the surety or sureties. Such notices shall consist of a statement showing the amount of the contract, the amount paid, if any, and the balance outstanding. No claim for such retainage contained in such notices shall be valid to an extent greater than the amount specified in the contract between the prime contractor or the subcontractor and the claimant to be retained, and in no event greater than ten per cent (10%) of such contract. However, such notices shall not be required if the amount claimed is part of a prior claim which has been made as heretofore described.

Claimant Defined

C. A claimant is defined as anyone having direct contractual relationship with the Prime Contractor, or with a subcontractor, to perform the work or a part of the work, or to furnish labor or materials or both as a part of the work as follows:

(a) Labor is to be construed to mean labor used in the direct prosecution of the work.

(b) Material is to be construed to mean any part or all of the following:

(1) Material incorporated in the work, or consumed in the direct prosecution of the work, or ordered and delivered for such incorporation or such consumption.

(2) Material specially fabricated on the order of the Prime Contractor or of a subcontractor for use as a component part of said public building, or other public work so as to be reasonably unsuitable for use elsewhere, even though such material has not been delivered or incorporated into the public building or public work, but in such event only to the extent of its reasonable costs, less its fair salvage value, and only to the extent that such specially fabricated material is in conformity and compliance with the plans, specifications, and contract documents for same.

(3) Rent at a reasonable rate and actual running repairs at a reasonable cost for construction equipment, used in the direct prosecution of the work at the project site, or reasonably required and delivered for such use.

(4) Power, water, fuel and lubricants, when such items have been consumed or ordered and delivered
Art. 5160 LABOR 3182

for consumption, in the direct prosecution of the work.

(c) A subcontractor is any person or persons, firm or corporation who has furnished labor or materials or both as defined above to fulfill an obligation to the prime contractor or to a subcontractor to perform and install all or part of the work required by the prime contract.

A subcontractor shall have a claim, but such claim, including previous payments however, shall not exceed that proportion of the subcontract price which the work done bears to the total of the work covered by the subcontract.

(d) When a claim is assigned to a third party then and in that event such third party shall stand in the same position as a claimant, provided the notices required in this Act are given.

Penalty for Fraudulent Claims

D. Any person who shall willfully file a false and fraudulent claim hereunder shall be subject to the penalties for false swearing.

Termination of Contract

E. In the event any contractor, who shall have furnished the bonds provided in this Statute, shall abandon performance of his contract or the awarding authority shall lawfully terminate his right to proceed with performance thereof because of a default or defaults on his part, no further proceeds of the contract shall be payable to him unless and until all costs of completion of the work shall have been paid by him. Any balance remaining shall be payable to him or his surety as their interest may appear, as may be established by agreement or judgment of a court of competent jurisdiction.

Copy of Bonds to be Furnished

F. The contracting authority is authorized and directed to furnish to any person making application therefor who submits an affidavit that he has supplied labor, rented equipment, or materials for such work, or that he has entered into a contract for specially fabricated material, and payment therefore has not been made, or that he is being sued for such bond, a certified copy of such payment bond and the contract for which it was given, which copy shall be prima facie evidence of the contents, execution and delivery of the original. Applicants shall pay for such certified copies such reasonable fees as the contracting authority may fix to cover the actual cost of preparation thereof.

Venue

G. All suits instituted under the provisions of this Act shall be brought in a court of competent jurisdiction in the county in which the project or work, or any part thereof, is situated. No suit shall be instituted on the performance bond after the expiration of one (1) year after the date of final completion of such contract. No suit shall be instituted by a claimant on the payment bond after the expiration of one (1) year after the date suit may be brought thereon under the provisions of Section 1.B. hereof. The State of Texas shall not be liable for the payment of any cost or the expenses of any suit instituted by any party or parties on the payment bond.

1 Article 1296-1.01 et seq.

Bonds Payable From Revenue

Sec. 3. Bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the State, the issuer or of any other political subdivision or agency of the State or a pledge of the faith and credit of any of them, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the State, the issuer or any political subdivision or agency of the State shall be obligated to pay the same or the interest thereon except from revenues of the particular project or medical project for which they are issued and that neither the faith and credit nor the taxing power of the State, the issuer or any political subdivision or agency thereof is pledged to the payment of the principal of or the interest on such bonds. The issuer shall not be authorized to incur financial obligations which cannot be paid from revenues realized from the lease of a project or medical projects.

Powers of Issuers

Sec. 4. (a) In addition to any other powers which it may now have, each issuer shall have without any other authority the following powers:

(1) to acquire, whether by construction, purchase, devise, gift, or lease or any one or more of such methods, one or more medical projects or projects, located within this State, and within or partially within its limits, provided that as to a city, such project or medical project may be situated outside its territorial limits if within its extraterritorial jurisdiction as provided by the Municipal Annexation Act; 2

(2) to lease to a lessee any or all of its projects and medical projects for such rentals and upon such terms and conditions as the governing body may deem advisable and as shall not conflict with the provisions of this Act;

(3) to issue revenue bonds for the purpose of defraying all or part of the cost of acquiring or improving any project or medical project, and to secure the payment of such bonds as provided in this Act;

(4) to sell and convey all or any part of any real or personal property acquired as provided by Subdivision (a) of this section, and make such order respecting the same as may be deemed conducive to the best interest of the issuer. No issuer shall have the power to operate any project as a business or in any manner except as the lessor thereof, nor shall they have any power to acquire any such project, or any part thereof, by the exercise of eminent domain. Land previously acquired by an issuer in the exercise of the power of eminent domain may be sold, leased or otherwise utilized under the provisions of this Act, provided the governing body determines (a) that such use will not interfere with the purpose for which such land was originally acquired or is no longer needed for such purpose, and (b) at least seven years have elapsed since such land was so acquired, and (c) such land was not acquired for park purposes unless such sale or lease of park land has been approved at an election held under authority of Article 1112, Revised Civil Statutes of Texas, 1925, as amended.

2 Article 970a.

Lease Agreements; Commission Approval; Rules and Regulations; Filing; Appeal

Sec. 5. No issuer shall institute proceedings to authorize bonds under the provisions of Section 6(a) or 6(c) until the Commission has given tentative
approval to the suggested contents of the lease agreement, and if a lessee is permitted to sublease, the Commission has also tentatively approved the financial responsibility of the ultimate lessee.

The Commission shall prescribe rules and regulations setting forth minimum standards for lease agreements and guidelines with respect to financial responsibilities of the lessee and ultimate lessee, if any, but in no event shall the Commission give final approval to any agreement unless it affirmatively finds the lessee and ultimate lessee have the business experience, financial resources and responsibility to provide reasonable assurance that all bonds and interest thereon to be paid from or by reason of such agreement will be paid as the same become due.

Appeal from any adverse ruling or decision of the Commission under this section may be made by an issuer to the District Court of Travis County. The substantial evidence rule shall apply.

Rules, regulations and guidelines promulgated by the Commission, and amendments thereto, shall be effective only after they have been filed with the Secretary of State.

Issuance of Bonds; Resolution of Intent, Publication; Protest; Election, Procedures

Sec. 6. (a) Before issuing any bonds hereunder the governing body shall adopt a resolution declaring its intention to do so, stating the amount of bonds proposed to be issued, the purpose for which the bonds are to be issued, and the tentative date upon which the governing body proposes to authorize the issuance of such bonds. Such resolution shall be published once a week for at least two consecutive weeks in at least one newspaper of general circulation in the territorial limits of the issuer. The first publication shall be made not less than 14 days prior to the tentative date fixed in such resolution for the authorization of the bonds. If 10 percent of the qualified electors of the issuer shall file a written protest against the issuance of such bonds on or before the tentative date specified for the authorization of such bonds, then an election on the question of the issuance of such bonds shall be called and held as herein provided.

If no such protest be filed, then such bonds may be issued without an election at any time within a period of two years after the tentative date specified in the resolution; provided, however, the governing body of such issuer, in its discretion, may call an election on such question, in which event it shall not be necessary to publish the notice of its intention to issue bonds.

(b) Where an election is called, notice thereof shall be published once a week for at least two consecutive weeks, in at least one newspaper of general circulation within the territorial limits of the issuer. The first publication of such notice shall be made not less than 14 days prior to the date fixed for such election. The election shall be conducted in accordance with the general laws of Texas pertaining to general elections, except as modified by the provisions of this Act. The order calling the election shall specify the date, place or places of holding the election, the presiding judge and alternate judge for each voting place, and shall provide for clerks as provided in the Election Code. Only qualified property taxation electors who own taxable property which has been duly rendered for taxation shall be permitted to vote at such election.

The form of ballot shall be in conformity with Sections 61, 62, and 63, Texas Election Code, as amended (Article 6.05, 6.06, 6.07, Vernon's Texas Election Code), so that ballots provide for voting for or against the proposition: "The issuance of revenue bonds for the (medical project or project)."

Within 10 days after such election is held, or as soon thereafter as possible, the governing body of such issuer shall convene and canvass the returns of the election, and in the event such election results are favorable (majority vote) to the proposition such governing body shall so find and declare and shall be (subject to the provisions of Section 5) authorized to proceed with the authorization of bonds.

(c) A series of bonds may be issued for each project or medical project and any of such projects may be combined in a single series of bonds if the governing body, in the exercise of its discretion, deems the same to be in the best interest of the issuer, but each project or medical project shall be considered separately with respect to the provisions of Section 5, 6(a), 6(b) and 6(c).

(d) Bonds shall be issued and delivered within three years of the tentative approval of the Commission, or within three years of the final judgment in any litigation affecting the validity of the bonds or the provision made for their payment, whichever date is later. Nothing herein shall be construed as prohibiting the Commission from conditioning its approval of the project or medical project upon the completion of the financing thereof within a lesser period of time.

Form of Bonds; Use of Proceeds; Interim Receipts or Temporary Bonds; Approval and Registration

Sec. 7. Each issuer is hereby authorized to provide by resolution, from time to time, for the issuance of revenue bonds for the purpose of paying all or any part of the cost of acquiring, constructing, enlarging or improving a project, including a project in an enterprise zone designated under the Texas Enterprise Zone Act,1 or medical project. However, revenue bonds for a medical project may not be authorized by a district. The bonds may be issued in coupon or in registered form, or both, as the issuer may determine, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. If the duty of such reconversion is imposed on the Trustee in a Trust Agreement the substituted coupon bonds need not be reapproved by the Attorney General of Texas, and they shall remain incontestable. Sec. 8. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the issuer in respect of the same, shall be governed by the provisions of this Act insofar as the same may be applicable. Trust Agreement as Security

Sec. 9. Any such trust agreement may pledge or assign lease income to be received from a lessee or ultimate lessee.

**Default in Payment; Enforcement; Option to Purchase**

Sec. 10. Each bond issued under the provisions of this Act shall contain substantially the following language: "No pecuniary obligation is or may be imposed upon the issuer of this bond in the event there is a failure to pay all or part of the principal or interest thereon, except the issuer is obligated to apply rental income it receives from the project (or medical project) to such purposes." Any such trust agreement may contain such provisions as the issuer may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the project or medical project.

Any agreement between a lessee and ultimate lessee relating to any project shall be for the benefit of the issuer as shall any agreement between the issuer and the lessee. Any such agreement shall contain a provision that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings, mortgage, or instrument such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such resolution, mortgage or instrument.

An issuer may grant a lessee or ultimate lessee an option to purchase all or any part of a project or medical project when all bonds of the issuer delivered to provide such facilities have been paid or provision has been made for their final payment, provided during the time the bonds or interest thereon remains unpaid there is no failure to pay the lease rentals at the time and in the manner as the same become due, provided a payment shall be deemed paid when and as due if no event of default is declared and the payment is made within 15 calendar days of the date it was scheduled to become due. **Removal of Business from Existing Facilities**

Sec. 11. **Authority of Governing Body; Conditions of Approval**

Sec. 12. Except as limited by the provisions of this law or as limited by the rules, regulations and guidelines of the Commission, each governing body shall have full and complete authority with respect to bonds, lease agreements and the provisions thereof.

No bonds shall be approved by the Attorney General until the Commission has given final approval to the lease agreement, nor shall such bonds be approved if any authorizing proceedings or provisions for security and payment of lease payments are not in conformity with this law.

**Advertising for Contracts; Performance Bonds; Leasing Restriction**

Sec. 13. All contracts for construction or purchases involving the expenditure of more than $2,000 may be made only after advertising in the manner provided by Chapter 163, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon’s Texas Civil Statutes). Bonds and Profits Not Taxable; Bonds and Coupons Deemed Security

Sec. 14. In carrying out the purposes of this Act, the issuer will be performing an essential public function and any bonds issued by it and their transfer and the issuance therefrom, including any profits made in the sale thereof, shall at all times be free from taxation by the State or any municipality or political subdivision thereof.

Bonds issued under the provisions of this Act, and coupons (if any) representing interest thereon, shall when delivered be deemed and construed (i) to be a “Security” within the meaning of Chapter 8, Investment Securities, of the Uniform Commercial Code (Chapter 785, Acts of the 60th Legislature, Regular Session, 1967), and shall be exempt securities under the Texas Securities Act. Sec. 15. Sec. 16. In the event any city, county, navigation district or other political subdivision, in the exercise of the power of relocation, or any other power, makes necessary the relocation, raising, lowering, rerouting, or changing the grade of, or altering the construction of any highway, railroad, electric transmission line, telegraph or telephone properties and facilities, or pipelines, all such necessary relocation, raising, lowering, rerouting, changing of grade, or alteration of construction shall be accomplished at the sole expense of the city, county, navigation district or other political subdivision. The term “sole expense” shall mean the actual cost of such relocation, raising, lowering, rerouting, or changing the grade of, or alteration of construction to provide comparable replacement, without enhancement, of such facilities, after deducting therefrom the net salvage value derived from the old facility.

Qualification of Electors

Sec. 17. The Legislature hereby recognizes there is some confusion as to the proper qualification of electors in the light of recent court decisions. It is the intention of this Act to provide a permitted procedure for an election to authorize the issuance of revenue bonds, but in each instance the authority shall be predicated upon the expression of the will of the majority of those who cast valid ballots at an election called for the purpose. Should the governing body calling an election determine that all qualified electors, including those who own taxable property which has been duly rendered for taxation, should be permitted to vote at an election (by reason of the aforesaid court decisions), nothing herein shall be construed as a limitation upon the power to call and hold an election, provided provision is made for the voting, tabulating, and counting of the ballots of the resident qualified property taxing electors who own taxable property which has been duly rendered for taxation separately from those who are qualified electors, and in any election so called a majority vote of the resident qualified property taxing electors who own taxable property which has been duly rendered for taxation and a majority vote of the qualified electors, including those who own taxable property which has been duly rendered for taxation, shall be required to sustain the proposition.

Purpose and Effectiveness of Act

Sec. 18. It is hereby found, determined and declared:

(a) that the present and prospective health, safety, right to gainful employment and general welfare of the people of this State requires as a public purpose the promotion and development of new and expanded industrial manufacturing, medical and research enterprises;

(b) that community industrial development corporations in Texas have themselves invested substantial funds in successful industrial development projects and experience difficulty in undertaking additional such projects by reason of the partial inadequacy of their own funds or funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizable first mortgage loans;

(c) that communities in this State are at a critical disadvantage in competing with communities in other states for the location or expansion of such enterprises by virtue of the availability and prevalent use in all other states of financing and other special incentives, therefore, the issuance of revenue bonds by political subdivisions of the State as hereinafter provided for the promotion of industrial development, employment, public health and research is hereby declared to be in the public interest and a public purpose.
This law shall be effective without the necessity of a constitutional amendment to the full extent permitted by present provisions of the Texas Constitution. With respect to the powers granted herein, any provision of this law which may be effective only as the result of a change in the Texas Constitution shall become effective upon the adoption of the amendment proposed by Senate Joint Resolution No. 33 in the 62nd Legislature, the Legislature recognizing such constitutional amendment may be required to enable districts to proceed under this law. In no event shall any appropriation be made by the Legislature to pay all or any part of the obligation of any issuer under the provisions of this Act, and any expenses incurred by the Commission shall be paid out of funds appropriated to that agency.

Construction of Act; Severability

Sec. 19. Nothing in this Act shall be construed to violate any provision of the federal or State constitutions, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the issuer shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provision of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the Legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions herof.

When it has been determined by the Commission (upon application of an industrial development agency and hearing thereon) that the establishment of a particular project of such industrial development agency has accomplished or will accomplish the public purposes of this Act, the Commission may contract to loan such industrial development agency an amount not in excess of a percentage of the cost of such project, as established or to be established as hereinafter set forth, subject, however, to the following conditions:

The Commission may contract to loan the industrial development agency an amount not in excess of 40% of the cost of such project if it has determined that the industrial development agency holds funds or property in an amount or value equal to not less than 10% of the cost of the project, which funds or property are then available for and are pledged to be applied to the establishment of such project.

Prior to the making of any loan the Commission shall have determined that the industrial development agency has obtained from other independent and responsible financial sources a firm commitment for all other funds, over and above the loan of the Commission and such funds or property as the industrial development agency may hold necessary for payment of all of the cost of establishing the project, and that the sum of all these funds, together with the machinery and equipment to be provided by the responsible tenant or responsible buyer, is adequate for the completion and operation of the industrial development project.

Any such loan of the Commission shall be for such period of time and shall bear interest at such rate as shall be determined by the Commission and shall be secured by bond or note of the industrial development agency and by mortgages on the project for which such loan was made, such mortgage to be second and subordinate only to the mortgage securing the first lien obligation issued to secure the commitment of funds from the aforesaid independent and responsible sources and used in the financing of the project.

In those instances where a federal agency participates in the financing of a project through a loan or a grant such participation shall be considered an independent and responsible source to the extent of the obligation of the federal agency to so participate under a loan or grant or similar agreement, and in such instance the Commission may accept a bond or note of the industrial agency and a mortgage on the project inferior to all first and second lien obligations, provided (a) the participation of the federal agency exceeds the loan by the Commission and (b) the federal agency's participation is conditioned upon its participation being secured by a lien superior to that of the Commission.

Money loaned by the Commission to the industrial development agencies shall be withdrawn from the Industrial Development Fund and paid over to the industrial development agency in such manner as shall be provided and prescribed by the rules and regulations of the Commission.

All payments of interest on said loans and installments of principal shall be deposited by the Commission as received in the Industrial Development Fund.

Loan Application; Hearings and Examinations

Sec. 4. No loan shall be made by the Commission except upon application by an industrial development agency, (in such form as may be required by the Commission) which shall include the following:

(b) A legal description of all real estate necessary for the project.

(f) A general description and statement of value of any property, real or personal, of the industrial development agency applied or to be applied to the establishment of the project.

(g) A statement of cash funds previously applied, or then held by the industrial development agency which are available for and are to be applied to the establishment of the project.

(h) Evidence of the arrangement made by the industrial development agency for the financing of all cost of the project over and above the participation of the industrial development agency.

(i) Information on the responsible tenant to which the industrial development agency has leased or will lease the project or of the responsible buyer to which the industrial development agency has sold or will sell the project.

(j) A copy of the lease or sales agreement entered into or to be entered into by and between the industrial development agency and its responsible tenant or responsible buyer.

The Commission shall hold such hearings and examinations as to each loan application received as shall be necessary to determine whether the public
purposes of this Act will be accomplished by the granting of a loan.

Powers of Commission; Staff Services

Sec. 5. In addition to other powers conferred upon the Commission by the provisions hereof the Commission through its staff shall:

(a) cooperate with industrial development agencies in their efforts to promote the expansion of industrial, manufacturing and development activity in rural areas;

(b) determine, upon proper application of industrial development agencies, whether the declared public purpose of this Act has been accomplished or will be accomplished by the establishment by such industrial development agencies of an industrial development project in rural areas;

(c) conduct examinations and investigations and hear testimony and take proof, under oath or affirmation, at public hearings, on any matter material for its information and necessary to the determination and designation of rural areas and the establishment of industrial development projects therein;

(d) make, upon proper application of industrial development agencies, loans to such industrial development agencies of money held in the Industrial Development Fund for projects in rural areas and to provide for the repayment and redeposit of such allocation and loans in its manner hereinafter provided;

(e) accept grants from and enter into contracts with any federal agency in the accomplishment of the purposes of this Act;

(f) take title by foreclosure to any project where such acquisition is necessary to protect any loan previously made therefor by the Commission and to pay all costs arising out of such foreclosure and acquisition from moneys held in the Industrial Development Fund and sell, transfer and convey any such project to any responsible buyer; in the event such sale, transfer and conveyance cannot be effected with reasonable promptness, the Commission may, in order to minimize financial losses and sustain employment, lease such projects to a responsible tenant or tenants;

(g) purchase first mortgages and make payments on first mortgages on any industrial development project where such purchase or payment is necessary to protect any loan previously made therefor by the Commission and sell, transfer, convey and assign any such first mortgage. Moneys so used in the purchase of any first mortgages or any payments thereon, shall be withdrawn from the Industrial Development Fund, and any moneys derived from the sale of any first mortgages shall be deposited in the Industrial Development Fund.

The Texas Industrial Commission shall provide staff services for the program herein provided, including liaison between the Commission and industrial development agencies and related organizations, and between the Commission and other agencies of the State whose facilities and services may be useful to the Commission in its work. The Commission may employ counsel, engineering, financial or other consultants as required in the carrying out of its duties and responsibilities hereunder. The Commission may obtain such professional services in cooperation with other State agencies or may retain persons or firms that may or may not be employed full, part-time, or as consultants for other agencies.

The Commission shall have no power at any time to borrow money, incur pecuniary obligations, or in any manner to pledge the credit or taxing power of the State of Texas or any of its municipalities or political subdivisions.

Default in Payment; Enforcement; Advertising for Contracts; Performance Bonds; Leasing; Restriction; Benefit Demonstrated

Sec. 6. When the Commission makes a loan to an industrial development agency, it shall be provided in the instruments evidencing such loan that in the event of default in the payment of the principal or the interest on such obligation or in the performance of any agreement contained in such proceedings, mortgage, or instrument, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such mortgage or instrument.

In instances where the Commission makes a loan, all contracts for construction of a project involving the expenditure of more than $2,000 may be made only after advertising in the manner provided by Chapter 163, Acts of the 42nd Legislature, Regular Session, 1931, as amended (Article 2368a, Vernon's Texas Civil Statutes). The provisions of Article 5160, Revised Civil Statutes of Texas, 1923, as amended, relating to performance and payment bonds, shall apply to construction contracts.

No loan shall be made to acquire existing facilities for the purpose of again leasing the same to the same industrial concern or one controlled by such industrial concern.

The Commission shall not approve any loan unless it finds that the benefit to the rural area in which the project is situated will exceed the financial commitment of the Commission and that the approval of the particular project will aid in the alleviation of unemployment within the State or assist in the industrial development of the State and that such project will be of benefit to the State and its taxpayers.

Hearing, Notice; Rules and Regulations, Filing; Appeal

Sec. 7. In those instances where the Commission is required to make a determination or ruling, the same shall only be made after a public hearing.
Notice of such hearing shall be given to the Secretary of State, Austin, Texas, at least 12 hours before the hearing is scheduled to begin but any hearing may be recessed from time to time (without the giving of additional notice) as the regulations of the Commission may provide.

Rules, regulations and guidelines promulgated by the Commission, and amendments thereto, shall be effective only after they have been filed with the Secretary of State.

Appeal from any adverse ruling or decision of the Commission under this section may be made by an issuer to the District Court of Travis County. The substantial evidence rule shall apply.

Purpose of Act

Sec. 8. It is hereby found, determined and declared:

(a) that the present and prospective health, safety, right to gainful employment and general welfare of the people of this State requires as a public purpose the promotion and development of new and expanded industrial and manufacturing enterprises;

(b) that community industrial development corporations in Texas have themselves invested substantial funds in successful industrial development projects and experience difficulty in undertaking additional such projects by reason of the partial inadequacy of their own funds or funds potentially available from local subscription sources and by reason of limitations of local financial institutions in providing additional and sufficiently sizable mortgage loans;

(c) that communities in this State are at a critical disadvantage in competing with communities in other states for the location or expansion of such enterprises by virtue of the availability and prevalent use in all other states of financing and other special incentives; therefore, this Act provides for the promotion of industrial development and employment and is hereby declared to be in the public interest and a public purpose.

Appropriations; Special Revolving Fund

Sec. 9. Funds for the implementation and administration of this Act shall be provided by the General Appropriations Bill.

A special account in the Treasury of the State of Texas to be known as the Rural Industrial Development Fund is hereby created and the amount so appropriated hereby and any subsequent appropriation made by the Legislature for such purpose, as well as such other deposits as principal and interest on loans are repaid shall be deposited in said fund. It is the intent of this Act that the Industrial Development Fund shall operate as a revolving fund whereby all appropriations and payments made thereto may be applied and reapplied to the purposes of this Act. To the extent the constitution requires such funds be appropriated and reappropriated for the aforesaid purpose, such action is hereby taken and such funds are hereby appropriated and reappropriated and it shall be the duty of the Legislature to take the same action in the future to the extent required by the constitution.

Construction of Act; Severability

Sec. 10. Nothing in this Act shall be construed to violate any provision of the federal or State constitutions and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the issuer shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provision of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the Legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

Such consent shall have the same force and effect as an unanimous vote and may be stated as such in any articles or document filed with the secretary of state under this Act.

Application of Open Records Act

Sec. 14A. The board of directors is subject to the open records act, Chapter 424, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-17a, Vernon's Texas Civil Statutes).

Indemnification of Directors and Officers; Notice of Meetings; Waiver of Notice

Sec. 15. (a) The corporation shall have the power to indemnify any director or officer or former director or officer of the corporation for expenses and costs (including attorneys' fees) actually and necessarily incurred by him in connection with any claim asserted against him by action in court or otherwise by reason of his being or having been such director or officer, except in relation to matters as to which he shall have been guilty of negligence or misconduct in respect of the matter in which indemnity is sought.

(b) If the corporation has not fully indemnified him, the court in the proceeding in which any claim against such director or officer has been asserted or any court having the requisite jurisdiction of an action instituted by such director or officer on his claim for indemnity may assess indemnity against the corporation, its receiver, or trustee for the amount paid by such director or officer (including attorneys' fees) in satisfaction of any judgment or in compromise of any such claim (exclusive in either case of any amount paid to the corporation), actually and necessarily incurred by him in connection therewith to the extent that the court shall deem reasonable and equitable; provided, nevertheless, that indemnity may be assessed under this section only if the court finds that the person indemnified was not guilty of negligence or misconduct in respect of the matter in which indemnity is sought.

(c) Regular meetings of the board of directors may be held within the state with or without notice as prescribed in the bylaws. Special meetings of the board of directors shall be held upon such notice as is prescribed in the bylaws. Attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. Neither the business to be transacted nor the purpose of any regular or special meeting of the board of directors need be specified in the notice or waiver of notice of such meeting, unless required by the bylaws.

(d) Whenever any notice is required to be given to any member or director of a corporation under the provisions of this Act or under the provisions of the articles of incorporation or bylaws of the corporation, a waiver thereof in writing signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice.

Officers

Sec. 16. The officers of a corporation shall consist of a president, one or more vice-presidents, a secretary, a treasurer, and such other officers and assistant officers as may be deemed necessary, each of whom shall be elected or appointed at such time.
and in such manner and for such terms not exceeding three years as may be prescribed in the articles of incorporation or by the bylaws. In the absence of any such provisions, all officers shall be elected or appointed annually by the board of directors. One person may hold more than one office, except that the president may not hold the office of secretary.

Amendment of Articles

Sec. 17. (a) The articles of incorporation may at any time and from time to time be amended, provided that the board of directors files with the governing body of the unit under whose auspices the corporation was created a written application requesting that the unit approve such amendment to the articles of incorporation, specifying in such application the amendment or amendments proposed to be made. If the governing body by appropriate resolution finds and determines that it is advisable that the proposed amendment be made, authorizes the same to be made, and approves the form of the proposed amendment, the board of directors shall proceed to amend the articles as hereinafter provided.

(b) The articles of incorporation may also be amended at any time by the governing body of the unit under whose auspices the corporation was created at its sole discretion by adopting an amendment to the articles of incorporation of the corporation by resolution of such governing body and delivering the articles of amendment to the secretary of state as hereinafter provided.

Execution and Verification of Amendments

Sec. 18. The articles of amendment shall be executed in duplicate by the corporation by its president or by a vice-president and by its secretary or an assistant secretary or by the presiding officer and the secretary or clerk of the governing body of the unit under whose auspices the corporation was created, shall be verified by one of the officers signing such articles, and shall set forth:

(1) the name of the corporation;
(2) if the amendment alters any provision of the original or amended articles of incorporation, an identification by reference or description of the altered provision and a statement of its text as it is amended to read; if the amendment is an addition to the original or amended articles of incorporation, a statement of that fact and the full text of each provision added; and
(3) the fact that such amendment was adopted or approved by the governing body of the unit and the date of the meeting at which the amendment was adopted or approved by such governing body.

(b) A certificate of amendment together with an original of the articles of amendment affixed thereto by the secretary of state shall be delivered to the corporation or its representative and to the governing body of the unit under whose auspices the corporation was created.

(c) Upon the issuance of the certificate of amendment by the secretary of state, the amendment shall become effective and the articles of incorporation shall be deemed to be amended accordingly.

(d) No amendment shall affect any existing cause of action in favor of or against such corporation or any pending suit to which such corporation shall be a party or the existing rights of persons other than members; and in the event the corporate name shall be changed by amendment, no suit brought by or against such corporation under its former name shall abate for that reason.

Restated Articles of Incorporation and Restated Certificate of Incorporation

Sec. 20. (a) A corporation may, by following the procedure to amend the articles of incorporation provided by this Act including obtaining the approval of the governing body of the unit under whose auspices the corporation was created, authorize, execute, and file restated articles of incorporation which may restate either:

(1) the entire text of the articles of incorporation as amended or supplemented by all certificates of amendment previously issued by the secretary of state; or
(2) the entire text of the articles of incorporation as amended or supplemented by all certificates of amendment previously issued by the secretary of state and as further amended by such restated articles of incorporation.

(b) If the restated articles of incorporation restate the entire articles of incorporation as amended and supplemented by all certificates of amendment previously issued by the secretary of state without making any further amendment thereof, the introductory paragraph shall contain a statement that the instrument accurately copies the articles of incorporation and all amendments thereto that are in effect to date and that the instrument contains no change in the provisions thereof, provided that the number of directors then constituting the board of directors and the names and addresses of the persons then serving as directors may be inserted in lieu of similar information concerning the initial
board of directors, and the name and address of each incorporator may be omitted.

(c) If the restated articles of incorporation restate the entire articles of incorporation as amended and supplemented by all certificates of amendment previously issued by the secretary of state and as further amended by such restated articles of incorporation, the instrument containing such articles shall:

(1) set forth for any amendment made by such restated articles of incorporation a statement that each such amendment has been effected in conformity with the provisions of this Act and shall further set forth the statements required by this Act to be contained in articles of amendment, provided that the full text of such amendments need not be set forth except in the restated articles of incorporation as so amended;

(2) contain a statement that the instrument accurately copies the articles of incorporation and all amendments thereto that are in effect to date and as further amended by such restated articles of incorporation and that the instrument contains no other change in any provision thereof; provided that the number of directors then constituting the board of directors and the names and addresses of the persons then serving as directors may be inserted in lieu of similar information concerning the initial board of directors, and the names and addresses of each incorporator may be omitted; and

(3) restate the text of the entire articles of incorporation as amended and supplemented by all certificates of amendment previously issued by the secretary of state and as further amended by the restated articles of incorporation.

(d) Such restated articles of incorporation shall be executed in triplicate by the corporation by its president or a vice-president and by its secretary or an assistant secretary and shall be verified by one of the officers signing such articles. Triplicate originals of the restated articles of incorporation shall be delivered to the secretary of state. If the secretary of state finds that the restated articles of incorporation conform to law, he shall, when a fee of $25 has been paid:

(1) endorse on each of such originals the word "Filed" and the month, day, and year of the filing thereof;

(2) file one of such originals in his office; and

(3) issue two restated certificates of incorporation to each of which he shall affix one of such originals.

(e) A restated certificate of incorporation together with a triplicate original of the restated articles of incorporation affixed thereto by the secretary of state shall be delivered to the corporation or its representative and to the governing body of the unit under whose auspices the corporation was created.

(f) Upon the issuance of the restated certificate of incorporation by the secretary of state, the original articles of incorporation and all amendments thereto shall be superseded and the restated articles of incorporation shall be deemed to be articles of incorporation of the corporation.

1 Article 5190.7.

Bonds Not Debt of State or Political Subdivision; Corporation as Constituted Authority and Instrumentality but Not Political Subdivision or Corporation

Sec. 22. Bonds issued under the provisions of this Act shall be deemed not to constitute a debt of the state, of the unit, or of any other political corporation, subdivision, or agency of this state or a pledge of the faith and credit of any of them, but such bonds shall be payable solely from the funds herein provided therefor from revenues. All such revenue bonds shall contain on the face thereof a statement to the effect that neither the state, the unit, nor any political corporation, subdivision, or agency of the state shall be obligated to pay the same or the interest thereon and that neither the faith and credit nor the taxing power of the state, the unit, or any other political corporation, subdivision, or agency thereof is pledged to the payment of the principal of or the interest on such bonds. The corporation shall not be authorized to incur financial obligations which cannot be paid from proceeds of the bonds or from revenues realized from the lease or sale of a project or realized from a loan made by the corporation to finance or refinance in whole or in part a project. The corporation when established and created pursuant to the terms of this Act shall be a constituted authority and an instrumentality (within the meaning of those terms in the regulations of the treasury and the rulings of the Internal Revenue Service prescribed and promulgated pursuant to Section 108 of the Internal Revenue Code of 1954, as amended)1 and shall be authorized to act on behalf of the unit under whose auspices it is created for the specific public purpose or purposes authorized by such unit; but the corporation is not intended to be and shall not be a political subdivision or a political corporation within the meaning of the constitution and the laws of the state, including without limitation Article III, Section 52, of the
Texas Constitution, and a unit shall never delegate to a corporation any of such unit's attributes of sovereignty, including the power to tax, the power of eminent domain, and the police power.

Powers of Corporation

Sec. 23. (a) The corporation shall have and exercise all of the rights, powers, privileges, authority, and functions given by the general laws of this state to nonprofit corporations incorporated under the Texas Non-Profit Corporation Act, as amended (Article 1396-1.01 et seq., Vernon's Texas Civil Statutes); but to the extent that the provisions of the general laws are in conflict or inconsistent with this Act, this Act prevails. In addition, the corporation shall have the following powers with respect to projects together with all powers incidental thereto or necessary for the performance of those herein-after stated:

(1) to acquire, whether by construction, device, purchase, gift, lease, or otherwise or any one or more of such methods and to construct, improve, maintain, equip, and furnish one or more projects located within the state or within the coastal waters of the state and within or partially within the limits of the unit under whose auspices the corporation was created or within the limits of a different unit where the governing body thereof requests the corporation to exercise its powers therein;

(2) to lease to a lessee all or any part of any project for such rentals and upon such terms and conditions as its board of directors may deem advisable and not in conflict with the provisions of this Act;

(3) to sell by installment payments or otherwise and convey all or any part of any project for such purchase price and upon such terms and conditions as its board of directors may deem advisable and not in conflict with the provisions of this Act;

(4) to make secured or unsecured loans for the purpose of providing temporary or permanent financing or refinancing of all or part of the cost of any project, including the refunding of any outstanding obligations, mortgages, or advances issued, made, or given by any person for the cost of a project; and to charge and collect interest on such loans for such loan payments and upon such terms and conditions as its board of directors may deem advisable and not in conflict with the provisions of this Act;

(5) to issue bonds for the purpose of defraying all or part of the cost of any project, to secure the payment of such bonds as provided in this Act, and to sell bonds at a price or prices determined by the board of directors or to exchange bonds for property, labor, services, material, or equipment comprising a project or incidental to the acquisition of a project, and those bonds may bear interest at any rate or rates determined by the board of directors, subject to the limitations set forth in this Act;

(6) as security for the payment of the principal of and interest on any bonds issued and any agreements made in connection therewith, to mortgage and pledge any or all of its projects or any part or parts thereof, whether then owned or thereafter acquired, and to assign any mortgage and repledge any security conveyed to the corporation to secure any loan made by the corporation and to pledge the revenues and receipts therefrom;

(7) to sue and be sued, complain and defend, in its corporate name;

(8) to have a corporate seal and to use the same by causing it or a facsimile thereof to be impressed upon, affixed to, or in any manner reproduced upon instruments of any nature required to be executed by its proper officers;

(9) to make and alter bylaws not inconsistent with its articles of incorporation or with the laws of this state with the approval of the unit under whose auspices the corporation was created by resolution of the governing body for the administration and regulation of the affairs of the corporation;

(10) to cease its corporate activities and terminate its existence by voluntary dissolution as provided herein; and

(11) whether included in the foregoing or not, to have and exercise all powers necessary or appropriate to effect any or all of the purposes for which the corporation is organized which powers shall be subject at all times to the control of the governing body of the unit under whose auspices the corporation was created.

(b) The corporation shall not have the power to own or operate any project as a business other than as lessor, seller, or lender or pursuant to the requirements of any trust agreement securing the credit transaction. Accordingly, the lessee, purchaser, or borrower pursuant to any lease, sale, or loan agreement relating to a project shall be considered to be the owner of the project for the purposes of the application of any ad valorem, sales, and use taxes or any other taxes levied or imposed by this state or any political subdivision of this state. The purchase and holding of mortgages, deeds of trust, or other security interests and contracting for any servicing thereof shall not be deemed the operation of a project.

Leases, Sales, and Loan Agreements; Approval of Bonds, Leases, Sales, or Loan Agreements; Permit for Offer and Sale of Securities; Fee Schedules and Bond Procedures; Rules and Regulations

Sec. 24. (a) The commission shall approve the contents of any lease, sale, or loan agreement made under this Act. The commission shall prescribe rules and regulations setting forth minimum standards for project eligibility and for lease, sale, and loan agreements and guidelines with respect to the business experience, financial resources, and responsibilities of the lessee, purchaser, or borrower under any such agreement, but in no event shall the
commission approve any agreement unless it affirmatively finds that the project sought to be financed is in furtherance of the public purposes of this Act. Appeal from any adverse ruling or decision of the commission under this subsection may be made by the corporation to the District Court of Travis County. The substantial evidence rule shall apply. Rules, regulations, and guidelines promulgated by the commission and amendments thereto shall be effective only after they have been filed with the secretary of state.

(b) The corporation may submit a transcript of proceedings in connection with the issuance of the bonds to the commission and request that the commission approve the bonds. On filing a request for the commission’s approval of issuance of the bonds, the corporation shall pay to the commission a nonrefundable filing fee. The commission shall set the amount of the fee at an amount reasonable in relation to the costs of administration, but not greater than $1,500. If the commission refuses to approve the bond issue solely on the basis of law, the corporation may seek a writ of mandamus from the Supreme Court, and for this purpose the chair of the commission shall be considered a state officer as provided in Article 1790, Revised Civil Statutes of Texas, 1925.

(c) The commission may delegate to the executive director of the commission the authority to approve a lease, sale, or loan agreement made under this Act or bonds issued by a corporation or any documents submitted as provided herein.

(d) No corporation shall sell or offer for sale any bonds or other securities until a permit authorizing the corporation to offer and sell such securities has been granted by the securities commissioner under the registration provisions of The Securities Act, as amended (Article 581-1 et seq., Vernon's Texas Civil Statutes), except as the State Securities Board may exempt from registration by rule, regulation, or order. Appeal from any adverse decision of the securities commissioner or the State Securities Board shall be as provided by the Administrative Procedure and Texas Register Act, as amended (Article 5252-13a, Vernon's Texas Civil Statutes). The substantial evidence rule shall apply in all such appeals.

(e) The commission by rule shall require corpora-tions to file fee schedules and bond procedures. Bond counsel and financial advisors participating in an issue shall be mutually acceptable to the corporation and the user.

(f) The commission shall adopt rules and regulations governing programs for small businesses receiving loans guaranteed in whole or in part by the Small Business Administration or other federal agencies. The commission may also adopt rules and regulations governing the terms and conditions of loans by a corporation to banks or other lending institutions the proceeds of which are released as permanent or temporary financing of a project.

Sec. 25. (a) The principal of and the interest on any bonds issued by a corporation shall be payable solely from the funds provided for such payment and from the revenues of the one or more projects for which the bonds were authorized. The bonds of each issue shall be dated, shall bear interest at such rate or rates that are fixed, variable, floating, or otherwise, shall mature at such time or times not exceeding 40 years from their date as may be determined by the board of directors, and may be made redeemable before maturity at the option of the board of directors at such price or prices and under such terms and conditions as may be fixed by the board of directors of the corporation prior to the issuance of the bonds.

(b) The board of directors shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. In cases where any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature for all purposes is the same as if he had remained in office until such delivery. The bonds may be issued in coupon or in registered form or both as the board of directors of the corporation may determine, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The corporation may sell bonds at public or private sale and at an interest rate not to exceed that permitted by the constitution or laws of the state.

(c) The proceeds of the bonds of each issue shall be used for the payment of all or part of the cost of or for the making of a loan in the amount of all or part of the cost of the project or projects for which authorized as defined herein and shall be disbursed in such manner and under such restrictions, if any, provided in the resolution authorizing the issuance of the bonds or in the trust agreement securing the same. Bond proceeds may be used to pay all costs incurred in issuing the bonds, interest on the bonds for such time as may be determined by the board of directors of the corporation, and to establish reserve funds and sinking funds for the bonds. If the proceeds of the bonds of any series issued with respect to the cost of any project shall exceed the cost of the project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for such bonds or used to purchase bonds in the open market.

(d) Prior to the preparation of definitive bonds, the corporation may under like restrictions issue interim or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available.
for delivery. Bonds may be issued and lease, sale, and loan agreements entered into under the provisions of this Act without obtaining the consent or approval of any department, division, commission, board, bureau, or agency of the state except as otherwise provided herein.

(e) The principal of and interest on any bonds issued by the corporation shall be secured by a pledge of the revenues and receipts derived by the corporation from the lease or sale of the project so financed or from the loan made by the corporation with respect to the project so financed or refinanced and may be secured by a mortgage covering all or any part of such project, including any enlargements of and additions to such project thereafter made. The resolution under which the bonds are authorized to be issued and any such mortgage may contain any agreements and provisions respecting the maintenance of the project covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues and the rights and remedies available in the event of default, all as the board of directors shall deem advisable and not in conflict with the provisions hereof. Each pledge, agreement, and mortgage made for the benefit or security of any of the bonds of the corporation shall continue effective until the principal of and interest on the bonds for the benefit for which the same were made have been fully paid.

(f) No issue of bonds, including refunding bonds, shall be delivered by the corporation without a resolution of the governing body adopted no more than 60 days prior to the date of delivery of the bonds specifically approving the resolution of the corporation providing for the issuance of the bonds. Each pledge, agreement, and mortgage made for the benefit or security of any of the bonds of the corporation shall continue effective until the principal of and interest on the bonds for the benefit for which the same were made have been fully paid.

(g) Bonds issued under this Act, and coupons, if any, representing interest on the bonds, are securities as defined by Chapter 8, Business & Commerce Code, as amended, and are negotiable if issued in accordance with this Act.

Refunding Bonds

Sec. 28. Each corporation is hereby authorized to provide by resolution for the issuance of its refunding bonds for the purpose of refunding any bonds then outstanding, issued on account of a project, which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds and, if deemed advisable by the corporation, for the additional purpose of financing improvements, extensions, or enlargements to the project in connection with which the bonds to be refunded shall have been issued or for another project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the corporation in respect to the same shall be governed by the provisions of this Act insofar as the same may be applicable. Within the discretion of the corporation, the refunding bonds may be issued in exchange for outstanding bonds or may be sold and the proceeds used for the purpose of redeeming outstanding bonds.

Trust Agreements

Sec. 27. Any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the corporation and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. Any such trust agreement may evidence a pledge or assignment of the lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to a project for the payment of principal of and interest and any premium on such bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for such purposes. Any such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project in connection with which such bonds shall have been authorized, and the custody, safeguarding, and application of all money. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the corporation. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition to the foregoing, any such trust agreement may contain such provisions as the corporation may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement may be treated as a part of the cost of the operation of the project.

Enforcement of Agreements or Mortgages

Sec. 28. (a) Any agreement relating to any project shall be for the benefit of the corporation. Any such agreement shall contain a provision that, in the event of a default in the payment of the principal of or the interest or premium on such bonds or in the performance of any agreement contained in such proceedings, mortgage, or instrument, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan payments and to apply the revenues from the project in ac-

Such bonds shall be eligible to be held as security for deposits and loans made by such units, and shall be lawful and sufficient security for such deposits.

Exemption from Taxation

Sec. 32. The legislature finds, determines, and declares that the activities of a corporation created and organized under the provisions of this Act affect all the people of the unit under whose auspices it is created by assuming to a material extent that which might otherwise become the obligation or duty of such unit, and therefore such corporation is an institution of purely public charity within the tax exemption of Article VIII, Section 2, of the Texas Constitution. However, a corporation is exempt from the franchise tax imposed by Chapter 171, Tax Code, only if the corporation is exempted by that chapter.

Nonprofit Nature of Corporation

Sec. 33. The corporation shall be a nonprofit corporation, and no part of its net earnings remaining after payment of its expenses shall inure to the benefit of any individual, firm, or corporation, except that in the event the board of directors shall determine that sufficient provision has been made for the full payment of the expenses, bonds, and other obligations of the corporation, then any net earnings of the corporation thereafter accruing shall be paid to the unit under whose auspices the corporation was created.

Authority to Alter or Dissolve Corporation

Sec. 34. At any time the unit may in its sole discretion alter the structure, organization, programs, or activities of the corporation or terminate and dissolve the corporation, subject only to any limitation provided by the constitution and laws of the state on the impairment of contracts entered into by the corporation. Such alteration or dissolution shall be made by written resolution of the governing body of the unit and as hereinafter provided.

Dissolution Upon Completion of Purposes

Sec. 35. Whenever the board of directors of the corporation by resolution shall determine that the purposes for which the corporation was formed have been substantially complied with and that all bonds theretofore issued by the corporation have been fully paid, the members of the board of directors of the corporation shall, with the approval of written resolution of the unit under whose auspices the corporation was created, thereupon dissolve the corporation as hereinafter provided.

(2) file one of such originals in his office; and

(3) issue two certificates of dissolution to each of which he shall affix an original.

(c) Whenever dissolution occurs, whether instituted by the governing body unit or by the board of directors of the corporation, the dissolution proceedings shall transfer the title to all funds and properties then owned by the corporation to the unit under whose auspices the corporation was created.

Construction With Other Laws and Federal and State Constitutions; Severability

Sec. 37. This Act shall be cumulative of all other laws on the subject, but this Act shall be wholly sufficient authority within itself for the creation of the corporations authorized herein and all acts by such corporations authorized hereby without reference to any other general or special laws or specific acts or any restrictions or limitations contained therein; and in any case, to the extent of any conflict or inconsistency between any provisions of this Act and any other provisions of law, this Act shall prevail and control; provided, however, any unit and any corporation shall have the right to use the provisions of any other laws not in conflict with the provisions hereof to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this Act.

No proceedings, notice, or approval shall be required for the organization of the corporation or the issuance of any bonds or any instrument as security therefor, except as is herein provided, any other law to the contrary notwithstanding; provided that nothing herein shall be construed to deprive the state and its governmental subdivisions of their respective police powers over any properties of the corporation or to impair any police power thereover of any official or agency of the state and its governmental subdivisions as may be otherwise provided by law.

Nothing in this Act shall be construed to violate any provision of the federal or state constitution, and all acts done under this Act shall be in such manner as will conform thereto, whether expressly provided or not. Where any procedure hereunder may be held by any court to be violative of either of such constitutions, the corporation shall have the power by resolution to provide an alternative procedure conformable with such constitutions. If any provisions of this Act should be invalid, such fact shall not affect the validity of any other provisions of this Act, and the legislature hereby declares that it would have enacted the valid provisions of this Act notwithstanding the invalidity of any other provision or provisions hereof.

Section 1 of Acts 1981, 67th Leg., p. 1490, ch. 359, enacted Title 2 of the Tax Code.

Art. 5190.7. Texas Enterprise Zone Act

The Texas Enterprise Zone Act is adopted to read as follows:

Short Title

Sec. 1. This Act shall be known and may be cited as the Texas Enterprise Zone Act.

Legislative Findings and Purpose

Sec. 2. (a) The legislature finds that:

(1) the health, safety, and welfare of the people of this state are dependent on the continual encouragement, development, growth, and expansion of the private sector within this state; and

(2) there are certain depressed urban and rural areas of this state that need the particular attention of government to help attract private sector investment to them; and

(3) the state and local governments have a legitimate interest in furthering the development of the depressed areas so that they become economically viable thus providing jobs and income to their residents and, therefore, contribute to the general health and welfare as well as to the health and welfare of their residents.

(b) Based on these findings, the legislature declares the purpose of this Act to stimulate and encourage business and industrial growth and to stimulate neighborhood revitalization of residential units and public services in these depressed areas of the state by means of the removal of unnecessary governmental regulatory barriers to economic growth and the provision of tax incentives.

Procedure for Designation of Zones by Board

Sec. 8. (a) A city, town, county, or combination of these local governments that has designated a qualified economically distressed area within its jurisdiction as a potential enterprise zone shall make written application to the board to have the area declared to be a local enterprise zone. The application shall include a description of the location of the area in question and other information as the board may require.

(b) On receipt of an application from a city, town, county, or combination of these local governments, the board shall review the application to determine if the area described in the application qualifies to be designated as an enterprise zone under the criteria of Section 4 of this Act.

(c) If the area is found to be qualified to be an enterprise zone, the board or its designee shall, not later than the 45th day after the day the application is received, hold at least one public hearing in a central location within the proposed zone on the question of whether the area proposed to be an enterprise zone should be so designated. Not later than the 15th day before the day of the hearing, the board shall place a notice of the hearing in at least two newspapers circulated in the area of the proposed zone and shall notify public officials, community and neighborhood organizations, and public agencies located within the proposed zone of the public hearing.

The board shall complete the negotiations and sign the agreement not later than the 120th day after the day of the conclusion of the public hearing. The board may extend this deadline for an additional 30 days. If an agreement is not completed within the stated period, the board shall provide the applicant with the specific areas of concern and a final proposal for the agreement. If the agreement is not signed before the 30th day after the day of the receipt by the applicant of the final proposal, the application is considered to be denied. The board shall inform the governing body or bodies of the specific reasons for the denial.

(e) The governing body or bodies of an area that previously had been designated as a local enterprise zone by the board may make written application to the board for designation as a state-federal enterprise zone. The board may only grant a state-federal designation to an area contingent on the area's designation as a federal enterprise zone by the federal agency responsible for administering the federal enterprise zone program.

(f) If the board designates two or more areas of the state as state-federal enterprise zones, at least one-third of the areas must be rural enterprise zones.
(g) In deciding the areas that should be designated as local or state-federal enterprise zones, the board shall give preference to:

(b) During any 12-month period, the board may not designate more than five local enterprise zones or more than three state-federal enterprise zones. (g) The governing body may not grant its approval unless the association has hired a suitable chief executive officer.

(h) After granting its certification, the governing body shall forward the application to the board for the board's final certification. The board may not grant its certification unless the board determines that the association has complied with all requirements of this section. On granting certification, the board shall place the association's articles of incorporation and bylaws in a public file. An existing responsible unit of government may contract with a neighborhood enterprise association to provide services in an amount corresponding to the amount of money saved by the unit of government through this method of providing a service.

(k) The association may carry out other projects or types of projects as approved by the governing body and the board. The board shall adopt rules regarding the projects. The rules may include types of activities that will be given automatic approval by the board. In other cases, an application must be submitted by the association to the governing body and the board that describes the nature and benefit of the project, specifically:

Art. 5221b-1. Benefits

(a) Payment of Benefits: On and after January 1, 1938, benefits shall become payable from the fund. All benefits shall be paid through the Texas Employment Commission, in accordance with such regulations as the Commission may prescribe.

(b) Benefit Amount for Total Unemployment: Each eligible individual who is totally unemployed in any benefit period shall be paid with respect to such benefit period, benefits at the rate of one twenty-fifth (1/25) of his wages received from employment by employers during that quarter in his base period in which wages were highest, provided that:

(1) If such rate is not an even multiple of One Dollar ($1), it shall be adjusted to the next higher multiple of One Dollar ($1); and

(2) Such rate shall not be more than Eighty-four Dollars ($84) per benefit period nor less than Fifteen Dollars ($15) per benefit period on valid initial claims filed on or after October 1, 1977; provided that if the annual average of the manufacturing production workers average weekly wage in Texas exceeds by Ten Dollars ($10) the average weekly wage for those workers in 1976 as determined by the Texas Employment Commission and published in its report, "The Average Weekly Wage," the maximum weekly benefit amount shall be increased by Seven Dollars ($7) and the minimum weekly benefit amount shall be increased by One Dollar ($1) above the maximum and minimum amounts established herein, the increases to become effective on valid initial claims filed on or after October 1 following publication of "The Average Weekly Wage" report. Thereafter, each cumulative (additional) Ten Dollar ($10) increase in the average weekly wage for manufacturing production workers in Texas, as annually determined and reported by the Texas Employment Commission, shall cumulatively increase the maximum weekly benefit amount by an additional Seven Dollars ($7) and the minimum weekly benefit amount by an additional One Dollar ($1) beginning with the next October 1 following publication of "The Average Weekly Wage" report. The maximum benefit amount payable per benefit period under this section to any individual on the effective date of a valid claim shall remain the maximum benefit amount payable to that individual until that individual establishes a new benefit year.

(c) Benefit for Partial Unemployment: Each eligible individual who is partially unemployed in any benefit period shall be paid with respect to such benefit period a partial benefit, provided that such individual shall meet the requirements of subsection 4(a) of this Act.\(^1\) Such partial benefit shall be the benefit amount plus (i) Five Dollars ($5), or (ii) twenty-five per cent (25%) of the benefit amount, whichever of (i) or (ii) is greater, less the wages earned during such benefit period, provided that if the result of such computation is not an even multiple of One Dollar ($1), it shall be adjusted to the next higher multiple of One Dollar ($1).

(d) Duration of Benefits: The Commission shall establish wage credits for each individual by crediting him with the wages for employment received by him during his base period from employers. The maximum total amount of benefits payable to any eligible individual during any benefit year shall not exceed whichever is the lesser of:

(1) Twenty-six (26) times his benefit amount, or

(2) Twenty-seven per cent (27%) of such wage credits; provided that if such is not an even multiple of One Dollar ($1), it shall be adjusted to the next higher multiple of One Dollar ($1).

(e) Benefit Wage Credits: "Benefit wage credits" means those wages as defined in this subsection of the Act, which are used in determining an individual's right to benefits. "Wages" as used in this Section shall be as defined in subsection (n) of Section 19 of this Act,\(^2\) except that the six-thousand-dollar limitation on wages as set out in subsection (o)(1) of Section 19 shall not be applicable for the purposes of this Section 3; provided that, for the purposes of this Section 3, wages received by an individual in any calendar year shall include all remuneration from each employer for employment up to the maximum amount of wages as defined in the Federal Insurance Contributions Act (Section 3121, Chapter 21, Subtitle C, Internal Revenue Code of 1954),\(^3\) as amended, or as it may hereafter be amended; and provided further, that wages which have been used to qualify an individual for regular benefits under this Act or under any other unemployment compensation law shall not be used again to qualify such individual for regular benefits.

If an employer fails to report wages which were paid to a claimant during a base period when requested by the Commission, the Commission may establish wage credits for such claimant for such base period on the basis of the best information which has been obtained by the Commission.

(f) Equal Treatment: Benefits based on services for all employers in employment defined in subsection 19(1) shall be payable in the same amount, on the same terms, and subject to the same conditions; except that:

(1) with respect to services in an instructional, research, or principal administrative capacity for an educational institution; benefits shall not be payable based on those services for any week commencing during the period between two (2) successive academic years or terms (or, when an agreement provides instead for a similar period between two (2) regular but not successive terms, during that period) to any individual if the individual performs those services in the first of the academic years (or terms) and if there is a contract or reasonable assurance that the individual will perform services in that capacity for any educational institution in the second of the academic years (or terms); and

(2) with respect to services in any other capacity for an educational institution:
(A) benefits shall not be payable on the basis of those services to any individual for any week which commences during a period between two (2) successive academic years or terms if the individual performs those services in the first of the academic years or terms; except that

(B) if benefits are denied to any individual for any week under Paragraph (A) of this subdivision and the individual was not offered an opportunity to perform the services for the educational institution for the second of the academic years or terms, the individual is entitled to a retroactive payment of the benefits for such week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of Paragraph (A); and

(3) with respect to any services described in Paragraphs (1) and (2), benefits shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(g) Athletes: Benefits shall not be payable to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during a period between two (2) successive sport seasons (or similar periods) if the individual performed those services in the first of the seasons (or similar periods) and there is a reasonable assurance that the individual will perform such services in the later of the seasons (or similar periods).

(b) Aliens: Benefits shall not be payable on the basis of services performed by an alien unless the alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 208(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act), provided that:

(1) any data or information required of individuals applying for benefits to determine whether or not benefits are payable to them because of their alien status shall be uniformly required from all applicants for benefits; and

(2) in the case of an individual whose application for benefits would otherwise be approved, no determination that benefits are not payable to that individual because of his alien status may be made except on a preponderance of the evidence.

Provided that any modifications to the provisions of Section 3304(a)(14) of the Federal Unemployment Tax Act as provided by Public Law 94–566, which specify other conditions or other effective date for the denial of benefits based on services performed by aliens and which modifications are required to be implemented under state law as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act shall be considered applicable under the provisions of this Section.

(i) Previously Uncovered Services: With respect to weeks of unemployment beginning after December 31, 1977, benefit wage credits shall include wages for previously uncovered services, provided that benefit payments based on those services are reimbursable from the federal government in accordance with provisions of Public Law 94–566 and provided that no employer's account shall be charged with payments based on those benefit wage credits either as chargebacks or reimbursements. For the purpose of this subsection, the term "previously uncovered services" means services which were not employment and which were not services for an employer under any provision of this Act at any time during the one-year period ending December 31, 1975, and which constitute employment and services for an employer after December 31, 1977, in accordance with the provisions of Section 19 of this Act as services in agricultural labor, domestic services, services for a governmental employer, or services for a nonprofit educational institution which is not an institution of higher education, except to the extent that assistance under Title I of the federal Emergency Jobs and Unemployment Assistance Act of 1974 was paid on the basis of those services.

the right of prosecution for violation of any provision thereof; nor may this repeal in any way be construed as forfeiting or waiving the rights of any individual to benefits which accrued thereafter; provided that the commission's determination of the benefit year, the benefit amount for total unemployment, and the duration of benefit made with respect to an initial claim filed prior to January 1, 1978, shall be effective for the remainder of that benefit year.

"Sec. 21. The amendment to Subsection (b), Section 5, Texas Unemployment Compensation Act, as amended (Article 5221b-1, Vernon's Texas Civil Statutes), contained in Section 1 of this Act takes effect on October 1, 1977. All other provisions of this Act take effect on January 1, 1978."

"Sec. 22. If any provision of this Act is held invalid, the invalidity does not affect any provision of this Act which can be given effect without the invalid provision. Provided further, should any part or parts of Public Law 94-664 or the federal act it amends be finally adjudged unconstitutional or invalid by any court of competent jurisdiction, then this Act is automatically repealed to the extent of such invalidity."

Section 7 of the 1983 amendatory act provides:

"This Act takes effect September 1, 1983, and applies only to claims for unemployment compensation benefits filed on or after that date. Claims filed before that date are governed by the law in effect on the filing date, and that law is continued in effect for that purpose."

Art. 5221b-2. Benefit Eligibility Conditions

An unemployed individual shall be eligible to receive benefits with respect to any benefit period only if the Commission finds that:

(a) He has registered for work at, and thereafter continues to register at, an employment office in accordance with such regulations as the Commission may prescribe;

(b) He has made a claim for benefits in accordance with the provisions of Subsection 6(a) of this Act;

(c) He is able to work;

(d) He is available for work;

(e) He has within his base period received benefit wage credits for employment by employers of not less than Five Hundred Dollars ($500) and has total benefit wage credits in his base period of not less than one and one-half (11/2) times his high quarter benefit wage credits in his base period, or within or at least one quarter of his base period received wages for employment by employers equal to two-thirds (2/3) of the maximum amount of wages as defined in the Federal Insurance Contributions Act (Section 3121, Chapter 21, Subtitle C, Internal Revenue Code), as amended, or as it may hereafter be amended, provided that any claimant who has had a prior benefit year must have earned wages of Two Hundred Fifty Dollars ($250) or more subsequent to the beginning date of the prior benefit year.

(f) Prior to the first payment of benefits following an initial claim he has been totally or partially unemployed for a waiting period of seven (7) consecutive days. No week shall be counted as a waiting period for the purposes of this Subsection:

(1) Unless he has registered for work at an employment office in accordance with Subsection (a) of this Section;

(2) Unless it is a week following the filing of an initial claim;

(3) Unless he reports at an office of the Commission and certifies that he has met the waiting period requirements herein prescribed for the preceding seven (7) days;

(4) If benefits have been paid or are payable with respect thereto;

(5) If the individual does not meet the eligibility conditions of Subsections (c) and (d) of this Section 4;

3 Article 5221b-2.

Art. 5221b-2a. Prohibitions Against Denial of Benefits

(a) Benefits shall not be denied to an individual because he is in training with the approval of the Commission, nor shall such individual be denied benefits with respect to any benefit period in which he is in training with the approval of the Commission by reason of the application of provisions in this Act relating to availability for work, active search for work, or refusal to apply for, or a refusal to accept, suitable work. Approval of training shall be in accordance with rules prescribed by the Commission.

(b) Benefits shall not be denied or reduced to an individual solely because he files a claim in another state (or a contiguous country with which the United States has an agreement with respect to unemployment compensation) or because he resides in another state (or such a contiguous country) at the time he files a claim for unemployment compensation.
(c) Benefits shall not be denied to an individual solely on the basis of pregnancy or termination of pregnancy.

(d) Notwithstanding any other provision of this Act, an otherwise eligible individual may not be denied benefits for any weeks because he is in training approved under Section 238(a)(1), Trade Act of 1974 (Pub.L. 93-618), and the individual may not be denied benefits by reason of leaving work to enter that training if the work left is not suitable employment, or because of the application to any week in training of provisions in this Act or in any applicable federal unemployment compensation law relating to availability for work, active search for work, or refusal to accept work. In this subsection 'suitable employment' means, with respect to an individual, work which is of a substantially equal or higher skill level than the individual's past adversely affected employment, as that term is used by the Trade Act of 1974, and for which the wages are not less than eighty percent of the individual's average weekly wage as determined for the purposes of the Trade Act of 1974.

Section 7 of the 1983 amendatory act provides:

"This Act takes effect September 1, 1983, and applies only to claims for unemployment compensation benefits filed on or after that date. Claims filed before that date are governed by the law in effect on the filing date, and that law is continued in effect for that purpose."

Art. 5221b—3. Disqualification for Benefits

An individual shall be disqualified for benefits:

(a) If the Commission finds that he has left his last work voluntarily without good cause connected with his work. The disqualification continues until the claimant has returned to employment and either worked for six weeks or earned wages equal to six times his weekly benefit amount.

(b) If the Commission finds that during his current benefit year he has failed, without good cause, to either apply for available, suitable work when so directed by the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. The disqualification continues until the claimant has returned to employment and either worked for six weeks or earned wages equal to six times his weekly benefit amount.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals at the place of performance of his work, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(d) For any benefit period with respect to which the Commission finds that his total or partial unemployment is (i) due to the claimant's stoppage of work because of a labor dispute at the factory, establishment, or other premises (including a vessel) at which he is or was last employed, or (ii) because of a labor dispute at another place, either within or without this State, which is owned or operated by the same employing unit which owns or operates the premises at which he is or was last employed, and supplies materials or services necessary to the continued and usual operation of the premises at which he is or was last employed; provided that this subsection shall not apply if it is shown to the satisfaction of the Commission that:

(1) He is not participating in or financing or directly interested in the labor dispute; provided, however, that failure or refusal to cross a picket line or refusal for any reason during the continuance of such labor dispute to accept and perform his available and customary work at the factory, establishment, or other premises (including a vessel) where he is or was last employed shall be considered as participation and interest in the labor dispute; and

(2) He does not belong to a grade or class of workers of which, immediately before the commencement of the labor dispute, there were mem-
bers employed at the premises (including a vessel) at which the labor dispute occurs, any of whom are participating in or financing or directly interested in the dispute; provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises; and where a disqualification arises from the employee's failure to meet the requirements of this paragraph (2) of this subsection (d) his disqualification shall cease if he shall show that he is not, and at the time of the labor dispute was not, a member of a labor organization which is the same as, represented by, or directly affiliated with, or that he, or such organization of which he is a member, if any, is not acting in concert or in sympathy with a labor organization involved in the labor dispute at the premises at which the labor dispute occurred, and he has made an unconditional offer to return to work at the premises at which he is or was last employed.

(e) For any benefit period with respect to which he is receiving or has received remuneration in the form of:

(1) Wages in lieu of notice;

(2) Compensation for temporary partial disability, temporary total disability or total and permanent disability under the Workmen's Compensation Law of any State or under a similar law of the United States;

(3) Old Age Benefits under Title II of the Social Security Act as amended, or similar payments under any Act of Congress, or a State Legislature; provided, that if such remuneration is less than the benefits which would otherwise be due under this Act, he shall be entitled to receive for such benefit period, if otherwise eligible, benefits reduced by the amount of such remuneration. If any such benefits, payable under this subsection, after being reduced by the amount of such remuneration, are not an even multiple of One Dollar ($1), they shall be adjusted to the next higher multiple of One Dollar ($1).

(f) For a benefit period occurring from the date of the sale of a business until the date an individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of the individual and which is reasonably attributable to that benefit period; provided that if the remuneration is less than the benefits which would otherwise be due under this Act, the individual shall be entitled to receive for that benefit period, if otherwise eligible, benefits reduced by the amount of the remuneration. If those benefits payable under this subsection, after being reduced by the amount of the remuneration, are not an even multiple of One Dollar ($1), they shall be adjusted to the next higher multiple of One Dollar ($1).

The Legislature declares that the preceding paragraph is enacted because Section 3304(a)(15) of the Federal Unemployment Tax Act as provided in Public Law 84-596 requires this provision in State law as of January 1, 1978, as a condition for full tax credit against the tax imposed by the Federal Unemployment Tax Act; and it further declares that if Section 3304(a)(15) is amended to provide modifications of these requirements, the modified requirements, to the extent that they are required for full tax credit, shall be considered applicable under the provisions of this Section rather than the provisions stated in the preceding paragraph.

(i) This Section does not disqualify a claimant whose work-related reason for separation from employment was urgent, compelling, and of a necessary nature so as to make separation involuntary.

Art. 5221b-3

LAbOR

3242

1 42 U.S.C.A. § 491 et seq.
Section 3 of the 1981 amendatory act provides:

"The disqualification for benefits of a person who, on the effective date of this Act, is disqualified under Subsection (a), (b), or (c), Section 5, Texas Unemployment Compensation Act, as amended [this article], is governed by the law as it existed before amendment by this Act. For that purpose, the prior law is continued in effect as if it had not been amended by this Act."

Prior to amendment in 1981, subsections (a) to (c) of this article read:

"(a) If the Commission finds that he has left his last work voluntarily without good cause connected with his work. Such disqualification shall be for not less than one (1) nor more than twenty-five (25) benefit periods following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(b) If the Commission finds that the individual or organization for which the claimant last worked prior to the effective date of the initial claim shall be mailed to the branch or division where claimant last worked.

(c) If the Commission finds that during his current benefit year he has failed, without good cause, either to apply for available, suitable work when so directed by the Commission or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the Commission. Such disqualification shall be for not less than one (1) nor more than twenty-six (26) benefit periods following the filing of a valid claim, as determined by the Commission according to the circumstances in each case.

(1) In determining whether or not any work is suitable for an individual, the Commission shall consider the degree of risk involved to his health, safety and morals at the place of performance of his work, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

(2) Notwithstanding any other provisions of this Act, no work shall be deemed suitable and benefits shall not be denied under this Act to any otherwise eligible individual for refusing to accept new work under any of the following conditions: (a) If the position offered is vacant due directly to a strike, lockout, or other labor dispute; (b) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; (c) If as a condition of being employed the individual would be required to join a company union or to refrain from or resign from joining any bona fide labor organization."

Art. 5221b-1. Claims for Benefits

(a) Filing: Claims for benefits shall be made in accordance with such regulations as the Commissioner may prescribe. Such employer shall post and maintain in places accessible to individuals in his employ printed notices giving general information about filing a claim for unemployment benefits. Such notices shall be supplied by the Commission to each employer without cost to him.

(b) An unemployed individual who has no current benefit year may file an initial claim in accordance with rules or regulations prescribed by the Commissioner. The claimant may file a notice of the filing of such initial claim to the individual or organization for which the claimant last worked prior to the effective date of the initial claim. If the individual or organization has more than one branch or division operating at different locations, notice of the filing of such initial claim shall be mailed to each branch or division thereof to which the copy of the determination is mailed.

Mailing of notice of the initial claim to the correct address of the individual or organization or the branch or division where claimant last worked shall constitute due notice to such individual or organization. A governmental employer may designate in writing to the Commission an address for mail service. When a governmental employer has so designated a mailing address, mailing of notice of claims, determinations, or other decisions to such address shall constitute due notice to the governmental employer. If the individual or organization to which such notice is mailed has knowledge of any facts that may adversely affect such claimant's right to benefits, or that may affect a charge to its account, it shall notify the Commission of such facts promptly. If such individual or organization does not mail or deliver such notification to the Commission within twelve (12) days from the date notice was mailed to it by the Commission or an individual or organization shall be deemed to have waived all rights in connection with such claim, including any rights it may have under subsection (c) of this Act, with respect to a clerical or machine error as to the minimum potential chargeback in connection with such claim.

The Commission shall determine whether such initial claim is valid. If such initial claim is valid, the Commission shall determine the benefit year, the benefit amount for total unemployment and the duration of benefits. A notice of the determination of the initial claim shall be mailed to the claimant at his last known address as reflected by Commission records. The claimant may within twelve (12) calendar days from the date such notice was mailed request a redetermination or appeal in the manner provided in this Section.

If such individual or organization for which claimant last worked has filed a notification with the Commission in accordance with this Section, an examiner shall make a determination as to whether the claimant is disqualified from receipt of benefits under Section 5 (Article 5221b-3) of this Act, as to any other issue affecting the claimant's right to receive benefits which may have arisen under any other provision of this Act, and as to whether a chargeback shall be made to the account of the individual or organization if benefits are paid, and shall mail a copy of the determination to the claimant and to such individual or organization, or the branch or division for which the claimant last worked, or to the address for mail service designated by a governmental employer. In the absence of such notification from such individual or organization, if, from information on the claim or other information secured, an issue is raised affecting the claimant's right to benefits under any provision of this Act, an examiner shall prepare a determination reflecting his decision and mail a copy of it to the claimant at his last known address.

Unless the claimant or the individual or organization or branch thereof to which the copy of the determination is mailed files an appeal from such determination within twelve (12) calendar days after
such copy of the determination is mailed to his or its last known address as reflected by Commission records, such determination shall be final for all purposes and benefits shall be paid or denied in accordance therewith; provided, that within the same period of time, an examiner may file an appeal from such determination, or may, if he discovers error in connection therewith, reconsider and redetermine any such determination, and such redetermination shall replace such determination and shall become final unless an appeal therefrom is filed by such claimant or such individual or organization within twelve (12) calendar days after a copy of such redetermination was mailed to his or its last known address as reflected by Commission records.

Notwithstanding any provision in this Act under which benefits may be paid or denied, benefits shall be paid promptly in accordance with a determination or redetermination of an examiner, a decision of an appeal tribunal, the Commission, or a reviewing court, on the issuance of that determination, redetermination or decision (regardless of the pendency of the period to apply for reconsideration, file an appeal, or petition for judicial review, or the pendency of that application, filing, or petition), unless and until that determination, redetermination, or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied in accordance with the modifying or reversing redetermination or decision. If a determination or decision is finally modified or reversed to deny benefits, no chargeback shall be made to the employer's account by reason of payments made to the claimant for any benefit period with respect to which he is finally denied benefits, or if the last employer is a reimbursing employer, and the modification or reversal occurred before the employer was billed for the benefits subject to the modification or reversal, then the last employer shall not be billed for reimbursements with respect to such benefits. Any benefits paid to the claimant which were not in accordance with the final decision shall be refunded by the claimant to the Commission or in the discretion of the Commission shall be deducted from future benefits payable to him under this Act, and the amount of benefits paid which were not in accordance with the final decision shall also be collectible in the manner provided in Section 14(b) of this Act for the collection of past due contributions.

(c) Appeals: Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the determination of the examiner. The parties to the appeal shall be duly notified of such tribunal's decision, together with its reasons therefore, which shall be deemed to be the final decision of the Commission, unless within ten (10) days after the date of mailing of such decision, further appeal is initiated pursuant to subsection (e) of this Section.

(d) Appeal Tribunals: To hear and decide disputed claims, the Commission, if it is necessary to ensure prompt disposal of cases on appeal, shall establish one or more impartial appeal tribunals consisting in each case of a salaried examiner.

(e) Commission Review: The Commission may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The Commission may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the Commission shall be heard by a quorum thereof. The Commission shall promptly mail to the parties before it a copy of its findings and decision.

(f) Procedure: The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, or other individuals or organizations, and the conduct of hearings and appeals shall be in accordance with rules or regulations prescribed by the Commission for determining the rights of the parties. A full and complete record shall be kept of all proceedings in connection with a disputed claim and all testimony at any hearing upon a disputed claim shall be recorded.

(g) Witness Fees: Witnesses subpoenaed pursuant to this Section shall be allowed fees at a rate fixed by the Commission, and such fees shall be deemed a part of the expense of administering this Act.

(h) Appeal to Courts: Any decision of the Commission shall become final ten (10) days after the date of mailing thereof, unless, within such ten (10) days, the appeal is reopened by Commission order or a party to the appeal files a written motion for rehearing, and judicial review of any final decision of the Commission shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies (not including a motion for rehearing) before the Commission as provided by this Act. The Commission shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such judicial action by any qualified attorney who is a regular salaried employee of the Commission and has been designated and appointed for that purpose by the Attorney General of Texas.

(i) Court Review: Within ten (10) days after the decision of the Commission has become final, and not before, any party aggrieved thereby may secure judicial review thereof by commencing an action in any court of competent jurisdiction in the county of claimant's residence against the Commission for the review of its decision, in which action any other party to the proceeding before the Commission shall be made a defendant, provided that if a claimant is a non-resident of the State of Texas such action
may be filed in a court of competent jurisdiction in Travis County, Texas, or in the county in Texas in which the last employer has his principal place of business, or in the county of claimant's last residence in Texas. Such trial shall be de novo. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon a member of the Commission or upon such person as the Commission may designate and such service shall be deemed completed service on all parties, but there shall be left with the party so served as many copies of the petition as there are defendants and the Commission shall forthwith mail one such copy to such defendant. Such action shall be given precedence over all other civil cases except cases arising under the Workmen's Compensation law of this State. An appeal may be taken from the decision of the trial court, in the same manner, as is provided in other civil cases. It shall not be necessary, in any judicial proceedings under this Section, to enter exceptions to the rulings of the Commission and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the Commission shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas. Section 3 of the 1963 amendatory act provides:

"This Act takes effect September 1, 1963, and applies only to unemployment compensation claims filed with the Texas Employment Commission on or after that date."

Art. 5221b–4a. Extended Benefits

(a) Definitions: As used in this Section, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(A) begins with the third (3rd) week after a week for which there is a State "on" indicator; and

(B) ends with either of the following weeks, whichever occurs last:

(i) the third (3rd) week after the first (1st) week for which there is a State "off" indicator, or

(ii) the thirteenth (13th) consecutive week of such period;

Provided, that no extended benefit period may begin by reason of a State "on" indicator before the fourteenth (14th) week following the end of a prior extended benefit period which was in effect with respect to this State.

(2) There is a State "on" indicator for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that, for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this Act:

(A) equalled or exceeded one hundred and twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding two (2) calendar years, and

(B) equalled or exceeded five percent (5%).

(3) There is a State "off" indicator for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that, for the period consisting of such week and the immediately preceding twelve (12) weeks, either paragraph (A) or (B) of subdivision (2) is not satisfied. Provided that the determination of whether there has been a State "on" or "off" indicator beginning or ending any extended benefit period shall be made under this section as if subdivision (2) did not contain paragraph (A) thereof, and as if the figure "five" (5) contained in paragraph (B) thereof were "six" (6); except that, notwithstanding any other provision of this Section, any week for which there would otherwise be a State "on" indicator shall continue to be such a week and shall not be determined to be a week for which there is a State "off" indicator.

(4) "Rate of insured unemployment," for purposes of paragraphs (2) and (3) of this subsection, means the percentage derived by dividing:

(A) the average weekly number of individuals filing claims for regular compensation in this State for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the Commission on the basis of the Commission's reports to the United States Secretary of Labor, by

(B) the average monthly employment covered under this Act for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such 13-week period.

(5) "Regular benefits" means benefits payable to an individual under this Act or under any other state law (including benefits payable to federal civilian employees and ex-servicemen pursuant to 5 U.S.C. Chapter 83) other than extended benefits.

(6) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. Chapter 85) payable to an individual under the provisions of this Section for benefit periods of unemployment in his eligibility period.

(7) "Eligibility period" of an individual means the period consisting of the benefit periods in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended
benefit period, any benefit periods thereafter which begin in such period.

(b) "Exhaustee" means an individual who, with respect to any benefit period of unemployment in his eligibility period:

(A) has received, prior to such benefit period, all of the regular benefits that were available to him under this Act or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. Chapter 85) in his current benefit year that includes such benefit period;

(B) had a benefit year that expired prior to such benefit period and has no, or insufficient, wage credits on the basis of which he could establish a new benefit year that would include such benefit period; and

(C)(i) has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, 2 the Trade Expansion Act of 1962, 3 the Automotive Products Trade Act of 1965, 4 or such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and

(ii) has not received or is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, he is considered an exhaustee.

(3) "State Law" means the unemployment compensation law of any state that is approved by the United States Secretary of Labor under Section 3304 of the Internal Revenue Code of 1954. 5

(b) Effect of State Law Provisions Relating to Regular Benefits on Claims for, and the Payment of, Extended Benefits: The provisions of this Act, and the rules or regulations of the Commission which apply to claims for, and the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits except when the result would be inconsistent with the other provisions of this Section.

c) Eligibility Requirements for Extended Benefits: An individual shall be eligible to receive extended benefits with respect to any benefit period of unemployment in his eligibility period only if the Commission finds that with respect to such benefit period:

(1) he is an "exhaustee" as defined in subsection (a)(10) of this Section, and

(2) he satisfies the requirements of this Act for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(d) Weekly Extended Benefit Amount: The weekly extended benefit amount payable to an individual for a week or total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year.

e) Total Extended Benefit Amount: The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be fifty percent (50%) of the total amount of regular benefits which were payable to him under this Act in his applicable benefit year.

(f)(1) Beginning and terminations of extended benefit period: Whenever an extended benefit period is to become effective in this State (or in all states) as a result of a State or a national "on" indicator, or an extended benefit period is to be terminated in this State as a result of State and national "off" indicators, the Commission shall make a public announcement thereof in accordance with regulations prescribed by the Commission.

(2) Computations required by the provisions of subsection (a)(6) of this Section shall be made by the Commission in accordance with regulations prescribed by the United States Secretary of Labor.

(g) Financing:

(1) Extended benefits shall be paid from the Unemployment Compensation Fund.

(2) Payments made by the Federal Government for its share of extended benefits shall be deposited into the Unemployment Compensation Fund.

(3) Fifty percent (50%) of the extended benefit payments based on wage credits from a reimbursing employer shall be charged to the account of such employer and reimbursed by such employer in the same manner as regular benefit payments, and such payments shall not be used in determining the replenishment ratio provided for in subsection 7(c)(5) of this Act. 5

(4) Fifty percent (50%) of extended benefit payments based on wage credits from a taxed employer shall be deemed chargebacks and charged to the account of such employer and used in determining the benefit ratio of such employer unless it was determined that chargebacks were not to be made against the account of the employer when regular benefits with respect to an individual were paid. Fifty percent (50%) of extended benefit payments based on wage credits from a taxed employer (whether or not charged to an employer) shall be used in the numerator of the replenishment ratio. Chargebacks resulting from the payment of extended benefits shall be used in the denominator of the replenishment ratio.
(5) When a taxed base period employer is notified of a claim for benefits under subsection (7)(c)(2) of this Act, such notice shall state that if the claim results in the payment of extended benefits, the maximum potential chargeback may be increased by as much as twenty-five percent (25%). No further notice of potential chargeback regarding extended benefit payments need be given to a taxed base period employer when the extended benefits are paid.

(6) Notwithstanding any other provision in this Act, with respect to weeks of unemployment beginning after December 31, 1978, extended benefit payments based on benefit wage credits earned from a state, or any political subdivision thereof, or any instrumentality of any one (1) or more of the foregoing which is wholly owned by one (1) or more states or political subdivisions shall be charged to the employer at the rate of one hundred per cent (100%) rather than than at the rate of fifty per cent (50%) as provided for other employers under this Act, and any such employer which is a taxed employer shall receive notice that its maximum potential chargeback may be increased by as much as fifty per cent (50%) rather than twenty-five per cent (25%) as provided for other employers.

(b)(1) Notwithstanding the provisions of Subsection (b) of this section, an individual shall be ineligible for payment of extended benefits for any week of unemployment in his eligibility period if the commission finds that during such period:

(A) he failed to accept any offer of suitable work as defined under Subdivision (3) of this subsection or failed to apply for any suitable work to which he was referred by the commission; or

(B) he failed to engage actively in seeking work as prescribed under Subdivision (5) of this subsection.

(2) Any individual who has been found ineligible for extended benefits by reason of the provisions of Subdivision (1) of this subsection shall also be denied benefits beginning with the first day of the week following the week in which such failure occurred and until he has been employed in each of four subsequent weeks, whether or not consecutive, and has earned remuneration equal to or less than four times the extended weekly benefit amount;

(3) For purposes of this Subsection (b), the term "suitable work" means, with respect to any individual, any work which

(A) is within such individual's capabilities; provided, however, that the gross average weekly remuneration payable for the work must exceed the sum of:

(i) the individual's weekly extended benefit amount as determined under Subsection (d) of this section plus

(ii) the amount, if any, of supplemental unemployment compensation benefits, as defined in Section 501(c)(17)(D) of the Internal Revenue Code of 1954, payable to such individual for such week; and further,

(B) pays wages not less than the higher of

(i) the minimum wage provided by Section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. Sec. 206), without regard to any exemption; or

(ii) the applicable state or local minimum wage.

(C) Provided, however, that no individual shall be denied extended benefits for failure to accept an offer of or apply for any job which meets the definition of suitability as described above if:

(i) the position was not offered to such individual in writing and was not listed with the employment service;

(ii) such failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants in Section 5(c) of this Act, as amended (Article 5221b-3, Vernon's Texas Civil Statutes), to the extent that the criteria of suitability in that section are not inconsistent with the provisions of this Subdivision (3);

(iii) the individual furnishes satisfactory evidence to the commissioner that his or her prospects for obtaining work in his or her customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work for regular benefit claimants in Section 5(c) of this Act without regard to the definition specified by this Subdivision (3).

(4) Notwithstanding the provisions of Subsection (b) to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions required by Section 3804(a)(6) of the Internal Revenue Code of 1954.

(5) For the purposes of Paragraph (B) of Subdivision (1) of this subsection, an individual shall be treated as actively engaged in seeking work during any week if

(A) the individual has engaged in a systematic and sustained effort to obtain work during such week, and

(B) the individual furnishes tangible evidence that he has engaged in such effort during such week.

(6) The employment service shall refer any claimant entitled to extended benefits under this Act to any suitable work which meets the criteria prescribed in Subdivision (3) of this subsection.

(7) An individual shall not be entitled to receive extended benefits with respect to any week of unemployment in his eligibility period if such individual has been disqualified for regular or extended benefits under this Act because he or she voluntarily left work, was discharged for misconduct, or
failed to accept an offer of or apply for suitable work unless the disqualification imposed for such reasons has been terminated in accordance with specific conditions established under this Act requiring the individual to perform service for remuneration subsequent to the date of such disqualification.

(1) Notwithstanding any other provision of this Act, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that the individual would, but for this section, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances under the Trade Act of 1974 (Pub.L. 93-618) \(^9\) within that benefit year, multiplied by the individual’s weekly benefit amount for extended benefits.

(2) Subdivision (1) of this subsection does not apply with respect to the first two weeks for which extended benefits are payable determined without regard to this subsection under an interstate claim filed for an interstate benefit payment plan; and

(b) no extended benefit period is in effect for the week in that state.

Provided:

(A) extended benefits are payable for the week under an interstate claim filed in any state under an interstate benefit payment plan; and

(B) no extended benefit period is in effect for the week in that state.

Sec. 18. If any word, phrase, sentence, paragraph, subsection, or section of this Act shall be held invalid or unconstitutional, such holding shall not invalidate any other word, phrase, sentence, paragraph, subsection, or section hereof, and the Legislature hereby expressly declares that it would have passed such remaining words, phrases, sentences, paragraphs, subsections, and sections despite such invalidity.

Sec. 14. This Act takes effect on January 1, 1972."

Sections 2 and 3 of Acts 1975, 64th Leg., p. 1, ch. 1, provided:

"Sec. 2. All laws or parts of laws in conflict herewith, insofar as they do conflict herewith, are hereby repealed, but such repeal shall in no way be construed as forfeiting or waiving any rights of the State of Texas or of the Texas Employment Commission which have accrued thereunder.

Sec. 3. "If any word, phrase, sentence, paragraph, subsection, or section of this Act shall be held invalid or unconstitutional, such holding shall not invalidate any other word, phrase, sentence, paragraph, subsection, or section hereof, and the legislature hereby expressly declares that it would have passed such remaining words, phrases, sentences, paragraphs, subsections, and sections despite such invalidity."

Section 7 of the 1983 amendatory act provides:

"This Act takes effect September 1, 1983, and applies only to claims for unemployment compensation benefits filed on or after that date. Claims filed before that date are governed by the law in effect on the filing date, and that law is continued in effect for that purpose."

Art. 5221b-5. Contributions

(a) Payment: Contributions shall accrue and become payable by each employer for each calendar year, or portion thereof. Such contributions shall become due and be paid by each employer to the Commission for the benefit of the individual from the extended benefit account established for the individual with respect to the benefit year.

(b) Rate of contributions: Each employer shall pay contributions equal to two and seven-tenths percent (2.7%) until his account has been chargeable with benefits throughout each calendar month of the four (4) consecutive calendar quarters immediately preceding the date as of which such employer’s rate is determined. The contribution rate of each employer who has had at being limited thereto, the right to collect contributions, interest, or penalties that have accrued, and the right of prosecution for violation of any provision thereof, nor shall such repeal in any way be construed as forfeiting or waiving the right of any individual to benefits which accrued thereunder; provided that the Commission's determination of the benefit year, the benefit amount for total unemployment, and the duration of benefits made with respect to an initial claim filed prior to January 1, 1972, shall be effective for the remainder of such benefit year, and provided further, that nothing in this Section shall be construed as preventing Section 2.a. of the Act from being effective on and after January 1, 1972.

Art. 5221b-4a
least four (4) calendar quarters of compensation experience shall be determined as provided below; except that the contribution rate of any employing unit which becomes an employer for the first time during the calendar year 1972, other than one which first becomes an employer because of the provisions of subsection 19(d)(2) of this Act, shall be one percent (1%) rather than two and seven-tenths percent (2.7%) until such time as his account has been chargeable with benefits for four (4) consecutive calendar quarters and an experience rate is computed for him in accordance with this Act.

(2)(A) With respect to any benefit year beginning after September 30, 1967, the amount of benefit payments paid to a claimant shall be charged to the account of the claimant's base period employer or employers. With respect to any benefit year beginning prior to September 30, 1967, if the first benefit payment during such benefit year is not made until after September 30, 1967, then the amount of benefit payments shall be charged to the account of the claimant's base period employer or employers.

When a benefit payment is made to a claimant who has two or more employers in his base period the chargeback to each employer shall be allocated in direct proportion to the percentage of the claimant's total benefit wage credits paid by such employer. This process may be designated as charging benefits to an employer's account, and benefits thus charged may be designated as chargebacks.

The chargebacks of each employer for a given calendar quarter shall be the benefits paid to all of his employees or former employees during such quarter; provided, that the chargebacks of an employer shall not include benefit payments which are based on wage credits of an employee or former employee, if the Commission finds that the employer's last separation from such employer's employment, prior to the benefit year in conjunction with which such base period was established, was (i) a separation required by a Federal or a Texas statute or regulations, and appeals to the Courts to the extent of such separation; (ii) a separation resulting from a total benefit wage credit of a claimant's base period employer or employers. The base period employer or employers, with respect to any benefit year beginning after September 30, 1967, if the first benefit payment during such benefit year is not made until after September 30, 1967, then the amount of benefit payments shall be charged to the account of the claimant's base period employer or employers.

If a timely protest is filed, the examiner shall promptly decide the issues involved in such protest and shall mail a notice of his decision thereon to the protesting employer. Such decision shall become final twelve (12) days from the date of mailing thereof, unless such employer mails to the Commission a written appeal therefrom within such twelve (12) days. Administrative review hereunder shall be in accordance with Commission rules or regulations, and appeals to the Courts shall be permitted only after such employer has exhausted his administrative remedies (not including a motion for rehearing) before the Commission, and within the time prescribed by subsection 6(b) and subsection 6(i) of this Act with respect to Commission decisions on benefits. Venue and jurisdiction of suits to collect contributions and penalties under this Act.

(3) For the purposes of this Section, benefits shall be deemed to have been paid at the time the claim therefor shall have been certified by the Commission to the State Comptroller for payment.

(4) The benefit ratio of each employer shall be a percentage equal to the total of his chargebacks for the thirty-six (36) consecutive completed calendar months immediately preceding the date as of which the employer's tax rate is determined divided by his total taxable wages for the same months on which contributions have been paid to the Commission or before the

3249 LABOR Art. 5221b-5
last day of the month in which the computation date occurs.

(5) The replenishment ratio for a calendar year is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator.

The numerator of the replenishment ratio shall be the amount of benefits that are effectively charged to employers’ accounts and paid from the Unemployment Compensation Fund during the twelve (12) months ending September 30 of the preceding year, plus one-half of the amount of benefits paid during that period that are not charged to an employer’s account, that are charged to employers’ accounts after the employers have reached maximum liability because of the maximum tax rate, or that are charged but considered not collectible. In determining each amount, deductions shall be made for:

(A) benefit warrants canceled,
(B) repayment of benefits which have been overpaid, and
(C) benefits paid which are repayable from reimbursing employers, the federal government, or any other governmental entity.

When the Replenishment Ratio is If the Employer’s Benefit Ratio percentage does not exceed:
1.00 0.00 0.10 0.20 0.30 0.40 0.50 0.60 0.70 0.80 0.90

The denominator of the replenishment ratio shall be the total amount of benefits paid during the twelve (12) months ending September 30 of the preceding year that are effectively charged to employer’s accounts.

The replenishment ratio for each calendar year shall be determined prior to the due date of the first contribution payment with respect to wages for employment paid in that year and such replenishment ratio thus determined shall not be affected or revised by virtue of any subsequent adjustment.

In this section, “effectively charged” means benefits other than those not charged to an employer’s account, charged to employers’ accounts after the employers have reached maximum liability because of the maximum tax rate, or charged but considered not collectible.

(6) The general tax rate for each rated employer shall be in accordance with the following table based upon the replenishment ratio and the employer’s benefit ratio:

The Commission shall extend the foregoing table by supplying additional replenishment ratios, benefit ratios, and tax rates up to six percent (6%). The Commission shall use the same mathematical principles used in constructing said table.

(B) For purposes of this subdivision, the floor of the Unemployment Compensation Fund is an amount equal to the greater of Four Hundred Million Dollars ($400,000,000) or one percent (1%) of the total taxable wages for the four calendar quarters ending the preceding June 30. When the amount in the fund on the October 1 computation date is less than the floor, for the next calendar year a deficit tax rate shall be added to the general rate for each employer entitled to an experience rate for that year. The deficit tax rate is equal to the deficit ratio (determined under Paragraph (C)) multiplied by the employer's tax rate computed under this Act for the year in which the computation occurs. An employer's deficit tax rate may not exceed two percent (2%).

(C) The deficit ratio is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator. The denominator is the total amount of contributions under the general tax rate and the replenishment rate due for the four calendar quarters ending the preceding September 30 from employers entitled to an experience rate on the computation date. The numerator is the amount by which the balance of the fund is less than the floor. Except for the computations in 1983, 1984, and 1985 that amount includes any federal advance or other liability of the fund.

(D) For purposes of this subdivision, the ceiling of the fund is two percent (2%) of the total taxable wages for the four calendar quarters ending the preceding June 30. When the amount in the fund on the October 1 computation date is more than the ceiling, each employer entitled to an experience rate on the computation date is entitled to a credit to be applied beginning with contributions for the first quarter of the following year. The amount of the credit is equal to a surplus ratio (determined under Paragraph (E)) multiplied by the employer's contributions due for the four calendar quarters ending the preceding September 30 from employers entitled to an experience rate on the computation date.

(E) The surplus ratio is a quotient, stated to the nearest hundredth, derived from the following numerator and denominator. The numerator is an amount equal to the balance in the fund minus the ceiling. The denominator is the total of contributions for the four calendar quarters ending the preceding September 30 from employers entitled to an experience rate on the computation date.

(F) A credit may not be used against delinquent contributions and may not be applied until the employer has paid any delinquent contributions.

(G) If an employing unit acquires all or a part of the organization, trade or business of an employer, such acquiring successor employing unit and such predecessor employer may jointly make written application to the Commission for that compensation experience of such predecessor employer which is attributable to the organization, trade or business or the part thereof acquired to be treated as compensation experience of such successor employing unit. The Commission shall approve such application if it finds that: (i) immediately after such acquisition the successor employing unit continued operation of substantially the same organization, trade or business or part thereof acquired; and (ii) the predecessor employer has waived, in writing, all his rights to an experience rating based on the compensation experience attributable to the organization, trade or business or part thereof acquired by the successor employing unit; and (iii) in the event of the acquisition of only a part of a predecessor employer's organization, trade or business, such acquisition was of a part to which a definitely identifiable and segregable part of the predecessor's compensation experience was and is attributable; and (iv) if the successor employing unit was not an employer at the time of acquisition, such successor has elected to become an employer as of the date of the acquisition or has otherwise become an employer during the year in which the acquisition took place.

If the application for transfer of experience is approved and the successor employing unit was an employer immediately prior to the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the rate applicable to the successor on the date of the acquisition. If such application is approved and the successor employing unit was not an employer immediately prior to the date of the acquisition, such successor shall pay contributions from the date of the acquisition until the end of the calendar year in which the acquisition occurred at the highest rate applicable at the time of the acquisition to any predecessor employer who was a party to the acquisition with respect to which the joint application was made.

In the event that the acquisition is the result of the death of the predecessor employer, the requirements of this subsection relating to the necessity for the predecessor to join in the application and the requirements of condition (ii) hereof shall not apply.

“Compensation experience,” as used in this subsection includes duration of chargeability with benefit wages or benefits as well as all factors mentioned in subsection (7)(c) of this Section necessary to the computation of experience rating under subsection (7)(c) of this Section.

(H) In addition to the general rate provided by Subdivision (6) of this subsection, each employer entitled to an experience rate shall pay a replenishment tax at a rate equal to a percentage, stated to the nearest hundredth, derived from the following numerator and denominator. The numerator is an amount equal to one-half of the amount of benefits paid during the twelve (12) months ending the pre-
Section 2 of the 1982 amendatory act provides:

(a) Notwithstanding other law, the tax rate increase resulting for 1983 or 1984 under Section 7(c)(6)(B), Texas Unemployment Compensation Act (Article 522lb-l et seq., Vernon's Texas Civil Statutes), as amended by this Act, may not exceed an additional five-tenths of one percent for 1983 or .1984 under this Act.

(b) If the governor determines that the rate provided by Subsection (b) of this section is insufficient to pay the interest on federal advances, the governor by proclamation may increase the rate. The rate may not exceed 10 percent in 1984 or 12 percent in 1985. In setting the rate, the governor shall consider the recommendations of the commission. The increased rate must be set before the unemployment tax statements for the second calendar quarter are mailed to employers.

(c) In addition to other taxes provided by law, for the fiscal year 1986 a separate and additional tax of .10 percent is levied on each employer eligible for an experience rating tax for the quarter, and such rates shall be levied and collected in the same manner, and is subject to the same penalty for late payment as the experience tax which is chargeable with benefit payments. The receipt shall be deposited to the credit of the unemployment compensation fund.

(d) The computation date for all experience tax rates shall be as of October 1 of the year preceding the calendar year for which such rates are to be effective, and such rates shall be effective on January 1 of the calendar year immediately following such computation date for the entire year; provided that the experience tax rate for each employer who, for the first time, and at the close of any calendar quarter, has completed four (4) full consecutive calendar quarters throughout each month of which the employer was chargeable with benefit payments, shall be computed and determined as of the first day of the calendar quarter next following such close, and such rate shall be effective on the date as of which it was computed, and for the remainder of the calendar year in which such computation date occurs.

Acts 1983, 68th Leg., p. 2216, ch. 416, provide:

"Section 2. The tax levied by this Act is separate from, and in addition to, any tax levied under the Texas Unemployment Compensation Act (Article 522lb-1 et seq., Vernon's Texas Civil Statutes) or Chapter 2, Acts of the 67th Legislature, 3rd Called Session, 1982.

"(c) Notwithstanding other law, the tax rate increase resulting for 1983 or 1984 under Section 7(c)(6)(B), Texas Unemployment Compensation Act (Article 522lb-l et seq., Vernon's Texas Civil Statutes), as amended by this Act, may not exceed an additional five-tenths of one percent for 1983 or 1984 under this Act.

"(d) If the governor determines that the rate provided by Subsection (b) of this section is insufficient to pay the interest on federal advances, the governor by proclamation may increase the rate. The rate may not exceed 10 percent in 1984 or 12 percent in 1985. In setting the rate, the governor shall consider the recommendations of the commission. The increased rate must be set before the unemployment tax statements for the second calendar quarter are mailed to employers.

"(e) In addition to other taxes provided by law, for the fiscal year 1986 a separate and additional tax of .10 percent is levied on each employer eligible for an experience rating tax for the quarter, and such rates shall be effective on the date as of which it was computed, and for the remainder of the calendar year in which such computation date occurs.
Art. 5221b-5a. Reimbursements

(a) Reimbursing Employers: Payments in lieu of contributions shall be made in accordance with the provisions of this Section. An employer making payments in accordance with this Section shall be referred to as a “reimbursing employer” and such payments shall be referred to as “reimbursements.”

(b) Payments by a Reimbursing Employer: At the end of each calendar quarter the Commission shall bill each reimbursing employer for an amount equal to the amount of the regular benefits plus one-half (%2) of the amount of the extended benefits paid during such quarter which are attributable to service in the employ of such employer, and reimbursements shall be paid by the reimbursing employer to the Commission for the fund in accordance with such rules as the Commission shall prescribe. An employer which has elected to pay reimbursements due under this Act on the date on which they are due and payable, as prescribed by the Commission, or if any such employer shall fail to submit records and reports as prescribed by the Commission, such employer shall be subject to the provisions set forth in Section 14 of this Act, provided, that where Section 14 refers to contributions due from employers such Section shall be regarded as also referring to reimbursements due from reimbursing employers.

(c) Allocation of Benefit Costs: Each employer that is liable for reimbursements shall pay to the Commission for the fund the amount of the regular benefits plus the amount of one-half (%2) of the extended benefits paid which are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one (1) employer and on wages paid by one (1) or more employers who are liable for contributions, the amount of reimbursement payable by each employer that is liable for reimbursements shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wage credits paid to the individual by such employer bears to the total base period wage credits paid to the individual by all of his base period employers.

(2) Proportionate Allocation (When All Base Period Employers Are Liable for Reimbursement): If benefits paid to an individual are based on wages paid by two (2) or more employers that are liable for reimbursements, the amount of reimbursement payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wage credits paid to the individual by such employer bears to the total base period wage credits paid to the individual by all of his base period employers.

(d) Records and Reports: Reimbursing employers shall maintain records and submit reports in accordance with subsection (c) of the Act and rules prescribed by the Commission.

(e) Collections: If any reimbursing employer shall fail to pay reimbursements due under this Act on the date on which they are due and payable, as prescribed by the Commission, or if any such employer shall fail to submit records and reports as prescribed by the Commission, such employer shall be subject to the provisions set forth in Section 14 of this Act, where Section 14 refers to contributions due from employers such Section shall be regarded as also referring to reimbursements due from reimbursing employers.

(f) Waiver of Rights: Reimbursing employers are entitled to the rights and privileges and subject to the duties and responsibilities of all provisions of this Act except the provisions of Section 7. Section 7 shall be inapplicable to reimbursing employers (except where specifically mentioned therein) and an election to become a reimbursing employer shall constitute a waiver of the rights afforded under Section 7 of the Act.

(g) Continued Liability: All regular benefits paid and one-half (%2) of extended benefits paid which are attributable to service in the employ of a reimbursing employer during the period for which he elected reimbursement pursuant to Section 8 shall be reimbursable by the employer even though the employer may no longer be a reimbursing employer when the benefit payments are made.

(h) Group Accounts: Two (2) or more reimbursing employers may file a joint application with the Commission for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group’s agent for the purpose of this paragraph. Upon approval of the application, the Commission shall establish a group account for such employers effective as of the beginning of the calendar quarter in which the Commission received the application.
and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than two (2) years and thereafter until terminated at the discretion of the Commission or upon application by the group, and such termination shall be effective only at the beginning of the next calendar year. Upon establishment of the account, each member of the group shall be liable for reimbursements with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in such quarter that are attributable to service performed in the employ of all members of the group as the total wages paid during such quarter for service performed in the employ of all members of the group. Each member of the group shall keep true and accurate employment records and submit such reports as the Commission may require with respect to persons employed by such member. The Commission shall prescribe such rules as may be necessary with respect to the type of records to be kept by and reports to be submitted by groups of employers, applications for the establishment, maintenance and termination of group accounts that are authorized by this paragraph, and for the determination of the amounts of reimbursements that are payable under this paragraph by members of the group and the time and manner of such payments.

(i) Authority to Terminate Elections: If any reimbursing employer is delinquent in making reimbursements as provided under this Section, the Commission may terminate such reimbursing employer's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

(j) Bond: In the discretion of the Commission, any reimbursing employer (or group of such employers) that elects to become liable for reimbursements may be required to execute and file with the Commission a surety bond approved by the Commission. The amount of such bond shall be determined in accordance with rules prescribed by the Commission. The Commission may require adjustments to be made in a previously filed bond if it deems such action appropriate. Failure by any reimbursing employer covered by such bond to pay the full amount of reimbursements when due, together with any applicable interest and penalties provided for under this Act, shall render the surety liable on such bond to the extent of the bond, as though the surety was such employer. If any reimbursing employer fails to make bond when directed to do so by the Commission, the Commission may terminate such employer's election to make reimbursements as of the beginning of the next taxable year and such termination shall be effective for that and the succeeding taxable year.

(k) Additional Safeguards: The Commission is authorized to provide such additional safeguards as may be needed to ensure that reimbursing employers pay the reimbursements required under this Section.

(l) Benefit Payments: Benefits based upon wages earned from a reimbursing employer shall be paid from the fund, but such benefits paid and reimbursements for such benefits shall not be used in computing the replenishment ratio provided for in subsection 7(c)(5) of this Act.

(m) Notwithstanding any other provision in this Act, with respect to benefits paid for weeks of unemployment beginning after December 31, 1978, if the reimbursing employer is a state or political subdivision thereof, or any instrumentality of any one (1) or more of the foregoing which is wholly owned by one (1) or more states or political subdivisions, that employer shall pay one hundred percent (100%) of the extended benefits based on benefit wage credits earned from that employer instead of one-half (½) or fifty percent (50%) as indicated for other employers covered under this Act.

Section 3 of the 1983 amendatory act provides:

"This Act takes effect September 1, 1983, and applies only to unemployment compensation claims filed with the Texas Employment Commission on or after that date."

Art. 5221b-5b. Special Contributions for Governmental Employers

(a) Notwithstanding any provision in this Act to the contrary, after December 31, 1977, a governmental employer subject to the provisions of this Act and which pays contributions shall pay in accordance with the following:

(b) Contributions:

(1) Payments: Contributions shall accrue and become payable by each governmental employer for each calendar year, or portion thereof, in which it is subject to this Act with respect to wages for employment paid during the calendar year or portion thereof. The contributions shall become due and be paid by each such employer to the Commission for the fund in accordance with rules prescribed by the Commission and shall not be deducted in whole or in part from the wages of individuals in the employer's employ.

(2) Rate of Contributions: Each governmental employer shall pay contributions equal to one percent (1%) of the wages paid by the employer with respect to employment during each quarter for calendar years 1978 and 1979. The contribution rate...
for calendar year 1980 shall be a percentage adjusted to the next higher one-tenth of one percent (1% of 1%) based on the following numerator and denominator: The numerator shall include all benefits paid during the preceding two (2) calendar years based on wage credits earned from employers which pay contributions under this Section (not including benefit payments which are reimbursable from any other source), and the denominator shall include the total wages paid by all employers which pay contributions under this Section for the same period. The contribution rate for calendar year 1981 and each calendar year thereafter shall be derived in the same manner as for calendar year 1980, except the numerator and denominator shall include benefit payments and wages paid by the employers for only the one calendar year prior to the calendar year for which the rate is computed.

Provided, if the total benefits paid during the period used for determining the rate are greater than the total contributions paid by these same employers for the same period, the amount of benefits paid in excess of the amount of contributions paid shall be added to the numerator in computing the rate; provided that in no year shall the contribution rate under this Section be less than one-tenth of one percent (1% of 1%).

(3) Interest and Penalties on Past Due Contributions: If any governmental employer shall fail to pay contributions due under this Section on the date on which they are due and payable as prescribed by the Commission, the employer shall be subject to the same penalties as provided for other employers under subsection 14(a) of this Act.

(c) Collections:

(1) The provisions for collecting delinquent contributions provided under Section 14 of this Act shall be applicable with respect to governmental employers.

(2) If any governmental employer is delinquent in payment of contributions or reimbursements under any section of this Act, the Commission shall notify the Comptroller of Public Accounts in writing of the name of the governmental employer and the amount of the delinquency. On receipt of this notice, the Comptroller shall pay a sum to the Commission in the amount of the delinquency from any funds which would otherwise be due from the State to the delinquent governmental employer.

(d) Reports: Each governmental employer shall keep such records and file such reports with the Commission with respect to individuals in its employment as the Commission may prescribe by rules. A governmental employer failing to keep or file these reports when due shall be subject to the same penalties as provided for other employers under subsection 14(c) of this Act.

(e) Separate Accounting: Benefit payments based on wages from employers under this Section shall be paid from the fund; provided the Commission shall establish separate accounting with respect to benefits paid and contributions collected under this Section and these benefits and contributions shall not be used in determining contribution rates under Section 7 of this Act.

Art. 5221b-7. Unemployment Compensation Fund

(a) Establishment and Control: There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an Unemployment Compensation Fund, which shall be administered by the Commission exclusively for the purposes of this Act. This fund shall consist of (1) all contributions collected under this Act; (2) interest earned upon any moneys in the fund; (3) any property or securities acquired through the use of moneys belonging to the fund; (4) all earnings of such property or securities; and (5) all other moneys received for the fund from any other source. The Treasurer shall maintain within the fund three (3) separate accounts: (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account.

All moneys payable to the fund, upon receipt thereof by the Commission, shall be forwarded to the Treasurer who shall immediately deposit them in the clearing account. All moneys in the clearing account, after clearance thereof, shall except as herein otherwise provided, be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act, as amended, any provisions of the law in this State relating to the deposit, adminis-

The State Treasurer shall be liable, on his official bond, for the faithful performance of his duties in connection with the Unemployment Compensation Special Administration Fund. The provisions of subsections (a), (b), (c), and (d) to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State’s proportionate share of the earnings of such Unemployment Trust Fund, from which no other State is permitted to make withdrawals. If and when such Unemployment Trust Fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the Unemployment Compensation Fund of this State, shall be transferred to the Treasurer of the Unemployment Compensation Fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the Commission, in accordance with the provisions of this Act; provided, that such moneys shall be invested in the following readily marketable classes of securities: bonds or other interest-bearing obligations of the United States of America; and provided further, that such investment shall at all times be so made that all the employment Trust Fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned, shall either be deducted from estimates for, and may be utilized for the payment of benefits and refunds during succeeding periods, or, in the discretion of the Commission, shall be redeposited with the Secretary of the Treasury of the United States of America, to the credit of this State’s account in the Unemployment Trust Fund as provided in subsection (b) of this Section. If, after any warrant has been issued by the Comptroller payable to a claimant for benefits under the provisions of this Act, and if the warrant has not been lost or misplaced, or if claimant for any reason fails or refuses to present said warrant for payment within twelve (12) months after the date of issuance of such warrant, such warrant shall be cancelled, and thereafter no payment shall be made by the Treasurer on such warrant, and no duplicate warrant in place thereof shall ever be issued.
assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The Treasurer shall dispose of securities or other properties belonging to the Unemployment Compensation Fund only under the direction of the Commission.

Income from investment of the fund shall be deposited to the credit of the fund. If the amount of the fund exceeds the amount required to pay interest incurred on advances, the Governor shall transfer all or part of the surplus to the unemployment compensation fund for the payment of benefits.

(b) If the Governor applies for an advance from the federal Unemployment Trust Fund, the Governor shall limit the amount applied for to an amount that, when added to previous advances, does not exceed the total amount for which principal and interest may be paid from taxes on employers.

(c) In addition to other authorized purposes, the Unemployment Compensation Special Administration Fund may be appropriated for payment of interest on advances.

Sections 2(6) and 4 of the 1982 Act provide:

"Sec. 2. (b) In addition to the tax levied under the Texas Unemployment Compensation Act (Article 5221b-1 et seq., Vernon's Texas Civil Statutes), for the last calendar quarter of 1982 and the first calendar quarter of 1983 a separate and additional tax is levied on each employer eligible for an experience tax rate that year. For the last quarter of 1982 the rate of that tax is three-tenths of one percent. For the first quarter of 1983, the rate is one-tenth of one percent. The tax applies to the same wage base to which the employer's unemployment tax applies for the quarter, shall be levied and collected in the same manner, and is subject to the same penalty for late payment. The receipts shall be deposited to the credit of the advance interest trust fund established under Section 5c, Texas Unemployment Compensation Act (Article 5221b-1 et seq., Vernon's Texas Civil Statutes), as added by Section 3 of this Act."

"Sec. 4. The unobligated and unencumbered balance (as of the effective date of this section) of the unemployment compensation special administration fund is appropriated to the office of the governor for the payment of interest on advances from the federal unemployment trust fund."

Acts 1983, 66th Leg., p. 135, ch. 32, provides:

"Sec. 1. In addition to the tax levied under the Texas Unemployment Compensation Act (Article 5221b-1 et seq., Vernon's Texas Civil Statutes), for the calendar year 1983, a separate and additional tax is levied on each employer which was entitled to an experience rating during calendar year 1982 and which is liable to pay contributions under Section 7 of the said Act with respect to the first calendar quarter of 1983. The amount of this additional
tax is five percent (5%) of the amount of taxes paid by the employer for that portion of the calendar year 1982 for which the employer was entitled to an experience rating.

"Sec. 2. The tax levied by this Act is separate from, and additional to, any tax levied under the Texas Unemployment Compensation Act (Article 5221b-1 et seq., Vernon's Texas Civil Statutes) or Chapter 2, Acts of the 67th Legislature, 3rd Called Session, 1962.

"Sec. 3. The tax levied by this Act is due on August 1, 1983, and shall be collected in the same manner as the employer's unemployment tax and is subject to the same penalty for late payment.

"Sec. 4. Receipts from the tax levied by this Act shall be deposited to the credit of the advance interest trust fund established under Section 9c, Texas Unemployment Compensation Act (Article 5221b-7c et seq., Vernon's Texas Civil Statutes)."

"Interest Tax: (a) In addition to other taxes provided by law, for the calendar years 1984 and 1985, a separate and additional tax is levied on each employer who was entitled to an experience rate for the previous year and who is liable for unemployment tax for the first quarter of 1984 or 1985, as applicable. Unless a higher rate is set by the governor under Subsection (b) of this section, the rate of this additional tax is 25 percent for 1984 and 10 percent for 1985, applied to the amount of taxes paid or due by the employer for that portion of the previous calendar year for which the employer was entitled to an experience rating. The tax is due at the same time as the employer's unemployment tax payment for the second calendar quarter.

"(b) If the governor determines that the rate provided by Subsection (a) of this section is insufficient to pay the interest on federal advances, the governor by proclamation may increase the rate. The rate may not exceed 30 percent in 1984 or 12 percent in 1985. In setting the rate, the governor shall consider the recommendations of the commission. The increased rate must be set before the unemployment tax statements for the second calendar quarter are mailed to employers.

"(c) In addition to other taxes provided by law, for the calendar year 1984 a separate and additional tax of .10 percent is levied on each employer eligible for an experience rate tax. The tax applies to the same wage base to which the employer's unemployment tax applies for that year.

"(d) Taxes levied under this section shall be collected in the same manner as the employer's unemployment tax, and is subject to the same penalty for late payment.

"(e) Receipts from the taxes levied under this section shall be deposited to the credit of the advance interest trust fund established under Section 9c, Texas Unemployment Compensation Act (Article 5221b-7c, Vernon's Texas Civil Statutes)."

(b) Appointment: Each of the three (3) members of the Commission shall be appointed by the Governor. The Governor shall make an appointment to fill any vacancy that occurs in the membership of the Commission. Appointments to the Commission shall be made without regard to the race, creed, sex, religion, or national origin of the appointees. During his term of membership on the Commission, no member shall engage in any other business, vocation, or employment. If the person ceases to engage in lobbying activity and files a notice of termination as prescribed by Section 7, Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973 (Article 6252-9c, Vernon's Texas Civil Statutes), the person may serve as a member of the Commission or act as the general counsel to the Commission.

Each Commissioner may appoint five (5) persons to the Council which shall meet regularly. Advisory Council members shall be allowed and paid, as a part of the cost of administering this Act and in accordance with regulations of the Commission, necessary travel and subsistence expenses, in addition to a per diem allowance, in connection with meetings of the Council; but they shall for no purpose be regarded as State employees. The Commission shall fix the composition and establish the duties of the State Advisory Council and may take such action as it deems necessary or suitable to this end. In addition to the duties established by the Commission, the Council shall prepare an annual report describing its work during the previous year and detailing any recommendations it may have. The Commission shall include the Council's report in the Commission's annual report to the Governor and the Legislature required by Subsection (b), Section 11, of this Act. The Commission may likewise appoint and pay local advisory councils and consultants under the same conditions prescribed herein for the State Advisory Council.

(h) Removal: It is a ground for removal by impeachment from the Commission if:

1. a member is absent from every Commission meeting held during any sixty (60)-day period after the member received at least forty-eight (48) hours' notice of the meeting;

2. the member is unable to discharge his duties for the remainder of the term for which he was appointed because of illness or other disability; or

3. a member violates a prohibition established by Subsection (a), (b) or (c) of this section.

The validity of an action of the Commission is not affected by the fact that it was taken when a ground for removal of a member of the Commission existed.

(i) Sunset Provision: The Texas Employment Commission is subject to the Texas Sunset Act (Article 5429k, Vernon's Texas Civil Statutes); and unless continued in existence as provided by that Act the Commission is abolished effective September 1, 1995.

Section 6 of Acts 1983, 68th Leg., p. 3832, ch. 484, art. II provides:

Art. 5221b-9. Administration

(a) Duties and Powers of Commission: It shall be the duty of the Commission to administer this Act; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, to make such expenditures, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this Act, which the Commission shall prescribe. The Commission shall determine its own organization and methods of procedure in accordance with the provisions of this Act, and shall have an official seal which shall be judicially noticed. The Commission shall appoint an Agency Administrator on the basis of merit to administer the day-to-day operations of the Texas Employment Commission. The Commission may prescribe any specific qualifications for the position necessary to comply with federal law. The position of Agency Administrator is a merit system position.

(b) Annual Report: As soon after the close of each State fiscal year as is practicable, the Commission shall submit to the Governor and the Legislature a report covering the administration and operation of this Act during the preceding State fiscal year, and the Commission shall make such recommendations for amendments to this Act as the Commission deems proper. Such report shall include a balance sheet of the moneys in the fund in which there shall be provided, if possible, a reserve against the liability in future years to pay benefits in excess of the then current contributions, which reserve shall be set up by the Commission in accordance with accepted actuarial principles on the basis of statistics of employment, business activity, and other relevant factors for the longest possible period. The report shall also include the annual report prepared by the State Advisory Council as prescribed by Section 10(e) of this Act, the Commission's long-term and short-term goals and objectives for the future, and any information requested by the Legislature or the Legislative Budget Board. Whenever the Commission believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, it shall promptly inform the Governor and the Legislature, and make recommendations with respect thereto.

(c) Regulations and General and Special Rules: General and special rules may be adopted, amended, or rescinded by the Commission only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten (10) days after filing with the Secretary of State and publication in one or more newspapers of general circulation in this State. Special rules shall become effective ten (10) days after notification to or mailing to the last known address of the individuals or concerns affected thereby. Regulations may be adopted, amended, or rescinded by the Commission and shall become effective in the manner and at the time prescribed by the Commission.

(d) Publication: The Commission shall cause to be printed for distribution to the public the text of this
Act, the Commission’s regulations and general rules, and its annual reports to the Governor and the Legislature. The Commission shall also prepare information of interest describing the functions of the Commission and describing the Commission’s procedures by which complaints are filed with and resolved by the Commission. The Commission shall make the information, and other material the Commission deems relevant and suitable, available to the general public and appropriate state agencies.

(e) Personnel: The Agency Administrator is authorized to appoint and prescribe the duties and powers of all officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of the Commissioner’s duties. The Agency Administrator may delegate to any such person so appointed such power and authority as the Agency Administrator deems reasonable and proper for the effective administration of this Act, and may, at the Agency Administrator’s discretion, bond any person handling moneys or signing checks hereunder. The Agency Administrator or the Agency Administrator’s designee shall develop a system of annual performance evaluations based on measurable job tasks. All merit pay for Commission employees must be based on the system established under this subsection.

(f) Employee Information: The Commission shall provide to its members and employees as often as is necessary information regarding their responsibilities, and applicable laws relating to standards of conduct for state officers or employees.

(g) Records and Reports: Each employing unit shall keep true and accurate employment records, containing such information as the Commission may prescribe and which is deemed necessary to the proper administration of this Act. Such records shall be open to inspection and subject to being copied by the Commission or its authorized representatives at any reasonable time and as often as may be necessary. The Commission may require from any employing unit any sworn or unworn reports, with respect to persons employed by it, which the Commission deems necessary for the effective administration of this Act. Information thus obtained or otherwise secured shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) except as the Commission may deem necessary for the proper administration of this Act. Any employee of the Commission who violates any provision of this subsection shall be fined not less than Twenty Dollars ($20), nor more than Two Hundred Dollars ($200), or imprisoned for not longer than ninety (90) days, or both.

(h) Oaths and Witnesses: In the discharge of the duties imposed by this Act, the chairman of an appeal tribunal and any duly authorized representative or member of the Commission shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this Act. Notwithstanding the provisions of Article 3912e, Vermont’s Texas Civil Statutes, or any other provision of the laws of this state, the fees of sheriffs and constables for serving such subpoenas shall be paid by the Commission out of administrative funds, and the Comptroller of Public Accounts shall issue warrants for such fees as directed by the Commission.

(i) Subpoenas: In case of contumacy by, or refusal to obey a subpoena issued by a member of the Commission or any duly authorized representative thereof to any person, any County or District Court of this State within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the Commission or its duly authorized representative, shall have jurisdiction to issue to such person an order requiring such person to appear before a commissioner, the Commission, or its duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power so to do, in obedience to a subpoena of the Commission, shall be punished by a fine of not less than Two Hundred Dollars ($200), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(j) Protection Against Self Incrimination: No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the Commission or in obedience to the subpoena of the Commission or any member thereof or any duly authorized representative of the Commission, in any cause or proceeding before the Commission, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. [Acts 1941, 47th Leg., p. 351, ch. 178, § 3. Amended by Acts 1955, 54th Leg., p. 399, ch. 116, § 9.]

(b) Financing: All monies received by this State under the said Act of Congress, as amended, shall be paid into the special "Employment Service Account" in the Unemployment Compensation Administration Fund, and said monies are hereby made available to the Texas Unemployment Compensation Commission to be expended as provided by this Section and by said Act of Congress, and any unexpended balance of funds appropriated or allocated either by the State of Texas or the Federal Government to the Texas State Employment Service as a division of the Bureau of Labor Statistics, is hereby, upon the passage of this Act, transferred to the special "Employment Service Account" in the Unemployment Compensation Administration Fund. For the purpose of establishing and maintaining free public employment offices, the Commission is authorized to enter into agreements with any political subdivision of this State or with any private, and/or non-profit organization, and as a part of any such agreement the Commission may accept monies, services, or quarters as a contribution to the special "Employment Service Account."

(c) Invalidity of Transfer: In the event that this Act, or any section thereof, in so far as the same shall affect the Texas State Employment Service, shall be held or declared unconstitutional or invalid, then in that event Chapter 296, page 552, Acts of the Regular Session of the Forty-fourth Legislature establishing the Texas State Employment Service shall be and remain in full force and effect as it was prior to the passage of this Act.

Art. 5221b-11. Unemployment Compensation Administration Fund

(a) Special Fund: There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys which are deposited or paid into this fund are hereby appropriated and made available to the Commission for expenditure in accordance with the provisions of this Act, and shall not lapse at any time or be transferred to any other fund. All moneys in this fund which are received from the Federal Government or any agency thereof shall be expended solely for the purposes and in the amounts found necessary by the Social Security Board or its successor for the proper and efficient administration of this Act. The fund shall consist of all moneys appropriated by this State; all moneys received from the United States of America, or any agency thereof; all moneys received from any other source for such purpose; all moneys collected by the Commission as costs or fees charged by the Commission for furnishing photostatic or certified copies of records of the Commission, or fees charged by the Commission for making audits pursuant to the authority granted in this Act, and shall also include any moneys received from any agency of the United States of America or any other State as compensation for services or facilities supplied to such agency, any amounts received pursuant to any surety bond or insurance policy or from other sources for losses sustained by the Unemployment Compensation Administration Fund, or by reason of damage to equipment or supplies purchased from moneys in such fund, and any proceeds realized from the sale or disposition of such equipment or supplies which may no longer be necessary for the proper administration of this Act. All moneys in this fund shall be deposited, administered, and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall hold or declare unconstitutional or invalid, any separate bond existent on the effective date of this Act, for the faithful performance of his duties in connection with the Unemployment Compensation Administration Fund provided under this Act. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Administration Fund shall be deposited in said fund.

(b) The Commission is authorized to furnish to any person entitled thereto upon application therefor photostatic or certified copies of any records in its possession, the publication of which is not prohibited by this Act, and the Commission shall charge therefor a reasonable fee to be set by the Commission.

(c) Reimbursement of Fund: If any moneys received after June 30, 1941, from the Social Security Board or successor under Title III of the Social Security Act, or any unencumbered balances in the Unemployment Compensation Administration Fund as of that date, or any other Federal Moneys granted to the Employment Commission for the administration of this Act, are found by the Social Security Board or successor because of any action or contingency, to have been lost or been expended for purposes other than, or in amounts in excess of, those found necessary by the Social Security Board or successor for the proper administration of this Act, it is the policy of this State that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this State to the Unemployment Compensation Administration Fund for expenditure as provided in subsection (a) of this Section. Upon receipt of notice of such a finding by the Social Security Board or successor the Commission shall promptly report the amount required for such reimbursement to the Governor and the Gover-
nor shall, at the earliest opportunity, submit to the Legislature a request for the appropriation of such amount.

Art. 5221b-11. Collection of Contributions

(a) Interest and Penalties on Past Due Contributions: If any employer subject to the provisions of this Act shall fail to pay contributions due under this Act on the date on which they are due and payable as prescribed by the Commission, such employer shall forfeit to the State of Texas a penalty of one and one-half per cent (1 1/2%) of such contributions due for each month or fraction thereof, until such contributions and penalties shall have been paid in full; provided, however, that the penalties applicable to the contributions due for any period (as prescribed by the rules of the Commission) shall not exceed twenty-five per cent (25%) of the amount of contributions due at due date; provided, however, that for the exclusive purpose of this subsection, after July 1, 1965, the forfeit of penalty provided herein shall not apply to any employer who failed to pay contributions due under this Act because of the bona fide belief that all or some of their employees are covered under the unemployment insurance law of any other state if such employer paid, pursuant to the unemployment insurance law of such other state, the contributions thereunder when due on all such wages of such employees.

In addition to the penalties provided above, whenever the maximum penalty of twenty-five per cent (25%) shall accrue or shall have accrued as provided above in cases in which the liability of the employer is reduced to judgment, thereafter in addition to the penalties provided above, contributions included in such judgment shall bear interest at the rate of one-half of one per cent (1/2 of 1%) per month or part of a month.

(b) Collections: If, after notice, any employer defaults in any payment of contributions, penalties or interest thereon, the amount due shall be collected by civil action in a District Court in Travis County, Texas, in the name of the State and the Attorney General, and the employer adjudged in default shall pay the costs of such action; provided, however, that no court action shall be begun to collect contributions or penalties from an employer after the expiration of three (3) years from the due date of such contributions, except that, in any case of a willful attempt in any manner to evade any of the provisions of the Unemployment Compensation Law or Commission rules or regulations promulgated thereunder, such action may be begun at any time.

An employer liable for contributions, penalties, or interest under this Act who fails to pay such sums when due shall, after judgment has been entered therefor and execution returned unsatisfied, forfeit his right to employ individuals in this State until he enters into a bond with sureties to be approved by the Commission, in an amount not to exceed double the sum then due plus contributions estimated by the Commission to become due by said employer during the next calendar year, said bond to be conditioned upon payment of all contributions, penalties, interest, and court costs due and owing by the employer within thirty (30) days after the expiration of the next ensuing calendar year, and in the event the employer fails to furnish such bond or pay the taxes, interest, and penalty then found to be due, the Commission may proceed by injunction to prevent the continuance of such employment upon such failure by the employer by applying to the court which previously entered judgment against the employer for contributions, penalties, or interest, and a temporary injunction enjoining the employer from employing persons in this State without first posting bond as aforesaid may be granted after reasonable notice of not less than ten (10) days by said court; and such temporary injunction may upon final hearing be made permanent and shall remain in full force and effect until the requirements of this Section have been fully satisfied.

(c)(1) If any employer shall fail to file any reports of wages paid or contributions due as required by this Act or by the rules or regulations of the Commission, such employer shall forfeit to the State for the Unemployment Compensation Special Administration Fund as penalties: (i) for the first fifteen days or part thereof of violation, the sum of Five Dollars ($5); and (ii) for the remainder of the month or part thereof of violation, the sum of Five Dollars ($5) plus 1/10th of 1% of wages paid which the employer failed to report when due to the Commission; and (iii) for the second successive month or part thereof of violation, an additional Ten Dollars ($10) plus 1/10th of 1% of wages paid which the employer failed to report when due to the Commission; and (iv) for the third successive month or part thereof of violation, an additional Ten Dollars ($10) plus 1/4th of 1% of wages which the employer failed to report when due to the Commission. The penalties hereinafter provided in (i), (ii), (iii), and (iv) are cumulative and in addition to any other penalties provided in this Act, and if such penalties are not paid to the Commission at the time they are forfeited, they shall be collected by civil action as provided in this Section.

(2) If any employing unit shall (i) fail to keep any of the records required to be kept by the provisions of this Act or by the rules or regulations of the Commission, (ii) make a false report to the Commission, or (iii) fail or refuse to abide by the provisions of this Act, or the rules or regulations of the Commission promulgated hereunder, or violate the same, and if no civil penalty is otherwise provided
by this Act, such employing unit shall forfeit to the
State for the Unemployment Compensation Special
Administration Fund as a penalty the sum of Ten
Dollars ($10).

In cases where the violation is of continuous and
continuing nature, whether or not any other civil
penalty is otherwise provided by this Act, each
day's violation after written notice of the existence
of the violation is given to the employing unit shall
constitute a separate offense and incur another
penalty of Ten Dollars ($10). The penalty for each
day's violation shall be forfeited and become
cumulative on the tenth (10th) calendar day after
date of written notice is given or mailed to the
employing unit by the Commission or its authorized
representative. If such penalties are not paid when
demanded by the Commission or its duly authorized
representative, they shall be collected by civil action
as provided in this Section.

(6) If any employer shall fail to make any reports
to the Commission, required by this Act or by rules
or regulations of the Commission, the Commission
may estimate, from any sources of information
available to it, the amount of taxable wages paid by
such employer during the period in question, and
the Commission may proceed to collect taxes and
penalties on the basis of such estimates the same as
if the estimated wages had been properly reported
by the employer.

(4) The collection remedies provided in this Sec-
tion shall be cumulative and no action shall be
construed as an election on the part of the Commis-

sion to pursue any given remedy or action hereunder
to the exclusion of any other remedy or action
for which provision is made in this Act or in the
General Laws of the State of Texas.

(6) If any employer fails or refuses to pay any
contributions, penalties or interest within the time
and manner provided by this Act, or by the rules or
regulations adopted by the Commission hereunder,
and it becomes necessary to bring suit or to inter-
vene in any manner for the establishment or collec-
tion of said claim in any judicial proceeding, any
report filed in the offices of the Texas Employment
Commission by such employer or his agents or
representatives, or a certified copy thereof certified
to by the Chairman or any member of said Commis-
sion or any employee designated for the purpose
by said Commission, showing the amount of wages
paid by such employer or his agents or representa-
tives, with respect to which contributions, penalties
or interest have not been paid, or any audit made by
the Texas Employment Commission or its represent-
avatives from the books of such employer when
signed and sworn to by such representative as being
made from the records of said employer, such re-
port or audit shall be admissible in evidence in such
proceedings and shall be prima facie evidence of the
contents thereof; provided, however, that the incor-
rectness of said report or audit may be shown.

(e) When an action is filed under the terms of
subsection (b) of this Section 14 and is supported by
a statement, report or audit, and the affidavit of a
member of the Commission, a representative of the
Commission, or the attorney representing the Com-
misson, taken before some officer authorized to
administer oaths, to the effect that the contribu-
tions, penalties or interest shown to be due by said
statement, report, or audit are, within the knowl-
edge of affiant, past due and unpaid and that all
just and lawful offsets, payments, and credits have
been allowed the same shall be taken as prima facie
evidence thereof, unless the defendant in said action
shall, before an announcement of ready for trial,
file a written denial, under oath, stating that such
contributions, penalties or interest are not due, in
whole or in part, stating the particulars as to any
part of said contributions, penalties or interest
claimed to be not due; provided that when such
counter-affidavit shall be filed on the day of the
trial, the plaintiff shall have the right to postpone
such cause for a reasonable time. When the de-
fendant fails to file such affidavit, he shall not be
permitted to deny the claim for contributions, penal-
ties or interest, or any item thereof.

(f) All sums due by any employing unit under this
Act shall become a lien upon all the property both
real and personal belonging to such employing unit
or to any individual so indebted. Such lien shall
attach at the time any contributions, penalties, inter-
est, or other charges become delinquent and may be
recorded in the "State Tax Lien" book kept by
county clerks as provided in Article 1.07A of Title
122A, Revised Civil Statutes of Texas, 1925, as
amended,1 and such liens may be released in the
manner there provided for other state tax liens.
The Commission shall pay by warrant drawn by the
State Comptroller to the county clerk of the county
in which a notice of lien provided by this subsection
has been filed the usual fee for filing and recording
other similar instruments. Such fee shall be added
to the amount due from the employer. When the
liability secured by the lien is fully paid, the Com-
mision shall mail to the employer a release of the
said lien and it shall be the employer's responsibili-
y to file such release with the appropriate county
clerk and to pay the county clerk's fee for recording
the release.

(g) If any employer shall fail to remit proper
contributions when due, or if any employer shall fail
to make such reports to the Commission as are
required by this Act, or, as are required by the
regulations adopted by the Commission pursuant to
authority granted in this Act, the Commission may
employ auditors or other persons to ascertain the
correct amount of contributions due and to prepare
the correct reports due, and if such contributions
have not been properly remitted, or, if such reports
have not been properly made, the employer shall
pay the reasonable expenses incurred in such inves-
tigation which shall be paid as additional penalty,
and such additional penalty may be collected by the
Commission in the manner prescribed in this Section; provided that nothing herein shall prevent the Commission from using other funds available to it for the purpose of making audits and preparing or assisting in preparing reports of employers when the Commission determines that such action is necessary.

(b) Whenever any suit shall be instituted on behalf of the Commission, or at the request of the Commission under this Section or under Section 17 of this Act, the costs adjudged against the State or the Commission shall be paid by the Commission out of the administrative fund herein provided for. All such costs as are chargeable against the Commission shall be paid by the Commission to the officers of the Courts of Texas at the time that the same become due under the provisions of the General Laws of this State.

(6) Priorities under legal dissolutions or distributions: In the event of any distribution of an employer's assets pursuant to an order of any Court under the laws of this State, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition or similar proceedings, contributions then or thereafter due shall be entitled to the same priority as is now accorded by the General Laws of the State of Texas.

(j)(1) Where any employing unit has made a payment to the Commission of contributions and/or penalties alleged to be due, and it is later determined that such contributions and/or penalties were not due, in whole or in part, the employing unit making such payment may make application to the Commission for an adjustment in connection with contribution payments then due, or for a refund thereof because such adjustment cannot be made. If the Commission shall determine that such contributions or penalties, or any portion thereof were erroneously collected, the Commission shall refund said amount without interest from the fund. It is provided, however, that no application for adjustment or refund shall ever be considered by the Commission unless the same shall have been filed within three (3) years from the date on which such contributions and/or penalties were legally collectible by the Commission from such employing unit, and provided further that with respect to applications for refund or adjustment filed on or after January 1, 1956, if the approval of such application and the making of a refund or adjustment in connection therewith would require the deletion, removal, or disregarding of any benefit wages which became benefit wages, or which were charged as benefit wages, more than three (3) years before the filing of such application for refund or adjustment of contributions and/or penalties, no such application for adjustment or refund shall ever be considered by the Commission. The deletion, removal, or disregarding of benefit wages referred to herein shall not include the transfer of compensation experience as described in subsection 7(c) (7) of this Act. For like cause, and within the same period, adjustments or refunds without interest may be so made on the Commission's own initiative.

(2) When an employing unit has made a payment to the Commission of contributions and/or penalties alleged to be due and has, within three (3) years from the date on which such contributions and/or penalties would have become due had such contributions and/or penalties been legally collectible by the Commission from such employing unit, made application to the Commission for a refund or adjustment thereof, and such application for refund or adjustment has been denied by the Commission, such employing unit may, within one (1) year from the date on which notice of such denial was mailed to it, commence an action in any court of competent jurisdiction in Travis County, Texas, against the Commission for a refund of the contributions and/or penalties which the Commission refused to refund; provided, however, that such action may not be based upon an application for a refund or adjustment of contributions and/or penalties, or upon the denial of such an application, which application involved the consideration of wages which became benefit wages, or which were charged as benefit wages, more than three (3) years before the filing of such application for refund or adjustment of contributions. The action herein provided shall be exclusive and no action shall be brought under any other provision of law for such refund. Such action shall be de novo; and such recovery, if any, shall be without interest.

(k) Whenever it shall appear that any individual or employing unit is violating or threatening to violate any of the provisions of this Act, or of any rule, regulation or order of the Commission promulgated under this Act, relative to the collection of contributions, penalties, or interest, or the filing of reports relative to employment, the Commission, through the Attorney General, shall bring suit, in the name of the State of Texas against such employing unit or individual in any Court of competent jurisdiction in the county of the residence of the defendant, or if there be more than one (1) defendant, in the county of the residence of any of them, or in the county in which such violation is alleged to have occurred, to restrain such person or employing unit from violating such statute, or such rules, regulation or order of the Commission or any part thereof, and in such suit the Commission in the name of the State of Texas may obtain such injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant.

The violation by any person or employing unit of any injunction granted under the provisions of this Act shall be sufficient grounds for the appointment by the Court, either upon its own motion or that of
the Commission in the name of the State of Texas, of a receiver to take charge of such properties of such person or employing unit and to exercise such powers as in judgment of the Court shall be necessary in order to bring about compliance with such order, and to take possession or control of such properties as may be necessary for the purpose of enforcing such order. Such receiver shall be appointed except after notice and hearing. The power to appoint a receiver as herein provided shall be in addition to and cumulative of the power to punish for contempt.

(1) Taxes, penalties, interest and court costs owed by an employer under a final court judgment under this Act shall be deemed to be a debt owed to the State of Texas by the employer for the purposes of Chapter 482, Vernon's Texas Civil Statutes, provided, however, that this subsection shall apply only to warrants which would otherwise be issued by the State Comptroller in refund of taxes, fees, assessments and other deposits required under the laws of Texas and to warrants otherwise owed to the employer as compensation for goods and services (other than warrants owed in payment for services performed as an elective or appointive employee of this state and warrants owed in reimbursement of expenses incurred in the performance of such state employment).

(m) Any qualified attorney who is a regular salaried employee of the Commission may represent any employing unit or to any individual so indebted. The lien shall attach at the time any contributions, penalties, interest, or other charges become delinquent, and the power and authority in administering and enforcing the lien created by this section that is possessed, and the power and authority in administering this lien. The Commission shall pay by warrant drawn by the State Comptroller in refund of taxes, fees, assessments and other deposits required under the laws of Texas and to warrants otherwise owed to the employer as compensation for goods and services (other than warrants owed in payment for services performed as an elective or appointive employee of this state and warrants owed in reimbursement of expenses incurred in the performance of such state employment).

(n) In cases where it has become necessary for the commission to reduce to judgment its claim against an employer for taxes, penalty or interest, the Commission shall pay by warrant drawn by the State Comptroller to the county clerk of the county or counties in which an abstract of such judgment has been recorded the usual fees for filing and recording such abstract of judgment. When the liability secured by the lien is fully paid, the Commission shall mail to the employer a release of said lien and it shall be the employer's responsibility to file such release with the appropriate county clerk and to pay the county clerk's fees for recording such release.

(o) Any individual or employing unit which acquired the organization, trade, or business, or substantially all of the assets thereof, of another which at the time of such acquisition was an employer subject to this Act and was indebted to the Commission for taxes, penalty, or interest shall be liable to the Commission for prompt payment of such taxes, penalty, or interest and if not paid, suit may be brought by the Commission for the collection of same as though the taxes, penalty, or interest had been incurred by such receiver. The receiver shall be appointed except after notice and hearing. The power to appoint a receiver as herein provided shall be in addition to and cumulative of the power to punish for contempt.

(3) The Commission shall pay any amount deducted and withheld under Subdivision (2) of this subsection to the appropriate state or local child support enforcement agency.

(4) Any amount deducted and withheld under Subdivision (2) of this subsection shall for all purposes have the same force and effect as if it were paid to the individual as benefits and paid by the individual to the state or local child support enforcement agency in satisfaction of the individual's child support obligations.

(5) In subdivisions (1) through (4) of this subsection, "benefits" includes amounts payable by the Commission under an agreement entered under any federal law that provides for compensation, assistance, or allowances with respect to unemployment.

(6) This subsection applies only if appropriate arrangements have been made for reimbursement by the state or local child support enforcement agency for the administrative costs incurred by the Commission under this subsection which are attributable to child support obligations being enforced by the state or local child support enforcement agency.

The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Unemployment Compensation Special Administration Fund provided herein. Such liability on the official bond shall be effective immediately upon the enactment of this provision, and such liability shall exist in addition to any liability upon any separate bond existent on the effective date of this provision, or which may be given in the future. All sums recovered on any Surety Bond for losses sustained by the Unemployment Compensation Special Administration Fund shall be deposited in said Unemployment Compensation Special Administration Fund. If it be determined by the Commission in accordance with the provisions of subsection 14(j) of this Act that the Commission should refund penalties which have been erroneously collected and which have been deposited in the Unemployment Compensation Special Administration Fund, the refund of such penalties shall be made, without interest, out of the Unemployment Compensation Special Administration Fund, notwithstanding the provisions of subsection 14(j) of this Act¹ that payment of all refunds shall be made out of the Unemployment Compensation Fund. The Commissioner and inspection agency having jurisdiction may grant an additional extension for up to one hundred twenty (120) days to the inspection interval covered by the Certificate of Operation on receipt of a request stating that an emergency exists. However, before an extension is allowed, the Authorized Inspector shall make an external inspection and items (1) through (4) of this Section must be complied with. Art. 5221f. Manufactured Housing Standards
Act

Short Title
Sec. 1. This Act may be cited as the Texas Man-
ufactured Housing Standards Act.

Purpose
Sec. 2. The legislature finds that there is a
growing need to provide the citizens of the state
with safe, affordable, and well-constructed housing.
The legislature finds that manufactured housing
has become a primary housing source of many of
the state’s citizens. It is the specific intent of the
legislature to encourage the construction of housing for the state's citizens and to improve the general welfare and safety of purchasers of manufactured housing in this state. The legislature finds that existing statutes and regulations are not adequate to provide for the full protection of the consumer and to prevent certain discriminations that exist in the state with regard to manufactured housing. The legislature finds that it is the responsibility of the state to provide for the protection of its citizens who desire to purchase housing by imposing certain regulations on the construction and installation, to provide economic stability of manufactured housing manufacturers, retailers, installers, and brokers, and to provide fair and effective consumer remedies. In recognition of these findings, the legislature deems it necessary to expand various regulatory powers to deal with these problems. The legislature finds this to be the most economical and efficient means of dealing with this problem and serving the public interest. Accordingly, this Act shall be liberally construed and applied to promote its underlying policies and purposes.

Definitions

Sec. 3. Whenever used in this Act, unless the context otherwise requires, the following words and terms have the following meanings:

(a) "Mobile home" means a structure that was constructed before June 15, 1976, transportable in one or more sections, which, in the traveling mode, is eight body feet or more in width or 40 body feet or more in length, or, when erected on site, is 320 or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems.

(b) "Retailer" means any person engaged in the business of buying for resale, selling, or exchanging manufactured homes or offering such for sale, exchange, or lease-purchase to consumers. No person shall be considered a retailer unless engaged in the sale, exchange, or lease-purchase of two or more manufactured homes to consumers in any consecutive 12-month period.

(c) "Manufacturer" means any person who constructs or assembles manufactured housing for sale, exchange, or lease-purchase within the state.

(d) "Department" means the Texas Department of Labor and Standards.

(e) "Person" means an individual, partnership, company, corporation, association, or other group, however organized.

(f) "Broker" means a person engaged by one or more other persons to negotiate or offer to negotiate bargains or contracts for the sale, exchange, or lease-purchase of a manufactured home to which a certificate or document of title has been issued and is outstanding. A broker may or may not be an agent of any party involved in the transaction. A person who maintains a location for the display of manufactured homes is not a broker but is a retailer. The term shall not apply if the manufactured home is affixed to a permanent foundation, manufacturer’s certificate or the document of title is canceled, and the home is offered as real estate; however, the provisions of The Real Estate License Act (Article 6573a, Vernon’s Texas Civil Statutes) shall apply.

(g) "Consumer" means any person who seeks or acquires by purchase, exchange, or lease-purchase a manufactured home.

(h) "Decal" means a device or insignia issued by the department that is permanently affixed to each transportable section or modular component of each modular home to indicate compliance with the standards, rules, and regulations established by the department.

(i) "Seal" means a device or insignia issued by the department to be affixed to used mobile homes to indicate compliance with the standards, rules, and regulations established by the department. The seal shall remain the property of the department.

(j) "Label" means a device or insignia issued by the department to indicate compliance with the standards, rules, and regulations established by the department. The label shall remain the property of the department.

(k) "Installation," when used in reference to manufactured homes, means the transporting of manufactured homes or manufactured home components to the place where they will be used by the consumer, the construction of the foundation system, whether temporary or permanent, and the placement and erection of a manufactured home or manufactured home components on the foundation system, and includes supporting, blocking, leveling, securing, anchoring, and proper connection of multiple or expandable sections or components, the installation of air conditioning, and minor adjustments.

(l) "Installer" means any person, including a retailer or manufacturer, who performs installation functions on manufactured housing.

(m) "Alteration" means the replacement, addition, and modification, or removal of any equipment or its installation after sale by a manufacturer to a retailer but prior to sale and installation by a retailer to a purchaser which may affect the construction, fire safety, occupancy, plumbing, heat producing or electrical system. It includes any modification made in the manufactured home which may affect the compliance of the home with the standards, but it does not include the repair or replacement of a component or appliance requiring plug-in to an electrical receptacle where the replaced item is of the same configuration and rating as the one being
replaced. It also does not include the addition of an appliance requiring "plug-in" to an electrical receptacle, which appliance was not provided with the manufactured home by the manufacturer, if the rating of the appliance does not exceed the rating of the receptacle to which it is connected.

(a) "Lease-purchase" means to enter into a lease contract with a provision conferring on the lessee an option to purchase the manufactured home.

(b) "Commissioner" means the Commissioner of the Texas Department of Labor and Standards.

The term includes the plumbing, heating, air-conditioning, and electrical systems. It is expressly provided, however, that the term modular home shall not mean nor apply to: (i) housing constructed of sectional or panelized systems not utilizing modular components; (ii) any ready-built home which is constructed so that the entire living area is contained in a single unit or section at a temporary location for the purpose of selling it and moving it to another location; and (iii) any dwelling constructed in modules incorporating concrete as the basic and predominant structural component.

(e) "Salesperson" means any person who for any form of compensation sells or lease-purchases or offers to sell or lease-purchase manufactured housing to consumers as an employee or agent of a retailer or broker.

(f) "Manufactured housing" or "manufactured home" means a HUD-code manufactured home, a mobile home, or a modular home and collectively means and refers to all three.

(g) "Registrant" means any person who has registered with the department and has been issued a certificate of registration as a manufactured housing manufacturer, retailer, broker, salesperson, recycler, or installer.

(h) "HUD-code manufactured home" means a structure, constructed on or after June 15, 1976, according to the rules of the United States Department of Housing and Urban Development, transportable in one or more sections, which, in the traveling mode, is eight body feet or more in width or 40 body feet or more in length, or, when erected on site, is 320 or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems.

(i) "Advertising" or "advertisement" means any commercial message which promotes the sale, exchange, or lease-purchase of manufactured homes and which appears in, or is presented on, radio, television, a public-address system, newspapers, magazines, leaflets, flyors, catalogs, direct mail literature, other printed material, an inside or outside sign or window display, or in point-of-sale literature or price tags. Materials which are educational or that may be required by law do not constitute advertising. Any advertisement relating to manufactured housing shall be considered as an offer to sell, exchange, or lease-purchase to consumers.

(j) "Modular component" means a structural portion of a residential dwelling that is constructed at a location other than the homesite in such a manner that its construction cannot be adequately inspected for code compliance at the homesite without damage or without removal of a part thereof and reconstruction.

Manufactured Housing Standards

Sec. 4. (a) The department shall adopt standards and requirements for the installation and for the construction of manufactured housing, that are reasonably necessary in order to protect the health, safety, and welfare of the occupants and the public. The collection of these standards and requirements is the Texas Manufactured Housing Code.

(2) The department shall adopt standards and requirements for the construction of HUD-code manufactured homes in compliance with the federal standards and requirements established under Title VI of the Housing and Community Development Act of 1974, entitled the National Manufactured Home Construction and Safety Standards Act of 1974.4

(3) The department shall adopt standards and requirements for the construction of modular homes and modular components which, from an engineering performance standpoint, shall be substantially equivalent to the standards and requirements contained in the Standard (Southern) Building Code or the Uniform Building Code and the National Electrical Code as those codes existed on January 1, 1983, for the construction of residential dwellings. If these codes are revised after January 1, 1983, the department shall appropriately revise the standards and requirements to conform with those revisions if such revisions are in the public interest and consistent with the purposes of this Act.

(b) The department shall adopt standards and requirements for the installation of all manufactured housing in the state that are necessary for the protection of the health, safety, and welfare of all the citizens. The standards must assure that manu-
factured housing in the first two tiers of coastal counties in the state is capable of withstanding winds of hurricane-force velocity of not less than 165 miles per hour and that manufactured housing in all other counties of the state is capable of withstanding winds of a minimum gale-force velocity.

(1) The requirements and standards for the installation of mobile homes as adopted by the department in existence on August 31, 1979, remain in force until amended in accordance with the procedure set forth in this section.

(2) All manufactured housing must be installed in compliance with the standards, rules, regulations, or administrative orders of the department.

(c) A political subdivision of this state, without the express approval of the department following a hearing on the matter, may not adopt different standards from those promulgated by the department for the construction or installation of manufactured housing within the political subdivision.

(d) Before the adoption or promulgation of any standards or requirements authorized by this section, any change in or addition to the standards authorized in this section, or the approval of different standards by any political subdivision, the department shall publish a notice and conduct a public hearing in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6232-13a, Vernon's Texas Civil Statutes), not sooner than the 30th day following the publication of notice.

(e) Any requirement or standard or modification, amendment, or repeal of a requirement or standard adopted by the department shall state the date it shall take effect.

(f) The department shall cooperate with all units of local government in this state and shall authorize local units of government, on request, to make and perform inspection and enforcement activities related to the construction of foundation systems and the erection and installation of manufactured housing at the homesite pursuant to contracts or other official designations and the rules and regulations of the department. The department shall encourage local building inspection officials to perform enforcement and inspection activities for manufactured housing installed within the local governmental unit and may establish cooperative inspection training programs. The department may withdraw the authorization if the local governmental unit fails to follow the rules, regulations, interpretations, and written instructions of the department.

Regulations

Sec. 6. (a) It is unlawful for any manufacturer to construct HUD-code manufactured homes in this state for sale or resale unless such manufacturer has supplied the department with proof of acceptance by a Design Approval Primary Inspection Agency authorized by the Department of Housing and Urban Development, has purchased the required labels, and has all HUD-code manufactured homes manufactured in this state inspected by an accepted In-Plant Inspection Agency authorized by the Department of Housing and Urban Development. It is unlawful for a manufacturer to ship HUD-code manufactured homes into the state for sale or resale unless the manufacturer has complied with all requirements of the National Manufactured Home Construction and Safety Standards Act of 1974 and all standards, rules, and regulations of the Department of Housing and Urban Development.

(b) It is unlawful for any manufacturer to construct modular homes or modular components in the state or to ship modular homes or modular components into the state for sale or resale unless constructed to the code and unless the manufacturer has received approval by the department of the design and specifications for the construction of its modular homes or modular components and of its quality control program to assure compliance with the requirements and standards of the Texas Manufactured Housing Standards Code, has purchased the required decals, and has the modular homes or modular components inspected pursuant to the regulations of the department.

(c) Before the sale of a manufactured home to a consumer and before its installation, it is unlawful for any manufacturer, retailer, broker, or installer to make any alteration on a manufactured home to which a seal, label, or decal has been affixed or cause such an alteration to be made, unless prior written approval has been obtained from the department.

(g) A person may not make any announcement concerning the sale, exchange, or lease-purchase of, nor offer to sell, exchange, or lease-purchase, a
manufactured home to consumers in this state through any form of advertising unless such person is a duly registered manufacturer, retailer, or broker. This prohibition against advertising shall not apply to a person to whom a certificate or document of title has been issued showing such person to be the owner of the home, provided that such person does not offer to sell, exchange, or lease-purchase two or more manufactured homes in any consecutive 12-month period. This prohibition also shall not apply to the advertising of real estate on which a manufactured home has been permanently attached and affixed.

(b) It is unlawful for a retailer to purchase for resale to a consumer, or to sell, exchange, or lease-purchase or offer to sell, exchange, or lease-purchase, any new manufactured home which was not constructed by a registered manufacturer.

(c) It is unlawful for any manufacturer, retailer, or installer to purchase, use, or possess any recycled tires, wheels, and axles for manufactured homes except those acquired from a person registered with the department as an approved recycler.

(d) It is unlawful for a retailer or broker to use the phrase “no down payment” or “nothing down,” or any similar phrase or term in any advertisement, without identifying in the advertisement the specific source of the funds for the loan or credit advance and setting forth the conditions of qualification of the purchaser for approval of the loan or credit advance without down payment. This prohibition shall not apply to credit transactions to be guaranteed by the Veterans Administration of the United States provided that the phrase or term includes the words “to qualified veterans.

(e) It is unlawful for a retailer or broker to fail to comply with the requirements and provisions of the Texas Credit Code or the federal Truth-in-Lending Act or to advertise any interest rate or finance charge which is not expressed as an annual percentage rate.

(f) It is unlawful for a retailer to set forth in any retail installment sales contract or other credit document any down payment unless all of the down payment has actually been received by the retailer at the time of execution of the contract or document. If any part of the down payment is represented by a loan, trade-in, or any consideration other than cash, this fact shall be expressly set forth on the retail installment sales contract or credit document. No amount of the cash down payment shall be from any rebate or other consideration received by, or to be given to, the consumer from the retailer.

Registration

Sec. 7. (a) A person may not construct or assemble a manufactured home in the state or ship a manufactured home into the state, unless the person is registered as a manufactured housing manufac
turer by the department and possesses a valid manufacturer’s certificate of registration.

(b) A person may not sell, exchange, lease-purchase, or offer to sell, exchange, or lease-purchase two or more manufactured homes to consumers in the state in any consecutive 12-month period, unless the person possesses a valid manufactured housing retailer’s certificate of registration.

(c) A person may not offer to negotiate or negotiate for others a bargain or contract for the sale, exchange, or lease-purchase of two or more manufactured homes to consumers in the state in any 12-month period, unless the person possesses a valid manufactured housing broker’s certificate of registration.

(d) A person may not perform any installation functions on manufactured housing in the state, unless the person possesses a valid installer’s certificate of registration and files proof of insurance as required by the department. The department may issue a temporary installer’s certificate of registration to a homeowner for the installation of the owner’s home in accordance with applicable requirements, standards, and regulations of the department, on application and payment of the required fee and on submission of proof of insurance by the owner as required by the department.

(e) Each applicant for a certificate of registration as a manufacturer, retailer, broker, or installer must file with the department an application for registration containing the following information:

1. the legal name, address, and telephone number of the applicant;
2. the trade name by which the applicant does business and, if incorporated, the name registered with the secretary of state and the address of the business; and
3. the dates on which the applicant became the owner and operator of the business.

(f) Each application for a certificate of registration must be accompanied by proof of the security required by this Act and payment of the required fee for the issuance of the certificate.

(g) All certificates of registration are valid for one year from the date of issue and are renewable annually on payment of the annual fee; provided, however, that the initial certificates of registration issued to registrants as of September 1, 1979, may be issued for periods of less than one year and the annual fee shall be prorated proportionally.

(h) The department by rule may adopt a system under which the licenses issued under this article expire on various dates during the year. For the year in which the expiration date is changed, license fees payable on the date of issuance shall be prorated on a monthly basis so that each licensee shall pay only that portion of the license fee that is applicable to the number of months during which the license is valid. On renewal of the license on
the new expiration date, the total license fee is payable.

(i) If a change occurs in the information filed with the department under Subsection (e) of this section, the applicant shall file an amendment to his or her application that states the correct information.

(j) While acting as an agent for a registrant, an employee is covered by the business entity's certificate of registration and is not required to be individually registered. An independent contractor or business entity may not operate under the certificate of registration of another business entity except as an agent or subcontractor of a registered installer who shall remain fully responsible for all installation functions performed by such agent as subcontractor except as provided in Subsection (m) of this section.

(k) The commissioner, after notice and hearing, may revoke or suspend for a definite period of time and for a particular geographic area any certificate of registration issued under this Act if the commissioner finds that the registrant:

(1) knowingly and willfully violated any provision of this Act or any rule or regulation made pursuant to this Act after receipt of actual notice of any failure to comply;

(2) without lawful authorization retained or converted any money, property, or any other thing of value from consumers in the form of down payments, sales and use taxes, deposits, or insurance premiums;

(3) failed to deliver proper title documents or certificates of title to consumers;

(4) failed to give or breached any manufactured home warranty required by this Act or by the Federal Trade Commission;

(6) failed to furnish or file any reports required by the department for the administration and enforcement of this Act.

(l) The commissioner shall conduct any hearing involving the revocation or suspension of a certificate of registration in accordance with the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon's Texas Civil Statutes).

(m) A retailer or an installer may not contract with any person for the installation of any air-conditioning equipment, devices, or components in connection with the installation of a manufactured home unless the person is registered as an installer with the department or is otherwise licensed by the state as an air-conditioning contractor. This subsection shall not apply to a new manufactured home being installed on a permanent foundation within a municipality which regulates air-conditioning contractors unless some other state statute provides otherwise.

(n) A person may not act as a salesperson of manufactured housing unless the person is registered with the department. Each applicant for a certificate of registration shall file with the department an application giving such information as the department deems necessary and pay the required fee. The owner of a sole proprietorship, a partner in a partnership, or an officer of a corporation which is duly registered as a retailer or broker does not have to register as a salesperson so long as such individual is properly listed in the retailer's or broker's application for registration. The salesperson is the agent of the retailer or broker, and the department may require the execution of an appropriate agency designation.

(o) A person may not acquire or purchase, or sell or offer to sell, any recycled tires, wheels, or axles for manufactured homes unless the person is duly registered with the department. Each applicant for a certificate of registration shall file with the department an application giving the information as the department deems necessary and pay the required fee.

If the used mobile home does not have a seal or label, the retailer or broker must apply to the department for a seal with an affidavit that the manufactured home is habitable.

(1) a copy of the proposed changes and additions; and

(2) the time and place that the department will consider any objections to the proposed changes and additions.

(e) After giving the notice required by Subsection (d) of this section, the department shall afford interested persons an opportunity to participate in the rule-making through submission of written data, views, or arguments with or without opportunity to present the same orally on any matter.

(f) Every rule or regulation or modification, amendment, or repeal of a rule or regulation adopted by the department shall state the date it shall take effect.

(h) The department through its authorized representatives is authorized to enter at reasonable times and without advance notice any factory, warehouse, establishment, or location of a registrant to make any inspections that are reasonably required to determine whether a registrant is in compliance with this Act and the rules, regulations, and administrative orders promulgated under this Act.

(i) The department is authorized to inspect, at reasonable times and within reasonable limits and in a reasonable manner, any such factory, warehouse, or establishment, and to inspect such books, papers, records, plans, and documents as may reasonably be required. (j) The department may employ state inspectors to carry out the functions required of the department pursuant to this Act, to effectuate the provisions of this Act, and to enforce the rules, regulations, and administrative orders promulgated pursuant to this Act. The department may authorize state inspectors to travel inside or outside of the state to inspect manufacturing facilities in connection with the enforcement of this Act.

(k) The department may contract with any federal agency or any agency or political subdivision of any state for the performance of any inspections or inspection programs pursuant to this Act or the rules and regulations of the department to assure that manufactured homes sold or installed in the state comply with the Texas Manufactured Housing Standards Code.

(l) The department may enter into contracts with the Department of Housing and Urban Development or its designees to monitor the Department of Housing and Urban Development programs.

(m) When necessary or required by law, the department may obtain inspection search warrants.

2. 42 U.S.C.A. § 5401 et seq.

Fees

Sec. 11. (a) There shall be a fee in an amount set by the commissioner for the inspection of the installation of mobile and HUD-code manufactured homes which shall be paid by the installer of the home. Said fee shall be paid to the state and shall accompany notification to the department of the exact location of the home. The department shall make appropriate fee distributions to local governmental units performing inspections pursuant to contracts or other official designations.

(b) Looking for guidance to the rules and regulations promulgated under Title VI of the Housing and Community Development Act of 1974 and to that Act itself, the commissioner shall set fees for the following functions:

(1) There shall be a schedule of fees for the review of HUD-code manufactured home blueprints and supporting data when the department acts as a Design Approval Primary Inspection Agency. This fee shall be paid by the manufacturer seeking approval.

(2) There shall be an inspection fee on all HUD-code manufactured homes manufactured or assembled within the State of Texas. This fee shall be paid by the manufacturer of the home. The manufacturer shall also be charged for the actual cost of travel for representatives of the department to and from the manufacturing facility.
(3) The fees in Subsections (1) and (2) shall not be applicable when an accepted inspection agency authorized by the Department of Housing and Urban Development, other than the department, acts as the Design Approval Primary Inspection Agency or the In-Plant Inspection Agency.

(4) There shall be a fee for inspection of used mobile and HUD-code manufactured homes at retailer locations to check compliance with the code and to determine if the home has been damaged in transit. This fee shall be paid by the retailer in possession of the homes at the time the inspection was made. For any given home at a retailer location, this fee may not be assessed more than one time.

(5) There shall be a fee charged on an hourly basis for inspection of alterations made upon the structure, plumbing, heating, or electrical systems of HUD-code manufactured homes. This fee shall be paid by the person making the alteration. The person shall also be charged for the actual cost of travel for representatives of the department to and from the place of inspection.

(6) There shall be a fee for the issuance of seals for used mobile or HUD-code manufactured homes which shall be paid by the retailer or broker.

(e) The installer of a modular home shall pay to the state a fee set by the commissioner for the inspection of the installation of the modular home. (h) The commissioner shall set each fee imposed under this section in an amount that is reasonable and necessary to defray the costs of administering this Act.

142 U.S.C.A. § 5401 et seq.

Sec. 12. [Deleted.]

Security Required

Sec. 13. (a) The department may not issue a certificate of registration, unless the applicant first files a surety bond, a cash deposit, or other security in such form as the commissioner may prescribe and a written irrevocable designation of the commissioner as agent for service of legal process.

(b) If a surety bond is filed, it shall be continuous and remain in effect until cancelled by the surety company with notice as provided by this Act. A cash deposit or other security need not be posted annually so long as the applicable amount specified in this section remains posted. If a claim is made against a cash deposit causing the deposit to be lessened, the depositor has 20 calendar days in which to deposit additional money or other security so that compliance may be had with the requirements of this section. If the deficit is not eliminated within 20 days, the certificate of registration of the inadequately covered manufacturer, retailer, broker, or installer is immediately suspended. If a bond is cancelled, the certificate of registration is immediately suspended.

(c) If a cash deposit or other security is posted, the interest from said deposit shall go to the department.

(d) The bond shall be a surety bond issued by a company authorized to do business in this state and recovers' and installers' certificates of registration; and

(5) a fee for the issuance of decals that shall be paid by the manufacturer.

Art. 5221f
shall be in conformity with the Insurance Code. The cash deposit or other security shall be in such a form as the commissioner may deem appropriate.

(e) The bond, cash deposit, or other security shall be to the state for the use by a consumer, the state, or any political subdivision thereof who secures any judgment against a manufacturer, retailer, broker, or installer for damages, restitution, or expenses including reasonable attorney's fees resulting from a cause of action connected with the sale, lease-purchase, exchange, brokerage, or installation of a manufactured home, including but not limited to:

1. retention or conversion of money, property, or any other thing of value from consumers in the form of down payments, any sales and use taxes, deposits, or insurance premiums;
2. failure to give proper title documents or certificates of title to consumers;
3. failure to give or the breach of any manufactured home warranty required by this Act or by the Federal Trade Commission or the violation of any requirements of the Texas Credit Code or of the federal Truth-in-Lending Act; or
4. engaging in any false, misleading, or deceptive acts or practices as the term is set forth in and as those acts or practices are declared unlawful by the provisions of Chapter 17, Subchapter E, Business & Commerce Code. The bond or other security shall not be liable for judgments resulting from tort claims, except as expressly set forth hereinabove, nor for any punitive, exemplary, or treble damages. A consumer, the state, or any political subdivision thereof may recover against the principal or surety jointly and severally for such damages, restitution, or expenses; provided, however, that in no event shall a surety or the cash deposit or other security posted under this section be liable for an amount in excess of actual damages, restitution, or expenses, including reasonable attorney's fees. Any judgment obtained against a principal is conclusive against the surety or other security if notice of the filing of suit is given as required by this section.

The bond or other security shall be open to successive claims up to the amount of face value of the bond or other required security. The surety shall not be liable for successive claims in excess of the bond amount, regardless of the number of years the bond remains in force.

(f) A consumer shall inform the manufacturer, retailer, or installer, and the department of any claim against the bond or security no later than two years after the purchase of the mobile home. Whenever the department receives notice of a claim against a bond, the department shall promptly notify the bonding company involved. If the consumer claim results in a private lawsuit being filed by the consumer, the consumer shall notify the attorney general's office and the surety company by certified mail of the filing of the lawsuit. At the time of sale or delivery of a manufactured home to a consumer, the consumer must be given conspicuous written notification of this two-year limit and the notice requirements.

(g) Any manufacturer, retailer, broker, or installer who maintains a place of business at one or more locations shall file with the department a separate bond or other security for each location. Property used for the business that is not contiguous to a bonded location requires a separate bond. Any location at which a manufactured home is shown to the public or is offered for sale, exchange, or lease-purchase by a retailer to consumers is a location which is required to be bonded. A manufactured home installed on a permanent foundation system and offered for sale as real estate is not a business location that requires a bond. A temporary location for a bona fide trade show sponsored by a nonprofit corporation which qualifies for tax exemption pursuant to Section 501(c) of the U.S. Internal Revenue Code 1 is not a location which requires a bond.

(h) A manufacturer shall be bonded, supply a cash deposit or other security in the amount of $100,000. A retailer shall be bonded, supply a cash deposit or other security in the amount of $50,000. A broker shall be bonded, supply a cash deposit or other security in the amount of $40,000. An installer shall be bonded, supply a cash deposit or other security in the amount of $10,000. Retailers, brokers, and installers registered with the department and bonded prior to September 1, 1983, shall have until January 1, 1984, to provide the additional amount of bond, cash deposit, or other security required by this Act. A retailer holding a valid certificate of registration shall not be required to be bonded or file any security to secure a certificate of registration as a broker or an installer.

(i) The bonding company must provide written notification to the department at least 60 days prior to the cancellation of any bond required by this Act. Any cash deposit or other security on file with the department shall remain on file with the department two years after the person ceases business as a manufacturer, retailer, broker, or installer or at such time as the department may determine that no claims exist against the cash deposit or security.

Sec. 14. (a) After the effective date of this Act, all new manufactured homes sold to consumers in the state shall be covered by the manufactured home warranty set forth in this section.

(b) The manufactured home warranty provided for in this Act is given by the manufacturer of the manufactured home.

(c) The manufactured home warranty shall be set forth in a separate written document; shall be delivered to the consumer by the retailer at the time the contract of sale is signed; and shall contain, but is not limited to, the following terms:
(1) that the manufactured home complies with the code;
(2) that the warranty shall be in effect for a period of at least one year from date of sale or initial installation, whichever is later;
(3) that the manufactured home and all appliances and other equipment installed and included therein by the manufacturer or retailer are free from defects in materials or workmanship;
(4) that the manufactured home is installed in accordance with all standards, rules, regulations, administrative orders, and requirements of the department;
(5) that the manufacturer or the retailer or both shall take appropriate corrective action within a reasonable period of time in instances of defects in materials or workmanship, or failures to comply with the code;
(6) that the warranty contains the address of the retailer and manufacturer where notices of defects may be given; and
(7) that the purchaser shall notify either the manufacturer or the retailer or both in writing of the need for appropriate corrective action in instances of defects in materials or workmanship or in failures to comply with the code.

(d) The manufacturer and retailer are jointly and severally liable to the consumer for the fulfillment of the manufactured home warranty.
(e) For all secondary installations not covered by the new home warranty as set forth in Subsection with all standards, requirements, rules, regulations, severally liable to the consumer for the fulfillment of defects in materials or workmanship;
(f) If the new manufactured home is moved from the initial installation site during the term of the warranty period, the new home warranty shall not apply to any defect or damage caused by the move. Conspicuous notice of this provision shall be given to the consumer at the time of sale. The burden of proof is placed on the warrantor to establish that the defect is caused by the move.
(g) In any action brought against a registrant for failure to perform warranty service or repairs, the $1,000 limitation set forth in Section 17.60(b)(1) of Subchapter E, Chapter 17, Business & Commerce Code, shall be adjusted to reflect changes in the Consumer Price Index for Urban Wage Earners and Clerical Workers: U.S. City Average, All Items, 1967 = 100, compiled by the Bureau of Labor Statistics, United States Department of Labor. The $1,000 limitation shall be increased or decreased by multiplying the $1,000 limitation by the percentage of increase or decrease in the Consumer Price Index from the 1967 base of 100 to the time at which damages are awarded by final judgment or settlement and adding or subtracting such resulting amount to or from the $1,000 limitation.

Judicial review
Sec. 16. (a) Any party to a hearing aggrieved by the decision or order of the commissioner may secure judicial review thereof in the following manner:
(1) The petition must be filed in a district court of Travis County, Texas, within 30 days after the decision or order of the commissioner becomes final.
(2) The filing of a petition for review shall not itself stay the effect of the decision or order complained of, but the commissioner or the reviewing court may order a stay upon appropriate terms and if a stay is so granted no supersedeas bond shall be required.
(3) Service of process: the petition for review shall be served on the commissioner and upon all parties of record in any hearing before the commissioner in respect to the matter for which review is sought. After service of such petition upon the commissioner and within the time permitted for filing an answer, or as soon thereafter as the record is made available to the commissioner, the commissioner shall certify to the district court in which such petition is filed the record of the proceedings to which the petition refers. The cost of preparing and certifying such record shall be paid to the commissioner by the petitioner and taxed as part of the cost in the case, to be paid as directed by the court upon final determination of said cause.
(4) The review of any decision or order of the commissioner shall be tried by the court without a jury in the same manner as civil actions generally, but no evidence shall be admissible which was not adduced at the hearing.
(5) The burden of proof shall be on the plaintiff. The reviewing court may affirm the action complained of or remand the matter to the commissioner for further proceedings.
(6) Appeals from any final judgment may be taken by either party in the manner provided for in civil actions generally, but no appeal bond shall be required of the commissioner.

Penalties
Sec. 17. (a) A person, individual, or director, officer, or agent of a corporation who knowingly and willfully violates a provision of this Act or any rule, regulation, or administrative order of the department in a manner that threatens the health or safety of any purchaser or consumer commits a misdemeanor and on conviction shall be fined not more than $1,000 or shall be confined in the county jail not longer than one year or both.
(b) Any person who violates any provision of this Act or the rules and regulations of the department may be assessed a civil penalty to be paid to the State of Texas in an amount not to exceed $1,000 for each such violation as the court may deem proper, except that the maximum civil penalty may not exceed $1,000,000 for any related series of violations occurring within one year from the date of the first violation.

(c) Whenever it appears that any person has violated or is threatening to violate any of the provisions of this Act or of the rules, regulations, and administrative orders of the department, either the attorney general or the department may cause a civil suit to be instituted either for injunctive relief to restrain the person from continuing the violation or threat of violation or for the assessment and recovery of the civil penalty or for both.

(d) Failure by a manufacturer or retailer to comply with the warranty provisions of this Act or any implied warranties or the violation of any provision of this Act by any person is a deceptive trade practice in addition to those practices delineated in Chapter 17, Subchapter E, Business & Commerce Code and is actionable pursuant to said subchapter. As such, the venue provisions and all remedies available in said subchapter apply to and are cumulative of the remedies in this Act.

(e) Civil suits filed pursuant to this section shall be filed in a district court in Travis County, Texas, or in the county in which the violation, or threat of violation, occurred.

1 Business and Commerce Code, § 17.61 et seq.

Miscellaneous Provisions

Sec. 18. (a) Any waiver by a consumer of the provisions of this Act is contrary to public policy and is unenforceable and void.

(b) No provision of this Act shall exclude any other remedy available at law or equity to the consumer.

(c) If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

(d) If a retailer, broker, salesperson, or installer does not possess a valid certificate of registration at the time of entering into any contract with a consumer, the contract between the consumer and the retailer, broker, salesperson, or installer is voidable at the option of the consumer. (f) Notwithstanding any provisions of any other statute, regulation, or ordinance to the contrary, an installer is not required to secure any permit, certificate, or license or pay any fee for the transportation of manufactured housing to the place where it is to be installed except as required by the department or the State Department of Highways and Public Transportation. The State Department of Highways and Public Transportation shall cooperate with the department in the routing of the transportation of housing and shall not issue any permits for the transportation of manufactured housing except to persons holding valid certificates of registration issued by the department.

(g) A local governmental unit may not require any permit, fee, bond, or insurance for the installation of manufactured housing by a registered installer except as may be approved by the department.

(4) "Identification number" means the permanent number affixed to, or imprinted on, a manufactured home or section of the home as prescribed by the rules of the department.

(5) "Inventory" has the meaning given it by Section 9.109(4), Business & Commerce Code, as amended.

(6) "Lien" means a security interest that is created by any kind of lease, conditional sales contract, deed of trust, chattel mortgage, trust receipt, reservation of title, or other security agreement of whatever kind or character if an interest, other than an absolute title, is sought to be held or given in a manufactured home, and any lien on a manufactured home that is created or given by the constitution or a statute.

(7) "Manufacturer's certificate" means a document, or a form prescribed by the department, that shows the original transfer of a manufactured home from the manufacturer to the retailer, and if presented with an application for a document of title, the certificate must show, on a form prescribed by the department, each subsequent transfer between retailers and retailer to owner.

(8) "Mortgagee" means a secured party or any other person who holds a lien on a manufactured home.

(9) "Mortgagor" means a debtor or other person who gives a lien on a manufactured home, any person who agrees that a lien may be retained on the home or any part of it, or any person against whom a lien arises under the constitution or a statute.

(10) "Secured party" has the meaning given it by Section 9.105(a)(13), Business & Commerce Code.

(11) "Security interest" has the meaning given it by Section 1.201(37), Business & Commerce Code.

(12) "Security agreement" has the meaning given it by Section 9.105(a)(12), Business & Commerce Code.

(13) "Subsequent sale" means a bargain, sale, transfer, or delivery with intent to pass an interest, other than a lien, to a manufactured home from a person to another person subsequent to the first retail sale and initial issuance of a document of title.

(b) The department shall prescribe forms and adopt rules relating to manufacturer's certificates, to applications for documents of title, and to the issue of documents of title at the first retail sale and for each subsequent sale or transfer of a manufactured home.

(c) At the first retail sale, the retailer and purchaser shall apply for the issuance of a document of title. As a part of the application, the retailer shall surrender the original manufacturer's certificate. At a subsequent sale or transfer the seller and purchaser, or the transferor and transferee, shall apply for the issuance of a new document of title. As a part of the application, the seller or transferor shall surrender the original document of title. The department shall review the application and issue a document of title if the department is satisfied that the document of title should be issued.

(d) If there are no liens registered or recorded, the department shall issue a document of title marked "ORIGINAL" on its face and shall send the original by first class mail to the purchaser or transferee at the address on the application. If a lien is shown in the application or recorded with the department, the department shall issue a document of title marked "ORIGINAL" on its face and send the original by first class mail to the first lienholder. The department shall mail, first class, a copy of the document of title conspicuously marked "NONTRANSFERABLE COPY" on its face to the purchaser or transferee and any other lienholder at the address shown on the application.

(e) The owner designated in the original document of title must transfer the title on a form prescribed by the department before a manufactured home may be conveyed, transferred, or otherwise disposed of at a subsequent sale. The form must include any information the department requires and must include an affidavit that the person signing is the owner of the manufactured home and that there are no liens on the home except a lien shown on the document of title or described in the affidavit. A title to a manufactured home may not pass or vest at a subsequent sale until the transfer is executed as provided by this section and an application for the issuance of a new document of title is sent to the department.

(f) When the ownership of a manufactured home in this state is transferred by operation of law, as in an inheritance, a devise, or a bequest, bankruptcy, receivership, judicial sale, or any involuntary divestiture of ownership, the department shall issue a new document of title when the department is provided with a certified copy of the order or bill of
sale from an officer making a judicial sale, or the order appointing a temporary administrator, the probate proceedings, the letters testamentary, the letters of administration, or an affidavit by all of the heirs at law showing that no administration is necessary and showing in whose name the certificate should be issued. If a security interest or other lien is foreclosed in accordance with law by nonjudicial means and the secured party or other mortgagor files an affidavit with the department showing the nonjudicial foreclosure in accordance with law, the department may issue a new document of title in the name of the purchaser at the foreclosure sale. If the foreclosure is of a constitutional or statutory lien and the mortgagee files an affidavit showing the creation of the lien and of the divestiture of title because of the lien in accordance with law, the department may issue a new document of title in the name of the purchaser. If an agreement providing for right of survivorship is signed by the husband and wife and if on the death of either spouse the department is provided with a copy of the death certificate of the deceased spouse, the department shall issue a new document of title to the surviving spouse.

(g) If an original document of title is lost or destroyed, the owner or lienholder may obtain a certified copy of the original from the department by making an affidavit on a form prescribed by the department; but the department shall issue the certified copy only to the first lienholder if a lien is disclosed on the original. The certified copy shall be conspicuously marked “CERTIFIED COPY OF ORIGINAL” on its face. If the original is recovered, the owner or lienholder shall immediately surrender the original to the department with the certified copy of the original document of title, and the department shall issue a new original document of title.

(h) The department shall record all state tax liens as filed by the comptroller on manufactured homes installed for use and occupancy in this state. The department may not issue or transfer the title to a manufactured home if a state tax lien has been filed, unless the tax is paid. On receipt of a notice that the comptroller has filed a lien, the department shall notify the owner and all lienholders.

(i) A lien on the manufactured homes in the inventory is perfected by filing a security agreement, with the department in a form that contains the information the department requires. Failure to pay or satisfy any inventory lien filed and recorded against a manufactured home pursuant to the terms of the security agreement by the retailer is sufficient cause to revoke or suspend the retailer’s registration with the department.

(j) If a manufactured home is affixed to real estate by installation on a permanent foundation, as defined by the department, the manufacturer’s certificate or the original document of title may be surrendered to the department for cancellation. The address and location of the real estate must be given to the department when the certificate or document of title is surrendered. The department may require the filing of other information. The department may not cancel a manufacturer’s certificate or a document of title if a lien has been registered or recorded on the manufactured home. If a lien has been registered or recorded, the department shall notify the owner and each lienholder that the title and a description of the lien have been surrendered to the department and that the department will not cancel the title until the lien is released. Permanent attachment to real estate does not affect the validity of a lien recorded or registered with the department before the manufactured home is permanently attached. The rights of a prior lienholder pursuant to a security agreement or the provisions of a credit transaction and the rights of the state pursuant to a tax lien are preserved.

(k) The registration and recordation of a lien with the department is notice to all persons that the lien exists. Liens recorded or registered with the department have priority, in the chronological order of recordation, over other liens or claims against the manufactured home.

(l) Notwithstanding any other provisions of this section, the filing of a security agreement by a secured party perfecting a lien in the inventory of a retailer shall not prevent a buyer in the ordinary course of business as defined by Sections 1.201(9) and 9.307(a) of the Business & Commerce Code from acquiring good title free and clear of such interest, and the department shall not consider such security interest as a lien for the purpose of title issuance.

(m) The department shall furnish each county tax assessor-collector in this state a quarterly report that lists the name of the owner of each manufactured home installed in the county during the preceding calendar quarter, the name of the manufacturer, the model designation, the identification number of each section or module, and the address or location where the manufactured home is installed.

(n) The express provisions of this article supersede any conflicting provisions of the Business & Commerce Code; otherwise, the provisions of the Business & Commerce Code apply to transactions relating to manufactured housing.

(o) A certificate of title to a manufactured home issued pursuant to the Certificate of Title Act, as amended (Article 6857-1, Vernon’s Texas Civil Statutes), before March 1, 1982, is subject to this article. A lien registered or recorded with the State Department of Highways and Public Transportation before March 1, 1982, for the purposes of this article is registered or recorded with the department.

(p) Each month the State Department of Highways and Public Transportation shall send the department either a copy of each permit issued in the preceding month for the movement of manufactured housing on the highways or a list of the permits issued and the information on the permits.
The department shall pay the reasonable cost of providing the copies or the list and information.

(q) The department shall adopt rules consistent with this article for the titling of a manufactured home that has been previously registered or titled in this state or any other state. The rules must protect the lienholder recorded on a certificate or document of title.

(c) The department shall set a fee for issuing titles to manufactured housing; it shall not be higher than is necessary to pay the estimated expenses of administering this section. These fees shall be paid to the State Treasurer and placed in the general revenue fund.

Notice to Consumers Before Title Transfer

Sec. 20. (a) A retailer or manufacturer shall not transfer title to a manufactured home nor otherwise sell, assign, or convey a manufactured home to a consumer without delivering the notice required by this section subject to applicable rules of the department and Subsection (c) of this section. The notice shall be delivered to the consumer prior to the execution of any mutually binding sales agreement or retail installment sales contract.

(b) The notice shall be of such type, size, and format as prescribed by the department. A retailer or manufacturer shall not vary the provisions or form of the notice; it shall read as follows:

WARNING

* CERTAIN BUILDING MATERIALS USED IN THE CONSTRUCTION OF RESIDENTIAL DWELLINGS MAY RELEASE FORMALDEHYDE GAS INTO YOUR HOME OVER A LONG PERIOD OF TIME AND CAUSE OR CONTRIBUTE TO ADVERSE HEALTH EFFECTS.
* FORMALDEHYDE GAS MAY CAUSE EYE, NOSE, AND THROAT IRRITATION, COUGHING, SHORTNESS OF BREATH, SKIN IRRITATION, NAUSEA, DROWSINESS, HEADACHES, AND DIZZINESS. PEOPLE WITH ASTHMA OR OTHER RESPIRATORY PROBLEMS OR ALLERGIES MAY SUFFER MORE SERIOUS REACTIONS, ESPECIALLY PERSONS ALLERGIC TO FORMALDEHYDE.
* PROPER VENTILATION OF YOUR HOME MAY HELP REDUCE THE LEVEL OF FORMALDEHYDE. THEREFORE, PERIODIC AIRING OF YOUR HOME IS RECOMMENDED.
* IF YOU HAVE QUESTIONS CONCERNING FORMALDEHYDE, CONTACT THE TEXAS DEPARTMENT OF LABOR AND STANDARDS. IF YOU HAVE HEALTH PROBLEMS, CONSULT YOUR DOCTOR.

(c)(1) The legislature finds that substantial questions currently exist as to the health effects, if any, of formaldehyde gas; that sufficient evidence is not now available to determine whether or not formaldehyde is a health hazard; and further, that additional research, testing, and hearings are necessary to make these determinations.

(2) The department shall determine whether or not formaldehyde emitted by building products and materials into the ambient air of manufactured housing is a serious health hazard and at what levels or concentrations, if any, it becomes a serious health hazard. This determination shall be made by contracting for appropriate research and for the testing of homes, by collecting data and information through coordination with all appropriate federal agencies and with the Texas Department of Health and Texas Air Control Board, and by conducting and holding hearings as necessary.

(3) If the department determines that there is not a serious health hazard, or that there is not a serious health hazard at or below certain levels or concentrations, the notice requirement contained in Subsection (a) of this section shall not apply except to those manufactured homes in which there is a level or concentration of formaldehyde, if any, deemed by the department to be a serious health hazard.

(4) If it is determined that a serious health hazard exists at certain levels or concentrations, the department shall establish performance standards for building products and materials, prescribe testing procedures and the standards and conditions under which tests shall be conducted, and shall adopt rules and regulations, all as may be deemed necessary for the protection of the health, safety, and welfare of the consumer. The department shall also amend or modify the warning set forth in Subsection (b) of this section as required to assure that the consumer receives adequate information and notice of the health effects, if any, of formaldehyde in indoor ambient air and the risks, if any, of living in the home.

(d) The provisions of this section shall not be deemed to imply or infer that the retailer or manufacturer had, or did not have, prior to the passage of this Act any duty to warn any consumer concerning possible health effects of formaldehyde. Failure to comply with the notice provisions of this section or the performance standards for building products and materials which may be established by the department shall, after the effective date of this section, be evidence of wanton disregard for the health and safety of the consumer; compliance with such notice provisions and standards shall be evidence that the home is habitable and that the manufacturer and retailer had due regard for the health and safety of the consumer.

Sections 2 to 4 of the 1971 amendatory act provided:

"Sec. 2. Effective Date. This Act shall take effect on September 1, 1971.

"Sec. 3. Applicability. No mobile home manufactured or sold prior to the time limitation included in this Act shall be affected by its provisions.

"Sec. 4. Severability Clause. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

Section 2 of the 1973 amendatory act provided:

"If any provision of this Act, or any part thereof, shall be declared or rendered invalid and of no force or effect, such invalidity shall not affect any remaining provisions of the Act, and such remaining provisions shall be severable therefrom just as if such invalid provision or part thereof, had never been included as a part thereof."

Section 19 of the 1979 amendatory act provided:

"This Act takes effect September 1, 1979. The standards and requirements for the construction and installation of modular homes, established by this Act are effective January 1, 1983."

Sections 2 and 3 of Acts 1981, 67th Leg., p. 115, ch. 55, provide:

"Sec. 2. All laws and parts of laws in conflict with this Act are repealed.

"Sec. 3. If any word, phrase, clause, paragraph, sentence, part, or provision of this Act or the application thereof to any person or circumstance shall be held to be invalid or unconstitutional, the remainder of the Act shall nevertheless be valid, and the legislature hereby declares that this Act would have been enacted without such invalid or unconstitutional word, phrase, clause, paragraph, sentence, part, or provision."

Sections 1 and 30 of the 1983 amendatory act provide:

"Sec. 1. The purposes of this Act are to amend the Texas Manufactured Housing Standards Act (Article 5221f, Vernon's Texas Civil Statutes) to conform with amendments to federal law and regulations, to encourage the cooperation of local building officials and the Texas Department of Labor and Standards for the local inspection and enforcement of applicable building codes and regulations relating to manufactured housing, and to add certain additional regulations for the protection of the public health, safety, and welfare. Due to the significantly increasing number of manufactured homes and facilities and that, to the extent practical and feasible, municipalities shall perform inspection and enforcement at the local level.

"Sec. 30. Nothing in this Act shall be construed to limit or diminish, nor increase nor add to, the authority of cities, towns, or villages, including home rule cities, to limit or otherwise regulate the location of manufactured homes, HUD-code manufactured homes, or mobile homes. Whatever authority such municipalities possess prior to the effective date hereof is not altered by this legislation."

Art. 5221i. Purchaser of Unexpired License

The assignee or purchaser of such unexpired occupation license shall be authorized to pursue such occupation under such unexpired license for and during the unexpired term thereof, provided that such assignee or purchaser shall, before following such occupation, comply in all other respects with the requirements of the law provided for in the original applications for such licenses. Nothing in this law shall be so construed as to authorize two or more persons, firms, corporations or associations of persons to follow the same occupation under one license at the same time. Whenever any person, firm, corporation or association of persons following an occupation shall be closed out by legal process, the occupation license shall be deemed an asset of said person, firm, corporation or association of persons, and sold as other property belonging to said person, firm, corporation, or association; and the purchaser thereof shall have the right to pursue the occupation named in said license, or transfer it to any other person; provided, such occupation license shall under no circumstances be transferred more than one time.

(2) to secure for persons within the state freedom from discrimination in certain transactions concerning employment, and thereby to protect their interest in personal dignity; and to make available to the state their full productive capacities, to secure the state against domestic strife and unrest, to preserve the public safety, health, and general welfare, and to promote the interests, rights, and privileges of individuals within the state.

(2) to limit, segregate, or classify an employee or applicant for employment in a way that would deprive or tend to deny an individual of employment opportunities or otherwise adversely affect the status of an employee because of race, color, handicap, religion, sex, national origin, or age.

Employment Agencies

Sec. 5.02. It is an unlawful employment practice for an employer to fail or refuse to refer for employment or otherwise to discriminate against an individual because of race, color, handicap, religion, sex, national origin, or age, or to classify or refer for employment an individual on the basis of race, color, handicap, religion, sex, national origin, or age.

Labor Organizations

Sec. 5.03. It is an unlawful employment practice for a labor organization:
(1) to exclude or to expel from membership or otherwise to discriminate against an individual because of race, color, handicap, religion, sex, national origin, or age;
(2) to limit, segregate, or classify members or applicants for membership or to classify or to fail or refuse to refer for employment an individual because of race, color, handicap, religion, sex, national origin, or age in a way:

(A) that would deprive or tend to deprive an individual of employment opportunities; or
(B) that would limit employment opportunities or otherwise adversely affect the status of an employee or of an applicant for employment; or
(3) that would cause or attempt to cause an employer to violate this article.

Training Programs

Sec. 5.04. Unless the training or retraining opportunities or programs are provided under an affirmative action plan approved according to federal law, rule, or order, it is an unlawful employment practice for an employer, labor organization, or joint labor-management committee controlling an apprenticeship, on-the-job, or other training or retraining program to discriminate against an individual because of race, color, religion, sex, or national origin in admission to or participation in a program established to provide apprenticeship, on-the-job, or other training or retraining opportunities.

Other Discriminatory Employment Practices

Sec. 5.05. (a) It is an unlawful employment practice for an employer, labor union, or employment agency:
(1) to retaliate or discriminate against a person who has opposed a discriminatory practice or who has made or filed a charge, filed a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this Act;
(2) to aid, abet, incite, or coerce a person to engage in a discriminatory practice;
(3) wilfully to interfere with the performance of a duty or the exercise of a power by the commission, one of its staff, or its representatives; or
(4) wilfully to obstruct or prevent a person from complying with the provisions of this Act or a valid rule or order issued under this Act.

(b) Unless handicap, religion, sex, national origin, or age is a bona fide occupational qualification, it is an unlawful employment practice for an employer, labor organization, employment agency, or joint labor-management committee controlling an apprenticeship, on-the-job, or other training or retraining program to publish or print or cause to be printed or published a notice or advertisement relating to employment indicating a preference, limitation, specification, or discrimination based on race, color, handicap, religion, sex, national origin, or age, if the notice or advertisement concerns an employee's status, employment, or admission to or membership or participation in a labor union or an apprenticeship, on-the-job, or other training or retraining program.

Exceptions

Sec. 5.06. This article does not apply to:
(1) the employment of an individual of a particular religion by a religious corporation, association,
or society to perform work connected with the performance of religious activities by the corporation, association, or society;

(2) the employment of an individual by his parent, spouse, or child; or

(3) any labor union, firm, association, or individual participating in a U.S. Department of Labor-approved statewide hometown plan on the effective date of this Act.

Non-discriminatory Practices

Sec. 5.07. (a) Notwithstanding any other provision of this article, it is not an unlawful employment practice:

(1) for an employer to hire and to employ employees, for an employment agency to classify or refer for employment an individual, for a labor organization to classify its members or to classify or refer for employment an individual, or for an employer, labor organization, or joint labor-management committee controlling an apprenticeship, on-the-job, or other training or retraining program to admit or employ an individual in its program, on the basis of handicap, religion, sex, national origin, or age, if handicap, religion, sex, national origin, or age is a bona fide occupational qualification reasonably necessary to the normal operation of the particular business or enterprise;

(2) for a religious educational institution or an educational organization operated, supervised, or controlled, in whole or in substantial part, by a religious corporation, association, or society to limit employment or give preference to members of the same religion;

(3) for an employer to apply different standards of compensation or different terms, conditions, or privileges of employment under a bona fide seniority system, bona fide merit system, or a bona fide employee benefit plan such as a retirement, pension, or insurance plan, which is not a subterfuge to evade this Act, or under a system that measures earnings by quantity or quality of production if those different standards are not discriminatory on the basis of race, color, handicap, religion, sex, national origin, or age, except that no employee benefit plan may excuse a failure to hire on the basis of age and no seniority or employee benefit plan may require or permit involuntary retirement on the basis of age;

(4) for an employer to apply to employees who work in different locations different standards of compensation or different terms, conditions, or privileges of employment if those different standards are not discriminatory on the basis of race, color, handicap, religion, sex, national origin, or age;

(5) for an employer to impose minimum or maximum age requirements for peace officers or fire fighters;

(6) for a public school official to adopt or implement a plan reasonably designed to end discriminatory school practices; or

(7) for an employer to engage in any practice that has a discriminatory effect and that would otherwise be prohibited by this Act if the employer establishes that the practice is not intentionally devised or operated to contravene the prohibitions of this Act and is justified by business necessity.

(b) The employment of one person in place of another, standing by itself, is not evidence of an unlawful employment practice.

No Liability for Good Faith Reliance on Commission Rules

Sec. 5.08. In any action or proceeding based on any alleged unlawful employment practice, no person is subject to any liability arising out of the commission of an unlawful employment practice if he pleads and proves that the act or omission complained of was in good faith, in conformity with, and in reliance on any written interpretation or opinion of the commission.

Imbalance Plans

Sec. 5.09. This Act may not be interpreted to require a public school subject to this Act to grant preferential treatment to an individual or to a group on the basis of the race, color, handicap, religion, sex, national origin, or age of that individual or group because an imbalance exists between the total number or percentage of persons of that individual's or group's race, color, handicap, religion, sex, national origin, or age employed by an employer, referred or classified for employment by an employment agency or labor organization, admitted to membership or classified by a labor organization, or admitted to or employed in any apprenticeship, on-the-job, or other training or retraining program, and the total number or percentage of persons of that race, color, handicap, religion, sex, national origin, or age in any community, this state, region, or other area, or in the available work force in any community, this state, region, or other area.

Application of Act; Persons Employed Outside of Texas

Sec. 5.10. This Act does not apply to an employer with respect to the employment of persons outside the State of Texas.

ARTICLE 6. ADMINISTRATIVE REVIEW

Complaints; temporary relief

Sec. 6.01. (a) A person claiming to be aggrieved by an unlawful employment practice, or the person's agent, may file with the commission a complaint, which must be in writing under oath or affirmation, stating that an unlawful employment practice has been committed, setting forth the facts on which the complaint is based, including the date, place, and circumstances of the alleged unlawful
employment practice, and setting forth facts sufficient to enable the commission to identify the person charged (hereinafter referred to as the respondent). The executive director or his designee shall within 10 days serve the respondent with a copy of the complaint and shall invite both the complainant and respondent to attempt voluntarily to resolve their dispute prior to initiation and completion of an investigation. A complaint under this section must be filed within 180 days after the date the alleged unlawful employment practice occurred; untimely complaints shall be dismissed by the commission. The executive director or any other staff member of the commission designated by the executive director shall investigate a complaint and determine if there is reasonable cause to believe that the respondent has engaged in an unlawful employment practice as alleged in the complaint. If the federal government has referred the complaint to the commission or has deferred jurisdiction over the subject matter of the complaint to the commission, the executive director or his designee shall promptly investigate the allegations set forth in the complaint.

(b) If, after an investigation, the executive director or his designee determines that there is not reasonable cause to believe that the respondent has engaged in an unlawful employment practice, as alleged in the complaint, the executive director or his designee shall issue a written determination incorporating his finding that the evidence does not support the complaint and dismissing the complaint and shall serve a copy of the determination on the complainant, the respondent, and other agencies as required by law.

(c) If, after an investigation, the executive director or his designee determines that there is reasonable cause to believe that the respondent has engaged in an unlawful employment practice, as alleged in the complaint, the executive director or his designee shall review the evidence in the record with a panel of three commissioners. If, after the review, at least two of the three commissioners determine that there is reasonable cause to believe that the respondent has engaged in an unlawful employment practice, the executive director shall issue a written determination incorporating his finding that the evidence supports the complaint and shall serve a copy of the determination on the complainant, the respondent, and other agencies as required by law. The commission shall endeavor to eliminate the alleged unlawful employment practice by informal methods of conference, conciliation, and persuasion. The commission, its executive director, or its other officers or employees may not make public, without the written consent of the complainant and respondent, information about the efforts in a particular case to resolve an alleged discriminatory practice by conference, conciliation, or persuasion, whether or not there is a determination of reasonable cause.

(d) A showing of undue hardship by the respondent is a defense to a complaint of discrimination made by an employee or applicant based on handicap. With respect to a complaint based on handicap, the commission’s order must take into account the reasonableness of the cost of any necessary work place accommodation and the availability of alternatives or other appropriate relief.

(e) If the commission concludes, on the basis of preliminary investigation of an alleged unlawful employment practice contained in a complaint, that prompt judicial action is necessary to carry out the purposes of this Act, the commission shall file a petition in the district court in a county in which the alleged unlawful employment practice that is the subject of the complaint occurred, or in a county in which the respondent resides, seeking appropriate temporary relief against the respondent, pending final determination of proceedings under this Act. No temporary injunctive relief may issue absent a showing by the commission of substantial likelihood of success on the merits and irreparable harm to the complainant, in the absence of the preliminary relief, pending final determination on the merits.

(f) No person who has initiated any action in a court of competent jurisdiction or who has an action pending before any administrative agency under any other law or any local ordinance of any political subdivision of the state based on an act that would be an unlawful employment practice under this article may file a complaint under this section with respect to the same grievance.

ARTICLE 7. JUDICIAL ACTION

Judicial Action; Enforcement

Sec. 7.01. (a) If the commission has made a determination that there is reasonable cause to believe that the respondent has engaged in an unlawful employment practice, and the commission’s efforts to resolve the discriminatory practice to the satisfaction of the complainant and respondent through conciliation have been unsuccessful, the commission may bring a civil action against the respondent named in the charge if a majority of the commissioners determine that the civil action may effectuate the purposes of this Act. The complaint has the right to intervene in a civil action brought by the commission. If the complaint filed with the commission pursuant to Section 6.01 of this Act is dismissed by the commission, or if within 180 days after the date of filing of the complaint the commission has not filed a civil action under this section or has not successfully negotiated a conciliation agreement between the complainant and respondent, the commission shall so notify the complainant in writing by certified mail. Within 60 days after the date of receipt of the notice, a civil action may be brought by the complainant against the respondent named in the charge. After timely application, the court may in its discretion permit the commission to intervene in any civil action filed under this subsection on certification that the case is of general public importance and if the commission has, before commencement of the civil action by the complain-
ant, issued a determination of reasonable cause to believe that the Act has been violated. In no event may any action be brought pursuant to this article more than one year after the date of filing of the complaint to which the action relates.

(b) The court shall assign any action brought under this article for hearing at the earliest practicable date to expedite the action.

(c) If the court finds that the respondent has engaged in an unlawful employment practice as alleged in the complaint, the court may enjoin the respondent from engaging in an unlawful employment practice and order such additional equitable relief as may be appropriate.

(d) Additional equitable relief may include but is not limited to:

(1) the hiring or reinstatement, with or without back pay, but back pay liability may not accrue for any date more than two years before the date of filing of a complaint with the commission, and interim earnings and unemployment compensation benefits received shall operate to reduce the back pay otherwise allowable;

(2) the upgrading of employees with or without pay;

(3) the admission or restoration of union membership;

(4) the admission to or participation in a guidance program, apprenticeship, on-the-job, or other training or retraining program, with the use of objective job-related criteria in the admission of individuals to these programs;

(5) the reporting on the manner of compliance with the terms of a final order issued under this Act; and

(6) the payment of court costs.

(e) In any action or proceeding under this Act, the court in its discretion may allow the prevailing party, other than the commission, a reasonable attorney's fee as part of the costs. The state or an agency or a political subdivision of the state is liable for costs to the same extent as a private person, except that the state, a state agency, or a political subdivision is not liable for attorney's fees.

(f) In the case of handicapped employees or applicants, the court must take into account the undue hardship defense, including the reasonableness of the cost of any necessary work place accommodation and the availability of alternatives or other appropriate relief.

(g) In any case in which an employer, employment agency, or labor organization fails to comply with an order of a court issued in a civil action brought under this article, a party to the action or the commission, on the written request of a person aggrieved by the failure, may commence proceedings to compel compliance with the order.

(b) All judicial proceedings under this Act shall be by trial de novo, and no commission findings, recommendations, determinations, or other actions are binding on any court.

ARTICLE 8. RECORDS
Preservation and Use

Sec. 8.01. (a) Notwithstanding any other section of this Act, a person under investigation in connection with a charge filed under this Act and subject to this Act must make and keep records relevant to the determination of whether unlawful employment practices have been or are being committed, preserve these records for periods required by the commission's rules or by court order, and make reports from these records as prescribed by the commission's rules or court order as reasonable, necessary, or appropriate for the enforcement of this Act or rules or orders issued under this Act.

(b) The commission by rule shall require that each person subject to this Act who controls an apprenticeship, on-the-job, or other training or retraining program:

(1) keep all records reasonably necessary to carry out the purposes of this Act, including but not limited to a list of applicants who wish to participate in the program and the chronological order in which applications for the program were received; and

(2) furnish to the commission on request a detailed description of the manner in which individuals are selected to participate in the apprenticeship, on-the-job, or other training or retraining program.

(c) Records and reports required by the commission under this section must conform to similar records and reports required by federal law, 42 U.S.C. Section 2000e-8(c).

Secrecy; Access to Records; Noncompliance

Sec. 8.02. (a) An officer or employee of the commission may not make public any information obtained by the commission under its authority under Section 6.01 of this Act except as necessary to the conduct of a proceeding under this Act.

(b) If a person fails to permit access, examination, photographing, or copying or fails to make, keep, or preserve records or make reports in accordance with this article, the commission may issue a subpoena requiring compliance. On a failure to comply with a subpoena of the commission, the commission shall apply to the district court of the county in which the person is found, resides, or transacts business for an order directing compliance.

No such cession shall ever be made except upon the express condition that this State shall retain concurrent jurisdiction with the United States over every portion of the lands so ceded, so far, that all process, civil or criminal, issuing under the authority of this State or any of the courts or judicial officers thereof, may be executed by the proper officers of the State, upon any person amenable to the same within the limits of the land so ceded, in like manner and like effect as if no such cession had taken place; and such condition shall be inserted in such instrument of cession.

Art. 5248a. Granting Easement to the United States in Certain Lands

Sec. 1. That there is hereby granted and conveyed to the Government of the United States of America the free and uninterrupted use, liberty, and easement of constructing and maintaining the proposed Louisiana and Texas Intra-Coastal Waterway over and through disconnected portions of the stream beds of Mud Bayou and East Bay Bayou from approximately Station 1519 to approximately Station 1914 as shown on United States Engineer Department map, "Louisiana and Texas Intra-Coastal Waterway, Sabine River-Galveston Bay Section, Survey of 1926-7, Sheet No. 12, File 162-16," the said portions of the stream beds of Mud Bayou and East Bay Bayou covered by this easement being 300 feet wide and located in Chambers and Galveston Counties where the proposed Intra-Coastal Waterway will intersect the meanderings of the bayous.

Sec. 2. Provided, however, that should the United States of America fail or refuse to construct said Intra-Coastal Waterway prior to January 1, 1939, or should said Government cease to maintain or to have maintained said Intra-Coastal Waterway at any time, then this right of easement shall cease and determine, and all right of whatsoever nature shall revert and be vested in the State of Texas.

Sec. 3. Provided, further, that nothing in this Act shall be construed to affect or impair any vested rights, or the right to use and maintain any bridge or bridges now in existence on or across said Mud Bayou, or East Bay Bayou, and the right of the owner of any such bridge to use and maintain the same is hereby expressly recognized and confirmed.

(b) The members of the board shall serve a term of six years or until a successor shall be appointed and qualified. Upon the appointment of the first board under this Act and upon February 10th of each odd-numbered year thereafter, the governor shall appoint from among the membership of the board a chairman. Before entering upon the duties of his or her office, each member of the board shall take and subscribe to the constitutional oath of office, and the same shall be filed with the secretary of state. All vacancies occurring in the membership of the board shall be filled by appointment by the governor for the unexpired term of the membership in the manner provided by this Act. All appointments made under this Act shall be made without regard to race, creed, sex, religion, or national origin. A member of the board may be appointed to succeed himself or herself, except that no member shall be eligible to serve more than two consecutive terms.

(c) The persons serving on the effective date of this Act as appointed members of the Board of Examiners of Licensed State Land Surveyors and of the State Board of Registration for Public Surveyors plus one public member constitute the initial Texas Board of Land Surveying.

A person who holds office on the effective date of this Act as a member of the State Board of Registration for Public Surveyors holds office as a member of the Texas Board of Land Surveying for the term for which the member was originally appointed. A person who holds office on the effective date of this Act as a member of the Board of Examiners of Licensed State Land Surveyors and whose term as a member of that board would expire December 2, 1980, holds office as a member of the Texas Board of Land Surveying for a term expiring September 6, 1979. A person who holds office on the effective date of this Act as a member of the Board of Examiners of Licensed State Land Surveyors and whose term as a member of that board would expire December 2, 1983, holds office as a member of the Texas Board of Land Surveying for a term expiring September 6, 1985.

The governor shall appoint to the Texas Board of Land Surveying a public member for a term expiring September 6, 1981. The governor shall appoint to the board two public members to fill the offices of the two registered public surveyors whose terms expire September 6, 1979.

Sec. 7. (a) A member or employee of the board may not be at any time during the member's term in office or the employee's term of employment any of the following:

(1) an executive officer, employee, or paid consultant of a trade or professional association in the regulated profession or industry; or
(2) related within the second degree of affinity or consanguinity to a person who is an executive officer, employee, or paid consultant of a trade or professional association in the regulated profession or industry.

(b) Members of the board, except those members who are licensed or registered under this Act, may not personally have nor be related to persons within the second degree by affinity or third degree by
consanguinity who have, except as consumers, financial interests in the practice of public or state land surveying as officers, directors, partners, owners, employees, attorneys, or paid consultants.

(c) Any person who violates this section is ineligible to hold or continue to hold office or a position of employment with the board.

(d) A person who is required to register as a lobbyist under Chapter 422, Acts of the 63rd Legislature, Regular Session, 1973, as amended (Article 6252-9c, Vernon’s Texas Civil Statutes), may not serve as a member of the board or act as the general counsel to the board. The general counsel and board members may appear and represent the board at committee hearings and other formal meetings of organs of the legislative or executive departments of government when invited to do so.

Organization and Meetings of the Board

Sec. 8. (a) The first board created under the provisions of this Act shall hold its first meeting within 90 days after the effective date of this legislation and shall elect from its number a vice-chairman, who shall thereafter be elected at the first meeting of the board subsequent to February 10th of each odd-numbered year. An executive secretary shall be appointed by the board to hold office at the pleasure of the board. The secretary shall make and file a bond with the comptroller of public accounts in an amount not less than $2,500. The premium for the bond shall be paid out of the “Land Surveying Fund” as provided in this Act. It is the duty of the Texas Board of Land Surveying to hold meetings at least twice each year at such times and places as the board may determine for the purpose of transacting its business and to examine all applicants for registration or licensure as a public surveyor or state land surveyor. Regular meetings of the board shall be held at such times as the board may fix and determine. Special meetings of the board shall be held at such times as the board may fix and determine. Special meetings of the board may be called by the chairman or in his absence from the state or inability to act by the vice-chairman of the board. A majority of the membership of the board constitutes a quorum.

(b) Each member of the board shall be present for at least one-half of the regularly scheduled meetings held each year by the board. The failure of a member to meet this requirement automatically removes the member from the board and creates a vacancy on the board.

(c) The board is subject to the open meetings law, Chapter 271, Acts of the 60th Legislature, Regular Session, 1987, as amended (Article 6252-17, Vernon’s Texas Civil Statutes), and the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes).

Powers of the Board

Sec. 9. (a) The board shall have the authority and power to make and enforce all reasonable and necessary rules, regulations, and bylaws not inconsistent with the Texas Constitution, the laws of this state, and this Act for the performance of its duties in administering this Act and for the purpose of establishing standards of conduct and ethics for surveyors registered or licensed under this Act. The board shall not promulgate rules restricting competitive bidding by licensees and shall not promulgate rules restricting advertising by licensees except to the extent necessary to prohibit false, misleading, and deceptive practices. The violation by any registered public surveyor or licensed state land surveyor of any provision of this Act or any rule or regulation of the board is sufficient reason or ground to suspend or revoke the certificate of registration or licensure of the surveyor. In addition to any other action, proceeding, or remedy authorized by law, the Texas Board of Land Surveying has the right to institute an action in its own name in a district court of Travis County against any person, firm or corporation, partnership, or any other group or combination of persons to enjoin a violation of any provision of this Act or any rule or regulation of the board. Either party to such an action may appeal to the appellate court having jurisdiction of the cause. The board shall not be required to give an appeal bond in any cause under this Act. The attorney general or his assistants shall act as legal advisor to the board and render such legal assistance as shall be necessary. If the appropriate standing committees of both houses of the legislature, acting under Subsection (g) of Section 5 of the Administrative Procedure and Texas Register Act, as added (Article 6252-13a, Vernon’s Texas Civil Statutes), transmit to the board statements opposing adoption of a rule under this section, the rule may not take effect, or if the rule has already taken effect, the rule is repealed effective as of the date upon which the board receives the committees’ statements.

(b) All rules and regulations promulgated by the State Board of Registration for Public Surveyors and the Board of Examiners of Licensed State Land Surveyors prior to the effective date of this Act shall remain in full force and effect until 180 days from the effective date of this Act or until sooner ratified by the board in the manner provided by the Administrative Procedure and Texas Register Act, as amended (Article 6252-13a, Vernon’s Texas Civil Statutes).

(c) A roster showing the names and places of business of all licensed state land surveyors and registered public surveyors, the rules and regulations promulgated by the board, and a copy of this Act and any amendments thereto shall be prepared by the secretary of the board during the month of July of each odd-numbered year. Copies of this roster shall be mailed to each person so registered or licensed, placed on file with the secretary of

Compensation and Expenses of Board Members

Sec. 10. Members of the board, other than the commissioner, shall receive as compensation the sum of $25 per day for each day they are actually engaged in official board duties, including time spent in necessary travel, together with all legitimate expenses incurred in the performance of their duties. All per diem and expenses incurred under this Act shall be paid from the "Land Surveying Fund" as provided in this Act. The commissioner shall not receive per diem compensation or actual expenses for the discharge of his duties as a member of the board, except as otherwise provided by law.

Records and Reports

Sec. 11. (a) The board shall keep a record of its proceedings, which is open to public inspection at all reasonable times, and which includes a record of all money received and expended by the board and a register of all applicants for registration or licensure, showing the following:

1. the name, age, and residence of each applicant;
2. the date of application;
3. the place of business of each applicant;
4. the applicant's qualifications;
5. any reasons for rejection of an application;
6. the dates and results of all examinations;
7. the date and number of all certificates of registration or licensure issued; and
8. such other information as may be deemed necessary by the board.

(b) The board also shall keep a record of all registered professional engineers engaged in public surveying who register with the board, which includes the following:

1. the name, age, and residence of all registrants;
2. the place of business of the registrant;
3. the date and serial number of registration as a professional engineer;
4. the date of registration with the board; and
5. any other information that may be deemed necessary by the board.

Provisions for the Transfer of Personnel, Property, and Assets

Sec. 12. The personnel employed by the State Board of Registration for Public Surveyors and the records, property, and assets in the custody of the State Board of Registration for Public Surveyors and the Board of Examiners of Licensed State Land Surveyors on the effective date of this Act are hereby transferred to the Texas Board of Land Surveying.

Receipts and Disbursements

Sec. 13. The secretary of the board shall receive and account for all fees received under the provisions of this Act and shall deposit these funds in the State Treasury to the credit of a special fund to be known as the "Land Surveying Fund." At the beginning of each biennium all money then in such fund which is not then appropriated or obligated shall be set over and paid into the General Revenue Fund. This fund shall be paid out only by warrants of the comptroller of public accounts upon itemized vouchers approved by the secretary of the board. Under no circumstances shall the total amount of warrants issued by the comptroller of public accounts in payment of the expenses and compensation provided for in this Act exceed the amount in the Land Surveying Fund. All payments to persons retained or employed by the board or to members of the board and all per diem and expenses incurred under this Act shall be paid out of the Land Surveying Fund provided herein, and no part of the expense of administering this Act shall ever be a charge against the general funds of the State of Texas. The board shall as of August 31 of each year after the passage of this Act make a report to the governor, lieutenant governor, and speaker of
the house of representatives for all receipts and disbursements under this Act. The financial transactions of the board shall be audited annually by the state auditor.

Practitioners at the Time of Enactment

Sec. 14. (a) All persons holding valid certificates of registration or licenses on the effective date of this Act from either the State Board of Registration for Public Surveyors or the Board of Examiners of Licensed State Land Surveyors shall be automatically registered or licensed under this Act. Those holding a certificate of registration as a registered public surveyor shall be registered as registered public surveyors and those holding a licensed state land surveyor’s license shall be licensed as licensed state land surveyors. Those so registered shall retain their same registration numbers and those so registered or licensed shall retain their former certificate or license until such certificate or license is renewed as provided herein.

(b) Any person holding a valid license on the effective date of this Act from the State Board of Registration for Professional Engineers who has been engaged in the practice of surveying for a period of not less than one year immediately preceding the effective date of this Act may apply for registration as a public surveyor within a period of one year from the effective date of this Act and on payment of the registration fee shall be registered as a public surveyor. The Texas Board of Land Surveying and the State Board of Registration for Professional Engineers shall determine whether an applicant qualifies for registration under this subsection. If the boards disagree about whether an applicant qualifies for registration under this subsection, the decision of the State Board of Registration for Professional Engineers controls.

(c) All persons registered or licensed under this section are presumed to be qualified as long as they annually renew their certificate of registration or license as required under this Act.

Qualifications for Registration and Licensure

Sec. 15. (a) No person, except those exempt from the operation of this Act, shall engage or continue in the practice of public surveying as defined in this Act, unless the person is registered or licensed as provided by this Act.

(b) The following classes of persons are qualified for registration or licensure:

(1) all registered professional engineers engaged in the practice of surveying on the effective date of this Act who register with the board in accordance with this Act;

(2) all persons who apply to take and successfully pass a written examination as provided by this Act under rules developed by the board on the theory of surveying, the law of land boundaries, the history and functions of the General Land Office, and such other matters pertaining to surveying as the board may determine shall be qualified for licensure as a licensed state land surveyor.

(c) All applicants for licensure as a registered public surveyor, except a registered professional engineer, must meet the following minimum requirements:

(1) be of good professional character and reputation;

(2) have satisfied one of the following educational and experience requirements:

(i) have successfully completed a full four-year course of study at an accredited college or university leading to a bachelor’s or higher degree and have a specific experience of two or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating that the applicant was in delegated responsible charge of the accuracy and correctness of the surveying work performed. The course of study shall have included at least 32 semester hours of study or its academic equivalent in any combination of courses in civil engineering, land surveying, mathematics, photogrammetry, forestry, or land law and the physical sciences; or

(ii) have successfully completed a course of study in land surveying or board-approved survey-related courses of 32 semester hours of study or its academic equivalent and have a specific experience record of four or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating that the applicant was in delegated responsible charge as defined herein; or

(iii) have graduated from an accredited high school and have a specific experience record of six or more years as a subordinate to a registered public surveyor or a person qualified in land surveying in the active practice of land surveying of a character indicating that the applicant was in delegated responsible charge of the accuracy and correctness of the surveying work performed. Applicants under this subsection without the college, university, or board-approved courses listed in paragraphs (i) and (ii) must show they have become self-educated in the surveying field.

(d) Notwithstanding the requirements for registration set forth in Subdivision (2) of Subsection (c) of this section, the board shall adopt reasonable rules and regulations necessary to establish a surveyor-in-training program designed to reduce the educational and experience requirements set forth
in said Subsection (e) through a concentrated course of study and training. Such program shall include the following provisions:

(i) minimum educational requirements of a lesser degree than those set forth in said Subsection (c);

(ii) examination for basic mathematical skills necessary to the practice of public surveying;

(iii) a board-approved program of intensive study through formal educational programs, private educational and professional programs and seminars, or both; and

(iv) a board-approved program of intensive experience covering a lesser period of time than that set forth in said Subsection (c); and

(v) examination for other basic skills and knowledge necessary to the practice of public surveying.

Upon proof of qualification under Paragraph (i) of this subsection and successful completion of the basic examination required by Paragraph (ii) of this subsection, an applicant shall receive a certificate declaring him or her a surveyor-in-training in a form to be approved by the board, and a record shall verify and note successful completion of each additional requirement of the surveyor-in-training program by the applicant. Upon successful completion of the program, the applicant shall receive a certificate of registration as a registered public surveyor upon payment of the necessary fee.

Applications, Examinations, and Fees for Licensure

Sec. 16. Any applicant seeking registration as a registered public surveyor or licensure as a licensed state land surveyor shall file an application in writing with the Texas Board of Land Surveying. An application fee, not to exceed $50, shall be submitted with the application. If the board determines that the applicant is qualified to take the examination, it shall set and notify the applicant of the time and place of the examination. The applicant may take the examination on payment of an examination fee determined by the board, not to exceed $100 for registered public surveyor examinations or $50 for licensed state land surveyor examinations.

Applications for registration or licensure shall be on forms prescribed and furnished by the board and shall contain statements made under oath showing the applicant's education and experience. Applications for registration shall contain a detailed summary of the applicant's technical work and references of at least three surveyors having personal knowledge of his surveying experience.

The scope of the examination and the methods of procedure shall be prescribed by the board with special reference to the applicant's ability in order to insure the public safety, welfare, and property rights.

Not later than the 30th day after the day on which a person completes an examination adminis-
certificate of renewal of his or her certificate for the term of one year. The failure on the part of a surveyor to renew a certificate annually by the expiration date established by the board shall not deprive an individual of the right of renewal, but shall result in an increase in the renewal fee of $20. If failure to renew shall continue for more than 90 days after the date of expiration of the certificate of registration or licensure, the board may require such registrant or licensee to reapply for registration or licensure and he or she must qualify and pay all fees provided herein as an original applicant therefor. All renewal certificates of registration shall carry the same registration number as the original certificate. All original and renewal certificates of registration or licensure shall be evidence that the person whose name and registration number appears thereon is qualified to practice as a registered public surveyor or a licensed state land surveyor so long as the certificate is valid and in force. Each person holding a certificate of registration or licensure shall display it at his or her place of business or practice and be prepared to substantiate annual renewal for the current year. The secretary shall immediately notify the commissioner whenever the license of any licensed state land surveyor is rendered invalid for his or her failure to timely renew such license.

Official Seals

Sec. 18. Each registered public surveyor on receiving a certificate of registration shall obtain an authorized seal bearing the registrant’s name and number and the legend “Registered Public Surveyor.” No licensee shall affix his or her name, seal, or certification to any plat, design, specification, or other work constituting the practice of the occupation regulated by this Act and prepared by an unlicensed person, unless the work was performed under the direction and supervision of the licensee and the unlicensed person is an employee of the same firm and under the licensee’s direct supervision. For the purpose of this section, an “employee” means an individual who receives compensation for work performed from a firm which employs or has a principal licensed or registered surveyor on a full-time basis. No licensee shall allow a nonlicensed person to exert control over the end product of his or her professional work. Only one surveyor’s seal is required for the documents of a single project as prepared by each firm. However, the surveyor whose seal is to be used must be a principal in the firm who has the primary responsibility for the particular project. In addition, the seals of other professionals in the firm may be used. When there is a joint surveying venture comprising an association of two or more firms, each firm shall use the seal of the surveyor who has the primary responsibility for the firm. Each licensed state land surveyor shall procure a seal of office. Around the margin shall be the words “Licensed State Land Surveyor,” which shall be his or her official title, and between the points of the star in the seal shall be the word “Texas.” A licensed state land surveyor shall attest with the seal all official acts authorized under the provisions of the law. No act, paper, or map of a licensed state land surveyor shall be filed in the county records of the General Land Office unless certified to under the seal of the surveyor.

Oath and Bond

Sec. 19. (a) Before a licensed state land surveyor’s license is issued and before one who has successfully passed the examination as provided in this Act is authorized to perform the duties of a licensed state land surveyor, he or she shall take the official oath and shall make a good and sufficient bond in the sum of $1,000, payable to the governor and conditioned that he or she will faithfully, impartially, and honestly perform all the duties of a licensed state land surveyor to the best of his or her skill and ability in all matters wherein he or she may be employed. No state land surveyor’s license may be issued under this Act to any person residing outside the State of Texas.

(b) The bond may be executed by two or more solvent personal sureties or by a solvent surety company authorized to transact business in this state. If the bond is signed by personal sureties, each shall take and subscribe an oath that he or she is worth, over and above all debts and exemptions, at least double the penalty of the bond. A personal bond also shall be approved by the commissioners court of the county where the applicant resides. After the oath and bond have been executed as provided by this Act, they shall be recorded in the office of the county clerk of the county in which the applicant resides and before being so recorded shall be filed at the Texas Board of Land Surveying, accompanied by a filing fee in an amount to be fixed by the board. Thereupon a license shall be issued to the applicant, and he or she is authorized to enter upon the discharge of the duties of a licensed state land surveyor. If for any reason the liability on the bond provided for by this Act is terminated, the licensee is not authorized to perform the duties of a licensed state land surveyor until a new bond is made as in the first instance. No surety on a bond shall be relieved of liability on the bond without first giving the board 30 days’ notice in writing. The termination of a bond as provided in this Act or the revocation of a surveyor’s license does not relieve the sureties on the bond from any liability that may have therefor accrued on the bond. The board is directed to provide the General Land Office with a current list of bondholders.

(c) The secretary shall immediately advise the commissioner whenever any applicant has qualified for and has been issued a license as a licensed state land surveyor under this Act. The secretary shall also immediately advise the commissioner whenever the liability on the bond of any licensee under this Act has been terminated for any reason.
Art. 3282c. LANDS—PUBLIC

Reciprocal Certificate

Sec. 20. The Texas Board of Land Surveying shall issue a certificate of registration as a registered public surveyor on a reciprocal basis to any person who:

(1) holds a public surveyor license or other form of permission issued by a governmental authority outside of this state if the licensing standards of the governmental authority are substantially equivalent to those of this state; and

(2) applies with the board for the certificate of registration and pays a fee set by the board not to exceed $50.

Firm Names; Assumed Names

Sec. 21. Registrants and licensees holding current certificates of registration or licensure may organize or engage in any form of individual or group practice of surveying allowed by the statutes of this state, if the firm identity of that practice does not publicly imply registration authority to practice public or state land surveying without properly identifying the registrant responsible for that practice. Any person engaging in the practice of surveying in this state under any business title other than the real name or names of those legally authorized to engage in public or state land surveying, whether individually or as an association, partnership, or corporation, shall file in the office of this board a certificate stating the full name and residence of each person engaging in that practice and the place, including street, number, city, and zip code, where that practice or business is principally conducted.

Resignation of a Licensed State Land Surveyor

Sec. 22. A licensed state land surveyor may resign as such surveyor at any time by filing a resignation in writing with the Texas Board of Land Surveying. On the receipt of the resignation, the board shall note the receipt and inform the General Land Office. Resignation does not relieve the principal and sureties of the surveyor's official bond of any liability that may have accrued prior to the effectiveness of the resignation.

Penalties

Sec. 23. (a) The Texas Board of Land Surveying has the power to reprimand or suspend or to revoke the license and/or registration of any surveyor found guilty of:

(1) the practice of any fraud or deceit in obtaining a certificate of registration for registered public surveyors or a certificate of licensure for licensed state land surveyors;

(2) any gross negligence, incompetency, or misconduct in the practice of surveying as a registered public surveyor or licensed state land surveyor; or

(3) the violation of a provision of this Act or a rule or regulation promulgated by the board.

(b) The license of any licensed state land surveyor found to be directly or indirectly interested in the purchase or acquisition of title to public land is subject to revocation.

(c) After the effective date of this Act, any person found guilty of the following offenses shall be deemed guilty of a Class B misdemeanor:

(1) practicing or offering to practice public surveying or state land surveying in this state without being registered or licensed or exempt in accordance with the provisions of this Act;

(2) presenting or attempting to use the certificate of registration or licensure or seal of another;

(3) giving any false or forged evidence in order to obtain or assist another in obtaining a certificate of registration or licensure; or

(4) violating any of the provisions of this Act or any rules or regulations promulgated by the board.

Enforcement; Complaints; Hearings

Sec. 24. (a) Any person may file a complaint with the Texas Board of Land Surveying regarding a violation of this Act or any rule or regulation of the board. The board may also institute proceedings against a registrant or licensee on its behalf without a formal written third party complaint. Each alleged violation of applicable statutes, when duly reported and substantiated by sworn affidavits, shall be investigated. The board may employ the investigators or inspectors necessary to enforce properly the provisions of this Act.

(b) If it is determined that the complaint is not within the board's jurisdiction, the complaint shall be notified in writing within 30 days. If the board determines the complaint to be within its statutory jurisdiction, a written notice stating the nature of the charge or charges and the time and place of the hearing before the board shall be served on the accused not less than 20 days prior to the date of the hearing and within three months after the date on which the complaint was filed. The board or its legal counsel is authorized to hold conferences before or during the hearing process for the settlement or simplification of the issues and for such purposes as the demands of justice require. At any hearing, the respondent is entitled to appear in person and by counsel, present all relevant evidence and witnesses on his or her own behalf, cross-examine witnesses, and examine such evidence as may be produced against him or her. The failure of a respondent to appear at a hearing may be deemed a waiver of all rights except the right to be served with any sanction imposed by the board. The board may, however, grant continuances on a written request, indicating good cause for failure to appear, filed with the board prior to the date of the hearing. The board is empowered to issue notices, subpoena witnesses, administer oaths, hear testimony, rule on objections and motions, and otherwise regulate and expedite the course and conduct of the hearing.
Any individual appearing at a hearing in response to a subpoena or by request or permission of the board may be accompanied, represented, or advised by counsel.

(c) After all the parties have been given an opportunity to present proposed findings and arguments, the board shall prepare findings of fact, conclusions of law, and any subsequent order, ruling, or decision of the board to be served on all parties. In the proceedings under this section and the other sections of this Act, a majority of the board shall constitute a quorum.

(d) A stenographic record or tape recording of all hearings shall be kept and transcribed. A transcript shall be made available to any party on payment of the lawfully prescribed cost.

(e) A person, firm, partnership, or corporation aggrieved by an order, ruling, or decision of the board may file a motion for rehearing which must be filed within 15 days after the rendition of the order, ruling, or decision. Requisitions to motions for rehearings must be filed within 25 days after the rendition of the order, ruling, or decision. A party aggrieved by a final order, ruling, or decision of the board has the right to file suit in a district court of Travis County. The petition must be filed within 30 days after the decision, ruling, or order in question is final and appealable. The board may not be required to give bond in any cause or appeal arising under this Act. Neither the Texas Board of Land Surveying nor any member of the board is liable to any person, firm, or corporation charged or investigated by the board for any damages incident to the investigation or incident to any complaint, charge, prosecution, proceeding, or trial of the results of the investigation.

(f) The board for reasons it may deem sufficient may refuse to issue a certificate of registration or licensure to any surveyor whose certificate has been revoked provided five or more members vote in favor of the revocation. A new certificate of registration or licensure to replace a certificate revoked, lost, destroyed, or mutilated may be issued, subject to the rules of the board and a charge of $5.

(g) The attorney general or his assistants shall act as legal advisor to the board and shall render such legal assistance as may be necessary in enforcing the provisions of this Act and the rules and regulations of the board.

(h) The board shall keep an information file on the disposition of each complaint filed with the board relating to a registrant or licensee. If a written complaint is filed with the board relating to a registrant or licensee, the board at least as frequently as quarterly shall notify the complainant of the status of the complaint until finally determined.

Authority of Licensee and Method of Obtaining Right to Survey on Private Land

Sec. 25. (a) Licensed state land surveyors licensed under this Act are authorized to perform surveys under the provisions of Section 21.011, Natural Resources Code, and to perform the duties that may be performed by the county surveyors and are subject to the direction of the Commissioner of the General Land Office in matters of land surveying in such cases as may come under the supervision of such authorities. The jurisdiction of such licensees shall be coextensive with the limits of the state.

(b) Licensed state land surveyors may hold the office of county surveyor, and if so elected shall qualify as provided by law for county surveyors.

(c) All official field notes and any other documents in county surveyor's records in which the land is located shall promptly seek an order from a court of competent jurisdiction giving the licensee authority to cross the private lands.

Field Notes to be Recorded

Sec. 26. The field notes and plats of every survey of public land made by a licensed state land surveyor licensed under this Act shall be recorded in the county surveyor's records of the county in which the land is situated. The field notes and plats of public land made by a licensed state land surveyor affecting the lines, boundaries, and areas of such land shall be forwarded to the General Land Office after the same have been recorded under the provisions of this Act. All field notes made by licensed state land surveyors in any county in this state have the same force and effect and are admissible in evidence the same as field notes made by a county surveyor.

Undisclosed Land

Sec. 27. If a licensed state land surveyor discovers any undisclosed tract of public land, the surveyor shall not make known that fact to anyone except to such person as may have it enclosed, except that the surveyor shall forward to the Commissioner of the General Land Office a report of the existence of the tract, the acreage in the tract, and its probable value.

County Surveyor Authorized to Record Field Notes and Documents in County Surveyor's Records; Exceptions; Fees; Access to Records

Sec. 28. (a) In cases where a county has a county surveyor, the county surveyor alone is authorized to file and record field notes and plats of all surveys.
made in that county and other documents required by law to be recorded in the county surveyor’s records and to issue certificates of fact and certify the correctness of copies of any document, record, or entry shown by the records of a county surveyor. However, if a county surveyor and his or her authorized deputy or deputies are absent from the office, the county clerk of the county has free access to the county surveyor’s office and public records and, in such event, is authorized to record field notes, plats, and other documents required to be recorded in the county surveyor’s records and to issue certificates of fact and certify the correctness of copies of any document, record, or entry shown on the official records of the county surveyor. In cases where a county has no county surveyor, the county clerk of the county is the legal custodian of the surveyor’s records and is authorized to make all the certificates and certify the copies that a legally authorized county surveyor may make.

(b) The fees for recording documents in the surveyor’s records and issuing certificates and making certified copies are the fees now or hereafter provided by law. The county surveyor is entitled to fees for all documents recorded by the county surveyor or his or her deputies and for all certificates and certified copies issued by the county surveyor or his or her deputies. The county clerk is entitled to all fees for documents recorded by the county clerk and for all certificates and certified copies issued by the county clerk under the provisions of this Act.

(c) All licensed state land surveyors shall for the purpose of information and examination have access to the records of county surveyors, and no examination fee shall be charged in cases where an investigation of the records is being made with a view to making surveys of public lands under the laws regulating the sale or lease of the same or of identifying and establishing the boundaries of public land. All examinations shall be made under such regulations as may be provided by the county surveyor or the commissioners court for the safekeeping and preservation of the records.

Informing the Public Concerning the Regulation of Surveying

Sec. 29. All written contracts for surveying services in this state shall contain the name, mailing address, and telephone number of the regulatory board having jurisdiction over that licensed individual in responsible charge of providing those services and shall contain a statement that complaints about surveying services may be forwarded to that regulatory board.

Art. 5330a. Regulating Sale and Patenting of Lands Formerly Part of Oklahoma; Special Land Board Abolished; Powers and Duties of General Land Office

Land Offered to Claimants; Consideration

Sec. 1. All of the lands along the 106th degree of west longitude on the East side of the Panhandle of the State of Texas and the west side of the State of Oklahoma, found to be in the State of Texas by the final decree of the Supreme Court of the United States, entered March 17th, 1930, in the case of the State of Oklahoma vs. the State of Texas, the United States of America, Intervenor, theretofore claimed by Oklahoma but now located in Lipscomb, Hemphill, Wheeler, Collingsworth and Childress Counties, are hereby offered for sale to the claimants of said lands as reflected by the Deed Records or other public records of the State of Oklahoma and under the laws of the State of Oklahoma at the time of the rendition of said decree by the Supreme Court of the United States, and said lands shall be sold to such claimants as would have then owned said lands had the same been a part of Oklahoma, or who have acquired or may hereafter acquire title by foreclosure of a lien valid and enforceable under the laws of Oklahoma at the time of such decree of the Supreme Court of the United States, such application shall be approved, and said land awarded to said applicant. Within sixty days after such award such applicant shall pay to the Commissioner of the General Land Office the sum of One ($1.00) Dollar per acre for said land, and upon receipt of such payment the Commissioner of the General Land Office shall issue to the claimant a patent to said lands in such form as the Land Commissioner shall prescribe.

Sale to Lien Holder

Sec. 4. In event the claimant fails or refuses to purchase same or to apply for a patent as provided for herein, then the holder of a lien against any of said lands may make such purchase or apply for such patent on behalf of said owner and pay the consideration provided for, and all fees and expenses, and such amounts when paid by such lien holder shall be added to and become a part of the total amount secured by the lien. A failure on the part of the said owner to make purchase, or application for patent, for a period of four months after the last publication by said Land Board as provided in this Act shall constitute such failure to apply as will warrant the lien holder in making such application to purchase. The patent issued upon application and purchase of a lien holder shall be in the name of the person, persons or company who would have owned said lands had the same been a part of Oklahoma.

Recording Deeds, Mortgages, Etc.; Evidence; Force and Effect

Sec. 5. All deeds, mortgages, contracts and instruments of every nature, or in case of loss of any such instrument a certified copy from the record in the Oklahoma County may be so used, affecting the title to said lands, or that would have formed a part of the chain of title to the same under the laws of the State of Oklahoma, and now of record on the
public records of the State of Oklahoma, may be filed and recorded in the county in Texas in which the land is now located. All deeds, mortgages, conveyances and all other instruments which would be valid under the laws of the State of Oklahoma and admissible in evidence under the laws of said State, shall be valid in Texas and shall be admissible in evidence in any court in this State, and copies of said instruments certified as provided by the laws of Oklahoma, as well as the originals thereof, may be introduced in evidence in the same manner as if executed with the formalities required by the laws of the State of Texas, and as if certified as required by the laws of this State. All such deeds, deeds of trust, mortgages, conveyances and contracts, affecting the title to any of said lands shall be given the same force and effect in the State of Texas as same would have been given in the State of Oklahoma, and all bona fide liens, incumbrances, or debentures, now outstanding and unsatisfied, and existing against said lands at the time of the rendition of said decision of the Supreme Court of the United States are here expressly validated, save and except as to purchase money due to the State of Oklahoma, or the United States, and except taxes, general or special, due to the State of Oklahoma, or any city, county, school district or other political subdivision of the State of Oklahoma. In determining whether any lien against said land shall be enforced, the period of time intervening between the rendition of the decision by the Supreme Court of the United States and the issuance of a patent to the land involved by the State of Texas, shall not be computed in applying the Statutes of Limitation of either the State of Oklahoma or the State of Texas, and this Act shall be liberally construed in the enforcement of liens against said land, it being the intention of the Legislature that all sections and parts thereof are independent of each other, and if any section or part hereof be held unconstitutional such invalid section shall not affect the remaining sections or parts hereof.

Deposit and Use of Fees

Sec. 6. The examination fees provided for in Section 3 of this Act shall be deposited with the State Treasurer in a special fund to the credit of the Land Board created in Section 2 hereof. All such moneys so paid into the State Treasury are hereby specifically appropriated to said Land Board for the purpose of defraying the authorized and necessary expenses incident to the enforcement of this Act incurred by said Board in determining the identity of persons entitled to the benefits of this Act. The Comptroller shall, from time to time, upon requisition of the Commissioner of the General Land Office, draw warrants upon the State Treasurer for the amounts specified in such requisition, not exceeding, however, the amount of such fund on deposit at the time of the making of any requisition therefore. Any sum remaining in such fund after all expenses have been paid shall be transferred to the Permanent School Fund. The amount of money accruing to the State of Texas as consideration for the sale of the land as provided for in Section 3 hereof shall be placed to the credit of the Permanent School Fund.

Determination by Board; Proclamation; Time for Application

Sec. 7. The Land Board, upon the passage of this Act, is authorized to determine when such lands are available for purchase, and said Board shall by proper proclamation give notice to all persons desiring to file an application to purchase said land, by causing such proclamation to be published once each week for two consecutive weeks in some newspaper of general circulation in each county in which any part of said lands may be located, and by filing a copy of such proclamation with the County Clerk of each such county. Applications to purchase such lands shall be filed with the Commissioner of the General Land Office within four months from and after the last publication, and if said claims are not filed within said time an additional filing fee of Ten (10c) Cents per acre shall be required. No land shall be patented or sold under the provisions of this Act unless claimed and applied for within twelve months after the publication of said proclamation, and the proclamation shall so state.

The Board of Regents of the University of Texas and the Commissioner of the General Land Office, in considering an application for an extension or renewal of any such lease above described, shall take into consideration in establishing the consideration for such lease the diligence with which the lessee has followed his duties under the existing lease, the present value of the land upon which an extension or renewal of the lease is sought, and all other good business practices. If the owner of any valid oil and gas lease granted by the State covering University lands is denied access to or is denied a permit to drill upon or produce from the leased premises by any duly constituted authority of the United States of America, after a bona fide attempt has been made by such owner to obtain access or permit to drill upon or produce from the leased premises, and denial of access as used herein shall include agreements by the lessee or his assigns under any such lease with a duly constituted authority of the United States not to enter upon and engage in drilling operations on any such oil and gas lease made under compulsion or threat of condemnation by such duly constituted authority of the United States, such owner may file with the Board for Lease of University Lands an application describing and giving the date of the action which deprives him of the right of access or the right to drill upon or produce from the premises, and if said Board is satisfied that the facts set forth in the application are true, the Board may enter an order upon its minutes suspending the running of both the primary and the principal term of such lease, or suspending any condition, obligation, or duty thereunder as of the date of the origin of the cause of suspension and during the existence of the cause of suspension, so long as the lessee continues to make on each anniversary date of such lease the annual rental payments stipulated in the lease during the period of suspension. Such oil and gas lease shall remain in status quo, and all obligations and conditions existing during such lease or such of them as may be suspended by said Board, shall be inoperative and of no force and effect, except the obligation to pay delay rentals as provided for herein, until ninety (90) days after the Board for Lease of University Lands shall enter an order upon its minutes reciting that the cause for suspension has ceased to exist; provided, however, that the annual rental payments have been made during the period of suspension, again become operative and all of the suspended obligations and conditions, including the payment of rentals under same, shall again attach and be in force, and in the case of the suspension of the primary and/or principal terms of the lease, the lease shall thereafter continue in force for a period equivalent to the unexpired term of the lease on the date or origin of the cause for suspension. The Commissioner of the General Land Office shall give notice immediately to the lessee of the entry of the order that the cause for suspension has ceased to exist; provided, however, that the annual rental payments have been met.

Sec. 1. In each case in which an oil and gas mineral lease has heretofore been granted or may hereafter be granted by the State of Texas on an area covered by the coastal waters of the State or within the Gulf of Mexico and in which the War Department of the United States refuses to grant a permit to the lessee or owner of such lease to drill a well thereon for oil, gas or other minerals the area included in such lease being within the navigable waters of the United States) and in the event the primary term of such lease should expire during the period of time in which the War Department of the United States may continue to refuse to issue such permit, then and in such event the primary term of such lease is hereby extended for successive periods of one (1) year from and after the end of the original primary term of such lease while and so long as the War Department may continue such refusal to issue to the lessee or to the owner of such lease a permit to drill for oil gas or other minerals, on the area covered thereby; provided, that in order to make such extensions effectual the lessee or the owner of such lease shall, during each of the annual periods during which the primary term of the lease is so extended, apply to and seek to obtain from the War Department a permit to drill a well for oil, gas or other minerals on the area covered by such lease and be unsuccessful in its attempts to obtain a permit, or, if successful in obtaining a permit, commence operations for drilling a well upon the leased premises within sixty (60) days after obtaining such permit; and provided further that the lessee or the owner of such lease continues to pay the annual renewal rentals at the rate provided for in such lease for the period of time involved in such extensions. Art. 5415e-2. Coastal Waterway Act of 1975

Short Title
Sec. 1. This Act may be cited as the "Texas Coastal Waterway Act of 1975."

Policy
Sec. 2. It is the policy of the State of Texas (i) to support the marine commerce and economy of this state by providing for the shallow draft navigation of the state's coastal waters in an environmentally sound fashion; and (ii) to prevent waste of both publicly and privately owned natural resources, to prevent or minimize adverse impacts on the environment, and to maintain, preserve, and enhance wildlife and fisheries; and to accomplish such policy the State of Texas shall act as the nonfederal sponsor of the main channel of the Gulf Coast Intracoastal Waterway from the Sabine River to the Brownsville Ship Channel, and shall satisfy the responsibilities of the nonfederal sponsor as determined by federal law consistent with the policy of the State of Texas as declared in this section.

Findings
Sec. 3. The legislature finds and declares that:

(a) Marine commerce is a vital element of the state's economy and the benefits derived therefrom are realized directly or indirectly by the entire state.

(b) The coastal public lands and the coastal marshes and similar coastal areas located on both publicly and privately owned lands are similarly vital elements of the state's economy, and to the maintenance, preservation, and enhancement of the environment, wildlife, and fisheries, the benefits of which are similarly realized directly or indirectly by the entire state.

(c) The coastal public lands and related natural resources constitute a vital asset of the state to be managed for the benefit of all citizens of the State of Texas.

(d) The Gulf Intracoastal Waterway traverses coastal public lands and areas in close proximity to the coastal marshes and similar coastal areas located on both publicly and privately owned lands.

(e) The Gulf Intracoastal Waterway can be maintained, operated, and improved in such a way as to prevent waste of both publicly and privately owned natural resources, that adverse environmental impacts are avoided or minimized, and that in some cases beneficial environmental effects can be realized.

(f) It is in the best interest of all citizens to accomplish the policy of the State of Texas as stated in Section 2 of this Act for the State of Texas to meet the responsibilities as required by federal law of the nonfederal sponsor of the Gulf Intracoastal Waterway.

Definitions
Sec. 4. As used in this chapter:

(a) "Coastal public lands" means all or any portion of the state-owned submerged land, the waters overlying those lands, and all state-owned islands or portions of islands that may be affected by the ebb and flow of the tide.

(b) "Coastal marshes and similar areas" means those soft, low-lying watery or wet lands and drainage areas in the coastal areas of the state which may or may not be subject to the ebb and flow of the tide but which are of ecological significance to the environment and to the maintenance, preservation, and enhancement of wildlife and fisheries.

(c) "Commission" means the State Highway Commission.

(d) "Gulf Intracoastal Waterway" means the main channel, not including tributaries or branches, of the shallow draft navigation channel running from the Sabine River southward along the Texas coast to the Brownsville Ship Channel near Port Isabel that is generally referred to as the Gulf Intracoastal Canal.

(e) "Person" means any individual, firm, partnership, association, corporation (public or private, profit or nonprofit), trust, or political subdivision or agency of the state.

Administrative Provisions
Sec. 5. (a) This Act shall be administered by the State Highway Commission.

(b) The provisions of this Act are cumulative of all other Acts relating to the commission.

(c) Nothing in this Act shall diminish the duties, powers, and authorities of the School Land Board to manage the coastal public lands of the state.

Duties and Powers
Sec. 6. (a) The commission shall cooperate and work with the Department of the Army, all other appropriate federal and state agencies, navigation districts and port authorities, counties, and other appropriate persons to determine specifically what must be done by the State of Texas to satisfy federal local sponsorship requirements relating to the Gulf Intracoastal Waterway in a manner consistent with the policy of the State of Texas as stated in Section 2 of this Act.

(b) The commission shall fulfill, in a manner consistent with the policy of the state as stated in Section 2 of this Act, the local sponsorship requirements of the Gulf Intracoastal Waterway as agent for the state.
(c) Subject to the provisions of Subsection (g) of this section, the commission is authorized to acquire by gift, purchase, or condemnation any property or interest in property of any kind or character deemed necessary by the commission to fulfill its responsibilities under this Act as the nonfederal sponsor of the Gulf Intracoastal Waterway, including but not limited to easements and rights-of-way for dredge material disposal sites and easements and rights-of-way for channel expansion, relocation, or alteration, save and except oil, gas, sulphur, and other minerals of any kind or character which can be recovered without utilizing the surface of any such land for exploration, drilling, or mining purposes. All other provisions relating to the exercise of the power of eminent domain shall be in accord with the commission's existing powers and authority relating to eminent domain. However, the commission does not have the authority to condemn any submerged public lands under the jurisdiction of the School Land Board.

(d) Proposed actions and actions of the commission pursuant to this Act which have potential for significant environmental impact or effect upon coastal public lands, coastal marshes and similar areas, wildlife, and fisheries shall be coordinated with appropriate state and federal agencies having environmental, wildlife, and fisheries responsibilities.

(e) All agencies and political subdivisions of the State of Texas shall, within their legal authority and available resources, assist the commission in carrying out the purposes of this Act. All such agencies and political subdivisions are hereby authorized without any form of advertisement to make conveyance of title or rights and easements, owned by any such body, to any property needed by the commission to meet its responsibilities under this Act as the nonfederal sponsor of the Gulf Intracoastal Waterway.

(f) The commission, in cooperation with all appropriate persons, shall continually evaluate the Gulf Intracoastal Waterway as it relates to Texas. Such evaluations shall include an assessment of the importance of the Gulf Intracoastal Waterway, including an identification of direct and indirect beneficiaries; identification of principal problems and possible solutions to such problems, including estimated costs, economic benefits, and environmental effects; evaluation of the need for significant modifications to the Gulf Intracoastal Waterway; and specific recommendations for legislative actions that the commission believes to be in the best interest of the state in carrying out the policy of the state as declared in Section 2 of this Act. The results of this evaluation shall be published in a report to be presented to each regular session of the legislature.

(g) Prior to approval or implementation by the commission of any plan or project for acquisition or acquisition of any property or interest in property for any dredge material disposal site, or for the widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway which requires the acquisition of any additional property or interest in property, to satisfy federal local sponsor requirements, the commission shall hold public hearings for the purpose of receiving evidence and testimony concerning the desirability of such proposed dredge material disposal site and of any such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, prior to which hearing the commission shall publish notice of such plan, project, and hearing, at least once a week for three successive weeks in a newspaper of general circulation published in the county seat of each county in which any such proposed dredge material disposal site or part thereof is located and in which the channel or any portion of the channel of the Gulf Intracoastal Waterway to be widened, relocated, or altered, is located, of the date, time, and place of such hearing. If after such public hearing the commission shall determine that such proposed dredge material site plan or project or such proposed plan or project for widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway, as the case may be, can be accomplished without unjustifiable waste of publicly or privately owned natural resources and without permanent substantial adverse impact on the environment, wildlife, or fisheries, the commission may then, upon its approval of such plan or project, proceed to implement such plan or project and acquire, in such manner as is provided in Section 6(c) of this Act, such additional property or interest in property necessary to satisfy federal local sponsorship requirements for implementation of such plans for such dredge material site or for such widening, relocation, or alteration of the main channel of the Gulf Intracoastal Waterway.

The commissioner of the general land office is hereby designated as the officer of the state charged with the administration, implementation, and coordination of the provisions of this Act relating to the determination by state or local agencies that such an application complies with state and local laws relating to environmental protection, land and water use, and coastal zone management.

Determination of Compliance with State and Local Law

Sec. 5. (a) Upon receipt of a copy of an application transmitted from the secretary of transportation pursuant to the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., the governor shall immediately transmit a copy of the application to the commissioner of the general land office and to the Attorney General of Texas.

(6) If the governor determines that the application transmitted from the secretary of transportation is substantially similar to a previous application already reviewed under the terms of this Act, the governor may notify the secretary of transportation whether the governor approves or disapproves the application, and there shall be no further proceedings under this Act on such application.

(c) Within 15 days after the receipt of an application from the governor, the commissioner shall publish notice of the application in any official register of the State of Texas, in the newspaper of greatest general circulation in Travis County and in each of the five most populous counties in Texas, according to the latest United States census, and in a newspaper in the adjacent coastal county and in any county adjoining the adjacent coastal county in which such notice would not have otherwise been published under this subsection.

(d) Within 30 days after the receipt of an application from the governor, the attorney general shall determine and forward to the governor and to the commissioner a list of the state or local agencies which have jurisdiction to administer laws relating to environmental protection, land and water use, and coastal zone management, and also within
whose boundaries are located facilities constituting a deepwater port, as defined by Section 3(f) herein.

(e) Upon receipt of the list of state or local agencies prepared by the attorney general pursuant to Subsection (d) of this section, the commissioner shall immediately transmit a copy of the application to each such state or local agency for review and determination of whether the application complies with the laws or regulations administered by such state or local agency.

(f) The state or local agency shall report such determination to the commissioner in writing within 60 days after its receipt of a copy of the application from the commissioner.

(g) If any state or local agency reports to the commissioner that the application is not in compliance, such agency shall set forth in detail the manner in which the application does not comply with any law or regulation administered by the agency and shall report to the commissioner how the application can be brought into compliance with the law or regulation involved. A copy of such report shall be forwarded by the commissioner to the applicant, and the applicant shall be entitled to respond in writing to the state or local agency which issued such report and to request that a public hearing be held by the commissioner on the provisions of the application determined by the state or local agency not to comply with state or local law.

(h) The failure of a state or local agency to forward a determination report to the commissioner within the time period established in Subsection (f) of this section shall constitute a presumption that the application complies with the law or regulations administered by that agency.

(i) One copy of the application shall be filed in the general land office and in the office of the county judge of the adjacent coastal county for public inspection and shall be available to the public for inspection or duplication during normal business hours. A person requesting a copy of the application may be charged a reasonable fee for duplicating and mailing costs. The applicant may be charged a reasonable fee to cover the costs of reproducing and mailing copies of applications to state and local agencies, unless the applicant provides the number of copies required by such agencies.

Hearings on the Application

Sec. 6. (a) As provided in Section 5(f) of this Act, an applicant shall be entitled to a public hearing on the provisions in his application which have been determined by a state or local agency not to be in compliance with the laws which they have jurisdiction to administer.

(b) Upon receipt of a request from an applicant for such a hearing, the commissioner shall publish notice of such hearing as provided in Section 5(b) of this Act. The notice shall describe the purpose of the hearing and the date, time, and place of the hearing. The date of the publication and of any personal notice of the hearing shall be not less than 10 days before the date set for the hearing.

(c) The commissioner may also hold a public hearing on the determination of compliance reports submitted to him by the state and local agencies. Notice of such hearing shall be given as provided by Subsection (b) of this section.

(d) The commissioner may consolidate any hearing held under this section with the hearing required by the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., to be held in Texas by the secretary of transportation.

(e) All hearings on the application shall be concluded not later than 120 days after the date on which the commissioner received the application from the governor, provided, however, that the commissioner shall be entitled to hold a hearing after such 120 day period if the federal hearing required to be held in Texas has not been held and the commissioner has determined and given notice that a hearing provided for in this section will be held in conjunction with the federal hearing.

(f) Notwithstanding Subsection (e) of this section, the commissioner shall be required to comply with the date provided in Section 7(a) for transmitting his report to the governor.

Report to the Governor

Sec. 7. (a) Within 150 days after the receipt of an application from the governor, the land commissioner shall transmit to the governor a report in the form of a written summary of the determination of compliance reports submitted by any state or local agency, together with the transcript and testimony from any public hearing held by the commissioner or any joint hearing held in the state with the secretary of transportation.

(b) If the commissioner's report contains a determination by a state or local agency that the application does not comply with a law relating to environmental protection, land and water use, or coastal zone management, the commissioner shall include in his report the manner in which the application does not comply and how the application can be brought into compliance.

(c) The failure of the commissioner to transmit his summary report to the governor within the time period established in Subsection (a) of this section shall constitute a presumption that the application complies with state and local law.

Action on the Application by the Governor

Sec. 8. (a) Upon receipt of the report from the commissioner, and not later than 45 days after the last public hearing held on the application by the secretary of transportation pursuant to Section 5(g) of the federal Deepwater Port Act of 1974, 33 U.S.C.A. 1501 et seq., the governor shall notify the
Art. 5415i

Art. 5421c. Regulating Sale and Lease of School Lands, Public Lands and River Bed; Board of Mineral Development Created

Sec. 8-A. The beds of rivers and channels belonging to the State shall be subject to development by the State and to lease or contract for the recovery of petroleum oil and/or natural gas, in tracts of such size as may from time to time be determined by the board hereinafter created, subject to the conditions contained in this Section.

Subsec. 6b. As to any and each lease and/or contract hereof made by the Board of Mineral Development, such Board shall be, and it is hereby, authorized and empowered to revise the same, with the consent of the lessees and/or contracting parties thereunder, their heirs, successors or assigns, in such wise as to subject such lease and/or contract thenceforth to the public policy declared in Subsection 6a. Such revision shall be accomplished by supplemental or modificatory instrument on such terms as the Board of Mineral Development may deem fair and advantageous to this State, but only after a proposal for such revision shall be formally made, in a public document, to the said Board of Mineral Development, by the lessees and/or contracting parties under such lease and/or contract, their heirs, successors or assigns; and provided that in consideration of the consent by such lessees and/or contracting parties, their heirs, successors or assigns, to such revision the Board of Mineral Development shall not reduce the State’s share of the oil and/or gas to be received in the future under such lease and/or contract to less than one-fourth of the gross production of oil and/or gas from the land described in such lease and/or contract.

Provided that any revision made under this Act as referred to hereinbefore shall contain in such supplemental or modificatory instrument the power and authority on the part of the Board of Mineral Development to re-instate any money requirement or reduced royalty requirement at any time that in the opinion of the Board such re-instatement should, in view of the then existing conditions and fairness to the State of Texas under the original lease or contract, be made; and the Board of Mineral Development shall exercise such power whenever in its opinion the interest of the State of Texas requires the exercise of such power; provided, further that said Board may modify said contract as aforesaid by adjusting up or down from time to time the State’s portion of said oil and/or money payment as the conditions hereinbefore set forth may justify and which may be equitable to the State and to said contractors or their assigns, but in no event shall the State’s portion be less than one-fourth nor more than now provided in said contracts, and in no event shall the Board of Mineral Development have any authority to modify or change said original leases as to gas. Provided, further that no revision made under this Act shall release the lessees or their assigns from the payment to the State for any oil and/or gas produced or the delivery to the State of any oil produced and due the State under the original contracts and produced prior to the effective execution of any revision hereunder.

Provided further, that nothing in such revision shall in anywise relieve any lessee and/or contracting party from any obligation now existing to drill any well either as an offset or otherwise.

“And/or” as used in this Act shall mean and include both and either of the words “and” and “or.”

Subsec. 6c. No change shall be made by the Board of Mineral Development that will relieve, release and/or suspend the lessees from the payment of any money and/or royalty now due and payable to the State for oil and/or gas produced to the date that the Board makes any change in the present existing lease contracts.

Such oil and gas lease shall remain in status quo, and all obligations, duties, rights and privileges existing under such lease shall be inoperative and of no force and effect until the expiration of said easement or surface lease, at which time said oil and gas lease shall again become operative and all of the obligations, duties, rights and privileges, including the payment of rentals under same, shall again attach and be in force as they were on the date of the suspension and continue for the unexpired term of such lease. The School Land Board shall give notice immediately to such lessees that their leases are again in force when said easement or surface lease has terminated; provided, however, that the annual rental payments have been met.

Art. 5421c-12. Publication of Notice of Intended Sale or Trade of Land by Political Subdivision

Sec. 1. No land owned by a political subdivision of the State of Texas may be sold or exchanged for other land without first publishing in a newspaper of general circulation in the county where the land is located or in an adjoining county, if there is no such newspaper, a notice that the land is to be offered for sale or exchange to the general public, its description, its location and the procedures under which sealed bids to purchase the land or offers to trade for the land may be submitted. Notice shall be so given at least on two separate occasions and no sale or exchange shall be held less than 14 days after the last notice.

Sec. 2. Bid procedures and publication requirements as set forth in Section 1 of this Article shall not be applicable in the sale or disposal of real property interests belonging to a political subdivision in the following circumstances:

(a) Narrow strips of land, or land so shaped or so small as to be incapable of being used independently as zoned or under applicable subdivision or other development control ordinances, in which event such land may be sold to the abutting property owner or owners in proportion to their abutting ownership, such division between owners to be made in an equitable manner.

(b) Streets or alleys, whether owned in fee or by easement, in which event such land or interest may be sold to the abutting owner or owners in proportion to their abutting ownership, such division between owners to be made in an equitable manner.

(c) All types of easements where the abutting property owner or owners also own the underlying fee simple title, in which event such land or interest may be sold to the abutting property owner or owners in proportion to their abutting ownership, such division between owners to be made in an equitable manner.

(d) Any land or interest therein which was originally acquired for the purpose of streets, rights-of-way or easements which the political subdivision chooses to trade or exchange as consideration for other land acquired for streets, rights-of-way or easements, including transactions which may be partly for cash and partly by trade or exchange.

(e) Land owned by a political subdivision which it desires to have developed by contract with an independent foundation.

Sec. 3. Nothing in this Act shall require the governing body of any such political subdivision to accept any bid or offer or be required to consummate any sale or trade and does not apply to lands in the Permanent School Fund that are authorized by Legislative Act to be exchanged or traded for other lands of at least equal value.
Art. 5421c-12  LANDS—PUBLIC

Sec. 4. Any conveyance, sale or trade made under the exemptions set forth in Section 2, shall never be for less than the fair market value of the land or interest being conveyed, sold, or traded, as determined by an appraisal obtained by the political subdivision, which shall be conclusive of the fair market value thereof.

Art. 5421c-13. Trade of Interests in Public Free School Fund Lands

Authority

Sec. 1. (a) The School Land Board in conjunction with the General Land Office is authorized to trade fee and lesser interests in Public Free School Fund Lands for fee and lesser interests in lands not dedicated to the Public Free School Fund upon a decision by the School Land Board and the Commissioner of the General Land Office that such trade or trades are in the best public interest of the People of Texas. Such trade or trades may be made either for the purpose of aggregating sufficient acreage of contiguous lands to create a manageable unit; for acquiring lands having unique biological, geological, cultural, or recreational value; or to create a buffer zone for the enhancement of already existing public land, facilities, or amenities. Such trades shall be on an appraised value basis (such appraisal to be made by appraisers of the General Land Office and concurred in by the School Land Board, and such appraisal shall be conclusive proof of the value of the land). The trades shall be for land of at least equal value. Such trades shall be by a deed to be signed jointly by the Commissioner of the General Land Office and the Governor. Failure of the Governor to sign such a deed constitutes his veto of the proposed trade, and the proposed trade shall not be made.

(b) All lands acquired by trade under the authority of this Act shall be dedicated to the Public Free School Fund.

Subsurface Mineral Rights

Sec. 1A. If the State of Texas retains the subsurface mineral rights to all oil, gas, and other minerals in public free school fund land traded under Section 1 of this Act, an unrestricted right of ingress to and egress from the land by the state and its lessees shall be retained for the purpose of exploration, development, and production of the oil, gas, and other minerals to which rights are retained by the state. The state is entitled to lease the subsurface mineral rights retained under this section in the same manner and under the same conditions as subsurface mineral rights in permanent school fund land in which the state owns the surface title and the subsurface mineral rights. A lease of the subsurface mineral rights retained under this section is liable to the owner of the land for actual damages to the land that may occur as a result of exploration for and development and production of the oil, gas, and other minerals to which rights are retained under this section. Notwithstanding anything to the contrary in this article, the School Land Board, in order to consummate a trade of equal value, is given the discretionary right to convey the surface estate and to reserve all the oil, gas, and other minerals with the surface owner acting as agent for the state under what is commonly known as the Relinquishment Act,1 thereby receiving one-half the bonus, rental, and royalty as agent for the state in leasing the land and for surface damages in the leasing of oil and gas. The surface owner shall also receive 40 percent of the bonus, rental, and royalty for leasing and as compensation for surface damages for all leases negotiated by such agent covering sulphur, coal, lignite, uranium, and potash as set out under Chapter 16, Acts of the 62nd Legislature, Regular Session, 1967, as amended (Article 5421c-10, Vernon's Texas Civil Statutes).2

Accountability

Sec. 2. In the event any such trade or trades be made, the School Land Board shall report each trade to the succeeding legislature, setting out such facts as warranted the trade or trades.

Expiration

Sec. 3. The authority granted by this Act to trade Public Free School Fund Lands shall expire on December 31, 1982, and no trades shall be made after that date.

Repealer

Sec. 4. All other laws or parts of laws in conflict with this Act are repealed to the extent of the conflict.

Severability

Sec. 5. The provisions of this Act are severable. If any word, phrase, clause, sentence, provision, or part of this Act should be held to be invalid or unconstitutional, it shall not affect the validity of the remaining portions, and it is hereby declared to be the legislative intent that this Act would have been passed as to the remaining portions, regardless of the invalidity of any part.

Art. 5421c-14. Sale of Surplus Real Property by Independent School Districts

Definitions

Sec. 1. In this Act:
(a) "District" means any independent school district functioning under the Texas Education Code.
(b) "Board" means the governing body of a district.
(c) "Real property" means land and all buildings and fixtures permanently attached thereto, and any interest therein.
(d) "Bonds" means bonds, notes, contracts, and any other evidences of an obligation to pay a sum of money.

Sale of Real Property: Requirements

Sec. 2. The board of a district may sell real property owned by the district and issue revenue bonds payable from the proceeds of the sale subject to the following requirements:

(a) The board must find and determine by order duly passed that the real property is surplus to, and not required for, the then current needs of the district for educational purposes, and the proceeds from the sale are required and will be used for (i) the construction and/or equipment of school buildings in the district and/or the purchase of any necessary sites therefor, and/or (ii) for the payment of principal of, and interest and premium on, any bonds issued pursuant to this Act.

(b) The real property may be sold for such price and upon such terms and conditions as are found and determined by order duly passed by the board to be most advantageous to the district, and the sale may be made pursuant to an installment sale agreement or contract or any other method; provided, however, that the sale must be for cash and all payments for the real property must be scheduled to be paid not more than 10 years after the date of execution of the agreement or contract of sale, and no real property shall be sold for less than an aggregate price equal to its fair market value as determined by an appraisal obtained by the district not more than 180 days prior to the publication of the notice required by Section 2(c)(ii) of this Act, which appraisal shall be conclusive of the fair market value thereof for the purposes of this Act.

(c) Prior to selling or executing any agreement or contract for the sale of the real property the board shall comply with the procedures as follows:
(i) determine which real estate is proposed to be sold;

Art. 5421c-14

(ii) determine the scope of the terms and conditions upon which it will consider selling the real property, and, if the sale price is to be paid in installments, require the purchasers of the real property to secure the payment of the sale price by escrowing collateral acceptable to the board such as a letter of credit, United States government bonds, or any other generally recognized form of guarantee or security;

(iii) publish a notice to prospective purchasers at least two weeks prior to the date set for receiving proposals in a real estate journal and in at least two newspapers of general circulation in the district, requesting sealed written proposals from prospective purchasers to purchase the real property, such notice to include the scope of the terms and conditions of sale which will be considered, and the time, date, and place where the proposals will be received; and

(iv) find and determine by order duly passed by the board which sealed written proposal is most advantageous to the district, and accept such proposal, or reject all proposals if deemed advisable.

(d) Prior to selling the real property, such sale shall have been approved by a majority of the qualified voters of the district voting at an election held in the district at which a proposition to ascertain such approval is submitted; provided, however, that no such election shall be required if the board finds and determines by order duly passed that the proceeds from the sale of the real property are required and will be used (i) for the construction and/or equipment of, or (ii) for the payment of principal of, and interest and premium, if any, on bonds issued pursuant to this Act for the purpose of construction and/or equipment of, a school building or school buildings which is or are to be constructed pursuant to or in accordance with an order or judgment entered by a United States District Judge in any action or cause in which the district is a party.

Nonapplicability of Laws Pertaining to Sale of Public Property

Sec. 3. The provisions and requirements of Chapter 455, Acts of the 61st Legislature, Regular Session, 1969 (Article 5421c-12, Vernon's Texas Civil Statutes), and Chapter 276, Acts of the 61st Legislature, Regular Session, 1969 (Article 5421q, Vernon's Texas Civil Statutes), and all other general laws affecting or pertaining to the sale of public property, shall not apply to sales of real property pursuant to this Act.

Contracts: Authority and Terms

Sec. 4. The district is authorized to execute contracts for the construction and/or equipment of school buildings in the district and/or the purchase of any necessary sites therefor in the manner provided by law, provided that if any such contract recites that payments thereunder are to be made either from (i) the proceeds from the sale of real property under an installment sale agreement or
Art. 5421c-14 LANDS—PUBLIC

any similar method pursuant to this Act, or (ii) from proceeds from the sale of bonds issued pursuant to this Act, then such contract may be made payable in installments to correspond with the receipt by the district either of (i) proceeds under any such sale agreement, or (ii) proceeds from the sale of any such bonds which are to be issued and delivered in more than one issue, series, or installment; and the contract shall not be deemed to constitute a prohibited debt or indebtedness of the district if the payments thereunder are required to be made solely from the proceeds from such sale of real property or such bonds.

Bonds: Requirements

Sec. 5. In addition to the foregoing powers granted and authorized by this Act, any board, for and on behalf of its district, may, at its option, issue, sell, and deliver revenue bonds of its district from time to time and in one or more issues, series, or installments, with the principal of, and interest and premium, if any, on such bonds, to be payable from and secured by liens on and pledges of all or any part of any of the revenue, income, payments, or receipts derived by the district from the sale of real property pursuant to this Act, and such amounts may be pledged by the district to the payment of the principal of, and interest and premium, if any, on such bonds, subject to the following requirements:

(a) Bonds must be issued by an order duly passed by the board (a "bond order").

(b) The bonds must be issued for the purpose of the construction and/or equipment of school buildings in the district and/or the purchase of any necessary sites therefor.

(c) The bonds shall mature, come due, or be payable serially, in installments, or otherwise, within not to exceed 90 days after the last date upon which the final payment is due to the district from the sale of the real property, and provisions may be made in the bond order for the subsequent issuance of additional parity bonds, or subordinate lien bonds, under any terms or conditions that may be set forth in the bond order.

(d) The bonds may be executed, made redeemable prior to maturity or due date, be issued in such form, denominations, and manner, and under such terms, conditions, and details, and may be sold in such manner, at such price, and under such terms, and the bonds may bear interest at such rates, all as shall be determined and provided in the bond order.

(e) If so provided in any bond order the proceeds from the sale of the bonds may be used for paying interest on the bonds during the period of construction and/or equipment of any school buildings to be provided through the issuance of the bonds, or for creating a reserve fund for the payment of principal and interest on the bonds, and such proceeds may be placed on time deposit, in certificates of deposit, or invested, until needed, all to the extent, and in the manner provided, in any bond order, and such proceeds also may be used for paying the costs and expenses of issuing the bonds and selling the real property.

(f) The bonds shall be payable only from the revenues described above, and shall not be payable or paid from any taxes levied and collected in the district.

(g) Chapter 503, Acts of the 54th Legislature, Regular Session, 1955 (Article 717k, Vernon’s Texas Civil Statutes) (and particularly Section 7A thereof), with respect to refunding, Chapter 3, Acts of the 61st Legislature, Regular Session, 1989 (Article 717k-2, Vernon’s Texas Civil Statutes), with respect to interest rates, and Chapter 845, Acts of the 67th Legislature, Regular Session, 1981 (Article 717k-6, Vernon’s Texas Civil Statutes), with respect to bond procedures, all being statutes of general application to all bonds, shall be applicable to bonds issues pursuant to this Act.

(1) If bonds are issued pursuant to this Act, such bonds, along with the appropriate proceedings authorizing their issuance, and the sale agreement the proceeds from which they are payable, shall be submitted to the attorney general of Texas for examination. If he finds that the bonds have been authorized, and such sale agreement has been executed, in accordance with law, he shall approve the bonds and the sale agreement, and thereupon the bonds shall be registered by the comptroller of public accounts of Texas, and after such approval and registration such bonds and sale agreement shall be valid, binding, and enforceable obligations in accordance with their terms and provisions for all purposes, and they shall be incontestable in any court or other forum for any reason. It is specifically provided, however, that if, after the initial issuance of any bonds under this Act payable from the proceeds of a particular sale agreement, one or more subsequent issues, series, or installments of bonds are issued as additional parity bonds, on a parity with such initial bonds and payable from the proceeds of that sale agreement, then, at the option of the board, such subsequent issues, series, or installments of bonds need not be submitted to the attorney general or approved by him, or registered by the comptroller of public accounts, and such subsequent bonds shall, upon delivery thereof and payment thereof, be valid, binding, enforceable, and incontestable in the same manner and with the same effect as if they had been approved by the attorney general and registered by the comptroller of public accounts as were the initial bonds.

Liberal Construction

Sec. 6. This Act shall be construed liberally to effectuate the legislative intent and the purposes of the Act, and all powers herein granted shall be broadly interpreted to effectuate such intent and purposes and not as a limitation of powers.
Sale of Property and Issuance of Bonds Under Other Law; Nonrestriction

Sec. 7. This Act does not restrict the power of a school district to sell property or issue bonds as provided by other law.

Section 8 of the 1983 Act provides:

"In case any one or more of the sections, provisions, clauses, or words of this Act or the application of such sections, provisions, clauses, or words to any situation or circumstance shall for any reason be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other sections, provisions, clauses, or words of the Act or the application of such sections, provisions, clauses, or words to any other situation or circumstance, and it is intended that the Act shall be severable and shall be construed and applied as if any such invalid or unconstitutional section, provision, clause, or word had not been included herein."

(f) The legislature recognizes the state's continuing obligation to pay bonded indebtedness incurred by any agency abolished by the terms of this Act, and it is not the intention of this Act to impair or impede the payment of bonded indebtedness in accordance with its terms. If an abolished state agency has remaining outstanding bonded indebtedness, the bonds remain valid and enforceable in accordance with their terms and subject to all applicable terms and conditions of the laws and proceedings authorizing the bonds, notwithstanding the abolishment of the agency that issued the bonds. The governor shall designate an appropriate state agency, which shall continue to carry out all covenants contained in the bonds and the proceedings authorizing them, including the issuance of bonds to complete the construction of projects, and shall provide payment from the sources of payment of the bonds in accordance with the terms of the bonds, whether from taxes, revenues, or otherwise, until the bonds and interest on the bonds are paid in full. All funds established by laws or proceedings authorizing the bonds shall remain with the State Treasurer or previously designated trustees, if so provided in the proceedings; if not so provided, the funds shall be transferred to the designated state agency.

(a) The legislature finds that, to ensure the efficient operation of state agencies and institutions of higher education and to allow for the assessment of fees adequate to reimburse the state for the costs of state services and regulatory functions, it will be in the public interest to provide for the adjustment of state fees by the legislature within the General Appropriations Act. It is the intent of the legislature that fees be adjusted biennially within the General Appropriations Act in a manner which provides for the recovery of any increased costs to the state resulting from the performance of services and functions for which a fee is levied. It is the intent of the legislature that, to the extent that senate and house rules allow, each substantive committee shall retain jurisdiction over any adjustment in fees as part of the appropriations process.

(b) Any increase in the amount of a fee made pursuant to this Act shall be for the purpose of recovering, on an annual basis, the costs to the state agency or institution of higher education increasing the fee. Where fee amounts are increased on a percentage basis, fee amounts may be rounded to the nearest whole dollar.

Application of Act

Sec. 2. This Act applies to all fees not set by the Constitution of the State of Texas, but shall not apply to fees that are dedicated to pay bonded indebtedness. The General Appropriations Act may not specify the amount of a fee unless imposition of that fee is authorized by general law. This Act does not apply to tuition charged by institutions of higher education.

Amount of Fee

Sec. 3. (a) The amount of a fee, as covered in this Act, is the amount specified for that fee in the General Appropriations Act, however, for the fiscal years beginning September 1, 1983, and September 1, 1984, the amount of a fee specified in the General Appropriations Act shall not exceed by more than 100 percent the maximum amount of the fee set in general law. Subsequent to August 31, 1985, fee adjustments authorized through the General Appropriations Act shall be for the purpose of offsetting inflationary impacts. If a board of regents has the authority to establish a fee that falls within a statutory range, the amounts set under this Act shall constitute only the maximum amount for those fees.

Art. 5429e. Emergency Interim Legislative Succession Act

Short Title

Sec. 1. This Act may be cited as the Emergency Interim Legislative Succession Act.

Definitions

Sec. 2. In this Act:

(1) "Attack" means any action or series of actions taken by an enemy of the United States resulting in substantial damage or injury to persons or property in this state whether through sabotage, bombs, missiles, shellfire, or atomic, radiological, chemical, bacteriological, or biological means or other weapons or methods.

(2) "Unavailable" means dead or unable for physical, mental, or legal reasons, to exercise the powers and discharge the duties of a legislator, whether or not the absence or inability would give rise to a vacancy under existing constitutional or statutory provisions.

Designation of Emergency Interim Successors by Employees Retirement System of Texas

Sec. 3. (a) For the purpose of designating emergency interim successors to legislators, the executive director of the Employees Retirement System of Texas shall submit to the lieutenant governor, if possible, the names of not less than three nor more than seven persons residing in each state senatorial district who:

(1) are members or retirees of the Employees Retirement System of Texas; and

(2) previously served as representatives in the Texas House of Representatives.

(c) If the executive director of the Employees Retirement System of Texas submits less than seven names for a senatorial or representative district, the secretary of the senate or the chief clerk of the house shall submit to the lieutenant governor or the speaker, as appropriate, the names of former members living in the district. The lieutenant governor or the speaker shall rank the persons for each district according to years of service in the legislature, and shall add the names of persons with the most service to the list so that seven persons are designated, if possible.

(d) The list prepared for each senatorial and representative district shall rank the designees in descending order according to the number of years served in one house.

(e) The lieutenant governor and the speaker of the house shall contact each designee on their respective lists to determine if that person is willing to serve as an emergency interim successor if the legislator representing the district in which that person resides becomes unavailable to serve as provided by this Act. If a person is eligible to be included on both a senate and house of representatives list, the person must choose one list on which his name will remain.

(f) Each person contacted under Subsection (e) of this section who agrees to serve shall submit a written acceptance to the lieutenant governor or speaker of the house, as appropriate.

(g) The lieutenant governor and the speaker of the house shall submit to the secretary of state a list for each district in the order provided by Subsection (d) of this section of persons who have agreed to serve as emergency interim successors.

(h) Annually, the executive director of the Employees Retirement System of Texas, in cooperation with the secretary of the senate and the chief clerk of the house of representatives, shall review the lists submitted to the secretary of state to ensure that there are at least seven qualified emergency interim successors for each legislator, if possible. If revisions are necessary because of the death of a member or retiree of the system, because the member or retiree no longer resides in the district he was designated to represent, or because of the addition of more names, the executive director shall submit the revisions to the lieutenant governor or speaker of the house, as appropriate. The lieutenant governor and speaker of the house shall contact the new designees and, after receiving their written acceptance, shall submit the revisions to the secretary of state.

Designation of Emergency Interim Successors by Legislator

Sec. 4. (a) For the purpose of designating emergency interim successors, each legislator shall designate not less than three nor more than seven
persons to serve as emergency interim successors if the legislator becomes unavailable to serve as provided by this Act. Each person designated must be from the same political party as that legislator, must meet age and residence requirements for a senator or representative, as applicable, and must submit a written acceptance to the legislator.

(b) Each legislator shall submit a list of designees who have accepted, ranked in order of succession, to the secretary of state.

(c) Annually, each legislator shall review the lists submitted by him to the secretary of state to ensure that there are at least three qualified emergency interim successors. Each legislator shall make revisions to the list as necessary.

(d) If a legislator fails to designate emergency interim successors as required by this section, the lieutenant governor or speaker of the house, as appropriate, shall designate in order of succession not less than three nor more than seven persons to serve as emergency interim successors if that legislator becomes unavailable, and shall submit the list to the secretary of state.

(e) A list prepared for a district under this section is an alternate list to be used only if there are no designees on the list prepared under Section 3 of this Act or if those designees are unavailable.

Recording

Sec. 5. (a) Each designation of emergency interim successors becomes effective when the person making the designation files the successor’s name, address, and written acceptance with the secretary of state.

(b) The removal of an emergency interim successor or a change in the order of succession becomes effective when a person authorized to make the change files that information with the secretary of state.

(c) Information filed under this section is public information.

Status and Qualifications of Emergency Interim Successors

Sec. 6. (a) An emergency interim successor is a person who is designated for possible temporary succession to the powers and duties, but not the office, of a legislator.

(b) A person may not be designated or serve as an emergency interim successor unless that person is legally qualified to hold the office of the legislator to whose powers and duties the person is designated to succeed.

Oath

Sec. 7. When the designation of an emergency interim successor becomes effective, the successor shall take the oath required for the legislator to whose powers and duties the successor is designated to succeed, and no other oath is required.

Assumption of Powers and Duties

Sec. 8. (a) If in the event of attack a legislator is unavailable, the secretary of state shall notify the legislator’s emergency interim successor highest in order of succession who is not unavailable. The secretary of state shall inform each emergency interim successor of the place at which the legislature will meet, as soon as that is known, and shall also inform each of them of the date and time at which each must appear.

(b) The emergency interim successor shall exercise the powers and assume the duties of the legislator whom he succeeds, except that the successor may not designate emergency interim successors for himself.

(c) The emergency interim successor exercises those powers and assumes those duties until notified by the secretary of state that the incumbent legislator, an emergency interim successor higher in order of succession, or a legislator elected and legally qualified can act.

Privileges, Immunities, and Compensation

Sec. 9. (a) An emergency interim successor who exercises the powers and assumes the duties of an unavailable legislator is entitled to the privileges, immunities, compensation, and other allowances to which a legislator is entitled.

(b) This section does not affect the privileges, immunities, compensation, or other allowances to which an incumbent legislator is entitled.

(c) An emergency interim successor’s performance of the powers and duties of an unavailable legislator does not affect the successor’s entitlement to other compensation or benefits to which the successor might otherwise be entitled. Section 22-283(d), Title 11OB, Revised Statutes, does not apply to a person serving as an emergency interim successor under this Act.

Duty to Remain Informed

Sec. 10. Each emergency interim successor shall keep himself generally informed as to the duties, procedures, practices, and current business of the legislature, and each legislator shall assist his emergency interim successors to keep themselves informed.

Quorum: Votes

Sec. 11. In the event of an attack, the quorum requirements imposed on the legislature are suspended. If the affirmative vote of a specified proportion of members is required to approve a bill or resolution, the same proportion of those present and voting on the bill or resolution is sufficient for its passage.
Sec. 12. This Act takes effect January 1, 1984, except that if the constitutional amendment proposed by H.J.R. No. 30, 68th Legislature, 1983, is not adopted by the voters, this Act has no effect. [Acts 1983, 68th Leg., p. 4841, ch. 854, eff. Jan. 1, 1984.]

Acts 1983, 68th Leg., p. 6715, H.J.R. No. 30, was adopted by vote of the people at an election held November 8, 1983.
